PROGRAMME FOR THE ISSUANCE OF CERTIFICATES

Under this programme for the issuance of certificates (the “**Programme**”), BNP Paribas Islamic Issuance B.V. (“**BNPP B.V.**” or the “**Issuer**”) may from time to time issue certificates in bearer or registered form (respectively, “**Bearer Certificates**” and “**Registered Certificates**” and, together, the “**Certificates**”) denominated in any currency agreed by the Issuer and the Arranger (as defined below). Any Certificates issued under the Programme on or after the date of this Offering Memorandum (this “**Offering Memorandum**”) are issued subject to the provisions described herein. Certificates may be issued whose return (whether in respect of any profit payable on such Certificates and/or their redemption amount) is linked to one or more indices including custom indices (“**Index Linked Certificates**”) or one or more shares of any company(ies) (including global depositary receipts and/or American depositary receipts) (“**Share Linked Certificates**”) or one or more commodities or commodity indices (“**Commodity Certificates**”) or one or more interests or units in funds (“**Fund Linked Certificates**”) or one or more foreign exchange rates (“**Foreign Exchange (FX) Rate Linked Certificates**”) or one or more fund shares in exchange traded instruments (“**ETI Linked Certificates**”) or one or more Sukuk interests (“**Sukuk Linked Certificates**”), or one or more reference entities and reference obligations (“**Credit Certificates**”) or one or more other underlying reference asset(s) or any combination thereof (“**Hybrid Certificates**”) as more fully described herein (each such Certificate, an “**Underlying Reference Linked Certificates**”). Certificates may provide that settlement will be by way of cash settlement (“**Cash Settled Certificates**”) or physical delivery (“**Physical Delivery Certificates**”) as provided in the applicable final terms applicable to any issuance of Certificates (“**Final Terms**”).

The Certificates will be issued to the Arranger or one or more purchasers on a continuing basis by way of private or syndicated placements.

The Certificates will be guaranteed by BNP Paribas (“**BNPP**” or the “**Bank**” and, in its capacity as guarantor, the “**Guarantor**”) pursuant to a deed of guarantee dated 15 December 2021 (the “**Deed of Guarantee**”).

Application may be made to approve this Offering Memorandum as a base prospectus for the purposes of Regulation (EU) 2017/1129 of 14 June 2017 (the “**EU Prospectus Regulation**”) or the EU Prospectus Regulation as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”) (the “**UK Prospectus Regulation**”), but as at the date of this Offering Memorandum no such application has been made. Accordingly, this Offering Memorandum has not been approved by the competent authority of any Member State of the European Economic Area or the United Kingdom, or published, in each case in accordance with the EU Prospectus Regulation or the UK Prospectus Regulation.

The Certificates constitute structured products within the meaning of the Swiss Federal Financial Services Act of 15 June 2018 (“**FinSA**”). The Certificates and any Final Terms and marketing material in relation thereto may only be offered, directly or indirectly, in Switzerland in accordance with FinSA. None of the Certificates constitute a participation in a collective investment scheme within the meaning of the Swiss Federal Collective Investment Schemes Act of 23 June 2006 (“**CISA**”) and are neither subject to the authorisation nor the supervision by the Swiss Financial Market Supervisory Authority (“**FINMA**”) and investors do not benefit from the specific investor protection provided under the CISA. Investors are exposed to the default risk of the Issuer and the Guarantor.

Certificates may be listed or admitted to trading, as the case may be, on any stock exchanges or markets as may be agreed between the Issuer and the Arranger in relation to each series of Certificates (each a “**Series**” or “**Series of Certificates**”). References in this Offering Memorandum to a stock exchange (and all related references) shall include a Regulated Market (as defined below) and/or an unregulated market, as the case may be (as specified in the applicable Final Terms). In addition, references in this Offering Memorandum to Certificates being “**listed**” (and all related references) shall mean that such Certificates have been listed on the stock exchange or, as the case may be, a Regulated Market. A Regulated Market is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, “**MiFID II**”) (each such regulated market being a “**Regulated Market**”). The Issuer may also

issue Certificates which are neither listed nor admitted to trading on any market. The applicable Final Terms will state whether or not the relevant Certificates are to be listed and/or admitted to trading and, if so, on which stock exchange(s) and/or markets.

If the applicable Final Terms specify that Condition 6(a) (*Gross-up*) is applicable to the Certificates, all payments in respect of the Certificates will be made without deduction for or on account of withholding taxes imposed by any relevant jurisdiction, subject as provided in Condition 6(a) (*Gross-up*). In the event that any such deduction is made, the Issuer or, as the case may be, the Guarantor, will, save in certain limited circumstances provided in Condition 6(a) (*Gross-up*), be required to pay additional amounts to cover the amounts so deducted.

If the applicable Final Terms specify that Condition 6(b) (*No Gross-up*) is applicable to the Certificates, neither the Issuer nor, as applicable, the Guarantor is obliged to gross up any payments in respect of the Certificates and shall not be liable for or otherwise obliged to pay any tax, duty, withholding, zakat or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Certificate and all payments made by the Issuer or, as applicable, the Guarantor shall be made subject to any such tax, duty, withholding, zakat or other payment which may be required to be made, paid, withheld or deducted.

Each issue of Bearer Certificates will be represented on issue by a permanent global note in bearer form (each a "**Permanent Bearer Global Certificate**"). Global Certificates (as defined in "*Terms and Conditions of the Certificates*") in bearer form will be issued only in classic global note form and will be deposited on the issue date with a common depository on behalf Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, *société anonyme*, Luxembourg ("**Clearstream, Luxembourg**") (the "**Common Depository**").

Each issue of Registered Certificates will initially be represented by one or more registered Global Certificates.

BNPP's long-term credit ratings are A+ with a stable outlook (S&P Global Ratings Europe Limited ("**Standard & Poor's**")), Aa3 with a stable outlook (Moody's Investors Service Ltd. ("**Moody's**")), AA- with a stable outlook (Fitch Ratings Ireland Limited ("**Fitch**")) (which is the long-term rating assigned to BNPP's senior preferred debt by Fitch) and AA (low) with a stable outlook (DBRS Rating GmbH ("**DBRS Morningstar**")) and BNPP's short-term credit ratings are A-1 (Standard & Poor's), P-1 (Moody's), F1+ (Fitch) and R-1 (middle) (DBRS Morningstar).

Capitalised terms used in this Offering Memorandum shall, unless otherwise defined, have the meanings set forth in the Conditions. Prospective purchasers of Certificates should ensure that they understand the nature of the relevant Certificates and the extent of their exposure to risks and that they consider the suitability of the relevant Certificates as an investment in the light of their own circumstances and financial condition. Certificates are complex financial instruments and involve a high degree of risk and potential investors should be prepared to sustain a total loss of the purchase price of their Certificates. There are significant risks associated with holding Certificates, including risks in relation to the circumstances in which Certificates may be written down or converted to ordinary shares and the implications on prospective purchasers of Certificates (such as a substantial loss). The circumstances in which such prospective purchasers may suffer loss as a result of holding Certificates are difficult to predict and the quantum of any loss incurred by investors in such circumstances is also highly uncertain. For more information, see "Risk Factors" on pages 11 to 41.

The Arranger expressly does not undertake to review the financial condition or affairs of the Issuer and/or the Guarantor during the life of the Programme. Prospective investors should review, *inter alia*, the most recently published audited annual non-consolidated financial statements of the Issuer (available from the Principal Paying Agent upon request) and the most recently published audited annual consolidated financial statements and unaudited semi-annual interim consolidated financial statements of the Guarantor, when deciding whether or not to purchase any of the Certificates.

This Offering Memorandum does not constitute, and may not be used for or in connection with, an offer to any person to whom it is unlawful to make such offer or a solicitation by anyone not authorised so to act.

The distribution of this Offering Memorandum and the offer or sale of the Certificates may be restricted by law in certain jurisdictions. Persons into whose possession this Offering Memorandum or any Certificates come must inform themselves about, and observe, any such restrictions. See “Offering and Sale” below.

None of the Certificates, the Guarantee or, in the case of Physical Delivery Certificates (as defined below), the Entitlement to be delivered upon redemption of such Certificates has been or will be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or any state securities laws, and trading in the Certificates has not been approved by the United States Commodity Futures Trading Commission (the “**CFTC**”) under the United States Commodity Exchange Act, as amended (the “**Commodity Exchange Act**”). The Issuer has not registered as an investment company pursuant to the United States Investment Company Act of 1940, as amended (the “**Investment Company Act**”). Unless otherwise specified in the applicable Final Terms, the Certificates are being offered and sold in reliance on Regulation S under the Securities Act (“**Regulation S**”). No Certificates or interests therein, may at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised. The Certificates of such series may not be legally or beneficially owned at any time by any U.S. person and accordingly are being offered and sold outside the United States only to non-U.S. persons in reliance on Regulation S and pursuant to CFTC regulations and guidance. See “Offering and Sale” below.

As used herein, a “**U.S. person**” is (i) a “U.S. person” as defined in Regulation S; or (ii) a person other than a “Non-United States person” as defined in Rule 4.7 under the Commodity Exchange Act; or (iii) a “U.S. person” as defined in (a) the Interpretive Guidance and Policy Statement Regarding Compliance

*Neither the United States Securities and Exchange Commission (the “**SEC**”) nor any other applicable state securities commission has approved or disapproved of these securities or passed upon the accuracy of this prospectus. Any representation to the contrary is a criminal offence.*

This Offering Memorandum has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Certificates in any Member State of the European Economic Area or the United Kingdom, as applicable, will be made pursuant to an exemption under the EU Prospectus Regulation or the UK Prospectus Regulation, as applicable, from the requirement to publish a prospectus for offers of Certificates. Accordingly any person making or intending to make an offer in that Member State or the United Kingdom, as applicable, of Certificates which are the subject of an offering contemplated in this Offering Memorandum as completed by Final Terms in relation to the offer of those Certificates may only do so (i) in circumstances in which no obligation arises for the Issuer or the Arranger to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or the UK Prospectus Regulation, as applicable, or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation or the UK Prospectus Regulation, as applicable, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Member State or the United Kingdom, as applicable, or, where appropriate, approved in another Member State and notified to the competent authority in that Member State and (in either case) published, in each case in accordance with the EU Prospectus Regulation or the UK Prospectus Regulation, as applicable, provided that any such prospectus has subsequently been completed by Final Terms which specify that offers may be made other than pursuant to Article 1(4) of the EU Prospectus Regulation in that Member State or the UK Prospectus Regulation in the United Kingdom and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or Final Terms, as applicable. IMPORTANT NOTICES

The Netherlands – The Certificates identified in this Offering Memorandum may only be offered in The Netherlands to Qualified Investors (as defined in the EU Prospectus Regulation).

Singapore: Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the “SFA”) – Unless otherwise specified in the applicable Final Terms in respect of any Certificates, all Certificates issued or to be issued under the Programme shall be capital markets products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Hong Kong: Guidance under the Hong Kong Monetary Authority (the “HKMA”) circular - In October 2018, the HKMA issued a circular regarding enhanced investor protection measures on the sale and distribution of debt instruments with loss-absorption features and related products (the “**HKMA Circular**”). Under the HKMA Circular, debt instruments with loss-absorption features, being subject to the possibility of being written-down or converted to ordinary shares, and investment products that invest mainly in, or whose returns are closely linked to the performance of such instruments (together, “**Loss-Absorption Products**”), may only be offered to professional investors (as defined in the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and its subsidiary legislation, “**Professional Investors**”) in Hong Kong. Unless otherwise specified in the applicable Final Terms in respect of any Certificates, all Certificates issued or to be issued under the Programme contain loss-absorption features and may be considered Loss-Absorption Products under the HKMA Circular. **Investors in Hong Kong should not purchase such Certificates with loss-absorption features unless they are Professional Investors and understand the risks involved. Such Certificates are generally not suitable for retail investors in Hong Kong either in the primary or secondary markets.**

IMPORTANT – EEA AND UK RETAIL INVESTORS – If the Final Terms in respect of any Certificates specifies the “Prohibition of Sales to EEA and UK Retail Investors – Legend” as applicable, the Certificates are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in (i) the EEA, unless a key information document will be made available (if required) in the EEA jurisdiction(s) in which the Certificates are offered, sold or otherwise made available to such retail investor(s) or (ii) the United Kingdom (the “**UK**”), unless a key information document will be made available (if required) in the UK. If the Final Terms in respect of any Certificates specifies the “Prohibition of Sales to EEA and UK Retail Investors – Legend” as not applicable, the Certificates may be offered, sold or otherwise made available to any retail investor in the EEA or in the UK, provided that, where a key information document is required pursuant to the PRIIPs Regulation or the UK PRIIPs Regulation (each as defined below) as the case may be, the Certificates may only be offered, sold or otherwise made available to retail investors in (i) the EEA in the jurisdiction(s) for which a key information document will be made available or (ii) in the UK if a key information document will be made available in the UK. For these purposes, a retail investor means a person who is one (or more) of:

- (a) in the case of retail investors in the EEA:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”);
 - (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the EU Prospectus Regulation; or
- (b) in the case of retail investors in the UK:

- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”);
- (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (“**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
- (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

Consequently, no key information document required by:

- (a) Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Certificates or otherwise making them available to retail investors in the EEA has been prepared, other than in respect of the jurisdiction(s) for which a key information document will be made available, and therefore offering or selling the Certificates or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation; and
- (b) Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Certificates or otherwise making them available to retail investors in the UK has been prepared, and therefore, offering or selling the Certificates or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU BENCHMARKS REGULATION

Amounts payable under the Certificates may be calculated by reference to one or more “benchmarks” for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the “**EU Benchmarks Regulation**”). In this case, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the “benchmark” is included in ESMA’s register of administrators under Article 36 of the EU Benchmarks Regulation. Certain “benchmarks” may either (i) not fall within the scope of the EU Benchmarks Regulation by virtue of Article 2 or (ii) transitional provisions in Article 51 of the EU Benchmarks Regulation may apply to certain other “benchmarks”, which would otherwise be in scope, such that at the date of the applicable Final Terms, the administrator of the “benchmark” is not required to be included in the register of administrators.

MiFID II product governance / target market – The Final Terms in respect of any Certificates may include a legend entitled “MiFID II product governance/target market assessment” which will outline the target market assessment in respect of the Certificates and which channels for distribution of the Certificates are appropriate. Any person subsequently offering, selling or recommending the Certificates (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Certificates (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / target market – The Final Terms in respect of any Certificates may include a legend entitled “UK MiFIR product governance/target market assessment” which will outline the target market assessment in respect of the Certificates and which channels for distribution of the Certificates are appropriate. Any person subsequently offering, selling or recommending the Certificates (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Certificates (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

RISK FACTORS

Prospective purchasers of the Certificates offered hereby should consider carefully, among other things and in light of their financial circumstances and investment objectives, all of the information in this Offering Memorandum (including, without limitation, all information incorporated by reference in this Offering Memorandum) and, in particular, the risk factors set forth below (which the Issuer, in its reasonable opinion, believes represent or may represent the risk factors known to it which may affect the Issuer's ability to fulfil its obligations under the Certificates) in making an investment decision. Certificateholders may lose the value of their entire investment in certain circumstances.

Terms used in this section and not otherwise defined have the meanings given to them in the relevant Terms and Conditions of the Certificates.

(A) RISKS RELATING TO THE BANK AND ITS OPERATIONS

Prospective investors should note all the various risk factors relating to BNPP, its industry, its operations, the market, the macroeconomic environment, applicable regulation and liquidity (and related matters) as set out in the base prospectus from time to time in respect of the Note, Warrant and Certificate Programme of BNP Paribas Issuance B.V. and BNP Paribas Fortis Funding, as the same may be amended, supplemented or replaced from time to time, including all information incorporated by reference therein (the “**BNPP NWC Base Prospectus**”) which is incorporated by reference in this Offering Memorandum.

By purchasing any Certificate, an investor is deemed to have read and understood such risk factors.

(B) RISKS RELATING TO BNPP B.V.

The main risks described in relation to BNPP, as set out in the BNPP NWC Base Prospectus, also represent the main risks for BNPP B.V., either as an individual entity or a company of the BNPP Group.

BNPP B.V.'s business is, amongst others, the issue of securities having been approved by the BNP Paribas' Sharia Supervisory Committee to collect monies, including but not limited to the issue or acquisition of certain financial instruments further described in the Articles of Association of BNPP B.V. BNPP B.V. may use the proceeds of the issuance of Certificates for the purposes of purchasing Assets and/or entering into the Sharia Transaction Documents in connection with the Certificates. Accordingly, BNPP B.V. does not have, and is unlikely in the future to have, any assets other than its rights under the Sharia Transaction Documents entered into in connection with the issue of Certificates or entry into other obligations relating to the Programme from time to time. The ability of BNPP B.V. to meet its obligations under the Certificates issued by it will therefore depend on the receipt by BNPP B.V. of payments from the Sharia Transaction Parties under the Sharia Transaction Documents. Consequently, BNPP B.V. and Certificateholders are subject to the provisions of the guarantee issued by BNPP and exposed to the ability of such Sharia Transaction Parties to perform the obligations owed by such Sharia Transaction Parties to BNPP B.V. under the relevant Sharia Transaction Documents.

More generally, the creditworthiness of BNPP B.V. depends on the creditworthiness of BNPP. In the case of bankruptcy proceedings of BNPP B.V. or any other similar proceedings affecting BNPP B.V., Certificateholders will become creditors of BNPP pursuant to the guarantee provided by BNPP.

(C) RISKS RELATING TO THE CERTIFICATES

1. Risks relating to the structure of the Certificates

No fiduciary role

None of the Issuer, the Guarantor, the Arranger, the Sharia Transaction Parties or any Agent (each as defined in this Offering Memorandum and together, in relation to the Programme, the Programme Parties), or any of their respective affiliates is acting as an investment adviser, and none of them assumes any fiduciary obligation, to any purchaser of Certificates.

None of the Issuer, the Guarantor or any of the other Programme Parties assumes any responsibility for conducting or failing to conduct any investigation into the business, financial condition, prospects, creditworthiness, status and/or affairs of any issuer or obligor of any Underlying Reference (as defined below).

Investors may not rely on the views or advice of the Issuer or any of the Programme Parties for any information in relation to any person other than such Issuer or Programme Party, respectively.

No reliance

A prospective purchaser may not rely on the Issuer, the Guarantor, any of the Programme Parties or any of their respective affiliates in connection with its determination as to the legality and/or *Sharia* compliance of its acquisition of the Certificates or as to the other matters referred to above.

Each prospective investor of Certificates must:

- (a) determine, based on its own independent review and such professional advice (including, without limitation, tax, accounting, credit, legal and regulatory advice) as it deems appropriate under the circumstances, that its acquisition and holding of the Certificates (i) is fully consistent with its (or if it is acquiring the Certificates in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Certificates as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Certificates in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Certificates; and
- (b) determine, based on its own independent review and such professional advice (including, without limitation, independent advice from advisers specialising in matters of *Sharia*) as it deems appropriate under the circumstances, that it is satisfied that the investment contemplated by the Terms and Conditions, including the Final Terms for such Certificates will comply with the principles of *Sharia*.

None of the Issuer, the Guarantor, the Arranger, the Calculation Agent, the Sharia Transaction Parties, BNP Paribas' Sharia Advisory Committee (as defined below), any Agent or any of their respective affiliates or any other person is acting as an investment adviser, or assumes any fiduciary obligation to any purchaser of Certificates, including with respect to whether such Certificates comply with the principles of *Sharia*.

Cost of borrowing

A holder of Certificates that are "short" (or "put") Certificates should note that the price of such Certificates may include a premium charged to the Certificateholder which reflects the cost to the Issuer or its Affiliates of borrowing the Underlying Reference(s). A Certificateholder will not receive a refund of this premium if the Certificates are redeemed early, and consequently may significantly reduce the return the Certificateholder stands to receive on its investment.

Minimum trading amount may affect a Certificateholder's ability to transfer their Certificates

If the Certificates have a minimum trading amount, a Certificateholder will not be permitted to transfer its Certificates prior to redemption without purchasing enough additional Certificates to hold the minimum

trading amount. The Certificateholder may not be able to purchase additional Certificates, in which case they will have to wait until redemption of the Certificates to realise any value. If they are able to purchase additional Certificates, this may be at a price higher than their original investment and is likely to adversely affect the overall return they achieve on their investment.

The Certificates may be redeemed prior to maturity

In the event that the Issuer would be required to pay additional amounts in respect of any Certificates due to any withholding as provided in Condition 6 (*Taxation*) of the Terms and Conditions of the Certificates, the Issuer may and, in certain circumstances, shall redeem all of the Certificates then outstanding in accordance with the Terms and Conditions of the Certificates.

The Certificates may, at the option of Certificateholders pursuant to Condition 5(e) (*Redemption if Assets are no longer Sharia compliant*) of the Terms and Conditions of the Certificates, be redeemed prior to the Maturity Date if Assets are not or cease to be *Sharia* compliant. In addition, in the case of an Index Linked Certificate, Share Linked Certificate, Commodity Linked Certificate, Fund Linked Certificate or an ETI Linked Certificate, if Automatic Early Redemption Event is specified as being applicable in the applicable Final Terms, on the occurrence of an Automatic Early Redemption Event the Certificates will be automatically redeemed at their Automatic Early Redemption Amount. In addition, if any applicable Additional Disruption Event or Optional Additional Disruption Event occurs, the Issuer may redeem the Certificates early. In addition to the above (i) Index Linked Certificates may redeem early following the occurrence of an Index Adjustment Event or a Custom Index Adjustment Event, (ii) Share Linked Certificates may redeem early following the occurrence of an Extraordinary Event, (iii) Commodity Linked Certificates may redeem early following the occurrence of a Market Disruption Event, a Tax Disruption or a Dislocation Event, (iv) Fund Linked Certificates may be redeemed early following an Extraordinary Fund Event, (v) Foreign Exchange (FX) Rate Linked Certificates may redeem early following the occurrence of a Disruption Event, (vi) ETI Linked Certificate may redeem early following an Extraordinary ETI Event, (vii) Sukuk Linked Certificates may redeem early following the occurrence of a Credit Event or a Trigger Event and (viii) Credit Certificates may redeem early following the occurrence of a Credit Event. The amount at which each Certificate redeems following any of the events referred to in the previous sentence may be lower than the face amount of the Certificates and may be zero. Investors may therefore receive less than the capital invested and potentially may receive nothing in case of early redemptions.

The Final Terms for a particular issue of Certificates may provide for early redemption at the option of the Issuer. Such right of termination is often provided for Certificates in periods of high profit rates. If the market profit rates decrease, the risk to Certificateholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Certificates may be lower than the purchase price for the Certificates paid by the Certificateholder. As a consequence, the Certificateholder may not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Certificates.

Payments by the Issuer in respect of redemptions of Certificates prior to the Maturity Date will be subject to deduction for any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with the Certificates.

Limited exposure to Underlying Reference(s)

If the applicable Final Terms provide that the exposure of the relevant Certificates to one or more Underlying References is limited or capped at a certain level or amount, the relevant Certificates will not benefit from any upside in the value of any such Underlying Reference(s) beyond such limit or cap. In this case, Certificateholders will not receive as much from their investment as they would have done if they had invested directly in the Underlying Reference(s) or in alternative Certificates without such features. The likelihood of this occurring is dependent on the likelihood of the Underlying Reference(s) performing such that the limit or cap affects the Certificates.

There are no events of default under the Certificates

The Terms and Conditions of the Certificates do not include events of default allowing for the acceleration of the Certificates if certain events occur. Accordingly, if the Issuer or the Guarantor fail to meet any obligations under the Certificates, including the payment of any profit amount, or bankruptcy proceedings are instituted, a Certificateholder will not be able to accelerate the payment of principal. Upon a payment default, the sole remedy available to a Certificateholder for recovery of amounts owing in respect of any payment of principal or profit on their Certificates will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer or the Guarantor will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it, meaning investors could lose all or part of their investment. As a result, the value of the Certificates and/or their liquidity in the secondary market could be negatively affected.

Risks associated with Physical Delivery Certificates

If the Certificates are Physically Delivery Certificates (as defined in Condition 5(a) (*Final Redemption*)), Certificateholders will only obtain a direct investment in the Underlying Reference and have a right to participate in any voting, dividends, distributions or other rights of the Underlying Reference upon delivery of the Entitlement. Certificateholders are exposed to the risk that the market value of the Entitlement is less than the market value of the Certificates and Certificateholders may not subsequently be able to realise any cash value from the assets comprising the Entitlement. This risk is increased if the assets comprising the Entitlement have a nexus with an emerging market (see "*Additional risks associated with Certificates with a nexus to emerging markets*" below).

In the case of Physical Delivery Certificates, if a Settlement Disruption Event occurs or exists on the due date for redemption of the Certificates, settlement will be postponed until the next Settlement Business Day in respect of which there is no Settlement Disruption Event. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Amount (as defined in Condition 4(b)(i)(E) (*Settlement Disruption*)) in lieu of delivering the Entitlement. The Disruption Cash Redemption Amount may be less than the fair market value of the Entitlement and could be less than the return that the investor had anticipated.

If a Failure to Deliver due to Illiquidity occurs the Issuer has the right in lieu of delivery of the assets affected by such event to pay the Failure to Deliver Redemption Amount. The Disruption Cash Redemption Amount and/or the Failure to Deliver Redemption Amount may be less than the fair market value of the Entitlement.

Risk of leveraged exposure

Certificates including a leverage feature magnify gains and losses. If the Underlying Reference moves against expectations, Certificateholders risk losing a greater proportion of their investment than if they had invested in a security that is not leveraged.

The terms of the Certificates do not contain a negative pledge and the Issuer is entitled to incur additional debt

There is no negative pledge in respect of the Certificates and the Terms and Conditions of the Certificates place no restrictions on the incurrence by the Issuer or the Guarantor of additional obligations that rank *pari passu* with, or senior to, the Certificates. In addition, the Issuer or the Guarantor may pledge assets to secure other securities and obligations without granting an equivalent pledge or security interest and status to the Certificates. An increase of the outstanding amount of such securities or other obligations could reduce the amount (if any) recoverable by the Certificateholders on a winding-up of the Issuer or the Guarantor, if the amount outstanding exceeds the assets of the Issuer or the Guarantor. Certificateholders could suffer a loss of their entire investment if the Issuer or the Guarantor becomes insolvent (whether voluntarily or otherwise).

2. Risks relating to the Underlying Reference(s), Additional Disruption Events and Optional Additional Disruption Events

General

There are certain factors which are material for the purpose of assessing the risks associated with an investment in Certificates issued under the Programme. Such factors will vary depending on the type of Certificates issued, in particular in relation to Certificates ("**Underlying Reference Linked Certificates**"), the profit and/or redemption amount of which is linked to the value of one or more index, share, GDR or ADR, commodity, foreign exchange rate, unit, interest or share in a fund, interest in an exchange traded instrument, reference obligation and reference entity or the combination of any of the foregoing or such other underlying or basis of reference (each an "**Underlying Reference**") as agreed between the Issuer and the Arranger and as approved by the BNP Paribas' Sharia Supervisory Committee.

Underlying Reference Linked Certificates are Certificates which do not provide for predetermined redemption amounts and/or profit payments but amounts payable (whether in respect of principal and/or profit) or deliverable will be dependent upon the performance of the Underlying Reference which themselves may contain substantial credit, interest rate, foreign exchange, correlation, time value, political and/or other risks. The exposure to the Underlying Reference in many cases will be achieved by the Issuer entering into one or more Bank Undertakings, Issuer Undertakings, Undertaking Murabaha Transactions, Financing Murabaha Transactions and Spot Murabaha Transactions, as the case may be. Potential investors should be aware that under the terms of Underlying Reference Linked Certificates they are exposed to the performance of the Sharia Transaction Parties' obligations under the Sharia Transactions Documents and the events that may affect these and consequently the occurrence of any of these events may affect the value of the Certificates.

An investment in Underlying Reference Linked Certificates therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating profit rate security. These risks include, among other things, the possibility that:

- the Underlying Reference may be subject to significant changes, whether due to the composition of any such Underlying Reference itself, or because of fluctuations in value of the Underlying Reference;
- the resulting profit rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time;
- the holder of an Underlying Reference Linked Certificate could lose all or a substantial portion of the principal of such Certificate (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, profit may cease to be payable on such Certificate;
- any Certificate that is linked to more than one type of Underlying Reference, or on formulae that encompass the risks associated with more than one type of Underlying Reference, may carry levels of risk that are greater than Certificates that are linked to one type of Underlying Reference only;
- it may not be possible for investors to hedge their exposure to these various risks relating to Underlying Reference Linked Certificates; and
- a significant market disruption could mean that any Underlying Reference ceases to exist.

In addition, the value of Underlying Reference Linked Certificates on the secondary market, if any, is subject to greater levels of risk than is the value of other Certificates and the market price of such Certificates may be very volatile or there may even be no (or very limited) secondary market at all. The secondary market, if any, for Underlying Reference Linked Certificates will be affected by a number of factors, independent of the creditworthiness of the Issuer and/or the Guarantor, the creditworthiness of any reference entity, the value of the applicable Underlying Reference, including the volatility of the Underlying Reference, the time remaining to the maturity of such Certificates, the amount outstanding of such Certificates and market profit rates. The value of the applicable Underlying Reference depends on a

number of interrelated factors, including economic, financial and political events, over which the Issuer has no control.

The historical experience of the Underlying Reference should not be taken as an indication of future performance of such Underlying Reference during the term of any such Certificate.

Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of certain Underlying Reference Linked Certificates.

BNPP, BNPP B.V. and their respective affiliates do not provide any advice with respect to any Underlying Reference nor make any representation as to its quality, credit or otherwise, and investors in the Certificates must rely on their own sources of analysis or credit analysis with respect to any Underlying Reference.

The risks reflect the nature of such a Certificate as an asset which, other factors held constant, tends to decline in value over time and which may become worthless when it expires or is redeemed. The risk of the loss of some or all of the purchase price of an Underlying Reference Linked Certificate upon redemption means that, in order to recover and realise a return upon his or her investment, a purchaser of such Certificate must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Underlying Reference. Assuming all other factors are held constant, the lower the value of an Underlying Reference Linked Certificate and the shorter the remaining term of any such Certificate to redemption, the greater the risk that Certificateholders will lose all or part of their investment.

Absence of rights in respect of the Underlying Reference(s)

The Certificates do not represent a claim against any Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference) and Certificateholders will not have any right of recourse under the Certificates to any such Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference). The Certificates are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of an Underlying Reference and such entities have no obligation to take into account the consequences of their actions on any Certificateholders and such consequences may have a negative impact on Certificateholders.

Limited exposure to Underlying Reference

If the applicable Final Terms provide that the exposure of any Underlying Reference Linked Certificates to one or more Underlying Reference(s) is limited or capped to a certain level or amount, such Certificates will not benefit from any upside in the value of any such Underlying Reference(s) beyond such limit or cap. In this case, Certificateholders will not receive as much from their investment as they would have done if they had invested directly in the Underlying Reference(s) or in alternative Certificates without such features. The likelihood of this occurring is dependent on the likelihood of the Underlying Reference(s) performing such that the limit or cap affects the Certificates.

The value of Underlying References may be subject to market fluctuation

Depending on the Underlying Reference, the value of a Certificateholder's investment in Underlying Reference Linked Certificates, may be significantly adversely affected by the negative impact of market fluctuations caused by economic and political developments, changes in interest rates and perceived trends in the prices of securities.

Profit linked to an Underlying Reference

Where the amount of profit payable is determined by reference to the performance of an Underlying Reference or a basket of Underlying References, Certificateholders are subject to the following risks:

- the market price of such Certificates may be volatile, and so Certificateholders may only be able to sell their Certificates in the secondary market at a loss (if they are able to sell at all);

- they may receive no profit amounts;
- payment of profit amounts may occur at a different time or in a different currency than expected, which could negatively affect the value of the Certificates;
- an Underlying Reference may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the yield may be less than other comparable investments;
- if an Underlying Reference in a basket has a disproportionately greater weighting compared to other basket components or a weighting greater than one or contains some other leverage factor, the effect of changes in the value of such Underlying Reference on profit payable will be magnified and could magnify any loss of income that Certificateholders would experience compared to an investment in Certificates without such features; and
- profit amounts may only be payable and/or calculated in respect of certain specified days and/or periods on or during which the Underlying Reference or its value equals, exceeds and/or is less than certain specified thresholds and if such conditions are not satisfied, Certificateholders may not receive any profit amounts, thus negatively affecting the Certificateholder's overall yield.

Investment decision based on publicly available information

Certificateholders are required to make their investment decision on the basis of information that is publicly available. Therefore, Certificateholders are exposed to the risk that information that is subsequently made public could adversely affect the trading price of the Underlying Reference(s), which could have a significant adverse impact on the value of the Certificates.

Risks associated with the occurrence of Additional Disruption Events and/or Optional Additional Disruption Events

If an Additional Disruption Event occurs or any Optional Additional Disruption Event specified in the applicable Final Terms occurs (each as defined in Condition 9 (*Additional Disruption Events*)), the Certificates may be subject to adjustment (including, in the case of Share Linked Certificates linked to a Basket of Shares, adjustments to the Basket of Shares), early redemption (subject to any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates) or the amount payable on scheduled redemption may be different from the amount expected to be paid at scheduled redemption. In the case of Index Linked Certificates linked to a Custom Index, the occurrence of an Additional Disruption Event or Optional Redemption Event specified in the applicable Final Terms may lead to the selection of a successor Index.

The Additional Disruption Events may include changes in law (including changes in tax or regulatory capital requirements) and hedging disruption in respect of any hedging transactions relating to the Certificates (as more fully set out in the Terms and Conditions of the Certificates).

Any of these consequences is likely to have a material adverse effect on the value and liquidity of the Certificates and/or the return a Certificateholder can expect to receive on their investment.

Market Disruption Events or failure to open of an exchange

If an issue of Underlying Reference Linked Certificates includes provisions dealing with the occurrence of a Market Disruption Event or failure to open of an exchange on the Strike Date, a Valuation Date, Observation Date or an Averaging Date and the Calculation Agent determines that a Market Disruption Event or failure to open of an exchange has occurred or exists on such date, any consequential postponement of the Strike Date, Valuation Date, Observation Date or Averaging Date or any alternative provisions for valuation provided in any such Certificates may have an adverse effect on the value and liquidity of such Certificates. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Certificates such that the Certificateholder may receive a lower cash redemption amount and/or profit amount or other payment under the relevant Certificates than otherwise would have been the case. The occurrence of such a Market Disruption Event or failure to open of an

exchange in relation to any Underlying Reference comprising a basket may also have such an adverse effect on Certificates related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Certificates.

No entitlement to additional amounts due to certain events

Potential investors in Certificates should be aware that, depending on the terms of the relevant Certificates, (a) they may receive no or a limited amount of profit, (b) payment of principal or profit may occur at a different time than expected and (c) they may lose all or a substantial portion of their investment and, in each case, no further or other amount in respect of principal or profit shall be payable and no additional amount shall be payable in respect of any such occurrence. In addition, the movements in the price or level of any relevant Underlying Reference may be subject to significant fluctuations that may not correlate with changes in profit rates, currencies or other indices and the timing of changes in the relevant price or level of the Underlying Reference may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or level of the Underlying Reference, the greater the effect on yield.

If the amount of principal and/or profit payable are determined in conjunction with a multiplier greater than one, the effect of changes in the price or level of the Underlying Reference on principal or profit payable will be magnified.

The market price of such Certificates may be volatile and may depend on the time remaining to the redemption date, the volatility of the price or level of the Underlying Reference, the dividend or distribution rate (if any) of the Underlying Reference and/or the prospects of the issuer of the Underlying Reference. The price or level of the Underlying Reference may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which the Underlying Reference (or any components thereof) may be traded.

3. Risks relating to the structure of a particular issue of Certificates

(i) Additional risks associated with Index Linked Certificates

General

The Issuer may issue Certificates where the amount of principal and/or profit payable is dependent upon the level of an underlying index or indices (an "**Index**"), which may reference various asset classes, such as equities, bonds, currency exchange rates or property price data, or could reference a mixture of asset classes ("**Index Linked Certificates**"). Investors in Index Linked Certificates face the risk of a broader set of circumstances that mean that the assets underlying the Index do not perform as expected compared to an investment in conventional debt securities. Accordingly, the return on an investment in Index Linked Certificates is more likely to be adversely affected than an investment in conventional debt securities. The terms and conditions relevant to Index Linked Certificates are set out in "*Annex 2 – Additional Terms and Conditions for Index Linked Certificates*".

In the case of Index Linked Certificates that are linked to the performance of a proprietary index (a "**Custom Index**"), if the components of the Custom Index are subject to regular rebalancing in accordance with the methodology of the Custom Index, this may be determined (in whole or in part) by reference to criteria specified in the index and/or one or more lists of assets compiled by an independent third party (such as research lists, analytical reports or "top picks" guides). Such third parties have no regard to the interests of Certificateholders and any such rebalancing could negatively affect the performance of a Custom Index and the value of the Index Linked Certificates.

For the avoidance of doubt, the Issuer and/or its affiliates and/or any Sharia Transaction Party may not be able to trade on and hedge its obligations in respect of the Custom Index under the Certificates notwithstanding the calculation of the level of the Custom Index. In the event that a date for valuation is a Disrupted Day for the Custom Index, the date will be the first succeeding day on which the Issuer or relevant affiliate or relevant Sharia Transaction Party is able to trade on and hedge its obligations in respect of the Custom Index, subject to a specified maximum days of disruption, as more fully set out in the Terms and Conditions of the Certificates.

Index Linked Certificates linked to a Custom Index are linked to a proprietary index which may be sponsored and/or calculated by BNPP or one of its affiliates. Pursuant to the operational rules of the relevant Custom Index, the Custom Index is scheduled to be calculated on a periodic basis (for example on each weekday). In the event that one of the levels, values or prices of a component included in the Custom Index is not available for any reason on a relevant day of calculation (e.g. either because it is a non-scheduled trading day in respect of that index component or that index component is subject to market disruption or otherwise), then the Calculation Agent of the Custom Index may, but is not obliged to, calculate the level of the Custom Index on that day by taking a value for the affected index component from the first preceding day on which a level for such affected index component was available.

Index Adjustment Events

The occurrence of an Index Modification, an Index Cancellation or an Index Disruption (each being an "**Index Adjustment Event**", as more fully described in Index Linked Condition 2(b) (*Modification and Cessation of Calculation of an Index*)) may lead to (i) changes in the calculation of the relevant value or price (if the Calculation Agent determines such Index Adjustment Event has a material effect on the Certificates), (ii) replacement of the Index with a new similar index; (iii) early redemption of the Certificates or (iv) the amount payable on scheduled redemption of the Certificates being different from the amount expected to be paid at scheduled redemption. Any such adjustment or early redemption of the Index Linked Certificates may have an adverse effect on the value and liquidity of such Certificates and accordingly the amount Certificateholders can expect to receive on their investment.

(ii) Additional risks associated with Share Linked Certificates

General

The Issuer may issue Certificates where the amount of principal and/or profit payable is dependent upon the price of or changes in the price of shares, GDRs and/or ADRs or a basket of shares, GDRs and/or ADRs or, depending on the price of or change in the price of shares, GDRs or ADRs or the basket of shares, GDRs and/or ADRs, the Issuer's obligation on redemption is to deliver a specified number of shares, GDRs and/or ADRs ("**Share Linked Certificates**"). Accordingly an investment in Share Linked Certificates may bear similar market risks to a direct equity investment and potential investors should take advice accordingly. However, unlike a direct investment in Shares, an investment in Share Linked Certificates does not entitle Certificateholders to vote or receive dividends or distributions (unless otherwise specified in the Final Terms). Accordingly, the return on Share Linked Certificates will not be the same as a direct investment in the relevant Share(s) and Certificateholders could receive less than they would have done on a direct investment. The terms and conditions relevant to Share Linked Certificates are set out in "*Annex 3 – Additional Terms and Conditions for Share Linked Certificates*".

Potential Adjustment Events

In the case of Share Linked Certificates following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) make the corresponding adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement and/or the Weighting and/or any of the other terms of the Terms and Conditions of the Certificates and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Shares and (b) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Share Linked Certificates.

Extraordinary Share Events

If certain events ("**Extraordinary Share Events**") including events relating to De-Listing, Insolvency, Merger Events, Nationalisation, Tender Offer (unless specified as not applicable in the applicable Final Terms) or, if specified as applicable in the applicable Final Terms, Illiquidity, Listing Change, Listing Suspension and/or CSR Events in the determination of the Calculation Agent occur, the Issuer may, in its sole and absolute discretion, adjust the terms of the Certificates to reflect such event, adjust the Basket of

Shares or redeem the Certificates (subject to any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates).

Consequently the occurrence of an Extraordinary Share Event may have an adverse effect on the value or liquidity of the Certificates and the amount Certificateholders can expect to receive on their investment.

The Issuer will exercise its rights under the Share Linked Certificates, including in particular the action it takes on the occurrence of an Extraordinary Share Event, in its sole and absolute discretion. Subject to all regulatory obligations, none of the Issuer, the Guarantor or the Calculation Agent owes any duty or responsibility to any of the holders of the Share Linked Certificates. The exercise of such rights in such manner may result in an increased loss in performance of the Share Linked Certificates than if the Issuer had taken a different action.

(iii) Additional risks associated with Commodity Linked Certificates

The Issuer may issue Certificates where the amount of principal and/or profit payable are dependent upon the price of or changes in the price of commodities and/or commodity indices or a basket of commodities and/or commodity indices or where, depending on the price of or change in the price of a commodity or the basket of commodities, the Issuer's obligation on redemption is to deliver a specified commodity ("**Commodity Linked Certificates**"). Accordingly an investment in Commodity Linked Certificates may bear similar market risks to a direct commodity investment and potential investors should take advice accordingly.

The occurrence of a Market Disruption Event relating to Commodity Linked Certificates may have an adverse impact on Certificateholders

If a Market Disruption Event (as defined in Commodity Linked Condition 1 (*Market Disruption*)) occurs or is continuing on a date for valuation in respect of Commodity Linked Certificates, then the Calculation Agent may make any relevant calculation in respect of the Commodity Linked Certificates using an alternative value in lieu of the published price, the affected Commodity or the affected Index Component, as the case may be, may be substituted or the Issuer may early redeem the Certificates. Any such action or early redemption of the Certificates may have an adverse effect on the value and liquidity of such Certificates and accordingly the amount Certificateholders can expect to receive on their investment.

Additional risks associated with Commodity Linked Certificates referencing a proprietary commodity index

If the Commodity Linked Certificates reference the performance of a proprietary commodity index, the operational rules of the commodity index (which may not be publicly available) will affect how the level of the commodity index is determined in the event of a disruption. A delay in the publication of the commodity index could adversely affect the commodity index and consequently, the value of the Commodity Linked Certificates, which in turn could negatively affect the return an investor can expect to receive on the Commodity Linked Certificates.

Additional risks associated with Commodity Linked Certificates referencing emissions allowances

Trading in emissions allowances is a developing market and is highly speculative and volatile. The emissions allowances trading market has been and may again be subject to temporary distortions or other disruptions due to various factors, including the lack of liquidity in the market, the participation of speculators and government regulation and intervention. In addition, in respect of the emissions trading market in Europe, EU allowances have allegedly been stolen or "phished" from the national registries of several European countries and from the carbon trading accounts of market participants. This has caused severe market disruption in the European carbon trading market with delivery of EU allowances suspended for significant periods. Any such disruption in the future would have a detrimental impact on the value or settlement of Commodity Linked Certificates referencing EU allowances.

(iv) Additional risks associated with Foreign Exchange (FX) Rate Linked Certificates

The Issuer may issue Certificates where the amount of principal and/or profit payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be

different from the currency in which the Certificates are denominated (“**Foreign Exchange (FX) Rate Linked Certificates**”).

Fluctuations in exchange rates are affected by complex political and economic factors, including governmental action to fix or support the value of a currency, regardless of other market forces. If the rate of issuance of exchange rate instruments (such as warrants, securities or options relating to particular currencies or currency indices) increases, the value of Foreign Exchange (FX) Rate Linked Certificates in the secondary market will decline. Certificateholders of Foreign Exchange (FX) Rate Linked Certificates risk losing some or all of their investment if exchange rates of the relevant currency (or basket of currencies) do not move in the direction they had anticipated. Additionally, if Foreign Exchange (FX) Rate Linked Certificates are settled in a currency other than the Certificateholder's home currency, the negative effects of exchange rate fluctuations will be greater.

(v) Additional risks associated with Fund Linked Certificates

General

The Issuer may issue Certificates where the amount of principal and/or profit payable are dependent upon the price or changes in the price of units or shares in one or more funds (including hedge funds, mutual funds or private equity funds (each a “**Fund**”), the value of a fund index comprised of such Funds and/or depending on the price or changes in the price of units or shares in such Fund or Funds and/or physical delivery of a specified amount of Fund Shares (“**Fund Linked Certificates**”).

The value of underlying Funds or the level of an underlying fund index in respect of Fund Linked Certificates will be affected by the investment strategy of the relevant Fund. The investment strategy is often opaque and may not be publicly available. In addition, Funds are often illiquid and/or unregulated. If the investment strategy does not perform as expected, there are limited methods by which direct investments in fund shares or units can be exited. The value of the Fund or the level of a fund index is also exposed to the performance of various fund service providers, in particular, the investment adviser. Taking these circumstances into account, compared to other types of investment, there is a greater risk associated with an investment in Fund Linked Certificates that the value of the Certificates may be adversely affected (and could fall to zero) and the return may be less (and could be significantly less) than expected.

Extraordinary Fund Events

If certain events (“**Extraordinary Fund Events**”) including events relating to Global Events, Litigation/Fraudulent Activity Events, Fund Service Provider/Key Person Events, Modification Events, Value per Fund Share/AUM Level Events, Reporting Events, Tax/Law/Accounting/Regulatory Events, Hedging/Impracticality/Increased Costs Events, Dealing Events and Miscellaneous Events in the determination of the Calculation Agent occur, the Issuer may, in its sole and absolute discretion, take no action, adjust the terms of the Certificates to reflect such event, substitute the relevant Fund Shares or redeem the Certificates (subject to any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates).

Consequently the occurrence of an Extraordinary Fund Event may have an adverse effect on the value or liquidity of the Certificates and the amount Certificateholders can expect to receive on their investment.

In addition, in the event that redemption proceeds in respect of the underlying Fund Shares are not received by the Hedge Provider on or prior to the scheduled date for redemption, such redemption date may be postponed for a period of up to two calendar years (or such other period as may be specified in the applicable Final Terms) and no additional amount shall be payable as a result of such delay.

The Issuer will exercise its rights under the Fund Linked Certificates, including in particular the action it takes on the occurrence of an Extraordinary Fund Event, in its sole and absolute discretion. Subject to all regulatory obligations, none of the Issuer, the Guarantor or the Calculation Agent owes any duty or responsibility to any of the holders of the Fund Linked Certificates. The exercise of such rights in such manner may result in an increased loss in performance of the Fund Linked Certificates than if the Issuer had taken a different action.

(vi) Additional risks associated with ETI Linked Certificates*General*

The Issuer may issue Certificates where the amount of principal and/or profit payable are dependent upon the price of or changes in the price of interests in exchange traded instruments or a basket of interests in exchange traded instruments or, depending on the price of or change in the price of interests in exchange traded instruments or the basket of interests in exchange traded instruments, the Issuer's obligation on redemption is to deliver a specified number of interests in exchange traded instruments ("**ETI Linked Certificates**"). Accordingly an investment in ETI Linked Certificates may bear similar market risks to a direct exchange traded instrument investment and potential investors should take advice accordingly. An investment in ETI Linked Certificates carries similar risks to an investment in Share Linked Certificates or Fund Linked Certificates.

An exchange traded instrument (an "**ETI**") may invest using sophisticated techniques, such as leverage or short selling or in complex financial instruments such as derivatives (swaps, options, futures), securities lending transactions, repurchase or reverse repurchase agreements or foreign exchange instruments. None of the Issuer, the Guarantor or the Calculation Agent have any control over the investments made by the relevant ETI and in no way guarantee the performance of an ETI. If the investment strategy of the ETI is not successful it will have a negative impact upon the performance of the ETI, and consequently, could have a negative impact on the value of the ETI Linked Certificates and the return investors may receive.

Whilst interests in exchange traded instruments are traded on an exchange and are therefore valued in a similar manner as a share traded on an exchange, certain provisions related to ETI Linked Certificates are similar to the provisions related to funds and Fund Linked Certificates.

In the case of ETI Linked Certificates, no entity related to the ETI will have participated in the preparation of the relevant Final Terms or in establishing the terms of the ETI Linked Certificates, and none of the Issuer, the Guarantor, the Calculation Agent or the Arranger will make any investigation or enquiry in connection with such offering with respect to any information concerning any such exchange traded instrument contained in such Final Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the interests in the ETI will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such exchange traded instrument could affect the trading price of interests in the exchange traded instrument and therefore the trading price of the Certificates. ETI Linked Certificates do not provide Certificateholders with any participation rights in the underlying ETI(s) and, except in certain circumstances in the case of Physical Delivery Certificates, do not entitle holders of ETI Linked Certificates to any ownership interest or rights in such ETI(s).

In hedging the Issuer's obligations under the ETI Linked Certificates, an entity providing such hedging (the "**Hedge Provider**") is not restricted to any particular hedging practice. Accordingly, the Hedge Provider may hedge its exposure using any method it, in its sole discretion, deems appropriate including, but not limited to, investing in the relevant ETI, replicating the performance of the relevant ETI or holding any of the assets underlying the relevant ETI. The Hedge Provider may perform any number of different hedging practices with respect to ETI Linked Certificates without taking into account any Certificateholder's interests.

With the exception of any corrections published after the day which the three Exchange Business Days prior to the due date for any payment or delivery under the ETI Linked Certificates, if the published price of an ETI Interest is subsequently corrected, the corrected price will be used.

Except as provided in the Terms and Conditions of the Certificates, holders of ETI Linked Certificates will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant exchange traded instruments to which such Certificates relate. Accordingly, the return a holder of ETI Linked Certificates receives could be less (and could be significantly less) than a direct investment in an ETI.

Potential Adjustment Event

In the case of ETI Linked Certificates, following the declaration by the relevant ETI or any person appointed to provide services directly or indirectly in respect of such ETI, as the case may be, of the terms of any Potential Adjustment Event (as more fully described in ETI Linked Condition 3 (*Potential Adjustment Events*)), the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the ETI Interests and, if so, will (a) make the corresponding adjustment, if any, to any terms of the Certificates as the Calculation Agent acting in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant ETI Interest) and (b) determine the effective date of that adjustments.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the ETI Interest traded on that options exchange.

Such adjustment may have an adverse effect on the value and liquidity of the affected ETI Linked Certificates, and accordingly, the amount holders of ETI Linked Certificates can expect to receive on their investment.

Extraordinary ETI Events

If certain events ("**Extraordinary ETI Events**") including events relating to Global Events, Litigation/Fraudulent Activity Events, Change in Related Parties/Key Persons Events, Modification Events, Net Asset Value/AUM Level Events, Tax/Law/Accounting/Regulatory Events, Hedging/Impracticality/Increased Costs Events and Miscellaneous Events in the determination of the Calculation Agent occur (each as further described in ETI Linked Condition 4 (*Extraordinary ETI Events*)), the Issuer may, in its sole and absolute discretion (i) take no action, (ii) adjust the terms of the ETI Linked Certificates to reflect such event, (iii) substitute the relevant ETI Interests, or (iv) early redeem the ETI Linked Certificates subject to deduction for any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such ETI Linked Certificates).

Consequently, the occurrence of an Extraordinary ETI Event may have an adverse effect on the value or liquidity of the ETI Linked Certificates and the amount Certificateholders can expect to receive on their investment.

The Issuer will exercise its rights under the ETI Linked Conditions, including in particular the action it takes on the occurrence of an Extraordinary ETI Event, in its sole and absolute discretion. Subject to all regulatory obligations, none of the Issuer, the Guarantor or the Calculation Agent owes any duty or responsibility to any of the holders of the ETI Linked Certificates. The exercise of such rights in such manner may result in an increased loss in performance of the ETI Linked Certificates than if the Issuer had taken different action.

(vii) Additional risks associated with Sukuk Linked Certificates*General*

The amount payable on redemption of Sukuk Linked Certificates is dependent upon whether certain Credit Events have occurred in respect of one or more Reference Entities and/or Sukuk Issuers and, if so, on the value of certain specified assets of such Reference Entity/Entities and/or Sukuk Issuers. Under the terms of Sukuk Linked Certificates, the Issuer effectively purchases protection on one or more Reference Entities and/or Sukuk Issuers from the Certificateholders and payments on Sukuk Linked Certificates will depend on the occurrence of a Credit Event with respect to such Reference Entities and/or Sukuk Issuers and/or the occurrence of a Trigger Event.

The price of Sukuk Linked Certificates may be volatile and will be affected by, amongst other things, the time remaining to the maturity date and the creditworthiness of the Reference Entities and Sukuk Issuers which, in turn, may be affected by the economic, financial and political events in one or more jurisdictions.

By purchasing Sukuk Linked Certificates, investors assume credit exposure to both the specified Reference Entities and Sukuk Issuers as well as to the Issuer (and the Guarantor) of the Sukuk Linked Certificates. The credit risk to investors may further be increased if the specified Reference Entities and/or Sukuk Issuers are concentrated in the same industry sector or geographic area as the Issuer (or the Guarantor).

Neither the Issuer nor any of its Affiliates is required to hold any Reference Obligation or otherwise have any exposure to any Reference Entity or Sukuk Issuer. The Issuer's obligations in respect of Sukuk Linked Certificates are therefore not dependent on the existence of, or the amount of, the Issuer's and/or any Affiliates' credit exposure to any Reference Entity or Sukuk Issuer, and the Issuer and/or any Affiliate need not suffer any loss nor provide evidence of any loss in connection with the occurrence of a Credit Event.

Certificateholders may suffer a loss of some or all of their invested amounts on the Certificates if a Credit Event or Trigger Event occur

If a Credit Event occurs in respect of any Reference Entity or Sukuk Issuer at any time during the Event Determination Period, the Issuer will declare that a Credit Event has occurred, and following such declaration the Certificates will be early redeemed at their Alternate Redemption Amount. In addition, the Issuer may declare a Trigger Event and subsequently early redeem the Certificates at their Alternate Redemption Amount if either (i) the Reference Basket Carrying Value falls below the Trigger Value, or (ii) the Asset Swap Spread of Reference Obligations breaches the ASW Barrier, in each case on any Observation Date during the Event Determination Period.

Credit Events can occur for various reasons including where, in general terms, where a Reference Entity or Sukuk Issuer does not perform its financial obligations or becomes insolvent. Credit Events may also occur in the absence of a default, for example as a result of a restructuring of indebtedness or the implementation of resolution or recovery proceedings with respect to a Reference Entity or a Sukuk Issuer. Prospective investors should also note that a Credit Event may occur even if the obligations of a Reference Entity or Sukuk Issuer are unenforceable or their performance is prohibited by any applicable law or exchange controls. Certain Credit Events may occur even in the absence of a deterioration in the financial condition or creditworthiness of a Reference Entity or Sukuk Issuer.

The Alternate Redemption Amount will depend on (amongst other things) the Reference Obligation Unwind Value of the Reference Obligations, and the Reference Obligation Unwind Value of any Reference Obligation may be as low as zero. As such, Certificateholders may suffer a loss of some or all of their invested amounts on the Certificates. Further, no Profit Amounts will be payable following the declaration of a Credit Event or a Trigger Event. Neither the Calculation Agent, the Issuer, the Guarantor nor any of their respective Affiliates has any responsibility to avoid or mitigate the effects of a Credit Event or a Trigger Event.

Certificateholders should be aware that they are exposed to the risk of the occurrence of a Credit Event as early as the Trade Date, which may precede the Issue Date. If any Reference Entity or Sukuk Issuer suffers a Credit Event prior to the Issue Date (but during the Event Determination Period), the Issuer will declare the occurrence of a Credit Event and the Certificates will be early redeemed at or shortly after the Issue Date.

A Potential Credit Event will lead to suspension of payment of the Final Redemption Amount and Profit Amount of the last Profit Period

If the Issuer gives notice of a Potential Credit Event on the Scheduled Maturity Date, payment of the Final Redemption Amount and the Profit Amount in respect of the last Profit Period (if any) will be suspended until the earlier of the date on which the Calculation Agent determines that a Credit Event or a Trigger Event has not occurred or existed, and the date which is 30 calendar days after the Scheduled Maturity Date. There is therefore a risk that settlement of the Certificates will be delayed in these circumstances.

Even if the Issuer will pay the Final Redemption Amount (together with the Profit Amount in respect of the last Profit Period (if any)) after the suspension period as if the Potential Credit Event had not occurred, Certificateholders will not be compensated for the suspension of payment since no profit shall accrue on any suspended payments.

Issuer and Calculation Agent will act in their own interests

Each of the Issuer and the Calculation Agent will exercise its rights under the terms and conditions of the Certificates, including, without limitation, the right to designate a Potential Credit Event, the right to determine the Individual Sukuk Market Value or the Recovery Price of a Reference Obligation in its own interests and those of its Affiliates, and not in the interests of investors in the Certificates. For example, in the event that the Recovery Price of a Reference Obligation cannot be determined through a dealer poll, the Calculation Agent will have sole and absolute discretion in determining such Recovery Price. Since the Calculation Agent is affiliated to the Issuer and the Issuer is effectively the buyer of protection from the credit risk of the Reference Entities and the Sukuk Issuers, the Calculation Agent may be motivated to assign a Recovery Price which is lower than the relevant Reference Obligation would be worth if a different pricing methodology were applied. The exercise of such discretion by the Issuer or Calculation Agent could adversely affect the value of the Final Redemption Amount or Alternate Redemption Amount which will be paid in respect of any Certificates on the applicable redemption date.

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent shall (in the absence of manifest error) be final and binding on Certificateholders. In performing its duties pursuant to the Certificates and making any determinations expressed to be made by it, the Calculation Agent shall act in its sole and absolute discretion and is under no obligation to act in the interests of the Certificateholders, nor will it be liable to account for any profit or other benefit which may accrue to it as a result of such determinations.

Actions of Reference Entities and Sukuk Issuers may adversely affect the value of Sukuk Linked Certificates

Actions of Reference Entities and Sukuk Issuers (for example and without limitation, merger or demerger or the repayment or transfer of indebtedness) may adversely affect the value of Sukuk Linked Certificates. Holders of the Sukuk Linked Certificates should be aware that the Reference Entities and Sukuk Issuers to which the value of the Certificates is exposed, and the terms of such exposure, may change over the term of the Certificates.

Determination of Recovery Price by dealer poll may not reflect the true market value of a Reference Obligation

The Final Redemption Amount or, if applicable, the Alternate Redemption Amount will depend on the Recovery Price of each Reference Obligation in the Reference Basket that remains outstanding as of the relevant Valuation Date. Subject as provided below, the Recovery Price will be determined by a poll of three Reference Dealers, whereby the Calculation Agent will select three leading Reference Dealers in the market and seek quotations in respect of the outstanding Reference Obligations. Quotations obtained will be "bid-side" - that is, they will be reduced to take account of a bid-offer spread charged by the Reference Dealers. Such quotations may not be available, or the level of such quotations may be substantially reduced or may vary substantially as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the relevant Reference Entity or Sukuk Issuer (for example, liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly different from the value of the relevant Reference Obligation which would be determined by reference to (for example) the present value of related cashflows. In the event that no quotations could be obtained from any Reference Dealers or there is a shortfall in the aggregate fractional Face Amount tendered by the Reference Dealer, the Calculation Agent will determine the Recovery Price of the relevant Reference Obligation (or the fraction of the Face Amount that has fallen short) in its sole and absolute discretion. See also "Issuer and Calculation Agent will act in their own interests" above.

Cash settlement may be less advantageous than physical delivery of assets

Payments on the Certificates following the occurrence of a Credit Event will reflect the value of the Reference Obligation subject to the Credit Event at a given date. Such payments may be less than the recovery value of the Reference Obligation which would ultimately be realised by a holder of the relevant Reference Obligation, whether by means of enforcement of rights following a default or receipt of distributions following an insolvency or otherwise. As such, the fact that the Certificates are settled in

cash in these circumstances may be disadvantageous to Certificateholders in comparison to the position they would be in were the Certificates physically-settled.

Related to Market Returns

The views of market participants and/or legal counsel may differ as to how the terms of market standard credit default swaps, and the corresponding terms of Sukuk Linked Certificates, should be interpreted, or such terms may operate in a manner contrary to the expectations of market participants and/or adversely to the interests of Certificateholders. The market value or return on Sukuk Linked Certificates may therefore be less than an investor expects to receive at the point at which they purchase the Certificates.

The Issuer, Guarantor and Calculation Agent are not obliged to disclose information on Reference Entities and Sukuk Issuers

The Issuer, the Guarantor and the Calculation Agent are not obliged to disclose to Certificateholders any information which they may have at the Trade Date or receive thereafter in relation to any Reference Entity or Sukuk Issuer.

Historical performance may not predict future performance

Prospective investors should note that individual Reference Entities and Sukuk Issuers may not perform as indicated by the historical performance of similar entities and no assurance can be given with respect to the future performance of any Reference Entities or Sukuk Issuers. Historical default statistics may not capture events that would constitute Credit Events for the purposes of Sukuk Linked Certificates, and no assurance can be provided in respect of the prospect of a Credit Event or Trigger Event occurring.

Limited provision of information about the Reference Entities and Sukuk Issuers

None of the Issuer, the Calculation Agent, the Guarantor nor any of their Affiliates is obliged to provide Certificateholders with any information with respect to the Reference Entities and/or Sukuk Issuers, and no such information is contained herein (nor will be contained in any Final Terms or other offering document). Prospective investors should conduct their own investigation and analysis with respect to the creditworthiness of the relevant Reference Entities and Sukuk Issuers and the likelihood of the occurrence of a Credit Event or a Trigger Event.

Reference Entities and Sukuk Issuers may not be subject to regular reporting requirements under applicable securities laws. Reference Entities and Sukuk Issuers may report information in accordance with various different disclosure and accounting standards, and possibly not at all. Consequently, the information available in respect of such Reference Entities and Sukuk Issuers may be different from, and significantly less than, the information available for entities that are subject to the reporting requirements under United Kingdom or European Union securities laws. None of the Issuer, the Guarantor or the Calculation Agent or any of their respective Affiliates make any representation as to the accuracy or completeness of any information available with respect to the Reference Entities or any Sukuk Issuer.

None of the Issuer, the Guarantor or the Calculation Agent or any of their respective Affiliates will have any obligation to keep investors informed as to any matters with respect to the Reference Entities and/or Sukuk Issuers or any of their obligations, including whether or not circumstances exist that give rise to the possibility of the occurrence of a Credit Event or a Trigger Event with.

Prospective investors should note that there is no requirement for the Issuer, the Guarantor or the Calculation Agent or any of their respective Affiliates to give information which is generally publicly available in relation to the occurrence of a Credit Event or a Trigger Event. If a Credit Event occurs in respect of a Reference Entity or Sukuk Issuer which is not public, Certificateholders may not be able to verify the occurrence of such Credit Event.

(viii) Additional risks associated with Credit Certificates

The risk factors set out below relate to Credit Certificates, which are subject to the provisions set out in “Annex 8 – Additional Terms and Conditions for Credit Certificates”:

(a) General risks relating to Credit Certificates

The Issuer may issue Certificates (“**Credit Certificates**”) where the amount payable is dependent upon whether certain events (“**Credit Events**”) have occurred in respect of one or more Reference Entities and, if so, on the value of certain specified obligations of such Reference Entity/Entities. Credit Certificates are Certificates in respect of which the Issuer has effectively bought credit protection in relation to one or more obligations issued by Reference Entities from the Certificateholders. Payments to be made to holders of such Certificates or (in the case of Credit Certificates that provide for physical delivery) the Issuer’s obligation to deliver certain specified obligations, will depend on the occurrence of a Credit Event with respect to such Reference Entities.

Accordingly, the holders of Credit Certificates will be exposed to the credit risk of one or more Reference Entities (being, in general terms, the risk that a given entity does not perform its financial obligations when due or becomes insolvent), which exposure may be to the full extent of their investment in such Credit Certificates. Upon the occurrence of any of the events comprising a Credit Event with respect to any Reference Entity, Certificateholders may suffer significant losses. Credit Events may also occur in the absence of a default, for example, as a result of a restructuring of indebtedness or the implementation of resolution or recovery proceedings with respect to a Reference Entity. Certificateholders should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls. Certain Credit Events may occur even in the absence of a deterioration in the financial condition or creditworthiness of a Reference Entity.

Where Cash Settlement or Auction Settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Credit Certificates at a reduced redemption amount or at zero, and, (if applicable) in a reduction of the amount on which profit is calculated, which reduction may be to zero. Where Physical Settlement applies in respect of a Credit Security, the occurrence of a Credit Event may result in the redemption of the Credit Certificates by delivery (or, in certain circumstances, valuation) of certain direct or indirect obligations of the affected Reference Entity, which obligations are likely to have a market value which is substantially less than their par amount.

Accordingly, investors in Credit Certificates are exposed, in respect of both principal and (if applicable) profit, to the credit risk of the Reference Entity or Reference Entities. The maximum loss an investor in Credit Certificates may sustain is 100 per cent. of their initial investment, together with (if applicable) any profit amounts.

(b) Correlated Credit Risks

In purchasing Credit Certificates, investors assume credit exposure to both the specified Reference Entity or Reference Entities and the Issuer (and the Guarantor) of the Credit Certificates. The credit risk to investors may further be increased if the specified Reference Entity or Reference Entities are concentrated in the same industry sector or geographic area as the Issuer (or the Guarantor). In the case of Credit Certificates linked to more than one Reference Entity, the risks of default of such Reference Entities may be highly correlated.

(c) A Credit Event may occur prior to the Trade Date

Holders of Credit Certificates may suffer a loss of some or all of the redemption amount and any profit amount in respect of the Credit Certificates in respect of one or more Credit Events that occur prior to the Trade Date or the Issue Date, if the Credit Event Backstop Date is specified as a date falling prior to such date. None of the Calculation Agent, the Arranger, the Guarantor or the Issuer nor any of their respective Affiliates has any responsibility to inform any Certificateholder, or avoid or mitigate the effects, of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

(d) Increased credit risks associated with Nth-to-Default Credit Certificates

Where the Credit Certificates are Nth-to-Default Credit Certificates, the Credit Certificates will be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to the ⁿth Reference Entity. The credit risk to Certificateholders may therefore be increased as a result of the

concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

(e) Additional credit risks associated with Basket Credit Certificates

Where the Credit Certificates are Basket Credit Certificates and a Distribution End Date is specified in the Final Terms, the Final Terms shall specify whether “Distribution Period Redemption”, “Redemption at Maturity” or “Distribution Period Event Determination Date Disapplication” applies. If “Distribution Period Redemption” applies and an Event Determination Date occurs on or prior to the Distribution End Date, holders of such Credit Certificates will suffer a loss of profit and the Credit Certificates will be redeemed, in part, early. In the case of such partial early redemption, Certificateholders may not be able to reinvest in a similar product offering a corresponding return.

The credit risk to holders of Basket Credit Certificates may be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

(g) Actions of Reference Entities may affect the value of the Credit Certificates

Actions of Reference Entities (for example, merger or demerger or the repayment or transfer of indebtedness) may adversely affect the value of the Credit Certificates. Holders of the Credit Certificates should be aware that the Reference Entities to which the value of the Credit Certificates is exposed, and the terms of such exposure, may change over the term of the Credit Certificates. Where a successor Reference Entity is identified, the risks associated with such successor may be greater than the risks associated with the original Reference Entity, resulting in an increased likelihood that a Credit Event will occur and accordingly, an increased risk that Holders may lose some or all of their investment.

(h) Suspension of Obligations will suspend payment of principal and profit

In certain circumstances (for example, where a Credit Event has occurred and the related credit loss has not been determined as at the relevant date for payment, or, if applicable, where a potential Credit Event exists as at the scheduled maturity of the Credit Certificates), holders may be adversely affected where payment of the redemption amount and/or profit on the Credit Certificates is deferred for a material period in whole or part without compensation to the holders of the Credit Certificates.

(i) Use of Auction Settlement may adversely affect returns to Certificateholders

Where Credit Certificates are redeemed or settled by reference to a market auction process, the losses determined pursuant to such market auction process may be greater than the losses which would have been determined had an alternative settlement method been used. In particular, the auction process may be affected by technical factors or operational errors which would not otherwise apply or may be the subject of actual or attempted manipulation. Where this is the case, holders of Credit Certificates may receive a lower amount on redemption or settlement of their Credit Certificates than would otherwise be the case.

(j) Use of Cash Settlement may adversely affect returns to Certificateholders

If the Credit Certificates are cash settled, then, following the occurrence of a Credit Event, the Calculation Agent will be required to seek quotations in respect of selected obligations of the affected Reference Entity. Quotations obtained will be “bid-side” - that is, they will be reduced to take account of a bid-offer spread charged by the relevant dealer. Such quotations may not be available, or the level of such quotations may be substantially reduced or may vary substantially as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the affected Reference Entity (for example, liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cashflows. Quotations will be deemed to be zero in the event that no such quotations are available. Accordingly, Certificateholders may receive a lower amount on redemption or settlement of their Credit Certificates than would otherwise be the case. In relation to the risks applicable to physical settlement, investors should also note the section entitled “*Risks associated with Physical Delivery Certificates*” above.

(k) "Cheapest-to-Deliver" risk

Since the Issuer, as buyer of protection in respect of the Credit Certificates has discretion to choose the portfolio of obligations and/or assets to be valued or delivered following a Credit Event in respect of a Reference Entity, it is likely that the portfolio of obligations and/or assets selected will be obligations of the Reference Entity and/or assets with the lowest market value that are permitted to be selected pursuant to the terms of the Credit Certificates. This could result in a lower recovery value and hence greater losses for investors in the Credit Certificates.

(l) Risks Related to Market Returns

The views of market participants and/or legal counsel may differ as to how the terms of market standard credit default swaps, and the corresponding terms of the Credit Certificates, should be interpreted, or such terms may operate in a manner contrary to the expectations of market participants and/or adversely to the interests of Holders of the Credit Certificates. The market value or return on the Credit Certificates may therefore be less than an investor expects to receive at the point at which they purchase the Credit Certificates.

(m) Asset Package Delivery risks

In certain circumstances where (a) "Financial Reference Entity Terms" and "Governmental Intervention" applies in respect of a Reference Entity and (i) there is a Governmental Intervention Credit Event; or (ii) a Restructuring Credit Event in respect of the Reference Obligation where such Restructuring does not constitute a Governmental Intervention or (b) a Restructuring Credit Event in respect of a Sovereign, then a related asset package resulting from a prior deliverable obligation (where "Financial Reference Entity Terms" apply) or package observable bond (where the Reference Entity is a sovereign) may be deliverable.

If the resulting asset package is deemed to be zero where there are no resulting assets, the negative impact on Certificateholders could be a related credit loss borne by Certificateholders of 100 per cent. of their investment notwithstanding the recovery value on any other obligations of the Reference Entity.

If an asset in the asset package is a non-transferable instrument or non-financial instrument, the value of such asset will be the market value determined by reference to a specialist valuation or in accordance with methodology determined by the Credit Derivatives Determinations Committee, which valuation may result in losses to be borne by Certificateholders which may be greater than the losses which would have been determined in the absence of such valuation methodology being used. Accordingly, Certificateholders may receive a lower amount on redemption or settlement of their Credit Certificates than would otherwise be the case if an alternative settlement method were used.

(n) Increased risks of Zero Recovery Credit Certificates or where a specified Final Price is applicable

Where the Credit Certificates are Zero Recovery Credit Certificates, if a Credit Event occurs in respect of a Reference Entity, investors will automatically lose an amount in principal or notional amount of the Credit Certificate equal to the portion of the Credit Security which is allocated to the credit risk of the affected Reference Entity, regardless of any recoveries on any obligations of the Reference Entity which would have been determined in the absence of the "Zero Recovery" feature. Likewise, if the Final Price is specified in the Final Terms in relation to Credit Certificates, such fixed Final Price may be lower (and may be significantly lower) than the recovery which an investor in bonds or instruments issued by such Reference Entity would receive.

(o) Risks Associated with Credit Derivatives Determinations Committees

The institutions of the Credit Derivatives Determinations Committee owe no duty to the Certificateholders and have the ability to make determinations that may have a material adverse on effect the Certificateholders, such as the occurrence of a Credit Event or a Succession Event. A Credit Derivatives Determinations Committee may be able to make determinations without action or knowledge of the Certificateholders.

The powers of the Credit Derivatives Determinations Committee may be expanded or modified as a result of amendments to the Credit Derivatives Determinations Committees Rules. Certificateholders may have no role in the composition of any Credit Derivatives Determinations Committee and may have no recourse against either the institutions serving on a Credit Derivatives Determinations Committee or the external reviewers.

(p) *The Calculation Agent may modify the terms of the Credit Certificates*

The Calculation Agent may, following its determination that there has been a change in the prevailing market standard terms or market trading conventions that affects any hedging transaction, modify the terms of the Credit Certificates to the extent reasonably necessary to ensure consistency with the prevailing market standard terms or market trading conventions, without the consent of Certificateholders or prior notice to Certificateholders. The Calculation Agent is not obliged to make any such modifications. If the Calculation Agent modifies the terms of the Credit Certificates, it will do so without regard to the interests of the holders of the Credit Certificates and any such modification may be prejudicial to the interests of the holder of the Credit Certificates in that such a modification may adversely affect the market value of the Credit Certificates or the amount which a holder would be entitled to receive on redemption or settlement of the Credit Certificates.

4. Risks relating to the market

Certain factors affecting the value and trading price of Certificates

The trading price of the Certificates may be affected by a number of factors including, but not limited to, the relevant price, value or level of the Underlying Reference(s), the time remaining until the scheduled maturity date of the Certificates, the actual or implied volatility associated with the Underlying Reference and the correlation risk of the relevant Underlying Reference(s).

The possibility that the value and trading price of the Certificates will fluctuate (either positively or negatively) depends on a number of factors, which investors should consider carefully before purchasing or selling Certificates, including:

- (a) the trading price of the Certificates;
- (b) depending on the terms of the relevant Certificates, movements in the value and/or volatility of the Underlying Reference may cause the value of the Certificates to either rise or fall;
- (c) depending on the terms of the relevant Certificates, the value of the Certificates may fluctuate as the time remaining until the scheduled maturity date decreases;
- (d) depending on the terms of the relevant Certificates, movements in market rates and/or dividends (if applicable) may cause the theoretical value of the Certificates to either rise or fall;
- (e) any change(s) in currency exchange rates;
- (f) the depth of the market or liquidity of the Underlying Reference as specified in the applicable Final Terms; and
- (g) any related transaction costs.

Such factors may mean that the trading price of the Certificates is below the Final Redemption Amount or the value of the Entitlement, as applicable and accordingly, Certificateholders may receive an amount or an asset with a value significantly lower than the amount that they invested to purchase the Certificates.

A Certificate's purchase price may not reflect its inherent value

Prospective investors in the Certificates should be aware that the purchase price of a Certificate does not necessarily reflect its inherent value. Any difference between a Certificate's purchase price and its inherent value may be due to a number of different factors including, without limitation, prevailing market conditions and fees, discounts or commissions paid or accorded to the various parties involved in structuring and/or distributing the Certificate. Any such difference in value could negatively affect the

return an investor may receive. For further information prospective investors should refer to the party from whom they are purchasing the Certificates. Prospective investors may also wish to seek an independent valuation of Certificates prior to their purchase.

An active trading market for the Certificates may not develop

There can be no assurance that an active trading market for the Certificates will develop, or, if one does develop, that it will be maintained. If an active trading market for the Certificates does not develop or is not maintained, the market or trading price and liquidity of the Certificates may be adversely affected. If additional and competing products are introduced in the markets, this may adversely affect the value of the Certificates. It is not possible to predict the price at which Certificates will trade in the secondary market. The Issuer may, but is not obliged to, list Certificates on a stock exchange. Also, to the extent Certificates of a particular issue are redeemed in part, the number of Certificates of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Certificates of such issue. A decrease in the liquidity of an issue of Certificates may cause, in turn, an increase in the volatility associated with the price of such issue of Certificates.

Effect of credit rating reduction

The value of the Certificates is expected to be affected, in part, by investors' general appraisal of the creditworthiness of the Issuer and the Guarantor. Such perceptions are generally influenced by the ratings accorded to the outstanding certificates and/or securities of BNPP B.V. and BNPP by standard statistical rating services, such as S&P Global Ratings Europe Limited, Fitch Ratings Ireland Limited, Moody's France SAS and Moody's Investors Service Ltd. A reduction in the rating, if any, accorded to outstanding certificates and/or securities of BNPP B.V. and BNPP by one of these or other rating agencies could result in a reduction in the trading value of the Certificates.

Risks associated with Certificates with a nexus to emerging markets

The Issuer may issue Certificates where the amount payable on redemption or the profit payable is linked to Underlying References which consist of (a) securities, funds or indices comprising securities, funds of issuers that are located in, or subject to regulation in, emerging or developing countries, or (b) securities which are denominated in the currency of, or are traded in, emerging or developing countries or (c) currencies of emerging or developing countries. Prospective investors should note that additional risks may be associated with investment in such Certificates, including risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation. Certificates traded in emerging or developing countries tend to be less liquid and the prices of such securities more volatile. In addition, settlement of trades in some such markets may be slower and more subject to failure than in markets in developed countries.

Increased custodian costs as well as administrative difficulties (such as the applicability of the laws of the jurisdictions of emerging or developing countries to custodians in such jurisdictions in various circumstances, including bankruptcy, ability to recover lost assets, expropriation, nationalisation and record access) may also arise from the maintenance of assets in such emerging or developing countries.

Prospective purchasers of such Certificates should also be aware that the probability of the occurrence of a disruption event and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets. Prospective purchasers are expected to conduct their own enquiries and be satisfied that there are additional risks associated with investments linked to the performance of underlying assets located in these markets.

Sharia Rules

There is no assurance that the Certificates will be compliant with the principles of Islamic finance.

BNP Paribas' Sharia Supervisory Committee has confirmed that the Sharia Transaction Documents are, in their view, compliant in compliance with the principles of Sharia, as applicable to, and interpreted by,

them. However, there can be no assurance that the Transaction Documents or any issue and trading of any Certificates will be deemed to be Sharia compliant by any other Sharia board or Sharia scholars. None of the Issuer, the Guarantor or any of the other Programme Parties makes any representation as to the Sharia compliance of any Certificates and potential investors are reminded that, as with any Sharia views, differences in opinion are possible and different Sharia standards may be applied by different Sharia boards. Potential investors should obtain their own independent Sharia advice as to the compliance of the Sharia Transaction Documents and the issue and trading of any Certificates with their individual standards of compliance with Sharia principles and make their own determination as to the future tradability of the Certificates on any secondary market. Questions as to the Sharia permissibility of the structure or the issue and the trading of the Certificates may limit the liquidity and adversely affect the market value of the Certificates. A brief description of the members of the BNP Paribas' Sharia Supervisory Committee is set out in the section headed "*BNP Paribas' Sharia Supervisory Committee*".

In addition, prospective investors are reminded that, pursuant to the terms of the Sharia Transaction Documents, the enforcement of any obligations of any of the parties would be, if in dispute, the subject of court proceedings under the laws of England and Wales. In such circumstances, the judge will apply the relevant law of the relevant Sharia Transaction Documents rather than Sharia principles in determining the rights and obligations of the parties.

Sharia requirements in relation to interest

In accordance with applicable Sharia principles, the Issuer will waive all and any entitlement it may have to interest awarded in its favour by any court in connection with any dispute under the Sharia Transaction Documents. Should there be any delay in the enforcement of a judgment given against the Issuer, judgment interest may accrue in respect of that delay and, as a result of the waiver referred to above, Certificateholders will not be entitled to receive any part of such interest.

Post-issuance information

Save as set out in the applicable Final Terms, the Issuer will not provide post-issuance information in relation to the Underlying Reference. In such an event, investors will not be entitled to obtain such information from the Issuer.

No entitlement to additional amounts due to certain events

Potential investors in any Certificates should be aware that, depending on the terms of the relevant Certificates, upon an early redemption of the Certificates (a) they may receive no or a limited amount of profit, (b) payment of principal or profit may occur at a different time than expected (upon early redemption or otherwise) and (c) they may lose all or a substantial portion of their investment and, in each case, no further or other amount in respect of principal or profit shall be payable and no additional amount (including any default interest or late payment amount) shall be payable in respect of any such occurrence.

A Certificateholder's actual yield on the Certificates may be reduced from the stated yield by transaction costs

When Certificates are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Certificates. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional – domestic or foreign - parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Certificateholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Certificateholders must also take into account any follow-up costs (such as custody fees). Prospective investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Certificates before investing in the Certificates.

A Certificateholder's effective yield on the Certificates may be diminished by the tax impact on that Certificateholder of its investment in the Certificates

Payments of profit on the Certificates, or profits realised by the Certificateholder upon the sale or repayment of the Certificates, may be subject to taxation in its home jurisdiction or in other jurisdictions in which it is required to pay taxes. The tax impact on an individual Certificateholder in respect of any Certificates may differ also in respect of Underlying Reference Linked Certificates. All investors should contact their own tax advisors for advice on the tax impact of an investment in the Certificates.

Fixed Profit Rate Certificates may change in value due to changes in profit rates

Investors in Fixed Profit Rate Certificates are exposed to the risk that subsequent changes in market rates may adversely affect the value of the Certificates.

Certificateholders will not be able to calculate in advance their rate of return on Floating Profit Rate Certificates

A key difference between Floating Profit Rate Certificates and Fixed Profit Rate Certificates is that profit income on Floating Profit Rate Certificates cannot be anticipated. Due to varying profit income, investors are not able to determine a definite yield of Floating Profit Rate Certificates at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed profit periods. If the Terms and Conditions of the Certificates provide for frequent profit payment dates, investors are exposed to the reinvestment risk if market profit rates decline. That is, investors may reinvest the profit income paid to them only at the relevant lower rates then prevailing. In addition, the Issuer's ability to issue Fixed Profit Rate Certificates may affect the market value and secondary market (if any) of the Floating Profit Rate Certificates (and vice versa).

Foreign currency Certificates expose investors to foreign-exchange risk as well as to issuer risk

Holders of Certificates denominated in any currency other than their domestic currency are exposed to the risk of changing foreign exchange rates. Similarly, beneficiaries of payments under the Guarantee made in any currency other than their domestic currency are exposed to the risk of changing foreign exchange rates. This risk is in addition to any performance risk that relates to the Issuer or the type of Certificate being issued.

5. Legal Risks

Meetings of Certificateholders

The Conditions contain provisions for calling meetings (including by way of conference call or by use of a video conference platform) of Certificateholders to consider matters affecting their interests generally (see Condition 14 (*Meetings of Certificateholders, Modification and Waiver*)). These provisions permit defined majorities to bind all Certificateholders, including Certificateholders who did not attend and vote at the relevant meeting, Certificateholders who did not consent to the Written Resolutions and Certificateholders who voted in a manner contrary to the majority. General meetings or written consultations may deliberate on any proposal relating to the modification of the conditions of the Certificates. While it is not possible to assess the likelihood that the Conditions will need to be amended during the term of the Certificates by a meeting of the Certificateholders, if a decision is adopted by a majority of Certificateholders and such modifications impair or limit the rights of Certificateholders, this may negatively affect the market value of the Certificates, although the probability of such a decision being taken by Certificateholders is considered to be low.

Potential conflicts of interest

BNPP, BNPP B.V. and/or any of their respective Affiliates or agents may engage in activities or arrangements in a range of capacities that may result in conflicts of interest between their own financial interests and those of any Certificateholders, for example, by:

- (i) engaging in trading activities (including hedging activities) relating to the Underlying Reference or Reference Entity and other instruments or derivative products based on or relating to the

Underlying Reference or Reference Entity of any Certificates for their proprietary accounts or for other accounts under their management;

- (ii) underwriting future offerings of shares or other securities relating to an issue of Certificates or acting as financial adviser or in a commercial banking capacity to certain companies or companies whose shares or other securities are included in a basket in respect of a Series of Certificates;
- (iii) acting in a number of different capacities in relation to an underlying Index (including a Custom Index), including, but not limited to, as issuer of the constituents of the Index (or Custom Index, as the case may be), index sponsor or calculation agent;
- (iv) engaging in business, such as investing in, extending loans to, providing advisory services to, entering into financing or derivative transactions with a company that has issued shares or a debt instrument, a fund that has issued fund shares or units, an exchange traded instrument comprising the relevant Underlying Reference or a Reference Entity;
- (v) receiving a fee for performing any services or entering into any transactions described above;
- (vi) publishing research reports relating to any Underlying Reference or Reference Entity, which express views that are inconsistent with purchasing or holding the Certificates; or
- (vii) making determinations regarding the occurrence of various events in respect of the Certificates and the applicable consequences in its role as Calculation Agent or Issuer, as the case may be, of the Certificates.

Any of the conflicts of interest described above could have a material adverse effect on the value of the Certificates and the return a Certificateholder can expect to receive on their Certificates, as none of BNPP, BNPP B.V. and/or any of their respective Affiliates or agents, acting in any capacity, is required to have regard to the interests of the Certificateholders.

The Calculation Agent may be an Affiliate of the Issuer or the Guarantor, or the Calculation Agent may be the Guarantor itself. The Calculation Agent is under no obligation to take into account the interests of Certificateholders, including with respect to making certain determinations and judgments, such as whether an event, including a Market Disruption Event, a Settlement Disruption Event or Credit Event (each, as defined in the Conditions), has occurred and, in some cases, the applicable consequences.

Following the Intragroup Merger (as defined below), BNP Paribas will perform various agency roles in place of BNP Paribas Securities Services under the Programme. As a result, potential conflicts of interest may arise between these roles. Such potential conflicts of interests are mitigated using different management teams and information barriers within BNP Paribas but the possibility of conflicts of interest arising cannot be completely eliminated.

Change of law

The Certificates and Guarantee are each subject to English law in effect as at the date of this Offering Memorandum. No assurance can be given as to the impact of any possible judicial decision or change to an administrative practice or change to English law after the date of this Offering Memorandum and any such change could materially adversely impact the enforceability of the Certificates and/or Guarantee and/or the value of any Certificates affected by it.

Termination of Certificates in the event of illegality or impracticability

If the Issuer determines that the performance of its obligations under the Certificates has become illegal, impossible or impracticable in whole or in part for any reason, the Issuer may redeem the Certificates by paying to each Certificateholder the relevant Early Redemption Amount (as defined in the Conditions) specified in the applicable Final Terms. Such redemption may result in an investor losing some or all of their investment in the Certificates.

French Insolvency Law

The provisions below will not apply to BNP Paribas Islamic Issuance B.V. as Issuer of the Certificates, unless the Guarantee is enforced following a default by BNP Paribas Islamic Issuance B.V. in which case Certificateholders will become creditors of BNPP pursuant to the guarantee granted by BNPP. As a *société anonyme* incorporated in France, French insolvency law applies to BNP Paribas as Guarantor. Under French insolvency law, in relation to insolvency proceedings opened prior to October 1, 2021, holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a safeguard proceeding (*procédure de sauvegarde*), accelerated safeguard (*procédure de sauvegarde accélérée*), accelerated financial safeguard proceeding (*procédure de sauvegarde financière accélérée*) or a recovery proceeding (*procédure de redressement judiciaire*) is opened in France with respect to the Guarantor.

As of October 1, 2021 the Assembly is replaced by the affected parties classes (the “**Class**”). In the context of such Class, creditors will be ranked according to whether there is a sufficient common economic interest between them. Moreover, only creditors whose rights are directly affected by the plan will be taken in the framework of the classes. The creation of affected parties classes is mandatory in the context of an accelerated safeguard (*procédure de sauvegarde accélérée*) and if certain thresholds are met in the context of a safeguard proceeding (*procédure de sauvegarde*) or a recovery proceeding (*procédure de redressement*), namely 250 employees and EUR 20 million in turnover or EUR 40 million in turnover. Finally, in the context of a safeguard proceeding (*procédure de sauvegarde*) or a recovery proceeding (*procédure de redressement*) if the threshold condition is not met, the debtor (and/or the judicial trustee only in a recovery proceeding) may request the authorisation of the insolvency judge to form affected parties classes.

Investors should also note that under French Law, the opening of an insolvency proceeding against a bank is subject to the agreement of the *Autorité de Contrôle Prudentiel et de Résolution*. Liquidation proceedings in respect of banks may also be initiated at the request of the resolution college of this authority. The Class deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), proposed accelerated safeguard (*projet de plan de sauvegarde accélérée*), or proposed recovery plan (*projet de plan de redressement*) applicable to BNP Paribas.

Decisions of the Class will be taken by a two-thirds majority (calculated as a proportion of the amount of debt securities held by the holders expressing a vote). No quorum is required to hold the Class. For the avoidance of doubt, the provisions relating to meetings of Certificateholders set out in the General Conditions will not be applicable in these circumstances.

The procedures described above (as may be amended from time to time) could have an adverse impact on any Certificateholder seeking repayment of the Certificates in the event that the Guarantor or its subsidiaries were to become insolvent.

The commencement of insolvency proceedings against the Guarantor would have a material adverse effect on the market value of Certificates. Any decisions taken by the Class could substantially impact a Certificateholder and even cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Recognition of English court judgments at the end of the United Kingdom’s Brexit Transition Period

On 31 January 2020, the United Kingdom (the “**UK**”) formally left the European Union. Pursuant to a treaty entitled “the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community” (the “**Withdrawal Agreement**”), the UK and the EU agreed to an implementation period, which ended on 31 December 2020 (the “**Transition Period**”). The Withdrawal Agreement was incorporated into English law by the European Union (Withdrawal Agreement) Act 2020.

As a result of leaving the EU, the UK is no longer bound by the provisions of Regulation (EU) No 1215/2012 (the “**Brussels Recast**”), a formal reciprocal regime between EU Member States on the allocation of jurisdiction and the mutual recognition and enforcement of Member State judgments. This regime is no longer applied by English courts, save in relation to legacy cases (i.e. those cases where proceedings were initiated prior to the end of the Transition Period). As a further consequence, English judgments will no longer be recognised and enforced in EU Member State courts under this regime,

again, save for legacy cases where English judgments are issued in proceedings commenced prior to the end of the Transition Period.

Upon leaving the EU, the UK also ceased to be a member of another convention on the allocation of jurisdiction and the mutual enforcement of contracting state court judgments, the Lugano Convention 2007 (the “**Lugano Convention**”). The EU, Switzerland, Iceland and Norway are members of the Lugano Convention and the UK has applied to re-join this convention. As of the date of this Offering Memorandum, the UK's application is pending. As the UK is no longer a Lugano contracting state, English judgments cannot be enforced under this regime in other contracting states, although Norway has put in place arrangements with the UK for the reciprocal enforcement of judgments.

Investors should also note that on 1 January 2021 the UK re-joined the Hague Convention on Choice of Court Agreements 2005 (the “**Hague Convention**”) as a sovereign state. The Hague Convention is another international convention on the jurisdiction and the reciprocal enforcement of contracting state judgments. The Hague Convention requires contracting states to respect exclusive jurisdiction clauses in favour of other contracting state courts and to enforce resulting judgments. The EU, Mexico, Montenegro and Singapore are currently contracting states.

Accordingly, English judgments issued by an English court pursuant to an exclusive jurisdiction clause entered into after 1 January 2021 should be recognised and enforced in EU states (and Mexico, Montenegro and Singapore) under the Hague Convention, subject to standard exceptions. It is generally considered that the Hague Convention only covers exclusive jurisdiction clauses and resulting judgments (although, investors should note that there are some matters, such as certain company matters that are outside the scope of the Hague Convention). There remains uncertainty as to whether the Hague Convention would be applied by Member State courts in respect of exclusive jurisdiction clauses entered into between 1 October 2015 (when the EU joined the Convention) and 31 December 2020. The UK has legislated to confirm such clauses would be treated as being within the Hague Convention. Although the grounds upon which enforcement may be refused under the Hague Convention are in substance similar to those under the Brussels Recast, the Hague Convention is new and therefore there may be some uncertainty as to how Member State courts apply these provisions, at least initially.

Where English jurisdiction clauses and judgments are not within the scope of the Hague Convention, it will be necessary to consider the applicable national law rules.

Certificates are unsecured obligations

The Certificates are unsecured obligations of the Issuer and will rank *pari passu* with themselves. Each issue of Certificates will be guaranteed by the Guarantor pursuant to the Guarantee. The obligations of the Guarantor under the Guarantee are senior preferred obligations within the meaning of Article L.613-30-3-I-3° of the French *Code monétaire et financier* and unsecured obligations of BNPP and will rank *pari passu* with all its other prefer and future senior preferred and unsecured obligations, subject to such exceptions from time to time as may be mandatory under French law.

The implementation of the EU Bank Recovery and Resolution Directive could materially affect the Certificates and Certificateholders

Directive 2014/59/EU, as amended by Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 (the “**Bank Recovery and Resolution Directive**” or “**BRRD**”) provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms. The BRRD has been implemented in France by several legislative texts to provide relevant resolution authorities with, among other powers, a credible set of tools (the “**BRRD Resolution Tools**”) to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of that institution's critical financial and economic functions, while minimising the impact of its potential failure on the economy and financial system.

Following the review of BRRD, Directive no. 2019/879/EU of the European Parliament and of the Council of 20 May 2019 amending Directive 2014/59/EU as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC (“**BRRD 2**”) was adopted.

BRRD 2 was transposed into French law by Ordinance n°2020-1636 of 20 December 2020 relating to the resolution regime in the banking sector and Decree n°2020-1703 of 24 December 2020 relating to the resolution regime in the banking sector, and is effective from 28 December 2020.

If the Guarantor is determined to be failing or likely to fail within the meaning of, and under the conditions set by the BRRD, and the relevant resolution authority applies any, or a combination, of the BRRD Resolution Tools (including, a sale of the business, the creation of a bridge institution, asset separation or bail-in), any shortfall from the sale of the Guarantor's assets may lead to a partial reduction in the outstanding amounts of certain claims of unsecured creditors of that entity (including, as the case may be, the Certificates or the Guarantee), or, in a worst case scenario, a reduction to zero. The unsecured debt claims of the Guarantor (including the Guarantee) might also be converted into equity or other instruments of ownership, in accordance with the hierarchy of claims in normal insolvency proceedings, which equity or other instruments could also be subject to any future cancellation, transfer or dilution (such reduction or cancellation being first on common equity tier one instruments, thereafter the reduction, cancellation or conversion being on additional tier one instruments, then tier two instruments and other subordinated debts, then other eligible liabilities). The relevant resolution authority may also seek to amend the terms (such as varying the date for redemption) of any outstanding unsecured debt securities (including, the Guarantee) (all as further described in Condition 18 (*Recognition of Bail-in and Loss Absorption*)).

Public financial support to resolve the Guarantor where there is a risk of failure will only be used as a last resort, after having assessed and applied the resolution tools above, including the bail-in tool, to the maximum extent possible whilst maintaining financial stability.

The exercise of any power under the BRRD by the relevant resolution authority or any suggestion that such powers may be exercised could materially adversely affect the rights of the Certificateholders, the price or value of their investment in the Certificates and/or the ability of the Issuer or the Guarantor, as the case may be, to satisfy its obligations under the Certificates or the Guarantee, respectively. As a result, Certificateholders could lose all or a substantial part of their investment in the Certificates.

The regulation and reform of "benchmarks" may adversely affect the value of Certificates linked to or referencing such "benchmarks"

A number of major interest rates (including the London Inter-Bank Offered Rate ("**LIBOR**") and the Euro Interbank Offered Rate ("**EURIBOR**")), other rates, indices and other published values or benchmarks are the subject of national, international and other regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the value of and return on Certificates linked to any such value or benchmark.

The Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**EU Benchmarks Regulation**") is a key element of ongoing regulatory reform in the EU and has applied, subject to certain transitional provisions, since 1 January 2018. In addition to so-called "critical benchmark" indices, such as LIBOR and EURIBOR, other interest rates, foreign exchange rates, and indices, including equity, commodity and "proprietary" indices or strategies, will in most cases be within scope of the EU Benchmarks Regulation as "benchmarks" where they are used to determine the amount payable under, or the value of, certain financial instruments (including securities listed on an EU regulated market, EU multilateral trading facility ("**MTF**"), EU organised trading facility ("**OTF**") or via a systematic internaliser). Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**") is the relevant regulatory regime applicable to, among other things, the provision of benchmarks and the use of a benchmark in the UK.

The EU Benchmarks Regulation applies to the contribution of input data to a benchmark, the administration of a benchmark, and the use of a benchmark in the EU. Amongst other things, the EU Benchmarks Regulation requires EU benchmark administrators to be authorised or registered as such and to comply with extensive requirements relating to benchmark administration. Subject in some cases to transitional arrangements, it also prohibits certain uses by EU supervised entities of (a) benchmarks provided by EU administrators which are not authorised or registered in accordance with the EU Benchmarks Regulation and (b) benchmarks provided by non-EU administrators where (i) the

administrator's regulatory regime has not been determined to be "equivalent" to that of the EU, (ii) the administrator has not been recognised in accordance with the EU Benchmarks Regulation, or (iii) the benchmark has not been endorsed in accordance with the Benchmark Regulation. Similarly, the UK Benchmarks Regulation prohibits the use of in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the Financial Conduct Authority (the "FCA") or registered on the FCA register (or, if not based in the UK, not deemed equivalent or recognised or endorsed), subject to certain transitional arrangements.

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material adverse impact on any Certificates.

Any of the above changes or any significant regulatory or changes to any benchmark may result in:

- the level of the published rate or the level of the "benchmark" or the volatility of the published rate or level being adversely affected;
- an increase in the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with such regulations or requirements;
- the "benchmark" (including certain currencies or tenors of benchmarks) being discontinued or otherwise unavailable, which may result in the rate of profit in respect of the Certificates (if any) being determined based on any applicable fallback provisions;
- the methodology or other terms of the benchmark being changed in order to comply with regulatory requirements;
- the occurrence of an Administrator/Benchmark Event (as further described under "*Risks associated with the occurrence of an Administrator/Benchmark Event*" below); or
- have other adverse effects or unforeseen consequences.

Any such consequence could have a material adverse effect on the value of and return on the Certificates and/or could lead to the Certificates being de-listed, adjusted, redeemed early following the occurrence of an Administrator/Benchmark Event, subject to discretionary valuation or adjustment by the Calculation Agent or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Certificates. This could also negatively affect the liquidity of the Certificates and a Certificateholder's ability to sell their Certificates in the secondary market.

The Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR or LIBOR) by conferring the power to designate a statutory replacement for said benchmarks on the Commission or the relevant national authority in certain circumstances, such replacement being limited to contracts and financial instruments which contain no fallback provision or no suitable fallback provisions and where certain trigger events relating to non-representativeness or cessation or wind down of the benchmark are met. In general, parties can opt out of the statutory replacement where all parties, or the required majority of parties, to a contract or financial instrument have agreed to apply a different replacement for a benchmark before or after entry into force of the implementing act. A statutory replacement benchmark could have a negative impact on the value or liquidity of, and return on, certain Certificates linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable benchmark.

In addition Regulation (EU) 2021/168 is subject to further development through delegated regulations and the transitional provisions applicable to third-country benchmarks are extended until the end of 2023 (and the Commission is empowered to further extend this period until the end of 2025, if necessary). There are therefore still details to be clarified in relation to the potential impact of these legislative developments. Accordingly, there may be a risk that a statutory replacement benchmark may be designated if, for instance, a replacement benchmark determined in accordance with the fallback provisions is deemed unsuitable as its application no longer reflects or significantly diverges from the underlying market or the economic reality that the benchmark in cessation is intended to measure (and where

certain other conditions are satisfied, including one of the parties objecting to the contractually agreed fallback).

Risks associated with the occurrence of an Administrator/Benchmark Event

If specified as an Optional Additional Disruption Event in the applicable Final Terms, the occurrence of an Administrator/Benchmark Event (as defined in Condition 9 (*Additional Disruption Events*)) may lead to redemption or adjustment of the Certificates. Any such adjustment or redemption of the Certificates following the occurrence of an Administrator/Benchmark Event may have an adverse effect on the value and liquidity of such Certificates and accordingly the amount Certificateholders can expect to receive on their investment.

The implementation of SOFR Replacement Confirming Changes could adversely affect Certificateholders

Under the fallback provisions applicable to Certificates that pay a floating rate of profit by reference to the Secured Overnight Financing Rate (“**SOFR**”) (whether a compounded rate or the SOFR Index), if a particular SOFR Replacement or SOFR Replacement Adjustment cannot be determined, then the next-available SOFR Replacement or SOFR Replacement Adjustment will apply. These replacement rates and adjustments may be selected or formulated by (i) the Relevant Governmental Body, (ii) ISDA or (iii) in certain circumstances, the Calculation Agent and/or the Replacement Rate Determination Agent.

In addition, the fallback provisions permit the Replacement Rate Determination Agent to make certain changes (“**SOFR Replacement Conforming Changes**”) with respect to, among other things, the timing and frequency of determining rates and making payments of profit. The application of a SOFR Replacement and SOFR Replacement Adjustment and any implementation of SOFR Replacement Conforming Changes could reduce the amount of profit payable in respect of a profit period, which could adversely affect the return on, value of and market for the Certificates. Further, there is no assurance that the characteristics of any SOFR Replacement will be similar to the then-current SOFR benchmark that it is replacing or that any SOFR Replacement will produce the economic equivalent of the then-current SOFR benchmark that it is replacing.

The relationship of the United Kingdom with the European Union may affect the business (including the Certificates) of the Issuer or the Guarantor in the United Kingdom

The UK left the European Union (“**EU**”) on 31 January 2020 at 11pm and the transition period ended on 31 December 2020 at 11pm. Therefore, the Treaty on the European Union and the Treaty on the Functioning of the European Union have ceased to apply to the UK. The European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) and secondary legislation made under it ensure there is a functioning statute book in the UK.

On 24 December 2020, an agreement in principle was reached in relation to the EU-UK Trade and Cooperation Agreement (the “**Trade and Cooperation Agreement**”), to govern the future relations between the EU and the UK following the end of the transition period. The Trade and Cooperation Agreement was signed on 30 December 2020. The Trade and Cooperation Agreement has provisional application until the EU and UK complete their ratification procedures. The consent of the European Parliament is required before the Council of the European Union can conclude the Trade and Cooperation Agreement. At the request of the EU, the provisional application has been extended from 28 February 2021 to 30 April 2021 to allow time for legal-linguistic revision. The Trade and Cooperation Agreement does not create a detailed framework to govern the cross-border provision of regulated financial services from the UK into the EU and from the EU into the UK.

Due to the on-going political uncertainty as regards the structure of the future relationship between the UK and the EU, the precise impact on the business of the Issuer or the Guarantor in the United Kingdom is difficult to determine. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuer or the Guarantor to satisfy its obligations under any Series of Certificates with a United Kingdom nexus and/or the market value and/or the liquidity of such Certificates in the secondary market.

Risk related to the intragroup merger of BNP Paribas Securities Services into the parent company BNP Paribas

BNP Paribas Securities Services is currently acting as Registrar and Transfer Agent under the Programme.

BNP Paribas, a public limited company (*société anonyme*) incorporated under the laws of France, and BNP Paribas Securities Services, a limited stock partnership (*société en commandite par actions*), are currently in the process of implementing an intragroup reorganisation pursuant to which BNP Paribas, as absorbing entity, will merge with BNP Paribas Securities Services as absorbed entity (the “**Intragroup Merger**”) on the basis of the simplified merger regime (*fusion simplifiée*) governed by Articles L. 236-1 et seq. of the French Commercial Code (*Code de commerce*).

The Intragroup Merger is currently due to take place on 1 October 2022, subject to ongoing consultation with local work councils in some countries. The Securities Services business is currently provided via a distinct legal entity within the BNP Paribas group, BNP Paribas Securities Services, which is fully owned by BNP Paribas. The Intragroup Merger will see this distinct legal entity cease to exist and the Securities Services business will be provided via BNP Paribas.

Merger transactions could cause uncertainties to business operations, particularly when unrelated companies are involved.

Considering that BNP Paribas Securities Services is a consolidated subsidiary of BNP Paribas, the Intragroup Merger is not expected to have any material adverse effects on the business of BNP Paribas Securities Services or BNP Paribas.

General

Each prospective holder or beneficial owner of Certificates should consult its tax advisers as to the tax and other consequences of any investment in or ownership and disposition of any Certificates.

“**D₁**” is the first calendar day, expressed as a number, of the Profit Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Profit Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(iv) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of a Profit Period in the applicable Final Terms, the Rate of Profit for such Profit Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms), the FBF Rate (where FBF Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Profit Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Profit Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“**Designated Maturity**” means (i) in relation to Screen Rate Determination, the period of time designated in the Reference Rate or (ii) in relation to FBF Determination, the period of time specified in the relevant FBF Rate.

(c) **ISDA, FBF and Screen Rate Determination**

(i) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which a Rate of Profit is to be determined, such Rate of Profit for each Profit Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this Condition 3(c)(i), the ISDA Rate for a Profit Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Certificates (the “**ISDA Definitions**”) and under which:

TERMS AND CONDITIONS OF THE CERTIFICATES

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (1) if the applicable Floating Rate Option is based on the London interbank offered rate (“**LIBOR**”) or on the Euro-zone inter-bank offered rate (“**EURIBOR**”) (or, in the event that EURIBOR or LIBOR has been discontinued, such other successor benchmark rate as the financial industry shall have accepted as a successor or substitute rate for EURIBOR or LIBOR for a currency, as applicable) the first day of that Profit Period or (2) in any other case, as specified in the applicable Final Terms.

For the purposes of this Condition 3(c)(i), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

(ii) FBF Determination

Where so specified in the applicable Final Terms, profit will be payable on such dates, at such a rate (the “**FBF Rate**”) and in such amounts, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments (an “**FBF Agreement**”), as in effect on the date of issue of the Certificates, published by the *Fédération Bancaire Française* and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Certificate under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Calculation Agent was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the Profit Commencement Date was the Transaction Date;
- (D) the lowest Specified Denomination was the Notional Amount;
- (E) the Periodic Payment Dates were the Floating Amount Payment Dates; and
- (F) all other terms were as specified in the applicable Final Terms.

When the preceding sentence applies, in respect of each relevant Periodic Payment Date:

- (1) the amount of profit determined for such Periodic Payment Date will be the Profit Amount for the relevant Profit Period for the purposes of these Terms and Conditions as though determined under Condition 3(b) (*Profit on Floating Profit Rate Certificates, Index Linked Profit Certificates, Share Linked Profit Certificates, Commodity Linked Profit Certificates, Foreign Exchange (FX) Rate Linked Profit Certificates, Fund Linked Profit Certificates, ETI Linked Profit Certificates, Hybrid Profit Certificates and Certificates with profit linked to other Underlying References*);

TERMS AND CONDITIONS OF THE CERTIFICATES

- (2) the Rate of Profit for such Profit Period will be the Floating Rate (as defined in the AFB Agreement) determined by the Calculation Agent in accordance with the preceding sentence; and
 - (3) the Calculation Agent will be deemed to have discharged its obligations under Condition 3(b) (*Profit on Floating Profit Rate Certificates, Index Linked Profit Certificates, Share Linked Profit Certificates, Commodity Linked Profit Certificates, Foreign Exchange (FX) Rate Linked Profit Certificates, Fund Linked Profit Certificates, ETI Linked Profit Certificates, Hybrid Profit Certificates and Certificates with profit linked to other Underlying References*) if it has determined the Rate of Profit and the Profit Amount payable on such Periodic Payment Date in the manner provided in the preceding sentence.
- (iii) Screen Rate Determination
- (1) LIBOR or EURIBOR
 - (A) Where Screen Rate Determination – IBOR is specified in the applicable Final Terms as the manner in which the Rate of Profit is to be determined, such Rate of Profit for each Profit Period will, subject as provided below, be either:
 - (i) the offered quotation; or
 - (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) (the “**Screen Page Reference Rate**”) on the Profit Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.
 - (B) If the Relevant Screen Page is not available or if, in the case of Condition 3(c)(iii)(1)(A)(i), no offered quotation appears on the Relevant Screen Page (or such replacement page on that service which displays the information) or, in the case of Condition 3(c)(iii)(1)(A)(ii), fewer than three offered quotations appear on the Relevant Screen Page (or such replacement page on that service which displays the information), in each case as at the Specified Time except as provided in Condition 3(c)(iii)(1)(C) below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at the Specified Time on the Profit Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the Rate of Profit for the Profit Period shall be the arithmetic mean (rounded if necessary to the nearest 0.001 with 0.0005 being rounded upwards) of the relevant

TERMS AND CONDITIONS OF THE CERTIFICATES

quotations, eliminating the highest quotation (or in the event that two or more quotations are identical, one of the highest) and the lowest (or in the event that two or more quotations are identical, one of the lowest), plus or minus (as applicable) the Margin (if any), all as determined by the Calculation Agent.

If on any Profit Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the Rate of Profit for the relevant Profit Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the nearest 0.001, with 0.0005 being rounded upwards) of the rates per annum, as communicated to the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at the Specified Time on the relevant Profit Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the inter-bank market, plus or minus (as applicable) the Margin (if any), as determined by the Calculation Agent.

If fewer than two of the Reference Banks provide the Calculation Agent with offered rates, the Rate of Profit for the relevant Profit Period shall be the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at the Specified Time on the relevant Profit Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for the purpose) informs the Calculation Agent it is quoting to leading banks in the inter-bank market applicable to the Reference Rate (which will be the London inter-bank market, if the Reference Rate is LIBOR, or the Euro-zone inter-bank market, if the Reference Rate is EURIBOR), plus or minus (as applicable) the Margin (if any), as determined by the Calculation Agent.

If the Rate of Profit cannot be determined in accordance with the foregoing provisions of this Condition 3(c)(iii)(1)(B), the Rate of Profit shall be equal to the last Reference Rate available on the Relevant Screen Page plus or minus (as appropriate) the Margin (if any), as determined by the Calculation Agent, except that if the Calculation Agent determines that the absence of the quotation is due to the discontinuation of the Screen Page Reference Rate or the occurrence of a Reference Rate Fallback Event, then the Reference Rate will be determined in accordance with Condition 3(c)(iii)(1)(C).

- (C) If the Calculation Agent determines at any time prior to any Profit Determination Date, that the Screen Page Reference Rate has been discontinued or a Reference Rate Fallback Event has occurred, the Calculation Agent will use, as a substitute for the Screen Page Reference Rate, an alternative reference rate determined by the Calculation Agent to be the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction or region of the Specified Currency (each a “**Relevant Nominating Body**”) that is consistent with industry accepted standards, provided that, if two or more alternative reference rates are selected by any Relevant Nominating Body, the Calculation Agent shall determine which of those alternative reference rates is most appropriate to preserve the economic features of the relevant Certificates. If the Calculation Agent notifies the Issuer that it is unable to determine such an

TERMS AND CONDITIONS OF THE CERTIFICATES

alternative reference rate, the Calculation Agent will as soon as reasonably practicable (and in any event before the Business Day prior to the applicable Profit Determination Date) appoint an agent (the “**Reference Rate Determination Agent**”), which will determine whether a substitute or successor rate, which is substantially comparable to the Screen Page Reference Rate, is available for the purpose of determining the Reference Rate on each Profit Determination Date falling on or after the date of such determination. If the Reference Rate Determination Agent determines that there is an industry accepted successor rate, the Reference Rate Determination Agent will notify the Issuer of such successor rate to be used by the Calculation Agent to determine the Rate of Profit.

If the Reference Rate Determination Agent or the Calculation Agent, as applicable, has determined a substitute or successor rate in accordance with the foregoing paragraph (such rate, the “**Replacement Reference Rate**”), for the purpose of determining the Reference Rate on each Profit Determination Date falling on or after such determination:

- (i) the Reference Rate Determination Agent or the Calculation Agent, as applicable, will also determine the changes (if any) required to the applicable Business Day Convention, the definition of Business Day, the Profit Determination Date, the Day Count Fraction, and any method for obtaining the Replacement Reference Rate, including any adjustment needed to make such Replacement Reference Rate comparable to the Screen Page Reference Rate, including, where applicable, and if Unwind Costs is specified as applicable in the applicable Final Terms, to reflect any increased costs of the Issuer providing such exposure to the Replacement Reference Rate, in each case in its sole and absolute discretion, that is consistent with industry-accepted practices for such Replacement Reference Rate;
- (ii) references to the Reference Rate in these Conditions will be deemed to be references to the relevant Replacement Reference Rate, including any alternative method for determining such rate as described in (i) above;
- (iii) the Reference Rate Determination Agent or the Calculation Agent, as applicable, will notify the Issuer of the Replacement Reference Rate, and the details described in (i) above, as soon as reasonably practicable; and
- (iv) the Issuer will give notice to the Certificateholders in accordance with Condition 13 (*Notices*), the Principal Paying Agent and the Calculation Agent of the Replacement Reference Rate, and the details described in (i) above as soon as reasonably practicable but in any event no later than 5:00 p.m. (London time) on the Business Day prior to the applicable Profit Determination Date.

The determination of the Replacement Reference Rate and the other matters referred to above by the Reference Rate Determination Agent or the Calculation Agent, as applicable, will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Principal Paying Agent and the Certificateholders, unless the Issuer, the Calculation Agent or the Reference Rate Determination Agent determines at a later date that the Replacement Reference Rate is no longer substantially comparable to the Reference Rate or does not constitute an industry accepted successor rate, in which case the Calculation Agent shall appoint or re-appoint a Reference Rate Determination Agent, as the case

TERMS AND CONDITIONS OF THE CERTIFICATES

may be (which may or may not be the same entity as the original Reference Rate Determination Agent or the Calculation Agent) for the purpose of confirming the Replacement Reference Rate or determining a substitute Replacement Reference Rate in an identical manner as described in this Condition 3(c)(iii)(1)(C). If the replacement Reference Rate Determination Agent or the Calculation Agent, as applicable, is unable to or otherwise does not determine a substitute Replacement Reference Rate, then the Replacement Reference Rate will remain unchanged.

The Reference Rate Determination Agent may be:

- (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Specified Currency as appointed by the Calculation Agent;
- (y) the Issuer or the Guarantor; or
- (z) an affiliate of the Issuer, the Guarantor or the Calculation Agent.

If the relevant Reference Rate Fallback Event may also constitute an Administrator/Benchmark Event in the determination of the Calculation Agent pursuant to Condition 9 (*Additional Disruption Events*), the provisions of this Condition 3(c)(iii)(1)(C) will apply.

Notwithstanding anything to the contrary in the provisions of (and all provisions referred to in) this Condition 3(c)(iii)(1)(C), the Issuer, the Calculation Agent or Reference Rate Determination Agent (as applicable) may make all determinations and/or adjustments and take all actions in respect of the Certificates as are provided for in connection with a Reference Rate Fallback Event or Administrator/Benchmark Event, as applicable, notwithstanding that such Reference Rate Fallback Event or Administrator/Benchmark Event, as applicable, may have occurred before the Issue Date of the Certificates.

publication, there is no successor administrator that will continue to provide the Swiss Average Rate Overnight; or

- (ii) a public statement or publication of information by the SARON Administrator or any competent authority announcing that (x) the Swiss Average Rate Overnight is no longer representative or will as of a certain date no longer be representative, or (y) the Swiss Average Rate Overnight may no longer be used after a certain date, which statement, in the case of sub-clause (y), is applicable to (but not necessarily limited to) fixed income securities and derivatives;

“SNB Adjustment Spread” means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Certificateholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for the purposes of determining SARON, which spread will be determined by the Calculation Agent in its sole and absolute discretion, taking into account the historical median between the Swiss Average Rate Overnight and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred).

If the applicable Final Terms specify a Maximum Profit Rate for any Profit Period, then, in the event that the Rate of Profit in respect of such Profit Period determined in accordance with the provisions of Conditions 3(b)(ii) and 3(c) (as appropriate) is greater than such Maximum Profit Rate, the Rate of Profit for such Profit Period shall be such Maximum Profit Rate.

In the case of Index Linked Profit Certificates, Share Linked Profit Certificates, Commodity Linked Profit Certificates, Foreign Exchange (FX) Rate Linked Profit Certificates, Fund Linked Profit Certificates, ETI Linked Profit Certificates, Hybrid Profit Certificates, Certificates with profit linked to other Underlying References, where the Rate of Profit and/or the Profit Amount (whether on any Periodic Payment Date, early redemption, maturity or otherwise) falls to be determined by reference to one or more Indices, Shares, Commodity or Commodity Indices, formulae, exchange rates, fund share, units or interests (or any combination thereof) and/or otherwise, the Rate of Profit and/or the Profit Amount shall be determined in the manner specified in the applicable Final Terms.

(e) ***Profit Payments***

Profit will be paid subject to and in accordance with the provisions of Condition 4 (*Payments, Physical Delivery and Exchange of Profit Talons*). Profit will cease to be payable on each Certificate (or, in the case of the redemption of part only of a Certificate, that part only of such Certificate) on the due date for redemption thereof unless payment of principal or the payment, and/or delivery of the Entitlement (as defined below) (if applicable), is improperly withheld or refused, in which event profit will continue to be payable (as well after as before any judgment) at the Rate of Profit or as otherwise provided in the applicable Final Terms until whichever is the earlier of (i) the day on which all sums due and/or assets deliverable in respect of such Certificate up to that day are received by or on behalf of the holder of such Certificate and (ii) the day on which the Principal Paying Agent or any agent appointed by the Issuer to deliver such assets to Certificateholders has notified the holder thereof (either in accordance with Condition 13 (*Notices*) or individually) of receipt of all sums due and/or assets deliverable in respect thereof up to that date. Therefore, to the extent that English law would (but for the provisions of Condition 3 (*Profit*) or Condition 4 (*Payments, Physical Delivery and Exchange of Profit Talons*)) impose, whether by contract or by statute, any obligation to pay interest, the parties hereby irrevocably and unconditionally expressly waive and reject any entitlement to recover interest from each other.

(g) ***Credit Certificates***

In the case of Credit Certificates, these provisions shall be subject to the provisions contained in Annex 8 – “Additional Terms and Conditions for Credit Certificates”.

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Certificate (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Certificate at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Certificate appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear or Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (the “**Record Date**”). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Certificates held by a holder is less than US\$250,000 (or integral multiples of US\$1,000 in excess thereof) (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, “**Designated Account**” means the account maintained by a holder with a Designated Bank and identified as such in the Register and “**Designated Bank**” means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of profit and payments of instalments of principal (other than the final instalment) in respect of each Registered Certificate (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Certificate appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear or Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at their address shown in the Register on the Record Date and at their risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of profit in respect of a Registered Certificate, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of profit (other than profit due on redemption) and instalment of principal (other than the final instalment) in respect of the Registered Certificates which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the profit due in respect of each Registered Certificate on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Certificate.

Holders of Registered Certificates will not be entitled to any profit or other payment for any delay in receiving any amount due in respect of any Registered Certificate as a result of a cheque posted in accordance with this Condition 4 arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to

such holders by the Registrar in respect of any payments of principal or profit in respect of the Registered Certificates.

None of the Issuer, the Guarantor or any of the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal in respect of instalments (if any), other than the last instalment, will (subject as provided below) be made against surrender of the relevant Receipt. Payment of the last instalment will be made against surrender of the relevant Bearer Certificate. Each Receipt must be presented for the payment of such instalment together with the relevant definitive Bearer Certificate against which the amount will be payable in respect of that instalment. If any definitive Bearer Certificates are redeemed or become repayable prior to the Maturity Date in respect thereof, principal will be payable on surrender of each such Certificate together with all unmatured Receipts appertaining thereto. Unmatured Receipts and Receipts presented without the definitive Bearer Certificates to which they appertain do not constitute obligations of the Issuer. All payments of profit and principal with respect to Bearer Certificates will be made only against presentation and surrender of the relevant Bearer Certificates, Profit Receipts or Receipts outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)) except as otherwise provided in the third succeeding paragraph in this Condition 4(a). No payments with respect to the Bearer Certificates will be made by mail to an address in the United States or by transfer to an account maintained by the holder in the United States.

Subject as provided below and subject also as provided in the applicable Final Terms, payments in respect of definitive Certificates (other than Foreign Exchange (FX) Rate Linked Certificates) denominated in a Specified Currency (other than euro) or, in the case of Foreign Exchange (FX) Rate Linked Certificates, payable in a Specified Currency (other than euro) will (subject as provided below) be made by a cheque in the Specified Currency drawn on, or, at the option of the holder and upon 15 days' prior notice to the Principal Paying Agent, by transfer to an account in the Specified Currency maintained by the payee with, a bank in the principal financial centre of the country of the Specified Currency. Payments in euro will be made by credit or transfer to a euro account or any other account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by euro-cheque. The applicable Final Terms may also contain provisions for variation of settlement where, for reasons beyond the control of the Issuer or any Certificateholder (including, without limitation, unlawfulness, illegality, impossibility, force majeure, non-transferability or the like, each a "**Payment Disruption Event**"), the Issuer is not able to make, or any Certificateholder is not able to receive, as the case may be, payment on the due date and in the Specified Currency of any amount of principal or profit due under the Certificates.

Payments of principal and profit (if any) in respect of Certificates represented by any Global Certificate will be made in the manner specified above and otherwise in the manner specified in the relevant Global Certificate against presentation or surrender, as the case may be, of such Global Certificate at the specified office of any Paying Agent outside of the United States. A record of each payment made on such Global Certificate, distinguishing between any payment of principal and any payment of profit, will be made on such Global Certificate by the Paying Agent to which such Global Certificate is presented for the purpose of making such payment, and such record shall be prima facie evidence that the payment in question has been made.

TERMS AND CONDITIONS OF THE CERTIFICATES

Notwithstanding the foregoing, payments in respect of Bearer Certificates denominated and payable in US dollars will be made at the specified office of any Paying Agent in the United States if (a) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount due on the Bearer Certificates in the manner provided above when due and (b) payment of the full amount due at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions.

The holder of the relevant Global Certificate shall be the only person entitled to receive payments in respect of Certificates represented by such Global Certificate and the payment obligations of the Issuer or the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of Certificates must look solely to Euroclear and/or Clearstream, Luxembourg, as the case may be, for their share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Certificate. No person other than the holder of the relevant Global Certificate shall have any claim against the Issuer or the Guarantor in respect of any payments due on that Global Certificate.

Fixed Profit Rate Bearer Certificates in definitive form should be presented for payment with all unmatured Profit Receipts appertaining thereto (which expression shall include Profit Receipts to be issued on exchange of Profit Talons which will have matured on or before the relevant redemption date), failing which the full amount of any missing unmatured Profit Receipt (or, in the case of payment not being made in full, that proportion of the full amount of such missing unmatured Profit Receipt which the sum so paid bears to the total amount due) will be deducted from the sum due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of the relevant missing Profit Receipt within a period of 10 years from the Relevant Date (as defined in Condition 6 (*Taxation*)) for the payment of such sum due for payment, whether or not such Profit Receipt has become void pursuant to Condition 8 (*Prescription*) or, if later, five years from the due date for payment of such Profit Receipt. Upon any Fixed Profit Rate Bearer Certificate becoming due and repayable prior to its Maturity Date, all unmatured Profit Talons (if any) appertaining thereto will become void and no further Profit Receipts will be issued in respect thereof.

Upon the due date for redemption of any Floating Profit Rate Certificate, Index Linked Profit Certificate, Index Linked Redemption Certificate, Share Linked Profit Certificate, Share Linked Redemption Certificate, Commodity Linked Profit Certificate, Commodity Linked Redemption Certificate, Foreign Exchange (FX) Rate Linked Profit Certificate, Foreign Exchange (FX) Rate Linked Redemption Certificate, Fund Linked Profit Certificate, Fund Linked Redemption Certificate, ETI Linked Profit Certificate, ETI Linked Redemption Certificate, Hybrid Profit Certificate, Hybrid Redemption Certificate, Sukuk Linked Certificate, Credit Certificate or Certificate with profit or redemption amount linked to other Underlying References in definitive bearer form all unmatured Profit Receipts relating to such Certificate (whether or not attached) shall become void and no payment shall be made in respect of them. Where any Floating Profit Rate Certificate, Index Linked Profit Certificate, Index Linked Redemption Certificate, Share Linked Profit Certificate, Share Linked Redemption Certificate, Commodity Linked Profit Certificate, Commodity Linked Redemption Certificate, Foreign Exchange (FX) Rate Linked Profit Certificate, Foreign Exchange (FX) Rate Linked Redemption Certificate, Fund Linked Profit Certificate, Fund Linked Redemption Certificate, ETI Linked Profit Certificate, ETI Linked Redemption Certificate, Hybrid Profit Certificate, Hybrid Redemption Certificate, Sukuk Linked Certificate, Credit Certificate or Certificate with profit or redemption amount linked to other Underlying References is presented for redemption without all unmatured Profit Receipts appertaining thereto, payment of all amounts due in relation to such Certificate shall be made only against the provision of such indemnity of the Issuer or the Guarantor.

TERMS AND CONDITIONS OF THE CERTIFICATES

If any date for payment of any amount in respect of any Certificate, Receipt or Profit Receipt is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any profit or other sum in respect of any such delay.

For these purposes, “**Payment Day**” means any day which (subject to Condition 8 (*Prescription*)) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Certificates in definitive form, the relevant place of presentation;
 - (B) each Financial Centre (other than TARGET2 System) specified in the applicable Final Terms; or
 - (C) if TARGET2 System is specified as a Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open; and
- (ii) in relation to any sum payable in euro, a day on which the TARGET2 System is open. If the due date for redemption of any profit bearing Certificate in definitive form is not a due date for the payment of profit relating thereto, profit accrued in respect of such Certificate from (and including) the last preceding due date for the payment of profit (or from the Profit Commencement Date) will be paid against surrender of such Certificate.

On and after the Periodic Payment Date on which the final Profit Receipt comprised in any Profit Receipt sheet matures, the Profit Talon (if any) forming part of such Profit Receipt sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Profit Receipt sheet including (if such further Profit Receipt sheet does not include Profit Receipts to, and including, the final date for the payment of profit due in respect of the Certificate to which it appertains) a further Profit Talon, subject to the provisions of Condition 8 (*Prescription*). Each Profit Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Periodic Payment Date on which the final Profit Receipt comprised in the relative Profit Receipt sheet matures.

If the determination of any amount (whether in respect of principal, profit or otherwise) due in respect of the Certificates on a Periodic Payment Date, Instalment Date, early redemption date or the Maturity Date (such date a “**Scheduled Payment Date**”) is calculated by reference to the valuation of one or more Underlying Reference(s) and the date (or final date, as the case may be) for such valuation is postponed or delayed as provided in the Terms and Conditions or in the applicable Final Terms to a date (such date the “**Delayed Date**”) falling after the day that is two Business Days preceding such Scheduled Payment Date, notwithstanding any provision to the contrary in the Terms and Conditions or in the applicable Final Terms, such Periodic Payment Date, Instalment Date, early redemption date or the Maturity Date, as the case may be, shall be postponed to the day falling two Business Days following such Delayed Date and no profit or other amount shall be payable on the Certificates in respect of such delay.

The names of the initial Principal Paying Agent and the other initial Paying Agents and their initial specified offices are set out below. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other

TERMS AND CONDITIONS OF THE CERTIFICATES

Paying Agents and/or to approve any change in the specified office of any Paying Agent, provided that:

- (A) so long as any Certificates are listed on any stock exchange, there will at all times be a Paying Agent, which may be the Principal Paying Agent (in the case of Bearer Certificates) and a Transfer Agent, which may be the Registrar (in the case of Registered Certificates) with a specified office in the place required by the rules and regulations of the relevant stock exchange; and
- (B) there will at all times be a Principal Paying Agent and a Registrar; and
- (C) there will at all times be a Paying Agent in a jurisdiction within continental Europe other than the jurisdiction of the Issuer.

In addition, the Issuer shall immediately appoint a Paying Agent having a specified office in New York City in the circumstances described in this Condition 4(a). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice shall have been given to the Certificateholders in accordance with Condition 13 (*Notices*).

Payments in respect of the Certificates will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment or other laws and regulations to which the Issuer, the Guarantor or its Agents are subject, but without prejudice to the provisions of Condition 6 (*Taxation*), (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 6 (*Taxation*)) any law implementing an intergovernmental approach thereto, and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code. In addition, and if the Certificates are deemed to be Specified Certificates (as specified in the applicable Final Terms) for the purpose of Section 871(m) of the Code, in determining the amount of withholding or deduction required pursuant to Section 871(m) of the Code imposed with respect to any amounts to be paid on the Certificates, the Issuer shall be entitled to withhold on any "dividend equivalent" payment (as defined for purposes of Section 871(m) of the Code) at a rate of 30 per cent.

Payments on the Certificates that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70 per cent. In such case, in calculating the relevant payment amount, the Issuer may withhold, and the holder may be deemed to receive, 30 per cent. of any "dividend equivalent" payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

If Condition 4(b)(ii) (*Variation of Settlement*) applies, the form of Asset Transfer Notice required to be delivered will be different from that set out above. Copies of such Asset Transfer Notice may be obtained from the Registrar or any Paying Agent.

(B) Verification of the Certificateholder

In the case of Certificates represented by a Global Certificate, upon receipt of an Asset Transfer Notice, the relevant clearing system shall verify that the person delivering the Asset Transfer Notice is the holder of the Certificates described therein according to its records. Subject thereto, the relevant clearing system will confirm to the Principal Paying Agent the series number and number of Certificates the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Certificate. Upon receipt of such confirmation, the Principal Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant clearing system will on or before the Delivery Date or (in the case of Credit Certificates) the Delivery Date (as defined in the Credit Certificate Conditions), as the case may be, debit the securities account of the relevant Certificateholder with the relevant Certificates.

Upon receipt of an Asset Transfer Notice, and the relevant Certificates into its Euroclear France account, the Principal Paying Agent will inform the Issuer and any Delivery Agent thereof.

(C) Determinations and Delivery

TERMS AND CONDITIONS OF THE CERTIFICATES

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Certificates represented by a Global Certificate, by the relevant clearing system or, in the case of Certificates in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor, the Principal Paying Agent(s), any Delivery Agent and the relevant Certificateholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in Condition 4(b)(i)(A) (*Asset Transfer Notices*), shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Certificates represented by a Global Certificate, the relevant clearing system, or, in the case of Certificates in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant clearing system, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Certificateholder may not transfer the Certificates which are the subject of such notice.

The Entitlement will be delivered at the risk of the relevant Certificateholder, in the manner provided below on the date fixed for redemption (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**") or in the case of Credit Certificates, Delivered at the risk of the relevant Certificateholder, in the manner provided below on the Delivery Date (as defined in the Credit Certificate Conditions), provided that the Asset Transfer Notice is duly delivered as provided above on or prior to the Cut-Off Date.

If a Certificateholder fails to give an Asset Transfer Notice as provided herein with a copy to the Principal Paying Agent and the Delivery Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Delivery Date) or (in the case of Credit Certificates) the original date fixed for delivery at the risk of such Certificateholder in the manner provided below. For the avoidance of doubt, in such circumstances such Certificateholder shall not be entitled to any payment, whether of profit or otherwise, as a result of such Delivery Date falling after the date fixed for redemption or the original date fixed for delivery, as applicable, and no liability in respect thereof shall attach to the Issuer or the Guarantor, if any.

The Issuer (or any Delivery Agent on its behalf) shall at the risk of the relevant Certificateholder, deliver or procure the delivery of the Entitlement for each Certificate or (in the case of Credit Certificates) Deliver the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, in such manner as the Calculation Agent shall in its sole and absolute discretion determine and notify to the person designated by the Certificateholder in the relevant Asset Transfer Notice or in such manner as is specified in the applicable Final Terms. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes (the "**Expenses**") arising from the delivery of the Entitlement or the Delivery of the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, as the case may be, in respect of such Certificates shall be for the account of the relevant Certificateholder and no delivery of the Entitlement or the Delivery of the Deliverable Obligations, obligations and/or other assets comprising the

TERMS AND CONDITIONS OF THE CERTIFICATES

Entitlement, as the case may be, shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Certificateholder.

(D) General

Certificates held by the same Certificateholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Certificates, provided that, the aggregate Entitlements in respect of the same Certificateholder will be rounded down to the nearest whole unit of the relevant asset or each of the relevant assets (as the case may be) comprising the Entitlement (the “**Relevant Assets**”) in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and *in lieu* thereof a cash adjustment calculated by the Calculation Agent in its sole and absolute discretion shall be paid to the Certificateholder.

Following the Delivery Date of a Share or ETI Interest all dividends on the relevant Shares or ETI Interests to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares or ETI Interests executed on the Delivery Date and to be delivered in the same manner as such relevant Shares or ETI Interest. Any such dividends to be paid to a Certificateholder will be paid to the account specified by the Certificateholder in the relevant Asset Transfer Notice as referred to in Condition 4(b)(i)(A) (*Asset Transfer Notices*).

For such period of time after delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Entitlement (the “**Intervening Period**”), none of the Issuer, the Guarantor, the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Certificateholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Certificateholder in respect of any loss or damage which such Certificateholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

(E) Settlement Disruption

The provisions of this Condition 4(b)(i)(E) apply to Certificates other than Credit Certificates.

If, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms or such manner as the Calculation Agent in its sole and absolute discretion has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Certificate by delivering the Entitlement using such other manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be

TERMS AND CONDITIONS OF THE CERTIFICATES

the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then *in lieu* of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 13 (*Notices*). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 13 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 13 (*Notices*) that a Settlement Disruption Event has occurred. No Certificateholder shall be entitled to any payment in respect of the relevant Certificate in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

“Disruption Cash Redemption Amount”, in respect of any relevant Certificate, shall be the fair market value of such Certificate (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets) less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion;

“Settlement Business Day” has the meaning specified in the applicable Final Terms; and

“Settlement Disruption Event” means, in the opinion of the Calculation Agent or, if the proviso in the second paragraph of Condition 2(b) (*Status and terms of the Guarantee*) applies, the Guarantor, an event beyond the control of the Issuer or the Guarantor, as the case may be, as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(F) Failure to Deliver due to Illiquidity

The provisions of this Condition 4(b)(i)(F) apply to the Certificates other than Credit Certificates.

If **“Failure to Deliver due to Illiquidity”** is specified as applying in the applicable Final Terms and, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the **“Affected Relevant Assets”**) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a **“Failure to Deliver due to Illiquidity”**), then:

- (1) subject as provided elsewhere in these Terms and Conditions, any Relevant Assets which are not Affected Relevant Assets will be delivered on the originally designated date of redemption in accordance with this Condition 4(b) (*Physical Delivery*); and
- (2) in respect of any Affected Relevant Assets, *in lieu* of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its

TERMS AND CONDITIONS OF THE CERTIFICATES

sole and absolute discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Failure to Deliver Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 13 (*Notices*). Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 13 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 13 (*Notices*) that the provisions of this Condition 4(b)(i)(F) apply.

For the purposes hereof, “**Failure to Deliver Redemption Amount**” in respect of any relevant Certificate shall be the fair market value of such Certificate (taking into account the value of such Relevant Assets, other than the value of the Relevant Assets comprising the Entitlement which have been duly delivered as provided above), less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion.

(ii) Variation of Settlement

- (A) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Certificates, the Issuer may at its sole and absolute discretion in respect of each such Certificate elect not to pay the relevant Certificateholders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Certificateholders, as the case may be, but, *in lieu* thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Certificateholders, as the case may be. Notification of such election will be given to Certificateholders in accordance with Condition 13 (*Notices*).
- (B) If specified in the applicable Final Terms, the Issuer shall, in respect of each Certificate, *in lieu* of delivering or procuring the delivery of the Entitlement to the relevant Certificateholders, make payment of the Final Redemption Amount on the Maturity Date to the relevant Certificateholders.

(iii) Issuer’s Option to Substitute Assets or to pay the Alternate Cash Redemption Amount

Notwithstanding any provision of these Terms and Conditions to the contrary, the Issuer may, in its sole and absolute discretion in respect of such Certificates, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprises Shares or ETI Interests which are not freely tradable, elect either (A) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion of such other Shares or ETI Interests which the Calculation Agent determines in its sole and absolute discretion are freely tradable (the “**Substitute Asset**” or the “**Substitute Assets**”, as the case may be) or (B) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Certificateholders, but *in lieu* thereof to make payment to the relevant Certificateholder on the Delivery Date of an amount equal to the fair market value of the Entitlement on the Valuation Date (as defined in the applicable Product Conditions) as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the “**Alternate Cash Redemption Amount**”). Notification of any such election will be given to Certificateholders in accordance with Condition 13 (*Notices*) and in the event that

TERMS AND CONDITIONS OF THE CERTIFICATES

the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a “**freely tradable**” Share or an ETI Interest shall mean (i) with respect to the United States, a Share or an ETI Interest, as the case may be, which is registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or not restricted under the Securities Act and which is not purchased from the issuer of such Share or an ETI Interest, as the case may be, and not purchased from an affiliate of the issuer of such Share or an ETI Interest, as the case may be, or which otherwise meets the requirements of a freely tradable Share or an ETI Interest, as the case may be, for purposes of the Securities Act, in each case, as determined by the Calculation Agent in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a Share or an ETI Interest, as the case may be, not subject to any legal restrictions on transfer in such jurisdiction.

(iv) Rights of Certificateholders and Calculations

None of the Issuer, the Guarantor, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Certificates.

The purchase of Certificates does not confer on any holder of such Certificates any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(c) **Substitution of Assets no longer Sharia compliant**

If the Issuer becomes aware that Assets are no longer in compliance with the principles of Sharia (a “**Non-Sharia Compliant Asset**”), the Issuer shall be entitled (but shall not be obliged) without prior notice given to the Certificateholders to sell or replace such Non-Sharia Compliant Asset in each case as the Issuer may in its sole and absolute discretion select or upon such terms as the Issuer may in its sole and absolute discretion consider necessary or appropriate.

(d) **Additional Provisions for Credit Certificates**

In the case of Credit Certificates, the provisions contained in Annex 8 – “Additional Terms and Conditions for Credit Certificates” shall apply.

5 Redemption and Purchase

(a) **Final Redemption**

Unless previously redeemed or purchased and cancelled as provided below, each Certificate will be redeemed by the Issuer at its relevant Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the Specified Currency on the Maturity Date specified in the applicable Final Terms or, if Physical Settlement is specified as applicable in the applicable Final Terms (each such Certificate a “**Physical Delivery Certificate**”) by delivery of the Entitlement specified in the applicable Final Terms (as provided in Condition 4(b) (*Physical Delivery*)) or, in the case of Credit Certificates or Sukuk Linked Certificates, at the relevant amount and/or by delivery as specified in the Credit Certificate Conditions or the Sukuk Certificate Conditions, respectively. This Certificate may not be redeemed other than in accordance with these Terms and Conditions. Payment of the Final Redemption Amount will be subject to deduction for any tax, duties or charges that the Issuer or a Sharia Transaction

TERMS AND CONDITIONS OF THE CERTIFICATES

Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates.

(b) **Redemption for Taxation Reasons**

The provisions of this Condition 5(b) shall not apply if Condition 6(b) (*No Gross-up*) is specified as applicable in the applicable Final Terms.

- (i) If the Issuer or the Guarantor would, as a result of any change in, or in the official interpretation or administration of, any laws or regulations of France (in the case of payments by the Guarantor) or the Netherlands (in the case of payments by the Issuer) or in either case any other authority thereof or therein be required to pay additional amounts as provided in Condition 6 (*Taxation*), the Issuer may at its option at any time (in the case of Certificates other than Floating Profit Rate Certificates) or on any Periodic Payment Date (in the case of Floating Profit Rate Certificates) on giving not more than 45 nor less than 30 days' notice to the Certificateholders (in accordance with Condition 13 (*Notices*)) which notice shall be irrevocable, redeem all, but not some only, of the Certificates at their Early Redemption Amount (as defined below) together with profit payable to the date fixed for redemption (unless included in the calculation of the Early Redemption Amount), provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date upon which the Issuer could make payment without withholding for such taxes.
- (ii) If the Issuer or the Guarantor would, on the next due date for payment of any amount in respect of the Certificates, be prevented by French law (in the case of payments by the Guarantor) or Dutch law (in the case of payments by the Issuer) from making such payment notwithstanding the undertaking to pay additional amounts as provided in Condition 6 (*Taxation*), then the Issuer shall forthwith give notice of such fact to the Principal Paying Agent and shall at any time (in the case of Certificates other than Floating Profit Rate Certificates) or on any Periodic Payment Date (in the case of Floating Profit Rate Certificates) redeem all, but not some only, of the Certificates then outstanding at their Early Redemption Amount (as defined below) together with profit payable to the date fixed for redemption (unless included in the calculation of the Early Redemption Amount), upon giving not less than seven nor more than 45 days' prior notice to the Certificateholders (in accordance with Condition 13 (*Notices*)), provided that the due date for redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of profit payable in respect of the Certificates or, if such date has already passed, as soon as practicable thereafter.

(c) **Redemption at the Option of the Issuer (Issuer Call)**

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' (or such other period specified in the applicable Final Terms) (the "**Notice Period**") notice to the Certificateholders in accordance with Condition 13 (*Notices*); and
- (ii) not less than 15 days (or such other Notice Period specified in the applicable Final Terms) before the giving of the notice referred to in Condition 5(c)(i), notice to the Principal Paying Agent, (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Certificates then outstanding on any Optional Redemption Date at the Optional Redemption Amount(s) specified in, or determined on the Optional Redemption Valuation Date in the manner specified in, the applicable Final Terms together, if

TERMS AND CONDITIONS OF THE CERTIFICATES

appropriate, with profit payable to (but excluding) the relevant Optional Redemption Date (unless included in the calculation of the Optional Redemption Amount). Any partial redemption must be of a nominal amount equal to the Minimum Redemption Amount or a Higher Redemption Amount. In the case of a partial redemption of Certificates, the Certificates to be redeemed (the “**Redeemed Certificates**”) will be selected individually by lot, in the case of Redeemed Certificates represented by definitive Certificates, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Certificates represented by a Global Certificate, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the “**Selection Date**”). In the case of Redeemed Certificates represented by definitive Certificates, a list of the serial numbers of such Redeemed Certificates will be published in accordance with Condition 13 (*Notices*) not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Certificates represented by definitive Certificates shall bear the same proportion to the aggregate nominal amount of all Redeemed Certificates as the aggregate nominal amount of definitive Certificates outstanding bears to the aggregate nominal amount of the Certificates outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Certificates represented by a Global Certificate shall be equal to the balance of the Redeemed Certificates. No exchange of the relevant Global Certificate will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 5(c) and notice to that effect shall be given by the Issuer to the Certificateholders in accordance with Condition 13 (*Notices*) at least five days prior to the Selection Date.

Payment of the Optional Redemption Amount will be subject to deduction for any tax, duties, or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates.

(d) ***Redemption at the Option of the Certificateholders (Certificateholder Put)***

If Certificateholder Put is specified in the applicable Final Terms, upon a Certificateholder giving to the Issuer in accordance with Condition 13 (*Notices*) not less than 15 nor more than 30 days’ (or such other period specified in the applicable Final Terms) (the “**Notice Period**”) notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Certificate on the Optional Redemption Date at the Optional Redemption Amount specified in, or determined on the Optional Redemption Valuation Date in the manner specified in, the applicable Final Terms together, if appropriate, with profit payable to (but excluding) the relevant Optional Redemption Date (unless included in the calculation of the Optional Redemption Amount).

If this Certificate is in definitive form and held outside Euroclear and Clearstream, Luxembourg, to exercise the right to require redemption of this Certificate the relevant Certificateholder must deliver at the specified office of the Registrar or, as the case may be, any Paying Agent at any time during normal business hours of such Registrar or Paying Agent falling within the Notice Period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of the Registrar or any Paying Agent (a “**Put Notice**”) and in which the Certificateholder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 5(d), accompanied by this Certificate or evidence satisfactory to the Registrar or the Paying Agent concerned that this Certificate will, following delivery of the Put Notice, be held to its order or under its

TERMS AND CONDITIONS OF THE CERTIFICATES

control in accordance with the Agency Agreement. Such a meeting may be convened by the Issuer, the Guarantor or Certificateholders holding not less than 5 per cent in nominal amount of the Certificates for the time being remaining outstanding. At any meeting one or more persons present holding or representing not less than 20 per cent in nominal amount of Certificates for the time being outstanding shall (except for the purpose of passing an Extraordinary Resolution (as defined in the Agency Agreement)) form a quorum for the transaction of business. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent in nominal amount of the Certificates for the time being outstanding, or at any adjourned meeting one or more persons being or representing Certificateholders whatever the nominal amount of the Certificates so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Certificates, Receipts or Profit Receipts (including modifying the date of maturity of the Certificates or any date for payment of profit thereof, reducing or cancelling the amount of principal or the rate of profit payable in respect of the Certificates or altering the currency of payment of the Certificates, Receipts or Profit Receipts), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two-thirds, or at any such adjourned meeting not less than one-third, in nominal amount of the Certificates for the time being outstanding. The Agency Agreement provides that (i) a resolution passed at a meeting duly convened and held in accordance with the provisions of the Agency Agreement by a majority of not less than 75 per cent. or (ii) consent given by way of electronic consents through the relevant clearing system(s) by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Certificates for the time being outstanding shall, in each case, be effective as an Extraordinary Resolution of the Certificateholders. An Extraordinary Resolution passed by Certificateholders will be binding on all the Certificateholders, whether or not they are present at any meeting and whether or not they voted on the resolution, and on all holders of Receipts or holders of Profit Receipts.

The Principal Paying Agent and the Issuer may agree, without the consent of the Certificateholders, holders of Receipts or holders of Profit Receipts, to:

Any such modification shall be binding on the Certificateholders, the holders of Receipts and the holders of Profit Receipts and any such modification shall be notified to the Certificateholders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter.

15 **Agents and Registrar**

In acting under the Agency Agreement, the Agents will act solely as agents of each of the Issuer and Guarantor and do not assume any obligations or relationship of agency or trust to or with the Certificateholders, holders of Receipts or holders of Profit Receipts, except that (without affecting the obligations of the Issuer and the Guarantor to the Certificateholders, the

TERMS AND CONDITIONS OF THE CERTIFICATES

The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Paying Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Certificateholders, the holders of Receipts or the holders of Profit Receipts for any resulting profit.

16 **Contracts (Rights of Third Parties) Act 1999**

The Certificates shall not confer any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Certificates, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

17 **Governing Law and submission to jurisdiction**

(a) ***Governing law***

The Agency Agreement, the Guarantee, the Certificates, the Receipts and/or the Profit Receipts, and any non-contractual obligations arising out of or in connection with the Agency Agreement, the Guarantee, the Certificates, the Receipts and the Profit Receipts, are governed by, and shall be construed in accordance with, English law.

Subject to (e) below, the courts of England shall have exclusive jurisdiction to settle all disputes which may, directly or indirectly, arise out of or in connection with the Certificates, the Guarantee, the Receipts and/or the Profit Receipts (including any disputes relating to any non-contractual obligations arising out of or in connection with the Certificates, the Guarantee, the Receipts and/or the Profit Receipts) (a "**Dispute**") and each of the Issuer and the Guarantor submits and each Certificateholder (by its acquisition of a Certificate) is deemed to submit to the exclusive jurisdiction of the English courts. For the purposes of this Condition, each of the Issuer and the Guarantor waives and each Certificateholder (by its acquisition of a Certificate) is deemed to waive any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

(c) ***Appointment of Process Agent***

The Issuer hereby appoints BNP Paribas, London branch, currently of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department) as its agent in England to receive service of process in England in any proceedings related to the Certificates, the Receipts and/or the Profit Receipts. If for any reason such process agent ceases to act as such or no longer has an address in England, the Issuer agrees to appoint a substitute process agent and to notify the Certificateholders of such appointment. Nothing in these provisions shall affect the right to serve process in any other manner permitted by law.

(d) ***Other documents***

The Issuer has in the Agency Agreement submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

(e) **Essential Trigger**

If Essential Trigger is specified as applicable in the applicable Final Terms and, to the extent that any proceedings in respect of the Certificates involve consumers (as such term is used in Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (the “**Brussels Recast Regulation**”)), notwithstanding Condition 17(b), the Issuer agrees that it will, and such consumers may, in respect of any Dispute in respect of the Certificates, take proceedings in the jurisdictions specified in Article 18 of the Brussels Recast Regulation.

18 **Recognition of Bail-in and Loss Absorption**

- (i) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below), which may include and result in any of the following, or some combination thereof:
 - (A) the reduction of all, or a portion, of the Amounts Due (as defined below);
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer (or the Guarantor) or another person (and the issue to the Certificateholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Certificates (or the Guarantee), in which case the Certificateholder agrees to accept in lieu of its rights under the Certificates (or the Guarantee) any such shares, other securities or other obligations of the Issuer (or the Guarantor) or another person;
 - (C) the cancellation of the Certificates (or the Guarantee); and/or
 - (D) the amendment or alteration of the maturity of the Certificates (or the Guarantee) or amendment of the amount of profit payable on the Certificates (or the Guarantee), or the date on which the profit becomes payable, including by suspending payment for a temporary period;
- (ii) that the terms of the Certificates (or the Guarantee) are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority (each as defined below).

For these purposes, the “**Amounts Due**” are the amounts payable on, or the Entitlement deliverable in respect of, each Certificate that has not been previously cancelled or is otherwise no longer due or the amounts payable by the Guarantor under the Guarantee.

(b) **Bail-in or Loss Absorption Power**

For these purposes, the “**Bail-in or Loss Absorption Power**” is:

(c) **Payment of Profit and Other Outstanding Amounts Due**

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Issuer (or the Guarantor) unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer (or the Guarantor) under the laws and regulations in effect in France and the European Union applicable to the Issuer (or the Guarantor) or other members of its group.

(d) **No default**

Neither a cancellation of the Certificates, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer (or the Guarantor) or another person, as a result of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Issuer (or

TERMS AND CONDITIONS OF THE CERTIFICATES

the Guarantor), nor the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Certificates will be a default or otherwise constitute non-performance of a contractual obligation, or entitle the Certificateholder to any remedies (including equitable remedies) which are hereby expressly waived.

(e) ***Notice to Certificateholders***

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Certificates, the Issuer (or the Guarantor) will give notice to the Certificateholders in accordance with Condition 13 (*Notices*) as soon as practicable regarding such exercise of the Bail-in or Loss Absorption Power. The Issuer (or the Guarantor) will also deliver a copy of such notice to the Principal Paying Agent for information purposes, although the Principal Paying Agent shall not be required to send such notice to Certificateholders. Any delay or failure by the Issuer (or the Guarantor) to give notice shall not affect the validity and enforceability of the Bail-in or Loss Absorption Power nor the effects on the Certificates described in Condition 18(a) above.

(f) ***Duties of Principal Paying Agent***

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority, the Issuer (or the Guarantor) and each Certificateholder (including each holder of a beneficial interest in the Certificates) hereby agree that (a) the Principal Paying Agent shall not be required to take any directions from Certificateholders, and (b) the Agency Agreement shall impose no duties upon the Principal Paying Agent whatsoever, in each case with respect to the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-In or Loss Absorption Power by the Relevant Resolution Authority, any Certificates remain outstanding (for example, if the exercise of the Bail-In or Loss Absorption Power results in only a partial write-down of the Certificates), then the Principal Paying Agent's duties under the Agency Agreement shall remain applicable with respect to the Certificates following such completion to the extent that the Issuer (or the Guarantor) and the Principal Paying Agent shall agree pursuant to an amendment to the Agency Agreement.

(g) ***Pro-rating***

ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED CERTIFICATES

ANNEX 1 – ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED CERTIFICATES

The terms and conditions applicable to Index Linked Certificates shall comprise the Terms and Conditions of the Certificates set out from pages 54 to 132 (the “General Conditions”) and the additional Terms and Conditions for Index Linked Certificates set out below (the “Index Linked Conditions”), in each case as may be amended and or supplemented with additional terms and conditions as specified in the applicable Final Terms and subject to completion in the applicable Final Terms. In the event of any inconsistency between the General Conditions and the Index Linked Conditions, the Index Linked Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Index Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.

1. Market Disruption

“Market Disruption Event” means:

- (a) in respect of a Composite Index either:
 - (i)
 - (A) the occurrence or existence, in respect of any Component Security, of:
 - (1) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
 - (2) an Exchange Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or
 - (3) an Early Closure in respect of such Component Security; and
 - (B) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent or more of the level of such Index; or
 - (ii) the occurrence or existence, in respect of futures or options contracts relating to such Index, of: (a) a Trading Disruption; (b) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time in respect of the Related Exchange; or (c) an Early Closure, in each case in respect of such futures or options contracts.

For the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at that time, then the relevant percentage contribution of that Component Security to the level of such Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security to (y) the overall level of such Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market opening data; and

ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED CERTIFICATES

- (b) in the case of Indices other than Composite Indices, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the level of such Index triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time, or (iii) an Early Closure. For the purposes of determining whether a Market Disruption Event in respect of such Index exists at any time, if a Market Disruption Event occurs in respect of a security included in such Index at any time, then the relevant percentage contribution of that security to the level of such Index shall be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with General Condition 13 (*Notices*) of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been the Strike Date, an Averaging Date, an Observation Date, the Automatic Early Redemption Valuation Date or a Valuation Date, as the case may be.

2. Adjustments to an Index

(a) *Successor Index Sponsor Calculates and Reports an Index*

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the “**Successor Index Sponsor**”) acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the “**Successor Index**”) will be deemed to be the Index.

(b) *Modification and Cessation of Calculation of an Index*

If (i) on or prior to the last Averaging Date, last Observation Date, last Valuation Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an “**Index Modification**”), or permanently cancels a relevant Index and no Successor Index exists (an “**Index Cancellation**”), or (ii) on an Averaging Date, an Observation Date, a Valuation Date, a Knock-in Determination Day or Knock-out Determination Day, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an “**Index Disruption**” and, together with an Index Modification and an Index Cancellation, each an “**Index Adjustment Event**”), then,

In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Strike Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the relevant level or price using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the last such consecutive Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the last such consecutive Scheduled Trading Day of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the last such consecutive Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on the last such consecutive Scheduled Trading Day) and otherwise in accordance with the above provisions.

“**Trading Disruption**” means:

- (b) in the case of an Index which is not a Composite Index, any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (a) relating to securities that comprise 20 per cent or more of the level of such Index on any relevant Exchange(s) or (b) in futures or options contracts relating to such Index on any relevant Related Exchange.

“**Valuation Date**” means the Profit Valuation Date and/or the Redemption Valuation Date, as the case may be, specified in the applicable Final Terms or, if such day is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) in the case of Index Linked Certificates relating to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted

In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the Settlement Price by determining the level of the Index as of the Valuation Time on the last such consecutive Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the last such consecutive Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the last such consecutive Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on the last such consecutive Scheduled Trading Day); or

- (b) in the case of Index Linked Certificates relating to a Basket of Indices, the Valuation Date for each Index, not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index, affected (each an “**Affected Item**”) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the last such consecutive Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the last such consecutive Scheduled Trading Day of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the last such consecutive Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on the last such consecutive Scheduled Trading Day) and otherwise in accordance with the above provisions; and

“**Valuation Time**” means:

- (a) the Profit Valuation Time or the Valuation Time, as the case may be, specified in the applicable Final Terms; or

Time, as the case may be, is after the actual closing time for its regular trading session, then the Profit Valuation Time or Valuation Time, as the case may be, shall be such actual closing time.

7. Custom Index

Index Linked Conditions 8 (*Adjustments to a Custom Index and Custom Index Disruption*) to 12 (*Definitions relating to the Custom Indices*) apply if Custom Index is specified as applicable in the applicable Final Terms. In the event of any inconsistency between the provisions of Index Linked Conditions 8 (*Adjustments to a Custom Index and Custom Index Disruption*) to 12 (*Definitions relating to the Custom Indices*) and the other Index Linked Conditions, the provisions of Index Linked Conditions 8 (*Adjustments to a Custom Index and Custom Index Disruption*) to 12 (*Definitions relating to the Custom Indices*) shall prevail.

8. Adjustments to a Custom Index and Custom Index Disruption

(a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Custom Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the “**Successor Custom Index Sponsor**”) acceptable to the Calculation Agent, or (ii) replaced by a successor custom index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Custom Index, then in each case that custom index (the “**Successor Custom Index**”) will be deemed to be the Custom Index.

(b) Modification and Cessation of Calculation of a Custom Index and Custom Index Disruption

If (i) on or prior to the Strike Date, the last Valuation Date, the last Observation Date or the last Averaging Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Custom Index or in any other way materially modifies that Custom Index (other than a modification prescribed in that formula or method to maintain that Custom Index in the event of changes in constituent components and capitalisation, contracts or commodities and other routine events) (a “**Custom Index Modification**”), or permanently cancels a relevant Custom Index and no Successor Custom Index exists (a “**Custom Index Cancellation**”), or (ii) on the Strike Date, a Valuation Date, an Observation Date or an Averaging Date, the Index Sponsor or (if applicable) the Successor Custom Index Sponsor fails to calculate and announce a relevant Custom Index or it is not a Custom Index Business Day (a “**Custom Index Disruption**” and, together with a Custom Index Modification and a Custom Index Cancellation, each a “**Custom Index Adjustment Event**”), then:

- (i) in the case of Custom Index Linked Certificates relating to a single Custom Index where Scheduled Custom Index Business Days (Single Custom Index Basis) is specified as applicable in the applicable Final Terms, then:
 - (A) if the Custom Index Adjustment Event is a Custom Index Disruption which occurs or is occurring on the last Valuation Date, last Averaging Date or last Observation Date, then such Valuation Date, Averaging Date or Observation Date, as the case may be, shall be the first succeeding Scheduled Custom Index Business Day on which a Custom Index Disruption is not occurring, unless there is a Custom Index Disruption on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Valuation Date, Averaging Date or Observation Date, as the case may be, in which case the last such consecutive Scheduled Custom

Index Business Day shall be deemed to be the Valuation Date, Averaging Date or Observation Date, as the case may be, notwithstanding the Custom Index Disruption and the Calculation Agent shall determine the Settlement Price by using commercially reasonable efforts to determine the level of the Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the Custom Index last in effect prior to the occurrence of the Custom Index Disruption and using its good faith estimate of the value for the components of the Custom Index;

- (B) following a Custom Index Modification or Custom Index Cancellation at any time or a Custom Index Disruption (which in the latter case occurs or is occurring on the Strike Date, an Averaging Date (other than the last Averaging Date), an Observation Date (other than the last Observation Date) or a Valuation Date (other than the last Valuation Date), the Calculation Agent shall determine if such Custom Index Adjustment Event has a material effect on the Certificates and, if so:
- (1) if the Custom Index Adjustment Event is a Custom Index Disruption which occurs or is occurring on the Strike Date, an Averaging Date, a Valuation Date or an Observation Date, the Calculation Agent may determine that the Strike Date, a Valuation Date, relevant Averaging Date or an Observation Date, as the case may be, shall be the first succeeding Scheduled Custom Index Business Day (in the case of the Strike Date) or Valid Date (in the case of an Averaging Date, a Valuation Date or an Observation Date, as the case may be) unless there is a Custom Index Disruption on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Strike Date, Averaging Date, Valuation Date or Observation Date, as the case may be, in which case the Calculation Agent may determine that the last such consecutive Scheduled Custom Index Business Day shall be deemed to be the Strike Date, Averaging Date, Valuation Date or Observation Date, as the case may be (irrespective, in the case of an Averaging Date, a Valuation Date or an Observation Date, of whether that last consecutive Scheduled Custom Index Business Day is already an Averaging Date or Observation Date, as the case may be) and may determine the Settlement Price by using commercially reasonable efforts to determine a level of the Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the Custom Index last in effect prior to the occurrence of the Custom Index Disruption and using its good faith estimate of the value for the components of the Custom Index; or
 - (2) the Calculation Agent may use commercially reasonable efforts to select a successor index with a substantially similar strategy as the original Custom Index and, upon selection of such index, the Calculation Agent shall promptly notify the Certificateholders and such index shall become the Successor Custom Index and shall be deemed to be the Custom Index for the purpose of the Certificates and the Calculation Agent will make such adjustment, if any, to one or more of the terms of the Certificates as the Calculation Agent in its sole and absolute discretion determines appropriate; or

- (4)
- (a) unless Delayed Redemption on Occurrence of Custom Index Adjustment Event is specified in the applicable Final Terms, on giving notice to Certificateholders in accordance with General Condition 13 (*Notices*), redeem all but not some only of the Certificates, each Certificate being redeemed by payment of an amount equal to the Early Redemption Amount as determined by the Calculation Agent in its sole and absolute discretion in respect of each Certificate taking into account the Custom Index Adjustment Event (subject to any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates). Payments will be made in such manner as shall be notified to the Certificateholders in accordance with General Condition 13 (*Notices*); or
- (b) if Delayed Redemption on Occurrence of Custom Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent shall calculate the Early Redemption Amount in its sole and absolute discretion in respect of each Certificate taking into account the Custom Index Adjustment Event (subject to any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates) (the “**Calculated Custom Index Adjustment Event Amount**”) as soon as practicable following the occurrence of the Custom Index Adjustment Event (the “**Calculated Custom Index Adjustment Event Amount Determination Date**”) and on the Maturity Date shall redeem each Certificate at an amount calculated by the Calculation Agent equal to (x) the Calculated Custom Index Adjustment Event Amount plus profit accrued from and including the Calculated Custom Index Adjustment Event Amount Determination Date to but excluding the Maturity Date at a rate equal to Issuer's funding cost at such time or (y) such other amount as specified in the applicable Final Terms; or
- (c) if the Calculation Agent determines that such Custom Index Adjustment Event constitutes a force majeure, and if Index Linked Condition 8(b)(i)(B)(4)(c) is specified in the applicable Final Terms, the Issuer will on giving notice to Certificateholders in accordance with General Condition 13 (*Notices*), redeem all but not some only of the Certificates and pay to each Certificateholder an amount in respect of each Certificate held by such Certificateholder, which amount shall be equal to the fair market value of a Certificate, taking into account such event (provided that no account will be taken of costs (other than such costs that are unavoidable to early redeem the Certificates at their fair market value) and no such costs shall be

- (5) in the case of a Custom Index Modification which occurs on the last Valuation Date, last Averaging Date or last Observation Date only, the Calculation Agent may elect to calculate the level of the Custom Index, using in lieu of the published level for the Custom Index as of the Valuation Date, Averaging Date or Observation Date, as the case may be, the level of the Custom Index as of that date determined by the Calculation Agent in accordance with the formula for and method of calculating the Custom Index last in effect prior to the Custom Index Modification but using only those components that comprised the Custom Index prior to the Custom Index Modification.
- (ii) in the case of Custom Index Linked Certificates relating to a Basket of Custom Indices where Scheduled Custom Index Business Days (All Custom Indices Basis) is specified as applicable in the applicable Final Terms, then:
- (A) if the Custom Index Adjustment Event is a Custom Index Disruption which occurs or is occurring in respect of any Custom Index (each an “**Affected Custom Index**”) on the last Valuation Date, last Averaging Date or last Observation Date, then such Valuation Date, Averaging Date or Observation Date, as the case may be, for all Custom Indices in the Basket shall be the first succeeding Scheduled Custom Index Business Day on which a Custom Index Disruption is not occurring in respect of any of the Custom Indices in the Basket, unless there is a Custom Index Disruption in respect of any one of the Custom Indices in the Basket on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Valuation Date, Averaging Date or Observation Date, as the case may be, in which case the last such consecutive Scheduled Custom Index Business Day shall be deemed to be the Valuation Date, Averaging Date or Observation Date, as the case may be, for all Custom Indices in the Basket, notwithstanding the Custom Index Disruption in respect of an Affected Custom Index and the Calculation Agent shall determine the Settlement Price by using (X) in respect of any Custom Index which is not an Affected Custom Index, the method provided for in part (a) of the definition of Settlement Price contained in Index Linked Condition 12 (*Definitions relating to Custom Indices*) and (Y) in respect of any Custom Index in the Basket which is an Affected Custom Index, commercially reasonable efforts to determine the level of the relevant Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the relevant Custom Index last in effect prior to the occurrence of the Custom Index Disruption and using its good faith estimate of the value for the components of the Custom Index;

ADDITIONAL TERMS AND CONDITIONS FOR ETI LINKED CERTIFICATES

5. Determination of Extraordinary ETI Events

The Calculation Agent will determine if an Extraordinary ETI Event has occurred in its sole and absolute discretion. Where the occurrence of an event or set of circumstances is capable of triggering more than one Extraordinary ETI Event, the Issuer may determine which Extraordinary ETI Event is to be triggered, in its sole and absolute discretion.

In considering whether the occurrence of an event or set of circumstances triggers an Extraordinary ETI Event, the Calculation Agent may have regard to the combined effect, from the Trade Date, of any event or set of circumstances, as the case may be, if such event or set of circumstances occurs more than once.

6. Consequences of an Extraordinary ETI Event or an Additional Disruption Event

- 6.1 If the Calculation Agent determines that an Extraordinary ETI Event or an Additional Disruption Event has occurred, the Calculation Agent may, on or prior to the date on which such Extraordinary ETI Event or Additional Disruption Event is no longer continuing give notice (an “**Extraordinary ETI Event/Additional Disruption Event Notice**”) to the Certificateholders in accordance with General Condition 13 (*Notices*) (which notice shall be irrevocable), of the occurrence of such Extraordinary ETI Event or Additional Disruption Event (the date on which an Extraordinary ETI Event Notice is given, an “**Extraordinary ETI Event/Additional Disruption Event Notification Date**”) and set out, if determined at that time, the action that it has determined to take in respect of the relevant event pursuant to ETI Linked Condition 6.2. Where the action that the Issuer has determined to take is not, for whatever reason, set out in the Extraordinary ETI Event/Additional Disruption Event Notice, the action that the Issuer has determined to take shall be set out in a subsequent notice given to Certificateholders in accordance with General Condition 13 (*Notices*) as soon as reasonably practicable after the Extraordinary ETI Event/Additional Disruption Event Notification Date.

For such purposes, an Extraordinary ETI Event or Additional Disruption Event shall be considered to be continuing if it has not been remedied to the reasonable satisfaction of the Issuer.

The Calculation Agent shall provide Certificateholders with an Extraordinary ETI Event/Additional Disruption Event Notice as soon as reasonably practicable following the determination of the relevant event. However, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by any Certificateholder or any other person in connection with the Certificates as a result of any delay, howsoever arising. If the Calculation Agent gives an Extraordinary ETI Event/Additional Disruption Event Notice, the Issuer shall have no obligation to make any payment or delivery in respect of the Certificates until the Issuer has determined the action that it has determined to take pursuant to ETI Linked Condition 6.2 below.

- 6.2 Without prejudice to, and in addition to, General Condition 9 (*Additional Disruption Events*), following an Extraordinary ETI Event or an Additional Disruption Event, the Issuer, in its sole and absolute discretion, may take the action described below in (a), (b), (c) or (d).

- (a) No Action

If the Issuer, in its sole and absolute discretion, determines that the action to be taken in respect of the Extraordinary ETI Event or Additional Disruption Event is to be “**No Action**”, then the Certificates shall continue and there shall be no amendment to the Terms and Conditions and/or the applicable Final Terms.

- (b) Adjustment

ADDITIONAL TERMS AND CONDITIONS FOR ETI LINKED CERTIFICATES

If the Issuer, in its sole and absolute discretion, determines that the action to be taken in respect of the Extraordinary ETI Event or Additional Disruption Event is to be “**Adjustment**”, then it may:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Certificates are Physical Delivery Certificates) and/or the Weighting and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for the relevant Extraordinary ETI Event or Additional Disruption Event and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the ETI Interests or to the Certificates and a change in the Weighting of any remaining ETI Interest(s) not affected by an Extraordinary ETI Event or Additional Disruption Event. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary ETI Event or Additional Disruption Event made by any options exchange to options on the ETI Interests traded on that options exchange; or
 - (ii) following such adjustment to the settlement terms of options on the ETI Interests traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the “**Options Exchange**”), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Certificates are Physical Delivery Certificates) and/or the Weighting and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the ETI Interests are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Certificates are Physical Delivery Certificates) and/or the Weighting and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary ETI Event or Additional Disruption Event, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.
- (c) Substitution

If the Issuer, in its sole and absolute discretion, determines that the action to be taken in respect of the Extraordinary ETI Event or Additional Disruption Event is to be “**Substitution**”, the Calculation Agent shall on or after the relevant Extraordinary ETI Event/Additional Disruption Event Effective Date, substitute each ETI Interest (each, an “**Affected ETI Interest**”) of each ETI (each, an “**Affected ETI**”) which is affected by such relevant event with an ETI Interest selected by it in accordance with the criteria for ETI Interest selection set out below (each, a “**Substitute ETI Interest**”) and the Substitute ETI will be deemed to be an “**ETI**” for the purposes of the Certificates, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Certificates are Physical Delivery Certificates) and/or the Weighting and/or any of the other terms of these Terms and

ADDITIONAL TERMS AND CONDITIONS FOR ETI LINKED CERTIFICATES

Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, provided that in the event that any amount payable under the Certificates was to be determined by reference to the Initial Price of the Affected ETI Interest, the Initial Price of each Substitute ETI Interest will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

“**A**” is the Settlement Price of the relevant Substitute ETI Interest on the relevant Exchange on the Substitution Date;

“**B**” is the Initial Price of the relevant Affected ETI Interest; and

“**C**” is the Settlement Price of the relevant Affected ETI Interest on the relevant Exchange on the Substitution Date.

Such substitution and the relevant adjustment to the ETI Basket will be deemed to be effective as of the date selected by the Calculation Agent (the “**Substitution Date**”) in its sole and absolute discretion and specified in the notice referred to below which may, but need not, be the relevant Extraordinary ETI Event/Additional Disruption Event Effective Date.

The Weighting of each Substitute ETI Interest will be equal to the Weighting of the relevant Affected ETI Interest.

In order to be selected as a Substitute ETI Interest, the relevant share/unit/interest must satisfy the following criteria, as determined by the Calculation Agent in its sole and absolute discretion:

- (i) where the relevant Extraordinary ETI Event is a Merger Event or a Tender Offer (a) in the case of ETI Linked Certificates related to a single ETI, and (b) in the case of ETI Linked Certificates related to an ETI Basket, the relevant share/unit/interest shall be an ordinary share/unit/interest of the entity or person that in the case of a Merger Event is the continuing entity in respect of the Merger Event or in the case of a Tender Offer is the entity making the Tender Offer provided that (i) the relevant share/unit/interest is not already included in the ETI Basket and (ii) it is or as of the relevant Extraordinary ETI Event/Additional Disruption Event Effective Date is promptly scheduled to be, (x) publicly quoted, traded or listed on an exchange or quotation system located in the same country as the relevant Exchange (or, where the relevant Exchange is within the European Union, in any member state of the European Union) and (y) not subject to any currency exchange controls, trading restrictions or other trading limitations; or
- (ii) (a) where the relevant Extraordinary ETI Event is a Merger Event or a Tender Offer and a share/unit/interest would otherwise satisfy the criteria set out in paragraph (i) above, but such share/unit/interest is (in the case of ETI Linked Certificates related to an ETI Basket), already included in the ETI Basket, or (b) where an Additional Disruption Event has occurred or the Extraordinary ETI Event is not a Merger Event or a Tender Offer, an alternative exchange traded instrument which, in the determination of the Calculation Agent, has similar characteristics to the relevant ETI, including but not limited to, a comparable listing (which, for the avoidance of doubt, shall not be restricted to a listing on the

ADDITIONAL TERMS AND CONDITIONS FOR ETI LINKED CERTIFICATES

exchange or quotation system in the same geographic region, investment objectives, investment restrictions and investment processes, underlying asset pools and whose related parties (such as, but not limited to, trustee, general partner, sponsor, advisor, manager, operating company, custodian, prime broker and depository) are acceptable to the Calculation Agent;

(d) Termination

If the Issuer determines that the action to be taken in respect of the Extraordinary ETI Event or Additional Disruption Event is to be “**Termination**”, on giving notice to Certificateholders in accordance with General Condition 13 (*Notices*) (which, in respect of an Extraordinary ETI Event, such notice may be included in the Extraordinary ETI Event/Additional Disruption Event Notice in respect of the relevant Extraordinary ETI Event or Additional Disruption Event and will specify the Termination Date), all but not some only of the outstanding ETI Linked Certificates shall be redeemed by payment of the Termination Amount (subject to any tax, duties or charges that the Issuer or a Sharia Transaction Party may incur in respect of payments or deliveries to be made under any Sharia Transaction Document, if any, entered into in connection with such Certificates). Payments will be made in such manner as shall be notified to the Certificateholders in accordance with General Condition 13 (*Notices*).

(e) General

In determining to take a particular action as a result of an Extraordinary ETI Event or Additional Disruption Event, the Issuer is under no duty to consider the interests of Certificateholders or any other person. In making any determination as to which action to take following the occurrence of an Extraordinary ETI Event or Additional Disruption Event, neither the Issuer nor the Calculation Agent shall be responsible for any loss (including any liability in respect of profit), underperformance or opportunity cost suffered or incurred by Certificateholders or any other person in connection with the Certificates as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Certificates.

7. Correction of ETI Interest Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment or delivery under the Certificates, if the price of the relevant ETI Interest published on a given day and used or to be used by the Calculation Agent to make any determination under the Certificates is subsequently corrected and the correction is published by the relevant price source within the number of days equal to the ETI Interest Correction Period of the original publication, the price to be used shall be the price of the relevant ETI Interest as so corrected. Corrections published after the day which is three Exchange Business Days prior to a due date for payment or delivery under the Certificates will be disregarded by the Calculation Agent for the purposes of determining the relevant amount.

8. Knock-in Event and Knock-out Event:

- 8.1 If “**Knock-in Event**” is specified as applicable in the applicable Final Terms, then, unless otherwise specified in such Final Terms, any payment and/or delivery, as applicable under the relevant Certificates which is expressed in the applicable Final Terms to be subject to a Knock-in Event, shall be conditional upon the occurrence of such Knock-in Event.
- 8.2 If “**Knock-out Event**” is specified as applicable in the applicable Final Terms, then, unless otherwise specified in such Final Terms, any payment and/or delivery, as applicable under the

ADDITIONAL TERMS AND CONDITIONS FOR ETI LINKED CERTIFICATES

relevant Certificates which is expressed in the applicable Final Terms to be subject to a Knock-out Event, shall be conditional upon the occurrence of such Knock-out Event.

- 8.3 If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if on any Knock-in Determination Day or Knock-out Determination Day at any time during the one hour period that begins or ends at the Valuation Time the price of the ETI Interest triggers the Knock-in Price or the Knock-out Price, a Trading Disruption, Exchange Disruption or Early Closure occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred, provided that if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the price of the ETI Interest as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of **“Valuation Date”**.

“**Scheduled Maturity Date**” means the date specified as such in the applicable Final Terms.

“**Standard Unwind Costs**” means an amount in the Specified Currency equal to the sum of (without duplication) all costs, expenses (including loss of funding for the un-financed amount, being the aggregate nominal amount of the Certificates less the Financed Amount), tax and duties incurred by the Issuer, the Guarantor and or their respective Affiliates in connection with the redemption of the Certificates and the related termination, settlement or re-establishment of any hedge or related trading position, such amount as determined by the Calculation Agent and as apportioned *pro rata* amongst each Certificate (or, where the context requires, the Calculation Agent’s estimate in respect of amounts which would be incurred at the relevant time).

“**Subordination**” means with respect to an obligation (the “**Second Obligation**”) and another obligation of the Reference Entity to which such obligation is being compared (the “**First Obligation**”), a contractual, trust or similar arrangement providing that (a) upon the liquidation, dissolution, reorganisation or winding-up of the Reference Entity, claims of the holders of the First Obligation are required to be satisfied prior to the claims of the holders of the Second Obligation, or (b) the holders of the Second Obligation will not be entitled to receive or retain principal payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the First Obligation. “**Subordinated**” will be construed accordingly.

“**Sukuk Obligation**” means any trust certificate or other instrument (a “**Sukuk Certificate**”) evidencing a beneficial or other ownership interest in assets, rights, benefits or entitlements and which may be issued by the Reference Entity or another entity (in either case, the “**Sukuk Issuer**”) where if the Reference Entity is not the Sukuk Issuer, the Sukuk Issuer (or any agent, delegate or trustee acting on its behalf) has recourse to the Reference Entity and/or to assets over which the Reference Entity has granted security in favour of the Sukuk Issuer (or any agent, delegate or trustee acting on its behalf) in order to fund payment obligations of the Sukuk Issuer under the Sukuk Linked Certificates (whether such recourse is pursuant to (a) an obligation of the Reference Entity to purchase assets owned by the Sukuk Issuer or (b) any other obligation of the Reference Entity, including as provider of any Recourse Guarantee (each such obligation, a “**Recourse Obligation**”).

A “**Trigger Event**” shall occur if, in the determination of the Calculation Agent, on any Observation Date during the Event Determination Period:

- (a) the Reference Basket Carrying Value is below the Trigger Value; or
- (b) the Asset Swap Spread is above the ASW Barrier.

“**Trigger Value**” means the amount specified as such in the applicable Final Terms.

“**Valuation Date**” means the date specified as such by the Issuer in the Credit Event Notice or Trigger Event Notice (as the case may be), which shall fall on a date following the Event Determination Date but prior to the Alternate Redemption Payment Date.

2. Redemption

Unless previously redeemed or purchased and cancelled in accordance with the Terms and Conditions, and subject to any early redemption other than as a consequence of a Credit Event or a Trigger Event and subject as provided below, each Certificate will be redeemed by the Issuer at its Final Redemption Amount on the Scheduled Maturity Date.

ADDITIONAL TERMS AND CONDITIONS FOR SUKUK LINKED CERTIFICATES

3. Potential Credit Event

If on the Scheduled Maturity Date the Calculation Agent determines that a Credit Event may exist, may have occurred or may otherwise occur at any time during the Event Determination Period (a “**Potential Credit Event**”), the Issuer shall on such date give written notice to the Certificateholder(s) declaring the occurrence and existence of such a Potential Credit Event (“**Potential Credit Event Notice**”).

Upon the Potential Credit Event Notice becoming effective, the Issuer's obligation to pay the Final Redemption Amount (together with the Profit Amount in respect of the last Profit Period (if any)) shall be suspended until the Cut-Off Date.

If by the Cut-Off Date, the Calculation Agent determines that neither a Credit Event nor a Trigger Event has occurred or existed during the Event Determination Period, the Issuer shall pay the Final Redemption Amount (together with the Profit Amount in respect of the last Profit Period (if any)) on the Deferred Maturity Date as if the Potential Credit Event had not occurred. For the avoidance of doubt, no additional Profit Amount shall be payable in respect of the period from (and including) the Scheduled Maturity Date to (but excluding) the Deferred Maturity Date.

If by the Cut-Off Date, the Calculation Agent determines that a Credit Event or a Trigger Event has occurred or existed during the Event Determination Period, the Issuer shall give written notice to the Certificateholder(s) declaring the occurrence and existence of such a Credit Event (a “**Credit Event Notice**”) or a Trigger Event (a “**Trigger Event Notice**”) on the Cut-Off Date. Upon the Credit Event Notice or Trigger Event Notice (as the case may be) becoming effective, the Certificates will be redeemed in accordance with Sukuk Linked Condition 6 (*Alternate Settlement following a Credit Event Notice or Trigger Event Notice*) provided that for such purposes references therein to the Alternate Redemption Payment Date shall be deemed to be references to the fifth Business Day following the Cut-Off Date.

4. Deferred Maturity Date

If the Issuer gives notice of a Potential Credit Event on the Scheduled Maturity Date in accordance with Sukuk Linked Condition 3 (*Potential Credit Event*), the Maturity Date shall be postponed to the day (the “**Deferred Maturity Date**”) which is the fifth Business Day following the Cut-Off Date.

The “**Cut-Off Date**” shall be the earlier of (a) the date on which the Calculation Agent determines that a Credit Event has not occurred or existed, and (b) the date which is 30 calendar days after the Scheduled Maturity Date.

5. Trigger Event

If on any Observation Date the Calculation Agent determines that a Trigger Event has occurred, the Issuer shall on such date give written notice to the Certificateholder(s) declaring the occurrence of a Trigger Event (a “**Trigger Event Notice**”).

The Trigger Event shall specify a Valuation Date and the Alternate Redemption Payment Date.

6. Alternate Settlement following a Credit Event Notice or Trigger Event Notice

Upon a Credit Event Notice or Trigger Event Notice (as the case may be) becoming effective (the effective date of such notice being the “**Event Determination Date**”), the Certificates shall be redeemed in whole and not in part and the Issuer shall, in lieu of paying any remaining Profit Amounts or the Final Redemption Amount, pay to the Certificateholders in respect of each Certificate its Alternate Redemption Amount (determined by the Calculation Agent on the Valuation Date) on the Alternate Redemption Payment Date, in full and final satisfaction of all its obligations hereunder.

ADDITIONAL TERMS AND CONDITIONS FOR SUKUK LINKED CERTIFICATES

Neither a Credit Event nor a Trigger Event need be continuing on the Event Determination Date.

7. Notice provisions

Notwithstanding anything to the contrary in General Condition 13 (*Notices*), a Potential Credit Event Notice, Credit Event Notice or Trigger Event Notice may be sent (a) by email (which shall be deemed delivered on the date it is sent, provided the sender does not receive a failed delivery notification) or (b) otherwise in accordance with the provisions of General Condition 13 (*Notices*).

Any notice sent on or prior to 4 p.m. (London time) on a Business Day, will be effective on such Business Day and any notice sent after 4 p.m. (London time) on a Business Day will be deemed effective on the next following Business Day.

A Potential Credit Event Notice, Credit Event Notice or Trigger Event Notice (as applicable) shall specify the Reference Entity, Sukuk Issuer and/or the Reference Obligation which is the subject of such notice. In addition, a Credit Event Notice or Trigger Event Notice shall specify the applicable Valuation Date and Alternate Redemption Payment Date.

8. Adjustment provisions

Notwithstanding anything to the contrary in the Terms and Conditions, if an Adjustment Event occurs, the Profit Amounts (if any) and/or Final Redemption Amount and/or Alternate Redemption Amount shall be reduced to the extent of any loss suffered, or costs or expenses incurred by the Issuer, any of its Affiliates or a holder of a Reference Obligation as a result of the occurrence of the Adjustment Event, as determined by the Calculation Agent in its sole and absolute discretion.

9. Early redemption

In the event of the Certificates becoming due and payable in accordance with the terms and conditions of the Certificates (other than as a result of a Credit Event or Trigger Event) prior to the Scheduled Maturity Date, the Certificates may be redeemed by the Issuer in accordance with the Terms and Conditions at the applicable Early Redemption Amount.

10. Confidentiality

Neither the Issuer nor any of its Affiliates shall be obliged to disclose or otherwise provide to any Certificateholder any information, which it is aware of, whether of a confidential nature or otherwise concerning any Reference Entity, Sukuk Issuer or any Reference Obligation.

11. No obligation to hold Reference Obligations

Neither Issuer nor any of its Affiliates has any obligation to hold any Reference Obligation.

12. Currency conversion

Where necessary for the purposes of these Sukuk Linked Conditions and any calculation to be made hereunder, the Calculation Agent may convert any currency into any other currency at such rate of exchange as it may determine based on then prevailing exchange rates.

13. Successors

If the Calculation Agent determines that there is any successor entity or entities, howsoever described, in respect of any Reference Entity or Sukuk Issuer, the Calculation Agent may (and without prejudice to any other provision of these Sukuk Linked Conditions) make such adjustment, if any, to any of the Terms and Conditions and/or the applicable Final Terms of the Certificates as the Calculation Agent in its sole and absolute discretion determines appropriate.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

In the event of any inconsistency between the General Conditions and the Credit Certificate Conditions, the Credit Certificate Conditions set out below shall prevail. In the event of any inconsistency between (i) the General Conditions and/or the Credit Certificate Conditions and (ii) the Final Terms, the Final Terms shall prevail. A reference in these Credit Certificate Conditions to “the Final Terms” shall be construed as being a reference to the applicable Final Terms and for Credit Certificates in respect of which more than one Reference Entity is specified, a reference to “the Reference Entity” shall be a reference to the applicable Reference Entity.*

1. General

(a) Credit Terms

The Final Terms shall specify, amongst other things:

- (i) the Trade Date and the Scheduled Maturity Date;
- (ii) the type of Credit Certificates, being Single Reference Entity Credit Certificates, Nth-to-Default Credit Certificates or Basket Credit Certificates;
- (iii) the Settlement Method and, where Auction Settlement applies, the applicable Fallback Settlement Method;
- (iv) the Reference Entity or Reference Entities in respect of which a Credit Event may occur and, in each case, the related Transaction Type (if applicable, by way of reference to a Relevant Annex);

(b) Physical Settlement Matrix

Where a Transaction Type is specified in the Final Terms in respect of any Reference Entity, then the provisions of these Credit Certificate Conditions shall apply with respect to such Reference Entity in accordance with the Physical Settlement Matrix as it applies to such Transaction Type, as though such Physical Settlement Matrix were set out in full in the Final Terms.

(c) Index Credit Certificates

Where “Index Credit Certificates” is specified as applicable in the Final Terms, then notwithstanding Credit Certificate Condition 7 (*Successors*), the Reference Entities for the

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

purposes of the Credit Certificates shall be as set out in the Relevant Annex (together with, in respect of each relevant Reference Entity, the Reference Entity Notional Amount or, as applicable, the Reference Entity, Reference Obligations and Substitute Reference Obligations) as set out in the Final Terms, or, as applicable, as determined and published from time to time by the relevant Index Sponsor. The Calculation Agent may rely on any determinations of the relevant Index Sponsor and neither the Issuer nor the Calculation Agent will have any liability to the Certificateholders or any other person as a result of relying on any such determination.

(d) Additional Provisions

If, in accordance with the specified Transaction Type or otherwise, any Additional Provisions are applicable, these Credit Certificate Conditions shall take effect subject to the provisions thereof.

2. Redemption

(a) Redemption at Credit Certificates Maturity Date

The Issuer will redeem each Credit Certificate on the related Credit Certificate Maturity Date (as such date may be extended in accordance with the definition thereof) by payment of an amount equal to the Outstanding Principal Amount (as reduced from time to time in accordance with the definition thereof) of such Credit Certificate (together with profit, if any, payable thereon) unless the Credit Certificates have been previously redeemed or purchased and cancelled in full (including pursuant to Credit Certificate Conditions 2(b) (*Redemption following Event Determination Date*), 2(d) (*Redemption following a Merger Event*) or 2(e) (*Additional Credit Certificate Disruption Events*)).

Where the Outstanding Principal Amount of any Credit Certificate is reduced to zero, then upon the performance by the Issuer of any remaining obligations in respect of the Credit Certificate (including pursuant to Credit Certificate Condition 2(b) (*Redemption Following Event Determination Date*)), such Credit Certificate shall be deemed to have been redeemed in full without further payment.

(b) Redemption following Event Determination Date

Upon the occurrence of an Event Determination Date in relation to any Reference Entity, the Issuer will:

- (i) if the applicable Settlement Method is Auction Settlement, make payment in respect of each Credit Certificate of its *pro rata* share of the Auction Settlement Amount on the Auction Settlement Date, unless a Fallback Settlement Event occurs, in which event the Issuer shall perform its respective payment and/or delivery obligations in accordance with the applicable Fallback Settlement Method;
- (ii) if the applicable Settlement Method is Physical Settlement, perform its obligations in respect of each Credit Certificate in accordance with Credit Certificate Condition 5 (*Physical Settlement*); and
- (iii) if the applicable Settlement Method is Cash Settlement, make payment in respect of each Credit Certificate of its *pro rata* share of the Credit Event Cash Settlement Amount on the Credit Event Cash Settlement Date.

Where the applicable Settlement Method is Auction Settlement, if an Event Determination Date occurs with respect to a Reference Entity following the occurrence of a Fallback Settlement Event with respect to a prior Event Determination Date in relation to such

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

Reference Entity and no Fallback Settlement Event occurs with respect to a subsequent Event Determination Date, the Issuer shall, if it so elects on or prior to a related Valuation Date or Delivery Date, redeem the Credit Certificates pursuant to the occurrence of the subsequent Event Determination Date in accordance with this Credit Certificate Condition 2(b) (*Redemption following Event Determination Date*) by Auction Settlement.

This Credit Certificate Condition 2(b) (*Redemption following Event Determination Date*) shall not apply, and the Issuer shall have no obligations hereunder in respect of Zero Recovery Securities.

(c) Settlement at Maturity

Where "Settlement at Maturity" is specified as applicable, payment of any Outstanding Principal Amount, Auction Settlement Amounts or Credit Event Cash Settlement Amounts, as applicable, shall be deferred until the later of the Credit Certificate Maturity Date and the last Auction Settlement Date or Credit Event Cash Settlement Date determined in respect of any Reference Entity (and notwithstanding any other provision of these Credit Certificate Conditions, no profit or other amounts shall accrue on any payment of any amount which is so deferred).

(d) Redemption following a Merger Event

If "Merger Event" is specified as applicable in the Final Terms and in the case that:

(i) "Reference Entity/Holder Merger" is specified as applicable, in the event that in the determination of the Calculation Agent a Reference Entity/Holder Merger has occurred, the Issuer may give notice to the Certificateholders in accordance with General Condition 13 (*Notices*), and redeem all but not some only of the Credit Certificates on the Merger Event Redemption Date, and if the Credit Certificates are so redeemed or, as the case may be, cancelled, the Issuer shall pay an amount to each Certificateholder in respect of each Credit Certificate, which amount shall be:

(A) the greater of: (i) if a Principal Protection Level is specified in the Final Terms, the product of such Principal Protection Level and the initial nominal amount of such Credit Certificate; and: (ii) the fair market value of such Credit Certificate taking into account the relevant Merger Event, less the cost to the Issuer and/or its Affiliates of unwinding any related hedging arrangements (including without limitation any Credit Unwind Costs, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner).

(ii) "Reference Entity/Issuer Merger" is specified as applicable, in the event that in the determination of the Calculation Agent a Reference Entity/Issuer Merger has occurred, the Issuer may either:

(A) redeem the Credit Certificates in accordance with (i) above; or

(B) replace the relevant affected Reference Entity/ies (the "**Affected Reference Entity/ies**") respectively, with Similar Reference Entity/ies. In such event, any costs of the Issuer arising in connection with any re-hedging of such substitution may be recovered through an adjustment to the profit payable on the Credit Certificates and/or any redemption amounts payments payable under the Credit Certificates. The Calculation Agent shall notify the Issuer, which shall in its turn notify the Certificateholders pursuant to the provisions of

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

General Condition 13 (*Notices*) of the decision taken by the Issuer and any adjustments made to the terms of the Credit Certificates. Details of any adjustment or decision made in relation to the above may be obtained by the Certificateholders upon request at the Calculation Agent's specified address.

(e) Additional Credit Certificate Disruption Events

If the Calculation Agent determines that an Additional Credit Certificate Disruption Event has occurred, and without prejudice to any other rights of the Issuer under the General Conditions, the Issuer may redeem the Credit Certificates by giving notice to Certificateholders in accordance with General Condition 13 (*Notices*). If the Credit Certificates are so redeemed the Issuer will pay an amount to each Certificateholder in respect of each Credit Certificate equal to the greater of: (a) if a Principal Protection Level is specified in the Final Terms, the product of such Principal Protection Level and the initial nominal amount of such Credit Certificate; and (b) the fair market value of such Credit Certificate taking into account the Additional Credit Certificate Disruption Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying hedging arrangements, all as determined by the Calculation Agent in a commercially reasonable manner.

(f) Suspension of Obligations

If there is a DC Credit Event Question in relation to any Reference Entity, then (unless the Issuer otherwise elects by notice to the Calculation Agent and the Certificateholders) from the date of such DC Credit Event Question (and notwithstanding that the relevant Credit Derivatives Determinations Committee has yet to determine whether Publicly Available Information is available or that a Credit Event has occurred), any obligation of the Issuer to redeem any Credit Certificate (including pursuant to Credit Certificate Condition 2(b) (*Redemption following Event Determination Date*)) (and the timing requirements of the Credit Event Cash Settlement Date, Valuation Date, Relevant Valuation Date, NOPS Cut-off Date, Physical Settlement Period and any other provisions pertaining to settlement) insofar as it relates to the relevant Reference Entity, or pay any amount of profit which would otherwise be due thereon or any obligation of the Calculation Agent or any other person to calculate any amount of profit (in each case, regardless of whether any such profit relates to the relevant Reference Entity), shall, insofar as it relates to the relevant Reference Entity, be and remain suspended until the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Question Dismissal.

During such suspension period, the Issuer shall not be obliged to, nor entitled to, take any action in connection with the redemption of the Credit Certificates, in each case insofar as they relate to the relevant Reference Entity, or in connection with the payment of any applicable profit on the Credit Certificates, nor, if the Final Terms specifies that "Calculation and Settlement Suspension" applies, shall the Calculation Agent or any other person be obliged to take any action in connection with the calculation of any amount of profit (in each case, if the Final Terms specifies that "Calculation and Settlement Suspension" applies, regardless of whether any such profit relates to the relevant Reference Entity). Once the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Question Dismissal has occurred, such suspension shall terminate and any obligations so suspended shall resume on the Credit Certificate Business Day following such public announcement by ISDA, with the Issuer and, as the case may be, the Calculation Agent having the benefit of the full day notwithstanding when the suspension began. Any amount of profit so suspended shall, subject always to Credit Certificate Condition 3(a) (*Cessation of Profit Accrual*), become due on a date selected by the Calculation Agent falling not later than fifteen Business Days following such public announcement by ISDA.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

For the avoidance of doubt, no profit or other amount shall accrue on any payment of profit or any other amounts which are deferred in accordance with this Credit Certificate Condition 2(f) (*Suspension of Obligations*).

(g) Miscellaneous provisions relating to Redemption

If the Credit Certificates are partially redeemed, the relevant Credit Certificates or, if the Credit Certificates are represented by a Global Certificate, such Global Certificate shall be endorsed to reflect such partial redemption. Upon such partial redemption, the Outstanding Principal Amount of each Credit Certificate shall be reduced for all purposes (including accrual of profit thereon but without duplication with any cessation of profit accrual pursuant to Credit Certificate Condition 3(a) (*Cessation of Profit Accrual*)) accordingly.

Redemption of any Credit Certificate in accordance with this Credit Certificate Condition 2 (*Redemption*), together with payment of profit, if any, due thereon shall discharge all or the relevant portion of the obligations of the Issuer in relation thereto.

3. Profit

(a) Cessation of Profit Accrual

In the case of Credit Certificates which are specified in the Final Terms to bear profit and subject to Credit Certificate Condition 4(h) (*Credit Linked Principal Only Credit Certificates*), such profit shall accrue on the daily Outstanding Principal Amount of each Credit Certificate as the same may be reduced from time to time in accordance with the Credit Certificate Conditions. General Condition 3 (*Profit*) shall be construed accordingly in relation to Credit Certificates. Upon the occurrence of an Event Determination Date in respect of any Reference Entity, the Outstanding Principal Amount of each Credit Certificate shall, for the purposes of the calculation of accrual of profit thereon, be deemed to have been reduced in an amount equal to such Credit Certificate's *pro rata* share of the relevant Reference Entity Notional Amount with effect from and including:

(i) either:

(A) if "Accrual to Periodic Payment Date" is specified as applicable in the Final Terms, the Periodic Payment Date; or

(B) if "Accrual to Profit Period End Date" is specified as applicable in the Final Terms, the Profit Period End Date,

immediately preceding such Event Determination Date (or, in the case of the first Periodic Payment Date or Profit Period End Date, the Profit Commencement Date); or

(ii) if "Accrual to Event Determination Date" is specified as applicable in the Final Terms, such Event Determination Date.

(b) Profit following Scheduled Maturity

Subject always to Credit Certificate Condition 3(a) (*Cessation of Profit Accrual*), if an Extension Notice has been given (other than pursuant to paragraph (d) of the definition of "Extension Notice"), each Credit Certificate which is outstanding following the Scheduled Maturity Date shall continue to bear profit on its daily Outstanding Principal Amount from (and including) the Scheduled Maturity Date to (but excluding) the related Credit Certificate Maturity Date at a rate equal to either:

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

- (i) if “Deposit Rate” is specified as applicable in the Final Terms under the heading “Profit following Scheduled Maturity”, the rate that BNP Paribas would pay to an independent customer in respect of overnight deposits in the currency of the Credit Certificates; or
- (ii) such other rate as shall be specified for such purpose in the Final Terms (which may be zero),

subject in all cases to a minimum of zero. If “Deposit Rate” is not so specified or no such other rate is specified for such purpose, no profit shall accrue during the relevant period. For the avoidance of doubt, if an Extension Notice has been given pursuant to paragraph (d) of the definition thereof, no profit shall accrue from (and including) the Scheduled Maturity Date to (but excluding) the related Credit Certificate Maturity Date.

(c) Periodic Payment Dates

If the Credit Certificates are redeemed pursuant to the General Conditions or these Credit Certificate Conditions, the Scheduled Maturity Date, the Credit Certificate Maturity Date (if not the Scheduled Maturity Date), the last Auction Settlement Date, the last Credit Event Cash Settlement Date or the last Delivery Date, as the case may be, shall be a Periodic Payment Date in respect of each Credit Certificate and the Issuer shall pay any profit that is accrued and unpaid in respect of each Credit Certificate on such Periodic Payment Date.

4. Terms relating to Credit-Linkage Features

(a) Nth-to-Default Credit Certificates

Where the Credit Certificates are Nth-to-Default Credit Certificates, an Event Determination Date shall not be taken into account for the purposes of Credit Certificate Conditions 2 (*Redemption*) and 3 (*Profit*) unless and until the number of Reference Entities in respect of which an Event Determination Date has occurred is equal to N (as specified in the Final Terms). Unless a value is specified for “M” in the Final Terms of such Credit Certificates, with effect from such date, no Event Determination Date shall occur in respect of any other relevant Reference Entity. Where a value is specified for “M”, the provisions of Credit Certificate Conditions 2 (*Redemption*) and 3 (*Profit*) shall apply in respect of every subsequent Event Determination Date until the number of Reference Entities in respect of which an Event Determination Date has occurred is equal to “M” (as specified in the Final Terms).

(b) [Not used]

(c) Combination Credit Certificates

Where the Credit Certificates are Combination Credit Certificates:

- (i) where any Credit Component is specified in the Final Terms as a “Profit Component”, amounts payable in respect of profit on the Certificates shall, subject to (iv) below, be calculated by reference to the terms set out in respect of such Credit Component;
- (ii) where any Credit Component is specified in the Final Terms as a “Principal Component”, amounts payable by way of redemption of the Certificates shall, subject to (iv) below, be calculated by reference to the terms set out in respect of such Credit Component;
- (iii) where any Credit Component is specified in the Final Terms as a “Principal and Profit Component”, amounts payable by way of redemption of the Credit Certificates shall,

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

subject to (iv) below, be calculated by reference to the terms set out in respect of such Credit Component; and

- (iv) more than one Credit Component may be specified in the Final Terms as a “Profit Component”, “Principal Component” or “Principal and Profit Component”, provided that a related “Component Percentage” is specified; in such case, all references in the definitions of “Reference Entity Notional Amount” and “Outstanding Principal Amount” to the “initial aggregate nominal amount” shall, for the purposes of such Credit Component be references to the related Component Nominal Amount.

(d) Hybrid Profit Certificates

Where the Credit Certificates are Hybrid Profit Certificates, then:

- (i) if the Final Terms provide that “Event Determination Date Overrides Automatic Early Redemption” is applicable, an Automatic Early Redemption Date shall not be capable of occurring in respect of the Credit Certificates if, as of the related Automatic Early Redemption Valuation Date, an Event Determination Date has occurred (but any Event Determination Date occurring after such Automatic Early Redemption Valuation Date shall be disregarded); and
- (ii) if the Final Terms specify that “Credit Linked Calculation Basis” is applicable, any reference to the “nominal amount”, “Calculation Amount”, “Specified Denomination” or any related term or abbreviation for the purpose of determining any amount payable by way of profit on scheduled or early redemption of the Certificates and which is calculated by reference to a type of Underlying Reference other than the Reference Entity or Entities or the credit risk thereof, shall be to the Outstanding Principal Amount, save with respect to any amounts determined and paid under any item of the Final Terms specified as an “Excluded Item” for such purpose (which may include, without limitation, Item 46 (*Final Payout*)); and
- (iii) the Credit Certificate Maturity Date shall notwithstanding such definition, be subject to deferral as provided for in these Credit Certificate Conditions and as provided with respect to the Maturity Date in any terms and conditions of the Credit Certificates which relate to a type of Underlying Reference referred to at (i) above.

(e) Basket Credit Certificates where the Final Terms specify a Distribution End Date

- (i) If a Distribution Period Event Determination Date occurs with respect to any Reference Entity and any Basket Credit Certificates, Credit Certificate Conditions 2(b) (*Redemption following Event Determination Date*), 2(c) (*Settlement at Maturity*) and 5 (*Physical Settlement*) shall not apply and the following provisions shall apply (and for clarification, in respect of such Credit Certificates, in the event of any inconsistency between the following and the remainder of the Credit Certificate Conditions, the following shall prevail): where the Final Terms specify that “Distribution Period Redemption” applies:
 - (A) irrespective of the applicable Settlement Method, the Issuer will redeem each outstanding Credit Certificate in part, on the fifth Business Day following the Distribution End Date in an Outstanding Principal Amount corresponding to such Credit Certificate’s pro rata share of the relevant Reference Entity Notional Amount by making a Payment in respect of each Credit Certificate equal to its pro rata share of the related Reference Entity Notional Amount.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

For this purpose, in the case of an M(M)R Restructuring, Credit Certificate Condition 9(a) (*Multiple Credit Event Notices*) shall not apply; and

- (B) for the avoidance of doubt, no further Event Determination Date may occur in respect of such Reference Entity; or
- (ii) where the Final Terms specify that “Redemption at Maturity” applies:
 - (A) with effect from such Distribution Period Event Determination Date, such Reference Entity shall no longer be treated as a Reference Entity for the purpose of these Credit Certificate Conditions and no further Event Determination Date may occur with respect thereto, including where the Event Determination Date relates to a Restructuring Credit Event in respect of which an Exercise Amount has been determined; and
 - (B) no adjustment shall be made to the Reference Entity Notional Amount in respect of any other Reference Entity as a result of the above (notwithstanding the definition thereof); or
- (iii) where the Final Terms specify that “Distribution Period Event Determination Date Disapplication” applies, notwithstanding anything to the contrary in these Credit Certificate Conditions, any Distribution Period Event Determination Date which occurs with respect to a Reference Entity shall not be treated as an Event Determination Date for the purpose of these Credit Certificate Conditions and only Event Determination Dates which occur on or after the Distribution End Date shall be treated as Event Determination Dates for the purpose of these Credit Certificate Conditions.
- (f) [Not used]
- (g) Credit Linked Profit Only Credit Certificates

If “Credit Linked Profit Only” is specified as applicable in the applicable Final Terms, Credit Certificate Condition 3 (*Profit*) will apply to the Certificates, but Credit Certificate Conditions 2(a) (*Redemption at Credit Certificates Maturity Date*), 2(b) (*Redemption following Event Determination Date*) and 2(c) (*Settlement at Maturity*) will not apply. Unless the Credit Certificates have previously been redeemed or purchased and cancelled in full (including pursuant to Credit Certificate Conditions 2(d) (*Redemption following a Merger Event*) or 2(e) (*Additional Credit Certificate Disruption Events*)) the Issuer will redeem each Credit Certificate on the relevant Credit Certificate Maturity Date by payment of the Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms.

- (h) Credit Linked Principal Only Credit Certificates

If “Credit Linked Principal Only” is specified as applicable in the applicable Final Terms, Credit Certificate Condition 2 (*Redemption*) will apply to the Certificates but Credit Certificate Condition 3 (*Profit*) will not apply. Where the redemption of any such Credit Certificates is postponed following the Scheduled Maturity Date, no profit shall accrue in respect of any such Credit Certificates from (and including) the Scheduled Maturity Date until the relevant date of redemption.

Where any such Credit Certificates are subject to redemption in full in circumstances where further amounts are or may be payable subsequently in respect of profit thereon, then, only to the extent required by the terms of any relevant clearing system in order to permit payment of such profit, each Credit Certificate shall be deemed to remain outstanding in an amount equal

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

to one unit of the Specified Currency. No payment shall be made in respect of such outstanding amount, and each Credit Certificate which is deemed to be outstanding on such basis shall be cancelled in full on the last date for payment of profit thereon.

5. Physical Settlement

(a) Delivery and payment

If Physical Settlement applies to any Credit Certificate, then, upon the occurrence of an Event Determination Date, the Issuer shall, on or prior to the related Physical Settlement Date and subject to Credit Certificate Conditions 5(b) (*Partial Credit Event Cash Settlement*), 5(c) (*Non-Delivery of Deliverable Obligations*) and 5(f) (*Asset Transfer Notice*), redeem such Credit Certificate in full (or, where such Credit Certificate is a Basket Credit Certificate, in part, in an Outstanding Principal Amount corresponding to such Credit Certificate's *pro rata* share of the relevant Reference Entity Notional Amount), respectively, by:

- (i) Delivering a *pro rata* share of the Deliverable Obligations specified in the related Notice of Physical Settlement or NOPS Amendment Notice, as applicable; and
- (ii) paying such Credit Certificate's *pro rata* portion of the related Physical Settlement Adjustment Rounding Amount.

(b) Partial Credit Event Cash Settlement

If, due to an event beyond the control of the Issuer, it is impossible or illegal for the Issuer to Deliver, or due to an event beyond the control of the Issuer or any Certificateholder, it is impossible or illegal for the relevant Certificateholder to accept Delivery of any of the Deliverable Obligations (other than a Deliverable Obligation described in paragraph (d) of the definition of "Deliverable Obligation") specified in a Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, on the related Physical Settlement Date, then on such date the Issuer shall Deliver any of the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, for which it is possible and legal to take Delivery. If any Undeliverable Obligations have not been delivered on or prior to the Latest Permissible Physical Settlement Date, then Partial Credit Event Cash Settlement shall apply with respect to such Undeliverable Obligations and, accordingly, the Issuer shall pay the relevant Certificateholders an amount equal to the Partial Credit Event Cash Settlement Amount, to be apportioned *pro rata* amongst the relevant Certificateholders on the Partial Credit Event Cash Settlement Date.

(c) Non-Delivery of Deliverable Obligations

If the Issuer does not Deliver any Deliverable Obligation specified in a Notice of Physical Settlement or NOPS Amendment Notice, as applicable, other than as a result of an event or circumstance contemplated in Credit Certificate Condition 5(b) (*Partial Credit Event Cash Settlement*) above (including following the occurrence of a Hedge Disruption Event), such failure shall not constitute a default or breach of agreement for the purpose of the Credit Certificates and the Issuer may continue to attempt to Deliver the Deliverable Obligations that are Bonds or Loans until the Extended Physical Settlement Date.

If, as at the relevant Extended Physical Settlement Date, any such Deliverable Obligations have not been Delivered, then Partial Credit Event Cash Settlement shall apply with respect to such Deliverable Obligations and the Issuer shall pay to the Certificateholders an amount equal to the Partial Credit Event Cash Settlement Amount to be apportioned *pro rata* amongst the Certificateholders on the Partial Credit Event Cash Settlement Date.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

(d) Aggregation and Rounding

Where a Certificateholder holds Credit Certificates in an Outstanding Principal Amount greater than the Specified Denomination, the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of the Credit Certificates of such Certificateholder shall be aggregated for the purposes of this Credit Certificate Condition 5 (*Physical Settlement*). If the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of each Credit Certificate to be redeemed pursuant to this Credit Certificate Condition 5(d) (*Aggregation and Rounding*) on any occasion is not equal to an authorised denomination (or integral multiple thereof) of such Deliverable Obligations then the Outstanding Principal Balance of Deliverable Obligations to be Delivered will be rounded down to the nearest authorised denomination or multiple thereof, or, if none, to zero. In such circumstances, the Deliverable Obligations that were not capable of being Delivered shall, if and to the extent practicable, be sold by the Issuer or such other agent as may be appointed by the Issuer for such purpose and, if they are so sold, the Issuer shall make payment in respect of each Credit Certificate in an amount equal to its *pro rata* share of the related net sale proceeds as soon as reasonably practicable following receipt thereof.

(e) Delivery and Fees

The Delivery of any of the Deliverable Obligations pursuant to the provisions of this Credit Certificate Condition 5 (*Physical Settlement*) shall be made in such manner as the Issuer shall determine in a commercially reasonable manner, to be appropriate for such Delivery. Subject as set out in the definition of “Deliver”:

- (i) any recordation, processing or similar fee reasonably incurred by the Issuer and/or any of its Affiliates and payable to the agent under a Loan in connection with an assignment or novation (where Deliverable Obligations include Assignable Loans or Consent Required Loans) or participation (where Deliverable Obligations include Direct Loan Participations) shall be payable by the relevant Certificateholders, and if any Stamp Tax or transaction tax is payable in connection with the Delivery of any Deliverable Obligations, payment thereof shall be made by the relevant Certificateholders; and
- (ii) any other expenses arising from the Delivery and/or transfer of the Deliverable Obligations shall be for the account of the Certificateholders or the Issuer, as appropriate, determined by the Calculation Agent in accordance with then current market conventions.

Delivery and/or transfer of the Deliverable Obligations shall be delayed until all expenses relating to such Delivery or transfer payable by the Certificateholders pursuant to (i) and/or (ii) above, as applicable, have been paid to the satisfaction of the Issuer.

(f) Asset Transfer Notice

A Certificateholder will not be entitled to any of the amounts or assets specified as being due to it in this Credit Certificate Condition 5 (*Physical Settlement*) upon the occurrence of an Event Determination Date and delivery of the Notice of Physical Settlement unless it has presented or surrendered (as is appropriate) the relevant Credit Certificate and delivered an Asset Transfer Notice in accordance with General Condition 4(b)(i) (*Physical Delivery*). For so long as the Credit Certificates are held in any clearing system, any communication from such clearing system on behalf of the Certificateholder containing the information required in an Asset Transfer Notice will be treated as an Asset Transfer Notice. For as long as Bearer Certificates are represented by a Global Certificate, surrender of Credit Certificates for such

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

purpose will be effected by presentation of the Global Certificate and its endorsement to note the Outstanding Principal Amount of Credit Certificates to which the relevant Asset Transfer Notice relates.

6. Provisions relating to Obligation Category and Characteristics and Deliverable Obligation Category and Characteristics

(a) Obligation Characteristics

If either of the Obligation Characteristics “Listed” or “Not Domestic Issuance” is specified in the related Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though the relevant Obligation Characteristic had been specified as an Obligation Characteristic only with respect to Bonds.

(b) Deliverable Obligation Category and Characteristics

If:

- (i) any of the Deliverable Obligation Characteristics “Listed”, “Not Domestic Issuance” or “Not Bearer” is specified in the related Final Terms or is applicable in respect of the applicable Transaction Type, such Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds;
- (ii) the Deliverable Obligation Characteristic “Transferable” is specified in the Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans;
- (iii) any of the Deliverable Obligation Characteristics “Assignable Loan”, “Consent Required Loan” or “Direct Loan Participation” is specified in the Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans; and
- (iv) more than one of “Assignable Loan”, “Consent Required Loan” and “Direct Loan Participation” are specified in the Final Terms as Deliverable Obligation Characteristics or is applicable in respect of the applicable Transaction Type, the Deliverable Obligations may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics.

(c) Relevant Guarantee

If an Obligation or a Deliverable Obligation is a Relevant Guarantee, the following will apply:

- (i) For purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Relevant Guarantee shall be deemed to be described by the same category or categories as those that describe the Underlying Obligation.
- (ii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or Deliverable Obligation Characteristics, if any, specified in the Final

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

Terms or applicable in respect of the relevant Transaction Type from the following list: “Not Subordinated”, “Specified Currency”, “Not Sovereign Lender”, “Not Domestic Currency” and “Not Domestic Law”.

- (iii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the Final Terms or applicable in respect of the relevant Transaction Type from the following list: “Listed”, “Not Domestic Issuance”, “Assignable Loan”, “Consent Required Loan”, “Direct Loan Participation”, “Transferable”, “Maximum Maturity”, “Accelerated or Matured” and “Not Bearer”.
 - (iv) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
 - (v) For the avoidance of doubt the provisions of this Credit Certificate Condition 6 (*Provisions relating to Obligation Category and Characteristics and Deliverable Obligation Category and Characteristics*) apply in respect of the definitions of “Obligation” and “Deliverable Obligation” as the context admits.
- (d) Maximum Maturity
- For purposes of the application of the Deliverable Obligation Characteristic “Maximum Maturity”, remaining maturity shall be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the remaining maturity shall be zero.
- (e) Financial Reference Entity Terms and Governmental Intervention
- If “Financial Reference Entity Terms” and “Governmental Intervention” are specified as applicable in respect of a Reference Entity, if an obligation would otherwise satisfy a particular Obligation Characteristic or Deliverable Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity’s obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic or Deliverable Obligation Characteristic.
- (f) Prior Deliverable Obligation or Package Observable Bond
- For purposes of determining the applicability of Deliverable Obligation Characteristics and the requirements specified in Credit Certificate Condition 9(b) (*Mod R*) and Credit Certificate Condition 9(c) (*Mod Mod R*) to a Prior Deliverable Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.
- (g) Subordinated European Insurance Terms
- If “Subordinated European Insurance Terms” is specified as applicable in respect of the Reference Entity, if an obligation would otherwise satisfy the “Maximum Maturity” Deliverable Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Deliverable Obligation Characteristic.
- (h) Accrued Interest

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

With respect to any Credit Certificates for which:

- (i) “Physical Settlement” is specified to be the Settlement Method in the related Final Terms (or for which Physical Settlement is applicable as the Fallback Settlement Method), the Outstanding Principal Balance of the Deliverable Obligations being Delivered will exclude accrued but unpaid interest, unless “Include Accrued Interest” is specified in the related Final Terms, in which case, the Outstanding Principal Balance of the Deliverable Obligations being Delivered will include accrued but unpaid interest;
- (ii) “Cash Settlement” is specified to be the Settlement Method in the related Final Terms (or if Cash Settlement is applicable as the Fallback Settlement Method), and:
 - (A) “Include Accrued Interest” is specified in the related Final Terms, the Outstanding Principal Balance of the Reference Obligation or Valuation Obligation, as applicable, shall include accrued but unpaid interest;
 - (B) “Exclude Accrued Interest” is specified in the related Final Terms, the Outstanding Principal Balance of the Reference Obligation or Valuation Obligation, as applicable, shall not include accrued but unpaid interest; or
 - (C) neither “Include Accrued Interest” nor “Exclude Accrued Interest” is specified in the related Final Terms, the Calculation Agent shall determine based on the then current market practice in the market of the Reference Obligation or Valuation Obligation, as applicable, whether the Outstanding Principal Balance of the Reference Obligation or Valuation Obligation shall include or exclude accrued but unpaid interest and, if applicable, the amount thereof; or
- (iii) Credit Certificate Condition 5(b) (*Partial Credit Event Cash Settlement*) or Credit Certificate Condition 5(c) (*Non-Delivery of Deliverable Obligations*) is applicable, the Calculation Agent shall determine, based on the then current market practice in the market for the relevant Undeliverable Obligation, whether such Quotations shall include or exclude accrued but unpaid interest.

(i) **Asset Package Delivery**

“**Asset Package Delivery**” will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event.

If the “Sovereign No Asset Package Delivery Supplement” is applicable in respect of a Reference Entity, then, notwithstanding the above, it shall be deemed that no Package Observable Bond exists with respect to such Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

7. Successors

(a) Provisions for determining a Successor

- (i) Subject as set out in Credit Certificate Condition 1(c) (*Index Credit Certificates*), the Calculation Agent may determine, following any succession (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) and with effect

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

from the Succession Date, any Successor or Successors under the definition of “Successor”; provided that the Calculation Agent will not make such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations. The Calculation Agent will make all calculations and determinations required to be made under the definition of “Successor” (or the provisions relating to the determination of a Successor) acting in good faith and in a commercially reasonable manner on the basis of Eligible Information. In calculating the percentages used to determine whether an entity qualifies as a Successor under the definition of “Successor”, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

- (ii) An entity may only be a Successor if:
 - (I) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (II) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (III) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.
- (iii) In the case of an exchange offer, the determination required pursuant to the definition of “Successor” shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.
- (iv) If two or more entities (each, a “**Joint Potential Successor**”) jointly succeed to a Relevant Obligation (the “**Joint Relevant Obligation**”) either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

(b) Single Reference Entity

Where the Credit Certificates are Single Reference Entity Credit Certificates and a Succession Date has occurred and more than one Successor has been identified, each such Credit Certificate will be deemed for all purposes to have been divided, with effect from the Succession Date, into the same number of new Credit Certificates as there are Successors with the following terms:

- (i) each Successor will be a Reference Entity for the purposes of one of the deemed new Credit Certificates;

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

- (ii) in respect of each deemed new Credit Certificate, the Reference Entity Notional Amount will be the Reference Entity Notional Amount applicable to the original Reference Entity divided by the number of Successors; and
- (iii) all other terms and conditions of the original Credit Certificates will be replicated in each deemed new Credit Certificate except that the Calculation Agent shall make such modifications as it determines, acting in good faith and in a commercially reasonable manner, are required in order to preserve the economic effects of the original Credit Certificates in the deemed new Credit Certificates (considered in aggregate).

(c) Nth-to-Default

Where the Credit Certificates are Nth-to-Default Credit Certificates:

- (i) where a Succession Date has occurred in respect of a Reference Entity (other than a Reference Entity in respect of which a Credit Event has occurred) and more than one Successor has been identified, each such Credit Certificate will be deemed for all purposes to have been divided, with effect from the Succession Date, into a number of new Credit Certificates equal to the number of Successors. Each such new Credit Certificate shall include a Successor and each and every one of the unaffected Reference Entities and the provisions of Credit Certificate Condition 7(b)(i) to (iii) (*Single Reference Entity*) (inclusive) shall apply thereto;
- (ii) if “Substitution” is specified as not being applicable in the Final Terms, where any Reference Entity (the “**Surviving Reference Entity**”) (other than a Reference Entity that is subject to the Succession Date) would be a Successor to any other Reference Entity (the “**Legacy Reference Entity**”) pursuant to a Succession Date, such Surviving Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity; and
- (iii) if “Substitution” is specified as being applicable in the Final Terms, where the Surviving Reference Entity (other than a Reference Entity that is subject to the Succession Date) would be a Successor to a Legacy Reference Entity pursuant to a Succession Date:
 - (A) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and
 - (B) the Replacement Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity.

(d) Basket Credit Certificates

Where the Credit Certificates are Basket Credit Certificates, and one or more Successors have been identified in respect of a Reference Entity that has been the subject of a related Succession Date (the “**Affected Entity**”), then, with effect from the Succession Date:

- (i) the Affected Entity will no longer be a Reference Entity (unless it is a Successor as described in (ii) below);
- (ii) each Successor will be deemed a Reference Entity (in addition to each Reference Entity which is not an Affected Entity);

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

- (iii) the Reference Entity Notional Amount for each such Successor will equal the Reference Entity Notional Amount of the Affected Entity divided by the number of Successors;
- (iv) the Calculation Agent may make any modifications to the terms of the Credit Certificates which it determines, acting in good faith and in a commercially reasonable manner, may be required to preserve the economic effects of the Credit Certificates prior to the Succession Date (considered in the aggregate); and
- (v) for the avoidance of doubt, a Reference Entity may, as a result of a Succession Date, be represented by multiple Reference Entity Notional Amounts for the Successor(s) of such Reference Entity.

8. Provisions relating to LPN Reference Entities and CoCo Supplement

(a) LPN Reference Entities

The following provisions shall apply if the relevant Final Terms provide that “LPN Reference Entity” is applicable:

- (i) Multiple Holder Obligation will not be applicable with respect to any Reference Obligation and any Underlying Loan;
- (ii) each Reference Obligation will be an Obligation notwithstanding anything to the contrary in these Credit Certificate Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (iii) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in these Credit Certificate Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (iv) for the avoidance of doubt, with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation; and
- (v) the “Not Subordinated” Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity.

(b) Provisions relating to CoCo Supplement

The following provisions shall apply in respect of a Reference Entity if the “CoCo Supplement” is applicable:

- (i) If, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, the operation of one or more CoCo Provisions results in (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, such event shall be deemed to constitute a Governmental Intervention falling within paragraph (a) of the definition thereof.
- (ii) A CoCo Provision shall be deemed to be a provision which permits a Governmental Intervention for all purposes.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

(iii) The following terms shall have the following meanings:

“**CoCo Provision**” means, with respect to an Obligation, a provision which requires (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, in each case, if the Capital Ratio is at or below the Trigger Percentage.

“**Trigger Percentage**” means the trigger percentage specified in respect of the Reference Entity (or if no such trigger percentage is specified, 5.25 per cent.).

“**Capital Ratio**” means the ratio of capital to risk weighted assets applicable to the Obligation, as described in the terms thereof in effect from time to time.

9. Restructuring Credit Event

(a) Multiple Credit Event Notices

Upon the occurrence of an M(M)R Restructuring with respect to a Reference Entity:

- (i) the Calculation Agent may deliver multiple Credit Event Notices with respect to such M(M)R Restructuring, each such notice setting forth the amount of the relevant Reference Entity Notional Amount to which such notice applies (the “**Exercise Amount**”) provided that if the Credit Event Notice does not specify an Exercise Amount, the then outstanding Reference Entity Notional Amount (and not a portion thereof) will be deemed to have been specified as the Exercise Amount;
- (ii) the provisions of these Credit Certificate Conditions (including, without limitation, as to the determination of any Auction Settlement Amount and Credit Event Cash Settlement Amount) shall be deemed to apply to an aggregate Outstanding Principal Amount of Credit Certificates equal to the Exercise Amount only and all the provisions shall be construed accordingly; and
- (iii) the Exercise Amount in connection with a Credit Event Notice describing an M(M)R Restructuring must be an amount that is at least 1,000,000 units of the Specified Currency (or, if Japanese Yen, 100,000,000 units) in which the Reference Entity Notional Amount is denominated or any integral multiple thereof or the entire relevant Reference Entity Notional Amount.

If any Credit Certificate is subject to partial redemption in accordance with this Credit Certificate Condition 9 (*Restructuring Credit Event*), the relevant Credit Certificate or, if the Credit Certificates are represented by a Global Certificate, such Global Certificate shall be endorsed to reflect such partial redemption.

(b) Mod R

If (i) “Physical Settlement” or “Cash Settlement” is specified to be the Settlement Method in the related Final Terms (or is applicable as the Fallback Settlement Method), (ii) “Mod R” is specified as applicable in respect of the Reference Entity and (iii) Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation or, as applicable, Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation or, as applicable, Valuation Obligation may only be specified (or deemed specified) in the Notice of Physical Settlement or in any NOPS Amendment Notice or selected by the Issuer to form part of the related Valuation Obligations Portfolio, as applicable, if such Deliverable Obligation or, as applicable, Valuation Obligation:

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

- (A) is a Fully Transferable Obligation; and
- (B) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date,

in each case, as of both the NOPS Effective Date and the Delivery Date or, as applicable, as of the Relevant Valuation Date.

(c) Mod Mod R

If (i) “Physical Settlement” or “Cash Settlement” is specified to be the Settlement Method in the related Final Terms (or is applicable as the Fallback Settlement Method), (ii) “Mod Mod R” is specified as applicable in respect of the Reference Entity and (iii) Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation or, as applicable, Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation or, as applicable, Valuation Obligation may only be specified (or deemed specified) in the Notice of Physical Settlement or in any NOPS Amendment Notice or selected by the Issuer to form part of the related Valuation Obligations Portfolio, as applicable, if it (A) is a Conditionally Transferable Obligation and (B) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of both the NOPS Effective Date and the Delivery Date or, as applicable, as of the Relevant Valuation Date. Notwithstanding the foregoing, for purposes of this paragraph, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or in any NOPS Amendment Notice, as applicable) or, as applicable, the relevant Valuation Obligation selected, is a Conditionally Transferable Obligation with respect to which consent is required to novate, assign or transfer and the requisite consent is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason), or is not received by the Physical Settlement Date or, as applicable, the Relevant Valuation Date (in which case it shall be deemed to have been refused), the Issuer shall, as soon as reasonably practicable, notify the relevant Certificateholders of such refusal (or deemed refusal) and:

- (i) each such Certificateholder may designate a third party (which may or may not be an Affiliate of such Certificateholder) to take Delivery of the Deliverable Obligation on its behalf; and
- (ii) if a Certificateholder does not designate a third party that takes Delivery on or prior to the date which is three Credit Certificate Business Days after the Physical Settlement Date, then the Issuer will redeem the Credit Certificates for which Delivery has not occurred, by payment of the relevant Partial Credit Event Cash Settlement Amount to such Certificateholder. For the avoidance of doubt Credit Certificate Condition 5(b) (*Partial Credit Event Cash Settlement*) will not apply to this paragraph.

(d) General Terms relating to Mod R and Mod Mod R

For the purposes of making a determination pursuant to “Mod R” and “Mod Mod R”, final maturity date shall, subject to Credit Certificate Condition 9(c) (Mod Mod R), be determined on the basis of the terms of the Deliverable Obligation or, as applicable, Valuation Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation or,

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

as applicable, Valuation Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

(e) Multiple Holder Obligations

Notwithstanding anything to the contrary in the definition of “Restructuring” and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraph (a)(i) to (a)(v) (inclusive) thereof shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation, provided that any obligation that is a Bond shall be deemed to satisfy the requirements of sub-paragraph (b) of the definition of “Multiple Holder Obligation”.

10. Miscellaneous Provisions relating to Credit Certificates

(a) Determinations of the Calculation Agent

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent in each case in good faith and in a commercially reasonable manner pursuant to the Credit Certificate Conditions shall (in the absence of manifest error) be final and binding on the Issuer, the Guarantor and the Certificateholders. Unless otherwise expressly stated, the Calculation Agent is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. If the Calculation Agent chooses to rely on the determinations of the relevant Credit Derivatives Determinations Committee it may do so without liability. Any such election, modification, determination or adjustment shall not create a significant imbalance between the rights and obligations of the Issuer compared to the Certificateholders, to the detriment of the Certificateholders. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Credit Certificates including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Calculation Agent, the Issuer or the Guarantor shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

(b) Reversal of DC Resolutions

If, where a calculation or determination with respect to the Credit Certificates has been made by the Calculation Agent in reliance upon a DC Resolution or otherwise resulted from a DC Resolution, ISDA publicly announces that such DC Resolution has been reversed by a subsequent DC Resolution, such reversal will be taken into account for the purposes of any subsequent calculations, provided that the ISDA public announcement occurs prior to the DC Resolution Reversal Cut-off Date (or where redeemed in part, save to the extent of any such redemption). The Calculation Agent, acting in good faith and in a commercially reasonable manner, will make any adjustment to any future payments as are required to take account of such reversal, including any payment of additional profit or any reduction in any profit or any other amount payable under the Credit Certificates. For the avoidance of doubt, no accruals of profit shall be taken into account when calculating any such adjustment payment.

(c) Change in Standard Terms and Market Conventions

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

The Calculation Agent, acting reasonably, may (but shall not be obligated to) modify these Credit Certificate Conditions from time to time with effect from a date designated by the Calculation Agent to the extent reasonably necessary to ensure consistency with prevailing market standards or market trading conventions, which are, pursuant to the agreement of leading dealers in the credit derivatives market or any relevant ISDA committee, a market-wide protocol, any applicable law or regulation or the rules of any applicable exchange or clearing system, applicable to any Notional Credit Derivative Transaction or any Hedge Transaction entered into prior to such date or terms thereof. The Calculation Agent shall notify the Issuer and the Certificateholders as soon as reasonably practicable upon making any such determination. For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer, amend, pursuant to this Credit Certificate Condition 10(c) (*Change in Standard Terms and Market Conventions*) any of the terms and conditions of the Credit Certificates other than the Credit Certificate Conditions.

In particular, the Calculation Agent may make such modifications as may be necessary to ensure consistency with any successor provisions ("**Successor Provisions**") which are published by ISDA and which supersede the 2014 ISDA Credit Derivatives Definitions, for the purposes of credit derivatives transactions generally (including with respect to transactions which are entered into prior to the relevant date of publication and which are outstanding as of that date) and/or may apply and rely on determinations of a Credit Derivatives Determinations Committee made in respect of a relevant Reference Entity under any such Successor Provisions notwithstanding any discrepancy between the terms of such Successor Provisions and these Credit Certificate Conditions.

This Credit Certificate Condition 10(c) (*Change in Standard Terms and Market Conventions*) shall apply unless the related Final Terms specifies that "Change in Standard Terms and Market Conventions" is not applicable.

(d) Delivery of Notices

As soon as reasonably practicable after receiving a Credit Event Notice or Notice of Publicly Available Information from the Calculation Agent, the Issuer shall promptly inform, or shall procure that the Calculation Agent informs the Certificateholders in accordance with General Condition 13 (*Notices*) provided that any failure or delay in giving such notice to Certificateholders shall not affect the rights of the Issuer in relation thereto. Resolutions of the Credit Derivatives Determinations Committees are, as of the date hereof, available on the website of the Credit Derivatives Determinations Committees (<https://www.cdsdeterminationscommittees.org>) (or any successor website thereto).

(e) Effectiveness of Notices

Any notice referred to in Credit Certificate Condition 10(d) (*Delivery of Notices*) above which is delivered on or prior to 5.00 p.m. (London time) on a London Business Day is effective on such date and if delivered after such time or on a day that is not a London Business Day, is deemed effective on the next following London Business Day.

A notice given by telephone by the Issuer or the Calculation Agent will be deemed to have been delivered at the time the telephone conversation takes place.

(f) Excess Amounts

“Transferable” means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:

- (a) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);
- (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
- (c) restrictions in respect of blocked periods on or around payment dates or voting periods.

“Undeliverable Obligation” means a Deliverable Obligation included in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, which the Calculation Agent determines for any reason (including without limitation, failure by the Certificateholder to deliver an Asset Transfer Notice, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the Delivery of Loans) it is impossible or illegal to Deliver, as a result of an event described in Credit Certificate Condition 5(b) (*Partial Credit Event Cash Settlement*).

“Underlying Finance Instrument” means where the LPN Issuer provides finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument.

“Underlying Loan” means where the LPN Issuer provides a loan to the Reference Entity.

“Underlying Obligation” means, with respect to a guarantee, the obligation which is the subject of the guarantee.

“Underlying Obligor” means with respect to an Underlying Obligation, the issuer in the case of a Bond, the borrower in the case of a Loan, or the principal obligor in the case of any other Underlying Obligation.

“Valuation Date” means:

- (a) any Credit Certificate Business Day falling between the 55th and the 122nd Credit Certificate Business Day following the Event Determination Date (or, if the Event Determination Date occurs pursuant to sub-paragraph (b) above of the definition of “Event Determination Date”, the day on which the DC Credit Event Announcement occurs, if later), or, following any Auction Cancellation Date or No Auction Announcement Date, such later Credit Certificate Business Day, (in each case, as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner); or

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

- (b) if “Cash Settlement” is applicable as a Fallback Settlement Method, any Credit Certificate Business Day falling between the 55th and the 122nd Credit Certificate Business Day following the Event Determination Date, or, following any Auction Cancellation Date or No Auction Announcement Date, such later Credit Certificate Business Day, (in each case, as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner); or
- (c) if Partial Credit Event Cash Settlement applies, the date which is up to fifteen Credit Certificate Business Days after the Latest Permissible Physical Settlement Date or, as applicable the Extended Physical Settlement Date (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner).

“**Valuation Obligation**” means, in respect of a Reference Entity, notwithstanding anything to the contrary in the Credit Certificate Conditions, one or more obligations of such Reference Entity (either directly or as provider of a Relevant Guarantee) which is capable of being specified in a Notice of Physical Settlement (or in any NOPS Amendment Notice, as applicable) if Physical Settlement were the applicable Settlement Method and/or any Asset in the related Asset Package in respect of a Prior Deliverable Obligation or Package Observable Bond, in each case, as selected by the Issuer in its sole and absolute discretion on or prior to the applicable Valuation Date, provided that, for such purpose:

- (a) any reference to “Delivery Date” or “NOPS Effective Date” in the definitions of “Conditionally Transferable Obligation”, “Deliverable Obligation”, within any of the terms comprising “Deliverable Obligation Category” or “Deliverable Obligation Characteristic” and “Due and Payable Amount” shall be deemed to be a reference to the words “Relevant Valuation Date”; and
- (b) in respect of any Asset in the related Asset Package in respect of a Prior Deliverable Obligation or Package Observable Bond, any reference to “Outstanding Principal Balance”, “Due and Payable Amount” or “Outstanding Amount” in the definitions of “Final Price”, “Full Quotation”, “Quotation”, “Quotation Amount” and “Weighted Average Quotation” shall be deemed to be a reference to the words “Outstanding Amount of the relevant Prior Deliverable Obligation or Package Observable Bond immediately prior to the Asset Package Credit Event”.

For the avoidance of doubt, the use of Deliverable Obligation terms in the definition of “Valuation Obligation” is for convenience only and is not intended to amend the selected settlement method.

“**Valuation Obligations Portfolio**” means one or more Valuation Obligations of a Reference Entity selected by the Calculation Agent in its discretion, each in an Outstanding Amount (or, as the case may be, an Outstanding Amount of the relevant Prior Deliverable Obligation or Package Observable Bond immediately prior to the Asset Package Credit Event) selected by the Calculation Agent acting in good faith and in a commercially reasonable manner (and references to “Quotation Amount” shall be construed accordingly), provided that the aggregate of such Outstanding Amounts (or in each case the equivalent in the Specified Currency thereof (converted at the foreign exchange rate prevailing on any date from (and including) the Event Determination Date to (and including) the Valuation Date, as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner)), shall not exceed the relevant Reference Entity Notional Amount.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

“Valuation Time” means the time specified in relation to a Reference Entity or, if no such time is specified, 11:00 a.m. in the principal trading market for the relevant Valuation Obligation or Undeliverable Obligation, as the case may be.

“Voting Shares” means the shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

“Weighted Average Final Price” means the weighted average of the Final Prices determined for each selected Valuation Obligation in the Valuation Obligations Portfolio, weighted by the outstanding amount of each such Valuation Obligation (or its equivalent in the Settlement Currency converted by the Calculation Agent, acting in good faith and in a commercially reasonable manner by reference to exchange rates in effect at the time of such determination).

“Weighted Average Quotation” means, in accordance with the bid quotations provided by the Credit Certificate Dealers, the weighted average of firm quotations obtained from the Credit Certificate Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Reference Obligation, Deliverable Obligation or Undeliverable Obligation, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable (or its equivalent in the relevant currency converted by the Calculation Agent, acting in good faith and in a commercially reasonable manner by reference to exchange rates in effect at the time of such determination), of as large a size as available but less than the Quotation Amount (in the case of Deliverable Obligations only, but of a size at least equal to the Minimum Quotation Amount) that in the aggregate are approximately equal to the Quotation Amount.

12. 2019 Narrowly Tailored Credit Event Provisions

The following are the “NTCE Provisions”, which shall (i) not apply in respect of a Reference Entity if such Reference Entity is a Sovereign, or (b) apply in respect of a Reference Entity if such Reference Entity is not a Sovereign, in each case unless otherwise specified in the Final Terms (and reference in any applicable Transaction Type to “2019 NTCE Supplement to the 2014 ISDA Credit Derivatives Definitions (July 2019)” shall for clarification, be to these provisions).

(a) Outstanding Principal Balance

The definition of “Outstanding Principal Balance” in Credit Certificate Condition 11 shall be deleted and replaced with the following:

“The **“Outstanding Principal Balance”** of an Obligation will be calculated as follows:

- (i) first, by determining, in respect of the obligation, the amount of the Reference Entity’s principal payment obligations and, where applicable in accordance with Credit Certificate Condition 6(h) (*Accrued Interest*), the Reference Entity’s accrued but unpaid interest payment obligations (which, in the case of a Guarantee will be the lower of (A) the Outstanding Principal Balance (including accrued but unpaid interest, where applicable) of the Underlying Obligation (determined as if references to the Reference Entity were references to the Underlying Obligor) and (B) the amount of the Fixed Cap, if any);
- (ii) second, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (A) is subject to any Prohibited Action, or (B) may

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (I) payment or (II) a Permitted Contingency) (the amount determined in paragraph (i) less any amounts subtracted in accordance with this paragraph (ii), the “**Non-Contingent Amount**”); and

- (iii) third, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance,

in each case, determined:

- (A) unless otherwise specified, in accordance with the terms of the obligation in effect on either (I) the NOPS Effective Date (or if the terms of the obligation are amended after such date but on or prior to the Delivery Date, the Delivery Date), or (II) the Relevant Valuation Date; and
- (B) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

For the purposes of paragraph (B) above, “**applicable laws**” shall include any bankruptcy or insolvency law or other law affecting creditors’ rights to which the relevant obligation is, or may become, subject.

Unless “Fallback Discounting” is specified as not applicable in the applicable Final Terms with respect to the relevant Reference Entity, then notwithstanding the above, if (i) the Outstanding Principal Balance of an obligation is not reduced or discounted under paragraph (B) above, (ii) that obligation is either a Bond that has an issue price less than ninety-five per cent. of the principal redemption amount or a Loan where the amount advanced is less than ninety-five per cent. of the principal repayment amount, and (iii) such Bond or Loan does not include provisions relating to the accretion over time of the amount which would be payable on an early redemption or repayment of such Bond or Loan that are customary for the applicable type of Bond or Loan as the case may be, then the Outstanding Principal Balance of such Bond or Loan shall be the lesser of (a) the Non-Contingent Amount; and (b) an amount determined by straight line interpolation between the issue price of the Bond or the amount advanced under the Loan and the principal redemption amount or principal repayment amount, as applicable.

For the purposes of determining whether the issue price of a Bond or the amount advanced under a Loan is less than ninety-five per cent. of the principal redemption amount or principal repayment amount (as applicable) or, where applicable, for applying straight line interpolation:

- (x) where such Bond or Loan was issued as a result of an exchange offer, the issue price or amount advanced of the new Bond or Loan resulting from the exchange shall be deemed to be equal to the aggregate Outstanding Principal Balance of the original obligation(s) that were tendered or exchanged (the “**Original Obligation(s)**”) at the time of such exchange (determined without regard to market or trading value of the Original Obligation(s)); and
- (y) in the case of a Bond or Loan that is fungible with a prior debt obligation previously issued by the Reference Entity, such Bond or Loan shall be treated

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

as having the same issue price or amount advanced as the prior debt obligation.

In circumstances where a holder would have received more than one obligation in exchange for the Original Obligation(s), the Calculation Agent will determine the allocation of the aggregate Outstanding Principal Balance of the Original Obligation(s) amongst each of the resulting obligations for the purpose of determining the issue price or amount advanced of the relevant Bond or Loan. Such allocation will take into account the interest rate, maturity, level of subordination and other terms of the obligations that resulted from the exchange and shall be made by the Calculation Agent in accordance with the methodology (if any) determined by the relevant Credit Derivatives Determinations Committee or, if none, as determined by the Calculation Agent in such manner and by reference to such source(s) as it determines appropriate.”.

(b) Failure to Pay

The definition of “Failure to Pay” in Credit Certificate Condition 11 shall be deleted and replaced with the following:

“**Failure to Pay**” means, after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, in accordance with the terms of such Obligations at the time of such failure.

If an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination.

Unless “Credit Deterioration Requirement” is specified as not applicable in respect of the relevant Reference Entity in the applicable Final Terms, then, notwithstanding the foregoing, it shall not constitute a Failure to Pay if such failure does not directly or indirectly either result from, or result in, a deterioration in the creditworthiness or financial condition of the Reference Entity, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner. In making such determination, the Calculation Agent may take into account the guidance note set out in paragraph 3 (Interpretive Guidance) of the ISDA 2019 Narrowly Tailored Credit Event Supplement to the 2014 ISDA Credit Derivatives Definitions (published on July 15, 2019).”.

AUCTION SETTLEMENT

Capitalized terms used but not defined in this summary have the meaning specified in the Rules and the Form of Auction Settlement Terms (as defined below or in Annex B to the Additional Terms and Conditions for Credit Certificates). All times of day in this summary refer to such times in London.

Publication of Credit Derivatives Auction Settlement Terms

A Credit Derivatives Determinations Committee may determine that a Credit Event has occurred in respect of a Reference Entity (such entity, an **"Affected Reference Entity"**) and that one or more auctions will be held in order to settle affected transactions referencing such Affected Reference Entity based upon a specified Auction Final Price determined in accordance with an auction procedure (each, an **"Auction"**). If an Auction is to be held, the Credit Derivatives Determinations Committee will publish Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, based upon the Form of Auction Settlement Terms first published as Annex B to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions, published by the International Swaps and Derivatives Association, Inc. ("ISDA") on 12 March 2009 (the **"Form of Auction Settlement Terms"**). Certificateholders should note that the Credit Derivatives Determinations Committees have the power to amend the form of Credit Derivatives Auction Settlement Terms for a particular auction and that this summary may therefore not be accurate in all cases. The following does not purport to be a complete summary and prospective investors must refer to the Form of Auction Settlement Terms for detailed information regarding the auction methodology set forth therein (the **"Auction Methodology"**). The Auction and the Auction Methodology apply to credit default swaps on the Reference Entity and do not apply specifically to the Credit Certificates. A copy of the Form of Auction Settlement Terms may be inspected at the offices of the Issuer and is also currently available at www.isda.org (or any successor website thereto). The Credit Derivatives Determinations Committee will additionally make several related determinations, including the date on which the Auction will be held (the **"Auction Date"**), the institutions that will act as participating bidders in the Auction (the **"Participating Bidders"**) and the supplemental terms that are detailed in Schedule 1 to the Form of Auction Settlement Terms. The Credit Derivatives Determinations Committee may also amend the Form of Auction Settlement Terms for a particular auction and may determine that a public comment period is necessary in order to effect such an amendment if such amendment is not contemplated by the Rules.

Auction Methodology

Determining the Auction Currency Rate

On the Auction Currency Fixing Date, the Administrators will determine the rate of conversion (each, an **"Auction Currency Rate"**) as between the Relevant Currency and the currency of denomination of each Deliverable Obligation (each, a **"Relevant Pairing"**) by reference to a Currency Rate Source or, if such Currency Rate Source is unavailable, by seeking mid-market rates of conversion from Participating Bidders (determined by each such Participating Bidder in a commercially reasonable manner) for each such Relevant Pairing. If rates of conversion are sought from Participating Bidders and more than three such rates are obtained by the Administrators, the Auction Currency Rate will be the arithmetic mean of such rates, without regard to the rates having the highest and lowest values. If exactly three rates are obtained, the Auction Currency Rate will be the rate remaining after disregarding the rates having the highest and lowest values. For this purpose, if more than one rate has the same highest or lowest value, then one of such rates shall be disregarded. If fewer than three rates are obtained, it will be deemed that the Auction Currency Rate cannot be determined for such Relevant Pairing.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

Initial Bidding Period

During the Initial Bidding Period, Participating Bidders will submit to the Administrators: (a) Initial Market Bids; (b) Initial Market Offers; (c) Dealer Physical Settlement Requests; and (d) Customer Physical Settlement Requests (to the extent received from customers).

Initial Market Bids and Initial Market Offers are firm quotations, expressed as percentages, to enter into credit derivative transactions in respect of the Affected Reference Entity on terms equivalent to the Representative Auction-Settled Transaction.

The Initial Market Bid and Initial Market Offer submitted by each Participating Bidder must differ by no more than the designated Maximum Initial Market Bid-Offer Spread and must be an integral multiple of the Relevant Pricing Increment (each as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity). The Initial Market Bid must be less than the Initial Market Offer.

Dealer Physical Settlement Requests and Customer Physical Settlement Requests are firm commitments, submitted by a Participating Bidder, on its own behalf or on behalf of a customer, as applicable, to enter into a Representative Auction-Settled Transaction, in each case, as seller (in which case, such commitment will be a "Physical Settlement Buy Request") or as buyer (in which case, such commitment will be a "Physical Settlement Sell Request"). Each Dealer Physical Settlement Request must be, to the best of such Participating Bidder's knowledge and belief, in the same direction as, and not in excess of, its Market Position. Each Customer Physical Settlement Request must be, to the best of the relevant customer's knowledge and belief (aggregated with all Customer Physical Settlement Requests submitted by such customer), in the same direction as, and not in excess of, its Market Position.

If the Administrators do not receive valid Initial Market Bids and Initial Market Offers from at least a minimum number of Participating Bidders (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity), the timeline will be adjusted and the Initial Bidding Period extended, with the Auction recommencing at such time(s) specified by the Administrators, otherwise it will proceed as follows.

Determination of Open Interest, Initial Market Midpoint and Adjustment Amounts

The Administrators will calculate the Open Interest, the Initial Market Midpoint and any Adjustment Amounts in respect of the Auction.

The Open Interest is the difference between all Physical Settlement Sell Requests and all Physical Settlement Buy Requests.

To determine the Initial Market Midpoint, the Administrators will: (a) sort the Initial Market Bids in descending order and the Initial Market Offers in ascending order, identifying non-tradeable markets for which bids are lower than offers; (b) sort non-tradeable markets in terms of tightness of spread between Initial Market Bid and Initial Market Offer; and (c) identify that half of the non-tradeable markets with the tightest spreads. The Initial Market Midpoint is determined as the arithmetic mean of the Initial Market Bids and Initial Market Offers contained in the half of non-tradeable markets with the tightest spreads.

Any Participating Bidder whose Initial Market Bid or Initial Market Offer forms part of a tradeable market will be required to make a payment to ISDA on the third Business Day after the Auction Final Price Determination Date (an "**Adjustment Amount**"), calculated in accordance with the Auction Methodology. Any payments of Adjustment Amounts shall be used by ISDA to defray any costs

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

related to any auction that ISDA has coordinated, or that ISDA will in the future coordinate, for purposes of settlement of credit derivative transactions.

If for any reason no single Initial Market Midpoint can be determined, the procedure set out above may be repeated.

At or prior to the Initial Bidding Information Publication Time on any day on which the Initial Bidding Period has successfully concluded, the Administrators publish the Open Interest, the Initial Market Midpoint and the details of any Adjustment Amounts in respect of the Auction.

If the Open Interest is zero, the Auction Final Price will be the Initial Market Midpoint.

Submission of Limit Order Submissions

In the event that the Open Interest does not equal zero, a subsequent bidding period will be commenced during the Initial Bidding Period which: (a) if the Open Interest is an offer to sell Deliverable Obligations, Participating Bidders submit Limit Bids; or (b) if the Open Interest is a bid to purchase Deliverable Obligations, Limit Offers, in each case, on behalf of customers and for their own account.

Matching bids and offers

If the Open Interest is a bid to purchase Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Offers and Limit Offers, as further described in the Auction Methodology. If the Open Interest is an offer to sell Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Bids and Limit Bids, as further described in the Auction Methodology.

Auction Final Price when the Open Interest is Filled

The Auction Final Price will be the price associated with the matched Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, that is the highest offer or the lowest bid, as applicable, provided that: (a) if the Open Interest is an offer to sell and the price associated with the lowest matched bid exceeds the Initial Market Midpoint by more than the "Cap Amount" (being the percentage that is equal to one half of the Maximum Initial Market Bid-Offer Spread (rounded to the nearest Relevant Pricing Increment)), then the Auction Final Price will be the Initial Market Midpoint plus the Cap Amount; and (b) if the Open Interest is a bid to purchase and the Initial Market Midpoint exceeds the price associated with the highest offer by more than the Cap Amount, then the Auction Final Price will be the Initial Market Midpoint minus the Cap Amount.

Auction Final Price when the Open Interest is Not Filled

If, once all the Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, have been matched to the Open Interest, part of the Open Interest remains, the Auction Final Price will be: (a) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (i) zero, and (ii) the highest Limit Offer or Initial Market Offer received; or (b) if the Open Interest is an offer to sell Deliverable Obligations, zero.

100 per cent. Cap to Auction Final Price

In all cases, if the Auction Final Price determined pursuant to the Auction Methodology is greater than 100 per cent., then the Auction Final Price will be deemed to be 100 per cent.

Publication of Auction Final Price

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

At or prior to the Subsequent Bidding Information Publication Time on any day on which the subsequent bidding period has successfully concluded, the Administrators will publish on their websites: (a) the Auction Final Price; (b) the names of the Participating Bidders who submitted bids, offers, valid Dealer Physical Settlement Requests and valid Customer Physical Settlement Requests, together with the details of all such bids and offers submitted by each; and (c) the details and size of all matched trades.

Restructuring

Following certain Restructuring credit events, more than one auction may be held and there may be more than one Auction Final Price and credit default swaps are grouped into buckets by maturity and depending on which party triggers the credit default swap. Deliverable obligations will be identified for each bucket (any deliverable obligations included in a shorter bucket will also be deliverable for all longer buckets). If the Credit Derivatives Determinations Committee determines to hold an auction for a particular bucket, then that auction will be held according to the existing auction methodology that has previously been used for Bankruptcy and Failure to Pay credit events as described in the summary below, except that the deliverable obligations will be limited to those falling within the relevant maturity bucket.

Execution of Trades Formed in the Auction

Each Participating Bidder whose Limit Bid or Initial Market Bid (or Limit Offer or Initial Market Offer if applicable) is matched against the Open Interest, and each Participating Bidder that submitted a Customer Physical Settlement Request or Dealer Physical Settlement Request, is deemed to have entered into a Representative Auction-Settled Transaction, and each customer that submitted such a Limit Bid, Limit Offer, or Physical Settlement Request is deemed to have entered into a Representative Auction-Settled Transaction with the dealer through whom the customer submitted such bid or offer. Accordingly, each such Participating Bidder or customer that is a seller of Deliverable Obligations pursuant to a trade formed in the auction must deliver to the buyer to whom such Participating Bidder or customer has been matched a Notice of Physical Settlement indicating the Deliverable Obligations that it will deliver, and such Deliverable Obligations will be sold to the buyer in exchange for payment of the Auction Final Price.

Timing of Auction Settlement Provisions

If an Auction is held in respect of an Affected Reference Entity, it is expected that the relevant Auction Date will occur on the third Business Day immediately prior to the 30th calendar day after which the relevant Credit Derivatives Determinations Committee received the request from an eligible market participant (endorsed by a member of the relevant Credit Derivatives Determinations Committee) to resolve whether a Credit Event has occurred with respect to such Reference Entity.

In respect of an Affected Reference Entity for which an Auction is held, the Auction Settlement Date will occur on a Business Day following the Auction Final Price Determination Date, as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity.

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

ANNEX B TO THE ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

CREDIT DERIVATIVES DETERMINATIONS COMMITTEES

In making certain determinations with respect to the Credit Certificates, the Calculation Agent may but is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committees. This Annex sets forth a summary of the Credit Derivatives Determinations Committees Rules, as published by ISDA and made available on the website of the Credit Derivatives Determinations Committees at <https://www.cdsdeterminationscommittees.org> (or any successor website thereto) as of 28 September 2018 (the “**Rules**”) and is subject to the rules as published by ISDA from time to time and as amended from time to time. This summary is not intended to be exhaustive and prospective investors should also read the Rules and reach their own views prior to making any investment decisions. A copy of the Rules published by ISDA is available at: <https://www.cdsdeterminationscommittees.org> (or any successor website thereto).

Capitalised terms used but not defined in this summary have the meaning specified in the Final Terms or the Rules, as applicable.

Establishment of the Credit Derivatives Determinations Committees

In accordance with the Rules, a Credit Derivatives Determinations Committee has been formed for each of the regions of (a) the Americas, (b) Asia Ex-Japan, (c) Australia-New Zealand, (d) Europe, Middle East and Africa and (e) Japan. As of the date hereof, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. See “Risk Factors – Risks Associated with Credit Derivatives Determinations Committees” for additional information regarding conflicts of interest. The Credit Derivatives Determinations Committees will act in accordance with the Rules and will make determinations that are relevant for Credit Derivative Transactions that incorporate, or are deemed to incorporate, the 2014 ISDA Credit Derivatives Definitions, as amended from time to time (the “**2014 Definitions**”). ISDA will serve as the secretary of each Credit Derivatives Determinations Committee and will perform administrative duties and make certain determinations as provided for under the Rules.

Decision-making Process of the Credit Derivatives Determinations Committees

Each DC Resolution by a Credit Derivatives Determinations Committee will apply to Credit Derivative Transactions that incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions (depending on the applicable “Coverage Election” and subsequent determinations of the Credit Derivatives Determinations Committee) and for which the relevant provisions are not materially inconsistent with the provisions with respect to which the Credit Derivatives Determinations Committee bases its determination. As a result, determinations by the Credit Derivatives Determinations Committees are not applicable to the Certificateholders, unless specified otherwise in the terms of the Credit Certificates. The Credit Derivatives Determinations Committees shall have no ability to amend the terms of the Credit Certificates. Furthermore, the institutions on the Credit Derivatives Determinations Committees owe no duty to the Certificateholders. See “Risk Factors - Risks Associated with Credit Derivatives Determinations Committees” for further information. The terms of the Credit Certificates provide that the Certificateholders will be subject to certain determinations by the Credit Derivatives Determinations Committees. The Credit Derivatives Determinations Committees will be able to make determinations without action or knowledge by the Certificateholders.

A Credit Derivatives Determinations Committee will be convened upon referral of (i) a question to ISDA by an identified eligible market participant and the agreement of at least one of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question, or (ii) a question to ISDA by an unidentified eligible market participant and the agreement of at least two

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question, or (iii) a question to ISDA by an eligible market participant which is an Eligible CCP (being an eligible clearing entity) and such question is not designated as a “General Interest Question” and relates to an eligible cleared Reference Entity with respect to such Eligible CCP and to certain specified matters such as a Credit Event, Potential Repudiation/Moratorium and/or Successor. ISDA will convene the Credit Derivatives Determinations Committee for the region to which the referred question relates, as determined in accordance with the Rules. Any party to a transaction that incorporates, or is deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions may refer a question to ISDA for a Credit Derivatives Determinations Committee to consider. Therefore, a binding determination may be made with respect to the Credit Certificates without any action by the Certificateholders. Certificateholders (in their capacity as holders of the Credit Certificates) will not be able to refer questions to the Credit Derivatives Determinations Committees.

Once a question is referred to a Credit Derivatives Determinations Committee, a DC Resolution may result quickly, as a binding vote usually must occur within two business days of the first meeting held with respect to such question unless the timeframe is extended by agreement of at least 80% of the voting members participating in a vote held in accordance with the Rules. In addition, voting members of the Credit Derivatives Determinations Committees are required to participate in each binding vote, subject only to limited abstention rights. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions, meeting statements and the results of binding votes will be published on the ISDA website and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Certificateholders of such information (other than as expressly provided in the Final Terms). Certificateholders shall therefore be responsible for obtaining such information. See “Risk Factors – Risks Associated with Credit Derivatives Determinations Committees”.

The Credit Derivatives Determinations Committees have the ability to make determinations that may materially affect the Certificateholders. The Credit Derivatives Determinations Committees will be able to make a broad range of determinations in accordance with the Rules that may be relevant to the Credit Certificates and materially affect the Certificateholders. For each of the general types of questions discussed below, the Credit Derivatives Determinations Committees may determine component questions that arise under the 2014 Definitions or the Updated 2003 Definitions, or the Rules and that are related to the initial question referred. Since the terms governing the credit-linked elements of the Credit Certificates are substantially similar to the 2014 Definitions or, as the case may be, the Updated 2003 Definitions, such determinations may affect the Certificateholders, as further described below.

Credit Events

The Credit Derivatives Determinations Committees will be able to determine whether a Credit Event has occurred and, if applicable, the date of such Credit Event. Related questions that are also within the scope of the Credit Derivatives Determinations Committees are whether a Potential Failure to Pay or a Potential Repudiation/Moratorium has occurred. In addition, the Credit Derivatives Determinations Committees will also determine, where necessary, whether the required Publicly Available Information has been provided. Each of these determinations, other than whether the required Publicly Available Information has been provided, requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The determination of whether the required Publicly Available Information has been provided requires the agreement of at least a majority of the voting members participating in a binding vote held in accordance with the Rules and is not eligible for external review. Each of these determinations may affect whether an Event Determination Date will occur under the Credit Certificates. If the Credit Derivatives Determinations Committee

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

Resolves that a Credit Event has occurred with respect to one of the Reference Entity(ies) on or after the Credit Event Backstop Date, then an Event Determination Date is deemed to have occurred in respect of the Credit Certificates.

Successors

The Credit Derivatives Determinations Committees will be able to determine whether there are any Successor or Successors to a Reference Entity and the relevant Succession Date. In addition, the Credit Derivatives Determinations Committees will also determine the identity of the Successor(s) in accordance with the Rules. For a Reference Entity that is not a Sovereign, the Credit Derivatives Determinations Committees will determine the Relevant Obligation(s) of the Reference Entity (including any adjustments required to be made if there is a Steps Plan), the proportion of the Relevant Obligation(s) to which each purported Successor succeeds and the Succession Date. For a Reference Entity that is a Sovereign, the Credit Derivatives Determinations Committees will determine the Relevant Obligation(s) of the Reference Entity (including any adjustments to be made if there is a Steps Plan), whether a Sovereign Succession Event has occurred, if so the proportion of the Relevant Obligation(s) to which each purported Successor succeeds, and the Succession Date. Each of these determinations requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below, except for the actual identification of the Successor(s) for a Reference Entity (which only requires a majority and is not eligible for external review). The Calculation Agent may use the relevant DC Resolutions of the Credit Derivatives Determinations Committees in order to determine Successor(s) to the Reference Entity(ies).

Other Questions

The Credit Derivatives Determinations Committees will be able to determine whether circumstances have occurred that require a Substitute Reference Obligation to be identified and, if so, the appropriate Substitute Reference Obligation. The Credit Derivatives Determinations Committees may also make determinations in relation to (i) Standard Reference Obligations and if applicable replacement Standard Reference Obligations in accordance with the Standard Reference Obligation Rules and (ii) whether or not Asset Package Delivery is applicable pursuant to the 2014 Definitions and if so, any Asset Package relating to a Prior Deliverable Obligation or Package Observable Bond, as applicable. In addition, the Credit Derivatives Determinations Committees will be able to determine whether an entity that acts as seller of protection under one or more transactions (such entity, the "Relevant Seller") or a Reference Entity has consolidated or amalgamated with, or merged into, or transferred all or substantially all its assets to, the Reference Entity or the Relevant Seller, as applicable, or that the Relevant Seller and the Affected Reference Entity have become Affiliates. Each of these determinations requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The Calculation Agent may follow such DC Resolutions in making the equivalent determinations with respect to the Credit Certificates.

The Credit Derivatives Determinations Committees will be able to determine other referred questions that are relevant to the credit derivatives market as a whole and are not merely a matter of bilateral dispute. Such questions require the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules for each Credit Derivatives Determinations Committee implicated by the relevant question, as determined in accordance with the Rules, in order to avoid the possible referral of the question to the external review process, as described further below. Furthermore, the question relating to such DC Resolution may also be referred to the external review process if at least a majority of the voting members participating in a binding vote held in accordance with the Rules agree. Any guidance given by the Credit Derivatives Determinations Committees with respect to questions of interpretation of the 2014 Definitions or, as the case may be, the Updated 2003

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

Definitions are likely to influence the Calculation Agent in interpreting equivalent provisions under the Credit Certificates.

Any such question can be submitted to the Credit Derivatives Determinations Committees by an unidentified eligible market participant for deliberation. The relevant Credit Derivatives Determinations Committee(s) will deliberate such question upon the agreement of at least two of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question. Once the deliberations on such question have commenced, the relevant Credit Derivatives Determinations Committee will proceed in accordance with the procedures described above with respect to the relevant question category, except that the identity of the eligible market participant who submitted the question will not be revealed to the members of the Credit Derivatives Determinations Committees or the general public.

External Review

As described immediately above, certain questions deliberated by the Credit Derivatives Determinations Committees are subject to an external review process if the required threshold is not met during the binding vote held with respect to such question. For such questions, if at least 80% of the voting members participating in a binding vote held in accordance with the Rules fail to agree, the question will be automatically referred to the external review process. Questions that are not eligible for external review often require only a simple majority of participating voting members to agree in order to reach a DC Resolution.

Questions referred to external review will be considered by a panel of three independent individuals who will be selected by either the relevant Credit Derivatives Determinations Committee or by ISDA at random. The default duration of the external review process (which can be modified by the relevant Credit Derivatives Determinations Committee in accordance with the Rules) is twelve business days from the referral of the question and contemplates the receipt of both written submissions and oral argument. Any member of ISDA may provide written submissions to the external reviewers, which will be made available to the public on the ISDA website, and the conclusion reached in accordance with the external review process will be binding on the Certificateholders. In instances where the vote of the relevant Credit Derivatives Determinations Committee was less than or equal to 60%, the decision of a majority of the external reviewers will be determinative. However, in instances where the vote of the relevant Credit Derivatives Determinations Committee was between 60% and 80%, all three external reviewers must agree in order to overturn the vote of the Credit Derivatives Determinations Committee.

Holder should be aware that the external reviewers may not consider new information that was not available to the relevant Credit Derivatives Determinations Committee at or prior to the time of the binding vote and questions may be returned to the Credit Derivatives Determinations Committee for another vote if new information becomes available. In addition, if the external reviewers fail to arrive at a decision for any reason, the entire process will be repeated. As a result, the external review process may be elongated in certain situations, leaving questions that may materially affect the Certificateholders unresolved for a period of time.

The Composition of the Credit Derivatives Determinations Committees

Each Credit Derivatives Determinations Committee is composed of fifteen voting members and three non-voting consultative members. Ten of the voting members are dealer institutions, with eight serving across all regions and two potentially varying by region. The other five voting members are non-dealer institutions that serve across all regions. The three non-voting consultative members consist of one dealer institution and one non-dealer institution that serve across all regions and one dealer institution that could potentially vary by region. For the first composition of the Credit Derivatives Determinations

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

Committees only, an additional non-voting dealer institution has been selected to serve across all regions.

Holders will have no role in the composition of the Credit Derivatives Determinations Committees. Separate criteria applies with respect to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committees and the Certificateholders will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committees will change from time to time in accordance with the Rules, as the term of an institution may expire or an institution may be required to be replaced. The Certificateholders will have no control over the process for selecting institutions to participate on the Credit Derivatives Determinations Committees and, to the extent provided for in the Credit Certificates, will be subject to the determinations made by such selected institutions in accordance with the Rules.

Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees

As of the date hereof, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. In such capacity, it may take certain actions that may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees, including (without limitation): (a) agreeing to deliberate a question referred to ISDA, (b) voting on the resolution of any question being deliberated by a Credit Derivatives Determinations Committee and (c) advocating a certain position during the external review process. In addition, as a party to transactions which incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions, the Calculation Agent may refer a question to ISDA for a Credit Derivatives Determinations Committee to deliberate. In deciding whether to take any such action, the Calculation Agent (or its Affiliate) shall be under no obligation to consider the interests of any Certificateholder. See "Potential conflicts of interest of the Calculation Agent" below for additional information.

Potential Conflicts of interest of the Calculation Agent

Since, as of the date hereof, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees and is a party to transactions which incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions, it may take certain actions which may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees. See "Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees" above for additional information. Such action may be adverse to the interests of the Certificateholders and may result in an economic benefit accruing to the Calculation Agent. In taking any action relating to the Credit Derivatives Determinations Committees or performing any duty under the Rules, the Calculation Agent shall have no obligation to consider the interests of the Certificateholders and may ignore any conflict of interest arising due to its responsibilities under the Credit Certificates.

Holders will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committees or the external reviewers. Institutions serving on the Credit Derivatives Determinations Committees and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on the Credit Derivatives Determinations Committees do not owe any duty to the Certificateholders and the Certificateholders will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Holders should also be aware that institutions serving on the Credit Derivatives Determinations Committees have no duty to research or verify the veracity of information on which a specific

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT CERTIFICATES

determination is based. In addition, the Credit Derivatives Determinations Committees are not obligated to follow previous determinations and, therefore, could reach a conflicting determination for a similar set of facts.

Holders shall be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Certificateholders of such information (other than as expressly provided in the Final Terms). Failure by the Certificateholders to be aware of information relating to deliberations of a Credit Derivatives Determinations Committee will have no effect under the Final Terms and Certificateholders are solely responsible for obtaining any such information.

Amendments to the Rules

The Rules may be amended from time to time without the consent or input of the Certificateholders and the powers of the Credit Derivatives Determinations Committees may be expanded or modified as a result.

USE OF PROCEEDS

The proceeds from each issuance of Certificates by the Issuer will be used by the Issuer to purchase Assets and/or to enter into or pay any amount required under or in respect of the Sharia Transaction Documents in respect of the relevant Certificates. The particular identified use of proceeds will be described in the applicable Final Terms. The net proceeds from each issue of Certificates by the Issuer will become part of the general funds of the Issuer.

FORM OF DEED OF GUARANTEE

THIS DEED OF GUARANTEE is made on 15 December 2021 by BNP Paribas (“**BNPP**” and the “**Guarantor**”) in favour of the Certificateholders and the Accountholders (together, the “**Beneficiaries**”).

WHEREAS:

- (A) BNP Paribas Islamic Issuance B.V. (the “**Issuer**”) and BNPP have established a Programme for the issuance of Certificates (the “**Programme**”). BNPP has authorised the giving of its irrevocable guarantee in relation to the certificates issued by the Issuer under the Programme (the “**Certificates**”).
- (B) BNPP and the Issuer have, in relation to the Certificates issued under the Programme, entered into an Agency Agreement (the “**Agency Agreement**”, which expression includes the same as it may be amended, supplemented or restated from time to time) dated 15 December 2021 between the Issuer, BNPP, BNP Paribas Securities Services, Luxembourg Branch and BNP Paribas Arbitrage S.N.C..
- (C) BNPP has agreed to irrevocably guarantee the payment and delivery obligations from time to time of the Issuer in respect of the Certificates.
- (D) In respect of all Certificates issued on or after the date of this Guarantee (other than Certificates representing a further tranche of an existing series), this Deed of Guarantee replaces the guarantee dated 23 April 2012 granted by the Guarantor in respect of Certificates issued under the Programme.

NOW THIS DEED WITNESSES as follows:

1. Definitions and Interpretation

“**Accountholder**” means any accountholder or participant with a Clearing System which at the Relevant Date has credited to its securities account with such Clearing System one or more entries in respect of a Global Certificate issued by the Issuer, except for any Clearing System in its capacity as an accountholder of another clearing system;

“**Certificateholder**” means, in relation to any Certificate, at any time the person who is the bearer of or registered holder of such Certificate;

“**Clearing System**” means each of Euroclear and Clearstream, Luxembourg, and any other Clearing System specified in the relevant Final Terms;

“**Direct Rights**” means the rights referred to in Clause 3.4 of the Agency Agreement;

“**person**” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal entity;

“**Relevant Date**” means, in relation to the payment of any sum or delivery of assets expressed to be payable or deliverable by the Issuer in respect of a Certificate, whichever is the later of:

- (a) the date on which the payment or delivery in question first become due; and
- (b) if the full amount payable or deliverable has not been received by the Principal Paying Agent on or prior to such date, the date on which (the full amount having been so received) notice to that effect has been given to the Certificateholders.

Terms defined in the Terms and Conditions of the Certificates, as amended and/or supplemented by the applicable Final Terms (the “**Conditions**”) and/or the Agency Agreement and not otherwise defined in this Deed of Guarantee shall have the same meanings when used in this Deed of Guarantee.

Any reference in this Deed of Guarantee to:

- (i) any obligation or payment under or in respect of the Certificates shall be construed to include a reference to any obligation or payment under or pursuant to Clause 3.4 of the Agency Agreement; and
- (ii) any obligation of, or sums or amounts payable by, the Issuer shall be construed to refer to in the event of a bail-in of BNPP, such obligations, sums and/or amounts as reduced by reference to, and in the same proportion as, any such reduction or modification applied to liabilities of BNPP following the application of a bail-in of BNPP by any relevant authority (including in a situation where the Guarantee itself is not the subject of such bail-in).

2. Guarantee

Subject as provided below, BNPP hereby irrevocably and unconditionally guarantees:

- (a) to each Certificateholder the due and punctual payment of all sums from time to time payable or performance of any other obligation by the Issuer in respect of the Certificates on the date specified for such payment or performance and accordingly undertakes to either (i) pay to such Certificateholder, forthwith upon the demand of such Certificateholder and in the manner and currency prescribed by the Conditions for payments by the Issuer in respect of the Certificates, any and every sum or sums which the Issuer is at any time liable to pay in respect of the Certificates and which the Issuer has failed to pay or (ii) perform such other obligation for the benefit of such Certificateholder which the Issuer has failed to perform on the due date for such performance after a demand has been made on BNPP pursuant to Clause 13 (*Demand on BNPP*) hereof; and
- (b) to each Accountholder the due and punctual payment of all sums from time to time payable or performance of any other obligation by the Issuer in respect of the Direct Rights on the date specified for such payment or performance and accordingly undertakes to either (i) pay to such Accountholder, forthwith upon the demand of such Accountholder and in the manner and currency prescribed by the Conditions for payments by the Issuer in respect of the Certificates, any and every sum or sums which the Issuer is at any time liable to pay in respect of the Certificates and which the Issuer has failed to pay or (ii) perform such other obligation for the benefit of the Accountholder which the Issuer has failed to perform on the due date for such performance after a demand has been made on BNPP pursuant to Clause 13 (*Demand on BNPP*) hereof,

PROVIDED THAT in the case of Certificates (other than Credit Certificates) where the obligations of the Issuer which fall to be satisfied by BNPP constitute the delivery of the Entitlement if in the opinion of BNPP such delivery is not practicable by reason of (x) a Settlement Disruption Event (as defined in Condition 4(b)(i)(E) (*Settlement Disruption*)) or (y) if “**Failure to Deliver due to Illiquidity**” is specified as applying in the applicable Final Terms, a Failure to Deliver due to Illiquidity (as defined in Condition 4(b)(i)(F) (*Failure to Deliver due to Illiquidity*)), *in lieu* of such delivery BNPP will make payment in respect of each such Certificate of, in the case of (x) above, the Disruption Cash Redemption Amount (as defined in Condition 4(b)(i)(E) (*Settlement Disruption*)) or in the case of (y) above, the Failure to Deliver Redemption Amount (as defined in Condition 4(b)(i)(F) (*Failure to Deliver due to Illiquidity*)). Any payment of the Disruption Cash Redemption Amount or the Failure to Deliver Redemption Amount, as the case may be, in respect of a Certificate shall constitute a complete discharge of BNPP's obligations in respect of the delivery of the Relevant Assets affected by the Settlement Disruption Event or Failure to Deliver due to Illiquidity, as the case may be.

3. Taxation

If the applicable Final Terms specify that Condition 6(a) (*Gross-up*) is applicable to the Certificates, the Guarantor covenants in favour of each Certificateholder that it will duly perform and comply with the obligations expressed to be undertaken by it in Condition 6(a) (*Gross-up*). In particular, if in respect of any payment to be made under this Deed of Guarantee, any withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature is payable, the Guarantor

shall pay the additional amounts referred to in Condition 6(a) (*Gross-up*), all subject to and in accordance with the provisions of Condition 6(a) (*Gross-up*).

4. BNPP as Principal Obligor

As between BNPP and each Beneficiary but without affecting the Issuer's obligations, BNPP will be liable under this Deed of Guarantee as if it were the sole principal obligor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (a) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (b) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the Issuer or any other person for payment or performance of any other obligation in respect of any Certificate, (d) the enforcement or absence of enforcement of any Certificate or of any security or other guarantee or indemnity, (e) the taking, existence or release of any such security, guarantee or indemnity, (f) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person, or (g) the illegality, invalidity or unenforceability of or any defect in any provision of the Conditions, the Agency Agreement or any of the Issuer's obligations under any of them).

5. BNPP's Obligations Continuing

BNPP's obligations under this Deed of Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Certificate. Furthermore, those obligations of BNPP are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from BNPP or otherwise and may be enforced without first having recourse to the Issuer, any other person, any security or any other guarantee or indemnity. BNPP irrevocably waives all notices and demands of any kind.

6. Status

This Deed of Guarantee is a senior preferred obligation (within the meaning of Article L.613-30-3-I-3° of the French Code *monétaire et financier*) and an unsecured obligation of BNPP and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

7. Exercise of BNPP's rights

So long as any sum remains payable under the Certificates or this Deed of Guarantee, BNPP shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Deed of Guarantee, to be indemnified by the Issuer or to take the benefit of or enforce any security or other guarantee or indemnity.

8. Discharge by the Issuer

If any payment received by, or other obligation discharged to or to the order of, any Certificateholder is, on the subsequent bankruptcy or insolvency of the Issuer, avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of BNPP and this Deed of Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by the Issuer.

9. Indemnity

As a separate and alternative stipulation, BNPP unconditionally and irrevocably agrees:

- (a) that any sum or obligation which, although expressed to be payable or deliverable under the Certificates, is for any reason (whether or not now existing and whether or not now known or becoming known to the Issuer, BNPP or any Certificateholder) not recoverable from BNPP on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal obligor and will be paid or performed by it in favour of the Certificateholder on demand; and

- (b) as a primary obligation to indemnify each Beneficiary against any loss suffered by it as a result of any sum or obligation expressed to be payable or deliverable under the Certificates not being paid or performed by the time, on the date and otherwise in the manner specified in the Certificates or any obligation of the Issuer under the Certificates being or becoming void, voidable or unenforceable for any reason (whether or not now existing and whether or not known or becoming known to the Issuer, BNPP or any Beneficiary), in the case of a payment obligation the amount of that loss being the amount expressed to be payable by the Issuer in respect of the relevant sum,

PROVIDED THAT the proviso to Clause 2 (*Guarantee*) of this Deed of Guarantee shall apply *mutatis mutandis* to this Clause 9.

10. Resolution Proceedings against the Guarantor

By its acquisition of the Certificates, each Certificateholder (which, for the purposes of this Clause 10, includes any current or future holder of a beneficial interest in the Certificates) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) if the latter was to consider that the Amounts Due fall within the scope of the Bail-in or Loss Absorption Power. This Bail-in or Loss Absorption Power may include and result in any of the following, or some combination thereof:
- (i) the reduction of all, or a portion, of the Amounts Due;
 - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Guarantor or another person (and the issue to the Certificateholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of this Deed of Guarantee, in which case the Certificateholder agrees to accept in lieu of its rights under this Deed of Guarantee any such shares, other securities or other obligations of the Guarantor or another person;
 - (iii) the cancellation of this Deed of Guarantee; and/or
 - (iv) the amendment or alteration of the term of this Deed of Guarantee, including by suspending payment for a temporary period;
- (b) if applicable, that the terms of this Deed of Guarantee are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority.

For these purposes:

"**Amounts Due**" are (a) the amounts payable on, or the Entitlement deliverable in respect of, each Certificate that has not been previously redeemed or cancelled or is otherwise no longer due or (b) the amounts payable under this Deed of Guarantee.

The "**Bail-in or Loss Absorption Power**" is:

- (i) any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time) ratified by the Law n°2016-1691 of 9 December 2016 relating to transparency, the fight against corruption and the modernisation of economic life (*Loi no. 2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) (as amended from time to time, this ordinance was ratified by the Law n°2016-1691 referred to below as the "**20 August 2015 Decree Law**");

FORM OF DEED OF GUARANTEE

- (ii) Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, including by Regulation (EU) 2019/877 dated 20 May 2019, the "**Single Resolution Mechanism Regulation**"); or
- (iii) otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.

A reference to a "**Regulated Entity**" is any entity referred to in Section 1 of Article L.613-34 of the French Code *monétaire et financier*, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the "**Relevant Resolution Authority**" is to the *Autorité de contrôle prudentiel et de résolution*, the Single Resolution Board established pursuant to the Single Resolution Mechanism Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in or Loss Absorption Power against the Guarantor from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation).

The matters set forth in this Clause 10 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Guarantor and any holder of Certificates.

11. Incorporation of Terms

BNPP agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

12. Deposit of Guarantee

This Deed of Guarantee shall be deposited with and held by BNP Paribas Arbitrage S.N.C., for the benefit of the Beneficiaries.

13. Demand on BNPP

Any demand hereunder shall be given in writing addressed to BNPP served at its office at CIB Legal, 37 Avenue de l'Opéra, 75002 Paris, France. A demand so made shall be deemed to have been duly made two Paris Business Days (as used herein, "**Paris Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Paris) after the day it was served or if it was served on a day that was not a Paris Business Day or after 5.30 p.m. (Paris time) on any day, the demand shall be deemed to be duly made two Paris Business Days after the Paris Business Day immediately following such day.

14. Governing law

This Deed of Guarantee, and any non-contractual obligations arising out of or in connection herewith, shall be governed by, and construed in accordance with, English law.

15. Jurisdiction

The courts of England shall have exclusive jurisdiction to settle any disputes which may, directly or indirectly, arise out of or in connection with this Deed of Guarantee including a dispute relating to any non-contractual obligations arising out of or in connection herewith.

16. Service of Process

BNPP agrees that service of process in England may be made on it at its London branch. Nothing in this Deed of Guarantee shall affect the right to serve process in any other manner permitted by law.

17. Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Deed of Guarantee, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

FORM OF THE CERTIFICATES

The Certificates of each Series will be in either bearer form, with or without Profit Receipts attached, or registered form, without Profit Receipts attached. Certificates will be issued outside the United States to non-US persons in reliance on Regulation S under the Securities Act (“**Regulation S**”).

Bearer Certificates

Each Tranche of Bearer Certificates will be initially issued in the form of a permanent bearer global certificate (a “**Permanent Bearer Global Certificate**”) which will be delivered on or prior to the original issue date of the Tranche to a common depository (the “**Common Depository**”) for Euroclear and Clearstream, Luxembourg.

Payments of principal, profit (if any) or any other amounts on a Permanent Bearer Global Certificate will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Certificate) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Certificate will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Certificates with, where applicable, Receipts, Profit Receipts and Profit Talons attached only upon the occurrence of an Exchange Event. For these purposes, “**Exchange Event**” means that the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available. The Issuer will promptly give notice to Certificateholders in accordance with Condition 13 (*Notices*) of the Terms and Conditions of the Certificates if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Certificate) may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

In the event that the Permanent Bearer Global Certificate is exchanged for definitive Bearer Certificates, such definitive Bearer Certificates shall be issued in the minimum Specified Denomination only. Certificateholders who hold Certificates in the relevant clearing system in amounts that are not integral multiples of the Specified Denomination may need to purchase or sell, on or before the Exchange Date, a principal amount of Certificates such that their holding is an integral multiple of the Specified Denomination.

The Agency Agreement contains the form of legend that will appear on all Global and Definitive Certificates and on all Receipts, Profit Receipts and Profit Talons relating to such Certificates.

Certificates which are represented by a Bearer Global Certificate will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Certificates

The Registered Certificates of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-US persons outside the United States, will initially be represented by a global note in registered form, without Receipts or Profit Receipts (a “**Registered Global Certificate**”), which will be deposited with a common depository for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg. Beneficial interests in a Registered Global Certificate may not be offered or sold to, or for the account or benefit of, a US person and such Registered Global Certificate will bear a legend regarding such restrictions on transfer.

Persons holding beneficial interests in Registered Global Certificates will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Certificates in fully registered form.

Payments of principal, profit and any other amount in respect of the Registered Global Certificates will, in the absence of provision to the contrary, be made to the persons shown on the Register (as defined

FORM OF THE CERTIFICATES

in Condition 1 (*Form, Denomination, Title and Transfer*) of the Terms and Conditions of the Certificates) as the registered holder of the Registered Global Certificates. None of the Issuer, the Guarantor, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, profit or any other amount in respect of the Registered Certificates in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 4 (*Payments, Physical Delivery and Exchange of Profit Talons*) of the Terms and Conditions of the Certificates) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Certificate will be exchangeable (free of charge), in whole but not in part, for definitive Registered Certificates without Receipts, Profit Receipts or Profit Talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available. The Issuer will promptly give notice to Certificateholders in accordance with Condition 13 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Certificate) may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Registrar.

No beneficial owner of an interest in a Registered Global Certificate will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case to the extent applicable.

BOOK-ENTRY CLEARING SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of Clearstream, Luxembourg and Euroclear (together, the “**Clearing Systems**”) currently in effect and subject as provided in the applicable Final Terms. PART C – ADDITIONAL DISCLOSURE

In case of Certificates in respect of which an Additional Sharia Agreement was entered into, please add additional disclosure regarding the Additional Sharia Agreement and the Additional Sharia Transaction Party.

THE MASTER MURABAHA AGREEMENTS

The following is a summary of certain features of the Master Murabaha Agreements to be entered into between (i) the Issuer and BNP Paribas (in such capacity the **“Financing Murabaha Counterparty”**) and (ii) the Issuer and BNP Paribas Arbitrage S.N.C. (in such capacity the **“Financing Murabaha Counterparty”**) and is qualified by reference to the detailed provisions of such Master Murabaha Agreements.

Master Murabaha Agreements

Each Financing Murabaha Counterparty and the Issuer have entered into a Master Murabaha Agreement whereby the Issuer has agreed to sell and each Financing Murabaha Counterparty has agreed to purchase, from time to time, the relevant assets on an “as is, where is” basis as part of murabaha transactions entered into for investment purposes pursuant to the terms of each Master Murabaha Agreement.

Conducting a Financing Murabaha Transaction

Under a Master Commodity Agency Agreement, the Issuer will appoint the Bank as agent (the **“Commodity Agent”**) to identify Assets to be purchased from a supplier. Following notification to the Murabaha Counterparty that Assets have been identified, the relevant Financing Murabaha Counterparty will send an offer (**“Offer”**) to the Issuer, which the Issuer may accept by delivering an acceptance (**“Acceptance”**), following which the murabaha transaction (the **“Financing Murabaha Transaction”**) shall be concluded and the relevant Financing Murabaha Counterparty will deliver a confirmation to the Issuer.

On the relevant value date, the Issuer will transfer to the Commodity Agent sufficient funds for the Commodity Agent to purchase the Assets from the supplier as agent on the Issuer’s behalf, following which the Issuer shall become the owner of the Assets.

The relevant Financing Murabaha Counterparty shall then immediately purchase all such Assets from the Issuer for a sale price which shall be payable on a deferred or spot basis (as specified in the Offer and Acceptance).

Early termination

Upon the occurrence of (a) a Murabaha Counterparty Termination Event, (b) an Illegality / Force Majeure Event, (c) an Issuer Termination Event, or (d) any redemption events in relation to the relevant Series of Certificates, the Issuer (in respect of (a), (b) and (e) above) or the Financing Murabaha Counterparty (in respect of (b) and (c) above) shall have the right immediately to terminate all (or in the case of a partial redemption of Certificates under (d) above, only some) Financing Murabaha Transactions in relation to a Series early by giving notice to the other party. Following such termination the relevant Financing Murabaha Counterparty shall be obliged to pay the full sale price due in respect of each terminated Financing Murabaha Transaction, provided that the Issuer shall be entitled, at its discretion, to pay a rebate to the relevant Financing Murabaha Counterparty in respect of such payment.

Payment and taxes

All payments under any Murabaha Transaction will be made without any deduction or withholding for or on account of any Tax unless such deduction or withholding is required by any applicable law.

THE MASTER BANK UNDERTAKING DEEDS

The following is a summary of certain features of the master bank undertaking deeds (the “**Master Bank Undertaking Deeds**”) to be entered into and is qualified by reference to the detailed provisions of such Master Bank Undertaking Deeds.

Bank Undertaking

In respect of certain Series of Certificates, (i) the Bank and/or (ii) BNP Paribas Arbitrage S.N.C. will enter into a bank undertaking on the terms (as amended, modified and/or supplemented by the relevant bank undertaking supplement in respect of the relevant Series of Certificates) set out in the relevant Deed of Common Terms and the relevant Master Bank Undertaking Deed for the benefit of the Issuer (each such undertaking a “**Bank Undertaking**”). Pursuant to the terms of the relevant Bank Undertaking, the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, (in relation to a Series of Certificates) irrevocably undertakes to purchase Assets equal in value to a cost price (the “**Cost Price**”), as specified in the relevant Bank Undertaking, on specified dates on an “as is, where is” basis, exclusive of any warranties (express or implied) for a purchase price (the “**Purchase Price**”), as specified in the relevant Bank Undertaking, payable by the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, to the Issuer. The Purchase Price will be payable either on a spot basis or on deferred payment terms as agreed between the parties in the relevant Bank Undertaking Supplement.

Exercise of Rights under a Bank Undertaking

The Bank or BNP Paribas Arbitrage S.N.C., as the case may be, shall purchase from the Issuer Assets equal in value to the Cost Price for the Purchase Price on:

- (i) each Periodic Payment Date, if all requirements (the “**Requirements**”), as specified in the relevant Bank Undertaking are satisfied;
- (ii) each Instalment Date (if any), if all Requirements are satisfied; and/or
- (iii) the Maturity Date, if all Requirements are satisfied,

provided that the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, receives an exercise notice (an “**Exercise Notice**”) from the Issuer prior to the relevant date stating that the Issuer wishes to enter into the scheduled transaction. The Bank or BNP Paribas Arbitrage S.N.C., as the case may be, must then confirm its agreement to purchase the Assets by providing an acceptance notice, thereby concluding a murabaha transaction (an “**Undertaking Murabaha Transaction**”) between the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, and the Issuer.

In respect of any Issuer Undertaking entered into in connection with a Series of Certificates (each such undertaking a “**Specified Undertaking**”), on receipt of a notice (an “**Early Termination Notice**”) the Specified Undertaking may be settled early, in whole or in part, in the event the relevant Series of Certificates are to be redeemed in whole or in part by the delivery of Assets equal in value to the aggregate net proceeds due to the Issuer following settlement of all other Sharia Transaction Documents. Where the relevant Series of Certificates are to be redeemed for an amount equal to the Early Redemption Amount (or part thereof), the Specified Undertaking may be settled early for a Purchase Price equal to the Early Redemption Amount (or part thereof) specified in the Final Terms or otherwise determined in accordance with the Conditions or, if no such amount is specified, the aggregate nominal amount of the Certificates subject to such redemption plus the Realisation Loss Amount (or part thereof) (as defined below).

Consequences of the Exercise of Rights under a Bank Undertaking

Following the exercise by the Issuer of its rights under a Bank Undertaking and, where required, the acceptance of the relevant Exercise Notice by the Bank or BNP Paribas Arbitrage S.N.C., as the case may be:

- (i) the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, shall in accordance with the terms of the relevant Bank Undertaking pay the Purchase Price to the Issuer on the day specified in the relevant Bank Undertaking; and
- (ii) title to all of the Assets shall pass to the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, free of all security and exclusive of any warranties (whether express or implied) of any kind upon payment of the Purchase Price to the Issuer.

Termination of a Bank Undertaking

Upon the occurrence of (a) a Bank Termination Event, (b) an Illegality / Force Majeure Event, (c) an Issuer Termination Event, or (d) any redemption events in relation to the relevant Series of Certificates, the Issuer shall have the right immediately to terminate the relevant Bank Undertaking(s) and Undertaking Murabaha Transactions.

The Bank or BNP Paribas Arbitrage S.N.C., as the case may be, acknowledges that the Issuer may suffer an economic loss as a result of termination of the relevant Bank Undertaking and the consequent failure by the parties to enter into the scheduled purchase transactions as set out in the relevant Bank Undertaking on the purchase dates remaining subsequent to the date of such termination. The Realisation Loss Amount (as defined below), if any, shall be paid by the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, to compensate the Issuer for such economic loss, if any.

“Realisation Loss Amount” means in respect of a Bank Undertaking which is terminated, an amount determined by the Bank or BNP Paribas Arbitrage S.N.C. (as the case may be) equal to the greater of (i) zero and (ii) the sum of the aggregate losses (or gains, in which case expressed as a negative number) of the Issuer with respect to the termination of the Bank Undertaking (assuming the Requirements were to be satisfied).

General

All payments made by the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, under a Bank Undertaking are subject to all applicable fiscal and other laws and regulations, including laws requiring the deductions or withholding for tax. The Bank or BNP Paribas Arbitrage S.N.C., as the case may be, may withhold or deduct any taxes, duties, charges, withholdings or other payments from any amounts payable in relation to a Bank Undertaking.

THE MASTER ISSUER UNDERTAKING DEEDS

The following is a summary of certain features of the master issuer undertaking deeds (the “**Master Issuer Undertaking Deeds**”) to be entered into and is qualified by reference to the detailed provisions of such Master Issuer Undertaking Deeds.

Issuer Undertaking

In respect of certain Series of Certificates, the Issuer will enter into one or more issuer undertakings on the terms (as amended, modified and/or supplemented by the relevant issuer undertaking supplement in respect of the relevant Series of Certificates) set out in the Deed of Common Terms and the Master Issuer Undertaking Deeds for the benefit of the Bank and/or BNP Paribas Arbitrage S.N.C., as the case may be, (each such undertaking an “**Issuer Undertaking**”). Pursuant to the terms of the relevant Issuer Undertaking, the Issuer for the benefit of the Bank or BNP Paribas Arbitrage S.N.C., as the case may be (in relation to a Series of Certificates) irrevocably undertakes to sell Assets equal in value to a cost price (the “**Cost Price**”), as specified in the relevant Issuer Undertaking, on specified dates on an “as is, where is” basis, exclusive of any warranties (express or implied) for a sale price (the “**Sale Price**”), as specified in the relevant Issuer Undertaking, payable by the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, to the Issuer. The Sale Price will be payable either on a spot basis or on deferred payment terms as agreed between the parties in the relevant Issuer Undertaking Supplement.

Exercise of Rights under an Issuer Undertaking

The Issuer shall sell to the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, Assets equal in value to the Cost Price for the Sale Price on:

- (i) each Periodic Payment Date if all requirements (the “**Requirements**”), as specified in the relevant Issuer Undertaking are satisfied;
- (ii) each Instalment Date (if any), if all Requirements are satisfied; and/or
- (iii) the Maturity Date, if all Requirements are satisfied,

provided that the Issuer receives an exercise notice from the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, prior to the relevant date stating that the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, wishes to enter into the scheduled transaction. The Issuer must then confirm its agreement to sell the Assets by providing an acceptance notice, thereby concluding a murabaha transaction (an “**Undertaking Murabaha Transaction**”) between the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, and the Issuer.

In respect of any Issuer Undertaking entered into in connection with a Series of Certificates (each such undertaking a “**Specified Undertaking**”), on receipt of a notice (an “**Early Termination Notice**”) the Specified Undertaking may be settled early, in whole or in part, in the event the relevant Series of Certificates are to be redeemed in whole or in part by the delivery of Assets equal in value to the aggregate net proceeds due to the Issuer following settlement of all other Sharia Transaction Documents. Where the relevant Series of Certificates are to be redeemed for an amount equal to the Early Redemption Amount (or part thereof), the Specified Undertaking may be settled early for a Sale Price equal to the amount specified in the Final Terms, and determined in accordance with the Conditions.

Consequences of the Exercise of Rights under an Issuer Undertaking

Following the exercise by the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, of its rights under an Issuer Undertaking and, if required, the acceptance of the Exercise Notice by the Issuer:

- (i) the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, shall in accordance with the terms of the relevant Issuer Undertaking pay the Sale Price to the Issuer on the day specified in the relevant Issuer Undertaking; and

- (ii) title to all of the Assets shall pass to the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, free of all security and exclusive of any warranties (whether express or implied) of any kind on the day specified in the relevant Issuer Undertaking.

Termination of an Issuer Undertaking

Upon the occurrence of (a) a Bank Termination Event, (b) an Illegality / Force Majeure Event, (c) an Issuer Termination Event, or (d) any of the redemption events in relation to the relevant Series of Certificates, the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, shall have the right immediately to terminate the relevant outstanding Issuer Undertaking(s) and Undertaking Murabaha Transactions.

The Issuer acknowledges that the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, may suffer an economic loss as a result of termination of the relevant outstanding Issuer Undertaking and the consequent failure by the parties to enter into the scheduled purchase transactions as set out in the relevant Issuer Undertaking on the sale dates remaining subsequent to the date of such termination. The Realisation Loss Amount (as defined below), if any, shall be paid by the Issuer to compensate the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, for such economic loss, if any.

“Realisation Loss Amount” means in respect of an Issuer Undertaking which is terminated, an amount determined by the Bank or BNP Paribas Arbitrage S.N.C. (as the case may be) equal to the greater of (i) zero and (ii) the sum of the aggregate losses (or gains, in which case expressed as a negative number) of the Bank or BNP Paribas Arbitrage S.N.C. (as the case may be) with respect to the termination of the Issuer Undertaking (assuming the Requirements were to be satisfied).

General

All payments made by the Bank or BNP Paribas Arbitrage S.N.C., as the case may be, under an Issuer Undertaking are subject to all applicable fiscal and other laws and regulations, including laws requiring the deductions or withholding for tax. The Bank or BNP Paribas Arbitrage S.N.C., as the case may be, may withhold or deduct any taxes, duties, charges, withholdings or other payments from any amounts payable in relation to an Issuer Undertaking.

TAXATION

The statements herein regarding taxation are based on the relevant laws and circumstances as of the date of this Offering Memorandum and are subject to change (and may have changed as of the issue date of any series of Certificates).

The following summaries do not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of any Certificates. Each prospective holder or beneficial owner of Certificates should consult its tax advisers as to the tax and other consequences (including, without limitation, in relation to FATCA) of any investment in or ownership and disposition of any Certificates.

Tax legislation, including in the country where the investor is domiciled or tax resident and in the Issuer's country of incorporation, may have an impact on the income that an investor receives from the Certificates.

Potential purchasers and sellers of Certificates should be aware that they may be required to pay stamp and other taxes or documentary charges in accordance with the laws and practices of the country where the Certificates are transferred and/or any asset(s) are delivered.

Individuals and legal entities should consult their tax advisors with respect to the tax treatment which applies to them.

TRANSACTIONS INVOLVING CERTIFICATES MAY HAVE TAX CONSEQUENCES FOR POTENTIAL PURCHASERS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE POTENTIAL PURCHASER AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING SECURITIES SHOULD CONSULT THEIR OWN TAX ADVISERS.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986 (the "**Code**"), commonly known as FATCA, withholding may be required on, among other things, (i) certain payments made by "foreign financial institutions" ("**foreign passthru payments**") and (ii) dividend equivalent payments, in each case, to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the Netherlands and France) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Certificates, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Certificates, are uncertain and may be subject to change. If withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Certificates characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or before the relevant grandfathering date would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer).

The grandfathering date for (A) Certificates that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, and (B) Certificates that give rise to a dividend equivalent pursuant to Section 871(m) of the Code and the U.S. Treasury regulations promulgated thereunder, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalents. If additional certificates that are not distinguishable from such previously issued grandfathered Certificates are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Certificates, including the Certificates offered prior to the expiration of the grandfathering period, as subject to withholding under

FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Certificates. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Certificates, no person will be required to pay additional amounts as a result of the withholding.

EU financial transaction tax

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the “**Commission’s proposal**”), for a financial transaction tax (“**FTT**”) to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). However, Estonia has since stated that it will not participate. If the Commission’s proposal was adopted, the FTT would be a tax primarily on “financial institutions” (which could include the Issuer) in relation to “financial transactions” (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission’s proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, “established” in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission’s proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the Issuer’s hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. The Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Certificates and therefore this may result in investors receiving less than expected in respect of the Certificates. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Certificates (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission’s proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between participating member states. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate and/or participating member states may decide to withdraw. Prospective holders of the Certificates are advised to seek their own professional advice in relation to the FTT.

At the ECOFIN Council meeting of 14 June 2019, a state of play of the work on the FTT was presented on the basis of a note prepared by Germany on 7 June 2019 indicating a consensus among the participating member states (excluding Estonia) to continue negotiations on the basis of a joint French-German proposal based on the French financial transactions tax model which in principle would only concern shares of listed companies whose head office is in a member state of the European Union. However, such proposal is still subject to change until a final approval.

No Gross-Up in respect of certain Series of Certificates

If the applicable Final Terms specify that Condition 6(b) (*No Gross-up*) of the Terms and Conditions of the Certificates is applicable, the Issuer or, as applicable, the Guarantor is not obliged to gross up any payments in respect of the Certificates and shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Security and all payments made by the Issuer or, as applicable, the Guarantor shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.
