See section entitled "*Documents Incorporated by Reference*" of this Base Prospectus.

The following risk factors are identified as the main risk factors specific to BNPP:

3. The BNP Paribas Group may incur significant losses on its trading and investment activities due to market fluctuations and volatility.
4. The BNP Paribas Group's access to and cost of funding could be adversely affected by a resurgence of financial crises, worsening economic conditions, rating downgrades, increases in sovereign credit spreads or other factors.
5. Adverse economic and financial conditions have in the past and may in the future significantly affect the BNP Paribas Group and the markets in which it operates.
6. Laws and regulations in force, as well as current and future legislative and regulatory developments, may significantly impact the BNP Paribas Group and the financial and economic environment in which it operates.
7. Should the BNP Paribas Group fail to implement its strategic objectives or to achieve its published financial objectives, or should its results not follow stated expected trends, the trading price of its securities could be adversely affected."

AMENDMENTS TO THE RECENT DEVELOPMENTS SECTION

The "RECENT DEVELOPMENTS" section on pages 1489 to 1524 of the Base Prospectus, which has been amended by virtue of the Previous Supplements, is completed with the following press releases:

"RESTATEMENT OF NEW 2025 QUARTERLY SERIES IN THE 2026 FORMAT

Paris, 16 March 2026

This restatement has no impact on the Group's published 2025 results and changes only the analytical breakdown of business lines and divisions.

In order to present a consistent reference with the presentation of the financial statements and the results applied from 1 January 2026, the quarterly series for the 2025 financial year include the main effects described below:

- **Reorganisation of GCM (Global Capital Markets) within CIB**
Impact: nil at CIB level and intra-division transfer of P&L and RWAs
CIB Global Capital Markets reorganised both Securitization & Corporate Bonds activities in AMERICAS and APAC to fully align CIB organization at worldwide level. The RWAs of the relevant activities (~€12bn) are therefore moved from Global Markets (GM) to Global Banking (GB).
The revenue sharing between GB and GM has evolved to align across the 3 regions, though with a limited net impact on the total revenues of both businesses (~€0.1bn).
This regional alignment of CIB organisation aims at reinforcing worldwide governance. It also contributes to reinforcing GB and GM joint efforts to further develop Originate & Distribute model.
- **Evolution of the sharing agreement between Wealth Management (WM) and CPBS**
Impact: €17M at revenue level
The revenue sharing agreement between WM and the internal distribution networks (largely the Commercial Banks), aiming at recognizing to the networks their contribution to the value created for WM, has been updated to better reflect the recognition of the upstreaming role of the networks.
- **Transfer of 50% of Kantox from New Digital Businesses (NDB) to GM**
Impact: €11M at revenue level
Kantox's contribution was previously 50/50 shared between GM and NDB.
In order to enable GM to fully benefit from the integration of this activity, the entire contribution from Kantox is now transferred to GM.
- **Evolution of the main components of IPS and central costs allocation following the integration of AXA IM into the Asset Management (AM)**
Impact: €8M at costs level
Given the recent acquisition of AXA Investment Managers (AXA IM) by the BNP Paribas Group, the AM business line is now composed of the former BNP Paribas Asset Management, AXA IM and Real Estate Investment Management.
The rest of Real Estate and IPS Investments, previously presented with Asset Management, will now be aggregated with Wealth Management.
As a result of the full integration of AXA IM in the AM business line, a share of the central costs previously allocated to the other business lines (CIB, CPBS and other IPS business lines) is now allocated to AM business line.

The following non-audited appendices detail the 2025 quarterly results in line with these developments.

New quarterly series in excel format are available on the following website: <https://invest.bnpparibas.com>.
