This document (the "Prospectus") constitutes a prospectus for the purposes of Directive 2003/71/EC, as amended by Directive 2010/73/EU (the "Prospectus Directive"). This Prospectus contains information relating to the issue by BNP Paribas (the "Issuer" or "BNPP" or "BNP Paribas") of its EUR50,000,000 Notes due 2020 linked to Open High Yield Index (the "Notes") under the Euro Medium Term Note Programme (the "Programme") and has been prepared in accordance with Article 5(3) of the Prospectus Directive. This Prospectus incorporates by reference, *inter alia*, the Base Prospectus (as defined herein) relating to the Programme. See for further details the section "Documents Incorporated by Reference".

Application has been made to the *Autorité des marchés financiers* ("AMF") in France for approval of this Prospectus in its capacity as competent authority pursuant to Article 212.2 of its *Règlement Général* which implements the Prospectus Directive.

Application is expected to be made for the Notes to be listed and/or admitted to trading on regulated market of the Luxembourg Stock Exchange which is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC (each such regulated market being a "Regulated Market").

Capitalised terms used in this Prospectus shall, unless otherwise defined, have the meanings set forth in the Base Prospectus.

Prospective purchasers of Notes should ensure that they understand the nature of the Notes and the extent of their exposure to risks and that they consider the suitability of the Notes as an investment in the light of their own circumstances and financial condition. The Notes involve a high degree of risk. See "Risk Factors" on page 36.

Please also refer to "Credit Ratings may not Reflect all Risks" in the Risk Factors section of this Prospectus.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this document or any other information supplied in connection with the Prospectus or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by BNPP or the Dealer. This document does not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation and no action is being taken to permit an offering of the Notes or the distribution of this document in any jurisdiction where any such action is required.

This document is to be read and construed in conjunction with all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*" below). This Prospectus shall be read and construed on the basis that such documents are so incorporated and form part of this Prospectus.

Information contained in this Prospectus which is sourced from a third party has been accurately reproduced and, as far as the Issuer is aware and is able to ascertain from information published by the relevant third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

The Dealer has not separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Dealer as to the accuracy or completeness of the information contained in this Prospectus or any other information provided by BNPP in connection with Notes. The Dealer accepts no liability in relation to the information contained in this Prospectus or any other information provided by BNPP in connection with the Notes.

In connection with the issue and sale of Notes, neither BNPP nor its Affiliates will, unless agreed to the contrary in writing, act as a financial adviser to any Noteholder.

Neither this Prospectus nor any other information supplied in connection with the Notes is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by BNPP or the Dealer that any recipient of this Prospectus or any other information supplied in connection with the Notes should purchase the Notes. Each investor contemplating purchasing the Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of BNPP. This Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Prospectus may only do so (i) in circumstances in which no obligation arises for the Issuer or the Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus specifies that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State, such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus and the Issuer has consented in writing to its use for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, neither the Issuer nor the Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or the Dealer to publish or supplement a prospectus for such offer.

These statements are based on current plans, estimates and projections, and therefore undue reliance should not be placed on them. Forward-looking statements speak only as of the date they are made, and BNPP and the Group undertake no obligation to update publicly any of them in light of new information or future events.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF NOTES

Restrictions on Non-exempt offers of Notes in Relevant Member States

Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a "**Non-exempt Offer**". This Prospectus has been prepared on a basis that permits Non-exempt Offers of Notes. However, any person making or intending to make a Non-exempt Offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") may only do so if this Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Directive, provided that the Issuer has consented to the use of this Prospectus in connection with such offer as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)*" and the conditions attached to that consent are complied with by the person making the Non-exempt Offer of such Notes.

Save as provided above, neither the Issuer nor the Dealer have authorised, nor do they authorise, the making of any Non-exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or the Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)

In the context of a Non-exempt Offer of such Notes, the Issuer accepts responsibility, in the jurisdictions to which the consent to use the Prospectus extends, for the content of this Prospectus under Article 6 of the Prospectus Directive in

relation to any person (an "**Investor**") who acquires any Notes in a Non-exempt Offer made by any person to whom the Issuer has given consent to the use of this Prospectus (an "**Authorised Offeror**") in that connection, provided that the conditions attached to that consent are complied with by the Authorised Offeror. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

Neither of the Issuer or the Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and neither of the Issuer or the Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Save as provided below, neither the Issuer nor the Dealer has authorised the making of any Non-exempt Offer by any offeror and the Issuer has not consented to the use of this Prospectus by any other person in connection with any Non-exempt Offer of Notes. Any Non-exempt Offer made without the consent of the Issuer is unauthorised and neither the Issuer nor the Dealer accepts any responsibility or liability for the actions of the persons making any such unauthorised offer. If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Prospectus for the purposes of Article 6 of the Prospectus Directive in the context of the Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Prospectus and/or who is responsible for its contents it should take legal advice.

Consent

In connection with the Notes and subject to the conditions set out below under "*Common Conditions to Consent*", the Issuer consents to the use of this Prospectus in connection with a Non-exempt Offer of such Notes by the Dealer and by:

- (a) any financial intermediary named as an Initial Authorised Offeror in the Economic Terms and Conditions; and
- (b) any financial intermediary appointed after the date of the Economic Terms and Conditions and whose name is published on the Issuer's website (<https://rates-globalmarkets.bnpparibas.com/gm/Public/LegalDocs.aspx>) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer.

Common Conditions to Consent

The conditions to the Issuer's consent are that such consent:

- (a) is only valid during the Offer Period specified in the Economic Terms and Conditions; and
- (b) only extends to the use of this Prospectus to make Non-exempt Offers of the Notes in France.

THE INVESTOR MUST LOOK TO THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE AUTHORISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NEITHER THE ISSUER NOR THE DEALER (EXCEPT WHERE THE DEALER IS THE

RELEVANT AUTHORISED OFFEROR) HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and/or the Dealer do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, except as provided herein no action has been taken by the Issuer and/or the Dealer which is intended to permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including France and the United Kingdom) and Japan, see "*Subscription and Sale*" in the Base Prospectus (as incorporated by reference herein).

Element	Title	
C.19	Final reference price of the Underlying	The final reference price of the underlying will be determined in accordance with the valuation mechanics set out in Element C.18 above.
C.20	Underlying	<p>The Underlying Reference is the Open High Yield Index which is a thematic mutual fund index in EUR the objective of which is to provide long only exposure to the performance of a portfolio of fund shares that have a given investment strategy linked to developed or emerging markets. The number of Index Components in the Index and the weight of each Index Component can be adjusted by the Index Calculation Agent acting in accordance with the Index Methodology. Currently the Index aims to replicate the performance of a basket comprising the three following funds: Barclays GlobalAccess Global High Yield Bond Fund (ISIN: IE00B5M3H775), Pimco Diversified Income Fund (ISIN: IE00B1Z6D669) and Neuberger Berman High Yield Bond Fund (ISIN: IE00B12VWb25).</p> <p>In order to control the risks associated with the Index and reduce the impact of daily movements, in particular during periods of market turbulence or significant reduction in market levels, the Index Calculation Agent will follow a process of daily reallocation in order to maintain an annual volatility level for the Index at around 4.5%. The exposure of the Index to the basket of funds may not be less than 0% nor more than 150% and the corresponding portion of the Index will reference money market assets. The Index is an "excess return" type of index, consequently, the level of the Index reflects the performance of the assets of which it is composed in excess of the rate applicable to a risk-free investment and investment costs. The rate applicable to the risk-free investment will be three month EURIBOR and the investment costs will vary in line with the cost of funds of BNP Paribas Arbitrage S.N.C.</p> <p>If any Index component (an "Index Component") of an Index ceases to exist or is, or would be, subject to an adjustment pursuant to the provisions of the Index rules in respect of that Index Component, the Index Calculation Agent may act in good faith and in a commercially reasonable manner (a) effect no change to the Index, (b) adjust the Index as it deems appropriate including, but not limited to, replacing such Index Component with a replacement Index Component or the Index Calculation Agent and the Index Sponsor may continue to calculate and publish (as applicable) the Index without such Index Component or any replacement thereof, subject to the Index Methodology, or (c) terminate the Index. The aim of the Index Calculation Agent when making any such operational adjustments is to ensure that, so far as possible, the basic principles and economic effect of the Index are maintained.</p> <p>The Index Calculation Agent shall review the composition of the Index and the Index weightings of the Index Components within the Index on an on-going basis and in accordance with the Index Methodology comprised in the Index rules (the "Rules") governing the Index.</p> <p>The Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "Index Calculation Agent") and sponsored by BNP Paribas (the "Index Sponsor"), both part of the BNP Paribas Group. BNP Paribas, also being the Issuer of the Notes, has policies and procedures to identify, consider and manage potential conflicts of</p>

Section D - Risks

Element	Title	
D.2	Key risks regarding the Issuer	<p>There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Notes issued under the Programme.</p> <p>Twelve main categories of risk are inherent in BNPP's activities:</p> <ul style="list-style-type: none"> 1. Credit Risk; 2. Counterparty Risk; 3. Securitisation; 4. Market Risk; 5. Operational Risk; 6. Compliance and Reputation Risk; 7. Concentration Risk; 8. Asset-liability management Risk; 9. Breakeven Risk; 10. Strategy Risk; 11. Liquidity and refinancing Risk; 12. Insurance subscription Risk. <p>Difficult market and economic conditions could have a material adverse effect on the operating environment for financial institutions and hence on BNPP's financial condition, results of operations and cost of risk.</p> <p>Legislative action and regulatory measures taken in response to the global financial crisis may materially impact BNPP and the financial and economic environment in which it operates.</p> <p>BNPP's access to and cost of funding could be adversely affected by a resurgence of the Euro-zone sovereign debt crisis, worsening economic conditions, further rating downgrades or other factors.</p> <p>A substantial increase in new provisions or a shortfall in the level of previously</p>

Element	Title	
		<p>recorded provisions could adversely affect BNPP's results of operations and financial condition.</p> <p>BNPP may incur significant losses on its trading and investment activities due to market fluctuations and volatility.</p> <p>BNPP may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns.</p> <p>Protracted market declines can reduce liquidity in the markets, making it harder to sell assets and possibly leading to material losses.</p> <p>Significant interest rate changes could adversely affect BNPP's revenues or profitability.</p> <p>The soundness and conduct of other financial institutions and market participants could adversely affect BNPP.</p> <p>BNPP's competitive position could be harmed if its reputation is damaged.</p> <p>An interruption in or a breach of BNPP's information systems may result in lost business and other losses.</p> <p>Unforeseen external events can interrupt BNPP's operations and cause substantial losses and additional costs.</p> <p>BNPP is subject to extensive and evolving regulatory regimes in the countries and regions in which it operates.</p> <p>Notwithstanding BNPP's risk management policies, procedures and methods, it could still be exposed to unidentified or unanticipated risks, which could lead to material losses.</p> <p>BNPP's hedging strategies may not prevent losses.</p> <p>BNPP may experience difficulties integrating acquired companies and may be unable to realise the benefits expected from its acquisitions.</p> <p>Intense competition, especially in France where it has the largest single concentration of its businesses, could adversely affect BNPP's revenues and profitability.</p>
D.3	Key risks regarding the Notes	<p>In addition to the risks relating to the Issuer (including the default risk) that may affect the Issuer's ability to fulfil its obligations under the Notes, there are certain factors which are material for the purposes of assessing the market risks associated with Notes issued under the Programme, including that the Notes are unsecured obligations, the trading market for Notes may be volatile and may be adversely impacted by many events, an active secondary market may never be established or may be illiquid and that this may adversely affect the value at which an investor may sell its Notes, (investors may suffer a partial or total loss of the amount of their investment), the trading price of the Notes is affected by a number of factors including, but not limited to, the price of the Underlying Reference, and volatility</p>

Element	Title	
		<p>and such factors mean that the trading price of the Notes may be below the Final Redemption Amount, exposure to the Underlying Reference in many cases will be achieved by the Issuer entering into hedging arrangements and potential investors are exposed to the performance of these hedging arrangements and events that may affect the hedging arrangements and consequently the occurrence of any of these events may affect the value of the Notes, the occurrence of an additional disruption event or optional additional disruption event may lead to an adjustment to the Notes, or early redemption or may result in the amount payable on scheduled redemption being different from the amount expected to be paid at scheduled redemption and consequently the occurrence of an additional disruption event and/or optional additional disruption event may have an adverse effect on the value or liquidity of the Notes, the Notes may be redeemed in the case of illegality or impracticability and such redemption may result in an investor not realising a return on an investment in the Notes, the meetings of Holders provisions permit defined majorities to bind all Holders, any judicial decision or change to an administrative practice or change to English law after the date of the Prospectus could materially adversely impact the value of any Notes affected by it, a reduction in the rating, if any, accorded to outstanding debt securities of the Issuer by a credit rating agency could result in a reduction in the trading value of the Notes and certain conflicts of interest may arise (see Element E.4 below).</p> <p>In addition, an investment in such Notes will entail significant risks not associated with an investment in a conventional debt security. Risk factors in relation to Underlying Reference linked Notes include: exposure to the index and adjustment events which may have an adverse effect on the value and liquidity of the Notes, that the Notes may be early redeemed in certain circumstances and that the Issuer will not provide post-issuance information in relation to the Underlying Reference.</p> <p>In certain circumstances Noteholders may lose the entire value of their investment.</p> <p>The Notes are linked to a custom index which is a proprietary index sponsored by BNP Paribas and calculated by one of its affiliates. Pursuant to the operational rules of the Index, the Index will be calculated on a periodic basis. In the event that one of the values of a component included in the Index is not available for any reason on a relevant day of calculation (e.g. either because it is a non-scheduled trading day in respect of that index component or that index component is subject to market disruption or otherwise), then the Calculation Agent may, but is not obliged to, calculate the level of the Index on that day by taking a value for the affected index component from the first preceding day on which a level for such affected index component was available.</p> <p>The Issuer and/or its affiliates may not be able to trade on and hedge its obligations in respect of the Index under the Notes notwithstanding the calculation or publication of the level of the Index. In the event that any relevant date for valuation is a Disrupted Day for the Index, that valuation date will be the first succeeding day on which the Issuer or relevant affiliate is able to trade on and hedge its obligations in respect of the Index, subject to a maximum of 8 days of disruption.</p>
D.6	Risk warning	In the event of the insolvency of the Issuer or if it is otherwise unable or unwilling to

Element	Title	
		<p>repay the Notes when repayment falls due, an investor may lose all or part of his investment in the Notes.</p> <p>In addition, investors may lose all or part of their investment in the Notes as a result of the terms and conditions of the Notes.</p>

Section E - Offer

Element	Title

E.3	Terms and conditions of the offer	<p>This issue of Notes is being offered in a Non-Exempt Offer in France.</p> <p>The issue price of the Notes is 100 per cent. of their nominal amount.</p>
E.4	Interest of natural and legal persons involved in the issue/offer	Other than as mentioned above, and save for any potential conflicts of interest that may arise as a consequence of BNPP or its affiliates (i) engaging in trading activities (including hedging activities) relating to the Index or other instruments or derivative products based on or relating to the Index, (ii) issuing other derivative instruments in respect of the Index, (iii) acting in a number of different capacities in relation to the Index, including, but not limited to, issuer of the constituents of the index, index sponsor or calculation agent, so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer, including conflicting interests.

Si une telle retenue à la source ou un tel prélèvement libératoire est effectué, l'Emetteur sera tenu, excepté dans certaines circonstances limitées, de payer des montants additionnels pour couvrir les montants ainsi déduits.</p> <p>Les paiements seront soumis dans tous les cas (i) aux lois et réglementations fiscales ou autres qui leur sont applicables dans le lieu de paiement, mais sans préjudice des dispositions de la Modalité 6 des Modalités des Obligations de droit anglais, (ii) à toute retenue à la source ou tout prélèvement libératoire devant être effectué en vertu d'un accord de la nature décrite à la Section 1471(b) de l'U.S. Internal Revenue Code (Code Général des Impôts des États-Unis) de 1986 (le "Code"), ou qui est autrement imposé en vertu des Sections 1471 à 1474 du Code, de toutes réglementations ou conventions prises pour leur application, de toutes leurs interprétations officielles ou (sans préjudice des dispositions de la Modalité 6 des Modalités des Obligations de droit anglais) de toute loi prise pour appliquer une approche intergouvernementale de celles-ci, et (iii) à toute retenue à la source ou tout prélèvement libératoire devant être effectué en vertu de la Section 871(m) du Code.</p>

		<p>Date d'Évaluation [Valuation Date] désigne la Date d'Évaluation du Remboursement [Redemption Valuation Date].</p> <p>Les dispositions ci-dessus sont soumises à des modifications conformément aux conditions des Obligations pour prendre en compte les événements en lien avec le Sous-Jacent de Référence ou les Obligations. Cela peut conduire à un ajustement des Obligations ou dans certains cas, au remboursement anticipé des Obligations (voir l'Élément C.9).</p>
C.19	Prix de Référence Final du Sous-Jacent	Le prix de référence final du Sous-Jacent sera déterminé conformément au mécanisme d'évaluation décrit à l'Élément C.18 ci-dessus.
C.20	Sous-Jacent de Référence	<p>Le Sous-Jacent de Référence est l'Indice Open High Yield qui est l'indice d'un fonds commun thématique en EUR dont l'objectif est de procurer une exposition long only au rendement d'un portefeuille d'actions de fonds ayant une stratégie d'investissement donnée liée aux marchés développés ou émergents. Le nombre de Composants de l'Indice dans l'Indice et la pondération de chaque Composant de l'Indice peut être ajusté par l'agent de Calcul de l'Indice agissant conformément à la Méthodologie de l'Indice. L'Indice vise actuellement à reproduire la performance d'un panier comprenant les trois fonds suivants : le Fonds Mondial d'Obligations High Yield de Barclays, GlobalAccess Global High Yield Bond Fund (ISIN : IE00B5M3H775), le Fonds Pimco Diversified Income Fund (ISIN : IE00B1Z6D669) et le Fonds d'Obligations Neuberger Berman High Yield Bond Fund (ISIN : IE00B12VWh25).</p> <p>Afin de contrôler les risques liés à l'Indice et réduire l'impact des mouvements quotidiens, en particulier en période de turbulence du marché ou lors d'une réduction importante des niveaux du marché, l'Agent de Calcul de l'Indice suivra un processus de réassiguation quotidienne afin de maintenir un niveau de volatilité annuelle de l'Indice d'environ 4,5 %. L'exposition de l'Indice au panier de fonds ne peut être inférieure à 0 % ni supérieure à 150 % et la part correspondante de l'Indice référencera les actifs du marché monétaire. L'Indice est de type « rendement excédentaire », par conséquent, le niveau de l'Indice reflète la performance des actifs dont il se compose, supérieure au taux applicable à un investissement sans risque et à des coûts de investissement. Le taux applicable à l'investissement sans risque sera l'EURIBOR trois mois et les coûts de investissement varieront en fonction du coût des fonds de BNP Paribas Arbitrage S.N.C.</p>
		<p>Si un composant de l'Indice (un "Composant de l'Indice") d'un Indice cesse d'exister ou fait, ou est susceptible de faire, l'objet d'un ajustement conformément aux stipulations des règles de l'Indice à l'égard de ce Composant de l'Indice, l'Agent de Calcul de l'Indice peut, en agissant de bonne foi et de manière commercialement raisonnable (a) n'apporter aucun changement à l'Indice, (b) ajuster l'Indice de la manière qu'il juge appropriée y compris notamment en remplaçant ce Composant de l'Indice par un Composant de l'Indice de remplacement, ou l'Agent de Calcul de l'Indice et le Promoteur de l'Indice peuvent continuer de calculer et publier (le cas échéant) l'Indice sans ce Composant de l'Indice ou tout composant de remplacement, sous réserve de la Méthodologie de l'Indice, ou (c) mettre un terme à l'Indice. L'objectif de l'Agent</p>

		de Calcul de l'Indice lorsqu'il effectue ces ajustements opérationnels est de s'assurer, dans la mesure du possible, que les principes de base et l'effet économique de l'Indice sont maintenus.
		<p>L'Agent de Calcul de l'Indice étudiera de façon permanente la composition de l'Indice et la pondération au sein de l'Indice des Composants de l'Indice constituant l'Indice, conformément à la Méthodologie de l'Indice reprise dans les règles de l'Indice (les « Règles ») régissant celui-ci.</p> <p>L'Indice est calculé, maintenu et publié par BNP Paribas Arbitrage (l' "Agent de Calcul de l'Indice") et composé par BNP Paribas (le "Promoteur de l'Indice"), tous deux faisant partie du Groupe BNP Paribas. BNP Paribas, qui est également l'Emetteur des Obligations, dispose de politiques et procédures afin d'identifier, envisager et gérer les potentiels conflits d'intérêts que cette situation peut éventuellement générer.</p> <p>La Méthodologie de l'Indice et les Règles régissant l'Indice sont disponibles sur https://indices-globalmarkets.bnpparibas.com/nr/ENHAOHY1ER.pdf.</p> <p>Des informations relatives à l'Indice peuvent être obtenues sur la page d'écran de Bloomberg ENHAOHY.</p>

Section D – Risques

Élément	Description de l'Élément	
D.2	Principaux risques propres à l'Emetteur	<p>Il existe certains facteurs pouvant affecter la capacité de l'Emetteur à remplir ses engagements en vertu des Obligations émises dans le cadre du Programme.</p> <p>Douze principaux risques sont inhérents aux activités de BNPP :</p> <ol style="list-style-type: none"> 1. Risque de Crédit ; 2. Risque de Contrepartie ; 3. Titrisation ; 4. Risque de Marché ; 5. Risque Opérationnel ; 6. Risque de Non-Conformité et de Réputation ; 7. Risque de Concentration ; 8. Risque de gestion Actif-Passif ; 9. Risque de Point Mort ; 10. Risque de Stratégie ; 11. Risque de Liquidité et de Refinancement ;

		12. Risque d'Assurance.
		<p>Des conditions macroéconomiques et de marché difficiles pourraient dans le futur avoir un effet défavorable significatif sur les conditions dans lesquelles évoluent les établissements financiers et en conséquence sur la situation financière, les résultats et le coût du risque de BNPP.</p> <p>Des mesures législatives et réglementaires prises en réponse à la crise financière mondiale pourraient affecter sensiblement BNPP ainsi que l'environnement financier et économique dans lequel elle opère.</p> <p>L'accès au financement de BNPP et les conditions de ce financement pourraient être affectés de manière significative en cas de résurgence de la crise de la dette souveraine, de détérioration des conditions économiques, de nouvelles dégradations de notation ou d'autres facteurs.</p> <p>Toute augmentation substantielle des provisions ou tout engagement insuffisamment provisionné peut peser sur les résultats et la situation financière de BNPP.</p> <p>Les fluctuations de marché et la volatilité exposent BNPP au risque de pertes substantielles dans le cadre de ses activités de marché et d'investissement.</p> <p>Les revenus tirés par BNPP des activités de courtage et des activités générant des commissions sont potentiellement vulnérables à une baisse des marchés.</p> <p>Une baisse prolongée des marchés peut réduire la liquidité et rendre plus difficile la cession d'actifs. Une telle situation pourrait engendrer des pertes significatives.</p> <p>Toute variation significative des taux d'intérêt est susceptible de peser sur les revenus ou la rentabilité de BNPP.</p> <p>La solidité financière et le comportement des autres institutions financières et acteurs du marché pourraient avoir un effet défavorable sur BNPP.</p> <p>Tout préjudice porté à la réputation de BNPP pourrait nuire à sa compétitivité.</p> <p>Toute interruption ou défaillance des systèmes informatiques de BNPP peut entraîner un manque à gagner et engendrer des pertes.</p> <p>Des événements externes imprévus peuvent provoquer une interruption des activités de BNPP et entraîner des pertes substantielles ainsi que des coûts supplémentaires.</p> <p>BNPP est soumise à une réglementation importante et fluctuante dans les pays et régions où elle exerce ses activités.</p> <p>Malgré les politiques, procédures et méthodes de gestion du risque mises en œuvre, BNPP peut être exposé à des risques non identifiés ou imprévus susceptibles d'occasionner des pertes significatives.</p> <p>Les stratégies de couverture mises en place par BNPP n'écartent pas tout risque de perte.</p>

		<p>BNPP pourrait connaître des difficultés relatives à l'intégration des sociétés acquises et pourrait ne pas réaliser les bénéfices attendus de ses acquisitions.</p> <p>Une intensification de la concurrence, en particulier en France, premier marché de BNPP, pourrait peser sur les revenus et la rentabilité.</p>
D.3	Principaux risques propres aux Obligations	<p>En complément des risques propres à l'Emetteur (y compris le risque de défaut) qui pourraient affecter la capacité de l'Emetteur à remplir ses obligations en vertu des Obligations, certains facteurs importants permettent d'évaluer les risques de marché liés aux Obligations émises dans le cadre du Programme, y compris le fait que les Obligations sont des obligations non assorties de sûretés, le marché des Obligations peut être volatile et peut être affecté par plusieurs événements, un marché secondaire actif peut ne jamais être établi ou être illiquide, ce qui peut affecter la valeur à laquelle un investisseur peut vendre ses Obligations (les investisseurs pourraient subir une perte partielle ou totale du montant de leur investissement), le cours de négociation des Obligations est affecté par plusieurs facteurs, y compris, mais sans caractère limitatif, le cours du Sous-Jacent de Référence et la volatilité, et ces facteurs signifient que le cours de négociation des Obligations peut être inférieur au Montant de Remboursement Final, dans de nombreux cas, l'exposition au Sous-Jacent de Référence découlera du fait que l'Emetteur conclut des accords de couverture et les investisseurs potentiels sont exposés à la performance de ces accords de couverture et aux événements pouvant affecter ces accords, et, par conséquent, la survenance de l'un ou l'autre de ces événements peut affecter la valeur des Obligations, la survenance d'un cas de perturbation additionnel ou d'un cas de perturbation additionnel optionnel peut conduire à un ajustement des Obligations ou à un remboursement anticipé, ou peut avoir pour conséquence que le montant payable à la date de remboursement prévue soit différent de celui qui devrait être payé à ladite date de remboursement prévue, de telle sorte que la survenance d'un cas de perturbation additionnel et/ou d'un cas de perturbation additionnel optionnel peut avoir un effet défavorable sur la valeur ou la liquidité des Obligations, les Obligations peuvent être remboursées en cas d'illégalité ou autre impossibilité pratique, et ce remboursement peut avoir pour conséquence qu'un investisseur ne réalise aucun retour sur son investissement dans les Obligations, les clauses relatives aux assemblées générales des Obligataires permettent à des majorités définies de lier tous les Obligataires, toute décision judiciaire, tout changement de la pratique administrative ou tout changement de la loi anglaise, intervenant après la date du Prospectus, pourrait avoir un impact défavorable significatif sur la valeur des Obligations ainsi affectées, une réduction de la notation (éventuelle) accordée aux titres d'emprunt en circulation de l'Emetteur par une agence de notation de crédit pourrait entraîner une réduction de la valeur de négociation des Obligations et certains conflits d'intérêts peuvent surgir (voir Élément E.4 ci-dessous).</p>

		<p>En outre, un investissement dans ces Obligations entraînera des risques significatifs que ne comporte pas un investissement dans un titre de créance conventionnel. Les facteurs de risque liés aux Obligations indexées sur un Sous-Jacent de Référence incluent : l'exposition à l'indice et un cas d'ajustement qui peut avoir un effet défavorable sur la valeur de la liquidité des Obligations, les Obligations peuvent faire l'objet d'un remboursement anticipé dans certaines circonstances, et le fait que l'Emetteur ne fournira pas d'informations post-émission sur le Sous-Jacent de Référence.</p> <p>Dans certaines circonstances, les Obligataires peuvent perdre la valeur intégrale de leur investissement.</p> <p>Les Obligations sont liées à un indice particulier qui est un indice propriétaire composé par BNP Paribas et calculé par l'une de ses filiales. Conformément aux règles opérationnelles de l'Indice, l'Indice sera calculé sur une base périodique. Au cas où l'une des valeurs d'un composant compris dans l'Indice ne serait pas disponible, pour une quelconque raison, à la date de calcul (p. ex. parce qu'il s'agit d'un jour de bourse non prévu concernant ce composant de l'Indice ou parce que ce composant de l'indice est confronté à une perturbation du marché, ou autre), l'Agent de Calcul peut, mais n'est pas obligé de, calculer le niveau de l'Indice à cette date en prenant une valeur pour le composant de l'indice concerné à la dernière date à laquelle un niveau pour le composant de l'indice concerné est disponible.</p> <p>L'émetteur et/ou ses filiales peuvent ne pas être en mesure de mener des opérations et de couvrir ses obligations vis-à-vis de l'Indice des Obligations, nonobstant le calcul ou la publication du niveau de l'Indice. Au cas où une date pertinente d'évaluation serait un Jour de Perturbation pour l'Indice, la date d'évaluation sera la date suivante à laquelle l'Emetteur ou la filiale concernée sera en mesure de mener des opérations ou de couvrir ses obligations vis-à-vis de l'Indice, sous réserve d'un maximum de 8 jours de perturbation.</p>
D.6	Avertissement sur les risques	<p>En cas d'insolvabilité de l'Emetteur ou si ce dernier est autrement incapable de rembourser les Obligations ou n'est pas disposé à les rembourser à leur échéance, un investisseur peut perdre tout ou partie de son investissement dans les Obligations.</p> <p>En outre, les investisseurs peuvent perdre tout ou partie de leur investissement dans les Obligations en conséquence de l'application des modalités des Obligations.</p>

Section E - Offre

E.4	Intérêt de personnes physiques et morales pouvant influer sur l'émission/l'offre	Outre ce qui est mentionné ci-dessus, et sauf en ce qui concerne les éventuels conflits d'intérêts pouvant survenir du fait que BNPP ou ses filiales (i) exercent des activités de marché (y compris des activités de couverture) relatives à l'Indice ou d'autres instruments ou produits dérivés basés sur l'Indice ou liés à celui-ci, (ii) émettent d'autres instruments dérivés relatifs à l'Indice, (iii) agissent en plusieurs qualités différentes à l'égard de l'Indice, y compris notamment en qualité d'émetteur des composants de l'indice, de promoteur de l'indice ou d'agent de calcul, à la connaissance de l'Emetteur, aucune personne impliquée dans l'émission des Obligations n'est intéressée de façon importante à l'offre, ce qui inclut les conflits d'intérêts.
E.7	Dépenses facturées à l'investisseur par l'Emetteur ou l'offreur	Aucune dépense ne sera mise à la charge d'un investisseur par l'Emetteur. L'Emetteur n'a connaissance d'aucune dépense facturée par le Distributeur.

DESCRIPTION OF THE INDEX

The section entitled "*Description of BNPP Indices*" contained on pages 378 to 410 of the Base Prospectus is incorporated by reference into this Prospectus. The following section shall be read in conjunction therewith:

The Open High Yield Index is a Thematic Mutual Fund Index.

The objective of each Thematic Mutual Fund Index is to provide a long only exposure to the performance of a portfolio of 'Fund Shares' Index Component Types that are exposed to the given investment strategy ("**Thematic**"). The number of Index Components in the Index and the weight of each Index Component can be adjusted by the Index Calculation Agent acting in accordance with the Index Methodology. Currently the Index aims to replicate the performance of a basket comprising the three following funds: Barclays GlobalAccess Global High Yield Bond Fund (ISIN: IE00B5M3H775), Pimco Diversified Income Fund (ISIN: IE00B1Z6D669) and Neuberger Berman High Yield Bond Fund (ISIN: IE00B12VWb25).

In order to control the risks associated with the Index and reduce the impact of daily movements, in particular during periods of market turbulence or significant reduction in market levels, the Index Calculation Agent will follow a process of daily reallocation in order to manage the volatility level of the Index. When the Index Calculation Agent determines that volatility of the Index exceeds or falls below the target volatility ("**Volatility Target**"), then the exposure of the Index to Index Components will be reduced up to a minimum exposure ("**Min Exposure**") or increased up to a maximum exposure ("**Maximum Exposure**"). The corresponding portion of the Index will reference money market assets.

If any Index component (an "**Index Component**") of the Index ceases to exist or is, or would be, subject to an adjustment pursuant to the provisions of the Index rules in respect of that Index Component, the Index Calculation Agent may act in good faith and in a commercially reasonable manner (a) effect no change to the Index, (b) adjust the Index as it deems appropriate including, but not limited to, replacing such Index Component with a replacement Index Component or the Index Calculation Agent and the Index Sponsor may continue to calculate and publish (as applicable) the Index without such Index Component or any replacement thereof, subject to the Index Methodology, or (c) terminate the Index. The aim of the Index Calculation Agent when making any such operational adjustments is to ensure that, so far as possible, the basic principles and economic effect of the Index are maintained.

The Index Calculation Agent shall review the composition of the Index and the Index weightings of the Index Components within the Index on an on-going basis and in accordance with the Index Methodology comprised in the Index rules (the "**Rules**") governing the Index.

The Index is calculated, maintained, and published by BNP Paribas Arbitrage (the "**Index Calculation Agent**") and sponsored by BNP Paribas (the "**Index Sponsor**"), both part of the BNP Paribas Group. BNP Paribas, also being the Issuer of the Notes, has policies and procedures to identify, consider and manage potential conflicts of interest which this situation may potentially generate.

Details relating to the Index
