

## BASE PROSPECTUS

### SecurAsset

*(a public limited liability company (société anonyme) incorporated under the laws of the Grand Duchy of Luxembourg, having its registered office at 20, rue de la Poste, Luxembourg L-2346 and registered with the Luxembourg trade and companies register under number B 144385)*

### Secured Note, Warrant and Certificate Programme

Under this Secured Note, Warrant and Certificate Programme (the "**Programme**"), SecurAsset S.A. (the "**Issuer**" or "**SecurAsset**") may from time to time issue notes (the "**Notes**"), warrants (the "**Warrants**") or certificates (the "**Certificates**") and, together with the Notes and Warrants, the "**Securities**", in the case of Notes or Certificates denominated, or in the case of Warrants, issued and exercisable in any currency agreed by the Issuer and the relevant Dealer (as defined below). The Issuer is subject to the Grand Duchy of Luxembourg ("**Luxembourg**") act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**"). Under the Securitisation Act 2004, the Issuer, as a regulated entity within the meaning of the Securitisation Act 2004, is entitled to issue Securities or shares to the public on an ongoing basis. Shares will not be issued under this Base Prospectus.

The Securities may be issued to BNP Paribas Financial Markets S.N.C. (in its capacity as Dealer) and may be issued to any additional dealer appointed under the Programme from time to time (each a "**Dealer**" and together the "**Dealers**") pursuant to the dealer agreement dated 6 February 2009 as most recently amended and restated on 20 September 2024 (the "**Dealer Agreement**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time). The terms and conditions of the Notes (the "**Terms and Conditions of the Notes**") are set out in "*Terms and Conditions of the Notes*". Notes may be issued in bearer form ("**Bearer Notes**") or registered form ("**Registered Notes**"). The terms and conditions of the Warrants (the "**Terms and Conditions of the Warrants**") are set out in "*Terms and Conditions of the Warrants*" and the terms and conditions of the Certificates (the "**Terms and Conditions of the Certificates**") and together with the Terms and Conditions of the Notes and the Terms and Conditions of the Warrants, the "**Conditions**") are set out in "*Terms and Conditions of the Certificates*".

This Base Prospectus constitutes a prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017, as amended (the "**Prospectus Regulation**"). Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") which is the Luxembourg competent authority for the purposes of the Prospectus Regulation for the approval of this Base Prospectus as a base prospectus for the purposes of the Prospectus Regulation. By approving this Base Prospectus, in accordance with Article 20 of the Prospectus Regulation, the CSSF gives no undertaking as to, and assumes no responsibility for, the economic and financial characteristics of the Securities to be issued under this Base Prospectus or the quality or solvency of the Issuer in accordance with Article 6(4) of the Luxembourg law on prospectuses for securities of 16 July 2019 (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*) (the "**Prospectus Act 2019**"). The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by Regulation (EU) 2017/1129. Such approval should not be considered as an endorsement of the quality of the securities that are the subject of this Base Prospectus or as an endorsement of the Issuer. Investors should make their own assessment as to the suitability of investing in the securities. In addition, application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market (including the professional segment of the regulated market of the Luxembourg Stock Exchange), which is a regulated market for the purposes of European Directive 2014/65/EU, and to be listed on the Official List of the Luxembourg Stock Exchange.

The requirement to publish a prospectus under the Prospectus Regulation only applies to Securities which are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation.

The requirement to publish a prospectus under the Financial Services and Markets Act 2000 ("**FSMA**") only applies to Securities which are admitted to trading on a UK regulated market as defined in Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") ("**UK MiFIR**") and/or offered to the public in the United Kingdom other than in circumstances where an exemption is available under section 86 of the FSMA.

The Issuer may issue Securities for which no prospectus is required to be published under (i) the Prospectus Regulation and/or (ii) Regulation (EU) 2017/1129 of 14 June 2017, as amended, as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"), as the case may be ("**Exempt Securities**") under this Base Prospectus. The CSSF has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Securities. Approval will also be granted by the Luxembourg Stock Exchange in accordance with the Prospectus Act 2019 for Securities (including Exempt Securities) issued under the Programme to be admitted to the Official List and admitted to trading on the Euro MTF Market of the Luxembourg Stock Exchange (the "**Euro MTF**") (including the professional segment of the Euro MTF) during the twelve-month period after the date of this Base Prospectus. This Base Prospectus also constitutes a prospectus for the purpose of Part IV of the Luxembourg law on prospectuses for securities dated July 16, 2019. The Euro MTF is not a regulated market for the purposes of European Directive 2014/65/EU.

This Base Prospectus will be valid for admissions to trading on a regulated market by or with the consent of the Issuer for 12 months from its date to, and including, 20 September 2025. The obligation to supplement it in the event of significant new factors, material mistakes or material inaccuracies will not apply after the date falling 12 months from the date of this Base Prospectus.

The Securities will be issued in Series (as defined in the Conditions). Notice of the aggregate nominal amount of a Series of Notes, the interest (if any) payable in respect of such Notes, the issue price of the Notes and any other terms and conditions not contained herein which are applicable to that Series (and/or Tranche, as the case may be) (as defined in the Conditions) of Notes will be completed in respect of those Notes in a final terms document (the "**Notes Final Terms**") which (except in the case of Private Placement Notes (as defined below)) will be filed with the CSSF. Notice of the aggregate number and type of a Series of Warrants, the exercise period or exercise date of the Warrants, the issue price of the Warrants and any other terms and conditions not contained herein which are applicable to each Series (and/or Tranche, as the case may be) of Warrants will be completed in a final terms document (the "**Warrant Final Terms**") which (except in the case of Private Placement Warrants (as defined below)) will be filed with the CSSF. Notice of the aggregate notional amount of a Series of Certificates, the interest (if any) payable in respect of such Certificates, the issue price of the Certificates and any other terms and conditions not contained herein which are applicable to each Series (and/or Tranche, as the case may be) of Certificates will be completed in a final terms document (the "**Certificates Final Terms**" and, together with the Notes Final Terms and Warrant Final Terms, referred to in this Base Prospectus as the "**Final Terms**") which (except in the case of Private Placement Certificates (as defined below)) will be filed with the CSSF. In respect of Exempt Securities to be admitted to trading on the Euro MTF, the applicable Final Terms will be delivered to the Luxembourg Stock Exchange on or before the date of issue of the Exempt Securities of the relevant Tranche and published on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com)).

The Programme provides that the Securities may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer, the Guarantor (if any) (as defined below) and the relevant Dealer. The Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market. This Base Prospectus will be published on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com)). For the avoidance of doubt, the content of the website of the Luxembourg Stock Exchange does not form part of this Base Prospectus. Copies of this Base Prospectus can also be obtained at the specified office of the Issuing and Paying Agent and Principal Warrant and Certificate Agent (each as defined below) at the address given at the end of this Base Prospectus.

In accordance with the Securitisation Act 2004, the Issuer may create one or more compartments. In respect of any Series of Securities, "**Compartment**" means the compartment under which such Securities are issued. Each Compartment will comprise a pool of Charged Assets (as defined below) of the Issuer separate from the pools of Charged Assets relating to other Compartments. Each Series may (if so stated in the applicable Final Terms) be secured by a charge on, or assignment in respect of rights under, certain bonds, notes, warrants, receivables or equity securities of any form, denomination, type or issuer, guarantees, units in funds, loans or any other financial obligations assigned to or assumed by the Issuer or any other specified assets owned by the Issuer (the "**Compartment Assets**") and funds held from time to time by the Custodian and/or the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable and/or the Registrar (each as defined herein) for payments due under the Securities of such Series and any Related Securities (the "**Cash Assets**") and/or secured by an assignment of the Issuer's rights under an interest rate and/or currency exchange agreement or credit default swap agreement or total return swap agreement or other derivative transaction (the "**Swap Agreement**") (as defined in the Conditions) and/or a deposit agreement (the "**Deposit Agreement**") and/or a repurchase agreement (the "**Repurchase Agreement**") entered into in respect of the relevant Notes, Warrants or Certificates and any Related Securities, together with such additional security as

may be described in the applicable Final Terms (together with the Compartment Assets, the Cash Assets, the Swap Agreement, the Deposit Agreement and the Repurchase Agreement, the "**Charged Assets**"). The Issuer will meet its obligations to pay the relevant amounts it is due to pay in respect of the Securities using the payments it receives from the obligors under the Charged Assets specified in the Final Terms for the relevant series of Securities. Any securities comprised in the Charged Assets may, subject as provided herein, be substituted by cash and/or other securities (as set out in the Conditions). The obligations of the Issuer under a Swap Agreement to a counterparty to such Swap Agreement may also be secured on certain assets comprised in the Charged Assets. Where a Compartment is specified in the applicable Final Terms to be a Multi-Series Compartment, more than one Series of Securities may be issued from the relevant Multi-Series Compartment, each of which Series of Securities will be secured by the Charged Assets for such Compartment. A list of considerations relating to the Securities is set out in the section herein entitled "*Risk Factors*".

Payments in respect of the Notes or, as applicable, Warrants or Certificates may be unconditionally and irrevocably guaranteed by BNP Paribas S.A. ("**BNPP**" or "**BNP Paribas**") (the "**Guarantor**") (any such Notes, "**Guaranteed Notes**", any such Warrants, "**Guaranteed Warrants**" and any such Certificates, "**Guaranteed Certificates**" and generally "**Guaranteed Securities**").

In respect of any Compartment and any Security (but without prejudice to the rights of holders of Guaranteed Securities), all payments to be made by the Issuer in respect of such Security and the related Swap Agreement, Repurchase Agreement and/or Deposit Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Note Acceleration, Warrant Acceleration or Certificate Acceleration in respect of such Note or such Warrant or such Certificate, as applicable or in respect of any Related Securities (if applicable) (but without prejudice to the rights of holders of Guaranteed Securities under the relevant Guarantee), the entitlement of the holder of such Note (a "**Noteholder**") or the holder of such Warrant (a "**Warrantholder**") or the holder of such Certificate (a "**Certificateholder**") will be limited to such Noteholder, Warrantholder or Certificateholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and, in the case of Guaranteed Securities, sums obtained on their behalf by the Trustee, making a claim under the applicable Guarantee, subject to the Conditions and relevant provisions of the applicable Guarantee. If, in respect of any Security, the net proceeds of the enforcement or liquidation of the relevant Charged Assets applied as aforesaid are not sufficient to make all payments due in respect of such Security, no other assets of the Issuer will be available to meet such shortfall, and the claims of the holder of such Security (each, a "**Holder of Securities**") as against the Issuer in respect of any such shortfall shall be extinguished. In all cases, neither the Holder of Securities nor any person on its behalf shall have the right to petition for the winding-up of the Issuer as a consequence of any shortfall. Holders of Securities, by acquiring the Securities, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions with respect to compartments, limited recourse, non-petition, subordination and priority of payments.

Securities may be rated or unrated as specified in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold Securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

#### **Arranger for the Programme**

**BNP Paribas Financial Markets S.N.C.**

The date of this Base Prospectus is 20 September 2024.

**Notes, Warrants or Certificates (i) involving an offer to the public outside the European Economic Area (the "EEA") or of a type listed in Article 1.4 and/or Article 3.2 of the Prospectus Regulation and (ii) which are not admitted to trading on a regulated market under article 1.1 of the Prospectus Regulation are referred to herein as "Private Placement Notes", "Private Placement Warrants" or "Private Placement Certificates" (together with Private Placement Notes and Private Placement Warrants, "Private Placement Securities"), as appropriate. Such Private Placement Securities constitute Exempt Securities and the CSSF has neither approved nor reviewed information contained in this Base Prospectus in connection with such Exempt Securities.**

Other than in relation to the documents which are deemed to be incorporated by reference (see "Documents Incorporated by Reference" below), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus and has not been scrutinised or approved by the CSSF.

The Securities and any Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the U.S., and include Securities in bearer form that are subject to U.S. tax law requirements. Accordingly, the Securities may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) and may not be legally or beneficially owned at any time by any U.S. person (as defined in Regulation S under the Securities Act). By its purchase of a Security, each purchaser will be deemed or required, as the case may be, to have agreed that it may not resell or otherwise transfer any Security held by it except (i) to the Issuer or any affiliate thereof or (ii) outside the United States to or for the account of a non-U.S. person in compliance with Rule 903 or Rule 904 of Regulation S under the Securities Act, in each case in accordance with all applicable U.S. state securities laws.

The Securities may not be sold to, or for the account or benefit of, U.S. persons as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**") except to the extent such Risk Retention U.S. Persons have received a waiver from the applicable sponsor and except as permitted under an exemption to the U.S. Risk Retention Rules as described under "Risk Factors" at page 62 and under "Subscription, Sale and Transfer Restrictions" at pages 1383 to 1384. "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended.

**THE SECURITIES MAY NOT BE SUITABLE INVESTMENTS FOR ALL INVESTORS. NO INVESTOR SHOULD PURCHASE A SECURITY UNLESS SUCH INVESTOR UNDERSTANDS, AND IS ABLE TO BEAR, THE YIELD, MARKET, LIQUIDITY, STRUCTURE, REDEMPTION AND OTHER RISKS ASSOCIATED WITH SUCH SECURITY. FOR FURTHER DETAILS, SEE "RISK FACTORS" HEREIN.**

**NOTHING IN THIS BASE PROSPECTUS CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO.**

Each of the Issuer (in respect of all of the information contained in this Base Prospectus) and BNP Paribas (in respect of information concerning itself) accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge and belief of the Issuer and BNP Paribas (each having taken all reasonable care to ensure that such is the case), the information contained (or incorporated by reference, including the free English translations of the documents constituting the BNP Paribas Disclosure) in this Base Prospectus for which it accepts responsibility is in accordance with the facts and does not omit anything likely to affect the import of such information.

Subject as provided in the applicable Final Terms, the only persons authorised to use this Base Prospectus in connection with an offer of Securities are the persons named in the applicable Final Terms as the relevant Dealer(s) and the persons named in or identifiable from the applicable Final Terms as the Authorised Offeror (as defined below), as the case may be.

Copies of Final Terms will be available free of charge from the specified office of the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable (each as defined below), at the address given at the end of this Base Prospectus (provided that Final Terms relating to Private Placement Securities which are not publicly offered in Luxembourg will only be available for inspection by the relevant Holder of Securities upon production of evidence satisfactory to the Issuer or Paying Agent or Principal Warrant and

Certificate Agent (as applicable) as to its holding of such Private Placement Securities and identity). This Base Prospectus and any Final Terms will be published on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com)).

This Base Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see "*Documents Incorporated by Reference*"). This Base Prospectus shall be read and construed on the basis that such documents are incorporated in and form part of this Base Prospectus.

None of the Trustee, the Arranger, the Agents or any Dealer has independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by any Dealer, any Agent, the Arranger or the Trustee as to the accuracy or completeness of the information contained or incorporated by reference in this Base Prospectus or any other information provided by either the Issuer or any Guarantor. None of the Trustee, the Arranger, the Agents or any Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by either the Issuer or any Guarantor in connection with the Programme or the Securities.

No person is or has been authorised by either of the Issuer or the Guarantor (if applicable) to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Securities and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuer, the Guarantor (if applicable) or any Dealer.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or the Securities (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or a statement of opinion (or a report on either of those things) by any of the Issuer, the Guarantor (if applicable), the Trustee, the Arranger, the Agents or any Dealer that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or the Securities should purchase any Securities. Each investor contemplating purchasing any Securities should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness or value (as appropriate), of the Issuer, any underlying reference asset or entity, and, if applicable, the Guarantor, and the Charged Assets. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the Securities constitutes an offer or invitation by or on behalf of any of the Issuer, the Guarantor (if applicable), the Trustee, the Arranger, the Agents or any Dealer to any person to subscribe for or to purchase any Securities.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Securities shall in any circumstances imply that the information contained herein concerning any of the Issuer or the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme or the Securities is correct as of any time subsequent to the date indicated in the document containing the same. No Dealer undertakes to review the financial condition or affairs of any of the Issuer or the Guarantor during the life of the Programme or to advise any investor in the Securities of any information coming to its attention.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Securities may be restricted by law in certain jurisdictions. None of the Issuer, the Guarantor (if applicable), the Trustee and the Dealer(s) represents that this Base Prospectus may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuer, the Guarantor (if applicable), the Trustee or any Dealer which is intended to permit a public offering of any Securities or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Security comes must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Securities. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Securities in the European Economic Area, Belgium, France, Italy, Luxembourg, the

Netherlands, Spain, the United Kingdom and the United States (see "*Subscription, Sale and Transfer Restrictions*").

By subscribing to, or otherwise acquiring, the Securities, a holder of Securities expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Securities and any Related Securities has created a specific Compartment, which Compartment shall be identified by the number ascribed to it in the applicable Final Terms and is a Compartment within the meaning of the Securitisation Act 2004 to which all assets, rights, claims and agreements relating to the Securities and any Related Securities will be allocated, subject as provided in the applicable Final Terms;
- (b) the provisions with respect to the Order of Priority included in the applicable Final Terms will apply;
- (c) (without prejudice to the rights of holders of Guaranteed Securities under the Guarantee) all payments to be made by the Issuer in respect of the Securities and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or (following enforcement of the security over the Compartment Assets) the Trustee in respect of the Charged Assets and, following a Note, Warrant or Certificate Acceleration (as the case may be) in respect of the Securities or any Related Securities, the entitlement of the holder of Securities will be limited to such holder's *pro rata* share of the proceeds of the relevant Charged Assets (or, in certain cases, a *pro rata* share of the Compartment Assets forming part of the Charged Assets) applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Securities, (and, in addition in the case of Securities issued in global form, sums obtained on behalf of holders of Securities by the Trustee, making a claim under the Guarantee), subject to the terms set out in the applicable Final Terms (if applicable) and the relevant provisions of the Guarantee and each holder of Securities further acknowledges and agrees that the Trustee is not obliged to take any action to enforce the obligations of the Issuer or the Guarantor (if applicable) unless directed to do so and indemnified and/or secured to its satisfaction against any liability it may incur;
- (d) once all moneys received by the Trustee in connection with the enforcement of the Compartment Security over the Charged Assets have been applied in accordance with the Order of Priority set out in the applicable Final Terms and in the Master Trust Terms, it is not entitled to take any further steps against the Issuer to recover any further sums due and the right to receive any such sum shall be extinguished;
- (e) it shall have no right to attach or otherwise seize the Charged Assets or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (f) no holder of Securities shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

## **IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF SECURITIES**

### *Information relating to the use of this Base Prospectus and offer of Securities generally*

This Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Securities in any Member State of the European Economic Area which has implemented the Prospectus Regulation (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Regulation, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Securities. Accordingly, any person making or intending to make an offer in that Relevant Member State of Securities which are the subject of an offering contemplated in this Base Prospectus as completed by the Final Terms in relation to the offer of those Securities may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3.1 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State, or where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Regulation, provided that any such prospectus has

subsequently been completed by the Final Terms which specify that offers may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Relevant Member State, such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of such offer. Except to the extent that subparagraph (ii) above may apply, neither the Issuer nor any Dealer have authorised, nor will they authorise, the making of any offer of Securities in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

#### *Restrictions on Non-exempt offers of Securities in Relevant Member States*

Without prejudice to the generality of the foregoing paragraph, certain issues of Securities with a denomination (in the case of Notes), notional amount (in the case of Certificates) or issue price (in the case of Warrants), as the case may be, of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus. Any such offer is referred to as a "**Non-exempt Offer**". This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Securities. However, any person making or intending to make a Non-exempt Offer of Securities in any Relevant Member State may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Regulation, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under "*Consent given in accordance with Article 5.1 of the Prospectus Regulation*" (below) and the conditions attached to that consent are complied with by the person making the Non-exempt Offer of such Securities.

Save as provided above, the Issuer has not authorised, nor will it authorise, the making of any Non-exempt Offer of Securities in circumstances in which an obligation arises for the Issuer to publish or supplement a prospectus for such offer.

#### *Consent given in accordance with Article 5.1 of the Prospectus Regulation*

In the context of a Non-exempt Offer of such Securities, the Issuer and BNP Paribas (in respect of information concerning itself) accept responsibility, in the jurisdictions to which the consent to use the Base Prospectus extends, for the content of this Base Prospectus under Article 11 of the Prospectus Regulation in relation to any person (an "**Investor**") who acquires any Securities in a Non-exempt Offer made by any person to whom the Issuer has given consent to the use of this Base Prospectus (an "**Authorised Offeror**") in that connection.

Neither of the Issuer nor BNP Paribas makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and has any responsibility or liability for the actions of that Authorised Offeror.

**SAVE IN RESPECT OF AN AUTHORISED OFFER BY AN AUTHORISED OFFEROR, NEITHER OF THE ISSUER NOR BNP PARIBAS HAS AUTHORISED THE MAKING OF ANY NON-EXEMPT OFFER BY ANY OFFEROR AND NEITHER THE ISSUER NOR BNP PARIBAS HAVE CONSENTED TO THE USE OF THIS BASE PROSPECTUS BY ANY OTHER PERSON IN CONNECTION WITH ANY NON-EXEMPT OFFER OF SECURITIES. ANY NON-EXEMPT OFFER MADE WITHOUT THE CONSENT OF THE ISSUER IS UNAUTHORISED AND NEITHER THE ISSUER NOR BNP PARIBAS ACCEPTS ANY RESPONSIBILITY OR LIABILITY FOR THE ACTIONS OF THE PERSONS MAKING ANY SUCH UNAUTHORISED OFFER.**

If, in the context of a Non-exempt Offer, an Investor is offered Securities by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of Article 11 of the Prospectus Regulation in the context of the Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents, it should take legal advice.

#### *Consent*

In connection with each issue of Securities and subject to the conditions set out below, the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with any Non-exempt Offer of such Securities by the relevant Dealer or any financial intermediary specified in the applicable Final Terms as an Authorised Offeror during the relevant Offer Period and in the relevant

Public Offer Jurisdiction(s) (being Belgium, France, Italy, Luxembourg, and/or Spain as is specified in the applicable Final Terms) and by any financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the following website (<https://securasset.lu/>) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer.

**AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY SECURITIES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH SECURITIES TO AN INVESTOR BY SUCH OFFEROR WILL BE MADE IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE OFFEROR WILL PROVIDE SUCH INFORMATION TO THE INVESTOR AT THE TIME OF SUCH OFFER AND THE OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NONE OF THE ISSUER, GUARANTOR OR ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.**

#### **INFORMATION RELATED TO SECURITIES SOLD IN BELGIUM**

In respect of Securities offered to individuals in Belgium, the Issuer may be required to comply with the provisions of the Belgian Code of Economic Law, especially the provisions on unfair terms in the application of the terms and conditions as set out in the Base Prospectus and the applicable Final Terms relating to such Securities in Belgium, insofar as these provisions would be applicable.

**IMPORTANT – EEA and UK RETAIL INVESTORS** – If the Final Terms in respect of any Securities specifies the "Prohibition of Sales to EEA Retail Investors" and/or "Prohibition of Sales to UK Retail Investors" as applicable, the Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor (i) in the EEA and/or, as applicable (ii) in the United Kingdom (the "**UK**"). If the Final Terms in respect of any Securities specifies the "Prohibition of Sales to EEA Retail Investors" and/or "Prohibition of Sales to UK Retail Investors" as not applicable, the Securities may be offered, sold or otherwise made available to any retail investor in the EEA and/or in the UK, provided that, where a key information document is required pursuant to the PRIIPs Regulation or the UK PRIIPs Regulation (each as defined below), as the case may be, the Securities may only be offered, sold or otherwise made available to retail investors in (i) the EEA in the jurisdiction(s) for which a key information document will be made available and/or, as applicable (ii) in the UK if a key information document will be made available in the UK. For these purposes, a retail investor means a person who is one (or more) of:

(a) in the case of retail investors in the EEA:

- (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**");
- (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
- (iii) not a qualified investor as defined in the Prospectus Regulation.

(b) in the case of retail investors in the UK:

- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**");
- (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
- (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

Consequently, no key information document required by:

- (a) Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling those Securities or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation; and
- (b) Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared, and therefore, offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Amounts payable under the Securities may be calculated by reference to one or more "benchmarks" for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016, as amended (the "**EU Benchmarks Regulation**"). In this case, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the "benchmark" is included in ESMA's register of administrators under Article 36 of the EU Benchmarks Regulation. Certain "benchmarks" may either (i) not fall within the scope of the EU Benchmarks Regulation by virtue of Article 2 or (ii) transitional provisions in Article 51 of the EU Benchmarks Regulation may apply to certain other "benchmarks" which would otherwise be in scope such that at the date of the relevant Final Terms, the administrator of the "benchmark" is not required to be included in the register of administrators.

**MiFID II product governance / target market** – The Final Terms in respect of any Securities will include a legend entitled "MiFID II product governance/target market assessment" which will outline the target market assessment in respect of the Securities and which channels for distribution of the Securities are appropriate. Any person subsequently offering, selling or recommending the Securities (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

**UK MiFIR product governance / target market** – The Final Terms in respect of any Securities may include a legend entitled "UK MiFIR product governance/target market assessment" which will outline the target market assessment in respect of the Securities and which channels for distribution of the Securities are appropriate. Any person subsequently offering, selling or recommending the Securities (a "distributor") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

## INTERPRETATION

All references in this document to U.S. dollars, U.S.\$ or USD refer to the currency of the United States of America, those to sterling and £ refer to the currency of the United Kingdom, those to Australian dollars refer to the currency of Australia and those to euro, Euro, EUR and € refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended and references to "Renminbi", "RMB" and "CNY" are to the lawful currency of the People's Republic of China (excluding the Hong Kong Special Administrative Region of the People's Republic of China ("**Hong Kong**"), the Macau Special Administrative Region of the People's Republic of China ("**Macau**") and Taiwan).

## FORWARD-LOOKING STATEMENTS

The documents incorporated by reference (such sections being the "**BNP Paribas Disclosure**"), contain forward-looking statements. BNP Paribas and the BNP Paribas Group (being BNP Paribas together with its consolidated subsidiaries, the "**BNP Paribas Group**") may also make forward-looking statements in their offering circulars, in press releases and other written materials and in oral statements made by their officers, directors or employees to third parties. Statements that are not historical facts, including statements about BNP Paribas' and/or the BNP Paribas Group's beliefs and expectations, are forward-looking statements. These statements are based on current plans, estimates and projections, and therefore undue reliance should not be placed on them. Forward-looking statements speak only as of the date they are made, and BNP Paribas and the BNP Paribas Group undertake no obligation to update publicly any of them in light of new information or future events.

## PRESENTATION OF FINANCIAL INFORMATION

Most of the financial data presented, or incorporated by reference, in this Base Prospectus are presented in euros.

BNP Paribas' consolidated financial statements for the years ended 31 December 2022 and 31 December 2023 have each been prepared in accordance with international financial reporting standards ("**IFRS**"), as adopted by the European Union. The BNP Paribas Group's fiscal year ends on 31 December and references in the BNPP 2022 Universal Registration Document (in English) (as defined in "*Documents Incorporated By Reference*" below), the BNPP 2023 Universal Registration Document (in English) (as defined in "*Documents Incorporated By Reference*" below) and any other update to the BNPP 2023 Universal Registration Document (in English) (in each case, incorporated by reference herein) to any specific fiscal year are to the twelve month period ended 31 December of such year.

The financial statements for the years ended 31 December 2022 and 31 December 2023 of SecurAsset S.A. were prepared in accordance with Luxembourg generally accepted accounting principles.

Due to rounding, the numbers presented throughout the BNP Paribas Disclosure may not add up precisely, and percentages may not reflect precisely absolute figures.

**GENERAL DESCRIPTION OF THE PROGRAMME**

*The following general description (the "**General Description**") does not purport to be complete and is taken from, and is qualified in its entirety by the remainder of this Base Prospectus and, in relation to the Terms and Conditions of any particular Series (and/or Tranche, as the case may be) of Securities, the applicable Final Terms. The Issuer and any relevant Dealer may agree that Securities shall be issued in a form eligible for resale pursuant to the United States Securities Act of 1933, in which event, in the case of listed Securities only and if appropriate, a Supplement to the Base Prospectus will be published.*

The General Description constitutes a general description of the Programme for the purposes of Article 25(1) of Commission Delegated Regulation (EU) No 2019/980 of 14 March 2019, as amended (the "**Delegated Regulation**").

Words and expressions defined in the sections headed "*Terms and Conditions of the Notes*", "*Terms and Conditions of the Warrants*", "*Terms and Conditions of the Certificates*" shall have the same meanings in this General Description.

**Issuer:**

SecurAsset S.A., a public limited liability company (*société anonyme*) whose activities are subject to the Securitisation Act 2004, was incorporated on 23 January 2009 and is authorised and supervised by the CSSF.

Issuer Legal Entity Identifier (LEI): 54930048RHLTJXAMT751.

The Issuer's registered office is located at 20, rue de la Poste, Luxembourg L-2346.

The purpose and object of the Issuer pursuant to its articles of incorporation is to enter into, perform and serve as a vehicle for, any transactions permitted under the Securitisation Act 2004.

The Issuer has no subsidiaries.

All the shares in the Issuer are held by Stichting AssetSecur, a foundation duly incorporated under the laws of the Netherlands, having its registered office at Naritaweg 165 Telestone 8, 1043BW Amsterdam, The Netherlands and registered with the trade register of the Chamber of Commerce in Amsterdam under number 34322925.

**Guarantor (if applicable):**

Securities may be guaranteed by BNPP if specified in the applicable Final Terms. Please see the section of this Base Prospectus entitled "*Form of Guarantee*" for further details on the form of the Guarantee (if applicable).

**Risk Factors:**

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Securities issued under this Base Prospectus. There are also certain factors that may affect the Guarantor's ability to fulfil its obligations under the relevant Guarantee (where applicable). In addition, there are certain factors which are material for the purpose of assessing the market risks and legal risks associated with Securities issued under the Programme, risks relating to the structure of a particular Series of Securities and risks relating to the Underlying Reference or the disruption and adjustment provisions of a particular Series of Securities issued under the Programme. All of these are set out under "Risk Factors". Additional considerations associated with an investment

## GENERAL DESCRIPTION OF THE PROGRAMME

- 14 -

in the Securities are also set out under "Investment Considerations".

<b>Description:</b>	Secured Note, Warrant and Certificate Programme.  Shares will not be issued under this Base Prospectus.
<b>Arranger:</b>	BNP Paribas Financial Markets S.N.C.
<b>Dealers:</b>	BNP Paribas Financial Markets S.N.C., BNP Paribas and any other Dealers appointed in accordance with the Dealer Agreement.
<b>Certain Restrictions:</b>	Each issue of Securities denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see " <i>Subscription, Sale and Transfer Restrictions</i> ").
<b>Trustee:</b>	BNP Paribas Trust Corporation UK Limited and any successor appointed pursuant to the relevant issue deed which incorporates master trust terms agreed between the Issuer and the Trustee (the " <b>Master Trust Terms</b> ").
<b>Issuing and Paying Agent, Principal Warrant and Certificate Agent, Registrar and Transfer Agent:</b>	BNP Paribas, Succursale de Luxembourg.
<b>Calculation Agent:</b>	BNP Paribas Financial Markets S.N.C. or BNP Paribas or any other entity, as specified in the applicable Final Terms.
<b>Paying Agents:</b>	BNP Paribas, Succursale de Luxembourg and/or any such additional or successor paying agent appointed in accordance with the applicable Conditions.
<b>Warrant and Certificate Agents:</b>	BNP Paribas, Succursale de Luxembourg and/or any such additional or successor agent appointed in accordance with the Agency Agreement.
<b>Custodian:</b>	BNP Paribas, Succursale de Luxembourg (where specified in the applicable Final Terms).
<b>Account Bank:</b>	BNP Paribas, Succursale de Luxembourg (where specified in the applicable Final Terms).
<b>Cash Manager:</b>	BNP Paribas, Succursale de Luxembourg (where specified in the applicable Final Terms).
<b>Distribution:</b>	Securities may be distributed by way of private or public placement.
<b>Currencies:</b>	Securities may be denominated in euro, sterling, U.S. dollars and, subject to compliance with any applicable laws and regulations, any other currency as may be agreed between the Issuer and the relevant Dealer(s) as indicated in the applicable Final Terms.
<b>Redenomination:</b>	The applicable Final Terms may provide that certain Securities may be redenominated in euro.

<b>Maturities Certificates):</b>	(Notes	<b>and</b>	Any maturity as indicated in the applicable Final Terms subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.
<b>Issue Price Certificates):</b>	(Notes	<b>and</b>	Notes or Certificates, as applicable, may be issued at an issue price (expressed either (i) as a percentage of the aggregate nominal amount, in the case of Notes, or of the aggregate notional amount outstanding, in the case of Certificates, or (ii) as an amount per Note of the relevant Specified Denomination) which is at par or at a discount to, or premium over, par (as specified in the applicable Final Terms).
<b>Yield:</b>			The yield of the Securities is calculated as being the internal rate of return of the Securities, based on the Issue Price and all Interest Amounts and/or Premium Amounts payable in respect of the Securities.
<b>Form of Securities:</b>			<p><i>Notes</i></p> <p>Each Series (and/or Tranche, as the case may be) of Notes specified in the applicable Final Terms will be either Bearer Notes (with or without interest coupons attached) or Registered Notes (without interest coupons attached) issued outside the United States in accordance with Regulation S.</p> <p>Bearer Notes will on issue be represented by either a temporary global Note or a permanent global Note as specified in the applicable Final Terms. Temporary global Notes will be exchangeable either for (a) interests in a permanent global Note or (b) for Definitive Bearer Notes, as indicated in the applicable Final Terms. Permanent global Notes will be exchangeable for Definitive Bearer Notes in limited circumstances, including upon the occurrence of an Exchange Event, as described in "<i>Form of the Notes</i>". U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the "<b>TEFRA D Rules</b>") will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.</p> <p>Registered Notes will on issue be represented by a Global Registered Note which will be exchangeable for Definitive Registered Notes, registered in the name of the owner of the principal and interest payable thereon, in certain circumstances set out in such Global Registered Note.</p> <p>Registered Notes will not be exchangeable for Bearer Notes and vice versa.</p> <p><i>Warrants</i></p> <p>Each Series (and/or Tranche, as the case may be) of Warrants specified in the applicable Final Terms will be constituted by a global warrant, in accordance with Regulation S.</p> <p>Clearing System Warrants will on issue be represented by a Clearing System Global Warrant as specified in the applicable Final Terms. Registered Warrants will on issue be represented by a Registered Global Warrant.</p>

Registered Global Warrants will not be exchangeable for Clearing System Global Warrants and vice versa.

### *Certificates*

Each Series (and/or Tranche, as the case may be) of Certificates specified in the applicable Final Terms will be constituted by a global certificate, in accordance with Regulation S.

Clearing System Certificates will on issue be represented by a Clearing System Global Certificate as specified in the applicable Final Terms. Registered Certificates will on issue be represented by a Registered Global Certificate.

Registered Global Certificates will not be exchangeable for Clearing System Global Certificates and vice versa.

### **Types of underlying:**

Securities issued under this Base Prospectus may be linked to one or more indices, one or more shares, ADRs and/or GDRs, one or more inflation indices, one or more commodities and/or commodity indices, one or more foreign exchange rates, one or more debt securities, units, interests or shares in a single fund or a basket of funds, the credit of a specified entity or entities, interests in one or more exchange traded instruments, one or more underlying interest or constant maturity swap rates or a combination of one or more of these underlyings.

### **Index Linked Notes, Index Linked Warrants and Index Linked Certificates (together, "Index Linked Securities"):**

Payments in respect of Index Linked Securities will be calculated by reference to one or more indices as specified in the applicable Final Terms. Index Linked Securities may be linked to, among other things, an equity index, a property index and/or a hybrid or multi-asset index (including one or more custom indices established, calculated and/or sponsored by BNP Paribas and/or its affiliates)(which such indices are more particularly described in the section of this Base Prospectus entitled "*Description of BNPP Indices*"). For the avoidance of doubt, no Securities will be issued under this Base Prospectus which are linked to the performance of an Index composed by the Issuer (or a member of its group).

Index Linked Securities may be subject to adjustment or cancellation (in the case of Index Linked Warrants) or early redemption (in the case of Index Linked Notes and Index Linked Certificates) if an Index is modified or cancelled and there is no successor index acceptable to the Calculation Agent, if the Index's sponsor fails to calculate and announce the Index, or certain events (such as illegality, disruptions or cost increases) occur with respect to the Swap Counterparty's or any of its affiliates' hedging arrangements.

If certain disruption events occur with respect to valuation of an Index, such valuation will be postponed and certain adjustments may be made by the Calculation Agent. Payments may also be postponed.

### **Share Linked Notes, Share Linked Warrants and Share Linked Certificates (together, "Share Linked Securities"):**

Payments in respect of Share Linked Securities will be calculated by reference to one or more shares, ADRs and/or GDRs (together referred to herein as "**Shares**" and each a "**Share**") as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms. Share Linked Securities may also provide, in the case of Share Linked Notes or Share Linked Certificates, for

redemption by physical delivery of the Entitlement as more fully set out in "*Terms and Conditions of the Notes*" or "*Terms and Conditions of the Certificates*", as applicable, or, in the case of Share Linked Warrants, physical settlement, as more fully set out in "*Terms and Conditions of the Warrants*".

Share Linked Securities may be subject to early redemption (in the case of Share Linked Notes and Share Linked Certificates) or cancellation (in the case of Share Linked Warrants) or adjustment (including as to valuation and in certain circumstances Share substitutions) if certain corporate events (such as events affecting the value of a Share or, in the case of GDRs and ADRs, Underlying Share (including Share or Underlying Share divisions or consolidations, extraordinary dividends and capital calls); delisting of a Share or Underlying Share; insolvency, merger or nationalisation of a Share or Underlying Share issuer; or a tender offer or redenomination of a Share or Underlying Share) occur, if certain events (such as illegality, disruptions or cost increases) occur with respect to the Swap Counterparty's (if any) or any of its affiliates' hedging arrangements, or if insolvency filings are made with respect to a Share or Underlying Share issuer.

For the avoidance of doubt, Securities convertible into shares in the Issuer (or an entity belonging to the same group as the Issuer) will not be issued under this Base Prospectus and any Securities which are not Exempt Securities may only be convertible into shares issued by a third party issuer which are admitted to trading on a regulated market.

**Inflation Linked Notes, Inflation Linked Warrants and Inflation Linked Certificates (together, "Inflation Linked Securities"):**

Payments in respect of Inflation Linked Securities will be calculated by reference to one or more Inflation Indices as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

**Commodity Linked Notes, Commodity Linked Warrants and Commodity Linked Certificates (together, "Commodity Linked Securities"):**

Payments in respect of Commodity Linked Securities will be calculated by reference to one or more commodities (including an EU Allowance) and/or commodity indices as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

Commodity Linked Securities may be subject to adjustment (including as to valuations) if certain events occur with respect to a Commodity, Commodity Index or Index Component (such as a trading disruption the disappearance of, or disruption in publication of, a reference price; and in certain circumstances a change in the formula for calculating a reference price; or a change in the content of a Commodity) or an index component disruption event or Index Adjustment Event in respect of a Commodity Index.

Commodity Linked Securities may be subject to cancellation or early redemption or adjustment if a Commodity Index is modified or cancelled and there is no successor index acceptable to the Calculation Agent, if the Index Sponsor fails to calculate and announce the Commodity Index, or certain events (such as illegality or disruptions) occur with respect to the Swap Counterparty's (if any), or any of its respective affiliates', hedging arrangements.

**Currency Linked Notes, Currency Linked Warrants and Currency Linked Certificates (together, "Currency Linked Securities"):**

Payments in respect of Currency Linked Securities will be calculated by reference to one or more foreign exchange rates as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

**Debt Linked Notes, Debt Linked Warrants and Debt Linked Certificates (together, "Debt Linked Securities"):**

Payments in respect of Debt Linked Securities will be calculated by reference to one or more debt securities as specified in the applicable Final Terms. Debt Linked Notes and Debt Linked Certificates may also provide for settlement by physical delivery of the Entitlement.

**Fund Linked Notes, Fund Linked Warrants and Fund Linked Certificates (together, "Fund Linked Securities"):**

Payments in respect of Fund Linked Securities will be calculated by reference to units, interests or shares in a single fund or basket of funds on such terms as may be agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms. If the Fund is a Euro Fund, the interest (if any) payable on and/or the amount payable on redemption of the Securities is determined by reference to the gross rate of return in respect of a Euro Fund. Fund Linked Notes and Fund Linked Certificates may also provide for redemption by physical delivery of the Entitlement.

Fund Linked Securities may be subject to adjustment (including as to valuation and fund substitutions), early redemption or cancellation, as applicable, or if certain corporate events (such as insolvency (or an analogous event) occurring with respect to a fund; litigation against, or regulatory events occurring with respect to a fund; suspensions of fund subscriptions or redemptions; certain changes in net asset value of a fund; or modifications to the investment objectives or changes in the nature or administration of a fund) occur, if certain valuation or settlement disruption events occur with respect to a fund, or if certain events (such as illegality, disruptions or cost increases) occur with respect to the relevant Swap Counterparty's (if any) or any of its affiliates' hedging arrangements.

**Credit Linked Notes and Credit Linked Certificates (together, "Credit Linked Securities"):**

Notes and Certificates with respect to which payment is linked to the credit of a specified entity or entities will be issued on such terms as may be agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

If Conditions to Settlement are satisfied during the Notice Delivery Period, each Credit Linked Security will be redeemed by the payment of the Credit Event Cash Settlement Amount if Cash Settlement is specified in the applicable Final Terms, or by Delivery of the Deliverable Obligations comprising the Entitlement, if Physical Delivery is specified in the applicable Final Terms, or by the payment of the Auction Settlement Amount if Auction Settlement is specified in the applicable Final Terms (unless a Fallback Settlement Event occurs, in which case the Credit Linked Securities will be redeemed in accordance with the Fallback Settlement Method specified in the applicable Final Terms) as more fully set out in Annex 10 (*Additional Terms and Conditions for Credit Linked Securities*). Where the Credit Linked Securities are equity securities or debt securities and specified as "Reference Securities" in the applicable Final Terms, such securities shall be admitted to trading on a regulated or equivalent market.

<b>ETI Linked Notes, ETI Linked Warrants and ETI Linked Certificates (together, "ETI Linked Securities"):</b>	Payments in respect of ETI Linked Securities will be calculated by reference to interests in one or more exchange traded instruments as specified in the applicable Final Terms. ETI Linked Securities may also provide for settlement by physical delivery of the Entitlement.
<b>Underlying Interest Rate Linked Notes, Underlying Interest Rate Linked Warrants and Underlying Interest Rate Linked Certificates (together "Underlying Interest Rate Linked Securities"):</b>	Payments in respect of Underlying Interest Rate Linked Securities will be calculated by reference to interests in one or more underlying interest or constant maturity swap ("CMS") rates as specified in the applicable Final Terms.
<b>Hybrid Notes, Hybrid Warrants and Hybrid Certificates (together, "Hybrid Securities"):</b>	Payments in respect of Hybrid Securities will be calculated by reference to any combination of Underlying References as agreed between the Issuer and the relevant Dealer(s) as set out in the applicable Final Terms.
<b>Physical Delivery Notes, Physical Delivery Warrants and Physical Delivery Certificates (together, "Physical Delivery Securities"):</b>	Payments in respect of Physical Delivery Securities and any physical delivery of the Entitlement in respect of Physical Delivery Securities will be made in accordance with the terms and conditions of the relevant Securities, subject always to applicable securities laws. For the avoidance of doubt, Physical Delivery Securities where the Entitlement will include shares in the Issuer (or an entity belonging to the same group as the Issuer) will not be issued under this Base Prospectus.
<b>Zero Coupon Notes:</b>	Zero Coupon Notes will not bear interest (other than in the case of late payment).
<b>Redemption and Cancellation:</b>	<p><i>Notes</i></p> <p>The applicable Final Terms will indicate either that the Notes cannot, in the case of Notes be redeemed prior to their stated redemption date (other than in specified instalments, if applicable, or for taxation reasons, if applicable, or following an Event of Default or Early Redemption Event) or that such Notes (if Physical Delivery Notes), may, be settled on redemption or otherwise by receipt by the holder of a cash amount and/or by physical delivery of the relevant Entitlement.</p> <p>The Final Terms may also provide that such Notes will be redeemable by the Issuer and/or the relevant Noteholders upon giving not less than 30 nor more than 45 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as may be agreed between the Issuer and Dealer(s) as indicated in the applicable Final Terms, or that such Notes may be redeemed early following the optional termination of the relevant Swap Agreement by the Swap Counterparty.</p> <p>The Notes may also be redeemed prior to their stated maturity in circumstances described in the Terms and Conditions.</p> <p>Where specified in the applicable Final Terms, the Notes may be redeemable in two or more instalments of such amounts and on such dates as indicated in the applicable Final Terms.</p>

*Certificates*

The applicable Final Terms will indicate either that the Certificates cannot be redeemed prior to their stated redemption date (other than in specified instalments, if applicable, or for taxation reasons, if applicable, or following an Event of Default or Early Redemption Event) or that such Certificates (if Physical Delivery Certificates), may, be settled on redemption or otherwise by receipt by the holder of a cash amount and/or by physical delivery of the relevant Entitlement.

The Final Terms may also provide that such Certificates will be redeemable by the Issuer and/or the relevant Certificateholders upon giving not less than 30 nor more than 45 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Certificateholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as may be agreed between the Issuer and Dealer(s) as indicated in the applicable Final Terms, or that such Securities may be redeemed early following the optional termination of the relevant Swap Agreement by the Swap Counterparty.

The Certificates may also be redeemed prior to their stated redemption date in circumstances described in the Terms and Conditions.

*Warrants*

The applicable Final Terms will indicate either that the Warrants cannot be cancelled prior to their Expiration Date (other than for taxation reasons, if applicable, or following an Event of Default or Early Termination Event) or that such Warrants (if Physical Delivery Warrants) may be settled on the Settlement Date or otherwise by receipt by the holder of a cash amount and/or by physical delivery (except, in the case of any Guaranteed Warrants as set out in the applicable Guarantee) of the relevant Entitlement or that such Securities will be exercised at the option of the Issuer upon giving not less than 30 nor more than 45 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Warrantholders on a date or dates specified prior to such stated exercise date and at a price or prices and on such terms as may be agreed between the Issuer and Dealer(s) as indicated in the applicable Final Terms, or that such Warrants may be cancelled early following the optional termination of the relevant Swap Agreement by the Swap Counterparty. The Warrants may also be cancelled prior to their stated Expiration Date, as applicable, in circumstances described in the Terms and Conditions.

*General*

The Securities may also be redeemed or cancelled early following the occurrence of certain disruption, adjustment, extraordinary or other events. If Payout Switch Election or Automatic Payout Switch is specified in the applicable Final Terms, the amount payable or deliverable on redemption or cancellation may be switched from one amount payable or deliverable to another.

If Autoroll is specified in the applicable Final Terms and an Autoroll Event occurs, where:

- (a) Autoroll Standard is specified in the applicable Final Terms, (i) the Final Payout and its related provisions, (ii) the Knock-in Event or Knock-out Event, as applicable, and its related provisions, (iii) the Automatic Early Redemption Event and its related provisions, (iv) the Strike Date and/or (v) the Maturity Date or the Redemption Date, as applicable, will be amended to the Rolled Final Payout and its related provisions, Rolled Knock-in Event or Rolled Knock-out Event, as applicable, and its related provisions, Rolled Automatic Early Redemption Event and its related provisions, Rolled Strike Date and/or Rolled Maturity Date or Rolled Redemption Date, as the case may be, each as specified in the applicable Final Terms.
- (b) Autoroll Lock is specified in the applicable Final Terms, any level specified in the applicable Final Terms in respect of (i) the Final Payout and its related provisions, (ii) the Knock-in Event or Knock-out Event and its related provisions, (iii) the Automatic Early Redemption Event and its related provisions and/or (iv) the Coupon Payout and its related provisions will be amended to (x) if Autoroll Lock Product is specified in the applicable Final Terms, the product of such originally designated level and the relevant Locked Level or (y) if Autoroll Lock Divide is specified in the applicable Final Terms, such originally designated level divided by the relevant Locked Level, in each case, specified in the applicable Final Terms; or
- (c) Autoroll Shift is specified in the applicable Final Terms, any level specified in the applicable Final Terms in respect of (i) the Final Payout and its related provisions, (ii) the Knock-in Event or Knock-out Event and its related provisions, (iii) the Automatic Early Redemption Event and its related provisions and/or (iv) the Coupon Payout and its related provisions will be amended to the relevant Shifted Level specified in the applicable Final Terms.

**Interest (in the case of Notes or Certificates)/Premium Amounts (in the case of Certificates only):**

The Notes or Certificates may or may not bear or pay interest or, in the case of Certificates may pay a Premium Amount. Interest paying Notes or Interest Amount/Premium Amount paying Certificates will either bear or pay interest or a premium amount (as applicable) determined by reference to a fixed rate, a floating rate and/or a rate calculated by reference to one or more Underlying Reference(s) (each an "Underlying Reference").

Notes or Certificates which do not bear or pay interest or a Premium Amount may be offered and sold at a discount to their nominal amount or notional amount, as the case may be.

The Interest Amount or Premium Amount will be calculated and payable on such date or dates as determined by the Issuer at the time of issue of the relevant Securities specified in the applicable Final Terms and, if applicable, summarised in the relevant issue specific summary annexed to the applicable Final Terms.

The Interest or Premium Amount Rate may be any of the following as specified in the applicable Final Terms:

- Fixed Rate (including SPS Fixed): paying a fixed rate of interest.
- Floating Rate (including SPS Coupons: SPS Variable Amount and Custom Index): paying a floating rate of interest which may be calculated by reference to (in the case of SPS Variable Amount Coupon) a reference rate (such as, but not limited to, EURIBOR, SONIA, SOFR, €STR, SARON or TONA) or an Inflation and Rate Coupon or (in the case of Custom Index Coupon) the coupon rate determined pursuant to the methodology of the relevant Custom Index and which is paid on the dates on which the level of the Custom Index is reduced to reflect the deduction of such coupon.
- Linked Interest (including SPS Coupons: Stellar, Cappuccino, Ratchet, Driver, Nova, Transition, FI Coupons: FX Vanilla and Dropback Coupons: Dropback Accrued and Dropback Non-Accrued): paying an amount linked to the performance of one or more Underlying Reference(s).
- Conditional (including SPS Coupons: Digital, Snowball Digital, Accrual Digital, and FI Coupons: FI Digital, FX Digital, Range Accrual, FX Range Accrual, FX Memory, PRDC, FI Digital Floor, FI Digital Cap): paying an amount either related or unrelated to the performance of the Underlying Reference(s), if certain conditions are met.
- Combination (including SPS Coupons: Sum, Option Max, Option Min and FI Coupon: Combination Floater): combining two or more coupon types.
- FI Target Coupon.
- Duration Adjusted Coupon.

These rates and/or amounts of interest or premium amount payable may be subject to a maximum or a minimum.

If Coupon Switch Election or Automatic Coupon Switch is specified as applicable in the applicable Final Terms, the rate may be switched from one specified rate to another.

If Additional Switch Coupon is specified as applicable in the applicable Final Terms, an Additional Switch Coupon Amount will be payable on the Interest Payment Date or Premium Amount Payment Date (where applicable) following such switch. The terms applicable to each Series of such Notes or Certificates will be determined by the Issuer at the time of issue of the relevant Securities, specified in the applicable Final Terms and (if required) summarised in the relevant issue specific summary annexed to the applicable Final Terms.

**Fixed Rate Notes and Fixed Rate Certificates:**

Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer(s) (as indicated in the applicable Final Terms) and on redemption (if applicable)

and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s) as indicated in the applicable Final Terms.

**Floating Rate Notes and Floating Rate Certificates:**

Floating Rate Notes and Floating Rate Certificates will bear interest at a rate determined (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement in the form of either (a) a confirmation incorporating the 2006 ISDA Definitions or the 2021 ISDA Definitions (in each case, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes or Certificates, as the case may be, of the relevant Series) or (b) the Master Agreement relating to foreign exchange and derivative transactions published by the Fédération Bancaire Française and evidenced by a Confirmation; or (ii) on the basis of a reference rate appearing on an agreed screen page of a commercial quotation service.

Interest on Floating Rate Notes or Floating Rate Certificates may also be payable, and will be calculated in accordance with the relevant provisions of (i) Annex 1 (*Additional Terms and Conditions for Payouts*) or (ii) the Terms and Conditions of the Notes or the Terms and Conditions of the Certificates, as the case may be, as specified prior to issue in the applicable Final Terms.

**Payout Methodology:**

Unless previously redeemed or purchased and cancelled, each Security entitles its holder to receive from the Issuer:

- (a) In respect of the Maturity Date (in the case of Notes), the Settlement Date (in the case of Warrants) or the Redemption Date (in the case of Certificates):
  - (i) in the case of Cash Settled Securities, the Final Redemption Amount or Cash Settlement Amount, being an amount equal to the Final Payout specified in the applicable Final Terms;
  - (ii) in the case of Physical Delivery Securities, the Entitlement, being the quantity of the Relevant Assets specified in the applicable Final Terms equal to the Entitlement specified in the applicable Final Terms;
  - (iii) in the case of Securities which may either be Cash Settled Securities or Physical Delivery Securities, depending on whether certain conditions are met, either (A) a Final Redemption Amount or Cash Settlement Amount being an amount equal to the Final Payout specified in the applicable Final Terms or (B) the Entitlement, being the quantity of the Relevant Assets specified in the applicable Final Terms equal to the Entitlement specified in the applicable Final Terms.

Notwithstanding the above, if the Securities are Credit Linked Securities, redemption shall be at the amount and/or by delivery of the assets specified in the Credit Linked Conditions and the applicable Final Terms.

- (b) If Automatic Early Redemption is specified as applicable in the applicable Final Terms and an Automatic Early Redemption Event occurs, the Automatic Early Redemption Amount.
- (c) If an Issuer Call Option or Noteholder Put Option or Certificateholder Put Option is specified as applicable in the applicable Final Terms, the relevant Optional Redemption Amount.
- (d) In the case of interest or premium amount paying Securities, the relevant interest amount or premium amount.

The terms of a Series of Securities are comprised of (i) the Conditions, (ii) the Annex relevant to the relevant Underlying References (if any) and (iii) if selected in the applicable Final Terms, the Rate of Interest or Premium Amount Rate and/or Payout(s) selected from Annex 1 to the Conditions (the "**Payout Annex**") specified in the applicable Final Terms and the related variables specified in the applicable Final Terms (including the relevant valuation provisions) for such Rate of Interest or Premium Amount Rate and/or Payout(s) (as selected from the Payout Annex).

**Investors must review the Conditions, the Annex relevant to the relevant Underlying Reference (where applicable) and the Payout Annex (where applicable), together with the applicable Final Terms to ascertain the terms and conditions applicable to the Securities.**

#### **Final Payouts:**

#### **Structured Products Securities (SPS) Final Payouts**

- (1) Fixed Percentage Securities: fixed term products which have a return equal to a fixed percentage.
- (2) Reverse Convertible Securities (Reverse Convertible, Reverse Convertible Standard): fixed term products which have a return linked to both the performance of the Underlying Reference(s) and a knock-in level. There is no capital protection and these products pay coupons.
- (3) Vanilla Securities (Call, Call Spread, Put, Put Spread, Digital, Knock-in Call, Knock-out Call, Range Accrual, Knock-in Put, Knock-out Put, Call Fees): fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including knock-in or knock-out features). There may be total, partial or no capital protection.
- (4) Asian Securities (Asian, Asian Spread, Himalaya, Talisman): fixed term products which have a return linked to the performance of the Underlying Reference(s) determined through an averaging method. The return is calculated by reference to various mechanisms (including a cap, a floor or lock-in features). There may be total, partial or no capital protection.

- (5) Auto-callable Securities (Autocall, Autocall One Touch, Autocall Standard): fixed term products that include an automatic early redemption feature. The return is linked to the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including a knock-in feature). There may be total, partial or no capital protection.
- (6) Indexation Securities (Certi plus: Booster, Certi plus: Bonus, Certi plus: Leveraged, Certi plus: Twin Win, Certi plus: Super Sprinter, Certi plus: Generic, Certi plus: Generic Knock-in, Certi plus: Generic Knock-out): fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including knock-in or knock-out features). There may be total, partial or no capital protection.
- (7) Ratchet Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is equal to the sum of returns determined on a given formula (which can be capped or floored). There may be total, partial or no capital protection.
- (8) Sum Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return calculation is the weighted sum of returns determined using different payout formulae. There may be total, partial or no capital protection.
- (9) Capped and Floored Sum Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return calculation is the weighted sum of returns determined using different payout formulae (which can be capped and/or floored). There may be total, partial or no capital protection.
- (10) Option Max Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is the maximum return calculation of different payout formulae. There may be total, partial or no capital protection.
- (11) Option Min Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is the minimum return calculation of different payout formulae. There may be total, partial or no capital protection.
- (12) Stellar Securities: fixed term products which have a return linked to the performance of a basket of Underlying References. The return calculation, which is subject to a floor, is made up of the average returns of each Underlying Reference in the basket, each being subject to both a cap and a floor.
- (13) Driver Securities: fixed term products which have a return linked to the performance of a basket of Underlying References. The return calculation, which is subject to a

floor, is determined by reference to the average return of the basket, where the performance of one or more of the best performing Underlying Reference(s) is set at a fixed level.

- (14) Transition Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including knock-in and automatic early redemption feature) combined with trigger events which determine the allocation between the amount that will be reimbursed and the amount linked to the performance of the Underlying Reference(s). There may be partial or no capital protection and these products pay coupons.
- (15) Inflation and Rate Securities: fixed term products which have a return linked to an inflation and a rate component. The return calculation is the sum of the weighted average between the inflation and the rate components, observed at different observation dates. The return may be subject to a floor and/or a cap. There may be total or partial capital protection.
- (16) Cumulative Coupon Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is linked to the sum of the different Interest Amounts paid during the life of the product. There may be total, partial or no capital protection.

#### **Fixed Income (FI) Final Payouts**

- (1) FI FX Vanilla Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including knock-in or knock-out features). There may be total, partial or no capital protection.
- (2) Digital Securities (Digital Floor, Digital Cap, Digital Plus): fixed term products which have a fixed or variable return depending on the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including floor or cap conditions and knock-in and/or knock-out features).
- (3) Inflation securities: fixed term products which have a return linked to the performance of the Underlying Reference(s).

#### **Dropback Final Payout**

Dropback Securities: fixed term products which have a return linked to the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including floor and/or cap conditions and/or an automatic early redemption feature) combined with trigger events which determine the allocation between the amount that will be reimbursed and the amount linked to the performance of the Underlying Reference(s).

There may be partial or no capital protection and these products pay coupons.

**Entitlement Amounts:**

The Entitlement Amount may be determined on the basis of the following payouts:

Delivery of Worst-Performing Underlying

Delivery of Best-Performing Underlying

Delivery of the Underlying

Delivery of Basket Underlying

Delivery of Accumulator Underlying

If Delivery of Worst-Performing Underlying, Delivery of Best-Performing Underlying or Delivery of the Underlying is specified in the applicable Final Terms, the Entitlement Amount will be rounded down to the nearest unit of each Relevant Asset capable of being delivered and in lieu thereof the Issuer may pay an amount equal to the Rounding and Residual Amount. If Delivery of Basket Underlying is specified in the applicable Final Terms, the Entitlement Amount in respect of each Underlying Reference in the basket will be rounded down on a per Underlying Reference basis to the nearest unit of each Relevant Asset capable of being delivered and in lieu thereof the Issuer will pay an amount equal to the Rounding and Residual Amount in respect of each Underlying Reference in the basket. If Delivery of Accumulator Underlying is specified in the applicable Final Terms, in addition to delivery of the Entitlement Amount in respect of the Underlying Reference, the Issuer will pay an amount equal to the Rounding and Residual Amount.

**Automatic Early Redemption:**

If an Automatic Early Redemption Event, as specified in the applicable Final Terms, occurs, the Securities will be redeemed early at the Automatic Early Redemption Amount on the Automatic Early Redemption Date.

The Automatic Early Redemption Amount will be equal to the Automatic Early Redemption Payout specified in the applicable Final Terms or, if not set out, an amount equal to the product of (i) the Calculation Amount (in the case of a Note) or the Notional Amount (in the case of a Certificate or Warrant) and (ii) the sum of the relevant Automatic Early Redemption Percentage and the relevant AER Rate specified in the applicable Final Terms relating to the Automatic Early Redemption Date.

**Early Redemption/Early Termination:**

In the event that the Calculation Agent determines that one or more (as applicable) Early Redemption Event or Early Termination Event has occurred prior to the specified date of redemption or cancellation, as the case may be, it shall notify the Issuer and the Issuer shall notify the relevant Holders of Securities that it intends to redeem the Notes or Certificates or cancel the Warrants, as the case may be, and, upon the expiry of such notice, the Issuer shall redeem or cancel all, but not some only, of the Securities at their Early Redemption Amount or Early Termination Amount on the date of redemption or cancellation specified in the relevant notice (the "**Early Redemption Date**" or the "**Early Termination Date**") (provided that redemption in full of the Notes or Certificates or settlement of the Warrants may be postponed until the Extended Maturity Date, Extended Redemption Date or Extended Settlement Date, as the case may be (where Maturity Date Extension, Redemption Date Extension or Settlement Date Extension is applicable)).

The Early Redemption Events are set out in the Terms and Conditions of the Notes (see Condition 7(l) (*Early Redemption Events*)) or the Terms and Conditions of the Certificates (see Condition 8(l) (*Early Redemption Events*)), as the case may be and the Early Termination Events are set out in the Terms and Conditions of the Warrants (see Condition 8(c) (*Early Termination Events*)).

The applicable Final Terms will specify which of the Early Redemption Events or Early Termination Events will apply to the relevant Series of Securities and will also specify which of the different methods for determining the Early Redemption Amount or the Early Termination Amount will apply to the Securities. The Early Redemption Amounts which may be applicable to Notes or Certificates are as set out in the Terms and Conditions of the Notes (see Condition 7(e) (*Early Redemption Amounts*)) or the Terms and Conditions of the Certificates (see Condition 8(e) (*Early Redemption Amounts*)), as the case may be. The Early Termination Amounts which may be applicable to Warrants are as set out in the Terms and Conditions of the Warrants (see Condition 8(c) (*Early Termination Events*)).

**Events of Default**

The Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. in principal amount of the Notes then outstanding of the relevant Series, the holders of at least 25 per cent. in number of the Warrants then unexercised of the relevant Series or the holders of Certificates representing at least 25 per cent. in number of the Certificates then outstanding of the relevant Series, or if so directed by an extraordinary resolution of such holders (being a resolution passed at a meeting duly convened and held by a majority of at least 75 per cent. of the votes cast), shall, (subject in each case to being indemnified and/or secured to its satisfaction) give notice to the Issuer and the Guarantor (where applicable) that such Notes are, and they shall accordingly forthwith become, immediately due and repayable (a "**Note**

**Acceleration**"), such Warrants are, and they shall accordingly forthwith become, entitled to the Liquidation Proceeds (a "**Warrant Acceleration**") or such Certificates are, and they shall accordingly forthwith become, entitled to the Liquidation Proceeds (a "**Certificate Acceleration**") upon the occurrence of any of the following events (each an "**Event of Default**"):

- (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement in respect of the relevant Securities; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the relevant Securities or the Trust Deed (subject to a 45 day grace period where such failure is (in the opinion of the Trustee) remediable); or
- (iii) in respect of any other Series of securities issued under the same Compartment as the Securities (such other Series of securities, the "**Related Securities**"), a Note Acceleration (where the Securities are Notes), a Warrant Acceleration (where the Securities are Warrants) or a Certificate Acceleration (where the Securities are Certificates), as applicable, occurs;
- (iv) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), judicial reorganisation (*réorganisation judiciaire*), administrative dissolution without liquidation (*dissolution administrative sans liquidation*), reprieve from payment (*sursis de paiement*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-verificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an extraordinary resolution of the relevant Holders of Securities; or
- (v) where a Guarantee is applicable to the Securities, the Guarantee ceases to be in full force and effect in respect of the relevant Securities, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of the relevant Securities, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the relevant Securities or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the relevant Holders of Securities, or the

Guarantor is unable to perform its obligations thereunder for any reason.

If an Event of Default occurs by virtue of the operation of Condition 11(a)(iii), a Note Acceleration for the purposes of the Notes shall be deemed to have occurred at the same time as the "Note Acceleration" (as such expression is defined in the terms and conditions of the relevant Related Securities) occurred for the purposes of the relevant Related Securities. If an Event of Default occurs by virtue of the operation of Condition 11(a)(iii), a Warrant Acceleration for the purposes of the Warrants shall be deemed to have occurred at the same time as the Warrant Acceleration occurred for the purposes of the relevant Related Securities. If an Event of Default occurs by virtue of the operation of Condition 12(a)(iii), a Certificate Acceleration for the purposes of the Certificates shall be deemed to have occurred at the same time as the Certificate Acceleration occurred for the purposes of the relevant Related Securities.

**Cross Acceleration:**

If, in respect of any Series of Securities which are Notes, one or more Series of Related Securities is or are outstanding at any time, and a Note Acceleration occurs pursuant to the terms and conditions of any such Related Securities which are Notes such occurrence will constitute an Event of Default in respect of the Notes, all as more fully described in Condition 11 (*Events of Default*). If, in respect of any Series of Securities which are Warrants, one or more Series of Related Securities is or are outstanding at any time, and a Warrant Acceleration occurs pursuant to the terms and conditions of any such Related Securities which are Warrants such occurrence will constitute an Event of Default in respect of the Warrants, all as more fully described in Condition 11 (*Events of Default*). If, in respect of any Series of Securities which are Certificates, one or more Series of Related Securities is or are outstanding at any time, and a Certificate Acceleration occurs pursuant to the terms and conditions of any such Related Securities which are Certificates such occurrence will constitute an Event of Default in respect of the Certificates, all as more fully described in Condition 12 (*Events of Default*).

**Compartment Assets:**

Each Compartment will comprise a pool of Charged Assets (as defined below) of the Issuer separate from the pools of Charged Assets relating to other Compartments. Each Series and any Related Securities may (if so stated in the applicable Final Terms) be secured by a charge on, or assignment in respect of rights under, certain bonds, notes, warrants, receivables or equity securities of any form, denomination, type or issuer, guarantees, units in funds, loans or any other financial obligations assigned to or assumed by the Issuer or any other specified assets owned by the Issuer (the "**Compartment Assets**"), including, without limitation, any one or a combination of the following:

- common shares or stock;
- preference shares or stock;
- convertible common shares or stock;
- convertible preference shares or stock;

- American depositary receipts ("**ADRs**")
- global depositary receipts ("**GDRs**")
- warrants;
- any other type of asset which represents a share of an equity interest in an entity;
- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution, government, governmental agency, municipal entity or supranational entity whose interest and/or principal payments may be linked to the performance of any underlying factor;
- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution whose interest and/or principal payments may be linked to the creditworthiness of a single reference entity or a basket of reference entities;
- bonds or notes linked to the issuer's participation in a portion of one or more outstanding commercial loans;
- participation or rights in respect of one or more commercial loans;
- bonds (i) convertible, at the option of the holder or otherwise, into shares in the issuing company or (ii) exchangeable, at the option of the holder or otherwise, into shares in another specified company;
- bonds issued by a bank or institution that provides recourse to the issuing entity's assets as well as to a pool of mortgages or public sector assets protected from the insolvency of the issuing institution;
- covered bond collateral issued by a German mortgage bank or public sector bank;
- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution, government, governmental agency, municipal entity or supranational entity not bearing interest, having a principal repayment obligation equal to the face amount of such bond, note, commercial paper, deposit or certificate;
- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution, government, governmental agency, municipal entity or supranational entity bearing a fixed or floating rate of interest, having a principal repayment obligation equal to the face amount of such bond, note, commercial paper, deposit or certificate;
- common shares or stock in a Collective Investment Scheme;

- preference shares or stock in a Collective Investment Scheme;
- units in a Collective Investment Scheme;
- any other type of asset which represents a share, interest or unit in a Collective Investment Scheme; or
- any cash standing to the credit of a managed account,

and funds held from time to time by the Custodian and/or the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable and/or the Registrar (each as defined herein) for payments due under the Securities of such Series and any Related Securities (the "**Cash Assets**") and/or secured by an assignment of the Issuer's rights under an interest rate and/or currency exchange agreement or credit default swap agreement or total return swap agreement or other derivative transaction (the "**Swap Agreement**") (as defined in the Conditions) and/or a deposit agreement (the "**Deposit Agreement**") and/or a repurchase agreement (the "**Repurchase Agreement**") entered into in respect of the relevant Notes, Warrants or Certificates and any Related Securities (each as described in more detail below and in the section of this Base Prospectus entitled "*Description of the Swap Agreement*", "*Description of the Deposit Agreement*" and "*Description of the Repurchase Agreement*" respectively), together with such additional security as may be described in the applicable Final Terms (together with the Compartment Assets, the Cash Assets, the Swap Agreement, the Deposit Agreement and the Repurchase Agreement, the "**Charged Assets**"). The Issuer may issue more than one Series of Securities per Compartment if such Compartment is specified in the applicable Final Terms as a Multi-Series Compartment.

**Charged Assets:**

The Charged Assets relating to a particular Series of Securities and any Related Securities have characteristics that demonstrate capacity to produce funds to service the payments due and payable on such Series of Securities and any Related Securities.

(i) Related Agreements:

In connection with the issue of any Series of Securities and the related Compartment, the board of directors of the Issuer may decide to enter into one or more Related Agreements, which may include, without limitation, any Swap Agreement, Deposit Agreement, Repurchase Agreement, Collateral Exchange Agreement and/or credit support documents with respect to such agreement.

(ii) Swap Agreement:

The Issuer's obligations under the Securities and, where applicable, any Related Securities may be hedged through one or more swap agreements or transactions, with BNP Paribas or BNP Paribas Financial Markets S.N.C., as specified in the applicable Final Terms. On transactions where a Swap Agreement is the only Charged Asset, such Swap Agreement may be modified to replicate the economic effect of a total return swap agreement so that the fair market value of the Swap Counterparty Collateral is always equal to the market value of Securities held by Holders of Securities other than the Swap Counterparty. A description of the principal terms

of any swap agreement that may be entered into by the Issuer is set out in "*Description of the Swap Agreement*" below.

- (iii) Deposit Agreement: If specified in the applicable Final Terms, some or all of the proceeds of the Securities received by the Issuer on the Issue Date may be deposited in a bank account or paid to the relevant counterparty pursuant to a deposit agreement entered into on the Issue Date between the Issuer and such entity as is specified in the applicable Final Terms. A description of the principal terms of any Deposit Agreement that may be entered into by the Issuer is set out in "*Description of the Deposit Agreement*".
- (iv) Repurchase Agreement: If specified in the applicable Final Terms, the Issuer will enter into one or more repurchase agreements (each, a "**Repurchase Agreement**") with BNP Paribas or BNP Paribas Financial Markets S.N.C. as specified in the applicable Final Terms (the "**Repo Counterparty**") pursuant to which the Issuer and the Repo Counterparty will enter into one or more transactions under which the Issuer will purchase bonds, notes, debt securities or other financial instruments which shall form Compartment Assets from the Repo Counterparty. The market value of the assets purchased by the Issuer will be set out in the Final Terms. In certain circumstances, the Repo Counterparty may be obliged to repurchase securities equivalent to those that are the subject of the transaction, as set out in the applicable Final Terms. A description of the principal terms of any Repurchase Agreement that may be entered into by the Issuer is set out in "*Description of the Repurchase Agreement*".
- (v) Collateral Exchange Agreement: If specified in the applicable Final Terms, the Issuer will enter into one or more securities lending agreements (each, a "**Collateral Exchange Agreement**") with such entity as is specified in the applicable Final Terms (the "**Collateral Exchange Counterparty**") pursuant to which the Issuer and the Collateral Exchange Counterparty will enter into one or more transactions under which the Issuer will, at the request of the Collateral Exchange Counterparty, transfer the relevant Reference Securities to the Collateral Exchange Counterparty and may, where so specified in the applicable Final Terms, receive bonds, notes, debt securities or other financial instruments by way of collateral from the Collateral Exchange Counterparty. On the maturity of the Securities and in certain other circumstances, the Collateral Exchange Counterparty will be obliged to transfer securities equivalent to those that are the subject of the transaction to the Issuer. A description of the principal terms of any Collateral Exchange Agreement that may be entered into by the Issuer is set out in "*Description of the Collateral Exchange Agreement*".
- Denomination of Notes:** Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) as indicated in the applicable Final Terms, save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.
- Withholding Tax:** All payments made by the Issuer or the Guarantor (if applicable) shall be made free and clear of any withholding or deduction on account of any tax or duty unless such withholding or deduction is

required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended, (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto, in which case they will be made net of the required withholding or deduction.

**Restrictions:**

So long as any of the Securities remain outstanding, the Issuer will not, without the prior written consent of the Trustee, incur any indebtedness for moneys borrowed or raised other than in respect of Permitted Instruments or Permitted Indebtedness, engage in any activity other than certain activities related to the Securities or any Permitted Instrument or Permitted Indebtedness or consolidate or merge with any other person or pay any dividends or distributions to its members other than in respect of any shares issued by SecurAsset S.A. acting through a compartment where such dividend or other distribution is funded solely from the profits of such compartment in accordance with the articles of association of the Issuer, all as more fully described in Condition 4 (*Restrictions*) of "*Terms and Conditions of the Notes*", Condition 3 (*Restrictions*) of "*Terms and Conditions of the Warrants*" or Condition 3 (*Restrictions*) of "*Terms and Conditions of the Certificates*", as applicable.

**Rating:**

The Securities may be rated or unrated, as specified in the applicable Final Terms.

A rating is not a recommendation to buy, sell or hold Securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

**Listing, approval and admission to trading:**

Application has been made to the CSSF to approve this document as a base prospectus in its capacity as competent authority under the Prospectus Regulation. In addition, application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the regulated market of the Luxembourg Stock Exchange or the Euro MTF market of the Luxembourg Stock Exchange and to be listed on the Official List of the Luxembourg Stock Exchange.

Securities may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Securities which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms will state whether or not the relevant Securities are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

**Governing Law:**

The Securities and each Guarantee will be governed by English law.

**Selling Restrictions:**

There are restrictions on the offer, sale and transfer of the Securities in the European Economic Area, France, Italy, Luxembourg, the Netherlands, Spain, the Czech Republic, the United Kingdom, Belgium and the United States and such other restrictions as may

be required in connection with the offering and sale of a particular Series (and/or Tranche, as the case may be) of Securities, see the section headed "*Subscription, Sale and Transfer Restrictions*" below.

**United States Selling Restrictions:** Regulation S. TEFRA D. U.S. Risk Retention.

The Securities may not be offered, sold, resold, traded, pledged, redeemed, transferred, delivered or exercised, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person. Additional selling restrictions may apply as specified in the applicable Final Terms. U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the "**TEFRA D Rules**") will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.

**The various categories of potential investors to which the securities are offered:**

Offers may be made in Belgium, France, Italy, Luxembourg or Spain to any person (subject to applicable suitability criteria, if any are deemed appropriate pursuant to any applicable conduct of business rules). In other EEA countries, offers will only be made pursuant to an exemption from the obligation under the Prospectus Regulation as implemented in such countries to publish a prospectus. In the United Kingdom, offers will only be made pursuant to an exemption from the obligation under the UK Prospectus Regulation to publish a prospectus.

## RISK FACTORS

*Prospective purchasers of the Securities offered hereby should consider carefully, among other things and in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risks set forth below (which the Issuer, in its reasonable opinion, believes represents or may represent the risks known to it which may affect the Issuer's ability to fulfil its obligations under the Securities) in making an investment decision. Investors may lose the value of their entire investment in certain circumstances.*

*In purchasing Securities, investors assume the risk that the Issuer and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Securities or under the relevant Guarantee. There is a wide range of factors which individually or together could result in the Issuer or the Guarantor becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and the Guarantor's control. In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued under the Programme are also described below.*

Terms used in this section and not otherwise defined have the meanings given to them in the relevant Conditions.

### 1. RISKS RELATING TO THE NATURE OF THE ISSUER

#### (a) *The Issuer is a special purpose vehicle*

The Issuer is a special purpose vehicle incorporated as a public limited liability company (*société anonyme*) under the laws of Luxembourg and is a regulated securitisation undertaking (*société de titrisation*) within the meaning of the Securitisation Act 2004. The Issuer's sole business is to enter into, perform and serve as a vehicle for, any transactions permitted under the Securitisation Act 2004. The Issuer has, and will have, no assets that are available to the Noteholders, the Warrantholders and the Certificateholders (together, the "**Holders of Securities**") other than Compartment Assets (which may include the Reference Securities) or other Charged Assets acquired by the Issuer, in each case in connection with the issue of the Securities or the entry into of other obligations relating to the Programme. The ability of the Issuer to meet its obligations under Securities issued by it may depend on the receipt by it of payments from the Compartment Assets it purchases (if any) with the proceeds of the issue of each Series of Securities or other Charged Assets acquired by it. Such Compartment Assets securing the Securities may not be realisable for their full nominal value and the Holders of Securities are therefore exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under the Securities. This may lead to Holders of Securities losing all or part of their initial investment in the relevant Securities.

#### (b) *Limited Recourse Obligations*

The Issuer finances the purchase of the Compartment Assets with the proceeds of the issue of Series of Securities. Each Series of Securities will be issued through a separate Compartment other than Series of Securities issued through a Multi-Series Compartment. Recourse of the Holders of Securities against the Issuer is limited to, and conditional upon, the funds available to the Issuer from time to time in respect of the assets designated as Compartment Assets and other Charged Assets in the Final Terms for the relevant Series of Securities, and, where applicable, any Related Securities and the Issuer shall have no liability to make any payments under the Securities where such funds are not available to it. Therefore, the Holders of Securities are exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under the Securities and will not have any further recourse against the Issuer or any other party (other than, in the case of Guaranteed Notes, Guaranteed Warrants, or Guaranteed Certificates, as applicable, the Guarantor, in accordance with the Conditions and the applicable Guarantee) in such circumstances, but will suffer a corresponding loss on their investment.

Where amounts are due to be paid in priority to a Security in accordance with the Order of Priority specified in the applicable Final Terms, the net proceeds of the enforcement or liquidation of the relevant Charged Assets may not be sufficient to pay such amounts or may only be sufficient to make all such payments due in priority to such Security, in which case no amounts will be available to make payments in respect of such Security and the claims of the Holder of such Security as against the Issuer in respect of any such shortfall shall be extinguished. In all cases, neither the Holder of a Security nor any person on its behalf (including the Trustee) shall have the right to petition for the winding-up of the Issuer as a consequence of any shortfall and this restriction could limit Holders of Securities' ability to recover sums due in respect of the Securities and could increase their losses.

(c) *Securitisation Act 2004 and Compartments*

The Issuer is established as a *société de titrisation* within the meaning of the Securitisation Act 2004 which provides that claims against the Issuer by the Secured Parties (which includes the Holders of Securities) will, in principle, be limited to the net assets of the relevant series of Securities allocated to the relevant Compartment. The board of directors of the Issuer (the "**Board**") may establish one or more compartments (together the "**Compartments**" and each a "**Compartment**"), each of which is a separate and distinct part of the Issuer's estate (*patrimoine*) and which may be distinguished by the nature of acquired risks or assets and the Conditions as completed by the applicable Final Terms, the reference currency or other distinguishing characteristics. The Holders of Securities may be exposed to competing claims of other creditors of the Issuer, the claims of which have not arisen in connection with the creation, the operation or the liquidation of a Compartment if foreign courts, which have jurisdiction over the assets of the Issuer allocated to a Compartment, do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for the satisfaction of claims of the Holders of Securities. If as a result of such claims, a shortfall arises, such shortfall will be borne by the relevant Holders of Securities.

(d) *Issuer acting in respect of the relevant Compartment as the sole party liable under the Securities*

The Securities will be contractual obligations of the Issuer solely in respect of the relevant Compartment of the Issuer. The fulfilment of the Issuer's obligations under the Securities are not guaranteed by any third party save for any Note which is a Guaranteed Note, any Warrant which is a Guaranteed Warrant, or any Certificate which is a Guaranteed Certificate, as applicable. Consequently, Holders of Securities have no right of recourse against any such third parties. In connection with the above it should also be noted that, pursuant to the Securitisation Act 2004, where individual Compartment Assets are insufficient for the purpose of meeting the Issuer's obligations under the relevant issue of Securities, it will not be possible for the Noteholders of that issue to obtain satisfaction of the debt owed to them by the Issuer from assets belonging to another Compartment or, in the case of Warrantholders and Certificateholders, to obtain payment of the amount owed to them by the Issuer from assets belonging to another Compartment. Accordingly, to the extent Compartment Assets are insufficient, the Holders of Securities risk not being able to receive part or all of any amounts payable by the Issuer in respect of their investment or losing the entire value of their initial investment.

(e) *Insolvency of the Issuer*

Although the Issuer will contract on a "limited recourse" and non-petition basis as noted above, it cannot be excluded as a risk that the Issuer's assets (that is, its aggregate Compartment Assets plus any other assets it may possess) will become subject to insolvency proceedings. The Issuer is a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg and managed by its Board. Accordingly, insolvency proceedings with respect to the Issuer would likely proceed under, and be governed by, the insolvency laws of Luxembourg.

In the event of the insolvency of the Issuer, certain preferred creditors of the Issuer (including the Luxembourg tax authorities) may have a priority that ranks senior to the rights of the Secured Parties (including Holders of Securities) in such circumstances. In the event of such insolvency proceedings taking place, Holders of Securities bear the risk of a delay in the settlement of any claims they might have against the Issuer or receiving, in respect of their claims, the residual amount following realisation of the Issuer's assets after preferred creditors have been paid, with the result that they may

lose their initial investment. See the section of this Base Prospectus entitled "*Description of the Issuer*" below for a description of the types of insolvency proceeding which could take place with respect to the Issuer.

(f) *Consequences of insolvency proceedings*

The Issuer will seek, as far as practicable, to contract only with parties who agree not to make application for the commencement of winding-up, liquidation and bankruptcy or similar proceedings against the Issuer. However, if the Issuer fails for any reason to meet its obligations or liabilities (that is, if the Issuer is unable to pay its debts and may obtain no further credit), a creditor, who has not (and cannot be deemed to have) accepted non petition and limited recourse provisions in respect of the Issuer, will be entitled to make an application for the commencement of insolvency proceedings against the Issuer. In that case, such creditor would, however, not have recourse to the assets of any Compartment (in the case that the Issuer has created one or more Compartments) but would have to exercise its rights on the general assets of the Issuer unless its rights would arise in connection with the "creation, operation or liquidation" of a Compartment, in which case, the creditor would have recourse to the assets allocated to that Compartment but he would not have recourse to the assets of any other Compartment. Furthermore, the commencement of such proceedings may in certain conditions, entitle creditors (including the relevant counterparties) to terminate contracts with the Issuer (including Related Agreements) and seek to recover any loss created by such early termination. The occurrence of such insolvency proceedings in respect of the Issuer may therefore lead to Holders of Securities losing all or part of their initial investment.

(g) *Risk of a delay in the realisation of the Charged Assets in the event of the insolvency of the Issuer*

In the event of the insolvency of the Issuer, the realisation of the Compartment Assets and other Charged Assets may be delayed either by the bankruptcy trustee appointed in relation to the Issuer or by measures ordered by a competent court. Such delay could adversely affect the position of the Holders of the Securities in the event of the Compartment Assets falling in value during such delay as this would mean that the proceeds of the realisation could be lower and there would be less cash available to pay to Holders of Securities and, as a consequence, the Holders of Securities could lose all or part of their initial investment.

(h) *Impact of anti-tax avoidance directive on Luxembourg securitisation companies*

The Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market dated 12 July 2016 was transposed into Luxembourg domestic law by the law of 21 December 2018 ("**ATAD I**") and entered into force on 1 January 2019. ATAD I has been amended by the Council Directive (EU) 2017/952 of 29 May 2017, which was implemented into Luxembourg domestic law by the law of 20 December 2019 ("**ATAD II**", and together with ATAD I, "**ATAD**").

ATAD introduced new tax measures into Luxembourg law, including among others a limitation as regards so-called "exceeding borrowing costs" and hybrid mismatch rules which may result in corporate income tax being effectively imposed and due on the Issuer to the extent that the Issuer derives income other than interest income or income equivalent to interest from its underlying assets and transactions or, as the case may be, if any of the anti-hybrid rules under ATAD apply, for instance, if the Securities issued by the Issuer qualify for tax purposes as hybrid financial instruments. Where ATAD results in denying the tax deductibility of a portion of the interest accrued on the Securities, this could lead to an early redemption of the Securities and any tax payable by the Issuer as a result of ATAD could reduce the Early Redemption Amount (in the case of Notes or Certificates) or the Early Termination Amount (in the case of Warrants) payable to Holders of the Securities.

On 14 May 2020, the European Commission sent a letter of formal notice to Luxembourg asking them to amend its implementation of ATAD into local laws as regards the treatment of securitisation vehicles, to the extent such complies with the Securitisation Regulation.

On 9 March 2022, the Luxembourg government introduced a draft law amending article 168bis of the Luxembourg income tax law dated 4 December 1967 as amended, regarding interest deduction

limitation rules, and removing securitisation vehicles falling under the Securitisation Regulation from the definition of "financial undertakings". On 14 July 2023, the European Commission referred Luxembourg to the Court of Justice of the European Union for failure to correctly transpose ATAD.

In any case, clarifications as regards ATAD and their interpretation may be enacted after the date of this Base Prospectus, possibly with retroactive effect, and could alter the tax position of the Issuer. In addition, the Issuer may take positions with respect to certain tax issues resulting from the ATAD which may depend on legal conclusions not yet resolved by the courts.

## 2. RISKS RELATING TO THE STRUCTURE OF THE SECURITIES

### (a) *Credit risk on the Charged Assets Issuer*

A number of the Early Redemption Events relate to the performance of the RCA Reference Entity or one or more obligations issued or guaranteed by the issuer or primary obligor in respect of the Charged Assets (which may be the Reference Securities) (the "**Charged Assets Issuer**"). Upon the occurrence of one of these Early Redemption Events, the Holders of Securities may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such RCA Reference Entity or Charged Assets Issuer. However, the holding of a Security is unlikely to lead to outcomes which exactly reflect the impact of directly investing in the Reference Securities, and losses borne by Holders of Securities could be considerably greater than would be suffered by a direct investor in the Reference Securities and/or could arise for reasons unrelated to such Reference Securities. Holders of Securities should also note that a relevant Early Redemption Event may occur even if the obligations of the RCA Reference Entity or Charged Assets Issuer under the Reference Securities or Obligations are unenforceable or their performance is prohibited by any applicable law or exchange controls.

### (b) *Charged Assets*

Once the proceeds of the issue of the Securities and any Related Securities have been invested in the Charged Assets with respect to a particular Compartment, such Charged Assets (including, without limitation, assets such as swap agreements, deposits, repurchase agreements and debt securities) will constitute the only source of funds available to the Issuer for the satisfaction of its pre-enforcement obligations under the relevant Securities and the relevant Related Agreements (if any). Accordingly, if such Charged Assets do not generate sufficient cashflows, either (dependent on the terms applicable to the relevant Securities):

- an Early Redemption Event under the relevant Notes or Certificates or an Early Termination Event under the relevant Warrants may occur, which, in turn, may lead to the realisation of the Charged Assets by the Disposal Agent; or
- an Event of Default may occur under the relevant Securities and any Related Securities, which, in turn, may lead to the enforcement and liquidation of the relevant Charged Assets by the Trustee (or its appointee under the Trust Deed).

The Trustee is not obliged to take any action unless it has been indemnified and/or secured to its satisfaction against any liability it may incur. The proceeds of any such enforcement and liquidation, or realisation, as the case may be, (net of any costs, including the costs of enforcement and liquidation) may not be sufficient to meet the claims of the Secured Parties (including the relevant Holders of Securities) with respect to the relevant Compartment. Save in the case of Guaranteed Securities, claims against the Issuer by the Holders of Securities of a particular Series and the holders of any Related Securities and each other Secured Party in respect of any Compartment will be limited to the relevant Charged Assets.

In addition, the Issuer may issue Securities the redemption amount or settlement amount (as the case may be) of which is limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Securities and any Related Securities. The proceeds of any such liquidation (net of any costs, including the costs of liquidation) may not be sufficient to meet the claims of the Secured Parties (including the relevant Holders of Securities and the holders of Related Securities) with

respect to the relevant Compartment and Holders of Securities may lose some or all of their investment in the Securities.

If a Note Acceleration, Warrant Acceleration or Certificate Acceleration, as the case may be, occurs under any Related Securities issued through a Compartment which is specified to be a Multi-Series Compartment, a Note Acceleration, Warrant Acceleration and Certificate Acceleration, as the case may be, will be deemed to have occurred in respect of each Series of Securities issued through the relevant Compartment and the security with respect to the Compartment Assets in respect of all such Series of Securities will be enforceable in accordance with Condition 12 of the Notes, Condition 13 of the Warrants or Condition 14 of the Certificates, as applicable. If, at the time of any enforcement of the Compartment Security pursuant to Condition 12 of the Notes, Condition 13 of the Warrants or Condition 14 of the Certificates, as applicable, one or more Series of Related Securities is outstanding, holders of the Securities and the holders of such Related Securities will share equally and rateably in any Charged Assets in accordance with the applicable Order of Priority. Holders of Securities are therefore exposed to the risk of cross acceleration and to the occurrence of Events of Default occurring with respect to Related Securities where the Securities they hold are issued through a Multi-Series Compartment and Holders of Securities may lose some or all of their investment in the Securities as a result of an Event of Default occurring with respect to Related Securities.

(c) *Subordination of Holders of Securities to payment of expenses and other payments*

On enforcement of the security for the Securities, the rights of the Holders of Securities to be paid amounts from the proceeds of such enforcement and realisation of the Charged Assets may be subordinated to (i) any fees and expenses incurred in such enforcement and realisation of the Compartment Assets and other Charged Assets and (ii) prior rights of the parties (if any) identified in the applicable priority of payments (which may, without limitation, include the Swap Counterparty, the Collateral Exchange Counterparty and/or Repo Counterparty) to be paid amounts (including termination payments due under one or more Related Agreement) from the Issuer in priority to the Holders of Securities from the proceeds of such enforcement and realisation of the Charged Assets. The degree of subordination of the rights of the Holders of the Securities and the amount of payments due to parties in priority to the Holders of Securities may have an impact on the amount received by a Holder of Securities in the event of enforcement of the security.

(d) *Suspension of Payments under the Securities and the relevant Related Agreements during a Suspension Period*

Where Suspension of Payments is applicable to a series of Securities, the payment obligations of the Issuer under the Securities will be suspended if the Calculation Agent determines that facts exist which may amount to an Asset Payment Default Event or Asset Default Event following the expiration of any applicable grace period. During the Suspension Period (i) the Issuer shall make no payments on account of Final Redemption Amounts or Cash Settlement Amounts and/or interest; and (ii) neither the Issuer nor the Swap Counterparty (or other applicable Related Agreement Counterparty) shall make any payments under the Swap Agreement (or other applicable Related Agreement).

If an Early Redemption Event occurs during the Suspension Period (which will be the period of time specified in the applicable Final Terms or otherwise specified in the terms and conditions of the Securities) then no further payments will be made under the Securities in respect of Final Redemption Amounts or Cash Settlement Amounts and/or interest and the Securities will be redeemed in accordance with the applicable provisions relating to early redemption. If an Early Redemption Event has not occurred on or prior to the last day of the Suspension Period, any Final Redemption Amount or Cash Settlement Amount and/or interest amount which would otherwise have been payable will be payable on the second Business Day following the earlier of (i) last day of such Suspension Period or (ii) the date on which the Calculation Agent determines that the events which may have resulted in the potential Early Redemption Event have been remedied or no longer exist but Holders of Securities may be negatively affected as they will not be entitled to receive any further or additional payment as a result of delay in payment of any Final Redemption Amount or Cash Settlement Amount and/or interest amount.

(e) *Custody Arrangements*

Compartment Assets (together with any related Compartment Security) will be held by the Custodian on behalf of the Issuer pursuant to the Agency Agreement. Assets held by the Custodian may not be immediately available to investors upon the bankruptcy of the Custodian and certain classes of creditors having general rights of preference stipulated by Luxembourg law, such as preference rights for judicial fees (including the fees and costs of a receiver/liquidator), unpaid salaries and various tax, excise and social security contributions, may take preference over secured creditors in bankruptcy proceedings. In addition, in respect of certain Series of Securities, the collateral provided by the Swap Counterparty as credit support for its obligations may be held not by the Custodian but by another bank or institution as specified in the applicable Final Terms. Investors in such Securities are exposed to the credit risk of such entity, such collateral may not be immediately available to investors upon the bankruptcy of such entity and other creditors of such entity may take preference as secured creditors in bankruptcy proceedings. If any of these circumstances occurs, the Holders of Securities may lose all or part of their initial investment and/or receive any payment in respect of the Securities later than originally scheduled and may not be able to re-invest any amount received at the same rates or in the same way as if such payment had not been delayed.

(f) *Maturity Date Extension, Redemption Date Extension and Settlement Date Extension*

If "Maturity Date Extension" (in the case of Notes) or "Settlement Date Extension" (in the case of Warrants) or "Redemption Date Extension" (in the case of Certificates) is specified as applicable, where the Issuer has not received in full the amount it is scheduled to receive in respect of any of the Charged Assets relating to the relevant Securities (such assets the "**Non-Performing Assets**") on or prior to the Early Redemption Date or the Maturity Date (in the case of Notes) or the Early Termination Date or the Settlement Date (in the case of Warrants), or the Early Redemption Date or the Cash Settlement Date or Delivery Date (in the case of Certificates), as the case may be, redemption in full of the Notes or Certificates, or settlement in full of the Warrants, as the case may be, will be postponed until a certain date specified in the applicable Final Terms which may, depending on the terms of the relevant Securities, be a considerable period of time after the date on which the Issuer was due to redeem the Notes or Certificates, or settle the Warrants, as the case may be. There is no guarantee, notwithstanding the postponement of the redemption of the Notes or Certificates or settlement of the Warrants, as the case may be, in full, that any further sums will be recovered in respect of the Charged Assets and that the Holders of Securities would receive any greater amount than if the Notes had been redeemed in full on the Early Redemption Date or the Maturity Date or the Warrants had been settled in full on the Early Termination Date or the Settlement Date or the Certificates had been redeemed in full on the Early Redemption Date or the Redemption Date, as the case may be. In these circumstances, the Holders of Securities may lose all or part of their initial investment and/or receive any payment in respect of the Securities later than originally scheduled and may not be able to re-invest any amount received at the same rates or in the same way as if such payment had not been delayed.

(g) *Fluctuations in the value of the Reference Securities*

The Reference Securities may be subject to fluctuations in value. Investors are exposed to the risk that the Reference Securities may suffer a fall in value between the time at which the security becomes enforceable or the relevant Early Redemption Event occurs and the time at which the Reference Securities are realised in full. In extraordinary circumstances, the Reference Securities available at the time at which the security becomes enforceable or the Early Redemption Event occurs could completely lose their value by the time of the realisation. In such circumstances the amounts available to be paid to Holders of Securities is likely to be significantly reduced or may be equal to zero and therefore Holders of Securities could suffer a loss of all or part of their initial investment.

(h) *Subordination of Reference Securities*

Where the relevant Reference Securities are subordinated obligations, they will be junior to certain obligations of the Charged Assets Issuer. As a result, the holders of Reference Securities which are subordinated obligations generally face increased risks as compared with the holders of senior obligations (including a greater risk of loss and the risk that subordinated obligations of the Charged

Assets Issuer may have a lower market value than senior obligations of the Charged Assets Issuer). In particular, holders of subordinated obligations face an increased risk of loss in the event of the Charged Assets Issuer's insolvency. Where the Issuer acquires Reference Securities which are subordinated obligations in connection with a series of Securities, Holders of Securities of such series are also exposed to such increased risk of loss.

(i) *Reliance on creditworthiness of other parties*

The ability of the Issuer to meet its obligations under the Securities may be dependent on its receipt of payments and/or deliveries from the Swap Counterparty under a Swap Agreement or, where relevant, receipt of payments and/or deliveries from the Repo Counterparty under the Repurchase Agreement or the Collateral Exchange Counterparty under the Collateral Exchange Agreement. Consequently, the Issuer will rely on the full and timely performance by the Swap Counterparty and/or the Repo Counterparty and/or the Collateral Exchange Counterparty in order to pay the amounts due to the Holders of the Securities. Failure by one or more of the Swap Counterparty and/or the Repo Counterparty and/or the Collateral Exchange Counterparty to perform their respective obligations (if any) fully and in a timely manner could lead to an Early Redemption Event or Early Termination Event, as the case may be, and increase the likelihood of the Holders of Securities suffering a loss.

There are a number of situations which may arise where the Issuer (and therefore the Holders of Securities) will be exposed to the creditworthiness of the Issuer's counterparties including:

- (i) where a termination payment is due from the Collateral Exchange Counterparty, in particular, where the Replacement Collateral Assets cannot be sold for the same amount as a sale of the Reference Securities which have been transferred to the Collateral Exchange Counterparty (the "**Received Collateral**") would have realised if such Reference Securities had not been transferred to the Collateral Exchange Counterparty or the Collateral Exchange Counterparty is not obliged to provide any replacement collateral or if an Enforcement Event occurs with respect to the Issuer prior to the date on which the Collateral Exchange Counterparty transfers Equivalent Securities in respect of the Received Collateral;
- (ii) where a termination payment is due from the Swap Counterparty, in particular, where the Issuer has transferred Reference Securities to the Swap Counterparty and there is a mismatch between the value of the Issuer Posted Collateral and the close out value of the Swap Agreement or where the Issuer does not acquire Reference Securities or enter into a Repurchase Agreement and the Issuer pays all the issue proceeds to the Swap Counterparty or where the Issuer pays all the issue proceeds to the Swap Counterparty and there is a mismatch between the value of the Swap Counterparty Collateral and the close out value of the Swap Agreement; and/or
- (iii) where Reference Securities are redeemed in full following the occurrence of a RCA Maturity Call Option Event (as defined in Collateral Linked Condition 1.1) (in the case of Notional Value Repack Securities), or in respect of other Securities where there is a delay between the maturity date of the Reference Securities and the Maturity Date or the Redemption Date or Settlement Date, as the case may be, of the Securities and the Issuer pays all the redemption proceeds from the Reference Securities to the Swap Counterparty in which case the ability of the Issuer to make payment of amounts due under the Securities will be dependent on the receipt by it of payments from the Swap Counterparty.

Where the Collateral Exchange Counterparty does not return the Received Collateral, or, as applicable, is unable to pay the sums due under the Collateral Exchange Agreement in the circumstances described above, Holders of Securities may lose all or a substantial part of their investment in the Securities. If the Swap Counterparty is unable to pay the sums due under the Swap Agreement in the circumstances described above, Holders of Securities may lose all or a substantial part of their investment in the relevant series of Securities.

(j) *Risks associated with specific types of products*

- (i) Risks associated with SPS Products:

(1) Risks associated with Reverse Convertible Products

Reverse Convertible Products will be issued in accordance with Payout Condition 1.2(b). The return on the Securities depends on the performance of the Underlying Reference(s) and whether a knock-in event occurs. As a consequence, investors may be exposed to a partial or total loss of their investment.

(2) Risks associated with Vanilla Products

Vanilla Products will be issued in accordance with Payout Condition 1.2(c). The return depends on the performance of the Underlying Reference(s) and whether knock-in or knock-out features apply. As a consequence, investors may be exposed to a partial or total loss of their investment.

(3) Risks associated with Asian Products

Asian Products will be issued in accordance with Payout Condition 1.2(d). The return on the Securities depends on the performance of the Underlying Reference(s), which is determined using an averaging method. The return will also depend on whether specific features, such as a cap, a floor or lock-in, apply. As a consequence, investors may be exposed to a partial or total loss of their investment.

(4) Risks associated with Auto-callable Products

Auto-Callable Products will be issued in accordance with Payout Condition 1.2(e). The return on the Securities depends on the performance of the Underlying Reference(s) and whether knock-in or knock out features apply. Auto-callable Products include automatic early redemption mechanisms. Depending on the applicable formula, if an automatic early redemption event occurs investors may be exposed to a partial loss of their investment. As a consequence, investors may be exposed to a partial or total loss of their investment.

(5) Risks associated with Indexation Products

Indexation Products will be issued in accordance with Payout Condition 1.2(f). The return on the Securities depends on the performance of the Underlying Reference(s) and whether knock-in, knock-out and/or automatic early redemption features apply. Depending on the applicable formula, if an automatic early redemption event occurs investors may be exposed to a partial loss of their investment. As a consequence, investors may be exposed to a partial or total loss of their investment.

(6) Risks associated with Ratchet Products

Ratchet Products will be issued in accordance with Payout Condition 1.2(g). The return on the Securities depends on the performance of the Underlying Reference(s) and is calculated based on the sum of returns determined on a given formula (which can be capped and/or floored). As a consequence, investors may be exposed to a partial or total loss of their investment.

(7) Risks associated with Sum Products

Sum Products will be issued in accordance with Payout Condition 1.1(h). The return on the Securities depends on the performance of the Underlying Reference(s) and is calculated based on the weighted sum of returns determined using different payout formulae. As a consequence, investors may be exposed to a partial or total loss of their investment.

(8) Risks associated with Capped and Floored Sum Products

Capped and Floored Sum Products will be issued in accordance with Payout Condition 1.2(i). The return on the Securities depends on the performance of the

Underlying Reference(s) and is calculated based on the weighted sum of returns determined using different payout formulae (which can be capped and/or floored). As a consequence, investors may be exposed to a partial or total loss of their investment.

(9) Risks associated with Option Max Products

Option Max Products will be issued in accordance with Payout Condition 1.2(j). The return on the Securities depends on the performance of the Underlying Reference(s) and is calculated based on the maximum return determined using different payout formulae. As a consequence, investors may be exposed to a partial or total loss of their investment.

(10) Risks associated with Option Min Products

Option Min Products will be issued in accordance with Payout Condition 1.2(k). The return on the Securities depends on the performance of the Underlying Reference(s) and is calculated based on the minimum return determined using different payout formulae. As a consequence, investors may be exposed to a partial or total loss of their investment.

(11) Risks associated with Stellar Products

Stellar Products will be issued in accordance with Payout Condition 1.2(l). The return on the Securities depends on the performance of a basket of Underlying References and is calculated based on the average returns of each Underlying Reference in the basket (which can be capped and/or floored). As a consequence, investors may be exposed to a partial loss of their investment.

(12) Risks associated with Driver Products

Driver Products will be issued in accordance with Payout Condition 1.2(m). The return on the Securities depends on the performance of a basket of Underlying References. The return is determined by reference to the average return of the basket, where the performance of one or more of the best performing Underlying Reference(s) is set at a fixed level. As a consequence, investors may be exposed to a partial loss of their investment.

(13) Risks associated with Transition Products

Transition Products will be issued in accordance with Payout Condition 1.2(n). The return on the Securities depends on the performance of the Underlying Reference(s) and whether knock-in and/or automatic early redemption features apply. Depending on the applicable formula, investors may be exposed to a partial or total loss of their investment.

(14) Risks associated with Cumulative Coupon Products

Cumulative Coupon Products will be issued in accordance with Payout Condition 1.2(o). The return on the Securities depends on the performance of the Underlying Reference(s) and whether the interest conditions are met. Depending on the applicable formula, investors may be exposed to a partial or total loss of their investment.

(15) Risks associated with Inflation and Rate Products

Inflation and Rate Products will be issued in accordance with Payout Condition 1.2(p). The return on the Securities depends on the inflation and the rate components and is calculated based on the sum of the weighted average between the inflation and the rate components, observed at different observation dates. As a consequence, investors may be exposed to a partial loss of their investment.

## (ii) Risks associated with FI Products:

## (1) Risks associated with Vanilla Products

Vanilla Products will be issued in accordance with Payout Condition 2.1(a). The return on the Securities depends on the performance of the Underlying Reference(s) and whether knock-in or knock-out features apply. As a consequence, investors may be exposed to a partial or total loss of their investment.

## (2) Risks associated with Digital Products

Digital Products will be issued in accordance with Payout Conditions 2.1(b) or (c). The return on the Securities is fixed or variable and will be dependent upon the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including floor or cap conditions and knock-in and/or knock-out features). As a consequence, investors may be exposed to a partial or total loss of their investment.

## (iii) Risks associated with Dropback Products

Dropback Products will be issued in accordance with Payout Condition 3.2(a). The return on the Securities depends on the performance of the Underlying Reference(s) and whether floor and/or cap conditions and/or automatic early redemption features apply. Depending on the applicable formula, investors may be exposed to a partial or total loss of their investment.

The formulae, relevant variables and other related provisions of these products are more fully described in "*Annex 1 – Additional Terms and Conditions for Payouts*".

(k) *Currency risk*

An investment in Securities denominated and payable in a foreign currency entails significant risks to a Holder of Securities that may not be involved if a similar investment were made in Securities denominated and payable in such holder's home currency. These risks include, without limitation, the possibility of significant changes in rates of exchange between the foreign currency and such holder's home currency and generally depend on economic and political events over which the Issuer has no control. In addition, there may also be risks for Holders of Securities where the relevant Reference Securities are denominated in a different currency to the relevant series of Securities. The Issuer is likely to be reliant on payments in the currency in which the Securities are denominated from the Swap Counterparty in order to make payments in full of amounts due on such Securities. If the Swap Agreement is terminated early due to an Event of Default or Early Redemption Event, Holders of Securities are likely to be exposed to foreign exchange currency risk as the Issuer may no longer receive the relevant amounts from the Swap Counterparty. Furthermore where the Issuer or the Trustee sell Reference Securities in accordance with the Conditions, they will receive amounts in the currency in which the relevant Reference Securities are denominated. There could have been significant changes in rates of exchange between the currency amounts in which the relevant Reference Securities are denominated and the currency in which the Securities are denominated which could lead to significantly lower amounts being available for payments to Holders of Securities and as a consequence, Holders of Securities may be exposed to a partial or total loss of their investment.

(l) *Potential delay of early redemption upon the occurrence of Early Redemption Events*

Where Early Redemption at Maturity is specified as applicable to a series of Securities to which Annex 12 (*Additional Terms and Conditions for Notional Value Repack Securities*) applies and an Early Redemption Notice is served in respect of an Early Redemption Event, the Reference Securities will be sold (if they have not been redeemed prior to the date on which they would otherwise be sold) or the rights to receive securities equivalent to such Reference Securities under

the Collateral Exchange Agreement will be sold but, save where the Early Redemption Event relates to an Annex Early Redemption Event or a Related Agreement Termination Event (in each case as defined in Collateral Linked Condition 1.1) which relates to the Swap Agreement, the sale or redemption proceeds will be paid to the Swap Counterparty and the Securities will not be redeemed at their Early Redemption Amount until, at the earliest, the Maturity Date (in the case of Notes) or the Redemption Date (in the case of Certificates) although no interest will be payable in respect of the relevant Securities after the occurrence of the relevant Early Redemption Event. As a consequence, Holders of the Securities may receive a lower amount on the Maturity Date or Redemption Date, as the case may be, than the amount they originally invested and will also, in the period between the occurrence of the Early Redemption Event and the Maturity Date or Redemption Date, as the case may be, or, if later, the Early Redemption Date, receive no interest. In addition, the Issuer will pay the sale or redemption proceeds from the Reference Securities to the Swap Counterparty and, in return, the Swap Counterparty will pay the Early Redemption Amounts which the Issuer is obliged to pay in respect of the Securities. If the Swap Counterparty fails to pay the relevant amounts to the Issuer, the Issuer will have to rely on the enforcement of the contractual rights the Issuer has in order to recover the payment due from the Swap Counterparty. If the Swap Counterparty is unable to pay the sums due under the Swap Agreement in such circumstances, Holders of Securities may lose all or a substantial part of their investment in the Securities.

(m) *Country and regional risk*

The price and value of any Reference Securities may be influenced by the political, financial and economic stability of the country and/or region in which an obligor of any Reference Securities is incorporated or has its business or of the country of the currency in which any Reference Securities are denominated. Although this risk is likely to be more acute where there is a nexus with an emerging market, in certain cases, the price and value of assets originating from countries ordinarily not considered to be emerging markets countries may behave in a similar manner to those of assets originating from emerging markets countries. The risks which arise relating to an investment in emerging markets obligations or in Securities which are secured on emerging markets obligations include:

- (i) the price of such obligations may be subject to sharp and sudden fluctuations and declines;
- (ii) such obligations may be illiquid and therefore difficult to sell;
- (iii) published information in or in respect of emerging markets countries and issuers of or obligors in respect of emerging markets obligations has been proven on occasions to be materially inaccurate;
- (iv) in certain cases Holders of Securities may be exposed to the risk of default by a sub-custodian in an emerging markets country which will mean that the Trustee may not be able to effect the sale of the relevant Reference Securities; and
- (v) realisation of Reference Securities comprising emerging markets obligations may be subject to restrictions or delays arising under local law.

The occurrence of such circumstances could lead to a lower amount being realised by the Trustee and therefore, Holders of Securities receiving less (and, potentially, significantly less) than anticipated.

(n) *Cost of borrowing*

Holders of Securities that are "short" (or "put") Securities should note that the price of such Securities may include a premium charged to Holders of Securities which reflects the cost to the Issuer or the Swap Counterparty or the Swap Counterparty's affiliates of borrowing the Underlying Reference(s). Holders of Securities will not receive a refund of this premium if an Automatic Early Redemption Event occurs or upon the exercise of an Issuer Call Option or a Noteholder Put Option or

Certificateholder Put Option, as the case may be, and consequently may significantly reduce the return a Holder of Securities stands to receive on its investment.

(o) *Minimum trading amount may affect a holder's ability to transfer their Securities*

If the Securities have a minimum trading amount, a Holder of Securities will not be permitted to transfer its Securities prior to redemption without purchasing enough additional Securities to hold the minimum trading amount. The Holder of Securities may not be able to purchase additional Securities, in which case they will have to wait until redemption of the Securities to realise any value. If they are able to purchase additional Securities, this may be at a price higher than their original investment and is likely to adversely affect the overall return they achieve on their investment.

(p) *Risks associated with Securities traded in integral multiples that are different to the minimum Specified Denomination*

Where the Securities are Notes, if the Securities are traded in denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, such Securities may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. If at any time Holder of Securities holds an amount which is less than the minimum Specified Denomination they would not be able to sell or transfer the remainder of such holding or exchange the remainder of such holding for a definitive Security without first purchasing a principal amount of Securities at or in excess of the minimum Specified Denomination. In these circumstances, there is a risk that the price to purchase additional Securities may be greater than the original price paid by the investor and/or such Securities may be illiquid and difficult to trade meaning that Holders of Securities may be required to retain their investment until redemption.

(q) *Risks associated with Securities where certain specific information is not known at the beginning of an offer period*

Where an indicative range is specified in the Final Terms at the start of an offer period in respect of the issue price, Gearing, Gearing Up, Bonus Coupon, Up Cap Percentage, any Constant Percentage, barrier value or level, Floor Percentage, Knock-in Level, Knock-out Level, Knock-in Range Level, Knock-out Range Level, Knock-out Corridor Range, Knock-in Bottom Level, Knock-in Top Level, Knock-out Bottom Level and/or Knock-out Top Level, prospective purchasers of Securities may be exposed to the risk that the actual price, rate, level or percentage, as applicable, selected from within the indicative range specified for Gearing, Gearing Up, Bonus Coupon, Up Cap Percentage, any Constant Percentage, barrier value or level, Floor Percentage, Knock-in Level, Knock-out Level, Knock-in Range Level, Knock-out Range Level, Knock-out Corridor Range, Knock-in Bottom Level, Knock-in Top Level, Knock-out Bottom Level and/or Knock-out Top Level, as applicable, in respect of any Securities may have a negative impact on Holders of Securities, reducing the interest payable to Holders of Securities and/or the final return received by Holders of Securities in respect of the Securities when compared with another price, rate, level or percentage, as applicable, within the indicative range. Prospective purchasers of Securities will be required to make their investment decision based on the minimum and/or maximum price, rate, level or percentage, as applicable, or the indicative range rather than the actual price, rate, level or percentage, as applicable, which will only be fixed after the investment decision is made but will apply to the Securities once issued.

(r) *Gap Risk*

The relevant level, value or price of one or more Underlying Reference(s) may change suddenly and significantly during the trading day or at the opening of the market. Such change may be positive or negative and is known as the "**Gap Risk**". If the price of the Securities includes a premium, this will be calculated to take account of the cost to the Swap Counterparty or its affiliates of unwinding its hedging positions in relation to the Securities on early redemption of the Securities. Holders of Securities will not receive a refund of this premium if an Automatic Early Redemption Event or an Automatic Early Settlement Event occurs, or upon exercise of an Issuer Call Option or a Noteholder Put Option or Certificateholder Put Option, which could significantly reduce the return a Holder of Securities stands to receive on its investment.

(s) *Limited exposure to Underlying Reference(s)*

If the applicable Final Terms provide that the exposure of the relevant Securities to one or more Underlying References is limited or capped at a certain level or amount, the relevant Securities will not benefit from any upside in the value of any such Underlying Reference(s) beyond such limit or cap. In this case, Holders of Securities will not receive as much from their investment as they would have done if they had invested directly in the Underlying Reference(s) or in alternative Securities without such features. The likelihood of this occurring is dependent on the likelihood of the Underlying Reference(s) performing such that the limit or cap affects the Securities.

(t) *Securities subject to early redemption at the option of the Issuer, other early redemption (including Automatic Early Redemption or Automatic Early Settlement) and consequences of early redemption*

An optional or other early redemption feature (including an Automatic Early Redemption or Automatic Early Settlement (in the case of Warrants) feature) is likely to limit the market value of the Securities. In the case of Securities with an optional redemption feature, during any period when the Issuer may elect to redeem the relevant Securities, the market value of those Securities generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. In addition, the Final Terms may provide that the relevant Securities will be redeemed early in specified circumstances, such as the occurrence of an Additional Disruption Event, an Optional Additional Disruption Event and/or an Early Redemption Event. Following an optional or other early redemption (including an Automatic Early Redemption or Automatic Early Settlement), a Holder of Securities generally would not be able to reinvest the redemption proceeds (if any) at an effective interest rate as high as the interest rate on the relevant Securities being redeemed, and may only be able to do so at a significantly lower rate. As a consequence the Holder of Securities may lose some or all of their investment. Following an optional or other early redemption of the Securities, there is also a risk that a Holder of Securities will not be able to reinvest in other securities or investments available at that time with the same economic features as the Securities. In addition, in the case of Securities with an Automatic Early Redemption feature, the value of the Securities and the amount that Holders of Securities receive upon an Automatic Early Redemption or Automatic Early Settlement may not correlate with the value of the Underlying Reference, which may trigger such Automatic Early Redemption or Automatic Early Settlement and Holders of Securities could receive a significantly lower return than expected in relation to the change in value of the Underlying Reference.

(u) *If the rate of interest or premium amount rate payable on the Securities or the amount payable or deliverable on redemption of the Securities changes during the life of the Securities, Holders of Securities may receive less than expected*

If specified in the applicable Final Terms and the Issuer exercises its Coupon Switch Election or Payout Switch Election or if an Automatic Coupon Switch Event or Automatic Payout Switch Event occurs, the coupon or redemption payout, as the case may be, on such Securities will change during the life of the Securities and there is a risk that investors may receive a return which differs from, and may be significantly less than, that which they expected to receive as of the Issue Date or they may receive no return.

(v) *The terms of the Securities may in certain circumstances be changed during the life of the Securities, in which case Holders may receive a lower return than expected*

If Autoroll is specified as applicable in the applicable Final Terms and an Autoroll Event occurs, the terms of the Securities (including, (a) (if Autoroll Standard is specified in the applicable Final Terms) the Final Payout, Knock-in Event or Knock-out Event (as the case may be), Automatic Early Redemption Event, Strike Date, the Coupon Payout and/or Maturity Date, or (b) (if Autoroll Lock or Autoroll Shift are specified in the applicable Final Terms) any level specified in the applicable Final Terms in respect of the Final Payout, the Knock-in Event or Knock-out Event, the Automatic Early Redemption Event and/or the Coupon Payout) will be amended to the relevant terms specified in the applicable Final Terms. If the terms of the Securities are amended during the life of the Securities there is a risk that investors may receive a return which differs from, and may be significantly less than, that which they expected to receive or they may receive no return.

(w) *Risks associated with Open End Securities*

Open End Notes and Open End Certificates (together, "**Open End Securities**") do not have a pre-determined maturity and may include (i) an option for the Issuer to redeem each Security on a date determined by the Calculation Agent in accordance with the Terms and Conditions and (ii) an option for the Holder of the Securities to give notice to the Issuer and upon expiry of the Notice Period, the Issuer will redeem each such Security on a date determined by the Calculation Agent. Investment in Open End Securities will entail additional risks compared with other Securities, due to the fact that they do not have a prescribed tenor and Holders of Securities may receive a lower return than expected and depending on when the Open End Securities are redeemed. Open End Notes will be subject to the provisions set out in Condition 7(z) of the Notes and Open End Certificates will be subject to the provisions set out in Condition 8(y) of the Certificates.

(x) *No gross-up upon the application of withholding tax*

The Securities will not have the benefit of a gross-up provision in respect of withholding taxes. Neither the Issuer nor, as applicable, the Guarantor, is obliged to gross-up any payments in respect of the Securities and shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Security and all payments made by the Issuer or, as applicable, the Guarantor shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. Holders of Securities therefore will bear the risk of the imposition of any deduction or withholding with respect to payments made under the Securities.

(y) *Risk of leveraged exposure*

Securities including a leverage feature magnify gains and losses. If the Underlying Reference moves against expectations, Holders of Securities risk losing a greater proportion of their investment than if they had invested in a Security that is not leveraged.

(z) *Limitations on Exercise*

Where the Securities are Warrants, if so indicated in the Final Terms, the Issuer will have the option to limit the number of Warrants exercisable on any date (other than the final exercise date) to the maximum number specified in the Final Terms and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer elects to limit the number of Warrants exercisable on such date, a Warrantholder may not be able to exercise on such date all the Warrants that such holder desires to exercise delaying the point at which a Warrantholder may realise a return on the Warrants.

(aa) *Minimum Exercise Amount of Warrants*

Where the Securities are Warrants, if so indicated in the Final Terms, a Warrantholder must tender or, in the case of automatic exercise, hold, a specified number of Warrants at any one time in order to exercise. Thus, Warrantholders with fewer than the specified minimum number of Warrants will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, holders of such Warrants incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount (in the case of Cash Settled Warrants) or the value of the Entitlement (in the case of Physical Delivery Warrants) of such Warrants.

(bb) *Time Lag after Exercise of Warrants*

Where the Securities are Warrants, delivery of an Exercise Notice by a Warrantholder will constitute an irrevocable election to exercise the relevant Warrants. After the delivery of an Exercise Notice, such Warrantholder will not be able to transfer the Warrants that have been exercised. There will be a time lag between the time a Warrantholder gives instructions to exercise and the time the

applicable Cash Settlement Amount (in the case of Cash Settled Warrants) relating to such exercise is determined. Such delay could be significantly longer, particularly in the case of a delay in the exercise of Warrants arising from any daily maximum exercise limitation, the occurrence of a Market Disruption Event or the failure to open of an exchange (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Linked Securities. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the relevant Warrants, and may result in such Cash Settlement Amount being zero.

### 3. **RISKS RELATING TO THE MARKET**

#### (a) *Certain factors affecting the value and trading price of Securities*

The trading price of the Securities may be affected by a number of factors including, but not limited to, the relevant price, value or level of the Underlying Reference(s) and the Reference Securities (where applicable), the time remaining until the scheduled redemption date of the Securities, the actual or implied volatility associated with the Underlying Reference(s) and/or the Reference Securities and the correlation risk of the relevant Underlying Reference(s).

The possibility that the value and trading price of the Securities will fluctuate (either positively or negatively) depends on a number of factors, including:

- (i) the trading price of the Securities;
- (ii) depending on the applicable payout or coupon or premium amount rates (if applicable), movements in the value and/or volatility of the Underlying Reference or the Reference Securities may cause the value of the Securities to either rise or fall;
- (iii) depending on the applicable payout or coupon or premium amount rates (if applicable), the value of the Securities may fluctuate as the time remaining until the scheduled redemption date decreases;
- (iv) in the case of Cash Settled Notes or Certificates or Warrants the probable range of Final Redemption Amounts or Cash Settlement Amounts, as the case may be;
- (v) depending on the applicable payout or coupon or premium amount rates (if applicable), movements in interest rates and/or dividends (if applicable) may cause the theoretical value of the Securities to either rise or fall;
- (vi) any change(s) in currency exchange rates;
- (vii) the depth of the market or liquidity of the Underlying Reference or the Reference Securities (where applicable) as specified in the applicable Final Terms; and
- (viii) any related transaction costs.

Such factors may mean that the trading price of the Securities is below the Final Redemption Amount (in the case of Notes) or Cash Settlement Amount (in the case of Certificates or Warrants) or the value of the Entitlement, as applicable and accordingly, there is a risk that Holders of Securities may receive an amount or an asset with a value significantly lower than the amount that they invested to purchase the Securities. The exposure to the Underlying Reference in many cases will be achieved by the Issuer entering into swap agreements (with BNP Paribas) and/or deposit agreements and/or repurchase agreements. Holders of Securities should be aware that, under the terms of Underlying Reference Linked Securities, they are exposed to the performance of these agreements and that certain events may affect these agreements and consequently the occurrence of any of these events may affect the value of the Securities.

#### (b) *A Security's purchase price may not reflect its inherent value*

Prospective investors are exposed to the risk that the purchase price of a Security does not necessarily reflect its inherent value. Any difference between a Security's purchase price and its inherent value may be due to a number of different factors including, without limitation, prevailing market conditions and fees, discounts or commissions paid or accorded to the various parties involved in structuring and/or distributing the Security. Any such difference in value could negatively affect the return an investor may receive.

(c) *Possible illiquidity of the Securities in the secondary market*

The Issuer may, but is not obliged to, at any time purchase Securities at any price in the open market or by tender or private offer/treaty. Any Dealer may also be a market-maker for an issue of Securities but, it is not obliged to and may cease to do so at any time. Even if a Dealer is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. During certain periods, it may be difficult, impractical or impossible for the Dealer to quote bid and offer prices, and during such periods, it may be difficult, impracticable or impossible to buy or sell these Securities. Adverse market conditions, volatile prices or large price fluctuations, a large marketplace being closed or restricted or experiencing technical problems such as an IT system failure or network disruption could affect the Dealer's ability to maintain a secondary market.

The only means through which a Holder of Securities can realise value from their Securities prior to its Maturity Date (in the case of Notes) or Redemption Date (in the case of Certificates) or its Settlement Date (in the case of Warrants) is to sell them at the market price in an available secondary market, which may be a lower price than a Holder of Securities' original investment. If there is no or a limited secondary market for the Securities and the Holder of Securities is unable to sell its Securities they will have to wait until redemption of the Securities to realise any value.

The Securities may be subject to certain transfer restrictions and Securities sold to U.S. persons will be subject to transfer restrictions, which will also limit a Holder of Securities ability to sell their Securities prior to redemption.

(d) *Effect of credit rating reduction*

The value of the Securities is expected to be affected, in part, by investors' general appraisal of the creditworthiness of the Issuer and, if applicable, the Swap Counterparty and/or the Guarantor. Such perceptions are generally influenced by the ratings attributed to the outstanding securities of the Swap Counterparty or the Guarantor by standard statistical rating services, such as S&P Global Ratings Europe Limited, Fitch Ratings Ireland Limited and Moody's Deutschland GmbH. A reduction in the rating, if any, attributed to outstanding debt securities of the Guarantor (where the Securities are guaranteed) or the Swap Counterparty by one of these rating agencies could result in a reduction in the trading value of the Securities.

(e) *Risks associated with Securities with a nexus to emerging markets*

Where the value and return an investor can expect to receive in respect of the Securities depends on the performance of one or more Underlying References issued by issuers located in, or subject to regulation in, emerging or developing countries, denominated in the currency of, or are traded in, emerging or developing countries or where the Securities are denominated in currencies of emerging or developing countries, Holders of Securities are exposed to greater risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation. Holders of Securities with such a nexus to emerging or developing countries are exposed to the risk that such Securities may be less liquid and the prices of such Securities more volatile, thus increasing the risk that such Holders of Securities may experience a loss on their investment. In addition, settlement of trades in such markets may be slower and more likely to be subject to failure than in markets in developed countries.

The probability of the occurrence of a Hedging Disruption (or other event leading to an adjustment under the relevant terms of the Securities as set out further in the Conditions) and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets.

(f) *Exchange control risks*

There is a risk that authorities with jurisdiction over the Settlement Currency (as specified in the applicable Final Terms) and/or the currency in which the Underlying Reference is denominated, such as government and monetary authorities, may impose or modify (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability to transfer of funds in and out of the relevant country. Such exchange controls, if imposed would have a negative impact on the amount a Holder of Securities is able to realise from Securities denominated in an affected Settlement Currency or referencing an affected Underlying Reference.

The imposition of exchange controls in respect of a Relevant Currency could significantly increase the risk of an FX Settlement Disruption Event occurring. If an FX Settlement Disruption Event occurs payments of principal and/or interest (if applicable) may (i) occur at a different time than expected and that no additional amount of interest or premium amount will be payable in respect of any delay in payment of principal and/or interest or premium amount and (ii) be made in USD. The occurrence of an FX Settlement Disruption Event could have a significant adverse impact on the amount a Holder of Securities receives in respect of the Securities and may mean that the Holder of Securities is unable to receive payment in the desired currency. If the Holder of Securities receives payment in USD, it may not be able to exchange the amount received into the relevant Settlement Currency or it may only be able to do so at an exchange rate that significantly adversely impacts the amount the Holder of Securities ultimately receives in the Settlement Currency.

(g) *Risks associated with Dual Currency Securities*

The Issuer may issue Notes with principal (see Condition 7(t) (*Dual Currency Redemption Notes*) of the Notes) and/or interest (see Condition 5(n) (*Dual Currency Interest Notes*) of the Notes) payable in a currency which may be different from the currency in which the Notes are denominated ("**Dual Currency Notes**"). The risks associated with Dual Currency Notes are similar to those associated with Currency Linked Securities (described in "*Additional risks associated with Currency Linked Securities*" below) and the risks associated with the Settlement Currency (described in "*Exchange control risks*" above). In addition, investors will not benefit from favourable changes in exchange rates during the term of the Dual Currency Notes where a pre-determined rate of exchange is applicable and as a consequence the market price of such Notes may be volatile.

The Issuer may also issue Certificates where the Cash Settlement Amount and/or Interest Amount and/or Premium Amount may be payable in either the Base Currency or the Subject Currency depending on the performance of a specified exchange rate ("**Dual Currency Certificates**"). The Settlement Currency will be determined based upon how the rate of exchange to convert one unit of the Base Currency into the Subject Currency on the relevant Dual Currency Determination Date performs compared to the initial exchange rate specified in the applicable Final Terms. The risks associated with Dual Currency Certificates are similar to those associated with Currency Linked Securities (described in "*Additional risks associated with Currency Linked Securities*" below) and the risks associated with the Settlement Currency (described in "*Exchange control risks*" above). In addition, investors will not benefit from favourable changes in exchange rates during the term of the Dual Currency Certificates where only the rate of exchange on the relevant Dual Currency Determination Date affects the Settlement Currency and as a consequence the market price of such Certificates may be volatile.

(h) *Risks associated with Securities denominated in Renminbi*

Renminbi is not completely freely convertible at present. The government of the People's Republic of China (the "**PRC**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar, although control by the PRC government over routine foreign exchange transactions under current accounts has decreased over the years.

Remittance of Renminbi into and out of the PRC for the settlement of capital account items is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are being developed gradually and will be subject to interpretation and application by the relevant authorities in the PRC.

From 1 October 2016 Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund; however, the PRC government may not continue to gradually liberalise the control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. Such restrictions may negatively affect the liquidity and value of Securities denominated in Renminbi. Furthermore, if any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the remittance of Renminbi for payment of transactions categorised as capital account items, then such remittances will need to be made subject to the specific requirements or restrictions set out in such rules.

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited. Currently, financial institutions in a number of financial centres and cities (each a "**RMB Clearing Bank**") have entered into settlement agreements (the "**Settlement Agreements**") with the People's Bank of China ("**PBOC**") to act as the RMB clearing bank.

However, the current size of Renminbi-denominated financial assets outside the PRC is limited. Renminbi business participating banks do not have direct Renminbi liquidity support from PBOC and the relevant RMB Clearing Bank only has access to onshore liquidity support from PBOC to square open positions of participating banks for limited types of transactions, including open positions resulting from conversion services for corporations relating to cross-border trade settlement. The relevant RMB Clearing Bank is not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services and the participating banks will need to source Renminbi from the offshore market to square such open positions.

The offshore Renminbi market is subject to many constraints as a result of PRC laws and regulations on foreign exchange. New PRC regulations may be promulgated or the Settlement Agreements may be terminated or amended in the future which will have the effect of further restricting availability of Renminbi offshore. The limited availability of Renminbi outside the PRC may affect the liquidity of the Securities. To the extent the Issuer is required to source Renminbi in the offshore market to service its Securities, the Issuer may not be able to source such Renminbi on satisfactory terms, if at all. If Renminbi is not available, in certain circumstances as described in the Conditions applicable to the Securities, the Issuer can make payments under the Securities in the Equivalent Amount Settlement Currency, which may negatively affect the amount the Holder of Securities receives in respect of Securities denominated in Renminbi.

(i) *Compounding of Risks*

A number of the risks described above under the heading "Risks Relating to the Nature of Securities" and in this section entitled "Risks Relating to the Market" may be relevant to a specific Series of Securities, depending on the terms of those Securities. The effect of this compounding of risks is likely to increase the volatility of the Securities and increase the possibility that a Holder of Securities loses some or all of their investment or does not receive the anticipated rate of return.

#### 4. LEGAL RISKS

(a) *Meetings of Holders*

The Conditions of the Securities contain provisions for calling meetings (including by way of conference call or by use of a video conference platform) of Holders of Securities to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Holders of

Securities, including Holders of Securities who did not attend and vote at the relevant meeting, Holders of Securities who did not consent to the written resolutions and Holders of Securities who voted in a manner contrary to the majority. While it is not possible to assess the likelihood that the Conditions will need to be amended during the term of the Securities by a meeting of the Holders of Securities, if a decision is adopted by a majority of Holders of Securities and such modifications impair or limit the rights of Holders of Securities, this may negatively affect the market value of the Securities.

(b) *Potential Conflicts of Interest*

BNP Paribas and BNP Paribas Financial Markets S.N.C. and/or any of their respective Affiliates or agents may engage in activities or arrangements in a range of capacities that may result in conflicts of interest between their own financial interests and those of any Holders of Securities, for example, by:

- (i) engaging in trading activities (including hedging activities) relating to the Underlying Reference or Reference Entity or Reference Securities or Charged Assets Issuer and other instruments or derivative products based on or relating to the Underlying Reference or Reference Entity or Reference Securities or Charged Assets Issuer of any Securities for their proprietary accounts or for other accounts under their management;
- (ii) underwriting future offerings of shares or other securities relating to an issue of Securities or acting as financial adviser or in a commercial banking capacity to certain companies or companies whose shares or other securities are included in a basket in respect of a Series of Securities;
- (iii) acting in a number of different capacities in relation to any Underlying Reference in respect of the Securities (including, but not limited to an underlying Index (including a Custom Index), including, but not limited to, as issuer of the constituents of the Index (or Custom Index, as the case may be), index sponsor or calculation agent);
- (iv) engaging in business, such as investing in, extending loans to, providing advisory services to, entering into financing or derivative transactions with a company that has issued shares or a debt instrument, a fund that has issued fund shares or units, an exchange traded instrument comprising the relevant Underlying Reference or a Reference Entity;
- (v) receiving a fee for performing any services or entering into any transactions described above;
- (vi) publishing research reports relating to any Underlying Reference or Reference Entity, which express views that are inconsistent with purchasing or holding the Securities;
- (vii) making determinations regarding the occurrence of various events in respect of the Securities and the applicable consequences in its role as Calculation Agent of the Securities.

Any of the conflicts of interest described above could have a material adverse effect on the value of the Securities and the return a Holder of the Securities can expect to receive on their Securities, as none of BNP Paribas and BNP Paribas Financial Markets S.N.C. and/or any of their respective Affiliates or agents and/or any of their respective Affiliates or agents, acting in any capacity, is required to have regard to the interests of the Holders of the Securities. Investors should also refer to the description of the role of the Calculation Agent in the "Investment Considerations" section below.

Following the intragroup merger of BNP Paribas Securities Services SCA ("**BP2S**") and BNPP, BNPP performs various agency roles in place of BP2S (including its branches in various jurisdictions) under the Programme. As a result, potential conflicts of interest may arise between these roles. Such potential conflicts of interests are mitigated using different management teams and information barriers within BNPP, but the possibility of conflicts of interest arising cannot be completely eliminated.

(c) *Change of law*

The Conditions of the Securities are based on English law in effect as at the date of this Base Prospectus. The possible impact of any judicial decision or change to an administrative practice or change to English law after the date of this Base Prospectus is unknown and any such change could materially adversely impact the value of any Securities affected by it.

(d) *Redemption or Cancellation of Securities (as applicable) in the event of illegality or impracticability*

If the Calculation Agent determines that the performance of the Issuer's obligations under the Securities has become illegal, impossible or impracticable in whole or in part for any reason, the Issuer may redeem the Securities early by paying to each Holder of Securities the Early Redemption Amount in respect of such Securities. Such redemption may result in an investor losing some or all of their investment in the Securities.

(e) *The implementation of the EU Bank Recovery and Resolution Directive could materially affect the Securities and their Holders*

Directive 2014/59/EU, as amended by Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms. The BRRD has been implemented in France and Belgium and other jurisdictions by several legislative texts to provide relevant resolution authorities with, among other powers, a credible set of tools (the "**BRRD Resolution Tools**") to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of that institution's critical financial and economic functions, while minimising the impact of its potential failure on the economy and financial system.

Following a review of BRRD, Directive no. 2019/879/EU of the European Parliament and of the Council of 20 May 2019 amending Directive 2014/59/EU as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC ("**BRRD 2**") was adopted.

BRRD 2 has been transposed into French law and took effect from 28 December 2020.

In respect of Securities where BNPP is the Charged Assets Issuer or the Guarantor or any other Charged Assets Issuer is a party which is subject to BRRD (such party a "**BRRD Party**"), if BNPP or such other BRRD Party, as the case may be, is determined to be failing or likely to fail within the meaning of, and under the conditions set by the BRRD, and the relevant resolution authority applies any, or a combination, of the BRRD Resolution Tools (including, a sale of the business, the creation of a bridge institution, asset separation or bail-in), any shortfall from the sale of BNPP's assets or BRRD Party's assets, as the case may be, may lead to a partial reduction in the outstanding amounts of certain claims of unsecured creditors of that entity (including, as the case may be, the Reference Securities or the Guarantee), or, in a worst case scenario, a reduction to zero. The unsecured debt claims of BNPP (including, as the case may be, the Reference Securities or the Guarantee) or of a BRRD Party (including the Reference Securities) might also be converted into equity or other instruments of ownership, in accordance with the hierarchy of claims in normal insolvency proceedings, which equity or other instruments could also be subject to any future cancellation, transfer or dilution (such reduction or cancellation being first on common equity tier one instruments, thereafter the reduction, cancellation or conversion being on additional tier one instruments, then tier two instruments and other subordinated debts, then other eligible liabilities). The relevant resolution authority may also seek to amend the terms (such as varying the date for redemption) of any outstanding unsecured debt securities (including, as the case may be, the Reference Securities or the Guarantee).

Public financial support to resolve the Charged Assets Issuer (or the Guarantor, as the case may be) where there is a risk of failure will only be used as a last resort, after having assessed and applied the resolution tools above, including the bail-in tool, to the maximum extent possible whilst maintaining financial stability.

The exercise of any power under the BRRD by the relevant resolution authority or any suggestion that such powers may be exercised could materially adversely affect the rights of the Holders of Securities, the price or value of their investment in the Securities and/or the ability of the Charged Assets Issuer or the Guarantor, as the case may be, to satisfy its obligations under the Reference Securities or the Guarantee, respectively. As a result, Holders of Securities could lose all or a substantial part of their investment in the Securities.

The Issuer is not within scope of the BRRD because it is not a bank or investment firm or an affiliate of such. However, the exercise of any resolution power by a resolution authority vis-à-vis BNPP or, where a BRRD Party is the issuer of the Reference Securities or a deposit counterparty, such BRRD Party, including exercise of the bail-in tool, or any suggestion of any such exercise, could:

- (i) materially adversely affect the rights of the Holders of the Securities, the price or value of their investment in the Securities; and/or
- (ii) result in the cancellation or deferral of all, or a portion, of any close-out amount owed to the Issuer by BNPP under the Swap Agreement or under any Repurchase Agreement or Collateral Exchange Agreement entered into in connection with the Securities; and/or
- (iii) result in the cancellation or deferral of all, or a portion, of certain debt instruments which may be held by the Issuer as Reference Securities; and/or
- (iv) any applicable suspension power might prevent the Issuer from exercising any termination right under the Swap Agreement and/or any Repurchase Agreement or Collateral Exchange Agreement;
- (v) any applicable close out power might be exercised to enforce a termination of the Swap Agreement, the Repo Agreement and/or the Collateral Exchange Agreement and to value the transactions in respect of such agreements (which value may be different to the value that would have been determined by the Issuer, the Swap Counterparty, the Repo Counterparty or the Collateral Exchange Counterparty (as the case may be)); and/or
- (vi) impair the ability of the Issuer to satisfy its obligations under the Securities.

The occurrence of any one or more of the above circumstances could lead to Holders of the Securities losing some or all of the value of their investment in such Securities.

(f) *French Insolvency Law*

BNPP is a *société anonyme* with its corporate seat in France. In the event that BNPP becomes insolvent, insolvency proceedings will generally be governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of BNPP is located in France.

Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by *Ordonnance* 2021-1193 dated 15 September 2021. Such *ordonnance*, which has applied since 1 October 2021, amends French insolvency laws notably with regard to the process of adopting restructuring plans under insolvency proceedings. According to this *ordonnance*, "affected parties" (including in particular creditors, and therefore the Holders of Securities) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes will be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient common interest based on verifiable criteria. Holders of Securities will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, Holders of Securities will be treated in the same way as other affected parties and will be grouped into one or more classes (potentially including other types of creditors) and their dissenting vote may be overridden by a cross-class cram down.

Neither the scope of Directive (EU) 2019/1023 nor the scope of the ordonnance cover financial institutions, unless the competent authority chooses to make them applicable. As a consequence, the application of French insolvency law to a credit institution, such as BNPP is also subject to the prior permission of the *Autorité de contrôle prudentiel et de résolution* before the opening of any safeguard, judicial reorganisation or liquidation procedures. This limitation will affect the ability of the Holders of Securities to recover their investments in the Securities.

The commencement of insolvency proceedings against BNPP would have a material adverse effect on the market value of Securities guaranteed by BNPP or where the Charged Assets Issuer or the Swap Counterparty is BNPP. As a consequence, any decisions taken by a class of affected parties could negatively and significantly impact the Holders of Securities and could result in a loss of some or all of their investment, should they not be able to recover some or all of the amounts due to them from BNPP where the Securities are guaranteed by BNPP or should the Issuer not be able to recover some or all of the amounts due to it from BNPP where BNPP is the Charged Assets Issuer.

- (g) *The regulation and reform of "benchmarks" may adversely affect the value of Securities linked to or referencing such "benchmarks"*

A number of major interest rates (including the Euro Interbank Offered Rate ("**EURIBOR**")), other rates, indices and other published values or benchmarks are the subject of recent national, international and other regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the value of and return on Securities linked to any such value or benchmark.

The Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (as amended, the "**EU Benchmarks Regulation**") is a key element of ongoing regulatory reform in the EU and has applied, subject to certain transitional provisions, since 1 January 2018. In addition to so-called "critical benchmark" indices, such as EURIBOR, other interest rates, foreign exchange rates, and indices, including equity, commodity and "proprietary" indices or strategies, will in most cases be within scope of the EU Benchmarks Regulation as "benchmarks" where they are used to determine the amount payable under, or the value of, certain financial instruments (including securities listed on an EU or UK regulated market, EU multilateral trading facility ("**MTF**"), EU organised trading facility ("**OTF**") or via a systematic internaliser). Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**") is the relevant regulatory regime applicable to, among other things, the provision of benchmarks and the use of a benchmark in the UK.

The EU Benchmarks Regulation applies to the contribution of input data to a benchmark, the administration of a benchmark, and the use of a benchmark in the EU. Amongst other things, the EU Benchmarks Regulation requires EU benchmark administrators to be authorised or registered as such and to comply with extensive requirements relating to benchmark administration. It also prohibits certain uses by EU supervised entities of (a) benchmarks provided by EU administrators which are not authorised or registered in accordance with the EU Benchmarks Regulation and (b) benchmarks provided by non-EU administrators where (i) the administrator's regulatory regime has not been determined to be "equivalent" to that of the EU, (ii) the administrator has not been recognised in accordance with the EU Benchmarks Regulation, or (iii) the benchmark has not been endorsed in accordance with the EU Benchmarks Regulation. Similarly, the UK Benchmarks Regulation prohibits the use of in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the Financial Conduct Authority (the "**FCA**") or registered on the FCA register (or, if not based in the UK, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material adverse impact on any Securities for which a request for admission to trading on a trading venue has been made, or which are traded on a trading venue or via a "systematic internaliser" linked to, referencing or otherwise dependent (in whole or in part) upon a "benchmark" for the purposes of the EU Benchmarks Regulation and/or UK Benchmarks Regulation, as applicable.

Any of the above changes or any other consequential changes to any benchmark may result in:

- the level of the published rate or the level of the "benchmark" or the volatility of the published rate or level being adversely affected;
- an increase in the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with such regulations or requirements;
- the "benchmark" (including certain currencies or tenors of benchmarks) being discontinued or otherwise unavailable, which may result in the rate of interest in respect of the Securities (if any) being determined based on any applicable fallback provisions;
- the methodology or other terms of the benchmark being changed in order to comply with regulatory requirements;
- the occurrence of an Administrator/Benchmark Event (as further described under "*Risks associated with the occurrence of an Administrator/Benchmark Event*" below); or
- have other adverse effects or unforeseen consequences.

Any such consequences could have a material adverse effect on the value of and return on any Securities and/or could lead to the Securities being de-listed, adjusted, redeemed early following the occurrence of an Administrator/Benchmark Event, subject to discretionary valuation or adjustment by the Calculation Agent or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Securities. This could also negatively affect the liquidity of the Securities and a Holder of Securities' ability to sell their Securities in the secondary market.

The EU Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR) by conferring the power to designate a statutory replacement for said benchmarks on the European Commission or the relevant national authority in certain circumstances, such replacement being limited to contracts and financial instruments (such as certain Securities) which contain no fallback provision or no suitable fallback provisions and where certain trigger events relating to non-representativeness or cessation or wind down of the benchmark are met. In general, parties can opt out of the statutory replacement where all parties, or the required majority of parties, to a contract or financial instrument have agreed to apply a different replacement for a benchmark before or after entry into force of the implementing act. A statutory replacement benchmark could have a negative impact on the value or liquidity of, and return on, certain Securities linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable benchmark.

In addition Regulation (EU) 2021/168 is subject to further development through delegated regulations and the transitional provisions applicable to third-country benchmarks have been extended until the end of 2025 by Commission Delegated Regulation (EU) 2023/2022 of 14 July 2023. There are therefore still details to be clarified in relation to the potential impact of these legislative developments. For example, there are proposals to further reform the EU Benchmarks Regulation (and significantly narrow the range of benchmarks to which it applies), but these changes are not in agreed form and are not expected to apply until 2026. Accordingly, there may be a risk that a statutory replacement benchmark may be designated if, for instance, a replacement benchmark determined in accordance with the fallback provisions is deemed unsuitable as its application no longer reflects or significantly diverges from the underlying market or the economic reality that the benchmark in cessation is intended to measure (and where certain other conditions are satisfied, including one of the parties objecting to the contractually agreed fallback).

(h) *Risks associated with the occurrence of an Administrator/Benchmark Event*

If specified as an Optional Additional Disruption Event in the applicable Final Terms, the occurrence of an Administrator/Benchmark Event (as more fully described in the "*Investment Considerations*" section below) may lead to redemption, cancellation or adjustment of the Securities. Any such adjustment or redemption or cancellation of the Securities following the occurrence of an

Administrator/Benchmark Event may have an adverse effect on the value and liquidity of such Securities and accordingly the amount Holders of Securities can expect to receive in respect of their investment.

- (i) *The implementation of SOFR Replacement Conforming Changes could adversely affect Holders of Securities*

Under the fallback provisions applicable to Securities that pay amount determined by reference to the Secured Overnight Financing Rate ("**SOFR**") (whether a compounded rate or the SOFR Index), if a particular SOFR Replacement or SOFR Replacement Adjustment cannot be determined, then the next-available SOFR Replacement or SOFR Replacement Adjustment will apply. These replacement rates and adjustments may be selected or formulated by (i) the Relevant Governmental Body, (ii) ISDA or (iii) in certain circumstances, the Calculation Agent and/or the Replacement Rate Determination Agent or Replacement Underlying Rate Determination Agent, as the case may be.

In addition, the fallback provisions permit the Replacement Rate Determination Agent or Replacement Underlying Rate Determination Agent, as the case may be, to make certain changes with respect to, among other things, the timing and frequency of determining rates and making payments of interest. The application of a SOFR Replacement and SOFR Replacement Adjustment and any implementation of SOFR Replacement Conforming Changes could reduce the amount payable in respect of the Securities, which could adversely affect the return on, value of and market for the Securities. Furthermore, the characteristics of any SOFR Replacement may not be similar to the then-current SOFR benchmark that it is replacing and/or any SOFR Replacement may not produce the economic equivalent of the then-current SOFR benchmark that it is replacing.

- (j) *The discontinuation of Interbank Offered Rates may adversely affect the value of the Securities*

Notes and Certificates may reference EURIBOR or STIBOR as a floating rate and Securities may reference EURIBOR as an Underlying Interest Rate in accordance with the provisions of Annex 9 - Additional Terms and Conditions for Underlying Interest Rate Linked Securities.

London Interbank Offered Rates ("**LIBOR**"), across all tenors and currencies have either ceased entirely or become non-representative. New issuances of products referencing LIBOR are no longer permitted (except in very limited circumstances) and relevant authorities are strongly encouraging the transition away from Interbank Offered Rates ("**IBORs**"), such as EURIBOR. A number of "risk free rates" have been identified to take the place of such IBORs as primary benchmarks. This includes in particular for EURIBOR, Euro Short-Term Rate ("**€STR**") as the new euro risk free rate.

The reforms and eventual replacement of EURIBOR with €STR may cause EURIBOR to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted.

Investors in such Securities referencing EURIBOR or the Stockholm interbank offered rate ("**STIBOR**") face the risk that such rate will be discontinued or otherwise unavailable during the term of their Securities, in which case the rate of interest on the Securities will be determined for the relevant period by the fall-back provisions applicable to the Securities. Depending on the manner in which EURIBOR or STIBOR is to be determined under the Terms and Conditions, this may in certain circumstances result in (i) the application of a backward looking, risk free overnight rate, whereas EURIBOR or STIBOR is expressed on the basis of a forward looking term and includes a risk element based on inter bank lending, (ii) result in the effective application of a fixed rate based on the rate which applied in the previous period when EURIBOR or STIBOR was available, or (iii) be determined by reference to an alternative rate selected by an institution with authority consistent with industry accepted standards or, in the absence of such alternative rate, by a third party agent appointed by the Calculation Agent. As the replacement rate will not be identical to the original rate (and may not be comparable), any of the foregoing circumstances could have a significant adverse effect on the value or liquidity of, and return on, the Securities. In addition, any Holders of such Securities that enter into hedging instruments based on the original replacement reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the new replacement reference rate.

- (k) *The market continues to develop in relation to SONIA, SOFR, €STR, SARON and TONA as reference rates for Securities that pay a floating rate of interest and/or as Underlying Interest Rates*

Where the applicable Final Terms specifies that the Rate of Interest, Rate or the Underlying Interest Rate in respect of the Securities will be determined by reference to SONIA, SOFR, €STR, SARON or TONA, the Rate of Interest, Rate or the Underlying Interest Rate will be determined by reference to the Compounded Daily SONIA (including on the basis of the SONIA Index published by the relevant administrator or other information service specified in the applicable Final Terms), Weighted Average SONIA, Compounded Daily SOFR (including on the basis of the SOFR Index published on the NY Federal Reserve Website), SOFR Arithmetic Mean, Compounded Daily €STR, Compounded Daily SARON or Compounded Daily TONA, as specified in the applicable Final Terms.

The ongoing development of compounded daily SONIA, SOFR, €STR, SARON and TONA as reference rates in the capital markets, as well as continued development of SONIA-, SOFR-, €STR-, SARON- and TONA-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any Securities that reference a SONIA, SOFR, €STR, SARON or TONA rate, as applicable. The market, or a significant part thereof, may adopt an application of SONIA, SOFR, €STR, SARON or TONA that differs significantly from that set out in the Conditions and used in relation to Securities that pay an amount by reference to a SONIA, SOFR, €STR, SARON or TONA rate issued under this Base Prospectus.

- (l) *Investors will not know in advance the interest amount payable on Securities which is calculated by reference to such rates*

Interest on Securities which reference a SONIA, SOFR, €STR, SARON or TONA rate for the determination of the Rate of Interest or Rate is only capable of being determined at the end of the relevant Interest Period and shortly prior to the relevant Interest Payment Date.

Since SONIA, SOFR, €STR, SARON and TONA are overnight funding rates, interest on Securities that reference such rates with Interest Periods longer than overnight will be calculated on the basis of:

- (a) in the case of SONIA, (i) the weighted average mean of SONIA over the relevant Observation Lookback Period in respect of an Interest Period or where SONIA is fixed for a certain number of days prior to the end of the relevant Interest Period, (ii) a compounded SONIA (x) in respect of the Interest Period, provided that the SONIA used as the basis for calculation is that which was published a specified number of days prior or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period or (iii) calculated by reference to the SONIA Index published by the administrator of the SONIA reference rate;
- (b) in the case of SOFR, (i) the arithmetic mean of SOFR over the relevant Interest Period, where the SOFR is fixed for a certain number of days prior to the end of such Interest Period, (ii) a compounded SOFR (x) in respect of the Interest Period, provided that the SOFR used as the basis for calculation is that which was published a specified number of days prior or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period or (iii) calculated by reference to the SOFR Index published on the NY Federal Reserve Website;
- (c) in the case of €STR, a compounded €STR (x) in respect of the Interest Period, provided that €STR used as the basis for calculation is that which was published a specified number of days prior or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period;

- (d) in the case of SARON, a compounded SARON in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period; or
- (e) in the case of TONA, a compounded TONA (i) in respect of the Interest Period, provided that the TONA used as the basis for calculation is that which was published a specified number of days prior to the observation date or (ii) in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period.

It may be difficult for investors in Securities that reference a SONIA, SOFR, €STR, SARON or TONA rate to estimate reliably the amount of interest that will be payable on such Securities, which could be lower than expected or adversely impact the liquidity of such Securities. In contrast to Securities that pay a floating rate of interest referencing a term rate such as EURIBOR, if Securities referencing compounded daily or single daily SONIA, SOFR, €STR, SARON or TONA are redeemed early and accrued interest is payable on such redemption in respect of a period which is not an Interest Period, the final Rate of Interest payable in respect of such Securities will only be determined at the due date for redemption.

In addition, the manner of adoption or application of SONIA, SOFR, €STR, SARON or TONA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA, SOFR, €STR, SARON or TONA in other markets, such as the derivative and loan markets. Any such mismatch between the adoption of SONIA, SOFR, €STR, SARON or TONA reference rates across these markets may adversely impact any hedging or other financial arrangements which a Holder of Securities has in connection with any acquisition, holding or disposal of any Securities referencing a SONIA, SOFR, €STR, SARON or TONA rate and could have a material adverse impact on such Holders of Securities' investments.

To the extent the SONIA, SOFR, €STR, SARON, or TONA rate is not published, the applicable rate to be used to calculate the Rate of Interest or Rate in respect of an Interest Period or the Underlying Interest Rate in respect of the Underlying Interest Determination Date, will be determined using the fallback provisions set out in the Conditions (in the case of a Rate of Interest or Rate) or the Underlying Interest Rate Linked Conditions (in the case of an Underlying Interest Rate). Any of these fallback provisions may result in payments to Holders of Securities that are lower than, or do not otherwise correlate over time with, the payments that would have been made on the Securities if the SONIA, SOFR, €STR, SARON or TONA rate had been published as expected as of the Issue Date of the Securities. In addition, application of the fallback provisions in respect of the Rate of Interest or Rate may result in the effective application of a fixed rate of interest in respect of the Securities.

- (m) *Any failure of SOFR to gain market acceptance could adversely affect Holders of Securities that pay an amount determined by reference to SOFR*

Holders of Securities that pay an amount determined by reference to SOFR are exposed to the risk that such rate may not be widely accepted in the market. The risk of this occurring is mitigated by the fact that SOFR was developed for use in certain U.S. dollar derivatives and other financial contracts as an alternative to LIBOR in part because it is considered to be a good representation of general funding conditions in the overnight U.S. Treasury repo market. However, as a rate based on transactions secured by U.S. Treasury securities, it does not measure bank-specific credit risk and, as a result, is less likely to correlate with the unsecured short-term funding costs of banks. This may mean that market participants would not consider SOFR to be a suitable substitute or successor for all of the purposes for which LIBOR historically has been used (including, without limitation, as a representation of the unsecured short-term funding costs of banks), which may, in turn, lessen its market acceptance. Any failure of SOFR to gain or maintain market acceptance could adversely affect the return on, value of and market for Securities that pay an amount determined by reference to SOFR. Investors may be exposed to the risk that SOFR-linked Securities could prove difficult to sell, potentially preventing any sale at all or necessitating a sale at prices that will not provide a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

(n) *Withholding may be required on U.S. dividend equivalents*

Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended imposes a 30 per cent. withholding tax on payments to non-U.S. holders in respect of amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met (such instruments, "**Specified Securities**"). If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld and investors may receive less than they would have received absent such withholding. Prospective investors should refer to the section "*Taxation – U.S. Dividend Equivalent Withholding*."

For the purposes of withholding under the U.S. Foreign Account Tax Compliance Act, commonly known as FATCA, Specified Securities are subject to a different grandfathering rule than other Securities. Prospective investors should refer to the section "*Taxation – Foreign Account Tax Compliance Act*".

(o) *Risks associated with credit risk retention*

The Securities sold as part of the initial distribution of any Securities may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "Risk Retention U.S. Persons". "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. It is not certain whether the foreign transaction safe harbor exemption from the U.S. Risk Retention Rules will be available. Failure of the offering to comply with the U.S. Risk Retention Rules (regardless of the reason for the failure to comply) could give rise to regulatory action which may adversely affect the Securities. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation markets generally is uncertain, and a failure by a transaction to comply with the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Securities.

(p) *Risks associated with being an AIF*

EU Directive 2011/61/EU on Alternative Investment Fund Managers ("**AIFMD**") seeks to regulate the activities of alternative investment fund managers ("**AIFMs**") who are (i) established in the EU and manage alternative investment funds ("**AIFs**") (whether the AIFs are established in the EU or not), or (ii) established outside the EU but who manage AIFs that are established in the EU, or (iii) AIFMs that are established outside the EU but who manage AIFs that are established outside the EU but which AIFs are marketed in the EU. If the Issuer is deemed to be an AIF, it must have a designated AIFM with responsibility for portfolio and risk management, who would need to be appropriately regulated. In addition, if an Issuer is deemed to be an AIF (which may be determined by reference to any transactions it has entered into) it will be classified as a "financial counterparty" under the European Markets and Infrastructure Regulation (Regulation 648/2012) and may be required to comply with clearing obligations or other risk mitigation techniques with respect to derivatives transactions including obligations to post margin to any central clearing counterparty or market counterparty. This could significantly raise the costs of entering into OTC derivative contracts and may adversely affect the Issuer's ability to engage in transactions in OTC derivatives. As a result of such increased costs or increased regulatory requirements, investors may receive less interest or return, as the case may be. If the Issuer is deemed to be an AIF where Compartment Regulatory Event is an applicable Early Redemption Event for the relevant Securities, the Issuer may redeem the Securities early by paying to each Holder of Securities the Early Redemption Amount in respect of such Securities. Such redemption may result in an investor losing some or all of their investment in the Securities.

(q) *Risks associated with Compartment Regulatory Event*

Where Compartment Regulatory Event is specified to be an applicable Early Redemption Event in the applicable Final Terms and the Calculation Agent determines that such event has occurred (which may include a change in relevant regulations or laws applying to the Issuer or the Swap Counterparty or regulations coming into force or being interpreted in a different way and this having a material adverse effect of the Issuer or the Swap Counterparty or, where applicable, leading to

materially increased costs for the Swap Counterparty or the Issuer or the Issuer being required to clear any derivatives transaction entered into connection with the Notes with a central clearing counterparty or the Issuer and the Swap Counterparty are required to provide collateral or any form of initial or variation margin to the other in addition to that (if any) contemplated on the Trade Date or the Issuer is deemed to constitute an AIF or would be as a result of its involvement in the Securities or any Swap Agreement (see "*Risks associated with being an AIF*" above)), then the Issuer may redeem the Securities early by paying to each Holder of Securities the Early Redemption Amount in respect of such Securities. Such redemption may result in an investor losing some or all of their investment in the Securities.

**5. RISKS RELATING TO THE UNDERLYING REFERENCE(S) AND DISRUPTION AND/OR ADJUSTMENT MECHANISMS**

**(a) *Risks associated with Underlying Reference Securities***

Securities issued under this Base Prospectus may be linked to the performance of one or more Underlying Reference(s) (as further described in the "*Investment Considerations*" section below) (such Securities, "**Underlying Reference Securities**"). Depending on the terms of the Underlying Reference Securities, the amount payable on redemption or settlement or in interest will be determined by reference to the value of one or more Underlying References specified in the applicable Final Terms. If an Underlying Reference does not perform as expected, this will have a material adverse impact on the amounts (if any) that Holders of Securities will receive in respect of the Securities and there is a risk that may also negatively affect the value of the Securities.

**(b) *Absence of rights in respect of the Underlying Reference(s)***

The Securities do not represent a claim against any Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference) and Holders of Securities will not have any right of recourse under the Securities to any such Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference). The Securities are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of an Underlying Reference and such entities have no obligation to take into account the consequences of their actions on any Holders and there is a risk that such consequences may have a negative impact on Holders of Securities. Investors in Physical Delivery Securities should also refer to "*Risks associated with Physical Delivery Securities*" below.

**(c) *Risks associated with Physical Delivery Securities***

If the Securities are Physical Delivery Securities or in the case of Credit Linked Securities that provide for physical delivery or are Securities that provide for physical delivery of the Reference Securities upon the occurrence of an Early Redemption Event or a Physical Delivery Event, Holders of Securities will only obtain a direct investment in the Underlying Reference or the relevant assets, in the case of Credit Linked Securities or the Reference Securities upon the occurrence of an Early Redemption Event or a Physical Delivery Event (where applicable) and have a right to participate in any voting, dividends, distributions or other rights of the Underlying Reference or the relevant assets, in the case of Credit Linked Securities or the Reference Securities, as the case may be, upon delivery of the Entitlement or the relevant assets, in the case of Credit Linked Securities. Holders of Physical Delivery Securities or physically settled Credit Linked Securities are exposed to the risk that the market value of the Entitlement or the relevant assets, in the case of Credit Linked Securities is less than the market value of the Securities and Holders of Securities may not subsequently be able to realise any cash value from the assets comprising the Entitlement or the relevant assets, in the case of Credit Linked Securities or the Reference Securities (where applicable). This risk is increased if the assets comprising the Entitlement or the relevant assets, in the case of Credit Linked Securities or the Reference Securities, as the case may be, have a nexus with an emerging market (see "*Additional risks associated with Securities with a nexus to emerging markets*" above).

In the case of Physical Delivery Securities, if a Settlement Disruption Event occurs or exists on the Settlement Date or the Redemption Date or Maturity Date respectively, settlement will be postponed until the next Settlement Business Day in respect of which there is no Settlement Disruption Event. The Issuer in these circumstances also has the right to pay the Disruption Cash Settlement Price or

Disruption Cash Redemption Amount (as defined below) in lieu of delivering the Entitlement. There is a risk that the Disruption Cash Settlement Price or Disruption Cash Redemption Amount may be less than the fair market value of the Entitlement and could be less than the return that the investor had anticipated.

(d) *The value of Underlying References may be subject to market fluctuations*

Depending on the Underlying Reference, the value of a Holder of Securities' investment in Underlying Reference Securities, may be significantly adversely affected by the negative impact of market fluctuations caused by economic and political developments, changes in interest rates and perceived trends in the prices of securities.

(e) *Interest linked to an Underlying Reference*

In the case of Linked Interest Securities, where the amount of interest payable is determined by reference to the performance of an Underlying Reference or a basket of Underlying References, Holders of Securities are subject to the following risks:

- (i) the market price of such Securities may be volatile, and so Holders of Securities may only be able to sell their Securities in the secondary market at a loss (if they are able to sell at all);
- (ii) they may receive no interest;
- (iii) payment of interest may occur at a different time or in a different currency than expected, which could negatively affect the value of the Securities;
- (iv) an Underlying Reference may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the yield may be less than other comparable investments;
- (v) if an Underlying Reference in a basket has a disproportionately greater weighting compared to other basket components or a weighting greater than one or contains some other leverage factor, the effect of changes in the value of such Underlying Reference on interest payable will be magnified and could magnify any loss of interest that Holders of Securities would experience compared to an investment in Securities without such features; and
- (vi) interest may only be payable and/or calculated in respect of certain specified days and/or periods on or during which the Underlying Reference or its value equals, exceeds and/or is less than certain specified thresholds and if such conditions are not satisfied, Holders may not receive any interest, thus negatively affecting the Holder's overall yield.

(f) *Investment decision based on publicly available information*

Holders of Securities are required to make their investment decision on the basis of information that is publicly available. Therefore, Holders of Securities are exposed to the risk that information that is subsequently made public could adversely affect the trading price of the Underlying Reference(s), which could have a significant adverse impact on the value of the Securities.

(g) *Risks associated with the occurrence of Additional Disruption Events and/or Optional Additional Disruption Events*

If an Additional Disruption Event occurs or any Optional Additional Disruption Event specified in the applicable Final Terms occurs (other than in respect of a Failure to Deliver due to Illiquidity), the Securities may be subject to adjustment (including, in the case of Share Linked Securities linked to a Basket of Shares, adjustments to the Basket of Shares), early redemption or the amount payable on scheduled redemption may be different from the amount expected to be paid at scheduled redemption. In the case of Index Linked Securities linked to a Custom Index, the occurrence of an Additional Disruption Event or Optional Additional Disruption Event specified in the applicable Final Terms may lead to the selection of a successor Index. Any of these consequences is likely to

have a material adverse effect on the value and liquidity of the Securities and/or the return a Holder of Securities can expect to receive on their investment.

- (h) *The occurrence of a Disrupted Day may have an adverse effect on the value and liquidity of the Index Linked Securities, Share Linked Securities, ETI Linked Securities or Debt Linked Securities*

If, in the determination of the Calculation Agent, a Market Disruption Event has occurred (as described in the Index Linked Conditions, Share Linked Conditions, ETI Linked Conditions or Debt Linked Conditions) or the relevant exchange has not opened on a date for valuation in respect of an issue of Index Linked Securities, Share Linked Securities, ETI Linked Securities or Debt Linked Securities (a "**Disrupted Day**"), any consequential postponement of the valuation date, or any alternative provisions for valuation provided in any Securities in respect of an Underlying Reference (including any Underlying Reference comprising a basket), which delays the determination of the final level, value, price or amount of the index, share, ETI interest, debt instrument, commodity or commodity index and which could also cause a delay in the payment of any Final Redemption Amount or Cash Settlement Amount (as applicable), may have an adverse effect on the value and liquidity of such Securities, particularly if the Redemption Date, Settlement Date or Maturity Date of the Securities is postponed as a consequence.

- (i) *Additional risks associated with Index Linked Securities*

Index Linked Securities are linked to the performance of an underlying index (an "**Index**"), which may reference various asset classes including, but not limited to, equities, bonds, currency exchange rates or property price data, or could reference a combination of such asset classes. Investors in Index Linked Securities face the risk of a broader set of circumstances that mean that the assets underlying the Index (whether referring to some or all of such asset classes) do not perform as expected compared to an investment in other types of debt securities or a direct investment in the relevant assets underlying the Index. Accordingly, there is a risk that the return on an investment in Index Linked Securities could be less than an investment in other types of debt securities or a direct investment in the relevant assets underlying the Index. The terms and conditions relevant to Index Linked Securities (other than Index Linked Securities that are linked to the performance of a Custom Index (as defined below)) are set out in Index Linked Conditions 1 to 4.

In the case of Index Linked Securities that are linked to the performance of a proprietary index (a "**Custom Index**"), the components of the Custom Index may be selected by an independent third party and thereafter may be subject to modification, reallocation and/or rebalancing from time to time.

Such independent third parties, including any index allocation agent, will have no regard to the interests of Holders of Securities and any such selection, modification, reallocation and/or rebalancing could negatively affect the performance of a Custom Index and the value of the Index Linked Securities. As the components of a Custom Index may at any time comprise assets including, but not limited to, shares, exchange traded interests and indices, investors should also refer to the risks described under "*Additional risks associated with Share Linked Securities*", "*Additional risks associated with ETI Linked Securities*" and "*Additional risks associated with Index Linked Securities*", which set out the risks associated with such potential component types. The terms and conditions relevant to Index Linked Securities that are linked to the performance of a Custom Index are set out in Index Linked Conditions 5 to 8 (in the case of a Custom Index that is not an Equity Custom Index or a Commodity Custom Index), Index Linked Conditions 9 to 13 (in the case of an Equity Custom Index) or Index Linked Conditions 14 to 18 (in the case of a Commodity Custom Index).

- (j) *The occurrence of an Index Adjustment Event may adversely impact holders of Index Linked Securities*

Following a modification to the methodology of the Index (an index modification), a permanent cancellation of the Index (an index cancellation) or if the Index Sponsor fails to calculate or publish the level of the Index on a relevant date for valuation (an or a disruption event occurs in respect of an index component (an index disruption)) (each such event being an "**Index Adjustment Event**" or a "**Custom Index Adjustment Event**"), as more fully described in the Index Linked Conditions

may lead to (i) changes in the calculation of the relevant value or price (if the Calculation Agent determines such Index Adjustment Event has a material effect on the Securities), (ii) early redemption of the Securities or (iii) the amount payable on scheduled redemption of the Securities being different from the amount expected to be paid at scheduled redemption. Any such adjustment or early redemption of the Index Linked Securities may have an adverse effect on the value and liquidity of such Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

- (k) *The occurrence of a Custom Index Low Closing Trigger Event or an Outstanding Securities Trigger Event may adversely impact Holders of Index Linked Securities*

If Custom Index Low Closing Trigger Event is specified as applicable in the applicable Final Terms in respect of the Index Linked Securities, and the Closing Level of the Custom Index falls below a pre-determined barrier, the Issuer may early redeem the Index Linked Securities at the Early Redemption Amount, which may have an adverse effect on the value and liquidity of such Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

If Outstanding Securities Trigger Event is specified as applicable in the applicable Final Terms in respect of the Index Linked Securities, and the total number of Securities then outstanding falls below a pre-determined barrier, the Issuer may redeem the Index Linked Securities early at their Early Redemption Amount, which may have an adverse effect on the value and liquidity of such Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

- (l) *Additional risks associated with Share Linked Securities*

Unlike a direct investment in any Share(s), Stapled Share(s), GDR(s) and/or ADR(s) comprising the Underlying Reference(s) (together the "**Share(s)**"), an investment in Share Linked Securities does not entitle Holders of Securities to vote or receive dividends or distributions (unless otherwise specified in the Final Terms). Accordingly, the return on Share Linked Securities will not be the same as a direct investment in the relevant Share(s) and Holders of Securities could receive less than they would have done on a direct investment.

- (m) *An adjustment to Share Linked Securities following a Potential Adjustment Event may adversely impact Holders of Securities*

In the case of Share Linked Securities following the declaration by the Basket Company or Share Company, as the case may be (or, in the case of Stapled Shares, an issuer of each constituent share comprising the Stapled Shares), of the occurrence of any Potential Adjustment Event, the Calculation Agent will, acting in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares (or the Stapled Shares, as the case may be) and, if so, will make the corresponding adjustment, if any, to any terms of the Securities as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share (or the relevant Stapled Shares, as the case may be)). Such adjustment may have an adverse effect on the value and liquidity of the affected Share Linked Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

- (n) *The occurrence of Extraordinary Events relating to Share Linked Securities may adversely impact Holders of Securities*

An Extraordinary Event will occur upon a De-Listing, Insolvency, Merger Event, Nationalisation, Stapling, Tender Offer (unless Tender Offer is specified as not applicable in the applicable Final Terms) or (if specified in the applicable Final Terms), Illiquidity, Listing Change, Listing Suspension or CSR Event (each as defined in the Share Linked Conditions) in relation to a Share. If an Extraordinary Event occurs, (i) the Calculation Agent may make adjustments to any of the terms of the Share Linked Securities (including, in the case of Share Linked Securities linked to a Basket of Shares, adjustments to and/or substitution of constituent shares of the Basket of Shares), (ii) the

Issuer may early redeem the Share Linked Securities in whole or (in the case of Share Linked Securities linked to a Basket of Shares) in part at the Early Redemption Amount or (iii) the Calculation Agent may make an adjustment to any terms of the Share Linked Securities by reference to the corresponding adjustment(s) made by the relevant exchange(s) or quotation system(s) on which options on the affected Shares are traded.

An adjustment to the Share Linked Securities may have an adverse effect on the value and liquidity of the affected Share Linked Securities and accordingly the amount Holders of Securities can expect to receive on their investment. If the Share Linked Securities are early redeemed, an investor generally would not be able to reinvest the relevant proceeds at an effective interest rate as high as the effective return on the relevant Securities being redeemed and may only be able to do so at a significantly lower rate, and the reinvestment risk associated with other investments may only be known at the time at which the relevant proceeds are reinvested. Consequently, the occurrence of an Extraordinary Event in relation to a Share may have an adverse effect on the value or liquidity of the Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

(o) *Additional risks associated with ETI Linked Securities*

An investment in ETI Linked Securities carries similar risks to an investment in Share Linked Securities or Fund Linked Securities. An exchange traded instrument (an "ETI") may invest using sophisticated techniques, such as leverage or short selling or in complex financial instruments such as derivatives (swaps, options, futures), securities lending transactions, repurchase or reverse repurchase agreements or foreign exchange instruments. If the investment strategy of the ETI is not successful it will have a negative impact upon the performance of the ETI, and consequently, could have a negative impact on the value of the ETI Linked Securities and the return investors may receive. None of the Issuer, the Guarantor (if any), the Swap Counterparty or the Calculation Agent have any control over investments made by the relevant exchange traded instrument(s) and in no way guarantee the performance of an ETI. Holders of ETI Linked Securities have no right to participate in the ETI, whether by voting or in any distributions. Accordingly, the return a Holder of ETI Linked Securities receives could be less (and could be significantly less) than a direct investment in an ETI. This effect could be amplified if the ETI Share Provisions are specified as not applicable in the applicable Final Terms and the value of the ETI is linked to the NAV per ETI Interest, the trading price of the ETI or the actual redemption proceeds the Hedge Provider or a hypothetical investor in the relevant ETI(s) would receive.

(p) *An adjustment to ETI Linked Securities following a Potential Adjustment Event may adversely impact Holders of Securities*

In the case of ETI Linked Securities, following the declaration by the relevant ETI or any person appointed to provide services directly or indirectly in respect of such ETI, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, acting in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the ETI Interests and, if so, will make the corresponding adjustment, if any, to any terms of the Securities as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant ETI Interest). Such adjustment may have an adverse effect on the value and liquidity of the affected ETI Linked Securities, and accordingly, the amount Holders of Securities can expect to receive on their investment.

(q) *The occurrence of an Extraordinary ETI Event may have an adverse impact on Holders of Securities*

An Extraordinary ETI Event will occur as a result of events including (a) a merger of the ETI Interests or the ETI or ETI Related Party with other ETI Interests or another entity, an entity obtaining a controlling stake in the ETI or ETI Related Party or the insolvency of the ETI or any ETI Related Party (Global Events), (b) material litigation or allegations of criminal or fraudulent activity in respect of the ETI or ETI Related Party (Litigation/Fraudulent Activity Events), (c) the ETI Related Party ceasing to act without being replaced (Change in ETI Related Parties/Key Person

Events), (d) a material change to the ETI or the ETI Documents (Modification Events), (e) a change to or suspension of the calculation of the Value per ETI Interest or a breach of the Investment/AUM Level or Value per ETI Interest Trigger Percentage (Net Asset Value/Investment/AUM Level Events), (f) a change in tax law, revocation of any required licence or compulsory redemption of the ETI Interests required by a competent authority (Tax/Law/Accounting/Regulatory Events), (g) an issue affecting the hedging associated with the ETI Linked Securities (Hedging/Impracticality/Increased Costs Events) and (h) other events such as an Extraordinary ETI Event affecting a portion of the basket of ETI Interests, a rating downgrade, issues obtaining or trading ETI Interests or changes in the way dividends are paid (Miscellaneous Events) (each as further described in the ETI Linked Condition 4 (*Extraordinary ETI Events*)). If an Extraordinary ETI Event occurs, the Issuer may (i) require the Calculation Agent to adjust the terms of the ETI Linked Securities to reflect such event, (ii) substitute the relevant ETI Interests, or (iii) early redeem the ETI Linked Securities at the Early Redemption Amount. Consequently, the occurrence of an Extraordinary ETI Event may have an adverse effect on the value or liquidity of the Securities and the amount Holders of Securities can expect to receive on their investment.

- (r) *The occurrence of a Hedging Liquidity Event relating to Share Linked Securities may adversely impact Holders of Securities*

If Hedging Liquidity Event is specified as applicable in the applicable Final Terms in respect of the Share Linked Securities, the Issuer may early redeem the Share Linked Securities in whole (not in part) at the Early Redemption Amount if the volume of Shares held by the Issuer or the Swap Counterparty and/or any of its affiliates via hedging arrangements related to the Share Linked Securities exceeds a specified level. Consequently, the occurrence of a Hedging Liquidity Event in relation to a Share may have an adverse effect on the value or liquidity of the Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

- (s) *The occurrence of a Market Disruption Event relating to Commodity Linked Securities may have an adverse impact on Holders of Securities*

A Market Disruption Event will occur if there is a disruption in respect of a commodity or a commodity index (a) to the availability of any price source, (b) to the ability to trade, (c) (other than in respect of Commodity Linked Securities referencing Gold, Silver, Platinum or Palladium) caused by a change in composition, methodology or taxation, (d) (in respect of a commodity index only) to the price source or calculation of a commodity index component or (e) (in respect of Commodity Linked Securities referencing EU Allowances only) (i) to the ability to deliver or accept EU Allowances, (ii) resulting from the discontinuation of the scheme for transferring allowances, (iii) caused by a suspension by the relevant registries of operations relating to recording the issue, holding, transfer, acquisition, surrender, cancellation and/or replacement of EU Allowances or (iv) to the establishment and functioning of the relevant registries or transaction logs maintained in respect of EU Allowance transactions occurs or is continuing on a date for valuation in respect of Commodity Linked Securities, then the Calculation Agent may make any relevant calculation in respect of the Commodity Linked Securities using a price, level or value that it has determined in lieu of the published price, the affected Commodity, the affected Commodity Index or affected EU Allowance, as the case may be, may be substituted by the Calculation Agent (subject to adhering to criteria set out in the Conditions), the Issuer will early redeem the Securities (in whole, not in part) at the Early Redemption Amount or (in the case of a Commodity that is an EU Allowance) make appropriate amendments to the terms of the Commodity Linked Securities, as determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner. Any such adjustment or early redemption of the Securities may have an adverse effect on the value and liquidity of such Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

- (t) *The occurrence of a Commodity Index Adjustment Event may adversely impact holders of Commodity Linked Securities that reference a Commodity Index*

The occurrence of a modification to the methodology of the commodity index (a Commodity Index Modification), a permanent cancellation of the commodity index (a Commodity Index Cancellation), or if the commodity index sponsor fails to calculate or publish the level of the commodity index on a relevant date for valuation (a Commodity Index Disruption) (each being a "**Commodity Index**

**Adjustment Event**") may lead to (i) the Calculation Agent determining the Relevant Price using, in lieu of a published level, the Commodity Fallback Value (if the Calculation Agent determines such Commodity Index Adjustment Event has a material effect on the Securities), or (ii) early redemption of the Securities. Any such adjustment or early redemption of the Commodity Linked Securities may have an adverse effect on the value and liquidity of such Securities and accordingly the amount Holders of Securities can expect to receive on their investment.

- (u) *Additional risks associated with Commodity Linked Securities referencing a proprietary commodity index*

If the Commodity Linked Securities reference the performance of a proprietary commodity index, the operational rules of the commodity index (which may not be publicly available) will affect how the level of the commodity index is determined in the event of a disruption. A delay in the publication of the commodity index could adversely affect the commodity index and consequently, the value of the Commodity Linked Securities, which in turn could negatively affect the return an investor can expect to receive on the Commodity Linked Securities.

- (v) *Additional risks associated with Commodity Linked Securities referencing EU Allowances*

Trading in carbon emissions is a developing market and is highly speculative and volatile. The carbon emissions trading market has been and may again be subject to temporary distortions or other disruptions due to various factors, including the lack of liquidity in the market, the participation of speculators and government regulation and intervention. In addition, in respect of the emissions trading market in Europe, EU Allowances have allegedly been stolen or "phished" from the national registries of several European countries and from the carbon trading accounts of market participants. This has caused severe market disruption in the European carbon trading market with delivery of EU Allowances suspended for significant periods. Any such disruption in the future would have a detrimental impact on the value or settlement of Commodity Linked Securities referencing EU Allowances.

- (w) *Additional risks associated with Currency Linked Securities*

Fluctuations in exchange rates are affected by complex political and economic factors, including governmental action to fix or support the value of a currency, regardless of other market forces. If the rate of issuance of exchange rate instruments (such as warrants, securities or options relating to particular currencies or currency indices) increases, the value of Currency Linked Securities in the secondary market will decline. Holders of Currency Linked Securities risk losing some or all of their investment if exchange rates of the relevant currency (or basket of currencies) do not move in the direction they had anticipated. Additionally, if Currency Linked Securities are settled in a currency other than the holder's home currency, the negative effects of exchange rate fluctuations will be greater (see also "Exchange control risks" above).

- (x) *The occurrence of a Disruption Event relating to Currency Linked Securities may have an adverse impact on Holders*

A Disruption Event will occur in respect of the base currency or any subject currency if (i) there is a disruption to the source of the exchange rate, (ii) (unless Illiquidity Disruption is specified as not applicable in the applicable Final Terms) it is not possible to obtain firm quotes for such currency, (iii) the currency is split into more than one currency exchange rate, or (iv) circumstances similar to (i), (ii) (if applicable) or (iii) arise (all as more fully described in Currency Linked Condition 2 (*Disruption Events*)). Upon the occurrence of a Disruption Event in respect of a date for valuation, the following consequences may apply:

- (A) the Calculation Agent may postpone the relevant date for valuation until the Disruption Event is no longer subsisting, up to a maximum number of days specified in the applicable Final Terms (or if not specified five Scheduled Trading Days), following which the Calculation Agent may determine a level for the subject currency as of the last such Scheduled Trading Day;

- (B) the Issuer may early redeem the Currency Linked Securities (in whole, not in part) at the Early Redemption Amount; or
- (C) (unless Disruption Event Postponement is specified as not applicable in the applicable Final Terms) the Calculation Agent may postpone any payment date until a Disruption Event is no longer subsisting.

Any such adjustment or early redemption of the Currency Linked Securities may have an adverse effect on the value and liquidity of such Securities and accordingly the amount Holders can expect to receive on their investment.

- (y) *Additional risks associated with Fund Linked Securities (other than where the Fund is a Euro Fund)*

The value of underlying fund shares or units or the level of an underlying fund index in respect of Fund Linked Securities will be affected by the investment strategy of the relevant fund. The investment strategy is often opaque and may not be publicly available. In addition, funds are often illiquid and/or unregulated. If the investment strategy does not perform as expected, there are limited methods by which direct investments in fund shares or units can be exited. The value of the fund shares or units or the level of a fund index is also exposed to the performance of various fund service providers, in particular, the investment adviser. Taking these circumstances into account, compared to other types of investment, there is a greater risk associated with an investment in Fund Linked Securities that the value of the Securities may be adversely affected (and could fall to zero) and the return Holders of Securities can expect to receive may be less (and could be significantly less) than expected.

- (z) *The occurrence of an Extraordinary Fund Event may have an adverse impact on Holders of Securities*

Unless the Fund is a Euro Fund, an Extraordinary Fund Event will occur as a result of events including (a) a merger of the Fund or Fund Service Provider another entity, an entity obtaining a controlling stake in the Fund or Fund Service Provider or the insolvency of the Fund or any Fund Service Provider (Global Events), (b) material litigation or allegations of criminal or fraudulent activity in respect of the Fund or Fund Service Provider (Litigation/Fraudulent Activity Events), (c) the Fund Service Provider or its key personnel ceasing to act and not being replaced (Fund Service Provider/Key Person Events), (d) a material change to the Fund or the Fund Documents (Modification Events), (e) a change to or suspension of the calculation of the NAV per Fund Share or a breach of the AUM Level, NAV Trigger Percentage or Volatility Trigger Percentage (NAV per Fund Share/AUM Level Events), (f) the failure of the Fund or the Fund Service Provider to provide required information (Reporting Events), (g) a change in tax law, revocation of any required licence or compulsory redemption of the fund shares required by a competent authority (Tax/Law/Accounting/Regulatory Events), (h) an issue affecting the hedging associated with the Fund Linked Securities (Hedging/Impracticality/Increased Costs Events), (i) a restriction or limitation on subscriptions or redemptions of any fund shares (Dealing Events) and (j) other events such as an Extraordinary Fund Event affecting a portion of the basket or Fund Index components, an issue with any rebate agreements, segregation of Fund portfolios, security granted by the Fund or any Fund Service Provider or a rating downgrade (Miscellaneous Events) (all as further described in Fund Linked Condition 2 (*Extraordinary Fund Events*)). If an Extraordinary Fund Event occurs, the Calculation Agent may (i) adjust the terms of the Fund Linked Securities to reflect such event, (ii) substitute the relevant Fund Shares, or (iii) request the Issuer to redeem the Fund Linked Securities early at their Early Redemption Amount. Consequently, the occurrence of an Extraordinary Fund Event may have an adverse effect on the value or liquidity of the Securities and the amount Holders of Securities can expect to receive on their investment.

- (aa) *The occurrence of a Fund Index Adjustment Event may have an adverse impact on Holders of Securities*

If the Fund Linked Securities reference a fund index, a Fund Index Adjustment Event will occur following a modification to the methodology of the fund index (a Fund Index Modification), a permanent cancellation of the fund index (a Fund Index Cancellation) or if the fund index sponsor fails to calculate or publish the level of the fund index on a relevant date for valuation (a Fund Index

Disruption) (as further described in Fund Linked Condition 6 (*Fund Index Adjustment Event*)). Upon the occurrence of a Fund Index Adjustment Event, (i) the Calculation Agent may determine whether to (x) determine the level of the fund index itself, or (y) replace the fund index, or (ii) the Issuer may redeem the Fund Linked Securities early at their Early Redemption Amount. Consequently, the occurrence of a Fund Index Adjustment Event may have an adverse effect on the value or liquidity of the Securities and the amount Holders can expect to receive on their investment.

- (bb) *Date for redemption may be postponed if Hedge Provider does not receive redemption proceeds from Fund Shares*

In the event that redemption proceeds in respect of the underlying Fund Shares are not received by the Hedge Provider on or prior to the scheduled date for redemption, for example, if redemption is delayed or suspended by the Fund, the Redemption Date or Maturity Date or Settlement Date, as the case may be, of the Fund Linked Securities (other than where the Fund is a Euro Fund) may be postponed for a period of up to two calendar years (or such other period as may be specified in the applicable Final Terms) and no additional amount shall be payable as a result of such delay. Such delay could have a significant adverse impact on the amount that the Holder of Securities would have otherwise received had such date for redemption not been postponed.

- (cc) *Risks associated with Securities linked to a Euro Fund*

In the case of Fund Linked Securities where the Fund is a Euro Fund, to the extent that any amounts payable under the Securities depend on the Gross Rate of Return of the Euro Fund, there is a risk that the Gross Rate of Return of the Euro Fund, which is determined by the Insurance Company based on the return the Insurance Company achieves on its general assets may be different from the provisional rate of return published by the Insurance Company in respect of the Euro Fund and may be zero and this could have an adverse impact on the amount that the Holder of Securities would receive in respect of their investment. An investor's understanding of the Euro Fund and the Insurance Company will be incomplete without conducting their own thorough investigations into the Euro Fund and the Insurance Company, as if they were a policyholder in the Euro Fund.

- (dd) *The occurrence of an Extraordinary Euro Fund Event may have an adverse impact on Holders of Securities*

If, in respect of Fund Linked Securities, where the Fund is a Euro Fund, an Extraordinary Euro Fund Event will occur as a result of events including (a) the application of the gross rate of return of the Euro Fund in a manner that is different to that which is described in the contractual policy documents of the Euro Fund, (b) redemption by the insurance company of a policyholder's investment in the Euro Fund or cancellation of the Euro Fund, (c) a material modification of the Euro Fund, (d) a merger of the insurance company with another entity (or similar event) or the sale, transfer, segregation or desegregation of the assets of the insurance company which affects the gross rate of return of the Euro Fund, (e) the insolvency of the insurance company, (f) any litigation against the insurance company that could materially affect the rate of return of the Euro Fund, (g) a change in tax law, revocation of any required licence or compulsory redemption of policyholders' investments in a Euro Fund required by a competent authority or (h) the failure of the insurance company to provide required information (as further described in Fund Linked Condition 9 (*Extraordinary Euro Fund Events*)). If an Extraordinary Euro Fund Event occurs, the Calculation Agent may (i) adjust the terms of the Fund Linked Securities to reflect such event, (ii) substitute the relevant Euro Fund, or (iii) request the Issuer early redeem the Fund Linked Securities at their Early Redemption Amount (all as further described in Fund Linked Condition 10 (*Consequences of an Extraordinary Euro Fund Event*)). Consequently, the occurrence of an Extraordinary Euro Fund Event may have an adverse effect on the value or liquidity of the Securities and the amount Holders of Securities can expect to receive on their investment.

- (ee) *Additional risks associated with Underlying Interest Rate Linked Securities*

The Issuer may issue Securities where the Final Redemption Amount (in the case of Notes or Certificates) or Cash Settlement Amount (in the case of Warrants) and/or interest payable are dependent upon movements in underlying interest rates.

Interest rates are determined by various factors which are influenced by macro economic, political or financial factors, speculation and central bank and government intervention. In recent years, interest rates have been relatively low and stable, but interest rates have recently risen and may rise or fall in the future and/or become volatile. Fluctuations that have occurred in any interest rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Security. Fluctuations in interest rates may adversely affect the value of Underlying Interest Rate Linked Securities.

(ff) *Additional risks associated with Commodity Linked Securities valued by reference to Futures Contracts*

Commodity Linked Securities may be linked to the performance of a futures or options contract over an underlying commodity. If such underlying futures or options contract does not perform as expected, an investor in such types of Securities may receive a lower return (and could receive a significantly lower return) than anticipated.

The performance of futures and options contracts can be affected by, among other things, the liquidity of the futures or options exchange and events beyond the control of the futures or options exchange. There may be significant differences between the value of spot markets and the futures or options markets for the underlying commodity, index, synthetic debt instrument and/or currency. Accordingly, an investment in Securities referencing such futures contracts may perform worse than a comparable investment in Commodity Linked Securities that do not reference a futures or options contract or even a direct investment in the relevant underlying commodity.

(gg) *Leveraged Notional Value Repack Securities*

In respect of certain series of Notional Value Repack Securities, the Issuer may acquire Reference Securities with a nominal amount greater than the aggregate nominal amount (in the case of Notes) or the aggregate notional amount (in the case of Certificates) of the relevant Notional Value Repack Securities. Although the Issuer will hold Reference Securities with a greater nominal amount than the nominal amount or notional amount, as the case may be, of the relevant series of Notional Value Repack Securities and will therefore be overcollateralised, the purchase of such Reference Securities will be funded by payments received from the Swap Counterparty and in such circumstances the amounts required to purchase the relevant Reference Securities may be substantially higher in aggregate than the issue proceeds in respect of the relevant series of Notional Value Repack Securities. In the event that an Early Redemption Event or Event of Default occurs, the likelihood that a termination payment will be due to the Swap Counterparty will be magnified as will the potential extent of such payment. This could lead to the amount of the proceeds of sale of the Reference Securities being available to pay amounts due to the Holders of Securities being significantly reduced where such amounts are applied towards payment of the termination payment due to the Swap Counterparty and Holders of Securities could suffer a loss on their initial investment as a consequence.

(hh) *Additional risks relating to Credit Linked Securities*

The risk factors set out below relate to Credit Linked Securities, which are subject to the provisions set out in "Annex 10 – Additional Terms and Conditions for Credit Linked Securities".

(i) *General risks relating to Credit Linked Securities*

The Issuer may issue Notes or Certificates ("**Credit Linked Securities**") where the amount payable is dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more Reference Entities and, if so, on the value of certain specified obligations of such Reference Entity/Entities. Credit Linked Securities are Securities in respect of which the Issuer has effectively bought credit protection in relation to one or more obligations issued or incurred by Reference Entities from the Holders of Securities and sold credit protection to the Swap Counterparty. Payments to be made to Holders of such Securities or (in the case of Credit Linked Securities that provide for physical delivery) the Issuer's obligation to deliver certain specified obligations, will depend on the occurrence of a Credit Event with respect to such Reference Entities.

Accordingly, the holders of Credit Linked Securities will be exposed to the credit risk of one or more Reference Entities (being, in general terms, the risk that a given entity does not perform its financial obligations when due or becomes insolvent), which exposure may be to the full extent of their investment in such Credit Linked Securities. Upon the occurrence of any of the events comprising a Credit Event with respect to any Reference Entity, the Holders of Securities may suffer significant losses. Credit Events may also occur in the absence of a default, for example, as a result of a restructuring of indebtedness or the implementation of resolution or recovery proceedings with respect to a Reference Entity. Holders of Securities should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls. Certain Credit Events may occur even in the absence of a deterioration in the financial condition or creditworthiness of a Reference Entity.

Where Cash Settlement or Auction Settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Credit Linked Securities at a reduced redemption amount or at zero, and, (if applicable) in a reduction of the amount on which interest is calculated, which reduction may be to zero. Where Physical Settlement applies in respect of a Credit Linked Security, the occurrence of a Credit Event may result in the redemption of the Credit Linked Securities by delivery (or, in certain circumstances, valuation) of certain direct or indirect obligations of the affected Reference Entity, which obligations are likely to have a market value which is substantially less than their par amount.

Accordingly, investors in Credit Linked Securities are exposed, in respect of both principal and (if applicable) interest, to the credit risk of the Reference Entity or Reference Entities. The maximum loss an investor in Credit Linked Securities may sustain is 100 per cent. of their initial investment, together with (if applicable) any interest amounts.

(ii) Correlated Credit Risks

In purchasing Credit Linked Securities, investors assume credit exposure to both the specified Reference Entity or Reference Entities and the Issuer (and the Guarantor, if applicable) of the Credit Linked Securities. The credit risk to investors may further be increased if the specified Reference Entity or Reference Entities are concentrated in the same industry sector or geographic area as the Guarantor (if applicable). In the case of Credit Linked Securities linked to more than one Reference Entity, the risks of default of such Reference Entities may be highly correlated.

(iii) Risks associated with Credit Event occurring prior to the Trade Date

One or more Credit Events may occur prior to the Trade Date or the Issue Date, if the Credit Event Backstop Date is specified as a date falling prior to such date. In such case, neither the Calculation Agent or the Issuer nor any of their respective Affiliates has any responsibility to inform any Holder of Securities, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date, therefore, holders of Credit Linked Securities may suffer a loss of some or all of the redemption amount and any interest amount in respect of such Credit Linked Securities.

(iv) Increased credit risks associated with Nth-to-Default Credit Linked Securities

Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities, the Credit Linked Securities will be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to the nth Reference Entity. The credit risk to Holders of Securities may therefore be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

(v) Additional credit risks associated with Basket Credit Linked Securities

The credit risk to holders of Basket Credit Linked Securities may be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks and, accordingly, this could increase the risk of loss for the holders of such Basket Credit Linked Securities.

(vi) Additional risks in respect of rolling Credit Linked Securities

Where "Payer/Receiver Option" is specified as applicable in the Final Terms in respect of the Credit Linked Securities, the holders of the Credit Linked Securities may receive the relevant Option Cash Settlement Amount calculated by reference to the relevant index levels determined in accordance with the terms of the Credit Linked Securities. If "Automatic Roll" applies as per the Final Terms, the Underlying Index may be amended to the relevant on-the-run Underlying Index if mutually agreed between the sole holder of the 100% of the outstanding Nominal Amount (in the case of Notes) or the outstanding Notional Amount (in the case of Certificates) of the Credit Linked Securities, the Calculation Agent and the Issuer. The Underlying Index if amended may change the risk profile of the Credit Linked Securities and may accordingly have an adverse impact on the return of the Credit Linked Securities, which may be material.

(vii) Actions of Reference Entities may affect the value of the Credit Linked Securities

Actions of Reference Entities (for example, merger or demerger or the repayment or transfer of indebtedness) may adversely affect the value of the Credit Linked Securities. The Reference Entities to which the value of the Credit Linked Securities is exposed, and the terms of such exposure, may change over the term of the Credit Linked Securities. Where a successor Reference Entity is identified, the risks associated with such successor may be greater than the risks associated with the original Reference Entity, resulting in an increased likelihood that a Credit Event will occur and accordingly, an increased risk that Holders of Securities may lose some or all of their investment.

(viii) Suspension of Obligations will suspend payment of principal and interest

In certain circumstances (for example, where a Credit Event has occurred and the related credit loss has not been determined as at the relevant date for payment, or, if applicable, where a potential Credit Event exists as at the scheduled maturity of the Credit Linked Securities), Holders of Securities may be adversely affected where payment of the redemption amount and/or interest on the Credit Linked Securities is deferred for a material period in whole or part without compensation to the holders of the Credit Linked Securities.

(ix) Use of Auction Settlement may adversely affect returns to Holders of Securities

Where Credit Linked Securities are redeemed or settled by reference to a market auction process, the losses determined pursuant to such market auction process may be greater than the losses which would have been determined had an alternative settlement method been used. In particular, the auction process may be affected by technical factors or operational errors which would not otherwise apply or may be the subject of actual or attempted manipulation. Where this is the case, holders of Credit Linked Securities may receive a lower amount on redemption or settlement of their Credit Linked Securities than would otherwise be the case.

(x) Use of Cash Settlement may adversely affect returns to Holders of Securities

If the Credit Linked Securities are cash settled, then, following the occurrence of a Credit Event, the Calculation Agent will be required to seek quotations in respect of selected obligations of the affected Reference Entity. Quotations obtained will be "bid-side" - that is, they will be reduced to take account of a bid-offer spread charged by the relevant dealer. Such quotations may not be available, or the level of such quotations may be substantially reduced or may vary substantially as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the affected Reference Entity (for example,

liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cashflows. Quotations will be deemed to be zero in the event that no such quotations are available. Accordingly, Holders of Securities may receive a lower amount on redemption or settlement of their Credit Linked Securities than would otherwise be the case. In relation to the risks applicable to physical settlement, investors should also note the section entitled "Risks associated with Physical Delivery Securities" above.

(xi) "Cheapest-to-Deliver" risk

Since the Swap Counterparty, as buyer of protection in respect of the Credit Linked Securities has discretion to choose the portfolio of obligations and/or assets to be valued or delivered following a Credit Event in respect of a Reference Entity, it is likely that the portfolio of obligations and/or assets selected will be obligations of the Reference Entity and/or assets with the lowest market value that are permitted to be selected pursuant to the terms of the Credit Linked Securities. This could result in a lower recovery value and hence greater losses for investors in the Credit Linked Securities.

(xii) Risks Related to interpretation and operation of terms

The views of market participants and/or legal counsel may differ as to how the terms of market standard credit default swaps, and the corresponding terms of the Credit Linked Securities, should be interpreted, or such terms may operate in a manner contrary to the expectations of market participants and/or adversely to the interests of Holders of the Credit Linked Securities. The market value or return on the Credit Linked Securities may therefore be less than an investor expects to receive at the point at which they purchase the Credit Linked Securities.

(xiii) Asset Package Delivery risks

In certain circumstances where (a) "Financial Reference Entity Terms" and "Governmental Intervention" apply in respect of a Reference Entity and (i) there is a Governmental Intervention Credit Event; or (ii) a Restructuring Credit Event in respect of the Reference Obligation where such Restructuring does not constitute a Governmental Intervention or (b) a Restructuring Credit Event in respect of a Sovereign, then a related asset package resulting from a prior deliverable obligation (where "Financial Reference Entity Terms" apply) or package observable bond (where the Reference Entity is a sovereign) may be deliverable.

If the resulting asset package is deemed to be zero where there are no resulting assets, the negative impact on Holders of Securities could be a related credit loss borne by Holders of Securities of 100 per cent. of their investment notwithstanding the recovery value on any other obligations of the Reference Entity.

If an asset in the asset package is a non-transferable instrument or non-financial instrument, the value of such asset will be the market value determined by reference to a specialist valuation or in accordance with methodology determined by the Credit Derivatives Determinations Committees, which valuation may result in losses to be borne by Holders of Securities which may be greater than the losses which would have been determined in the absence of such valuation methodology being used. Accordingly, Holders of Securities may receive a lower amount on redemption or settlement of their Credit Linked Securities than would otherwise be the case if an alternative settlement method were used.

(xiv) Increased risks of Zero Recovery Credit Linked Securities or where a specified Final Price is applicable

Where the Credit Linked Securities are Zero Recovery Credit Linked Securities, if a Credit Event occurs in respect of a Reference Entity, investors will automatically lose an amount in principal or notional amount of the Credit Linked Security equal to the portion of the Credit Linked Security which is allocated to the credit risk of the affected Reference Entity,

regardless of any recoveries on any obligations of the Reference Entity which would have been determined in the absence of the "Zero Recovery" feature. Likewise, if the Final Price is specified in the Final Terms in relation to Credit Linked Securities, such fixed Final Price may be lower (and may be significantly lower) than the recovery which an investor in bonds or instruments issued by such Reference Entity would receive.

(xv) Risks Associated with Credit Derivatives Determinations Committees

The institutions of the Credit Derivatives Determinations Committee owe no duty to the Holders of Securities and have the ability to make determinations that may have a material adverse effect on the Holders of Securities, such as the occurrence of a Credit Event or a Succession Event which may increase the risk of such holders suffering a loss of some or all of their initial investment. A Credit Derivatives Determinations Committee may be able to make determinations without action or knowledge of the Holders of Securities.

The powers of the Credit Derivatives Determinations Committee may be expanded or modified as a result of amendments to the Credit Derivatives Determinations Committees Rules. Holders of Securities may have no role in the composition of any Credit Derivatives Determinations Committee and may have no recourse against either the institutions serving on a Credit Derivatives Determinations Committee or the external reviewers.

(xvi) The Calculation Agent may modify the terms of the Credit Linked Securities

The Calculation Agent may, following its determination that there has been a change in the prevailing market standard terms or market trading conventions that affects any hedging transaction, modify the terms of the Credit Linked Securities to the extent reasonably necessary to ensure consistency with the prevailing market standard terms or market trading conventions, without the consent of Holders of Securities or prior notice to Holders of Securities. The Calculation Agent is not obliged to make any such modifications. If the Calculation Agent modifies the terms of the Credit Linked Securities, it will do so without regard to the interests of the holders of the Credit Linked Securities and any such modification may be prejudicial to the interests of the holder of the Credit Linked Securities in that such a modification may adversely affect the market value of the Credit Linked Securities or the amount which a Holder of Securities would be entitled to receive on redemption or settlement of the Credit Linked Securities.

## 6. RISKS RELATING TO GUARANTEED SECURITIES

### (a) *General Guarantees*

In the event the General Guarantee is specified as applicable in the applicable Final Terms, prospective purchasers of Guaranteed Securities should note that the Guarantee is a guarantee of the Issuer's obligations which are themselves limited by a number of factors including, but not limited to, the provisions of the Securitisation Act 2004 and the Conditions of the Notes, the Conditions of the Warrants or the Conditions of the Certificates (as the case may be), including, without limitation, those relating to (i) the applicable redemption amount (which may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Note, Warrant or Certificate, as the case may be), (ii) Compartments, (iii) limited recourse, (iv) non-petition, (v) subordination and (vi) priority of payments, as described in this Base Prospectus. Holders of Guaranteed Securities would therefore retain the risk that these factors may result in payments under the Guaranteed Securities being less than amounts which would otherwise have been due, as described in "*Risk Factors – Risks relating to the Issuer*".

### (b) *Shortfall Guarantees*

In the event the Shortfall Guarantee is specified as applicable in the applicable Final Terms, prospective purchasers of Guaranteed Securities should note that the Guarantee is not a full guarantee of the Issuer's obligations but only relates to the payment of any Shortfall Amount (as defined in the Guarantee) and is conditional on (i) the Holders of the Securities receiving less than the amount which would otherwise have been payable in respect of the Securities on the Maturity

Date (in the case of Notes), Redemption Date (in the case of Certificates), Settlement Date (in the case of Warrants), Early Redemption Date or Automatic Early Redemption Date (as applicable and in the case of Notes and Certificates) or Early Termination Date (in the case of Warrants), as the case may be, in accordance with the Conditions of the Notes, the Conditions of the Warrants or the Conditions of the Certificates (as the case may be) and (ii) the liquidation of the Charged Assets (either following the enforcement of the security for the Securities or following the occurrence of an Early Redemption Event or Early Termination Event). The Shortfall Amount represents the amount by which any Available Enforcement Proceeds are insufficient to meet (1) the Final Redemption Amount or Automatic Early Redemption Amount (as applicable and in the case of Notes or Certificates) or Cash Settlement Amount (in the case of Warrants) on the Maturity Date or Automatic Early Redemption Date (as applicable and in the case of Notes), Settlement Date (in the case of Warrants) or Redemption Date or Automatic Early Redemption Date (as applicable and in the case of Certificates) or (2) the fair market value of the relevant Security following an Event of Default (other than an Event of Default resulting from a failure to pay the Final Redemption Amount or Automatic Early Redemption Amount (in the case of Notes or Certificates) or the Cash Settlement Amount (in the case of Guaranteed Warrants)), an Early Redemption Event or an Early Termination Event. Where the Guarantee is a Shortfall Guarantee, Holders of Securities will not be able to claim under the relevant Guarantee until the relevant Charged Assets are have been liquidated or realised so that the Shortfall Amount can be calculated. As a result there could be a significant delay before amounts are paid to the Holders of Securities under the Shortfall Guarantee and Holders of Securities may not be able to re-invest any amount received at the same rates or in the same way as if such payment had not been delayed.

## 7. **RISKS RELATING TO THE GUARANTOR WHERE THE GUARANTOR IS BNPP**

### **Risk Factors Relating to BNPP**

Risk factors relating to BNPP are set out in "Risk Factors" on pages 284 to 299 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English) (as defined below), which is incorporated by reference in this document. See section entitled "*Documents Incorporated by Reference*" of this Base Prospectus.

The following risk factors are identified as the main risk factors specific:

- (a) A substantial increase in new provisions or a shortfall in the level of previously recorded provisions exposed to credit risk and counterparty risk could adversely affect BNP Paribas Group's results of operations and financial condition (*see pages 285 and 286 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English)*).
- (b) The BNP Paribas Group's risk management policies, procedures and methods may leave it exposed to unidentified or unanticipated risks, which could lead to material losses (*see pages 286 to 287 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English)*).
- (c) The BNP Paribas Group may incur significant losses on its trading and investment activities due to market fluctuations and volatility (*see pages 288 and 289 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English)*).
- (d) The BNP Paribas Group's access to and cost of funding could be adversely affected by a resurgence of financial crises, worsening economic conditions, rating downgrades, increases in sovereign credit spreads or other factors (*see page 290 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English)*).
- (e) Adverse economic and financial conditions have in the past had and may in the future significantly affect the BNP Paribas Group and the markets in which it operates (*see pages 291 to 292 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English)*).

- (f) Laws and regulations adopted in recent years, as well as current and future legislative and regulatory developments, may significantly impact the BNP Paribas Group and the financial and economic environment in which it operates (*see pages 293 to 295 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English)*).
- (g) Should the BNP Paribas Group fail to implement its strategic objectives or to achieve its published financial objectives, or should its results not follow stated expected trends, the trading price of its securities could be adversely affected( *see pages 296 to 297 of the Second Amendment to the BNPP 2023 Universal Registration Document (in English)*).

## INVESTMENT CONSIDERATIONS

### General investment considerations associated with the Issuer

#### *Compartments*

The Conditions of the Securities issued in respect of, and the specific objects of, each Compartment shall be determined by the Board. Each Secured Party shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the Securities and the Articles of Incorporation of the Issuer (the "**Articles**").

In respect of any Compartment and any Security (save for any Security which is a Guaranteed Note, Guaranteed Warrant or Guaranteed Certificate, as applicable), and following a Note Acceleration in respect of such Note, Warrant Acceleration in respect of such Warrant, or Certificate Acceleration in respect of such Certificate, as applicable, the entitlement of the holder of such Security will be limited to such Holder of Securities' *pro rata* share of the net proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms. If, in respect of any Security, the net proceeds of the enforcement or liquidation of the relevant Charged Assets are not sufficient to make all payments due in respect of such Security, no other assets of the Issuer will be available to meet such shortfall, and the claims of the holder of such Security as against the Issuer in respect of any such shortfall shall be extinguished. Holders of Securities, by acquiring the Securities, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions with respect to compartments, limited recourse, non-petition, subordination and priority of payments.

Each Compartment may be separately liquidated without such liquidation resulting in the liquidation of another Compartment or of the Issuer itself. As far as each Compartment is concerned and subject to any particular rights or limitations attaching to any Securities, as may be specified in the Articles or upon which such Securities may be issued including, without limitation, the relevant Conditions and the applicable Final Terms, if the net assets of a Compartment are liquidated the proceeds thereof shall be applied in the order set out in the Conditions.

As between the Secured Parties, each Compartment is deemed to comprise assets of a separate entity.

Fees, expenses and other liabilities incurred on behalf of the Issuer but which do not relate specifically to any Compartment shall be general liabilities of the Issuer and shall not be payable out of the assets of any Compartment. The Board shall ensure that creditors of such liabilities waive recourse to the assets of any Compartment. If such creditors do not waive recourse and such general liabilities cannot be otherwise funded, they shall be apportioned *pro rata* among the Compartments of the Issuer upon a decision of the Board.

The Board shall establish and maintain separate accounting records for each of the Compartments of the Issuer. The assets of each Compartment may include the proceeds of the issue of the Securities of the relevant Series, any Related Securities, any Related Agreements, any collateral relating to such Series and any Related Securities, any proceeds from the Related Agreements and any such collateral. The fees, costs and expenses in relation to the Securities of each Series may be allocated to the respective Compartment in accordance with the relevant Conditions.

To give effect to the provisions of the Securitisation Act 2004 and the Articles under which the Charged Assets of a Compartment are available only for the Secured Parties for the relevant Series relating to that Compartment, the Issuer will contract with parties for the account of the relevant Compartment and on a "limited recourse" basis such that claims against the Issuer in relation to each Series would be restricted to the Charged Assets of the Compartment for the relevant Series.

### General investment considerations associated with the Securities

#### *Recognition of English judgments following the Brexit implementation period*

As a result of leaving the European Union (the "**EU**"), the United Kingdom (the "**UK**") is no longer bound by the provisions of Regulation (EU) No 1215/2012 (the "**Brussels Recast**"), a formal reciprocal regime between EU Member States on the allocation of jurisdiction and the mutual recognition and enforcement of

Member State judgments. It is also no longer a member of another convention on the allocation of jurisdiction and the mutual enforcement of judgments, the Lugano Convention 2007 (the "**Lugano Convention**"). The EU, Switzerland, Iceland and Norway are members of the Lugano Convention. As a result, the Brussels Recast and the Lugano Convention regimes are no longer applied by English courts, save in relation to legacy cases. As a further consequence, English judgments are no longer recognised and enforced in the courts of Member States/Norway, Iceland and Switzerland under these regimes, again, save for legacy cases (Norway has put in place arrangements with the UK for the reciprocal enforcement of judgments).

The UK has applied to re-join the Lugano Convention. As of the date of this Base Prospectus, this application remains pending (although the European Commission has indicated that it does not agree with the UK's readmission).

On 1 January 2021, the UK re-joined the Hague Convention on Choice of Court Agreements 2005 ("**Hague 2005**"). The UK was previously a party to this convention by virtue of the EU being a contracting state. Hague 2005 is an international convention on the jurisdiction and the reciprocal enforcement of contracting state judgments. Hague 2005 requires contracting states to respect exclusive jurisdiction clauses in favour of other contracting state courts and to enforce resulting judgments. The UK, EU, Denmark, Mexico, Montenegro, Singapore and Ukraine are contracting states. Under Hague 2005, English judgments issued by an English court pursuant to an exclusive jurisdiction clause entered into after 1 January 2021 can be recognised and enforced in EU states (and Mexico, Montenegro, Singapore and Ukraine), subject to standard exceptions. It is generally considered that Hague 2005 only covers exclusive jurisdiction clauses and resulting judgments.

Where English judgments are not within the scope of Hague 2005, it will be necessary to consider the applicable national law rules on jurisdiction and enforcement.

In 2022, the EU ratified another convention dealing with the cross border enforcement of judgments, the 2019 Hague Convention on Recognition and Enforcement of Judgments ("**Hague 2019**"). In January 2024 the UK signed Hague 2019, as a precursor to ratification and, on 27 June 2024, the UK ratified Hague 2019. This will provide a mechanism for the enforcement of a wide range of English judgments in the EU (other than Denmark) and in other contracting states. Currently Hague 2019 only applies in the EU (other than Denmark) and Ukraine. Although there are subject matter exclusions, Hague 2019 covers a much wider range of judgments than Hague 2005 and importantly for investors, could cover judgments issued pursuant to asymmetric jurisdiction clauses.

Hague 2019 will be deemed to come into force with respect to the UK from 1 July 2025. Hague 2019 will only apply to judgments where the convention was in force in both the state of origin and the state of enforcement when the proceedings leading to the judgment were initiated.

#### *Description of the role of the Calculation Agent*

The Calculation Agent may be the Swap Counterparty or an affiliate of the Swap Counterparty and consequently, potential conflicts of interest may exist between the Calculation Agent and the relevant Holders of Securities, including with respect to certain determinations and judgments that the Calculation Agent must make, including whether a Market Disruption Event, a Settlement Disruption Event, an Index Adjustment Event or Credit Event (each as defined in the Conditions) has occurred. Generally, the Calculation Agent is obliged to carry out its duties and functions as Calculation Agent acting in good faith and in a commercially reasonable manner, subject to the applicable Conditions. Furthermore, the Calculation Agent will not act as a fiduciary or as an advisor to the relevant Holders of Securities in respect of its duties as Calculation Agent.

Investors should also refer to "*Potential conflicts of interest*" in the "*Risk Factors*" section.

#### *Banking regulations and resolution measures*

In France, credit institutions such as BNP Paribas must comply with the norms of financial management set by the Minister of Economy, the purpose of which is to ensure the creditworthiness and liquidity of French credit institutions. These banking regulations are mainly derived from EU directives and regulations. Banking regulations implementing the Basel III reforms were adopted on 26 June 2013, and subsequently revised following legislative proposals issued by the European Commission on 23 November 2016 (the "**EU Banking Package**") consisting of Directive 2013/36/EU of the European Parliament and of the Council of

26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, as amended from time to time including by Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 (the "**CRD**") and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms, as amended from time to time including by Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 and Regulation (EU) 2020/873 of the European Parliament and of the Council of 24 June 2020 amending Regulations (EU) No 575/2013 and (EU) 2019/876 as regards certain adjustments in response to the COVID-19 pandemic (the "**CRR**"). Furthermore, Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms, as amended from time to time including by Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 as part of the EU Banking Package (the "**BRRD**") and Regulation (EU) 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) 1093/2010, as amended from time to time including by Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 as part of the EU Banking Package (the "**SRMR**"), aim at addressing banking crises in a manner that ensures that losses are borne primarily by shareholders and creditors rather than taxpayers while minimizing effects on financial stability, and entrusts resolution authorities with certain recovery and resolution powers to this effect. The SRMR provides for the establishment of a single resolution board (the "**Single Resolution Board**") and a single resolution fund (the "**Single Resolution Fund**") funded through contributions made by the banking industry.

The amended versions of the CRD and of the BRRD were required to be implemented into national law by December 2020. The amended version of the CRR has taken effect as from June 2021, with the exception of certain provisions that had already entered into effect or that will take effect through 2025. The amended version of the SRMR took effect as from 28 December 2020.

The European Commission presented on October 27, 2021 a legislative package to finalize the implementation of the Basel III standards within the European Union amending the above-mentioned banking regulations. On April 18, 2023, the European Commission presented a legislative package to adjust and further strengthen the EU's existing bank crises management and deposit insurance ("**CMDI**") framework by amending the BRRD, the SRMR and the Deposit Guarantee Scheme Directive ("**DGSD**"). On 24 April 2024, the European Parliament definitively adopted the proposal to amend BRRD/SRMR to include targeted proportionality requirements for the treatment of "internal MREL" in banking groups under resolution. This final text will be published in the EU Official Journal and that publication will trigger the precise legal application date of the new provisions (whose date is unknown and should be the first quarter of 2026 at the earliest).

As a significant Eurozone institution, BNP Paribas is subject to the supervision of the ECB since November 2014. As of 1 January 2016, the Single Resolution Board became the competent resolution authority with respect to significant Eurozone institutions such as BNP Paribas, and is in charge of the resolution tasks relating to the implementation of BRRD/SRMR.

*Certain specific information may not be known at the beginning of an offer period*

In certain circumstances, at the commencement of an offer period in respect of Securities, but prior to the issue date of such Securities certain specific information (specifically, the issue price, fixed rate of interest, minimum and/or maximum rate of interest or Premium Amount payable, the margin applied to the floating rate of interest payable, the Gearing applied to the interest or final payout, the Gearing Up applied to the final payout, (in the case of Autocall Securities, Autocall One Touch Securities or Autocall Standard Securities) the FR Rate component of the final payout (which will be payable if certain conditions are met, as set out in the Payout Conditions), (in the case of Securities which include a Snowball Digital Coupon, Digital Coupon, Accrual Digital Coupon, SPS Variable Amount Coupon or SPS Fixed Coupon) the Rate component of the coupon rate, the value of the barrier component of a final payout or coupon rate, the AER Exit Rate used if an Automatic Early Redemption Event occurs, the Bonus Coupon component of the final payout (in the case of Vanilla Digital Securities), the Up Cap Percentage component of the final payout (in the case of Certi-Plus: Generic Securities, Certi-Plus: Generic Knock-in Securities and Certi-Plus: Generic Knock-out Securities), any Constant Percentage (being any of Constant Percentage, Constant Percentage 1, Constant

Percentage 2, Constant Percentage 3 or Constant Percentage 4) component of the final payout or coupon rate (which will be payable if certain conditions are met, as set out in the Payout Conditions), the Floor Percentage component of the final payout or coupon rate and/or the Knock-in Level, Knock-out Level, Knock-in Range Level, Knock-out Range Level, Knock-out Corridor Range, Knock-in Bottom Level, Knock-in Top Level, Knock-out Bottom Level and/or Knock-out Top Level (used to ascertain whether a Knock-in Event or Knock-out Event, as applicable, has occurred)) may not be known. In these circumstances the Final Terms will specify in place of the relevant price, rate, level or percentage, as applicable, a minimum and/or maximum price, rate, level or percentage, as applicable, or an indicative range of prices, rates, levels or percentages. The actual price, rate, level or percentage, as applicable, applicable to the Securities will be selected by the Issuer from within the range or will not be higher than the maximum price, rate, level or percentage, and/or will not be lower than the minimum price, rate, level or percentage, as specified in the applicable Final Terms and will be notified to investors prior to the Issue Date. The actual price, rate, level or percentage, as applicable, will be determined in accordance with market conditions by the Issuer in good faith and in a commercially reasonable manner.

*Historical performance may not predict future performance*

The Reference Securities may not perform as indicated by the historical performance of similar obligations issued by the Charged Assets Issuer or RCA Issuer, as the case may be, and no assurance can be given with respect to the future performance of the Reference Securities. Historical default statistics may not capture events that would constitute Early Redemption Events (in the case of Notes or Certificates) or Early Termination Events (in the case of Warrants).

*Limited provision of information about the Reference Securities*

Investors should conduct their own investigation and analysis with respect to the creditworthiness of the Charged Assets Issuer or the RCA Issuer, as the case may be, and the likelihood of the occurrence of an Early Redemption Event.

None of the Issuer or the Calculation Agent or any of their respective Affiliates has any obligation under the terms of the Securities to keep investors informed as to any matters with respect to the Reference Securities and/or, as the case may be, the other obligations of the RCA Issuer, including whether or not circumstances exist that give rise to the possibility of the occurrence of an Early Redemption Event with respect to the Reference Securities or the RCA Issuer.

Prospective investors should note that there is no requirement for the Issuer to give information which is generally publicly available in relation to the occurrence of an Early Redemption Event. If an Early Redemption Event, as applicable, occurs in respect of the relevant Reference Securities or other obligations of the RCA Issuer which is not public, Holders of the Securities may not be able to verify the occurrence of such Early Redemption Event.

**Investment considerations associated with the Compartment Security**

*Additional information relating to holding of Compartment Assets*

In circumstances where a charge under English law is expressed to be taken over the Compartment Assets and the Compartment Assets are held by or through the Custodian through a clearing system or where the Compartment Assets are held outside England and Wales, any security over the Compartment Assets will take the form of an assignment by way of security of the Issuer's rights against the Custodian under the Agency Agreement to the extent that such rights relate to the Compartment Assets, rather than a charge over the Compartment Assets themselves.

*Swap Counterparty as Instructing Party*

Where "Swap Counterparty Priority" is stated as being applicable in the applicable Final Terms, the Swap Counterparty will (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) be the Instructing Party, and will have certain rights to direct the Trustee on certain matters, including the ability to instruct the Trustee to enforce the Security in certain circumstances, notwithstanding that the relevant Holders of Securities have not voted in respect of such matters. In these circumstances, there can be no assurance that the Swap Counterparty will act in the interests of such Holders of Securities. The Swap

Counterparty has no obligation or liability to, and shall not be obliged to have regard to the interests of, the Holders of Securities in relation to any such directions.

*Trustee and enforcement*

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties (including Holders of Securities). The Trustee is not obliged to take any such action without first being indemnified and/or secured to its satisfaction. The Trustee is not responsible for ensuring that the Issuer's obligations (or the security interest created by the Issuer) are valid and enforceable. Upon enforcement of the security securing the Issuer's obligations with respect to the Securities, the ability of the Trustee to recover any amounts or Equivalent Securities in respect of any of the Reference Securities or Received Collateral owing to the Issuer by the Swap Counterparty, the Repo Counterparty or the Collateral Exchange Counterparty (to the extent applicable) may be dependent on applicable laws or other matters beyond its control. The Trustee is not responsible for any failure or delay to recover such amounts or Reference Securities or Received Collateral where such failure or delay is beyond the control of the Trustee or arises by operation of law. The Trustee is not obliged to take any action in respect of such amounts or Reference Securities or Received Collateral unless it has been directed to do so by the Holders of Securities in accordance with the Trust Deed and it has been indemnified and or secured (including by way of pre-funding) against any liability which it may incur by so acting.

**Investment considerations relating to certain regulations which apply with respect to the Issuer**

*European Market Infrastructure Regulation and Markets in Financial Instruments Directive*

European Regulation 648/2012, known as the European Market Infrastructure Regulation, as amended by Regulation (EU) 2019/384 ("**EMIR**") entered into force on 16 August 2012 and took direct effect in the member states of the European Union in 2013. Under EMIR certain OTC derivatives that are traded in the European Union by financial counterparties ("**FCs**"), such as investment firms, credit institutions and insurance companies, and certain non-financial counterparties ("**NFCs**") have to be cleared (the "**clearing obligation**") via an authorised central clearing counterparty (a "**CCP**"). In addition, EMIR requires the reporting of OTC derivative contracts to a trade repository (the "**reporting obligation**") and introduces certain risk mitigation requirements in relation to OTC derivative contracts that are not cleared by a CCP.

Under EMIR, a CCP will be used to meet the clearing obligation by interposing itself between the counterparties to the eligible derivative contracts. CCPs will connect with derivative counterparties through their clearing members. Each derivative counterparty which is required to clear OTC Derivatives will be required to post both initial and variation margin to the clearing member, which will in turn be required to post margin to the CCP. EMIR requires CCPs to only accept highly liquid collateral with minimal credit and market risk. A NFC may also be subject to the clearing obligation and the reporting obligation, subject to its positions in OTC derivatives contracts exceeding certain thresholds. Whilst it appears that entities like the Issuer would be considered a NFC under EMIR, the position remains to be fully clarified. Thus, it cannot be excluded that the Issuer will be subject to the clearing obligation in the future. NFCs which enter into an OTC derivative contract which are not "eligible" for clearing would have to ensure that appropriate procedures and arrangements are in place to monitor and minimise operational and credit risk.

The Issuer may have to apply certain risk mitigation techniques in relation to timely confirmation, portfolio reconciliation and compression, and dispute resolution that are applicable to OTC derivatives contracts that are not cleared by a CCP. Further, the Issuer will be required to deliver certain information about any Swap Agreement to a registered or recognised trade repository. EMIR also imposes a record-keeping requirement pursuant to which counterparties must keep records of any derivative contract they have concluded and any modification for at least five years following the termination of the contract.

The EU regulatory framework relating to derivatives is set not only by EMIR but also by the amending Directive to the existing Markets in Financial Instruments Directive published in the Official Journal on 12 June 2014 ("**MiFID II**"), which repealed Directive 2004/39/EC, and Regulation (EU) No 600/2014 on markets in financial instruments ("**MiFIR**"). In particular, MiFID II requires transactions in certain classes of OTC derivatives to be executed on a trading venue. In this respect, it is difficult to predict the full impact of these regulatory requirements on the Issuer.

Investors in the Securities should be aware that the regulatory changes arising from EMIR, MiFID II and MiFIR may in due course significantly raise the costs of entering into OTC derivative contracts and may adversely affect the Issuer's ability to engage in transactions in OTC derivatives. As a result of such increased costs or increased regulatory requirements, investors may receive less interest or return, as the case may be. The Issuer could be adversely affected thereby. The full impact of EMIR, MiFID II and MiFIR remains to be clarified. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR, MiFID II and MiFIR and technical implementation in making any investment decision in respect of the Securities.

*The Dodd-Frank Wall Street Reform and Consumer Protection Act and other regulatory changes affecting derivatives markets*

The Dodd-Frank Wall Street Reform and Consumer Protection Act ("**Dodd-Frank**"), which provides for substantial changes to the regulation of the futures and OTC derivative markets, was enacted in July 2010.

Dodd-Frank requires regulators, including without limitation the U.S. Commodity Futures Trading Commission ("**CFTC**"), the U.S. Securities and Exchange Commission ("**SEC**"), the Department of the Treasury, the Financial Stability Oversight Council (the "**FSOC**"), the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation to adopt regulations to implement many of the requirements of the legislation.

In particular, Title VII ("**Title VII**") of Dodd-Frank establishes a comprehensive U.S. regulatory regime for a broad range of derivatives contracts including swaps, security-based swaps and mixed swaps (collectively referred to in this risk factor as "**Covered Swaps**"). Among other things, Title VII provides the CFTC and the SEC with jurisdiction and regulatory authority over Covered Swaps, requires the establishment of a comprehensive registration and regulatory framework applicable to swap dealers and security-based swap dealers and other major market participants, requires the reporting of data on Covered Swaps, requires many types of covered swaps to be exchange-traded or executed on a swap execution facility or security-based swap execution facility, as applicable, and centrally cleared and will impose capital requirements and margin requirements for uncleared transactions in Covered Swaps.

Many of the key regulations implementing Title VII have become effective or are in final form. However, in some instances, the interpretation and potential impact of these regulations are not yet entirely clear. These regulations could adversely affect the value, availability and performance of certain derivatives instruments and may result in additional costs and restrictions with respect to the use of those instruments.

For example, there is often only limited interpretive guidance as to the precise meaning, scope and effect of many such regulations. While the full impact of such regulations is not yet known, these regulatory changes are likely to restrict the ability of market participants to participate in the commodity, future and swap markets and markets for other OTC derivatives on physical commodities to the extent and at the levels that they have in the past. These factors may have the effect of reducing liquidity and increasing costs in these markets as well as affecting the structure of the markets in other ways. In addition, these legislative and regulatory changes have increased and are likely to further increase the level of regulation of markets and market participants, and therefore the costs of participating in the commodities, futures and OTC derivatives. These consequences could adversely affect the return on and value of the Securities. The use of derivative instruments by the Issuer may be subject to the clearing, capital, margin, business conduct, reporting and/or recordkeeping requirements of Title VII or other related regulatory reforms, that may result in additional regulatory burdens and related costs and expenses.

In particular, any swaps entered into by the Issuer may include agreements that are regulated as Covered Swaps under Title VII, each of which may be subject to clearing, execution, capital, margin posting, reporting and recordkeeping requirements under Dodd-Frank that could result in additional regulatory burdens, costs and expenses (including extraordinary, non-recurring expenses of the Issuer). Such requirements may disrupt the Issuer's ability to hedge its exposure to various transactions, and may materially and adversely impact a transaction's value or the value of the Securities. While Dodd-Frank provides for the grandfathering of certain swaps, such grandfathering may not apply to the transactions entered into by the Issuer or may only apply to certain transactions. Additionally, the Issuer cannot be certain as to how these regulatory developments will impact the treatment of the Securities.

Based on the regulations issued and guidance provided to date, it is not clear whether the Warrants or Certificates would be deemed to be "swaps" or "security-based swaps" under Dodd-Frank and regulated as such by the CFTC or the SEC. If the Warrants or Certificates were deemed to be "swaps" under Dodd-Frank and issued by a non-US person to other non-US persons (with none of such non-US persons guaranteed by or affiliate conduits of US persons or foreign branches of "swap dealers" or "major swap participants" that are US persons), the Warrants or Certificates may not be subject to Dodd-Frank. The SEC has also adopted final rules that address when a cross-border transaction must be counted toward the threshold requirement to register as a security-based swap dealer or major security-based swap participant.

In addition, Dodd-Frank, amending the Commodity Exchange Act, expanded the definition of a "commodity pool" to include any form of enterprise operated for the purpose of trading in commodity interests, including swaps. If the Issuer were deemed to be a "commodity pool", then both the "commodity pool operator" and the "commodity trading advisor" of the Issuer would be required to register as such with the CFTC and the National Futures Association. While there remain certain limited exemptions from registration, it is unclear whether and to what extent any of these exemptions would be available to avoid registration with respect to the Issuer. In addition, if the Issuer were deemed to be a "commodity pool", it would have to comply with a number of reporting requirements that are designed to apply to traded commodity pools. It is presently unclear how the Issuer could comply with certain of these reporting requirements on an ongoing basis. Such registration and other requirements would involve material ongoing costs to the Issuer, thereby materially and adversely impacting a Security's value.

In addition, other regulatory bodies have proposed or may propose in the future (such as MiFID II as regards to which see above) similar requirements to those imposed by Dodd-Frank or other regulations containing other restrictions that could adversely impact the liquidity of and increase costs of entering into derivatives transaction.

#### **Investment considerations relating to EU financial transaction tax**

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**"), for a financial transaction tax ("**FTT**") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). However, Estonia has since stated that it will not participate. If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission's proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. The Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Securities and therefore this may result in investors receiving less than expected in respect of the Securities. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Securities (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between the participating member states. It may therefore be altered prior to the implementation, the timing of which remains unclear. Additional EU member states may decide to participate and/or participating member states may decide to withdraw. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

**Investment considerations associated with certain interest rates***Additional information on EURIBOR and related reforms*

The euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, amongst other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk-free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates.

If EURIBOR were discontinued or otherwise unavailable, the rate of interest on the Securities will be determined for the relevant period by the fall-back provisions applicable to the Securities, as further described in the Conditions.

*Additional information on the development of SONIA, SOFR, €STR, SARON and TONA as reference rates*

The market continues to develop in relation to SONIA, SOFR, €STR, SARON and TONA, respectively, as reference rates in the capital markets and their adoption as an alternative to GBP-LIBOR, USD-LIBOR, EURIBOR, CHF-LIBOR and JPY-LIBOR, respectively. For example, in the context of backwards-looking rates, market participants and relevant working groups are currently assessing the differences between compounded rates and weighted average rates and the basis on which to determine them, and such groups are also exploring forward-looking "term" SONIA, SOFR, €STR, SARON and TONA reference rates; although, it is not known and whether they will be adopted by the markets. The adoption of SONIA, SOFR, €STR, SARON or TONA may also see component inputs into swap rates or other composite rates.

The market, or a significant part thereof, may adopt an application of SONIA, SOFR, €STR, SARON or TONA that differs significantly from the methodology set out in the Conditions.

*Additional information on the development of SONIA reference rates for use in the capital markets*

In connection with the ongoing development of the market in relation to SONIA as a reference rate in the capital markets, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The ongoing development of Compounded Daily SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Securities.

*If EURIBOR, STIBOR or any other benchmark is discontinued, the applicable floating rate of interest or Underlying Interest Rate may be changed.*

In respect of Securities linked to an Underlying Interest Rate or Securities which pay a floating rate of interest, if the Calculation Agent determines at any time that the relevant reference rate has been discontinued, the Calculation Agent will use, as a substitute for the relevant reference rate, the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution in the jurisdiction of the currency of the relevant rate that is consistent with industry accepted standards. If the Calculation Agent notifies the Issuer that it is unable to determine such an alternative reference rate, the Calculation Agent will appoint a determination agent (which may be the Guarantor (if applicable) or an affiliate of the Guarantor (if applicable) or the Calculation Agent) who will determine a replacement reference rate, as well as any required changes to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the replacement rate including any adjustment required to make such replacement reference rate comparable to the relevant reference rate. Such replacement reference rate will (in the absence of manifest error) be final and binding, and will apply to the relevant Securities.

The replacement rate may perform differently from the discontinued reference rate. It is possible that if an adjustment is applied to any Securities such adjustment may not reflect this difference in performance exactly.

The Conditions also provide for other fallbacks, such as consulting reference banks for rate quotations, which may not be possible if the reference banks decline to provide such quotations for a sustained period of time (or at all). If the relevant screen page for the reference rate is not available or it is not possible to obtain quotations then the Calculation Agent will determine the relevant rate of interest for the affected Securities at the relevant time acting in good faith and in a commercially reasonable manner. The replacement rate may be different to the original rate.

It is possible that, if a reference rate is discontinued, a clear successor rate will not be established in the market for some time. Accordingly, the terms of the Securities provide as an ultimate fallback that, following the designation of a replacement rate, if the Calculation Agent or the determination agent appointed by the Calculation Agent considers that such replacement reference rate is no longer substantially comparable to the original reference rate or does not constitute an industry accepted successor rate, the Calculation Agent will appoint or re-appoint a determination agent (which may or may not be the same entity as the original determination agent) for the purposes of confirming the replacement reference rate or determining a substitute replacement reference rate (despite the continued existence of the initial replacement reference rate). Any such substitute replacement reference rate, once designated pursuant to the Conditions, will apply to the affected Securities. This could impact the relevant rate of interest in respect of the Securities.

*Additional considerations associated with Securities that pay a floating rate of interest referencing SOFR*

SOFR is a relatively new rate. The NY Federal Reserve began to publish SOFR in April 2018. Although the NY Federal Reserve has published historical indicative SOFR information going back to 2014, such prepublication historical data inherently involves assumptions, estimates and approximations. Any historical changes or trends in SOFR may not be an indicator of the future performance of SOFR. Since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in other benchmark or market rates. As a result, the return on and value of Securities that pay a floating rate of interest by reference to SOFR ("**SOFR-Linked Securities**") may fluctuate more than floating rate debt securities that are linked to less volatile rates.

Because SOFR is a relatively new market index, SOFR-Linked Securities will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to SOFR, such as the spread over the base rate reflected in the interest rate provisions, may evolve over time, and trading prices of SOFR-Linked Securities may be lower than those of later-issued SOFR-linked debt securities as a result. Similarly, if SOFR does not prove to be widely used in securities like the Securities, the trading price of SOFR-Linked Securities may be lower than those of securities linked to rates that are more widely used.

The manner of adoption or application of reference rates based on SOFR in the bond market may differ materially compared with the application and adoption of SOFR in other markets, such as the derivatives and loan markets. Potential inconsistencies between the adoption of reference rates based on SOFR across these markets may impact any hedging or other financial arrangements which investors may put in place in connection with any acquisition, holding or disposal of the SOFR-Linked Securities.

The NY Federal Reserve notes on its publication page for SOFR that use of SOFR is subject to important limitations, including that the NY Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. SOFR may be discontinued or fundamentally altered in a way that affects the value of the Securities. If the manner in which SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on SOFR-Linked Securities and a reduction in the trading prices of such Securities.

*Additional information in respect of Securities denominated in Renminbi*

Investors may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in the CNY Settlement Centre(s).

All Renminbi payments to investors in the Securities will be made solely (a) for so long as the Securities are represented by a Global Note or Clearing System Global Certificate held with the common depository, for Euroclear and Clearstream, Luxembourg or any alternative clearing system, by transfer to a RMB bank

account maintained in the CNY Settlement Centre(s) in accordance with prevailing Euroclear and/or Clearstream, Luxembourg rules and procedures or (b) so long as the Securities are in definitive form, by transfer to a RMB bank account maintained in the CNY Settlement Centre(s) in accordance with prevailing rules and regulations. The Issuer will not be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

### **Investment considerations associated with adjustment, disruption and related redemption provisions in respect of the Securities**

#### *Description of Additional Disruption Event and Optional Additional Disruption Events*

The Additional Disruption Events correspond to changes in law (including changes in tax or regulatory capital requirements) and hedging disruptions in respect of any hedging transactions relating to the Securities. The Optional Additional Disruption Events that may be specified in the applicable Final Terms correspond to the occurrence of an event relating to benchmark reform (including a material change, permanent cancellation or issue with any official authorisation of the benchmark, administrator or sponsor) (an Administrator/Benchmark Event), an early redemption of any Debt Securities (a Cancellation Event), an issue converting or determining a rate for a currency (a Currency Event), a failure to deliver assets comprising the Entitlement in the case of Physical Delivery Securities (a Failure to Deliver due to Illiquidity), a material hindrance or delay to the performance of the Issuer's obligations under the Securities (an Extraordinary External Event), a default by any hedging counterparty in respect of the Securities (a Hedging Party Default), a materially increased cost of hedging (an Increased Cost of Hedging), an increase in the rate to borrow any component of an Index (an Increased Cost of Stock Borrow), circumstances where it is impracticable, illegal or impossible to purchase, sell, hold or otherwise deal in the Underlying Reference (a Jurisdiction Event), insolvency of the relevant Share Company or Basket Company (an Insolvency Filing), an inability to borrow any relevant share (a Loss of Stock Borrow), a drop in the price of a Share below 5 per cent. (or such other value specified in the applicable Final Terms) of its Strike Price (a Stop-Loss Event) and/or an event that is not attributable to the Issuer that significantly alters the economics of the Securities (a Significant Alteration Event). Each of the Additional Disruption Events and Optional Additional Disruption Events are both more fully set out in the Conditions.

#### *Description of Early Redemption Amounts*

The manner in which the amount due to Holders on an early redemption of the Securities is determined may depend on the event that has triggered an early redemption of the Securities and the early redemption method specified in the applicable Final Terms applicable to the relevant Early Redemption Event.

If the Final Terms specify that Highest Value, Market Value or Monetisation Option are applicable, the amount the Holder of Securities receives on early redemption will include reimbursement of any costs that were charged as part of the Issue Price of the Securities and will not include a deduction of any costs. If Monetisation Option is specified as applicable in the applicable Final Terms, the Holder may elect to receive the fair market value of the Securities as if Market Value were applicable instead of the Monetisation Amount. If the Securities are early redeemed in part, the amount calculated as payable on such early redemption will take into account that only a portion of the outstanding Securities are being early redeemed.

### **Investment considerations associated with Securities linked to the performance of one or more Underlying References**

#### *Additional investment considerations in respect of Index Linked Securities*

In respect of Index Linked Securities, Holders will receive an amount (if any) on redemption determined by reference to the value of the underlying index/indices and/or the Index Linked Securities will pay interest calculated by reference to the value of the underlying index/indices. Such underlying index may be a well-known and widely published index or an index which may not be widely published or available. The index may reference, among other asset types, equities, bonds, currency exchange rates, or other securities or it may be a property index referencing certain property price data which will be subject to market price fluctuations, or reference a number of different assets or indices. A property index may include valuations only and not actual transactions and the property data sources used to compile the index may be subject to change.

Index Linked Securities linked to a custom index are linked to a proprietary index which may be sponsored and/or calculated by BNP Paribas or one of its Affiliates. Pursuant to the operational rules of the relevant custom index, the custom index is scheduled to be calculated on a periodic basis (for example on each weekday). In the event that one of the levels, values or prices of a component included in the custom index is not available for any reason on a relevant day of calculation including, without limitation, (a) because such day is a non-scheduled trading day in respect of that index component or (b) that index component is subject to a market disruption, then the Calculation Agent of the custom index may, but will not be obliged to, calculate the level of the custom index on a different basis (for example by taking a value for the affected index component from the first preceding day on which a level for such affected index component was available). Such an occurrence may potentially result in a delay in the publication of the index and the level of the index may be different to the level that might have been observed had such circumstances not occurred.

Components of certain Custom Indices may be selected by an independent third party and thereafter may be subject to modification, reallocation and/or rebalancing from time to time, in accordance with the methodology of the index or, if an independent third party index allocation agent has been appointed pursuant to an index allocation agreement in connection with the index, in accordance with the terms of the index allocation agreement. As part of the modification, reallocation and/or rebalancing, components may be added to or removed from the Custom Index or their weights adjusted. The components which are included in the Custom Index and the weight assigned to each component may be determined either wholly or partially by reference to criteria specified in the Custom Index methodology or, if an index allocation agent has been appointed, in the index allocation agreement and/or one or more lists of assets (including, without limitation, research lists, analytical reports or "top picks" guides), which are published by a third party unconnected with the Custom Index. If an independent third party is compiling the list of assets such independent third party may exercise its discretion to determine which assets are included in such list. The methodology of the Custom Index or, if an index allocation agent has been appointed, the index allocation agreement, may apply objective filters to these lists of assets, to determine which assets are included as components in the Custom Index and their weight. The components which are derived from the list published by an independent third party or, if an index allocation agent has been appointed, the instructions of the index allocation agent may affect the performance of the Custom Index, and, correspondingly, the value of the Index Linked Securities. Such independent third parties, including any index allocation agent, have no obligation to take into account the consequences of their actions on any Holders of Securities. None of the Issuer, the Guarantor, the Calculation Agent or any of their relevant Affiliates have any responsibility for the lists published by independent third parties or, if an index allocation agent has been appointed, the component selection, modification, reallocation and/or rebalancing instructions from the index allocation agent, any acts or omissions of the index allocation agent or any other entity appointed in connection with the Custom Index or any breach of any obligations of the index allocation agent under the index allocation agreement.

If appointed in connection with the Custom Index, the index allocation agent may select the components of the Custom Index or may give instructions for modifications, reallocations and/or rebalancings to be made from time to time on a discretionary basis according to its qualified market opinion and in compliance with the index allocation agreement. The index allocation agent will be an independent third party that is not affiliated with the Issuer or entities in the BNP Paribas Group. Entities within the BNP Paribas Group may have other roles in relation to the Index Linked Securities and/or have the power to make various determinations, calculations and/or adjustments and/or have interests which may be adverse to the interests of Holders of Securities in carrying out such roles and do not act as a fiduciary for any Holder of Securities, nor do they provide any advice or recommendations as to the Index Linked Securities or any Custom Index.

If the Index specified in the Final Terms is replaced by a successor index with the same or a substantially similar method for calculating that index or the original index sponsor is replaced by a successor index sponsor acceptable to the Calculation Agent, the successor index or the successor index sponsor will replace the original index or original index sponsor, as applicable.

If the published level of an Index is subsequently corrected, the corrected level will be used if corrected within the prescribed period, provided that, if the corrected level is published less than three Business Days prior to a due date for payment it will be disregarded.

*Additional investment considerations in respect of Share Linked Securities*

In respect of Share Linked Securities, Holders will receive an amount (if any) on redemption determined by reference to the value of the share(s) or Stapled Shares, GDRs and/or ADRs and/or the physical delivery of a given number of share(s) or Stapled Shares, GDRs and/or ADRs and/or the Share Linked Securities will pay interest calculated by reference to the value of the underlying share(s) or Stapled Shares, GDRs and/or ADRs.

No issuer of the underlying shares will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Share Linked Securities, and none of the Issuer, the Guarantor (if applicable) or any Manager will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of shares contained in such Final Terms or in the documents from which such information was extracted. Consequently, it is possible that not all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the share or Stapled Shares, GDRs and/or ADRs will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of shares could affect the trading price of the share or Stapled Shares, GDRs and/or ADRs which is observed.

Except as provided in the Conditions, Holders will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares to which such Securities relate.

A Potential Adjustment Event will occur in a number of scenarios more fully described in the Conditions that have a diluting or concentrative effect on the theoretical value of the share(s). The Calculation Agent may adjust the terms of the Share Linked Securities as it determines appropriate to take account of such Potential Adjustment Event.

If the Stapled Shares become de-stapled such that one or more shares comprising the Stapled Shares may be held, owned, sold, transferred, purchased and otherwise dealt with as an individual share, the Issuer may elect to substitute the Stapled Shares with an alternative share meeting certain criteria selected by the Calculation Agent.

In addition, if the published price of a Share is subsequently corrected, the corrected price will be used if corrected within the prescribed period, provided that, if the corrected price is published less than three Business Days prior to a due date for payment it will be disregarded.

*Additional investment considerations in respect of ETI Linked Securities*

In respect of ETI Linked Securities, Holders will receive an amount (if any) on redemption determined by reference to the value of an interest in one or more exchange traded instruments (an "**ETI Interest**") and/or the ETI Linked Securities will pay interest calculated by reference to the value of one or more ETI Interests. While ETI Interests are traded on an exchange and are therefore valued in a similar manner as a share traded on an exchange, if ETI Share Provisions is specified as not applicable in the applicable Final Terms, certain provisions related to ETI Linked Securities are similar to the provisions related to funds and Fund Linked Securities. If ETI Share Provisions is specified as applicable in the applicable Final Terms, the provisions related to the ETI Linked Securities will be more similar to the provisions related to shares and Share Linked Securities.

In hedging the Issuer's obligations under the ETI Linked Securities, an entity providing such hedging (the "**Hedge Provider**") is not restricted to any particular hedging practice. Accordingly, the Hedge Provider may hedge its exposure using any method it, in its sole discretion, deems appropriate. The Hedge Provider may perform any number of different hedging practices with respect to ETI Linked Securities without taking into account any Holder's interests.

No entity related to the ETI will have participated in the preparation of the relevant Final Terms or in establishing the terms of the ETI Linked Securities, and none of the Issuer, the Guarantor (if applicable) or any Manager will make any investigation or enquiry in connection with such offering with respect to any information concerning any such ETI contained in such Final Terms or in the documents from which such information was extracted. Consequently, it is possible that not all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the interests in the exchange traded instrument will have been publicly disclosed. Subsequent disclosure of any such

events or the disclosure of or failure to disclose material future events concerning such an exchange traded instrument could affect the trading price of interests in the exchange traded instruments which is observed.

Except as provided in the Conditions, Holders will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant ETIs to which such Securities relate.

If the published price of an ETI Interest is subsequently corrected, the corrected price will be used if corrected within the prescribed period, provided that, if the corrected price is published less than three Business Days prior to a due date for payment it will be disregarded.

*Additional investment considerations in respect of Debt Linked Securities*

In respect of Debt Linked Securities, Holders will receive an amount (if any) on redemption determined by reference to the price or yield of the underlying debt instrument(s) and/or the physical delivery of a given number of debt instrument(s) and/or the Debt Linked Securities will pay interest calculated by reference to the price or yield of the underlying debt instrument(s).

If the published reference price of a debt instrument is subsequently corrected, the corrected reference price will be used if corrected within the specified Debt Security Correction Period, provided that, if the corrected reference price is published less than three Exchange Business Days prior to a due date for payment it will be disregarded.

If an underlying debt instrument is redeemed or cancelled by the relevant issuer of such debt instrument (for example, following an event of default under the terms of the relevant debt instrument), the Issuer will early redeem the Debt Linked Securities at the Early Redemption Amount in accordance with the Conditions.

*Additional investment considerations in respect of Commodity Linked Securities*

In respect of Commodity Linked Securities, Holders will receive an amount (if any) on redemption determined by reference to the value of the underlying commodity (including EU emissions allowances ("**EU Allowances**")), commodity index, commodities and/or commodity indices and/or Commodity Linked Securities will pay interest calculated by reference to the value of the underlying commodity, commodity index, commodities and/or commodity indices.

Where the Commodity Linked Securities are linked to a commodity index, such commodity index may be a well-known and widely available commodity index (such as the S&P GSCI®) or a commodity index which may be less well known (such as a commodity index that is composed, sponsored and/or calculated by BNP Paribas or one of its affiliates) in which case information on the commodity index may be less readily available. A commodity index may be comprised of futures contracts, mono-indices, or other commodity indices, which may be proprietary. Pursuant to the operational rules of the relevant commodity index, the commodity index is scheduled to be calculated on a periodic basis (for example on each weekday). In the event that one of the levels, values or prices of a component included in the commodity index is not available for any reason on a relevant day of calculation including, without limitation, (a) where it is not a business day in respect of that commodity index component or (b) that commodity index component is subject to a market disruption event, then the calculation agent of the commodity index may calculate the level of the commodity index on a different basis (for example, by taking a value for the affected commodity index component on the first day following the end of a specified maximum days of disruption based on the price at which it is able to sell or otherwise realise any hedge position). Such an occurrence may potentially result in a delay in the publication of the commodity index and the level of the commodity index may be different to the level that might have been observed had such circumstances not occurred.

In the case of Commodity Linked Securities that reference one or more commodity indices, if the commodity index is replaced by a successor commodity index with the same or a substantially similar method for calculating that commodity index or the original commodity index sponsor is replaced by a successor commodity index sponsor acceptable to the Calculation Agent such successor commodity index or successor commodity index sponsor will replace the original commodity index or the original commodity index sponsor, as applicable.

If the reference price of a commodity or commodity index is subsequently corrected, the corrected reference price will be used if corrected within 30 calendar days of the original publication, provided that, if the

corrected level is published less than three Commodity Business Days prior to a due date for payment it will be disregarded.

If the applicable Final Terms specifies that the Commodity Linked Securities are linked to the performance of a futures contract in respect of a commodity, the considerations described above will apply to such futures contract by reference to the underlying commodity.

*Additional investment considerations in respect of Commodity Linked Securities that are linked to EU Allowances*

The market for carbon emission allowances or credits has emerged as a consequence of the Kyoto Protocol and covers both industrial and developing countries. Industrial countries are allocated emissions allowances under the Kyoto Protocol. The EU introduced its own emission trading scheme (the "**EU-ETS**") in 2005 (pursuant to Directive 2003/87/EC, as amended from time to time (the "**EU Emissions Allowance Directive**")), which extends beyond the 2012 termination of the Kyoto Protocol.

An EU Allowance refers to an "allowance", as such term is defined in the EU Emissions Allowance Directive, that has been issued by a competent authority pursuant to Article 25 of the EU Emissions Allowance Directive. One EU Allowance corresponds to the emission by the holder of one tonne of carbon dioxide (CO<sub>2</sub>) equivalent during a specified period which is valid for meeting certain emissions related obligations. The EU's member states issue new EU Allowances annually to each company subject to the EU-ETS. These awards are made in accordance with an allocation plan approved by the European Commission which is based on the EU's application of the Kyoto Protocol's obligations to the industries covered by the EU-ETS. By 30 September in each year, companies are obliged to "surrender" a number of EU Allowances corresponding to their actual emissions in the preceding year. EU Allowances can also be rolled over from one year to the next if a company emits less carbon dioxide or carbon-equivalent greenhouse gas than the EU Allowances it holds. EU Allowances have a limited or no value outside the EU-ETS.

*Additional investment considerations in respect of Inflation Linked Securities*

In respect of Inflation Linked Securities, Holders of Securities will receive an amount (if any) on redemption determined by reference to the value of the underlying inflation index/indices and/or the Inflation Linked Securities will pay interest calculated by reference to the value of the underlying inflation index/indices.

The terms of the Inflation Linked Securities may be adjusted by the Calculation Agent if the Calculation Agent determines that the Index Sponsor fails to publish or announce the level of an inflation index. The Calculation Agent will determine a substitute level for the relevant inflation index by reference to (a) a related bond specified in the Final Terms or (b) a formula that calculates the level of the relevant inflation index based on previously available levels. If publication of the level of the relevant inflation index is disrupted or discontinued or the inflation index is cancelled, the Calculation Agent may determine a successor inflation index. The Calculation Agent may further adjust the terms of the Inflation Linked Securities to take account of such substitute level or substitute inflation index.

The Calculation Agent may also make adjustments to the terms of the Inflation Linked Securities or the relevant level of an inflation index if (a) a published level is subsequently revised within the cut-off periods described in the Conditions, (b) there is a material change to the formula for calculating an inflation index or (c) an inflation index is rebased, provided that, if an inflation index is rebased such that the Calculation Agent is unable to make adjustments that would produce a commercially reasonable result, the Issuer may redeem the Inflation Linked Securities at the Early Redemption Amount.

If an inflation index is cancelled (and the Calculation Agent is unable to determine a successor inflation index), either the Calculation Agent will calculate the level of the inflation index or the Issuer will redeem the Inflation Linked Securities at the Early Redemption Amount in accordance with the Conditions.

*Additional investment considerations in respect of Currency Linked Securities*

In respect of Currency Linked Securities, Holders of Securities will receive an amount (if any) on redemption determined by reference to the value of the currency/currencies and/or the physical delivery of a given amount of a currency or currencies and/or Currency Linked Securities will pay interest calculated by

reference to the value of the underlying currency/currencies. Currency Linked Securities reference the performance of an exchange rate between a base currency and one or more subject currencies.

*Additional investment considerations in respect of Fund Linked Securities (other than where the Fund is a Euro Fund)*

In respect of Fund Linked Securities (other than where the Fund is a Euro Fund), Holders of Securities will receive an amount (if any) on redemption determined by reference to the value of fund shares or units in one or more funds (including hedge funds, mutual funds or private equity funds or pool investment vehicles) (each a "**Fund**"), the level of a fund index comprised of such fund shares or units and/or the physical delivery of a given number of fund shares or units and/or Fund Linked Securities will pay interest calculated by reference to the value of the fund shares or units or the level of the fund index. The value of fund shares or units or the level of a fund index may be affected by the performance of the fund service providers, and in particular the investment adviser (each, a "**Fund Services Provider**").

Funds may trade and invest in a broad range of investments and financial instruments using sophisticated investment techniques. None of the Issuer, the Guarantor (if any), the Swap Counterparty or the Calculation Agent have any control over investments made by a Fund and therefore in no way guarantee the performance of a Fund. Funds may often be illiquid and may only be traded on a monthly, quarterly or even less frequent basis. The trading strategies of Funds are often opaque. Funds, as well as the markets and instruments in which they invest, are often not subject to review by governmental authorities, self-regulatory organisations or other supervisory authorities.

A Fund may be established as part of a master-feeder fund structure. Generally, a master-feeder fund structure involves the incorporation of a "master" fund company into which separate and distinct "feeder" funds invest. Active management of any investment strategy is, generally, performed at the master fund level. In instances where the Fund(s) underlying the relevant Fund Linked Securities are "feeder" funds, the Extraordinary Fund Events described below extend to include the "master" fund and its service providers. In conducting their own due diligence of the relevant Fund(s), prospective investors should consider whether the relevant Fund(s) are established as part of a master-feeder fund structure.

No Fund Service Provider will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Fund Linked Securities, and none of the Issuer, the Guarantor (if applicable), the Swap Counterparty, the Trustee, the Calculation Agent or any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of fund shares or units contained in such Final Terms or in the documents from which such information was extracted. Consequently, it is possible that not all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the fund shares or units or the level of the fund index will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of fund shares or units could affect the trading price of the fund shares or units or the level of the fund index and therefore the trading price of the Fund Linked Securities.

Except as provided in the Conditions, Holders of Securities will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant fund shares or units or the relevant fund index to which such Securities relate.

*Additional investment considerations in respect of Fund Linked Securities (where the Fund is a Euro Fund)*

In respect of Fund Linked Securities where the Fund is a Euro Fund, Holders will receive an amount (if any) on redemption determined by reference to the gross rate of return of an insurance or investment policy or capitalisation contract backed by euro-denominated assets (a "**Euro Fund**") offered by the insurance company specified in the applicable Final Terms and/or Fund Linked Securities will pay interest calculated by reference to such gross rate of return. The gross rate of return in respect of a Euro Fund may be affected by the performance of the insurance company that offers the Euro Fund and/or the assets underlying the Euro Fund.

Euro Funds typically invest in long-term, stable assets, such as bonds, on a "buy-to-hold" basis. As a consequence, although none of the Issuer, the Guarantor (if any) or the Calculation Agent have any control

over investments made by a Euro Fund, the yield of a Euro Fund portfolio is generally known in advance. Euro Funds offer investors a guaranteed rate of return, which is generally higher than the money market rate, but limited in terms of performance potential.

No insurance company will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Fund Linked Securities, and none of the Issuer, the Guarantor (if applicable) or any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such insurance company offering such Euro Fund or the assets underlying such Euro Fund referenced in such Final Terms or in the documents from which such information was extracted. Consequently, it is possible that not all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the gross rate of return of the Euro Fund will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an insurance company could affect the gross rate of return of the Euro Fund which is observed and therefore the trading price of the Fund Linked Securities.

An investor's understanding of the Euro Fund and the Insurance Company will be incomplete without conducting their own thorough investigations into the Euro Fund and the Insurance Company, as if they were a policyholder in the Euro Fund.

*Additional investment considerations in respect of Underlying Interest Rate Linked Securities*

In respect of Underlying Interest Rate Linked Securities, Holders of Securities will receive an amount (if any) on redemption or settlement determined by reference to the value of one or more underlying interest rates and/or Underlying Interest Rate Linked Securities will pay interest calculated by reference to the value of one or more underlying interest rates.

The underlying interest rate will be determined by reference to:

- (a) a hypothetical interest rate swap transaction if "ISDA Determination" is specified in the applicable Final Terms;
- (b) a rate provided on a screen page if "Screen Rate Determination – IBOR" is specified in the applicable Final Terms; or
- (c) a rate calculated by the Calculation Agent on the basis of (i) if "Screen Rate Determination – SONIA" is specified in the applicable Final Terms, (A) the weighted average mean of SONIA, (B) a daily compounded SONIA or (C) the SONIA Index published by the administrator of the SONIA reference rate, (ii) if "Screen Rate Determination – SOFR" is specified in the applicable Final Terms, (A) the arithmetic mean of SOFR, (B) a daily compounded SOFR or (C) the SOFR Index published on the NY Federal Reserve Website, (iii) if "Screen Rate Determination – €STR" is specified in the applicable Final Terms, a daily compounded €STR, (iv) if "Screen Rate Determination – SARON" is specified in the applicable Final Terms, a daily compounded SARON or (v) if "Screen Rate Determination – TONA" is specified in the applicable Final Terms, a daily compounded TONA, in each case, observed and calculated in accordance with Underlying Interest Rate Linked Condition 3(b) to (f), as applicable.

Regardless of the rate that is determined, if it is subject to a cap and/or a floor, such underlying interest rate will be deemed to be no higher than the Maximum Underlying Reference Rate specified in the applicable Final Terms and/or no lower than the Minimum Underlying Reference Rate specified in the applicable Final Terms.

*Additional investment considerations in respect of Credit Linked Securities*

In respect of Credit Linked Securities, Holders of Securities will receive an amount (if any) on redemption determined by reference to an actual or a hypothetical credit default swap referencing obligations of one or more Reference Entities. Reference Entities may be corporate, sovereign or supra-national entities. Following the occurrence of a Credit Event with respect to a Reference Entity to which the Credit Linked Securities are linked, the redemption value and any interest payable in respect of the Credit Linked Securities may be significantly reduced, which reduction may be to zero. The observation period during which a Credit Event in respect of a Reference Entity may trigger a reduction of the redemption amount or interest payable

in respect of a Credit Linked Security will be specified in the applicable Final Terms, and may begin prior to the Issue Date of the Credit Linked Securities.

The market value of Credit Linked Securities will be linked to the market perception of the creditworthiness of the relevant Reference Entity. Even where a Credit Event does not occur, the market value of the Credit Linked Securities may be adversely affected when the probability or perceived probability of a Credit Event occurring in respect of any Reference Entity increases.

Buying a Credit Linked Security is not equivalent to investing in debt obligations of a Reference Entity. A Credit Linked Security confers no rights in respect of any debt obligations of the relevant Reference Entity. The holding of a Credit Linked Security is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity. The Issuer's obligations in respect of Credit Linked Securities are irrespective of the existence or amount of the Issuer's and/or any Affiliates' credit exposure to a Reference Entity.

A Credit Event may occur as a result of events including: (a) the relevant Reference Entity's failure to perform certain financial obligations when due (where the NTCE Provisions are not applicable in respect of a particular Reference Entity, whether or not such failure represents a deterioration in the financial condition or creditworthiness of the Reference Entity); (b) with respect to the relevant Reference Entity, its dissolution, insolvency, inability to pay its debts, entry into a general assignment, arrangement, scheme or composition with or for the benefit of its creditors generally, becoming the subject of proceedings seeking a judgment of insolvency or bankruptcy or any similar relief, passing of a resolution for its winding-up or liquidation, or being subject to the appointment of an administrator, liquidator, conservator, receiver, trustee, custodian or other similar official for its assets; (c) certain financial obligations of the relevant Reference Entity becoming (or being capable of becoming) due and payable before they would otherwise have been due and payable as a result of the occurrence of a default, event of default or other similar condition or event (however described); (d) an authorised officer of the Reference Entity or a governmental authority disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, one or more of certain financial obligations of the relevant Reference Entity, or declares or imposes a moratorium, standstill, roll-over or deferral, whether de facto or de jure, with respect to such obligations; (e) a restructuring of certain financial obligations of the relevant Reference Entity is agreed between the Reference Entity or a governmental authority and a sufficient number of holders of the relevant obligation to bind all holders of such obligations, or such a restructuring is announced (or otherwise decreed) by the relevant Reference Entity or a governmental authority in a form that binds all holders of the relevant obligations, where such event is not expressly provided for under the terms of such obligations (and whether or not such restructuring arises from a deterioration in the financial condition or creditworthiness of the Reference Entity); or (f) certain rights of creditors in respect of certain financial obligations of the Reference Entity are adversely affected as a result of action taken or an announcement made by a governmental authority pursuant to, or by means of, a restructuring and resolution law or regulation (or any other similar law or regulation), in each case, applicable to the Reference Entity in a form which is binding, irrespective of whether such event is expressly provided for under the terms of such obligations. The foregoing summary is not a comprehensive list of events which may constitute a Credit Event, and such events are more fully described in the Conditions. Applicable Credit Events in respect of a particular Reference Entity will be set out in the terms of the Credit Linked Securities (which may be by reference to publicly available documentation). The application of certain Credit Events with respect to certain Reference Entities may be further varied by the terms of the Credit Linked Securities.

<b>4. Information about the Guarantor</b>	
4.1 History and development of the Guarantor	
4.1.1. The legal and commercial name of the Guarantor	Page 770 of the BNPP 2023 Universal Registration Document (in English)
4.1.2. The place of registration of the Guarantor and its registration number;	Pages 770 of the BNPP 2023 Universal Registration Document (in English)
4.1.3. The date of incorporation and the length of life of the Guarantor, except where the period is indefinite;	Page 6 of the BNPP 2023 Universal Registration Document (in English)
4.1.4. The domicile and legal form of the issuer, the legislation under which the issuer operates, its country of incorporation, the address, telephone number of its registered office (or principal place of business if different from its registered office) and website of the issuer, if any, with a disclaimer that the information on the website does not form part of the prospectus unless that information is incorporated by reference into the prospectus.	Page 770 of the BNPP 2023 Universal Registration Document (in English)
4.1.6. Credit ratings assigned to the Guarantor at the request or with the cooperation of the issuer in the rating process.	Page 5 of the BNPP 2023 Universal Registration Document (in English)
4.1.8 Description of the expected financing of the Guarantor's activities	Pages 157 and 498 to 515 of the BNPP 2023 Universal Registration Document (in English)
<b>5. Business Overview</b>	

Information Incorporated by Reference	Reference
5.1.1. A brief description of the Guarantor's principal activities stating, main categories of products sold and/or services performed.	Pages 7 to 19, 219 to 222, 698 to 699 and 772 to 777 of the BNPP 2023 Universal Registration Document (in English)
5.2. The basis for any statements in the registration document made by the Guarantor regarding its competitive position.	Pages 7 to 19 and 128 to 144 of the BNPP 2023 Universal Registration Document (in English)
<b>6. Organisational Structure</b>	
6.1 If the Guarantor is part of a group, a brief description of the group and the Guarantor's position within it. This may be in the form of, or accompanied by, a diagram of the organisational structure if this helps to clarify the structure.	Page 4 of the BNPP 2023 Universal Registration Document (in English)
6.2. If the Guarantor is dependent upon other entities within the group, this must be clearly stated together with an explanation of this dependence.	Page 770 of the BNPP 2023 Universal Registration Document (in English)
<b>7. Trend Information</b>	
7.2. Information on any known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on the issuer's prospects for at least the current financial year.	Pages 153 to 157 and 771 of the BNPP 2023 Universal Registration Document (in English)
<b>9. Administrative, Management, and Supervisory Bodies</b>	
<p>9.1. Names, business addresses and functions in the Guarantor of the members of the administrative, management or supervisory bodies, and an indication of the principal activities performed by them outside the Guarantor where these are significant with respect to that Guarantor:</p> <p>(a) members of the administrative, management or supervisory bodies;</p> <p>(b) partners with unlimited liability, in the case of a limited partnership with a share capital.</p>	Pages 33 to 48 and 111 of the BNPP 2023 Universal Registration Document (in English)
9.2. Administrative, management, and supervisory bodies conflicts of interests.	Pages 53 to 54, 68 to 69, 73 to 79, 85 and 107 of the BNPP 2023 Universal Registration Document (in English)

Information Incorporated by Reference	Reference
Potential conflicts of interests between any duties to the issuing entity of the persons referred to in item 9.1 and their private interests and/or other duties must be clearly stated. In the event that there are no such conflicts, make a statement to that effect.	
<b>10. Major Shareholders</b>	
10.1. To the extent known to the Guarantor, state whether the Guarantor is directly or indirectly owned or controlled and by whom, and describe the nature of such control, and describe the measures in place to ensure that such control is not abused.	Pages 20 and 21 of the BNPP 2023 Universal Registration Document (in English)
10.2. A description of any arrangements, known to the Guarantor, the operation of which may at a subsequent date result in a change in control of the Guarantor.	Page 21 of the BNPP 2023 Universal Registration Document (in English)
<b>12. Additional Information</b>	
12.1. Share capital  The amount of the issued capital, the number and classes of the shares of which it is composed with details of their principal characteristics, the part of the issued capital still to be paid up with an indication of the number, or total nominal value and the type of the shares not yet fully paid up, broken down where applicable according to the extent to which they have been paid up.	Pages 20, 274 to 276, 603 to 605, 779 and 798 of the BNPP 2023 Universal Registration Document (in English)
12.2. Memorandum and Articles of Association  The register and the entry number therein, if applicable, and a description of the issuer's objects and purposes and where they can be found in the memorandum and articles of association.	Pages 779 to 784 of the BNPP 2023 Universal Registration Document (in English)
<b>13. Material Contracts</b>	
13.1. A brief summary of all material contracts that are not entered into in the ordinary course of the issuer's business, which could result in any group member being under an obligation or an entitlement that is material to the issuer's ability to meet its obligations to security holders in respect of the securities being issued. The documents constituting the BNP Paribas Disclosure will be available for viewing on the website of BNPP (<https://invest.bnpparibas/en/>). In addition, this Base Prospectus, the documents incorporated by reference herein and any Final Terms relating to Securities admitted to trading on the Luxembourg Stock Exchange's regulated market as aforementioned will be published on the Internet site of the Luxembourg Stock Exchange at [www.luxse.com](http://www.luxse.com).

Following the publication of this Base Prospectus, a Supplement may be prepared by the Issuer and approved by the CSSF in accordance with Article 23 of the Prospectus Regulation. Statements contained in any such Supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Base Prospectus or in a document which is incorporated by reference in this Base Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus.

Copies of the 2023 Base Prospectus, 2022 Base Prospectus, 2021 Base Prospectus, the 2020 Base Prospectus, the 2019 Base Prospectus, the 2018 Base Prospectus, the Supplemented 2017 Base Prospectus, the Supplemented 2016 Base Prospectus, the Supplemented 2015 Base Prospectus, the Supplemented 2014 Base Prospectus, the Supplemented 2013 Base Prospectus, the Annual Accounts, the BNPP 2022 Universal Registration Document (in English), the BNPP 2023 Universal Registration Document (in English), the First Amendment to the BNPP 2023 Universal Registration Document (in English), the Second Amendment to the BNPP 2023 Universal Registration Document (in English) and any other update to the BNPP 2023 Universal Registration Document and the August 2024 Press Release, can be obtained from the specified office of the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable (each defined below), at the address given at the end of this Base Prospectus. Copies of the 2023 Base Prospectus, the 2022 Base Prospectus, the 2021 Base Prospectus, 2020 Base Prospectus, 2019 Base Prospectus, 2018 Base Prospectus, Supplemented 2017 Base Prospectus, Supplemented 2016 Base Prospectus, Supplemented 2015 Base Prospectus, Supplemented 2014 Base Prospectus, Supplemented 2013 Base Prospectus, the Interim Accounts and the Annual Accounts are available on the Luxembourg Stock Exchange website at [www.luxse.com](http://www.luxse.com).

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Securities, prepare a Supplement to this Base Prospectus or publish a new prospectus for use in connection with any subsequent issue of Securities.

For the avoidance of doubt, the content of the websites referenced in this section "*Documents Incorporated By Reference*" do not form part of this Base Prospectus.

**COMMONLY ASKED QUESTIONS**

This section is intended to answer some of the questions which investors may have when considering an investment in the Securities. However, any decision to invest in the Securities should only be made after careful consideration of all relevant sections of this Base Prospectus and the applicable Final Terms. This section should be treated as an introduction to SecurAsset and certain terms of the Securities that may be issued under the Programme. It is not intended to be a substitute for, nor a summary of, the Conditions and may be superseded by the final terms of those Securities.

**1. Who is the Issuer?**

The Issuer is SecurAsset acting through one of its Compartments. The Compartment relevant to the Securities will be specified in the Final Terms.

**2. What is SecurAsset?**

SecurAsset is a special purpose vehicle incorporated as a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg. SecurAsset's only business is to issue instruments which are subject to the Securitisation Act 2004 and the enforcement and limited recourse provisions of the Trust Deed or any other relevant agreement including issuing debt securities such as the Securities or otherwise incur indebtedness moneys borrowed or raised in compliance with the Securitisation Act 2004.

The directors of SecurAsset may be employees of the administrator of SecurAsset. SecurAsset is not an affiliate or a subsidiary of any Dealer.

Each Series of Securities will be issued through a separate Compartment other than Series of Securities issued through a Multi-Series Compartment. Recourse of the Holders of Securities against the Issuer is limited to, and conditional upon, the funds available to the Issuer from time to time in respect of the assets designated as Compartment Assets and other Charged Assets in the Final Terms and the Issuer shall have no liability to make any payments under the Securities where such funds are not available to it. Each Compartment will comprise a pool of assets of the Issuer separate from the pools of assets relating to other Compartments.

**3. What is a Multi-Series Compartment?**

A Multi-Series Compartment is a Compartment through which more than one series of Securities may be issued. Holders of Securities of a Series and the holders of any other Series of securities issued through the same Compartment (which other Series of securities are referred to in this Base Prospectus as Related Notes, Related Warrants or Related Certificates (as applicable) and together as Related Securities) will together have recourse to the assets designated as Compartment Assets and other Charged Assets for the relevant Compartment rather than the Issuer holding such assets in respect of only a single Series of Securities.

**4. What are the Securities?**

The Securities are securities issued by the Issuer which may be in bearer form or registered form, as described in the applicable Final Terms. These securities may be Notes, Warrants or Certificates.

The Securities are secured, limited recourse obligations of the Issuer and rank *pari passu* without any preference among themselves.

The Securities may be linked to one or more share, index, interest rate, fund, ETI interest, commodity, debt instrument, reference entity or other reference point (an Underlying Reference). Where the Securities are linked to an Underlying Reference, the amount payable as the redemption

amount or cash settlement amount and/or as interest and/or premium will be depend on the performance of the relevant Underlying Reference(s), as specified in the applicable Final Terms.

**5. What is the difference between Notes, Certificates and Warrants?**

The Issuer may issue Notes, Certificates or Warrants under the Programme, as specified in the relevant Final Terms. If the Securities are Notes, they will be debt securities issued in an aggregate nominal amount and traded in Specified Denominations (as specified in the relevant Final Terms). If the Securities are Warrants, they will be issued in units. If the Securities are Certificates, they will be issued in units, with each unit having a value of the Notional Amount (as specified in the relevant Final Terms).

Unless previously redeemed or purchased and cancelled, Notes will be redeemed on the Maturity Date at the Final Redemption Amount and/or by delivery of the Entitlement, in each case specified in the relevant Final Terms. Unless previously redeemed or purchased and cancelled, Certificates will be redeemed on the Redemption Date at the Final Redemption Amount and/or by delivery of the Entitlement, in each case specified in the relevant Final Terms. Unless previously settled or purchased and cancelled, Warrants, where exercised in accordance with their terms, will be settled on the Settlement Date at the Cash Settlement Amount and/or by delivery of the Entitlement, in each case specified in the relevant Final Terms.

Depending on the jurisdiction of the investor, Notes, Warrants and Certificates may be subject to different tax and/or accounting treatment.

**6. What documents do you need to read in respect of an issuance of Securities?**

There are several legal documents which you must read in respect of any Securities. These are (i) this Base Prospectus (including any information incorporated by reference in this Base Prospectus) and (ii) the applicable Final Terms (which may include an issue specific summary appended to it) and if produced, any key information document prepared relating to the relevant Series or, if produced a drawdown prospectus in respect of the relevant Series and any key information document prepared relating to the relevant Series.

*What information is included in this Base Prospectus?*

This Base Prospectus contains:

- (i) risk factors relating to SecurAsset, the Guarantor and any Securities issued under the Programme;
- (ii) general information about the Programme in the section of this Base Prospectus titled "*General Description of the Programme*";
- (iii) description of the assets the payments in respect of which will be used by the Issuer to meet its payment obligations in respect of the Securities in the section of this Base Prospectus titled "*Description of the Charged Assets*";
- (iv) the terms and conditions of the Securities that may be issued under the Programme in the sections of this Base Prospectus titled "*Terms and Conditions of the Notes*", "*Terms and Conditions of the Warrants*" and "*Terms and Conditions of the Certificates*", together with the Additional Terms and Conditions applicable to certain types of the Securities, as set out in Annexes 1 to 12 (which for all Securities must be read together with the applicable Final Terms);
- (v) information about SecurAsset in the section of this Base Prospectus titled "*Description of the Issuer*";
- (vi) information about certain counterparties with whom SecurAsset may enter into contracts;

- (vii) certain tax information in the section of this Base Prospectus titled "*Taxation*", although you should always seek specialist advice which has been tailored to your circumstances;
- (viii) restrictions about who can buy Securities in the section of this Base Prospectus titled "*Subscription, Sale and Transfer Restrictions*"; and
- (ix) general information about this Base Prospectus, documents available to investors for inspection and an overview of the parties involved in the section of this Base Prospectus titled "*General Information*".

You should note that the section of this Base Prospectus titled "*General Description of the Programme*" and this section titled "*Commonly Asked Questions*" must be read only as an introduction to this Base Prospectus. Any decision to invest in the Securities should be based on a consideration of this Base Prospectus as a whole, together with the applicable Final Terms and any drawdown prospectus.

*What information is included in the Final Terms?*

While this Base Prospectus includes general information about all Securities, the Final Terms is the document that sets out the specific details of each particular issuance of Securities and completes the Conditions.

The Final Terms will be prepared to document each specific issue of Securities. It will contain:

- the specific terms of the issue, including but not limited to: the number or amount of Securities being issued, the relevant identification codes and the currency of the Securities;
- the commercial terms of the issue, such as the payout formula for redemption, interest or premium amounts (where applicable), any automatic early redemption provisions, information relating to the Charged Assets and the related definitions in respect of a specific issue of Securities, as described in the Base Prospectus;
- the Underlying Reference(s) to which the Securities are linked;
- the relevant dates, such as the issue date, interest payment dates, valuation or averaging date(s) and redemption date; and
- if required, a duly completed summary specific to such issue of Securities appended to it.

Therefore, the Final Terms for such Securities must be read in conjunction with this Base Prospectus.

*What are the risks associated with the Securities?*

Before making an investment in the Securities, investors should carefully consider all of the information set out in this Base Prospectus, the relevant Final Terms (as related drawdown prospectus) and the investor's own personal circumstances. Each investor should have particular regard to, amongst other things, the considerations described under the heading "Risk Factors" on pages 36 to 78 of this document.

*What is the drawdown prospectus and when will the Issuer prepare one?*

For some Securities, the Issuer may prepare a drawdown prospectus, in respect of which application will be made to the CSSF for the approval of such drawdown prospectus as a prospectus for the purposes of the Prospectus Regulation. The drawdown prospectus would include the Final Terms for those Securities, incorporating by reference the whole or any part of this Base Prospectus, but would also contain additional information, such as additional risk factors. The Issuer will prepare a drawdown prospectus where it needs to do so in order to comply with the Prospectus Regulation.

**7. How much of your investment is at risk?**

For some Securities, the amount payable on the maturity date or settlement date may be less than your original investment and may even be zero.

Investors should note that they may be exposed to the credit risk of (i) the Issuer, (ii) the Swap Counterparty and either the Deposit Counterparty, the Repo Counterparty and/or the Collateral Exchange Counterparty (where applicable), depending on the Charged Asset Structure applicable to the relevant Series, (iii) the Custodian (and any sub-custodian appointed in respect of a series of Securities) in relation to Compartment Assets, if applicable to the relevant Series, (iv) the Eligible Compartment Assets Issuer, if applicable to the relevant Series; and (v) the Issuing and Paying Agent (in the case of Notes) and any additional Paying Agents, if applicable to the relevant Series, or Principal Warrant and Certificate Agent (in the case of Certificates or Warrants).

If there is a default by the Swap Counterparty, Deposit Counterparty, the Repo Counterparty or the Collateral Exchange Counterparty, the Custodian (or any sub-custodian appointed in respect of a series of Securities), the Issuing and Paying Agent, any additional Paying Agents or Principal Warrant and Certificate Agent, there is an increased likelihood that investors will lose some or all of their investment in the Securities.

**8. What does the Issuer do with the issue proceeds of the Securities?**

The Issuer will typically use the net proceeds of each Series of Securities and, where applicable, each other series of Related Securities:

- (i) to acquire the assets which will comprise the Charged Assets, which will be specified in the applicable Final Terms; and
- (ii) to make payments under any agreement (including, without limitation, any Related Agreement) relating to the relevant Securities and, where applicable, each other series of Related Securities.

**9. What is the collateral in respect of Securities?**

The Charged Assets will generally be the only assets available to the Issuer to fund its payment obligations under the Securities and, where applicable, any Related Securities. The payments under such assets (both to and from the Issuer) will be designed to ensure that the Issuer has sufficient funds to meet its payment obligations under the Securities and, where applicable, any Related Securities and to meet any related payment obligations.

"**Charged Assets**" consist of:

- (i) Compartment Assets, composed of rights under, certain bonds, notes, warrants, receivables or equity securities of any form, denomination, type or issuer, guarantees, units in funds, loans or any other financial obligations assigned to or assumed by the Issuer or any other specified assets owned by the Issuer, which will be held by the Custodian on behalf of the Issuer pursuant to the Agency Agreement. In certain circumstances, security over the Compartment Assets will take the form of an assignment by way of security of the Issuer's rights against the Custodian under the Agency Agreement to the extent that such rights relate to the Compartment Assets, rather than a charge over the Compartment Assets themselves;
- (ii) Cash Assets, composed of funds held from time to time by the Custodian and/or the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable and/or the Registrar (each as defined in this Base Prospectus) for payments due under the Securities of such Series;
- (iii) the Issuer's rights under the Swap Agreement, the Agency Agreement and Dealer Agreement; and,

if specified as applicable under the relevant Final Terms:

- (iv) Issuer's rights against the Deposit Counterparty under the Deposit Agreement;

- (v) Issuer's rights against the Repo Counterparty under the Repurchase Agreement;
- (vi) Issuer's rights against the Collateral Exchange Counterparty under the Collateral Exchange Agreement; and/or
- (vii) any additional security as may be described in the applicable Final Terms.

The counterparties in the respect of the Charged Assets may also be required to provide collateralisation in respect of their obligations to the Issuer. The amount of any collateralisation and/or the circumstances in which it is payable or deliverable will be set out in the applicable Final Terms.

**10. When might the Charged Assets change?**

The composition of the Charged Assets may change, if:

- (i) Compartment Assets substitution by the Swap Counterparty is specified as applicable in the Final Terms and the Swap Counterparty exercises its right to substitute the Compartment Assets in whole or in part;
- (ii) the Issuer and the Swap Counterparty have entered into a Credit Support Annex and the Swap Counterparty has exercised its right to substitute the Compartment Assets in whole or in part in accordance with the terms of the Credit Support Annex; or
- (iii) the Issuer enters into a Collateral Exchange Agreement with the Collateral Exchange Counterparty, the Collateral Exchange Counterparty initiates a loan in respect of the original Compartment Assets and delivers replacement collateral in connection with such loan;
- (iv) the Repo Counterparty exercises its right under the Repurchase Agreement to deliver to the Issuer new Repo Collateral Securities in substitution or exchange for existing Repo Collateral Securities relating to a Series of Securities,

in which case the Charged Assets will be deemed to comprise such additional assets or rights provided pursuant to such substitution.

**11. To which assets of SecurAsset, if any, do Holders of Securities have recourse?**

The Holders of Securities and the other Transaction Parties will have recourse only to (i) the Charged Assets in respect of the relevant Series (other than where the relevant Series of Securities is issued through a Multi-Series Compartment) and the relevant Compartment, as such assets are specified in the applicable in the Final Terms; and (ii) the Guarantor under the Guarantee, if applicable pursuant to the Final Terms. Each Compartment will comprise a pool of assets of the Issuer separate from the pools of assets relating to other Compartments.

Where assets of the relevant Compartment are insufficient for the purpose of meeting the Issuer's obligations under the relevant issue of Securities and any Related Securities, it will not be possible for the Noteholders of that issue to obtain satisfaction of the debt owed to them by the Issuer from assets belonging to another Compartment or, in the case of Warrantholders and Certificateholders, to obtain payment of the amount owed to them by the Issuer from assets belonging to another Compartment.

**12. What happens if any of the Charged Assets default?**

- (i) In respect of any Charged Assets, if one or more of certain Early Redemption Events is specified as applicable in the relevant Final Terms, then a default under any of the Charged Assets will trigger an early redemption (in the case of Notes or Certificates) or an early termination (in the case of Warrants) and will lead to each Security being redeemed (at its Early Redemption Amount in the case of Notes or Certificates or Early Termination Amount in the case of Warrants).

- (ii) In respect of the Swap Agreement, if "**Swap Termination Without Redemption**" (in case of Notes or Certificates) or "**Swap Termination Without Cancellation**" (in case of Warrants) is specified as applicable in the relevant Final Terms, a default of the Swap Counterparty under the Swap Agreement will lead to an early termination of such agreement, but will not trigger an early redemption or an early termination of the Securities. The Issuer's obligation to pay interest amounts or other amounts under the Securities will, if it is reliant on the Swap Counterparty to pay such amounts under the Swap Agreement, cease but there will be no Event of Default under the Securities.

**13. Who will be the Swap Counterparty or the Repo Counterparty or the Collateral Exchange Counterparty**

The Swap Counterparty to any Swap Agreement, the Repo Counterparty to any Repurchase Agreement and the Collateral Exchange Counterparty to any Collateral Exchange Agreement will be specified in the applicable Final Terms. The Swap Counterparty will be one of BNP Paribas or BNP Paribas Financial Markets S.N.C.

**14. What happens if the Swap Counterparty, the Collateral Exchange Counterparty or the Repo Counterparty defaults?**

A default under the Swap Agreement, the Collateral Exchange Agreement or the Repurchase Agreement will lead to an early termination of such agreements. Unless Swap Termination without Redemption or Swap Termination without Cancellation is applicable, the termination of any of these agreements will constitute an Early Redemption Event and the Securities will be redeemed early (in the case of Notes or Certificates) or cancelled early (in the case of Warrants). Where Swap Termination without Redemption or Swap Termination without Cancellation is applicable a default under the Swap Agreement will lead to an early termination of such agreement but will not lead to early redemption of the Securities (in the case of Notes or Certificates) or early cancellation of the Warrants.

**15. Under what circumstances may the Securities be redeemed before their stated maturity?**

The occurrence of Early Redemption Events (in the case of Notes and Certificates) or Early Termination Events (in the case of Warrants) applicable to the Series. These will be specified in the applicable Final Terms and will depend on the type of Securities and the type of Charged Assets. These events include events relating to the relevant Compartment (events such as tax or regulatory events), events relating to the Related Agreements and the counterparties to the Related Agreements (such as early termination of the Swap Agreement) and events relating to the Compartment Assets (such as default events or unscheduled redemptions or insolvency of the issuer of the Compartment Assets), certain events relating to the Underlying Reference and certain disruption, force majeure and illegality events.

**16. At what amount do the Securities redeem?**

Unless previously redeemed or purchased and cancelled in accordance with its Conditions, each Security will redeem on the relevant Maturity Date, Settlement Date or Redemption Date, as applicable, by either a payment of the Final Redemption Amount (in case of cash settled Securities) or a delivery of an Entitlement (in case of Securities to which Physical Settlement is applicable), as applicable.

The Final Redemption Amount or Cash Settlement Amount will be a cash amount calculated by the Calculation Agent and will consist of the amount specified in the applicable Final Terms. It is possible that no amount shall be payable on final redemption of the Note; and

The Entitlement will be the quantity of the Relevant Asset(s) equal to the Entitlement Amount specified in the applicable Final Terms (or in the case of a Credit Linked Certificate, the relevant obligations and/or other assets as specified in the Credit Linked Conditions).

Each Security which is redeemable in instalments will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms.

If the applicable Final Terms specify that the Securities may be redeemed or terminated at the option of the Issuer and/or the Holders of Securities prior to the Maturity Date, Settlement Date or Redemption Date, as applicable, such redemption or termination will take place on the date or dates and at the amount or amounts indicated in the applicable Final Terms. The amount payable to Holders of Securities in such circumstances may also be subject to payment of any amounts owed by the Issuer to any other parties to the Transaction Documents which rank in priority to payments due to the Holders of Securities.

The amount payable to Holders of Securities on the relevant Maturity Date, Settlement Date or Redemption Date, as applicable, may depend on the type and performance of the Underlying Reference specified in the applicable Final Terms.

**17. What is the order of priority?**

The Base Prospectus sets out the manner in which proceeds available from the enforcement of the security may be distributed between the various parties. The relevant Final Terms will specify which order of priority set out in the Base Prospectus applies to the applicable Series.

In each case, the claims of other creditors of the Issuer in respect of the Securities will be met before the claims of the Holders of Securities and, where applicable, the holders of any Related Securities.

If:

- (i) Swap Counterparty Priority is specified in the applicable Final Terms, then payments due to the Swap Counterparty will rank before the claims of the Holders of Securities and, where applicable, the holders of any Related Securities;
- (ii) Pari Passu Ranking is specified in the applicable Final Terms, then payments due to the Swap Counterparty will rank equally with the claims of the Holders of Securities and, where applicable, the holders of any Related Securities; and
- (iii) Noteholder Priority, Certificateholder Priority or Warrantholder Priority is specified in the applicable Final Terms, then the claims of the relevant Holders of Securities and, where applicable, the holders of any Related Securities will rank before the claims of the Swap Counterparty.

**18. Are the Securities guaranteed by anybody?**

The Securities will not be guaranteed by anybody unless specified in the applicable Final Terms. If the Securities are guaranteed, the Guarantor will be BNP Paribas.

The types of Guarantees that may be applicable to the Securities are:

- (i) a General Guarantee in respect of the Issuer's obligations, which are themselves limited by a number of factors including, but not limited to, the provisions of the Securitisation Act 2004 and the terms and conditions of the Securities; (i) the redemption amount (which may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Security), (ii) Compartments, (iii) limited recourse, (iv) non-petition, (v) subordination and (vi) priority of payments, as described in this Base Prospectus; or
- (ii) a Shortfall Guarantee, which is not a full Guarantee of the Issuer's obligations, but which only relates to the Shortfall Amount and which will be conditional on (A) the Holders of Securities receiving less than the amount which would otherwise have been payable in respect of the Securities; and (B) the liquidation of the Charged Assets. The Shortfall Amount represents the amount by which any proceeds from the liquidation of the Charged Assets are insufficient to meet (1) the Final Redemption Amount or Automatic Early Redemption Amount (as applicable and in the case of Notes or Certificates) or Cash

Settlement Amount (in the case of Warrants) on the Maturity Date or Automatic Early Redemption Date (as applicable and in the case of Notes), Settlement Date (in the case of Warrants) or Redemption Date or Automatic Early Redemption Date (as applicable and in the case of Certificates) or (2) the fair market value of the relevant Security following an Event of Default (other than an Event of Default resulting from a failure to pay the Final Redemption Amount or Automatic Early Redemption Amount (in the case of Notes or Certificates) or the Cash Settlement Amount (in the case of Guaranteed Warrants)), an Early Redemption Event or an Early Termination Event.

**19. Who is the "Holder of Securities"?**

- (i) If the Securities are held through a clearing system (if so specified in the applicable Final Terms), the legal "Holder of Securities" will be the entity nominated by the clearing system as the depositary for the Securities (known as the common depositary). Such entity will hold the Securities for the benefit of the clearing systems.
- (ii) As an investor, your rights in relation to the Securities will be governed by the contract you have with your broker, custodian or other entity through which you hold your interest in the Securities and the contracts they have with the clearing system and any intermediaries in between. Accordingly, where this Base Prospectus describes a right as being owed to, or exercisable by, a Holder of Securities, then your ability to benefit from or exercise such right will be dependent on the terms of the contracts in such chain.
- (iii) In case of the Notes only, if the Notes are held outside the clearing systems, the Holder of Securities will be the person who holds the definitive Bearer Note (in the case of Bearer Notes in definitive form) or the person in whose name a Registered Note is registered (in case of Registered Notes).

**20. What rights do Holders of Securities have against the Issuer?**

Holders of Securities' rights include the right to any payments payable to Holders of Securities in accordance with the Conditions and the applicable Final Terms. Holders of Securities may also have the right to make certain determinations or decisions (which may sometimes be required to be by a resolution of Holders of Securities) and the Issuer may only take certain actions with respect to the Securities if approved by Holders of Securities. Holders of Securities should note that, notwithstanding they may be owed payments under the Securities, their rights of direct action against the Issuer are limited as the right to take such action is generally instead vested in the Trustee.

**21. What are the requirements for exercising Holders of Securities' rights in respect of the Securities?**

The Conditions specify the requirements for exercising each right in respect of the Securities, including the person (if any) that is entitled to enforce such right on behalf of the Holders of Securities and the required percentage of Holders of Securities (if any) that may direct such person to enforce such right. For example, the Conditions specify that only the Trustee may exercise the right to enforce the Security on behalf of Holders of Securities if a default in payment by the Issuer has occurred. The Holders of Securities may direct the Trustee to exercise such rights by way of an Extraordinary Resolution, being a resolution passed at a meeting duly convened and held by a majority of at least 75 per cent. of the votes cast.

Holders of Securities should be aware that, even if they have directed the Trustee to act in accordance with the Conditions, the Trustee may request that it is indemnified and/or secured and/or pre-funded before it so acts.

**22. How do you exercise a right to vote or enforce your rights in respect of the Securities?**

If the Securities are held through a clearing system then, as rights under the Securities can only be exercised by the legal Holders of Securities, you must contact the custodian, broker or other entity

through which you hold your interest in the Securities if you wish for any vote to be cast or direction to be given on your behalf.

In respect of Securities held outside the clearing system, you may exercise your rights to vote or give directions directly in accordance with the Conditions.

23. **Who can enforce your rights against the Issuer if the Issuer has failed to make a payment on the Securities?**

The Issuer will execute a Trust Deed in respect of each Series, under which it will covenant to the Trustee that it will make the relevant payments and deliveries due on the Securities. The Trustee will hold the benefit of this covenant for Holders of Securities. If the Issuer fails to make a payment or delivery when due, only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Holders of Securities, unless the Trustee fails to do so within a reasonable period after having become bound to do so and such failure is continuing.

24. **When will the security be enforced?**

The Compartment Security relating to a Series of Securities will become enforceable upon occurrence of an event of default. These events of default are:

- (a) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement in respect of the Securities;
- (b) the Issuer fails to perform or observe any of its other obligations under the Securities or the Trust Deed (subject to a 45 day grace period where such failure is (in the opinion of the Trustee) remediable);
- (c) in respect of any other Series of securities issued under the same Compartment as the Securities, a Note Acceleration (where the Securities are Notes), a Warrant Acceleration (where the Securities are Warrants) or a Certificate Acceleration (where the Securities are Certificates), as applicable, occurs;
- (d) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer or other insolvency related events occur with respect to the Issuer save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an extraordinary resolution of the Holders of Securities; or
- (d) the Guarantee, where applicable, ceases to be in full force and effect in respect of the Securities, or the Guarantor is unable to perform its obligations thereunder for any reason.

The Trustee may after the occurrence of an Event of Default, and if so requested in writing by the holders of at least 25 per cent. in principal amount outstanding of the relevant Series of Notes or in number of the relevant Securities (in the case of Warrants or Certificates), or if so directed by an Extraordinary Resolution of such holders, shall, give notice to the Issuer and the Guarantor (if applicable) that the relevant Securities are immediately due and repayable at an amount equal to (unless otherwise specified in the Final Terms) the Liquidation Proceeds (such occurrence, a "**Note Acceleration**" (in the case of Notes), a "**Warrant Acceleration**" (in the case of Warrants) or a "**Certificate Acceleration**" (in the case of Certificates)) and the Compartment Security will become enforceable.

In respect of Securities issued through a Multi-Series Compartment, a Note Acceleration, Warrant Acceleration or Certificate Acceleration (each an "**Acceleration Event**") occurring following an Event of Default in respect of one Series of Securities issued through the relevant Multi-Series Compartment will lead to an Event of Default occurring in respect of each other series of Related Securities issued through such Multi-Series Compartment and an Acceleration Event occurring in respect of each other series of Related Securities without any action being taken by the holders of such Related Securities.

The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (i) either a direction in writing by holders of at least 25 per cent. in principal amount outstanding of the relevant Series of Securities or by an Extraordinary Resolution of the Holders of the Securities; or (ii) a written direction of the Swap Counterparty.

Please note that only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights in respect of the security (and to declare an Acceleration Event) subject in each case to being indemnified and/or secured to its satisfaction.

**25. How are payments made to you?**

If the Securities are held through a clearing system, payments will be made in accordance with the contract you have with your broker, custodian or other entity through which you hold your interest in the Securities.

For Securities not held through a clearing system, the "Holder of Security" will be the investor who physically holds the Security (in the case of Bearer Notes) or the person shown on the register kept by the Registrar as the registered holder (in the case of Registered Global Notes or Definitive Registered Notes). To receive payment of principal, interest or other amounts, you will need to contact a paying agent (for Bearer Notes) or the Registrar (for Registered Global Notes or Definitive Registered Notes) and present evidence of your holding of the relevant Security.

The Issuer will not make payments to you directly but will do so through the relevant agents.

**26. When are payments made to investors?**

Payments of principal and, if applicable, interest or other amounts are made on the dates specified in the applicable Final Terms.

**27. Who calculates the amounts payable under the Securities?**

Determinations will be made by the Calculation Agent. The Calculation Agent will be the entity specified in the applicable Final Terms.

The Calculation Agent is an agent of the Issuer and not of the Holders of Securities. You should also be aware that the Calculation Agent may be the Swap Counterparty or an affiliate of the Swap Counterparty, an affiliate of the Dealer, the Deposit Counterparty and the Repo Counterparty. See the section of this Base Prospectus titled "*Risks relating to Securities*" and the risk factors titled "*Potential Conflicts of interest*" therein.

**28. Are the Calculation Agent's determinations binding on you?**

All calculations and determinations made by the Calculation Agent in relation to the Securities will be final and binding (except in the case of manifest error).

**29. Will you be able to sell your Securities? If so, what will be the price of the Securities?**

A market may not develop for the Securities. While one or more of the Dealers may make a market in the Securities upon their issuance, they are under no obligation to do so and may cease to do so at any time. Even if a Dealer does make a market in the Securities, the secondary market for such Securities may be limited. It is also possible that even where a secondary market does exist, that such market will not provide the holders of any such Securities with liquidity. A lack of liquidity for the Securities may mean that you may not be able to sell your Securities or may not be able to sell your Securities at a price which you paid for them and consequently you may suffer a partial or total loss of the amount of the investment.

It is very difficult to predict the price at which Securities will trade in the secondary market. Please see the section of this Base Prospectus titled "*Risk Factors*" and in particular the sub-section titled "*Possible Illiquidity of the Securities in the Secondary Market*" for a description of factors that may

be relevant for determining the price of the Securities at any given time. Please note that any price at which Securities may be sold prior to the maturity date or settlement date may be at a discount, which could be substantial, to the value at which the Securities were acquired on the issue date.

**30. Are there any fees, expenses or taxes to pay when purchasing, holding or selling Securities? What other taxes might affect the Securities?**

You may incur fees and expenses in relation to the purchase, holding, transfer and sale or redemption of Securities. You should also be aware that stamp duties or taxes may have to be paid in accordance with the laws and practices of the country where the Securities are transferred.

You should note that, if the Issuer, the Trustee, any Agent or the Custodian is required by applicable law to apply any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature, it will account to the relevant authorities for the amount so required to be withheld or deducted and only pay the net amount after application of such withholding or deduction. None of the Issuer, the Trustee, any Agent or the Custodian will be obliged to make any additional payments to you in respect of such withholding or deduction.

If Compartment Tax Event and/or RCA Tax Event are specified as applicable in the relevant Final Terms and a tax is imposed on payments or transfers to be received by the Issuer under any of the Charged Assets and/or Reference Securities, as applicable, the Securities will generally be redeemed at their Early Redemption Amount.

General information relating to certain aspects of taxation regime in Luxembourg, France, Italy, Spain and Belgium is set out under the section of this Base Prospectus titled "*Taxation*". You should consult your selling agent for details of fees, expenses, commissions or other costs and your own tax advisers in order to understand fully the tax implications specific to investment in any Securities.

**31. Can the Issuer amend the Conditions without your consent?**

The Issuer may amend the Conditions without the consent of the Holders of Securities in certain circumstances including if:

- (i) the Trustee agrees to such amendment on the basis that it is of a formal, minor or technical nature or is made to correct a manifest error;
- (ii) the Trustee is of the opinion that such amendment is not materially prejudicial to the interests of the Holders of Securities;
- (iii) the Trustee is satisfied that the such amendment is made to satisfy any requirement of any stock exchange on which the Securities are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Holders of Securities; and
- (iv) if Administrator/Benchmark Event is specified in the applicable Final Terms, the Calculation Agent may amend the Conditions of the Securities in the event a benchmark materially changes or ceases to be provided in order to comply with the provisions of the Benchmarks Regulation.

Notice of such modification will be sent by the Issuer to the Holders of Securities as soon as practicable thereafter unless the Trustee agrees otherwise.

**32. Will the Programme be rated?**

The Programme is not rated. However, applicable Final Terms will specify whether or not the Securities to be issued have been or are expected to be rated.

**DESCRIPTION OF THE CHARGED ASSETS - PART I – GENERAL**

The Issuer will meet its obligations to pay the relevant amounts it is due to pay in respect of the Securities using the payments it receives from the obligors under the Charged Assets (including the Compartment Assets) specified in the Final Terms for the relevant Series. The Issuer will also grant security over the Charged Assets in the manner set out in the Conditions specified as applicable in the applicable Final Terms.

The specific obligors under the Charged Assets will be specified in the applicable Final Terms however such obligors will be one or more corporate, bank or other financial institution, government, governmental agency, trust, fund, municipal entity, sovereign or supranational entity provided that such obligors have securities already admitted to trading on a regulated or equivalent market or the obligations are guaranteed by an entity admitted to trading on a regulated or equivalent market. Where the Charged Assets are equity securities or debt securities and specified as "Reference Securities" in the applicable Final Terms, such securities shall be traded on a regulated or equivalent market save where such securities are debt securities which are either (i) Eligible BNP Paribas Fortis Collateral Securities, as described in "Description of the Charged Assets – Part IX – Eligible BNP Paribas Fortis Collateral Securities" or (ii) Eligible Banco Desio Collateral Securities, as described in "Description of the Charged Assets – Part X – Eligible Banco Desio Collateral Securities".

## DESCRIPTION OF THE CHARGED ASSETS - PART II - DESCRIPTION OF THE SWAP AGREEMENT

*The following description of the Swap Agreement which the Issuer may enter into for each Series should be read in conjunction with the Final Terms for each Series and the applicable Charged Asset Description and together this description, and the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of such Swap Agreement which is qualified in its entirety by reference to the detailed provisions of such Swap Agreement for each specific Series. The following summary does not purport to be complete, and prospective investors must refer to the applicable Final Terms and the relevant Swap Agreement for detailed information regarding the relevant Swap Agreement.*

### Payments under the Swap Agreement

If so specified in the applicable Final Terms, either or both of BNP Paribas and BNP Paribas Financial Markets S.N.C. may enter into one or more swap agreements with the Issuer in its capacity as swap counterparty (the "**Swap Counterparty**") pursuant to the terms of a 2002 ISDA Master Agreement (the "**Master Agreement**") and a Schedule and confirmation(s) thereto (each such agreement, a "**Swap Agreement**") provided that where Charged Asset Structure 4 as described in *Description of the Charged Assets - Part VI - Charged Asset Structures* is applicable to a series, a European bank or other financial institution with securities admitted to trading on a regulated or equivalent market as specified in the applicable Final Terms will be the Swap Counterparty. The Swap Counterparties are described in the sections of this Base Prospectus entitled "Documents Incorporated By Reference" (in the case of BNP Paribas), and "Description of BNP Paribas Financial Markets S.N.C" (in the case of BNP Paribas Financial Markets S.N.C.).

Each Swap Agreement will be entered into in order to allow the Issuer to exchange certain cashflows received by, or to the order of, the Issuer in respect of the issue of the relevant Securities, the Compartment Assets (if any), any Deposit Agreement, any Repurchase Agreement and/or the proceeds of the issue of the relevant Series of Securities or from any other assets of the Issuer relating to that Series of Securities for amounts needed by the Issuer to meet its obligations under the Securities for that Series and any related transactions or will be a credit derivative transaction.

The payments due to be made by the Issuer and the Swap Counterparty in respect of a Swap Agreement are described in *Description of the Charged Assets - Part VI - Charged Asset Structures* and the applicable Charged Asset Structure will be set out in the Final Terms for a particular Series.

### Termination of Swap Agreement

The Swap Agreement will terminate on the final date on which a payment may be due thereunder (the "**Scheduled Swap Termination Date**") unless terminated earlier in accordance with the terms thereof.

### Early Termination

Termination of any Swap Agreement prior to the Scheduled Swap Termination Date will occur in limited circumstances, including, without limitation:

- (a) payment defaults by the Issuer or the Swap Counterparty under such Swap Agreement;
- (b) breach by the Issuer of any of its obligations under the Trust Deed or Agency Agreement;
- (c) bankruptcy events relating to the Issuer or the Swap Counterparty;
- (d) payment defaults by the Issuer or the Deposit Counterparty under the Deposit Agreement (where applicable);
- (e) the early redemption or an event of default of the Series in respect of which the Swap Agreement has been entered into, including as a result of Increased Cost Hedging or Hedging Disruption (to the extent applicable to the Series) (each as defined in "*Terms and Conditions of the Notes*", "*Terms and Conditions of the Warrants*" or "*Terms and Conditions of the Certificates*", as applicable and the

relevant Annexes thereto) provided that where the Swap Agreement has been entered into in respect of more than one Series of Securities (where the relevant Compartment is a Multi-Series Compartment), an early redemption of one Series of Securities will lead to the termination of only the Series Transaction under the Swap Agreement relating to that Series and may not lead to the termination of the transactions under the Swap Agreement relating to the other Related Securities; and

- (f) unless specified otherwise in the Swap Agreement, tax events relating to the Issuer and/or the relevant Swap Counterparty.

On an early termination of any Swap Agreement, an amount may be payable either to or by the Issuer in accordance with the terms of the relevant Swap Agreement. Such termination payment, unless otherwise set out in the relevant Swap Agreement, will be an amount payable equal to (a) the sum of (i) the Close-out Amount and (ii) the Unpaid Amounts owing to the non-defaulting (or non-affected) party less (b) the Unpaid Amounts owing to the defaulting (or affected) party. If the amount is positive, the defaulting (or affected) party will pay it to the non-defaulting (or non-affected) party; if it is negative, the non-defaulting (or non-affected) party will pay the absolute value of that amount to the defaulting (or affected) party. In circumstances where both parties are affected parties, both parties will determine their Close-out Amounts and the amount referred to in (a)(i) will be one half of the difference between the higher and lower of the Close-out Amounts calculated.

**"Close-out Amount"** means the amount of the losses or costs of the Determining Party that are or would be incurred under then prevailing circumstances (expressed as a positive number) or gains of the Determining Party that are or would be realised under then prevailing circumstances (expressed as a negative number) in replacing, or in providing for the Determining Party the economic equivalent of, (a) the material terms of the terminated transaction, including the payments and deliveries by the parties due in respect of the relevant terminated transaction that would, but for the occurrence of the relevant Early Termination Date, have been required after that date (assuming satisfaction of the conditions precedent requiring that no potential event of default or event of default under the Swap Agreement has occurred) and (b) the option rights of the parties in respect of the Swap Agreement.

Any Close-out Amount will be determined by the Determining Party (or its agent), which will act in good faith and use commercially reasonable procedures in order to produce a commercially reasonable result. Each Close-out Amount will be determined as of the Early Termination Date or, if that would not be commercially reasonable, as of the date or dates following the Early Termination Date as would be commercially reasonable.

Unpaid Amounts in respect of the terminated transactions and legal fees and out-of-pocket expenses which are payable under the terms of the Swap Agreement are to be excluded in all determinations of Close-out Amounts.

In determining a Close-out Amount, the Determining Party may consider any relevant information, including, without limitation, one or more of the following types of information:-

- (i) quotations (either firm or indicative) for replacement transactions supplied by one or more third parties that may take into account the creditworthiness of the Determining Party at the time the quotation is provided and the terms of any relevant documentation, including credit support documentation, between the Determining Party and the third party providing the quotation;
- (ii) information consisting of relevant market data in the relevant market supplied by one or more third parties including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads, correlations or other relevant market data in the relevant market; or
- (iii) information of the types described in clause (i) or (ii) above from internal sources (including any of the Determining Party's Affiliates) if that information is of the same type used by the Determining Party in the regular course of its business for the valuation of similar transactions.

The Determining Party will consider, taking into account the standards and procedures described in this definition, quotations pursuant to clause (i) above or relevant market data pursuant to clause (ii) above unless

the Determining Party reasonably believes in good faith that such quotations or relevant market data are not readily available or would produce a result that would not satisfy those standards. When considering information described in clause (i), (ii) or (iii) above, the Determining Party may include costs of funding, to the extent costs of funding are not and would not be a component of the other information being utilised. Third parties supplying quotations pursuant to clause (i) above or market data pursuant to clause (ii) above may include, without limitation, dealers in the relevant markets, end-users of the relevant product, information vendors, brokers and other sources of market information.

Without duplication of amounts calculated based on information described in clause (i), (ii) or (iii) above, or other relevant information, and when it is commercially reasonable to do so, the Determining Party may in addition consider in calculating a Close-out Amount any loss or cost incurred in connection with its terminating, liquidating or re-establishing any hedge related to the Swap Agreement (or any gain resulting therefrom).

Commercially reasonable procedures used in determining a Close-out Amount may include application to relevant market data from third parties pursuant to clause (ii) above or information from internal sources pursuant to clause (iii) above of pricing or other valuation models that are, at the time of the determination of the Close-out Amount, used by the Determining Party in the regular course of its business in pricing or valuing transactions between the Determining Party and unrelated third parties that are similar to the Swap Agreement.

**"Determining Party"** means the party determining the Close-out Amount.

**"Unpaid Amounts"** as used in the above paragraph means, with respect to the date on which the Swap Agreement is terminated early (the **"Swap Early Termination Date"**), the aggregate of (a) the amounts that become payable under the terminated transactions (or would have become payable but for the condition precedent contained in the Swap Agreement not being satisfied or the application of provisions relating to deferral of payments to any party) and which remain unpaid as at such Swap Early Termination Date, (b) in respect of each terminated transaction which was required to be settled by delivery (or would have been settled by delivery but for the condition precedent contained in the Swap Agreement not being satisfied or the application of provisions relating to deferral of deliveries) which was not so settled, an amount equal to the fair market value of that which was required to be delivered and (c) if the Early Termination Date results from an event of default, a credit event upon merger event or an additional termination event, any termination payment due prior to such Swap Early Termination Date which remains unpaid as of such Swap Early Termination Date, in each case together with any amount of interest accrued in accordance with the terms of the Swap Agreement.

Where the relevant terms and conditions of the Securities refer to the "Early Termination Amount (as defined in the Swap Agreement)" such amount will be calculated in a manner consistent with the methodology set out above.

Where a Delayed Redemption Event has occurred and the relevant event would also cause a termination of the Swap Agreement, in certain circumstances, the transaction constituted by the Swap Agreement may be split into two or more transactions, one of which will relate, *inter alia*, to the payment of interest amounts from a Deposit Agreement or from the relevant Reference Securities, as applicable, from the Issuer to the Swap Counterparty (a **"Continuing Interest Rate Swap Transaction"**) and only the transaction(s) other than the Continuing Interest Rate Swap Transaction will terminate prior to the Scheduled Swap Termination Date and the parties will continue to perform their obligations with respect to the Continuing Interest Rate Swap Transaction notwithstanding the occurrence of a Delayed Redemption Event. In such circumstances, only the transaction(s) other than the Continuing Interest Rate Swap Transaction will be terminated in connection with the relevant event and taken into account in the determination of the relevant Early Termination Amount (as defined in the Swap Agreement).

**"Delayed Redemption Event"** means an event which has led to the application of one or more of the following provisions in the Terms and Conditions of the Securities (including the additional terms and conditions of the Securities set out in the Annexes to the Terms and Conditions): Delayed Redemption on Occurrence of Additional Disruption Event and/or Optional Additional Disruption Event; Delayed Redemption on Occurrence of Index Adjustment Event; Delayed Redemption on Occurrence of Custom

Index Adjustment Event; Delayed Redemption on Occurrence of Extraordinary Event; Delayed Redemption on Occurrence of Debt Security Redemption Event; Delayed Redemption on the Occurrence of an Extraordinary ETI Event; and/or Delayed Redemption on Occurrence of Disruption Event.

Upon an early termination of a Swap Agreement, any termination payment payable by the Swap Counterparty to the Issuer may not be sufficient to repay the principal amount due to be paid in respect of the Notes and/or to pay any amounts that are due in respect of the Securities, and, where applicable, any Related Securities.

If the Issuer fails to perform any of its obligations under the Swap Agreement, this could lead to an Event of Default as defined in (a) Condition 11(a)(ii) where the Securities are Notes, whereupon the provisions of Conditions 11 and 12 of the Notes will apply, (b) Condition 12(a)(ii) where the Securities are Certificates, whereupon Conditions 12 and 14 of the Certificates will apply or (c) Condition 11(a)(ii) where the Securities are Warrants, whereupon the provisions of Conditions 11 and 13 of the Warrants will apply.

### Swap adjustments

Where one of Market Value or Highest Value is specified as applicable as the Early Redemption Amount applicable to Notes or Certificates in respect of one or more Early Redemption Events and such an Early Redemption Event occurs or another event occurs which results in the Market Value or Highest Value being payable in accordance with the terms and conditions of the Securities, the Swap Agreement will terminate and the amount payable as the termination payment in respect of the Swap Agreement will be equal to the Adjusted Early Termination Amount.

Where Monetisation Option is specified as applicable in respect of the Notes or Certificates in respect of one or more Early Redemption Events and such an Early Redemption Event occurs or another event occurs which results in the Monetisation Option being applicable in accordance with the terms and conditions of the Securities (a "**Monetisation Effective Event**"), the Swap Agreement will be split into two transactions with one transaction (the "**Terminating Transaction**") having a notional amount equal to the Terminating Swap Notional Amount and the Adjusted Early Termination Amount will be payable in respect of the Terminating Transaction and the other transaction (the "**Surviving Transaction**") will have a notional amount equal to the Swap Notional Amount less the Terminating Swap Notional Amount. The Surviving Transaction will also be deemed to be automatically adjusted so that where the Swap Counterparty may have an obligation to pay one or more amounts which are linked to the performance of an Underlying Reference, such payment obligation shall be amended so that an amount shall be due equal to the aggregate Monetisation Amount payable by the Issuer in respect of the relevant Securities less the final payment due to be received by the Issuer under the Deposit Agreement or the Reference Securities, as the case may be (and the calculation agent under the Swap Agreement may make any other necessary adjustments to the Swap Agreement it deems necessary as a consequence of the Monetisation Effective Event). Where such amount is a positive figure, the Swap Counterparty will pay such amount to the Issuer and, where such amount is a negative figure, the Issuer will pay the absolute value of such amount to the Swap Counterparty.

Where:

"**Adjusted Early Termination Amount**" means an amount equal to the amount of losses (expressed as a positive number) incurred or the gains (expressed as a negative number) realised by the Swap Counterparty in replacing, or in providing for the Swap Counterparty the economic equivalent of the material terms of the terminated transaction and the option rights of the parties in respect of the relevant terminated transaction provided that no account will be taken of funding costs or any loss or cost incurred in connection with the determining party terminating, liquidating or re-establishing any hedge related to the terminated transaction or any gain resulting therefrom. Where the Adjusted Early Termination Amount is a positive figure, an amount equal to such amount will be payable by the Issuer to the Swap Counterparty and where the Adjusted Early Termination Amount is a negative figure, an amount equal to the absolute value of such amount will be payable by the Swap Counterparty to the Issuer; and

"**Terminating Swap Notional Amount**" means the proportion of the notional amount of the Swap Agreement immediately prior to a Monetisation Effective Event (the "**Swap Notional Amount**") equal to the proportion that the Nominal Amount of the Notes or Notional Amount of the Certificates, as the case may be, in respect of which the holders elect to receive the Market Value of such Securities bears to the Aggregate Nominal Amount of the Notes or Aggregate Notional Amount of the Certificates, as the case may be.

## Collateralisation

The Swap Counterparty may be required to provide collateralisation in respect of its obligations under the relevant Swap Agreement. Collateralisation may be provided: (a) under a 1995 ISDA Credit Support Annex (Transfer – English law) (a "**Credit Support Annex**"); (b) a 1995 ISDA Credit Support Deed (Security Interest – English law) (a "**Credit Support Deed**") or (c) by the deposit of Swap Counterparty Collateral (as defined below) in an account (the "**Pledged Account**") in the name of the Swap Counterparty secured in favour of the Issuer by a pledge or such other security interest governed by the law of such jurisdiction as specified in the applicable Final Terms (a "**Pledge**"). The amount of any collateralisation and the circumstances in which it is payable or deliverable will be set out in the Credit Support Structure specified as being applicable in the applicable Final Terms. The custodian of Swap Counterparty Collateral posted under a Credit Support Annex or Credit Support Deed may be the Custodian or such other bank or institution as specified in the applicable Final Terms. Any Swap Counterparty Collateral posted pursuant to a Credit Support Annex and/or any rights of the Issuer under any Credit Support Deed will be secured by a charge on such Swap Counterparty Collateral or an assignment of such rights in favour of the Trustee for the benefit of the relevant Holders of Securities. It will be a term of the Credit Support Annex that the Swap Counterparty will be entitled to substitute Swap Counterparty Collateral (as defined below) held under the relevant Credit Support Annex without the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Credit Support Annex) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Credit Support Annex. Under the Credit Support Deed, the Swap Counterparty is entitled to substitute Swap Counterparty Collateral with the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Credit Support Deed) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Credit Support Deed. The Trustee is not responsible for monitoring the market value of the Swap Counterparty Collateral or any replacement Swap Counterparty Collateral, and is entitled to rely on certificates of the valuation agent or Swap Counterparty without further investigation or enquiry. Under the Pledge, the Swap Counterparty is entitled to substitute Swap Counterparty Collateral with the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Pledge) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Pledge.

The collateral provided by the Swap Counterparty under the Credit Support Annex, Credit Support Deed or Pledge (the "**Swap Counterparty Collateral**"), will consist of one or more of: (a) bonds or notes issued or guaranteed by the government of (i) Canada, France, Germany, Italy, Japan, the United Kingdom or the United States of America; or (ii) a country within the Euro-zone; (b) shares, units or other interests in a UCITS Fund; (c) any securities rated AAA/AAA/Aaa by one or more of S&P Global Ratings Europe Limited ("**S&P**") or Fitch Ratings Ireland Limited ("**Fitch**") or Moody's Deutschland GmbH ("**Moody's**") (including, without limitation, government bonds, corporate bonds, asset backed securities, Pfandbriefe and covered bonds); (d) cash denominated either in euro or sterling or, if not denominated in either euro or sterling, then denominated in the currency specified in the applicable Final Terms and/or (e) such other assets specified in the applicable Final Terms.

Each of S&P, Moody's and Fitch is established in the European Union and is registered under the CRA Regulation.

Substitution of Swap Counterparty Collateral by the Swap Counterparty under a Credit Support Annex or in respect of the pledged account will be permitted as set out in Condition 8(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Notes*", Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Warrants*" and Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Certificates*". Substitution of Swap Counterparty Collateral by the Swap Counterparty under a Credit Support Deed will be permitted as set out in Condition 8(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Notes*", Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex or Credit Support Deed*) of "*Terms and Conditions of the Warrants*" and Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex or Credit Support Deed*) of "*Terms and Conditions of the Certificates*" and in the following paragraph.

If a Credit Support Deed is entered into, under such Credit Support Deed the Swap Counterparty will post Swap Counterparty Collateral for its obligations under the Swap Agreement and grant English law governed security over such Swap Counterparty Collateral in favour of the Issuer. The amount of credit support to be provided by the Swap Counterparty under a Credit Support Annex or Credit Support Deed will be adjusted on the Swap Agreement Valuation Dates (as defined below) specified in the applicable Final Terms in the manner set out in the applicable Credit Support Structure. Subject to the provisions of the Credit Support Annex or Credit Support Deed, the Issuer will pay all cash, securities or other property it receives in respect of the Swap Counterparty Collateral to the Swap Counterparty. On any Business Day, the Swap Counterparty, pursuant to the terms of the Credit Support Deed, may give notice to the Issuer that it wishes to transfer new Swap Counterparty Collateral to the Issuer in exchange for some or all of the Swap Counterparty Collateral held by, or previously transferred to, the Issuer. On the Business Day immediately following such request (provided that where consent is required from the Issuer, such consent is given), the Issuer will be obliged to transfer collateral (the "**Exchanged Securities**") of the same type, nominal value and amount as those requested by the Swap Counterparty against receipt from the Swap Counterparty of new Swap Counterparty Collateral with a market value (as of the date of such transfer) as close as practicable to, but in any event not less than, as determined by the Credit Support Valuation Agent, the market value (on the previous valuation date under the Swap Agreement) of the Exchanged Securities.

If a Pledge is entered into which is governed by Luxembourg law (as specified in the applicable Final Terms), under such Pledge the Swap Counterparty will hold Swap Counterparty Collateral for its obligations under the Swap Agreement in an account in the name of the Swap Counterparty and will grant security governed by Luxembourg law (particularly the law of 5 August 2005 on financial collateral arrangements as amended (*loi du 5 août 2005 sur les contrats de garantie financière comme modifiée*)) over such Swap Counterparty Collateral (including all amounts received by or payable to the Swap Counterparty in respect of any present and future assets whatsoever standing now and/or in the future to the credit of the Pledged Account and any claim to the credit balance thereof) in favour of the Issuer as pledgee.

"**Euro-zone**" means the region comprised of Member States of the European Union that adopt the euro in accordance with the Treaty on the Functioning of the European Community (signed in Rome on 25 March 1957), as amended by the Treaty on European Union (signed in Maastricht on 7 February 1992), the Treaty of Amsterdam (2 October 1997) and the Treaty of Nice (26 February 2001).

"**UCITS Fund**" means an investment fund that qualifies as an undertaking for collective investment in transferable securities within the scope of Council Directive 85/611/EEC of 20 December 1985 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS), as such directive is amended, superseded and replaced from time to time.

"**MtM Value**" means, with respect to a Swap Agreement Valuation Date under the Credit Support Deed or Credit Support Annex, an amount determined by the Credit Support Valuation Agent in its sole discretion as the amount which would be payable by the Swap Counterparty in respect of the early termination of the Swap Agreement on such Swap Agreement Valuation Date or, as the case may be, where Credit Support Structure 3 is applicable and Issuer may be obliged to provide Issuer Posted Collateral, the amount which would be payable to the Swap Counterparty in respect of the early termination of the Swap Agreement on such Swap Agreement Valuation Date.

For the avoidance of doubt, if Credit Support Structure 3 is applicable, the Issuer may also be required to provide collateralisation in respect of its obligations under the relevant Swap Agreement under any Credit Support Annex or Credit Support Deed entered into with the Swap Counterparty so that either the Issuer or the Swap Counterparty or both of such parties may be required to provide collateralisation for their respective obligations under the relevant Swap Agreement.

Where Credit Support Structure 3 is applicable the amount of any collateralisation by the Issuer will be set out in the applicable Final Terms provided that the collateral to be posted by the Issuer will be the Reference Securities or cash in respect of the relevant Securities to which the Swap Agreement relates (the "**Issuer Posted Collateral**") and provided further that the Issuer shall not be required to post a principal amount of collateral greater than the principal amount of Reference Securities or cash acquired by the Issuer in respect of the relevant Series to which the Swap Agreement relates or, at the relevant time, then held by the Issuer.

Where the Issuer is required to deliver Issuer Posted Collateral to the Swap Counterparty under a Credit Support Annex or Credit Support Deed, the security granted over the relevant Charged Assets in favour of the Trustee will automatically be released without requiring the consent of the Trustee. Where the Swap Counterparty is obliged under the terms of the Credit Support Annex or Credit Support Deed to pay or deliver cash or securities (which will be equivalent to those securities originally posted by the Issuer) ("**Equivalent Issuer Posted Collateral**") by way of a return amount, such cash or securities will become subject to the security granted in favour of the Trustee by the Issuer in respect of the relevant Series.

If a Credit Support Deed is entered into, under such Credit Support Deed the Issuer will post Issuer Posted Collateral for its obligations under the Swap Agreement and grant English law governed security over such Issuer Posted Collateral in favour of the Swap Counterparty. If a Credit Support Annex is entered into, under such Credit Support Annex the Issuer will post Issuer Posted Collateral for its obligations under the Swap Agreement and will do so by transferring title to such Issuer Posted Collateral under the terms of the Credit Support Annex.

The amount of credit support to be provided by the Issuer under a Credit Support Annex or Credit Support Deed will be adjusted on the Swap Agreement Valuation Dates (as defined below) specified in the applicable Final Terms in the manner set out in the applicable Credit Support Structure. Subject to the provisions of the Credit Support Deed or the Credit Support Annex, as the case may be, the Swap Counterparty will pay all cash, securities or other property it receives in respect of the Issuer Posted Collateral to the Issuer.

#### **Transactions where a Swap Agreement is the only Charged Asset**

In relation to a Series of Securities where a Swap Agreement is the only Charged Asset and credit support is required to be provided by the Swap Counterparty, such Swap Agreement may be modified to replicate the economic effect of the a total return swap agreement so that the fair market value of the Swap Counterparty Collateral is always equal to the market value (or a proportion of such market value) of Securities held by Holders of Securities other than the Swap Counterparty.

In such circumstances, where the Swap Counterparty (or its affiliates) purchase Securities and wish to reduce the amount of Swap Counterparty Collateral posted, they are required to notify the Issuer and the Trustee of their holding of such Securities, and the Swap Counterparty Collateral posted under the Credit Support Annex, Credit Support Deed or Pledge would be reduced so that the fair market value of the Swap Counterparty Collateral would be equal to the fair market value (or the applicable proportion of such market value) of the Securities held by Holders of Securities other than the Swap Counterparty. Where the Swap Counterparty (or its affiliates) purchases Securities, it may deliver such Securities to the Issuer for cancellation.

Upon the occurrence of an Event of Default under the Securities or early termination of the Swap Agreement, the Swap Counterparty (or its affiliates) is obliged to deliver the Securities of such Series held by it to the Issuer. Upon downgrade of the rating of the Swap Counterparty (or, BNP Paribas, if the Swap Counterparty is BNP Paribas Financial Markets S.N.C.) below the level specified in the relevant Swap Agreement, any Securities held by the Swap Counterparty (or its affiliates) will be transferred to an account over which security is granted in favour of the Issuer.

Upon the occurrence of an Automatic Exercise Event in respect of the relevant Series of Warrants, to the extent that Warrants held by the Swap Counterparty (or its affiliates) have not been delivered to the Issuer for cancellation, the Swap Counterparty is obliged to pay the Cash Settlement Amount in respect of all the unexercised Warrants of such Series (including those held by the Swap Counterparty or its affiliates).

#### **Taxation**

Unless specified otherwise in the Swap Agreement, neither the Issuer nor the Swap Counterparty is obliged under the Swap Agreement to gross up any payment to be made under the Swap Agreement if withholding taxes are imposed. However, imposition of such withholding taxes may lead to the early termination of the relevant Swap Agreement.

### **Exclusivity**

The Issuer has agreed that it shall only enter into a Swap Agreement where BNP Paribas, BNP Paribas Financial Markets S.N.C. or any member of the BNP Paribas Group is the counterparty, unless otherwise agreed by BNP Paribas Financial Markets S.N.C. or BNP Paribas.

### **Swap Agreements in respect of Multi-Series Compartments**

Where the applicable Final Terms specify that the Compartment is a Multi-Series Compartment, the Issuer will enter into a swap transaction (a "**Series Transaction**") with the Swap Counterparty pursuant to an ISDA Master Agreement and Schedule (the "**Master Agreement**") (as amended and restated from time to time) and a master confirmation thereto (the "**Master Confirmation**") dated the issue date of the first Series of Securities to be issued through the relevant Compartment and a separate trade confirmation in respect of each Series of Securities to be issued through the Compartment dated on or around the issue date of the relevant Series of Securities (the "**Transaction Supplement**" and, together with the Master Agreement and the Master Confirmation, the "**Swap Agreement**") in each case between the Issuer and the Swap Counterparty. A Transaction Supplement governed by the Master Confirmation will be entered into in respect of each Series of Related Securities.

The Notional Amount of the Series Transaction shall be equal to the Aggregate Nominal Amount of the Notes or the Aggregate Notional Amount of the Certificates or the Aggregate Issue Amount of the Warrants, as the case may be, as of the Issue Date. As at any date, a factor (the "**Series Factor**") may be determined in respect of each Series Transaction and Transaction Supplement equal to the Notional Amount of the Series Transaction at the relevant date divided by the aggregate Notional Amounts of the Series Transactions entered into in respect of the Securities and each Series of Related Securities as at such date and which remain outstanding.

### **Reliance on creditworthiness of Swap Counterparty**

The ability of the Issuer to meet its obligations under the Securities may be dependent on its receipt of payments and/or deliveries the Swap Counterparty under the Swap Agreement. The Issuer will rely on the full and timely performance by the Swap Counterparty, amongst other parties, in order to pay the amounts due to the Holders of the Securities. Failure by the Swap Counterparty to perform its obligations (if any) fully and in a timely manner could lead to an Early Redemption Event.

Where the Issuer is obliged to transfer some or all of the Reference Securities to the Swap Counterparty pursuant to a Credit Support Annex. In the event of an Enforcement Event affecting the Issuer, the Swap Agreement is likely to terminate and in circumstances where the Issuer has transferred Issuer Posted Collateral to the Swap Counterparty, these Reference Securities will not be returned. Instead the value of such Reference Securities will be treated as an Unpaid Amount and factored into the calculation of the termination payment due under the Swap Agreement. If there is a mismatch between the value of the Issuer Posted Collateral and the close out value of the Swap Agreement, it is possible that there will be a termination payment due from the Swap Counterparty to the Issuer. If the Swap Counterparty fails to pay such termination payment, the Trustee will have no recourse to the Issuer Posted Collateral and instead will have to rely on the enforcement of the contractual rights the Issuer has in order to recover the termination payment from the Swap Counterparty.

"**Enforcement Event**" means, in the case of Notes, the enforcement of the security for the Notes in accordance with Condition 12 of the Notes following the occurrence of a Note Acceleration, in the case of Warrants the enforcement of the security for the Warrants in accordance with Condition 13 of the Warrants following the occurrence of a Warrant Acceleration or, in the case of Certificates, the enforcement of the security for the Certificates in accordance with Condition 14 of the Certificates following the occurrence of a Certificate Acceleration;

In respect of a series of Securities where the Issuer does not acquire Reference Securities or enter into a Repurchase Agreement, the Issuer will pay all the issue proceeds to the Swap Counterparty and the Issuer will be reliant on the performance by the Swap Counterparty of its obligations under the relevant Swap Agreement in order to satisfy the Issuer's obligations in respect of the Securities. If the Swap Agreement terminates, it is likely that a termination payment will be due from the Swap Counterparty. If the Swap

Counterparty fails to pay such termination payment, the Issuer or, in the case of an Enforcement Event, the Trustee will have to rely on the enforcement of the contractual rights the Issuer has in order to recover the termination payment from the Swap Counterparty.

Where a Credit Support Annex is entered into in connection with the Swap Agreement in respect of a series of Securities where the Issuer does not acquire Reference Securities or enter into a Repurchase Agreement, only the Swap Counterparty will transfer collateral to the Issuer. Such collateral will be available to be sold by the Issuer if the Swap Agreement terminates and the Swap Counterparty does not pay the relevant termination payment (if any) due under the Swap Agreement. If there is a mismatch between the value of the Swap Counterparty Collateral and the close out value of the Swap Agreement, it is possible that there will still be a termination payment due from the Swap Counterparty to the Issuer. If the Swap Counterparty fails to pay such termination payment, the Issuer or, in the case of an Enforcement Event, the Trustee, will have to rely on the enforcement of the contractual rights the Issuer has in order to recover the termination payment from the Swap Counterparty.

In respect of a series of Notional Value Repack Securities where Adjusted Asset Redemption Event is an applicable Early Redemption Event and RCA Maturity Call is specified as applicable in the applicable Final Terms, following the occurrence of a RCA Maturity Call Option Event in respect of which the Reference Securities are redeemed in full, or in respect of other Securities where there is a delay between the maturity date of the Reference Securities and the Maturity Date or the Redemption Date of the Securities, and where applicable under the relevant Charged Asset Structure, the ability of the Issuer to make payment of amounts due under the Securities will be dependent on the receipt by it of payments from the Swap Counterparty as the Issuer will pay the redemption proceeds from the Reference Securities to the Swap Counterparty pursuant to the Swap Agreement. Other than any collateral which may be transferred by the Swap Counterparty pursuant to the Credit Support Annex (if any) or any Credit Support Deed, the only security for the Securities during the period between the maturity date of the Reference Securities and the Maturity Date or Redemption Date (as applicable) of the Securities will consist of the Issuer's rights under the Transaction Documents relating to the Securities (including its rights against the Swap Counterparty). The only security for the Securities during such period will consist of the Issuer's rights under the Transaction Documents relating to the Notional Value Repack Securities (including its rights against the Swap Counterparty).

### DESCRIPTION OF THE CHARGED ASSETS - PART III - DESCRIPTION OF THE DEPOSIT AGREEMENT

*The following description of the Deposit Agreement which the Issuer may enter into for each Series of Securities should be read in conjunction with the Final Terms for each Series, the applicable Charged Asset Description and together this description, the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of such Deposit Agreement which is qualified in its entirety by reference to the detailed provisions of such Deposit Agreement for each specific Series of Securities. The following summary does not purport to be complete, and prospective investors must refer to the applicable Final Terms and the relevant Deposit Agreement for detailed information regarding the relevant Deposit Agreement.*

#### **Deposit**

If specified in the applicable Final Terms, some or all of the proceeds of the Securities received by the Issuer on the Issue Date will be paid to such European bank or other financial institution with securities admitted to trading on a regulated or equivalent market as is specified in the applicable Final Terms (the "**Deposit Counterparty**") (such deposit, the "**Deposit**") pursuant to a deposit agreement (the "**Deposit Agreement**") entered into on the Issue Date between the Issuer and the relevant Deposit Counterparty.

#### **Security**

The Issuer will grant security over its rights under the Deposit Agreement in favour of the Trustee for itself and as trustee for the Secured Parties in the manner set out in the applicable Final Terms for the relevant Series of Securities.

#### **Interest**

The Deposit may bear interest (which may be positive or negative). Where such interest is positive and is used by the Issuer to make payments in respect of the Securities, the Final Terms will specify the rate of interest payable by the Deposit Counterparty under the Deposit.

#### **Repayment**

The Final Terms will specify the date and terms on which the Deposit (and any interest accrued, if applicable) will be repaid to the Issuer.

#### **Early repayment on a redemption following Swap Counterparty optional termination**

If Condition 7(f) (*Redemption following Swap Counterparty optional termination*) of "*Terms and Conditions of the Notes*", if Condition 9(h) (*Swap Counterparty optional termination*) of "*Terms and Conditions of the Warrants*" or if Condition 9(h) (*Swap Counterparty optional termination*) of "*Terms and Conditions of the Certificates*" is specified as applying in the applicable Final Terms, in the event that notice is given in accordance with such Condition, the Deposit will, unless otherwise specified in the applicable Final Terms, become repayable on the date specified for redemption of the relevant Notes or Certificates or the exercise of the Warrants, as the case may be (or such other date as is specified in the applicable Final Terms) in accordance with the Conditions together with, in the case of Notes or Certificates, any interest accrued and unpaid to such date.

#### **Early repayment on a redemption following Issuer optional redemption**

If Condition 7(c) (*Redemption at the Option of the Issuer*) of "*Terms and Conditions of the Notes*", if Condition 8(d) (*Termination at the Option of the Issuer*) of "*Terms and Conditions of the Warrants*", or if Condition 8(c) (*Redemption at the Option of the Issuer*) of "*Terms and Conditions of the Certificates*" is specified as applying in the applicable Final Terms, in the event that notice is given in accordance with such Conditions, the Deposit will, unless otherwise specified in the applicable Final Terms, become repayable on the date specified for redemption of the relevant Notes or Certificates, or the termination of the Warrants, as

the case may be (or such other date as is specified in the applicable Final Terms) in accordance with the Conditions together with, in the case of Notes or Certificates, any interest accrued and unpaid to such date.

**Early repayment on a redemption following optional redemption by the relevant Holder of Securities**

If Condition 7(d) (*Redemption at the Option of the Noteholders*) of "*Terms and Conditions of the Notes*" or Condition 8(d) (*Redemption at the Option of the Certificateholders*) of "*Terms and Conditions of the Certificates*" is specified as applying in the applicable Final Terms, in the event that notice is given in accordance with such Condition, the Deposit will, unless otherwise specified in the applicable Final Terms, become repayable on the date specified for redemption of the relevant Notes or Certificates, as the case may be, (or such other date as is specified in the applicable Final Terms) in accordance with the applicable Conditions together with any interest accrued and unpaid to such date.

**Early repayment on purchase of Securities by the Issuer**

Upon purchase of Notes pursuant to Condition 7(i) (*Purchases*) of "*Terms and Conditions of the Notes*", purchase of Warrants pursuant to Condition 8(a) (*Purchases*) of "*Terms and Conditions of the Warrants*", or purchase of Certificates pursuant to Condition 8(i) (*Purchases*) of "*Terms and Conditions of the Certificates*" the Deposit will, unless otherwise specified in the applicable Final Terms, become repayable on the date of such purchase in a principal amount equal to the lesser of (i) in the case of the Notes or Certificates, an amount equal to the number of Notes or Certificates, as the case may be, that are so purchased divided by the total number of Notes or Certificates remaining outstanding immediately prior to such purchase multiplied by the then current value of the Deposit and, in the case of the Warrants, an amount equal to the number of Warrants that are so purchased divided by the total number of Warrants remaining unexercised immediately prior to such purchase multiplied by the then current value of the Deposit; and (ii) the notional amount of the Deposit, provided that if the Charged Assets relating to such Securities are constituted by a combination of Compartment Assets and Cash Assets, a *pro rata* proportion of the Deposit shall become so repayable and provided further that where the Securities are to be purchased in full, the Deposit shall be repaid in full together with any interest accrued and unpaid thereon.

**Early repayment on purchase of Securities by the Swap Counterparty**

Unless otherwise specified in the applicable Final Terms, upon termination of the Swap Agreement in whole or in part following the service of a written notice on the Issuer by the Swap Counterparty in accordance with Condition 8(h)(ii) (*Repurchase*) of "*Terms and Conditions of the Notes*", Condition 9(h)(ii) (*Repurchase*) of "*Terms and Conditions of the Warrants*" or Condition 9(h)(ii) (*Repurchase*) of "*Terms and Conditions of the Certificates*" the Deposit shall become repayable in an amount equal to the lesser of: (i) the Proportion (as defined, in the case of Notes, in Condition 8(h)(ii) of "*Terms and Conditions of the Notes*", in the case of Warrants, Condition 9(h)(ii) of "*Terms and Conditions of the Warrants*" and, in the case of Certificates, Condition 9(h)(ii) of "*Terms and Conditions of the Certificates*"); and (ii) the notional amount of the Deposit, provided that if the Charged Assets relating to such Securities are constituted by a combination of Compartment Assets and cash, a *pro rata* proportion of the Deposit shall become so repayable.

**Repayment**

The relevant amount payable to the Issuer under the Deposit Agreement by the Deposit Counterparty shall be paid on such date to such compartment account with such bank as the Issuer (or the Swap Counterparty, on behalf of the Issuer) may direct.

**Ratings**

The Final Terms will specify what ratings, if any, the Deposit Counterparty will be required to maintain.

**Termination**

Termination of the Deposit Agreement prior to its scheduled termination date will occur in limited circumstances, including, without limitation:

- (a) payment defaults by the Issuer or the Deposit Counterparty under the Deposit Agreement;

- (b) insolvency related events relating to the Issuer and/or the Deposit Counterparty;
- (c) the occurrence of an Early Redemption Event in the case of Notes or Certificates or an Early Termination Event in the case of warrants or an Event of Default in respect of the Securities in respect of which the Deposit Agreement has been entered into; and
- (d) the Issuer purchasing all the Securities outstanding.

The occurrence of the events in (a) and (b) will constitute an Early Redemption Event in the case of Notes or Certificates or an Early Termination Event in the case of Warrants and will lead to each Security being redeemed at its Early Redemption Amount in the case of Notes or Certificates or Early Termination Amount in the case of Warrants. Where the Deposit Agreement terminates prior to its scheduled termination date for whatever reason, the Issuer may receive an amount lower than the scheduled final payment which would have paid on such scheduled termination date from the Deposit Counterparty.

#### **Taxation**

Unless otherwise specified in the applicable Final Terms, all payments by the Deposit Counterparty will be made net of any deduction or withholding of any nature required to be made from such payments by applicable law or regulation.

#### **Purchase of Securities by the Deposit Counterparty**

The Issuer may agree to purchase Securities which have been purchased by the Deposit Counterparty. Such purchase by the Issuer will be funded by the realisation of the equivalent proportion of the Charged Assets. Any such purchase by the Issuer will be made in accordance with Condition 7(i) (*Purchases*) of "*Terms and Conditions of the Notes*" (in the case of Notes), Condition 8(a) (*Purchases*) of "*Terms and Conditions of the Warrants*" (in the case of Warrants) and Condition 8(i) (*Purchases*) of "*Terms and Conditions of the Certificates*" (in the case of Certificates).

**DESCRIPTION OF THE CHARGED ASSETS - PART IV - DESCRIPTION OF THE REPURCHASE AGREEMENT**

*The following description of the Repurchase Agreement should be read in conjunction with the Final Terms for each Series of Securities and the applicable Charged Asset Description, together this description and the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of the Repurchase Agreement which is qualified by reference to the detailed provisions of the Repurchase Agreement for each specific Series of Securities. The following summary, in conjunction with the summary in the applicable Final Terms, does not purport to be complete, and prospective investors must refer to the relevant Repurchase Agreement for detailed information regarding the Repurchase Agreement.*

**Repurchase Agreement**

If specified in the Final Terms, BNP Paribas or BNP Paribas Financial Markets S.N.C. (as specified in the applicable Final Terms) (in such capacity, the "**Repo Counterparty**") and the Issuer will enter into one or more master repurchase agreements, in each case substantially in the form of (i) a 2000 TBMA/ISMA Global Master Repurchase Agreement, (ii) an FBF Master Agreement for Purchase Transactions (*Convention Cadre FBF relative aux opérations de pensions livrées*) or (iii) a similar master agreement for repurchase transactions (each as amended, supplemented or otherwise modified from time to time and each a "**Master Repurchase Agreement**"). Pursuant to the Master Repurchase Agreement the Issuer may enter into a series of repurchase transactions (each a "**Repo Transaction**") for each Series of Securities (together, for each Series, a "**Repurchase Agreement**") with the Repo Counterparty in respect of the securities or other assets specified in the applicable Final Terms (the "**Repo Collateral Securities**"). Under each such Repo Transaction, the Repo Counterparty will be the seller of Repo Collateral Securities which will constitute the Compartment Assets for the relevant Series and the Issuer will be the buyer. The Issuer will grant security over its rights under the Repurchase Agreement and over the Compartment Assets purchased thereunder in favour of the Trustee for itself and as trustee for the Secured Parties in the manner set out in the applicable Final Terms for the relevant Series of Securities.

Under the Repurchase Agreement, on the Initial Repo Purchase Date specified in the applicable Final Terms for the relevant Series of Securities, the Issuer will purchase from the Repo Counterparty the Repo Collateral Securities specified in the applicable Final Terms for a consideration and with a market value equal to the amount set out in the applicable Final Terms.

The first Repo Transaction will commence on the Initial Repo Purchase Date and end on the first repurchase date (the "**First Repurchase Date**") applicable to the Repo Transaction following the Initial Repo Purchase Date. Each subsequent Repo Transaction will commence on a purchase date (in each case, together with the Initial Repo Purchase Date, a "**Purchase Date**") which will usually be the same date as the immediately preceding repurchase date and end on the next following repurchase date under the terms of the Repurchase Agreement (in each case, together with the First Repurchase Date, a "**Repurchase Date**") with the last such Repo Transaction terminating on or shortly before the Maturity Date (in the case of Notes), Redemption Date (in the case of Certificates) or Settlement Date (in the case of Warrants) (the "**Final Repo Date**"). On each Repurchase Date for each Series of Securities, the Repo Counterparty will repurchase securities equivalent to the Repo Collateral Securities sold by it in relation to such Series of Notes, Warrants or Certificates on the previous Purchase Date for a consideration equal to the purchase price for that Repo Transaction as specified in the applicable Final Terms together with a price differential or accrued interest amount (the "**Price Differential**" or the "**Accrued Interest**") determined in accordance with the terms of the Repurchase Agreement (together, in each case for each Series of Securities, the "**Repurchase Price**"). Subsequent Transactions need not relate to the same portfolio of Compartment Assets, but will have the same purchase price (in each case, the "**Purchase Price**"), subject to adjustment if the Securities are purchased by the Issuer or further Tranches of Securities are issued by the Issuer.

### **Purchase of Securities**

Where further Tranches of Securities are issued and the Issuer purchases additional Repo Collateral Securities from the Repo Counterparty under the Repurchase Agreement (which for avoidance of doubt will be repurchased by the Repo Counterparty on the same Repurchase Date as the Repo Collateral Securities purchased by the Issuer on the immediately preceding Purchase Date) or where the Issuer purchases Securities and sells Repo Collateral Securities to the Repo Counterparty in order to fund such purchase, a fee in addition to the relevant Purchase Price or Repurchase Price (as applicable) may be payable by the Issuer to the Repo Counterparty or by the Repo Counterparty to the Issuer depending on prevailing market conditions. Where the Issuer purchases Securities, a Repurchase Date shall occur with respect to the proportion of the Repurchase Agreement equal to the Nominal Amount of Notes, the Notional Amount of Certificates or the number of Warrants, as the case may be, being purchased (the "**Purchased Proportion**") and Accrued Interest will be reflected in the Repurchase Price paid by the Repo Counterparty to the Issuer in respect of the Purchased Proportion.

Capitalised terms used in this "Description of the Repurchase Agreement" and not defined herein shall have the meanings given to them in the Final Terms for the relevant Series of Securities or the applicable Charged Asset Structure.

### **Early termination and cancellation**

Any Repurchase Agreement for a Series of Securities will be subject to early termination only in limited circumstances, including without limitation:

- (a) payment defaults and/or failure to deliver securities by the Issuer or the Repo Counterparty under such Repurchase Agreement;
- (b) bankruptcy events relating to the Issuer or the relevant Repo Counterparty;
- (c) in the case of Notes and Certificates, the early redemption or, in the case of Warrants, the cancellation, as applicable, or an event of default of the Series of Securities in respect of which the Repurchase Agreement has been entered into; and
- (d) tax events relating to the Issuer or the relevant Repo Counterparty.

Upon early termination of the Repurchase Agreement, a termination payment may be due between the parties in accordance with the terms of the relevant Repurchase Agreement.

### **Further notes, warrants or certificates**

If the Issuer issues further notes pursuant to Condition 16 (*Further Notes*) of "*Terms and Conditions of the Notes*", further Warrants pursuant to Condition 15 (*Further Warrants*) of "*Terms and Conditions of the Warrants*", or further Certificates pursuant to Condition 17 (*Further Certificates*) of "*Terms and Conditions of the Certificates*" as applicable, the Issuer may purchase from the Repo Counterparty Compartment Assets for a consideration of, and with a market value equal to, the principal amount of such further notes (or such proportion as is specified where an amount less than the full proceeds of the issue of such further notes is used to purchase Compartment Assets) or the aggregate issue price of such further Warrants (or such proportion as is specified where an amount less than the full proceeds of the issue of such further Warrants, is used to purchase Compartment Assets), or the aggregate issue proceeds such further Certificates (or such proportion as is specified where an amount less than the full proceeds of the issue of such further Certificates is used to purchase Compartment Assets) each as set out in the applicable Final Terms. Following such issue, the Repurchase Price for the then current Repo Transaction shall be increased by such principal amount (or such proportion of such principal amount) or the aggregate issue price (or such proportion of such market aggregate issue price) and the Purchase Price for all subsequent Transactions shall then be increased by an amount equal to such principal amount (or such proportion of such principal amount) or such aggregate issue price (or such proportion of such aggregate issue price).

**Substitution of Compartment Assets**

For each Series of Securities, the Repurchase Agreement will permit the Repo Counterparty to deliver to the Issuer new Repo Collateral Securities in substitution or exchange for existing Repo Collateral Securities relating to a Series of Securities, subject to the relevant Repurchase Agreement, provided that such substitution or exchange does not result in the Issuer becoming subject to a Net Exposure under the current Transaction for that Series of Securities. Such substitution or exchange in respect of Repo Collateral Securities relating to any Series shall take place without the need for the Repo Counterparty to obtain any prior consents.

**Downgrade**

The Repo Counterparty may be required to provide collateralisation in respect of its obligations under the Repurchase Agreement upon the occurrence of certain events linked to the rating of the Repo Counterparty. The amount of collateralisation and the circumstances in which it is due to be paid will be set out in the Final Terms.

**DESCRIPTION OF THE CHARGED ASSETS - PART V - DESCRIPTION OF THE  
COLLATERAL EXCHANGE AGREEMENT**

*The following description of the Collateral Exchange Agreement should be read in conjunction with the Final Terms for each Series of Securities and the applicable Charged Asset Description, together this description and the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of the Collateral Exchange Agreement which is qualified by reference to the detailed provisions of the Collateral Exchange Agreement for each specific Series of Securities. The following summary, in conjunction with the summary in the applicable Final Terms, does not purport to be complete, and prospective investors must refer to the relevant Collateral Exchange Agreement for detailed information regarding the Collateral Exchange Agreement.*

**Collateral Exchange Agreement**

If so specified in the Final Terms, one of BNP Paribas or BNP Paribas Financial Markets S.N.C. (the "**Collateral Exchange Counterparty**") and the Issuer will enter into one or more collateral exchange agreements, in each case substantially in the form of (i) a 2000 ISLA Global Master Securities Lending Agreement and schedule (as amended) or (ii) a 2010 ISLA Global Master Securities Lending Agreement and schedule (as amended) or (iii) another form of agreement relating to the exchange of securities (for each series, a "**Collateral Exchange Agreement**") provided that where Collateral Exchange Structure 2 as described in *Description of the Charged Assets - Part VI - Charged Asset Structures* is applicable to a series, a European bank or other financial institution with securities admitted to trading on a regulated or equivalent market as specified in the applicable Final Terms will be the Collateral Exchange Counterparty. The Issuer will grant security over its rights under the Collateral Exchange Agreement and over the Replacement Collateral Assets (if any) it receives thereunder in favour of the Trustee for itself and as trustee for the relevant Secured Parties. The Collateral Exchange Agreement in respect of any series of Notional Value Repack Securities will be entered into on or around the Issue Date of the relevant series of Notional Value Repack Securities.

**Collateral Exchange Agreement – Two Way Transfer**

Where Collateral Exchange Agreement – Two Way Transfer is applicable pursuant to the Collateral Exchange Agreement the Collateral Exchange Counterparty may, at its option, enter into one or more transaction (each an "**Exchange Transaction**") with the Issuer in respect of the relevant Reference Securities. Under such Exchange Transactions, the Issuer will transfer to the Collateral Exchange Counterparty all or part of the Reference Securities (the "**Received Collateral**") and the Collateral Exchange Counterparty will transfer Replacement Collateral Assets to the Issuer. Subject to the circumstances in which the Collateral Exchange Agreement will terminate early (as described below), the Exchange Transactions shall terminate on the maturity date of the Reference Securities (or on any earlier date as specified by the Collateral Exchange Counterparty) and the Collateral Exchange Counterparty will transfer Equivalent Securities which it received to the Issuer on such date and the Issuer will transfer securities equivalent to the Replacement Collateral Assets which it received.

The Collateral Exchange Counterparty may be required under the Collateral Exchange Agreement to pay the Issuer a fee in connection with entering into the Collateral Exchange Agreement and will be required to transfer collateral to the Issuer against transfer of the relevant Reference Securities or part thereof by the Issuer under the Collateral Exchange Agreement, as set out in Collateral Exchange Structure 1.

Under the Collateral Exchange Agreement, the Collateral Exchange Counterparty will pay to the Issuer amounts equal to the amounts that would have been received by the Issuer under the Received Collateral if it had not transferred such Received Collateral to the Collateral Exchange Counterparty (which shall be net of deductions or withholding for tax, where so specified in the applicable Final Terms) and the Issuer will pay to the Collateral Exchange Counterparty amounts equal to the amounts that would have been received by the Collateral Exchange Counterparty under the relevant Replacement Collateral Assets if it had not transferred such Replacement Collateral Assets to the Collateral Exchange Counterparty.

### **Collateral Exchange Agreement – One Way Transfer Securities Lending**

Where Collateral Exchange Agreement – One Way Transfer Securities Lending is applicable pursuant to the Collateral Exchange Agreement the Collateral Exchange Counterparty may, at its option, enter into one or more transaction (each an "**Exchange Transaction**") with the Issuer in respect of the relevant Reference Securities. Under such Exchange Transactions, the Issuer will transfer to the Collateral Exchange Counterparty all or part of the Reference Securities (the "**Received Collateral**"). Subject to the circumstances in which the Collateral Exchange Agreement will terminate early (as described below), the Exchange Transactions shall terminate on the maturity date of the Reference Securities (or on any earlier date as specified by the Collateral Exchange Counterparty) and the Collateral Exchange Counterparty will transfer securities equivalent to the Received Collateral ("**Equivalent Securities**") to the Issuer on such date.

The Collateral Exchange Counterparty may be required under the Collateral Exchange Agreement to pay the Issuer a fee in connection with entering into the Collateral Exchange Agreement. Under the Collateral Exchange Agreement, the Collateral Exchange Counterparty will pay to the Issuer amounts equal to the amounts that would have been received by the Issuer under the Received Collateral if it had not transferred such Received Collateral to the Collateral Exchange Counterparty.

### **Collateral Exchange Agreement – Triparty Transfer**

Where Collateral Exchange Agreement – Triparty Transfer is applicable, in addition to, and in connection with, the Collateral Exchange Agreement, the Collateral Exchange Counterparty and the Issuer (or an agent on behalf of the Issuer) will enter into a triparty securities lending service agreement with Euroclear Bank S.A./N.V. (in such capacity, the "**Triparty Services Agent**") (the "**Triparty Agreement**") on the basis of a Securities Lending Service Agreement comprised of the Securities Lending Service Agreement Terms and Conditions dated March 2017 (as such terms and conditions are amended, supplemented, replaced or otherwise modified from time to time) and the Securities Lending Service Agreement – Operating Procedures dated April 2017 (as such operating procedures are amended, supplemented, replaced or otherwise modified from time to time) in standard form as published by the Triparty Services Agent together with annexes thereto pursuant to which the Triparty Services Agent will determine the market value of the Reference Securities and Replacement Collateral Assets and administer the Replacement Collateral Assets. The Collateral Exchange Counterparty and the Issuer may at any time at the request of the Collateral Exchange Counterparty terminate the Triparty Agreement and/or enter into alternative triparty agreements. Pursuant to the Collateral Exchange Agreement the Collateral Exchange Counterparty may, at its option, enter into one or more transactions (each an "**Exchange Transaction**") with the Issuer in respect of the relevant Reference Securities. Under such Exchange Transactions, the Issuer will transfer to the Collateral Exchange Counterparty all or part of the Reference Securities (the "**Received Collateral**") and Replacement Collateral Assets will be transferred to the Issuer. Transfers of Replacement Collateral Assets will be made and administered by the Triparty Services Agent on behalf of the parties under the Collateral Exchange Agreement in the same way as if Collateral Exchange Agreement – Two Way Transfer is applicable. For so long as the Collateral Exchange Agreement is subject to the Triparty Agreement the Reference Securities and the Replacement Collateral Assets must be subject to clearing through Euroclear and/or such other clearing system as may be required for the purposes of the Triparty Agreement; and for so long as the Collateral Exchange Agreement is subject to a Triparty Agreement, are securities which are eligible for use under the Triparty Agreement as set out in the Securities Lending Service Agreement – Operating Procedures dated April 2017 (as such operating procedures are amended, supplemented, replaced or otherwise modified from time to time). In connection with the Triparty Agreement, the Issuer (or an agent of the Issuer) may enter into Belgian law governed security documentation with the applicable Trustee, an entity acting as the representative of the Trustee.

If at any time the Triparty Services Agent is unable to perform its role under the Triparty Agreement, the Collateral Exchange Counterparty and the Issuer shall use commercially reasonable endeavours to enter into a triparty securities lending service agreement with an entity of equivalent standing to the Triparty Services Agent. If, having used commercially reasonable endeavours such an agreement is not entered into, the Collateral Exchange Counterparty and the Issuer shall make such amendments to the Collateral Exchange Agreement as are necessary to reflect a bilateral arrangement between the Issuer and the Collateral Exchange Counterparty with substantially similar economic terms. For the avoidance of doubt, the Collateral Exchange

Agreement will not terminate solely as a result of the termination of the Triparty Agreement and no Early Redemption Event will occur in respect thereof.

### Termination

The Collateral Exchange Agreement includes events of default such as bankruptcy of the Issuer or the Collateral Exchange Counterparty and failure to make payments or deliveries thereunder. The Collateral Exchange Agreement will terminate automatically upon the occurrence of any such event of default. Additionally, the Collateral Exchange Agreement will terminate automatically upon the termination of the Swap Agreement relating to the relevant series of Securities in accordance with the terms thereof. The Collateral Exchange Counterparty may terminate the Collateral Exchange Agreement upon giving notice to the Issuer in accordance with the provisions of the Collateral Exchange Agreement. The Issuer will not be entitled to terminate the Collateral Exchange Agreement before the maturity date of the Reference Securities, except following the occurrence of an event of default (as set out in the Collateral Exchange Agreement) with respect to the Collateral Exchange Counterparty. The Collateral Exchange Agreement may also terminate automatically in other circumstances pursuant to the terms of the Collateral Exchange Agreement.

Upon the early termination of the Collateral Exchange Agreement at the option of the Collateral Exchange Counterparty, the Collateral Exchange Counterparty will transfer equivalent securities in respect of the Received Collateral to the Issuer in accordance with the provisions of the Collateral Exchange Agreement and, save where Collateral Exchange One Way Transfer Securities lending is applicable, the Issuer will transfer equivalent securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty.

Upon the early termination of the Collateral Exchange Agreement where Collateral Physical Settlement is applicable in respect of an Early Redemption Event and no Related Agreement Counterparty Default has occurred, the Collateral Exchange Counterparty will use commercially reasonable efforts to transfer equivalent securities in respect of the Received Collateral to the Issuer in accordance with the provisions of the Collateral Exchange Agreement and, save where Collateral Exchange One Way Transfer Securities Lending is applicable, the Issuer will transfer equivalent securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty. Where the Collateral Exchange Counterparty is unable (after using commercially reasonable efforts) to transfer equivalent securities in respect of all or part of the Received Collateral to the Issuer in accordance with the provisions of the Collateral Exchange Agreement (such securities which are not transferred being "**Undelivered Equivalent Securities**"), the Collateral Exchange Counterparty will pay an amount equal to the fair market value (as determined by the Collateral Exchange Counterparty) of the relevant Undelivered Equivalent Securities to the Issuer in lieu of such delivery.

Upon the early termination of the Collateral Exchange Agreement upon the occurrence of an event of default thereunder in respect of the Issuer or the Collateral Exchange Counterparty or the early termination of the Swap Agreement due to an event of default thereunder in respect of the Issuer or the Swap Counterparty or the occurrence of an Event of Default in respect of the Securities, there will be no further exchange of securities and instead a termination payment will be calculated in accordance with the terms of the Collateral Exchange Agreement which will be calculated by reference to the market value of the Received Collateral and the Replacement Collateral Assets (if any) including any further Replacement Collateral Assets which have been transferred to the Issuer as credit support by the Collateral Exchange Counterparty.

Upon the early termination of the Collateral Exchange Agreement due to the occurrence of an Early Redemption Event (other than in the circumstances set out immediately above or where Collateral Physical Settlement is applicable in respect of an Early Redemption Event and no Related Agreement Counterparty Default has occurred), the Issuer will sell its rights under the Collateral Exchange Agreement to receive equivalent securities in respect of the Received Collateral from the Collateral Exchange Counterparty and upon effecting such sale, save where Collateral Exchange One Way Transfer Securities Lending is applicable, the Issuer will transfer equivalent securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty.

### **Reliance on creditworthiness of Collateral Exchange Counterparty**

The ability of the Issuer to meet its obligations under the Securities may be dependent on its receipt of payments and/or deliveries the Collateral Exchange Counterparty under the Collateral Exchange Agreement. The Issuer will rely on the full and timely performance by the Swap Counterparty and/or the Repo Counterparty and/or the Collateral Exchange Counterparty in order to pay the amounts due to the Holders of the Securities. Failure by the Collateral Exchange Counterparty to perform its obligations (if any) fully and in a timely manner could lead to an Early Redemption Event.

In the event of the insolvency of the Collateral Exchange Counterparty (where relevant), where the Issuer will rank as an unsecured creditor of the Collateral Exchange Counterparty with respect to the return of any part of the Reference Securities which have been transferred by the Issuer to the Collateral Exchange Counterparty pursuant to the Collateral Exchange Agreement (the "Received Collateral"). Where Collateral Exchange Agreement - Two Way Transfer or Collateral Exchange – Triparty Transfer is applicable, although the Issuer will have received Replacement Collateral Assets from the Collateral Exchange Counterparty, Holders of the Securities are exposed to the credit risk of the Collateral Exchange Counterparty on an unsecured basis to the extent the Replacement Collateral Assets cannot be sold for the same amount as a sale of the Received Collateral would have realised if such Reference Securities had not been transferred to the Collateral Exchange Counterparty.

Where Collateral Exchange Agreement - One Way Transfer Securities Lending is applicable, although the Issuer will grant security over its rights against the Collateral Exchange Counterparty under the Collateral Exchange Agreement, prospective investors should note that as the Issuer will not receive replacement collateral from the Collateral Exchange Counterparty, the Issuer is therefore exposed (and as a consequence the Holders of Securities are effectively exposed) to the credit risk of the Collateral Exchange Counterparty on an unsecured basis to the extent the Collateral Exchange Counterparty does not return equivalent Received Collateral or, in the event of such failure, is unable to pay the relevant termination payment due under the Collateral Exchange Agreement.

If an Enforcement Event occurs with respect to the Issuer in the period from the Issue Date and prior to the date on which the Collateral Exchange Counterparty transfers Equivalent Securities in respect of the Received Collateral, the Collateral Exchange Agreement will terminate and instead of transferring Equivalent Securities to the Issuer, the Collateral Exchange Counterparty will be obliged to pay a termination payment to the Issuer. This termination payment will be equal to the market value of the Received Collateral determined in accordance with the terms of the Collateral Exchange Agreement. If the Collateral Exchange Counterparty fails to pay the relevant termination payment, the Trustee will have no recourse to the Received Collateral and instead will have to rely on the enforcement of the contractual rights the Issuer has in order to recover the termination payment from the Collateral Exchange Counterparty.

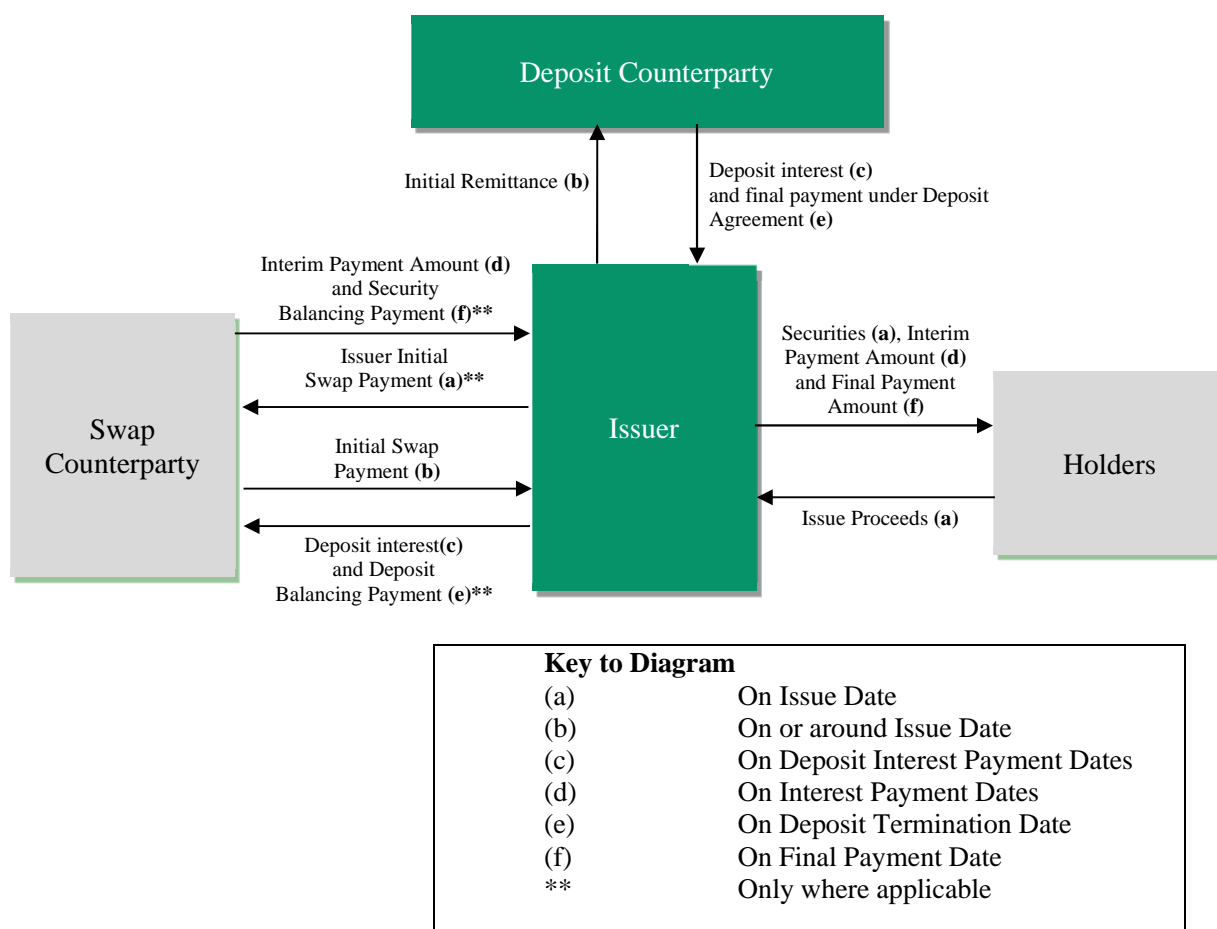

**DESCRIPTION OF THE CHARGED ASSETS - PART VI - CHARGED ASSET STRUCTURES**

*One of the following descriptions of the Charged Asset Structures will apply to the Securities as specified in the applicable Final Terms.*

*References to "Automatic Early Settlement Amount", "Automatic Early Settlement" and "or where Automatic Early Settlement is applicable", "Automatic Early Settlement Event (where applicable)" and associated references shall be disregarded where Automatic Early Settlement does not apply. Where the applicable Compartment Assets are not Reference Securities, one of Charged Asset Structures 2, 5 and 6 as specified in the applicable Final Terms will apply and shall be construed on the basis that references to Reference Securities are references to the "Compartment Assets" and references to the Reference Security Issuer are references to the "Compartment Asset Obligor".*

**CHARGED ASSET STRUCTURE 1**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 1. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, including in the sections titled "*Description of The Charged Assets - Part I – General*" and "*Description of the Swap Agreement*", for a description of the transaction structure and relevant cashflows prior to making any investment decision.

**CHARGED ASSET STRUCTURE 1A - INTEREST BEARING DEPOSIT AGREEMENT AND SWAP AGREEMENT**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Deposit Agreement with the Deposit Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see *"Description of the Charged Assets – Part II – Description of the Swap Agreement"* and for further details relating to the Deposit Agreement, please see *"Description of the Charged Assets – Part III – Description of the Deposit Agreement"*.

**2. Payments under the Deposit Agreement**

- 2.1 Under the Deposit Agreement the Issuer will pay on the Initial Remittance Payment Date the Initial Remittance (the **"Deposit"**) to the Deposit Counterparty.
- 2.2 On each interest payment date under the Deposit Agreement (each a **"Deposit Interest Payment Date"**), the Deposit Counterparty will pay an amount of interest to the Issuer in respect of the Deposit (each such amount, a **"Deposit Interest Amount"**).
- 2.3 On or before the Final Payment Date or, (where Automatic Early Settlement is applicable to the Securities) if an Automatic Early Settlement Event has occurred, the Automatic Early Settlement Date (either such date, the **"Deposit Termination Date"**), the Deposit Counterparty will pay an amount to the Issuer equal to the Final Deposit Payment.

**3. Payments under the Swap Agreement**

- 3.1 On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount or where the Issuer pays only the Partial Proceeds Amount to the Deposit Counterparty, the Issuer will pay an amount equal to the Available Proceeds to the Swap Counterparty.
- 3.2 Under the Swap Agreement, on or after each Deposit Interest Payment Date, the Issuer will pay an amount (if any) in the currency in which the Deposit is denominated equal to the Deposit Interest Amount received by the Issuer on such date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.3 Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Final Deposit Payment, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Deposit Payment Amount, no further payment will be made under the Swap Agreement (other than in respect of any unpaid Deposit Interest Amounts) and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Deposit Payment Amount, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Automatic Early Settlement Deposit Payment Amount and the Aggregate Automatic Early Settlement Amount.

- 3.5 On or prior to the Final Payment Date, where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.6 Where the Aggregate Final Payment Amount is equal to the Final Deposit Payment, no further payment will be made under the Swap Agreement (other than in respect of unpaid Deposit Interest Amounts).
- 3.7 Where the Aggregate Final Payment Amount is less than the Final Deposit Payment, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Final Deposit Payment and the Aggregate Final Payment Amount.
- 3.8 The amount of cash which is subject to the Deposit Agreement and the notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence. Upon a purchase of the Securities by the Issuer pursuant to the Relevant Purchase Conditions, a payment will be due under the Deposit Agreement on or before the date of such purchase in an amount equal to the proportional amount of the Deposit that relates to the Aggregate Amount of the Securities so purchased.
- 3.9 Payments under the Swap Agreement will only be made on Swap Business Days.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Deposit Counterparty under the Deposit Counterparty in the manner described in paragraphs 2 and 3 above in order to pay:

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security (if applicable);
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### **5. Collection of payments**

Payments made under the Swap Agreement or the Deposit Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date, and where applicable, the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

### **CHARGED ASSET STRUCTURE 1B - INTEREST BEARING DEPOSIT AGREEMENT WITH NEGATIVE INTEREST POSSIBLE AND SWAP AGREEMENT**

#### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Deposit Agreement with the Deposit Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Deposit Agreement, please see "*Description of the Charged Assets – Part III – Description of the Deposit Agreement*".

**2. Payments under the Deposit Agreement**

- 2.1 Under the Deposit Agreement the Issuer will pay on the Initial Remittance Payment Date the Initial Remittance (the "**Deposit**") to the Deposit Counterparty.
- 2.2 On each interest payment date under the Deposit Agreement (each a "**Deposit Interest Payment Date**"), the Deposit Counterparty will pay an amount of interest to the Issuer in respect of the Deposit provided that, if the amount of interest is negative, the Issuer will pay the absolute value of such amount to the Deposit Counterparty (each amount, a "**Deposit Interest Amount**").
- 2.3 On or before the Final Payment Date or, (where Automatic Early Settlement is applicable to the Securities) if an Automatic Early Settlement Event has occurred, the Automatic Early Settlement Date (either such date, the "**Deposit Termination Date**"), the Deposit Counterparty will pay an amount to the Issuer equal to the Final Deposit Payment.

**3. Payments under the Swap Agreement**

- 3.1 On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount or where the Issuer pays only the Partial Proceeds Amount to the Deposit Counterparty, the Issuer will pay an amount equal to the Available Proceeds to the Swap Counterparty.
- 3.2 Under the Swap Agreement, on or after each Deposit Interest Payment Date, the Issuer will pay an amount (if any) in the currency in which the Deposit is denominated equal to the Deposit Interest Amount received by the Issuer on such date to the Swap Counterparty or, where the Deposit Interest Amount is a negative amount, on or before each Deposit Interest Payment Date, the Swap Counterparty will pay an amount (if any) in the currency in which the Deposit is denominated equal to the absolute value of the Deposit Interest Amount payable by the Issuer on such date to the Deposit Counterparty, in each case provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.3 Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Final Deposit Payment, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Deposit Payment Amount, no further payment will be made under the Swap Agreement (other than in respect of any unpaid Deposit Interest Amounts) and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Deposit Payment Amount, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Automatic Early Settlement Deposit Payment Amount and the Aggregate Automatic Early Settlement Amount.
- 3.5 On or prior to the Final Payment Date, where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding,

provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 3.6 Where the Aggregate Final Payment Amount is equal to the Final Deposit Payment, no further payment will be made under the Swap Agreement (other than in respect of unpaid Deposit Interest Amounts).
- 3.7 Where the Aggregate Final Payment Amount is less than the Final Deposit Payment, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Final Deposit Payment and the Aggregate Final Payment Amount.
- 3.8 The amount of cash which is subject to the Deposit Agreement and the notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence. Upon a purchase of the Securities by the Issuer pursuant to the Relevant Purchase Conditions, a payment will be due under the Deposit Agreement on or before the date of such purchase in an amount equal to the proportional amount of the Deposit that relates to the Aggregate Amount of the Securities so purchased.
- 3.9 Payments under the Swap Agreement will only be made on Swap Business Days.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Deposit Counterparty under the Deposit Counterparty in the manner described in paragraphs 2 and 3 above in order to pay:

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security (if applicable);
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

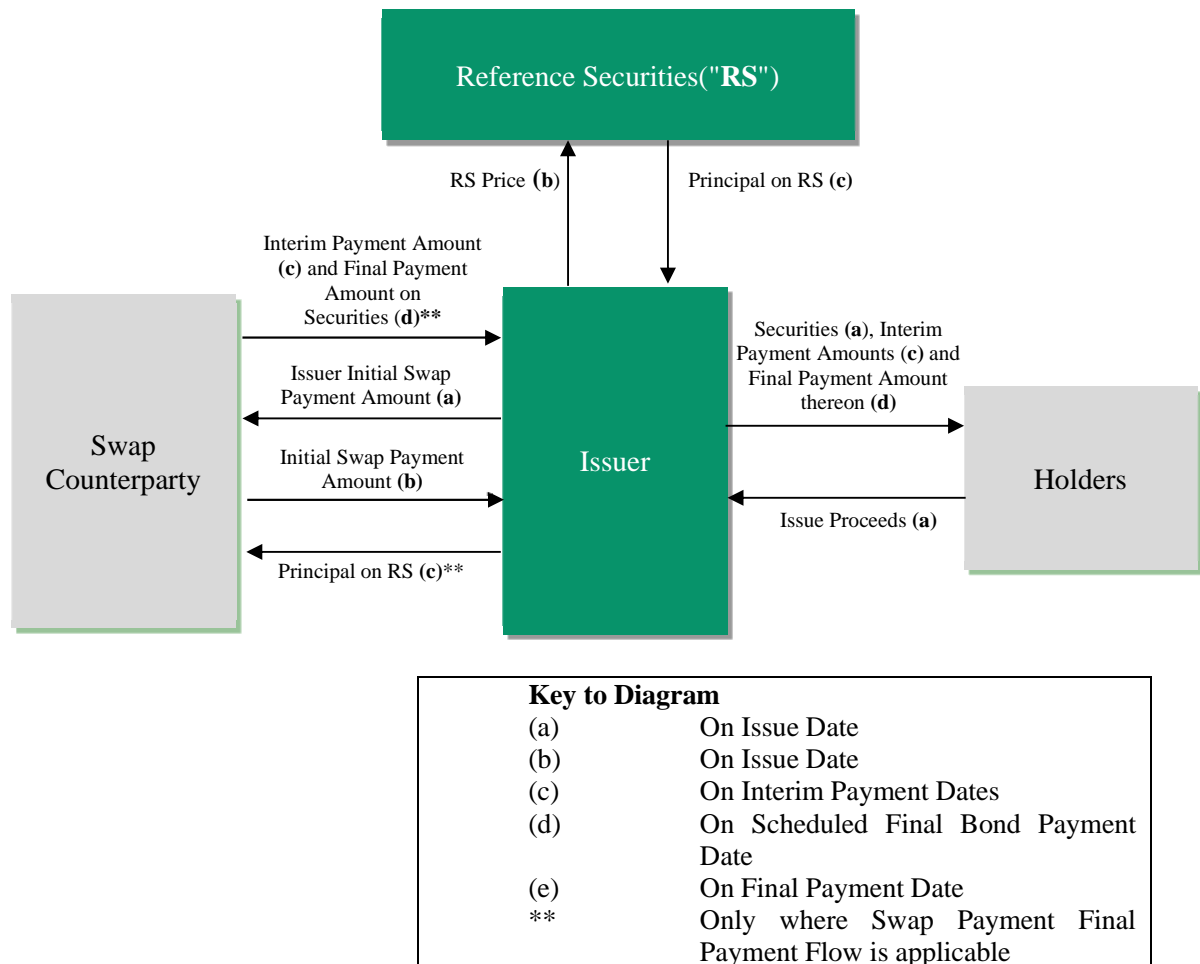

**5. Collection of payments**

Payments made under the Swap Agreement or the Deposit Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date, and where applicable, the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**CHARGED ASSET STRUCTURE 2**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 2. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, including in the sections titled "*Description of The Charged Assets - Part I – General*" and "*Description of the Charged Assets – Part II – Description of the Swap Agreement*", for a description of the transaction structure and relevant cashflows prior to making any investment decision.

**CHARGED ASSET STRUCTURE 2A - ZERO COUPON BOND AND SWAP AGREEMENT****1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).

- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 On or prior to the Final Payment Date, where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 Where the Aggregate Final Payment Amount is equal to the Scheduled Final Bond Payment, no further payment will be made under the Swap Agreement and, where the Aggregate Final Payment Amount is less than the Scheduled Final Bond Payment, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Scheduled Final Bond Payment and the Aggregate Final Payment Amount.
- 2.5 *Where Automatic Early Settlement is applicable in respect of the Securities:*
- If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
- (i) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the relevant Early Settlement Reference Security Unwind on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (ii) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.
- 2.10 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities held by the Issuer at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.11 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.12 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

**3. Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date, the Issuer will use up to 100 per cent. of the net issue proceeds of the Securities, and where applicable, all or part of the Initial Swap Payment Amount, to purchase the Reference Securities.
- 3.2 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use, together with the amount received under the Swap Agreement (if any) on or around the Final Payment Date, to pay the Final Payment Amount in respect of each Security.
- 3.3 *Where Automatic Early Settlement is applicable in respect of the Securities:*

Where an Automatic Early Settlement Event occurs, the Reference Securities will be the subject of one or more of (a) automatic early redemption, (b) a put at the option of the Issuer and/or (c) the sale of the Reference Securities by the Issuer.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay:

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

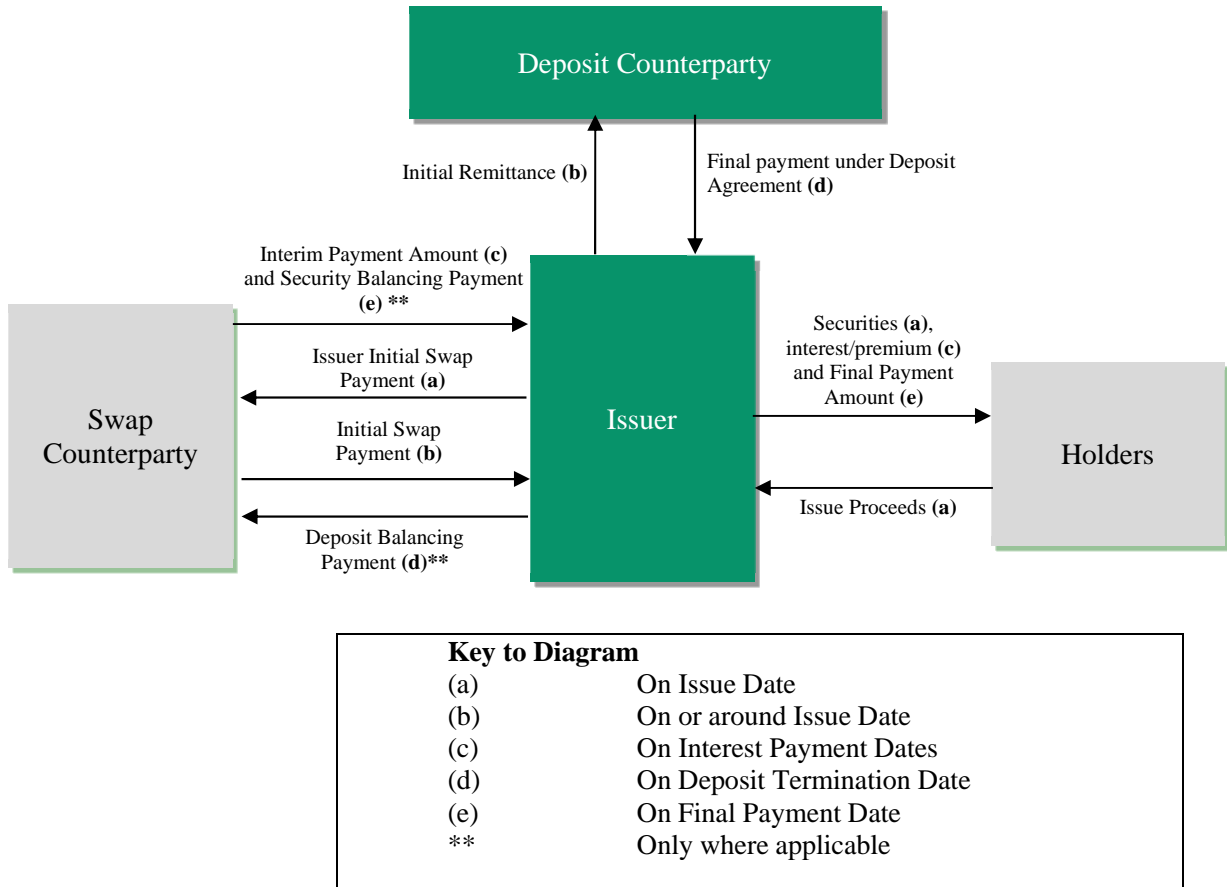

Payments made under the Swap Agreement or the Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount on an Interim Payment Date, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date (where applicable) or the Final Payment Amount in respect of each Security outstanding on the Final Payment Date.

**CHARGED ASSET STRUCTURE 2B - ZERO COUPON BOND AND SWAP AGREEMENT AND COLLATERAL EXCHANGE AGREEMENT**

The terms of Charged Asset Structure 2A will apply and in addition a Collateral Exchange Structure will apply as specified in the Final Terms. For further details relating to the Collateral Exchange Agreement and Collateral Exchange Structures, please see "*Description of the Charged Assets – Part V – Description of the Collateral Exchange Agreement*" and "*Description of the Charged Assets – Part VII – Description of the Collateral Exchange Structures*".

**CHARGED ASSET STRUCTURE 3**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 3. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, including in the sections titled "*Description of The Charged Assets - Part I – General*" and "*Description of the Charged Assets – Part II – Description of the Swap Agreement*", for a description of the transaction structure and relevant cashflows prior to making any investment decision.

**CHARGED ASSET STRUCTURE 3 - NON-INTEREST BEARING DEPOSIT AGREEMENT AND SWAP AGREEMENT****1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Deposit Agreement with the Deposit Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Deposit Agreement, please see "*Description of the Charged Assets – Part III – Description of the Deposit Agreement*".

**2. Payments under the Deposit Agreement**

- 2.1 Under the Deposit Agreement, the Issuer will pay on the Initial Remittance Payment Date the Initial Remittance (the "**Deposit**") to the Deposit Counterparty.
- 2.2 On or before the Final Payment Date or, (where Automatic Early Settlement is applicable to the Securities) if an Automatic Early Settlement Event has occurred, the Automatic Early Settlement

Date (either such date, the "**Deposit Termination Date**"), the Deposit Counterparty will pay an amount to the Issuer equal to the Final Deposit Payment.

3. **Payments under the Swap Agreement**

- 3.1 On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount or where the Issuer pays only the Partial Proceeds Amount to the Deposit Counterparty, the Issuer will pay an amount equal to the Available Proceeds to the Swap Counterparty.
- 3.2 Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.3 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
  - (a) where the Aggregate Automatic Early Settlement Amount is greater than the Final Deposit Payment, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Deposit Payment Amount, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Deposit Payment Amount, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Automatic Early Settlement Deposit Payment Amount and the Aggregate Automatic Early Settlement Amount.
- 3.4 On or prior to the Final Payment Date, where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.5 Where the Aggregate Final Payment Amount is equal to the Final Deposit Payment, no further payment will be made under the Swap Agreement and, where the Aggregate Final Payment Amount is less than the Final Deposit Payment, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Final Deposit Payment and the Aggregate Final Payment Amount.
- 3.6 The amount of cash which is subject to the Deposit Agreement and the notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence. Upon a purchase of the Securities by the Issuer pursuant to the Relevant Purchase Conditions, a payment will be due under the Deposit Agreement on or before the date of such purchase in an amount equal to the proportional amount of the Deposit that relates to the Aggregate Amount of the Securities so purchased.
- 3.7 Payments under the Swap Agreement will only be made on Swap Business Days.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Deposit Counterparty under the Deposit Counterparty in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

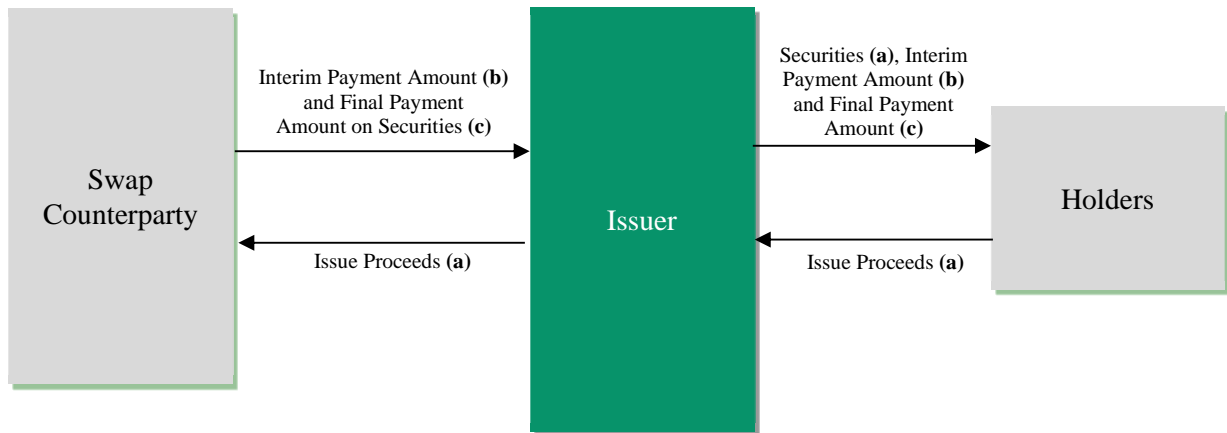

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Deposit Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 4**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 4. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, including in the sections titled "*Description of The Charged Assets - Part I – General*" and "*Description of the Charged Assets – Part II – Description of the Swap Agreement*", for a description of the transaction structure and relevant cashflows prior to making any investment decision.

**Key to Diagram**

- (a) On Issue Date
- (b) On Interim Payment Date(s)
- (c) On Final Payment Date

**CHARGED ASSET STRUCTURE 4A - SWAP AGREEMENT****1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

**2. Payments under the Swap Agreement**

- 2.1 On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty equal to the Issuer Initial Swap Payment Amount.
- 2.2 Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.3 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.

- 2.4 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence.
- 2.6 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.7 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### **3. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments when due from the Swap Counterparty pursuant to the Swap Agreement in order to pay, if applicable: (a) the Automatic Early Settlement Amount in respect of each outstanding Security, (b) any Interim Payment Amount in respect of each outstanding Security and (c) the Final Payment Amount in respect of each outstanding Security.

### **4. Collection of payments**

Payments made under the Swap Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, and the Final Payment Amount on the Final Payment Date.

## **CHARGED ASSET STRUCTURE 4B - Swap Agreement and initial payment from Swap Counterparty**

### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

### **2. Payments under the Swap Agreement**

- 2.1 On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty equal to the Issuer Initial Swap Payment Amount and the Swap Counterparty may pay an amount equal to the Issuer Fees Amount to the Issuer on the Initial Swap Payment Date.
- 2.2 Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.3 *Where Automatic Early Settlement is applicable in respect of the Securities:*  
  
If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.
- 2.4 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.5 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence.
- 2.6 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.7 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

**3. Arrangements upon which payments to investors are dependent**

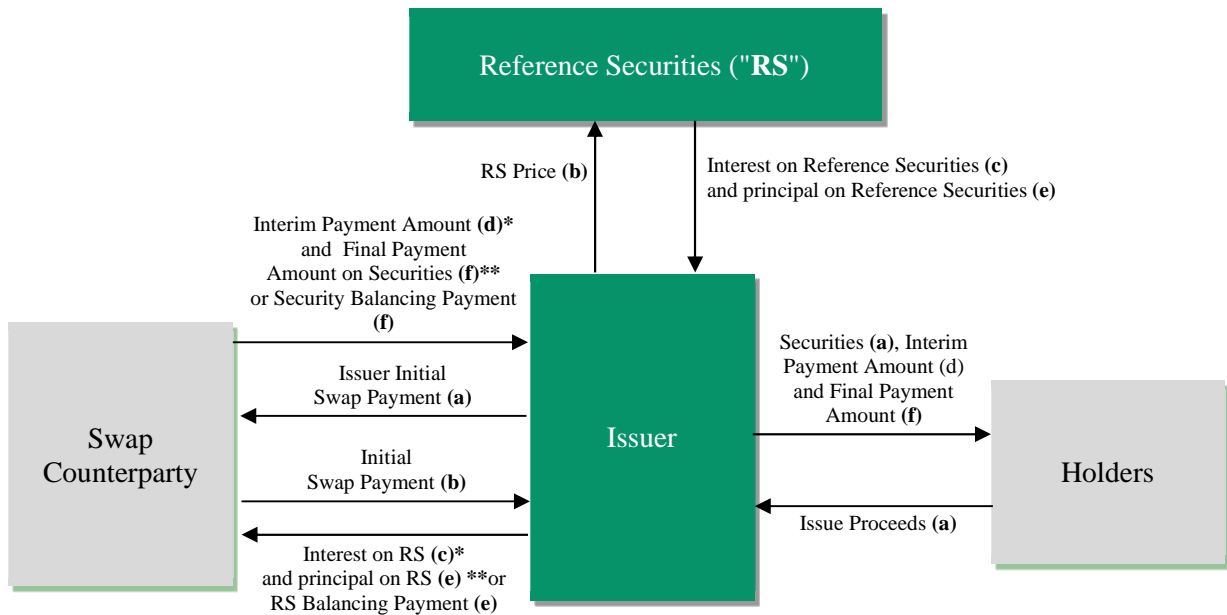

The Issuer is dependent on receiving payments when due from the Swap Counterparty pursuant to the Swap Agreement in order to pay, if applicable: (a) the Automatic Early Settlement Amount in respect of each outstanding Security, (b) any Interim Payment Amount in respect of each outstanding Security and (c) the Final Payment Amount in respect of each outstanding Security.

**4. Collection of payments**

Payments made under the Swap Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, and the Final Payment Amount on the Final Payment Date.

**CHARGED ASSET STRUCTURE 5**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 5. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, including in the sections titled "*Description of The Charged Assets - Part I – General*" and "*Description of the Charged Assets – Part II – Description of the Swap Agreement*", for a description of the transaction structure and relevant cashflows prior to making any investment decision.

**Key to Diagram**

- (a) On Issue Date
- (b) On Initial Posting Date
- (c) On Reference Collateral Interest Payment Date(s)
- (d) On Interim Payment Date(s)
- (e) On Scheduled Final Bond Payment Date
- (f) On Final Payment Date
- \* Only where Reference Security Coupon Swap Payment Flow is applicable
- \*\* Only where Swap Final Payment Flow is applicable

As used in the below headings of Charged Asset Structure 5:

**"Swap Flow Reference Security Coupon"** refers to a structure where the interest on the Reference Securities is paid by the Issuer to the Swap Counterparty and the Swap Counterparty pays to the Issuer the Interim Payment Amounts due on the Securities.

**"Security Flow Reference Security Coupon"** refers to a structure where the interest on the Reference Securities is used by the Issuer to pay the Interim Payment Amounts due on the Securities.

**"Swap Final Payment Flow"** refers to a structure where the principal on the Reference Securities is paid by the Issuer to the Swap Counterparty and the Swap Counterparty pays to the Issuer the aggregate Final Payment Amounts due on the Securities.

**"Security Final Payment Flow"** refers to a structure where the principal on the Reference Securities is paid is used by the Issuer, together with any payment received from the Swap Counterparty under the Swap Agreement, to pay the aggregate Final Payment Amounts due on the Securities.

**"Scheduled Cashflow Obligation"** refers to a structure where the Issuer's obligation under the Swap Agreement will be to pay to the Swap Counterparty the scheduled amount of interest (where Swap Flow Reference Security Coupon is applicable) and/or principal payable under the Reference Securities (where Swap Final Payment Flow is applicable) whether or not the full amount is actually received by the Issuer.

Where Scheduled Cashflow Obligation not applicable applies the Issuer's obligation will be to only pay the amount it actually receives under the Reference Securities to the Swap Counterparty.

**CHARGED ASSET STRUCTURE 5A - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Security Final Payment Flow, Scheduled Cashflow Obligation not applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see *"Description of the Charged Assets – Part II – Description of the Swap Agreement"*.

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Under the Swap Agreement:
  - (a) on each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the redemption proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then

outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.5 If the aggregate redemption proceeds received by the Issuer in respect of the Reference Securities is greater than the Aggregate Final Payment Amount payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.
- 2.6 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
  - (i) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (ii) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.
- 2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.8 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.9 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.
- 3. Payments under the Reference Securities**
  - 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
  - 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
  - 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
  - 3.4 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under

the Swap Agreement (if any) on or around such date as set out above to pay the Final Payment Amount in respect of each Security.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 5B - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Security Final Payment Flow, Scheduled Cashflow Obligation applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Under the Swap Agreement:
  - (a) on each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on

or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.4 Where the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the redemption proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 If the aggregate redemption proceeds received by the Issuer in respect of the Reference Securities is greater than the Aggregate Final Payment Amount payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.
- 2.6 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
  - (a) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.
- 2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.8 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.9 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.
- 2.10 The Issuer's obligation under the Swap Agreement will be to pay to the Swap Counterparty the scheduled amount of interest (where Swap Flow Reference Security Coupon is applicable) regardless of whether or not the full amount is actually received by the Issuer.
- 3. Payments under the Reference Securities**
  - 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.

- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around such date as set out above to pay the Final Payment Amount in respect of each Security.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### **5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

#### **CHARGED ASSET STRUCTURE 5C - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Swap Final Payment Flow, Scheduled Cashflow Obligation not applicable**

##### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

##### **2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

2.3 Under the Swap Agreement:

- (a) on each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
- (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.4 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.5 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.6 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.

2.7 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.

2.8 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

2.9 Payments under the Swap Agreement will only be made on Swap Business Days.

2.10 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

**3. Payments under the Reference Securities**

3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.

- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 Where RCA Maturity Call is specified as applicable in the applicable Final Terms, on the Scheduled Final Bond Payment Date in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### **5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### **CHARGED ASSET STRUCTURE 5D - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Swap Final Payment Flow, Scheduled Cashflow Obligation applicable**

#### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

#### **2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).

- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Under the Swap Agreement:
- (a) on each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where RCA Maturity Call is applicable to the relevant Series of Securities:
- (a) on or around any RCA Maturity Call Option Date which relates to a redemption of Reference Securities in part but not whole, the Issuer will pay an amount to the Swap Counterparty in the relevant Reference Collateral Currency equal to the redemption proceeds due to be received by the Issuer in connection with such RCA Maturity Call Option Event provided that no Early Redemption Payment or Event of Default has occurred; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment due to be received by the Issuer provided that no Early Payment Event or Event of Default has occurred.
- 2.5 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date, in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment scheduled to be received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.6 Where the Securities are RCA Instalment Notes or Certificates (other than Securities which are specified to be Single Instalment RCA Instalment Notes or Single Instalment RCA Instalment certificates in the applicable Final Terms), on or prior to each Instalment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Instalment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding on the relevant Instalment Date, provided that no Call Event (where applicable), Early Redemption Event or Event of Default has occurred.
- 2.7 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.8 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the

Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.

- 2.9 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.
- 2.10 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.11 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.12 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. Payments under the Reference Securities

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Where RCA Maturity Call is applicable to the relevant series of Securities:
  - (a) on each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the relevant the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.4 Where RCA Maturity Call is not applicable to the relevant series of Securities, on the Scheduled Final Bond Payment Date in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will be obliged to pay to the Swap Counterparty an amount (if any) in the currency in which the relevant Reference Securities are denominated equal to the Scheduled Final Bond Payment scheduled to be received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 5E - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Reference Security Coupon Flow, Swap Final Payment Flow, Scheduled Cashflow Obligation not applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Where RCA Maturity Call is not applicable to the relevant series of Securities, on the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where RCA Maturity Call is applicable to the relevant series of Securities:
  - (a) on or around any RCA Maturity Call Option Date which relates to a redemption of Reference Securities in part but not whole, the Issuer will pay an amount to the Swap Counterparty in the relevant Reference Collateral Currency equal to the redemption

proceeds scheduled to be received by the Issuer in connection with such RCA Maturity Call Option Event provided that no Early Redemption Payment or Event of Default has occurred; and

- (b) on the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment received by the Issuer provided that no Early Payment Event or Event of Default has occurred.
- 2.5 Where RCA Maturity Call is not applicable to the relevant series of Securities, on the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.6 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.7 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.
- 2.8 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.
- 2.9 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.10 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.11 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### **3. Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

- 3.3 The Issuer will use the Reference Security Coupon Amount it receives under the Reference Securities on the relevant Reference Security Interest Payment Date to pay the relevant Interim Payment Amounts due in respect of the Securities.
- 3.4 Where RCA Maturity Call is applicable to a Series of Securities:
- (a) on each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date, in respect of the relevant Reference Securities, the relevant RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.5 Where RCA Maturity Call is not applicable to a Series of Securities, on the Scheduled Final Bond Payment Date in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the relevant Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 5F - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Reference Security Coupon Flow, Swap Final Payment Flow, Scheduled Cashflow Obligation applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.

- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".
- 2. Payments under the Swap Agreement**
  - 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
  - 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
  - 2.3 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment scheduled to be received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
  - 2.4 Where RCA Maturity Call is applicable to the relevant Series of Securities:
    - (a) on or around any RCA Maturity Call Option Date which relates to a redemption of Reference Securities in part but not whole, the Issuer will pay an amount to the Swap Counterparty in the relevant Reference Collateral Currency equal to the redemption proceeds scheduled to be received by the Issuer in connection with such RCA Maturity Call Option Event provided that no Early Redemption Payment or Event of Default has occurred; and
    - (b) on the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment received by the Issuer provided that no Early Payment Event or Event of Default has occurred.
  - 2.5 Where RCA Maturity Call is not specified as applicable in the applicable Final Terms, on the Scheduled Final Bond Payment Date in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the relevant Reference Securities are denominated equal to the Scheduled Final Bond Payment scheduled to be received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
  - 2.6 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
  - 2.7 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.
  - 2.8 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in

respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.

- 2.9 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.10 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.11 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. Payments under the Reference Securities

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 The Issuer will use the Reference Security Coupon Amount it receives under the Reference Securities on the relevant Reference Security Interest Payment Date to pay the relevant Interim Payment Amounts due in respect of the Securities.
- 3.4 Where RCA Maturity Call is applicable to a Series of Securities:
  - (a) on each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.5 Where RCA Maturity Call is not applicable to a Series of Securities, on the Scheduled Final Bond Payment Date in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 5G - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Security Final Payment Flow, Scheduled Cashflow Obligation not applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

**2. Payments under the Swap Agreement**

- 2.1 Where the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Net Available Proceeds (if any) and the Swap Counterparty will pay an amount to the Issuer equal to the Issuer Fees Amount.
- 2.2 Where the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Counterparty Payment Amount.
- 2.3 Under the Swap Agreement:
  - (a) on each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no

Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.4 Where the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the redemption proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 If the aggregate redemption proceeds received by the Issuer in respect of the Reference Securities is greater than the Aggregate Final Payment Amount payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.
- 2.6 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
  - (a) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.
- 2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.8 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.9 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. Payments under the Reference Securities

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Counterparty Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around such date as set out above to pay the Final Payment Amount in respect of each Security.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### **5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### **CHARGED ASSET STRUCTURE 5H - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Security Final Payment Flow, Scheduled Cashflow Obligation applicable**

#### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

#### **2. Payments under the Swap Agreement**

- 2.1 Where the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Net Available Proceeds (if any) and the Swap Counterparty will pay an amount to the Issuer equal to the Issuer Fees Amount.
- 2.2 Where the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Counterparty Payment Amount.
- 2.3 Under the Swap Agreement:
- (a) on each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security

Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and

- (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the redemption proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 If the aggregate redemption proceeds received by the Issuer in respect of the Reference Securities is greater than the Aggregate Final Payment Amount payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.
- 2.6 Where Automatic Early Settlement is applicable in respect of the Securities, if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.
- 2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.8 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.9 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.
- 2.10 The Issuer's obligation under the Swap Agreement will be to pay to the Swap Counterparty the scheduled amount of interest (where Swap Flow Reference Security Coupon is applicable) regardless of whether or not the full amount is actually received by the Issuer.

**3. Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Counterparty Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around such date as set out above to pay the Final Payment Amount in respect of each Security.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

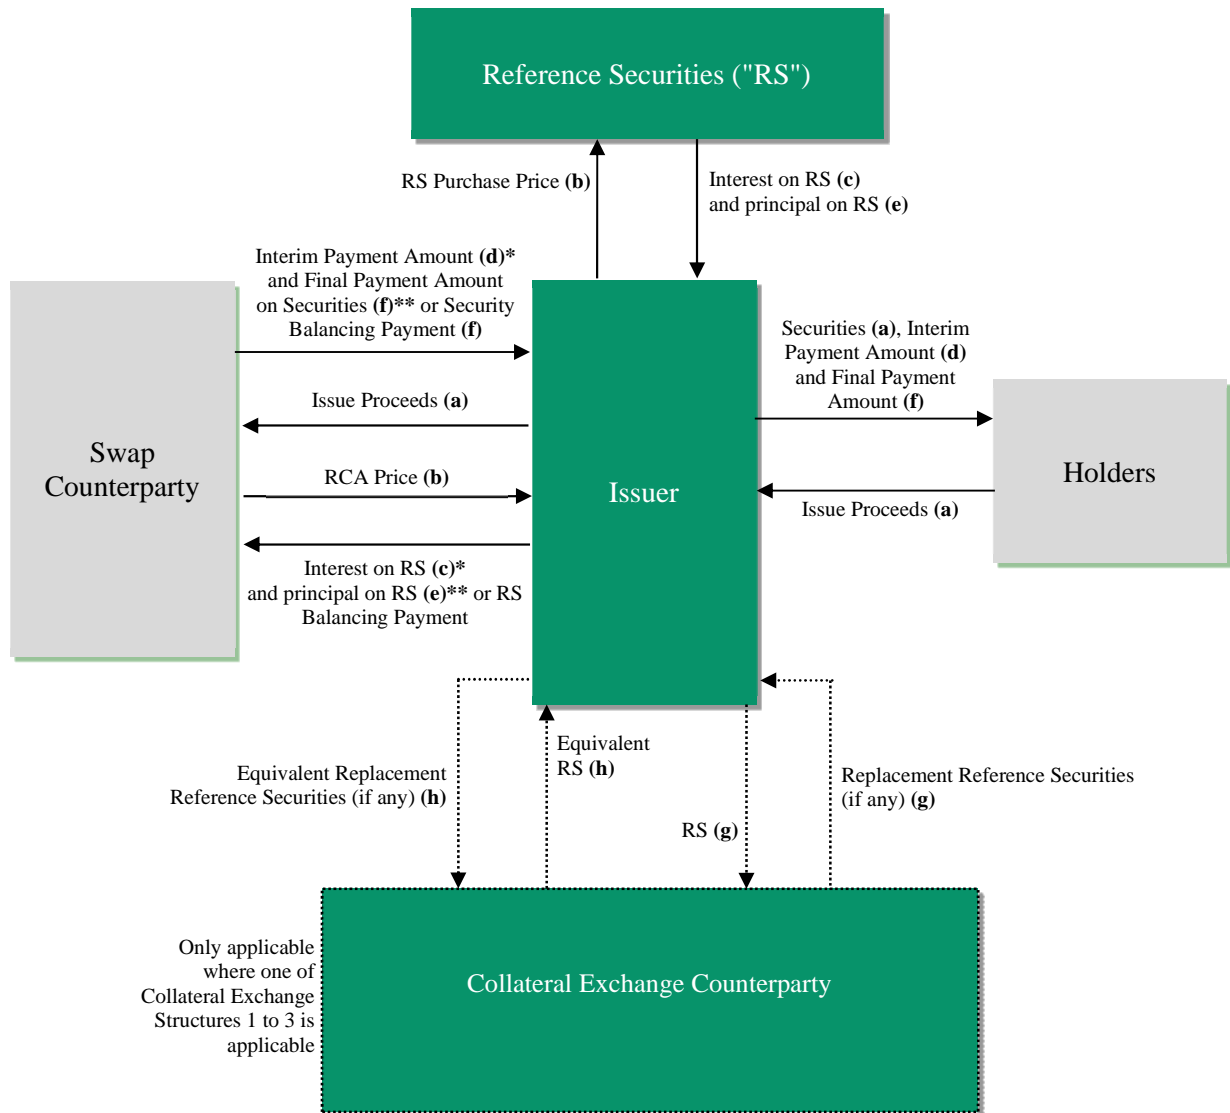

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 6**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 6. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, including in the sections titled "*Description of The Charged Assets - Part I – General*", "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and "*Description of The Charged Assets - Part V - Description of the Collateral Exchange Agreement*", for a description of the transaction structure and relevant cashflows prior to making any investment decision.

*	Only where Reference Security Coupon Swap Payment Flow is applicable
**	Only where Swap Final Payment Flow is applicable

As used in the below headings of the Charged Asset Structure 6:

**"Collateral Exchange Agreement"** means one of Collateral Exchange Structures 1 to 3 is applicable as specified in the applicable Final Terms.

**"Initial Swap Payment Flow"** refers to a structure where the Issuer pays the net issue proceeds from the Securities to the Swap Counterparty and the Swap Counterparty pays the purchase price for the Reference Securities to the Issuer.

**"Swap Flow Reference Security Coupon"** refers to a structure where the interest on the Reference Securities is paid by the Issuer to the Swap Counterparty and the Swap Counterparty pays to the Issuer the Interim Payment Amounts due on the Securities.

**"Security Flow Reference Security Coupon"** refers to a structure where the interest on the Reference Securities is used by the Issuer to pay the Interim Payment Amounts due on the Securities.

**"Swap Final Payment Flow"** refers to a structure where the principal on the Reference Securities is paid by the Issuer to the Swap Counterparty and the Swap Counterparty pays to the Issuer the aggregate Final Payment Amounts due on the Securities.

**"Security Final Payment Flow"** refers to a structure where the principal on the Reference Securities is paid is used by the Issuer, together with any payment received from the Swap Counterparty under the Swap Agreement, to pay the aggregate Final Payment Amounts due on the Securities.

**"Scheduled Cashflow Obligation"** refers to a structure where the Issuer's obligation under the Swap Agreement will be to pay to the Swap Counterparty the scheduled amount of interest (where Swap Flow Reference Security Coupon is applicable) and/or principal payable under the Reference Securities (where Swap Final Payment Flow is applicable) whether or not the full amount is actually received by the Issuer.

Where Scheduled Cashflow Obligation not applicable applies the Issuer's obligation will be to only pay the amount it actually receives under the Reference Securities to the Swap Counterparty.

**CHARGED ASSET STRUCTURE 6A - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Security Final Payment Flow, Collateral Exchange Agreement, Scheduled Cashflow Obligation not applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Collateral Exchange Agreement, please see "*Description of the Charged Assets – Part VII – Description of the Collateral Exchange Structures*".

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the

Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

2.3 Under the Swap Agreement:

- (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
- (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.4 Where the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the redemption proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.5 If the aggregate redemption proceeds received by the Issuer in respect of the Reference Securities is greater than the Aggregate Final Payment Amount payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.

2.6 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (i) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (ii) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.

2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the

case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

- 2.8 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.9 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. **Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 Where RCA Maturity Call is applicable to the relevant Series of Securities:
  - (a) On each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) On the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.5 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around such date as set out above to pay the Final Payment Amount in respect of each Security.

### 4. **Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or

- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

## 5. Collection of payments

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### **CHARGED ASSET STRUCTURE 6B - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Security Final Payment Flow, Collateral Exchange Agreement, Scheduled Cashflow Obligation applicable**

#### 1. General

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Collateral Exchange Agreement, please see "*Description of the Charged Assets – Part VII – Description of the Collateral Exchange Structures*".

#### 2. Payments under the Swap Agreement

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Under the Swap Agreement:
  - (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, scheduled to be received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the redemption proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the

Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.5 If the aggregate redemption proceeds received by the Issuer in respect of the Reference Securities is greater than the Aggregate Final Payment Amount payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.

- 2.6 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (i) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (ii) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.

- 2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

- 2.8 Payments under the Swap Agreement will only be made on Swap Business Days.

- 2.9 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### **3. Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.

- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities,

received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.4 Where RCA Maturity Call is applicable to the relevant Series of Securities:

- (a) On each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
- (b) On the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.

3.5 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date, in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around such date as set out above to pay the Final Payment Amount in respect of each Security.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 6C - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Swap Final Payment Flow, Collateral Exchange Agreement, Scheduled Cashflow Obligation not applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Collateral Exchange Agreement, please see "*Description of the Charged Assets – Part VII – Description of the Collateral Exchange Structures*".

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Under the Swap Agreement:
  - (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 Where RCA Maturity Call is applicable to the relevant Series of Securities:
  - (a) on or around any RCA Maturity Call Option Date which relates to a redemption of Reference Securities in part but not whole, the Issuer will pay an amount to the Swap Counterparty in the relevant Reference Collateral Currency equal to the redemption proceeds due to be received by the Issuer in connection with such RCA Maturity Call Option Event provided that no Early Redemption Payment or Event of Default has occurred; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment due to be received by the Issuer provided that no Early Payment Event or Event of Default has occurred.
- 2.6 Where the Securities are RCA Instalment Certificates or Notes (other than Securities which are specified to be Single Instalment RCA Instalment Certificates or Single Instalment RCA Instalment Notes in the applicable Final Terms), on or prior to each Instalment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Instalment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding on the relevant Instalment Date, provided that no Call Event (where applicable), Early Redemption Event or Event of Default has occurred.
- 2.7 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in

respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.8 Where Automatic Early Settlement is applicable in respect of the Securities:

- (a) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; and
- (b) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.

2.9 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

2.10 Payments under the Swap Agreement will only be made on Swap Business Days.

2.11 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. Payments under the Reference Securities

3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.

3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.4 Where RCA Maturity Call is applicable to the series of Securities:

- (a) on each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and

- (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date, in respect of the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.

3.5 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date relating to the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### **5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### **CHARGED ASSET STRUCTURE 6D - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Swap Final Payment Flow, Collateral Exchange Agreement, Scheduled Cashflow Obligation applicable**

#### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Collateral Exchange Agreement, please see "*Description of the Charged Assets – Part VII – Description of the Collateral Exchange Structures*".

#### **2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the

Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

2.3 Under the Swap Agreement:

- (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
- (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.4 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment scheduled to be received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.5 Where RCA Maturity Call is applicable to the relevant Series of Securities:

- (a) on or around any RCA Maturity Call Option Date which relates to a redemption of Reference Securities in part but not whole, the Issuer will pay an amount to the Swap Counterparty in the relevant Reference Collateral Currency equal to the redemption proceeds due to be received by the Issuer in connection with such RCA Maturity Call Option Event provided that no Early Redemption Payment or Event of Default has occurred; and
- (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment due to be received by the Issuer provided that no Early Payment Event or Event of Default has occurred.

2.6 Where the Securities are RCA Instalment Certificates or Notes (other than Securities which are specified to be Single Instalment RCA Instalment Certificates or Single Instalment RCA Instalment Notes in the applicable Final Terms), on or prior to each Instalment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Instalment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding on the relevant Instalment Date, provided that no Call Event (where applicable), Early Redemption Event or Event of Default has occurred.

2.7 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.8 Where Automatic Early Settlement is applicable in respect of the Securities:

- (a) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement

Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; and

- (b) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.

2.9 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

2.10 Payments under the Swap Agreement will only be made on Swap Business Days.

2.11 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. **Payments under the Reference Securities**

3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.

3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.4 Where RCA Maturity Call is applicable to the Securities:

- (a) on each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
- (b) on the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date relating to the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.

- 3.5 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment in respect of the relevant Reference Securities and, on the Swap Issuer Final Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 6E - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Swap Final Payment Flow, Collateral Exchange Agreement, Scheduled Cashflow Obligation not applicable, Initial Swap Flow Exchange**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.

**2. Payments under the Swap Agreement**

- 2.1 On, or around, the Issue Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the net issue proceeds of the relevant Securities and, on or before the Initial Reference Security Purchase Date(s), the Swap Counterparty will pay one or more amounts to the Issuer in the relevant currency of the Reference Securities which is equal to amount which the Issuer is to pay to purchase the relevant Reference Securities and an amount equal to the relevant Issuer Fees Amount.

- 2.2 Under the Swap Agreement:

- (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and

- (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.3 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment scheduled to be received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where RCA Maturity Call is applicable to the relevant Series of Securities:
  - (a) on or around any RCA Maturity Call Option Date which relates to a redemption of Reference Securities in part but not whole, the Issuer will pay an amount to the Swap Counterparty in the relevant Reference Collateral Currency equal to the redemption proceeds due to be received by the Issuer in connection with such RCA Maturity Call Option Event provided that no Early Redemption Payment or Event of Default has occurred; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment due to be received by the Issuer provided that no Early Payment Event or Event of Default has occurred.
- 2.5 Where the Securities are RCA Instalment Certificates or Notes (other than Securities which are specified to be Single Instalment RCA Instalment Certificates or Single Instalment RCA Instalment Notes in the applicable Final Terms), on or prior to each Instalment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Instalment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding on the relevant Instalment Date, provided that no Call Event (where applicable), Early Redemption Event or Event of Default has occurred.
- 2.6 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.7 Where Automatic Early Settlement is applicable in respect of the Securities:
  - (a) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; and
  - (b) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.
- 2.8 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer

so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

- 2.9 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.10 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. **Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 Where RCA Maturity Call is applicable to the Securities:
- (a) on each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.5 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment relating to the relevant Reference Securities and, on the Swap Issuer Final Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Reference Securities are denominated equal to the relevant Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

### 4. **Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;

- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

## 5. Collection of payments

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### **CHARGED ASSET STRUCTURE 6F - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Swap Final Payment Flow, Scheduled Cashflow Obligation applicable, Initial Swap Flow Exchange**

#### 1. General

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

#### 2. Payments under the Swap Agreement

- 2.1 On, or around, the Issue Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the net issue proceeds of the relevant Securities and, on or before the Initial Reference Security Purchase Date(s), the Swap Counterparty will pay one or more amounts to the Issuer in the relevant currency of the Reference Securities which is equal to amount which the Issuer is to pay to purchase the relevant Reference Securities and an amount equal to the relevant Issuer Fees Amount.
- 2.2 Under the Swap Agreement:
  - (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.3 Where RCA Maturity Call is not applicable to the relevant Series of Securities, on the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment scheduled to be received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 Where RCA Maturity Call is applicable to the relevant Series of Securities:

- (a) on or around any RCA Maturity Call Option Date which relates to a redemption of Reference Securities in part but not whole, the Issuer will pay an amount to the Swap Counterparty in the Reference Collateral Currency equal to the redemption proceeds due to be received by the Issuer in connection with such RCA Maturity Call Option Event provided that no Early Redemption Payment or Event of Default has occurred; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment due to be received by the Issuer provided that no Early Payment Event or Event of Default has occurred.
- 2.5 Where the Securities are RCA Instalment Certificates or Notes (other than Securities which are specified to be Single Instalment RCA Instalment Certificates or Single Instalment RCA Instalment Notes in the applicable Final Terms), on or prior to each Instalment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Instalment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding on the relevant Instalment Date, provided that no Call Event (where applicable), Early Redemption Event or Event of Default has occurred.
- 2.6 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.7 Where Automatic Early Settlement is applicable in respect of the Securities:
  - (a) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; and
  - (b) if, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind or deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.
- 2.8 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.9 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.10 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.
- 3. Payments under the Reference Securities**
  - 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.

- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 Where RCA Maturity Call is applicable to the Securities:
  - (a) on each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) on the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the relevant Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.5 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date in respect of the relevant Reference Securities, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

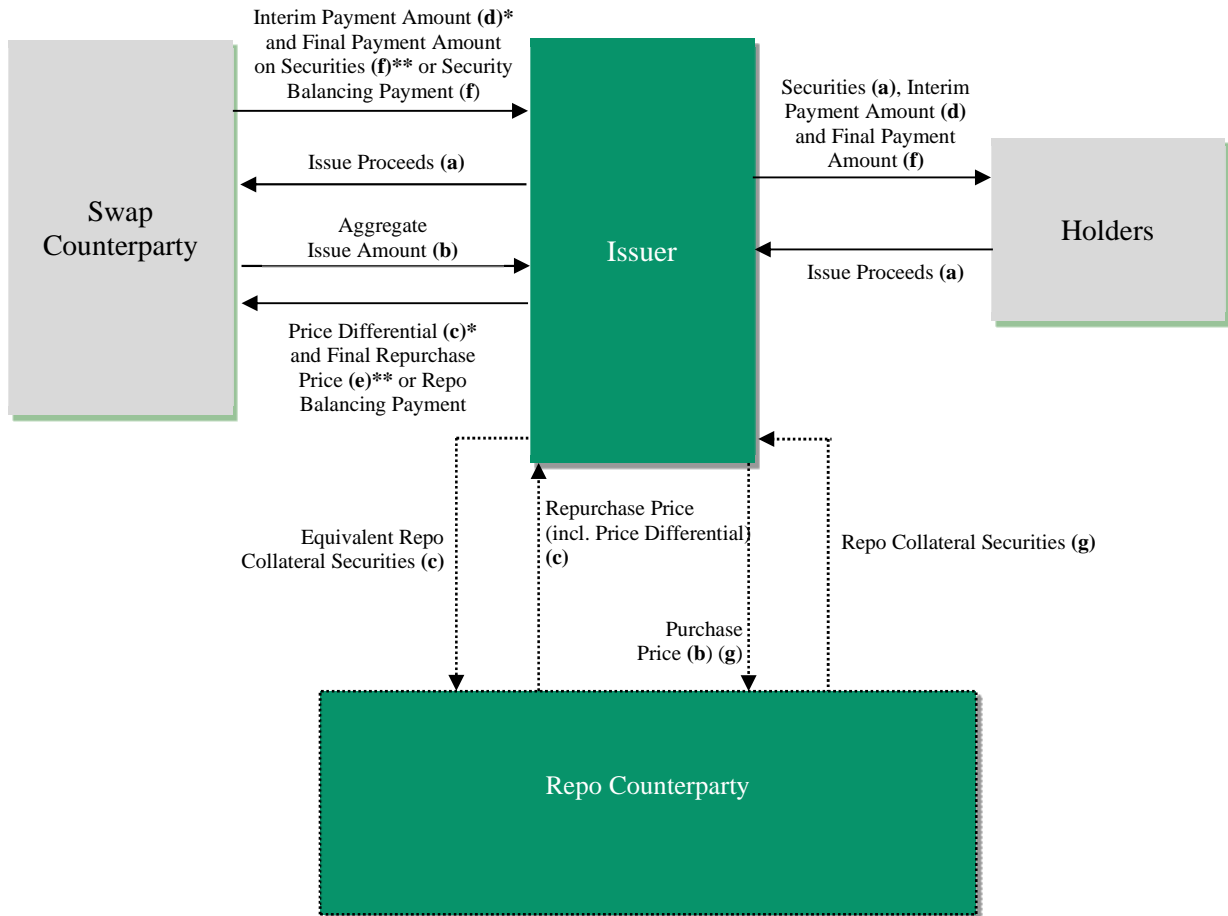

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security;
- (c) any Instalment Amount (where applicable) in respect of each outstanding Security; and/or
- (d) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### **5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 7**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 7. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, *including in the sections titled "Description of The Charged Assets - Part I – General", "Description of the Charged Assets – Part II – Description of the Swap Agreement" and "Description of The Charged Assets - Part IV – Description of the Repurchase Agreement"*, for a description of the transaction structure and relevant cashflows prior to making any investment decision.

**Key to Diagram**

- (a) On Issue Date
- (b) On Initial Posting Date
- (c) On each Repurchase Date
- (d) On Interim Payment Date(s)
- (e) On Final Repo Date
- (f) On Final Payment Date
- (g) On each Purchase Date
- \* Only where Swap Flow Repo Accrued Interest
- \*\* Only where Swap Payment Flow is applicable

As used in the below headings of the Charged Asset Structure 7:

**"Swap Flow Repo Accrued Interest"** refers to a structure where the accrued interest (referred to as price differential) received by the Issuer under the Repurchase Agreement is paid to the Swap Counterparty and the Swap Counterparty pays to the Issuer the Interim Payment Amounts due on the Securities.

"**Swap Final Payment Flow**" refers to a structure where the amount received by the Issuer on the Final Repo Date under the Repurchase Agreement is paid by the Issuer to the Swap Counterparty and the Swap Counterparty pays to the Issuer the aggregate Final Payment Amounts due on the Securities.

"**Repo Final Payment Flow**" refers to a structure where the amount received by the Issuer on the Final Repo Date under the Repurchase Agreement is used by the Issuer, together with any payment received from the Swap Counterparty under the Swap Agreement, to pay the aggregate Final Payment Amounts due on the Securities.

**CHARGED ASSET STRUCTURE 7A - REPURCHASE AGREEMENT AND SWAP AGREEMENT, Swap Flow Repo Accrued Interest, Repo Final Payment Flow**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Repurchase Agreement with the Repo Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Repurchase Agreement, please see "*Description of the Charged Assets – Part IV – Description of the Repurchase Agreement*".

**2. Payments under the Repurchase Agreement**

- 2.1 On the Initial Repo Purchase Date, the Issuer will use up to 100 per cent. of the net issue proceeds of the Securities, and, all or part of the Initial Swap Payment Amount to purchase Repo Collateral Securities with a value equal to the Aggregate Issue Amount pursuant to the Repurchase Agreement.
- 2.2 On each Repurchase Date under the Repurchase Agreement, the Repo Counterparty will pay an amount of Accrued Interest to the Issuer in respect of the Repo Transaction which has just terminated (each such amount, a "**Repo Accrued Interest Amount**").
- 2.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) equal to the Repo Accrued Interest Amount received by the Issuer on relevant Repurchase Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 On the Final Repo Date, the Repo Counterparty will pay to the Issuer the Final Repurchase Price Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around the Final Payment Date to pay the Final Payment Amount in respect of each Security.
- 2.5 Where the Issuer purchases Securities and sells Repo Collateral Securities to the Repo Counterparty in order to fund such purchase, a fee in addition to the relevant Purchase Price or Repurchase Price (as applicable) may be payable by the Issuer to the Repo Counterparty or by the Repo Counterparty to the Issuer depending on prevailing market conditions.
- 2.6 Where the Issuer purchases Securities, a Repurchase Date shall occur with respect to the proportion of the Repurchase Agreement equal to the Aggregate Amount of Securities being purchased (the "**Purchased Proportion**") and Accrued Interest will be reflected in the Repurchase Price paid by the Repo Counterparty to the Issuer in respect of the Purchased Proportion immediately following any such repurchase.

**3. Payments under the Swap Agreement**

- 3.1 Where the sum of the Issuer Fees Amount and the purchase price for the Repo Collateral Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).

- 3.2 Where the sum of the Issuer Fees Amount and the purchase price for the Repo Collateral Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 3.3 If an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 Where the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Final Repurchase Price Payment, on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds due to be received by the Issuer under the Repurchase Agreement on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.5 If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Repo Payment Amount, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Repo Counterparty under the Repurchase Agreement on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (b) where the Aggregate Automatic Early Settlement Amount is equal to the proceeds received by the Issuer from the Repo Counterparty, no further payment will be made under the Swap Agreement (other than in respect of any unpaid Repo Accrued Interest Amounts) and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Repo Payment Amount, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer from the Repo Counterparty under the Repurchase Agreement and the Aggregate Automatic Early Settlement Amount.
- 3.6 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement at any time will be equal to the Aggregate Issue Amount of the Securities left outstanding
- 3.7 Payments under the Swap Agreement will only be made on Swap Business Days.
- 3.8 If so specified in the applicable Final Terms, one or more Credit Support Structures may apply to the Swap Agreement.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Repo Counterparty under the Repurchase Agreement in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

## 5. Collection of payments

Payments made under the Swap Agreement or Repurchase Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date (where applicable) or the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### Charged Asset Structure 7B - REPURCHASE AGREEMENT AND SWAP AGREEMENT, Swap Flow Repo Accrued Interest, Swap Final Payment Flow

#### 1. General

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Repurchase Agreement with the Repo Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Repurchase Agreement, please see "*Description of the Charged Assets – Part IV – Description of the Repurchase Agreement*".

#### 2. Payments under the Repurchase Agreement

- 2.1 On the Initial Repo Purchase Date, the Issuer will use up to 100 per cent. of the net issue proceeds of the Securities and all or part of the Initial Swap Payment Amount (if any) to purchase Repo Collateral Securities with a value equal to the Aggregate Issue Amount pursuant to the Repurchase Agreement.
- 2.2 On each Repurchase Date under the Repurchase Agreement, the Repo Counterparty will pay an amount of Accrued Interest to the Issuer in respect of the Repo Transaction which has just terminated (each such amount, a "**Repo Accrued Interest Amount**").
- 2.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) equal to the Repo Accrued Interest Amount received by the Issuer on relevant Repurchase Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 On the Final Repo Date, the Repo Counterparty will pay to the Issuer the Final Repurchase Price Payment and the Issuer will pay to an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the Final Repurchase Price Payment received by the Issuer on the Final Repo Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 Where the Issuer purchases Securities and sells Repo Collateral Securities to the Repo Counterparty in order to fund such purchase, a fee in addition to the relevant Purchase Price or Repurchase Price (as applicable) may be payable by the Issuer to the Repo Counterparty or by the Repo Counterparty to the Issuer depending on prevailing market conditions.
- 2.6 Where the Issuer purchases Securities, a Repurchase Date shall occur with respect to the proportion of the Repurchase Agreement equal to the Aggregate Amount of Securities being purchased (the "**Purchased Proportion**") and Accrued Interest will be reflected in the Repurchase Price paid by the Repo Counterparty to the Issuer in respect of the Purchased Proportion immediately following any such repurchase.

#### 3. Payments under the Swap Agreement

- 3.1 Where the sum of the Issuer Fees Amount and the purchase price for the Repo Collateral Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial

Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).

- 3.2 Where the sum of the Issuer Fees Amount and the purchase price for the Repo Collateral Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 3.3 If an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 On the Swap Final Issuer Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the Final Repurchase Price Payment received by the Issuer on the Final Repo Date.
- 3.5 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.6 If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs provided that no Early Payment Event or Event of Default has occurred:
  - (a) the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; and
  - (b) the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the amount received by the Issuer under the Repurchase Agreement from the Repo Counterparty on or around the Automatic Early Settlement Date.
- 3.7 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement at any time will be equal to the Aggregate Issue Amount of the Securities left outstanding
- 3.8 Payments under the Swap Agreement will only be made on Swap Business Days.
- 3.9 If so specified in the applicable Final Terms, one or more Credit Support Structures may apply to the Swap Agreement.

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Repo Counterparty under the Repurchase Agreement in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

## 5. Collection of payments

Payments made under the Swap Agreement or Repurchase Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date (where applicable) or the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### Charged Asset Structure 7C - Repurchase Agreement and Swap Agreement, Security Flow Repo Accrued Interest, Swap Final Payment Flow

#### 1. General

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Repurchase Agreement with the Repo Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Repurchase Agreement, please see "*Description of the Charged Assets – Part IV – Description of the Repurchase Agreement*".

#### 2. Payments under the Repurchase Agreement

- 2.1 On the Initial Repo Purchase Date, the Issuer will use up to 100 per cent. of the net issue proceeds of the Securities, and, all or part of the Initial Swap Payment Amount to purchase Repo Collateral Securities with a value equal to the Aggregate Issue Amount pursuant to the Repurchase Agreement.
- 2.2 On each Repurchase Date under the Repurchase Agreement, the Repo Counterparty will pay an amount of Accrued Interest to the Issuer in respect of the Repo Transaction which has just terminated (each such amount, a "**Repo Accrued Interest Amount**").
- 2.3 The Issuer will use the Repo Accrued Interest Amount received under the Repurchase Agreement to pay the relevant Interim Payment Amounts due in respect of the Securities.
- 2.4 On the Final Repo Date, the Repo Counterparty will pay to the Issuer the Final Repurchase Price Payment and the Issuer will pay to an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the Final Repurchase Price Payment received by the Issuer on the Final Repo Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.5 Where the Issuer purchases Securities and sells Repo Collateral Securities to the Repo Counterparty in order to fund such purchase, a fee in addition to the relevant Purchase Price or Repurchase Price (as applicable) may be payable by the Issuer to the Repo Counterparty or by the Repo Counterparty to the Issuer depending on prevailing market conditions.
- 2.6 Where the Issuer purchases Securities, a Repurchase Date shall occur with respect to the proportion of the Repurchase Agreement equal to the Aggregate Amount of Securities being purchased (the "**Purchased Proportion**") and Accrued Interest will be reflected in the Repurchase Price paid by the Repo Counterparty to the Issuer in respect of the Purchased Proportion immediately following any such repurchase.

#### 3. Payments under the Swap Agreement

- 3.1 Where the sum of the Issuer Fees Amount and the purchase price for the Repo Collateral Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 3.2 Where the sum of the Issuer Fees Amount and the purchase price for the Repo Collateral Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the

Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

3.3 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms,*

On the Swap Final Issuer Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the Final Repurchase Price Payment received by the Issuer on the Final Repo Date.

3.4 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.5 If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs provided that no Early Payment Event or Event of Default has occurred:

- (a) the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; and
- (b) the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the amount received by the Issuer under the Repurchase Agreement from the Repo Counterparty on or around the Automatic Early Settlement Date.

3.6 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement at any time will be equal to the Aggregate Issue Amount of the Securities left outstanding

3.7 Payments under the Swap Agreement will only be made on Swap Business Days.

3.8 If so specified in the applicable Final Terms, one or more Credit Support Structures may apply to the Swap Agreement.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Repo Counterparty under the Repurchase Agreement in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

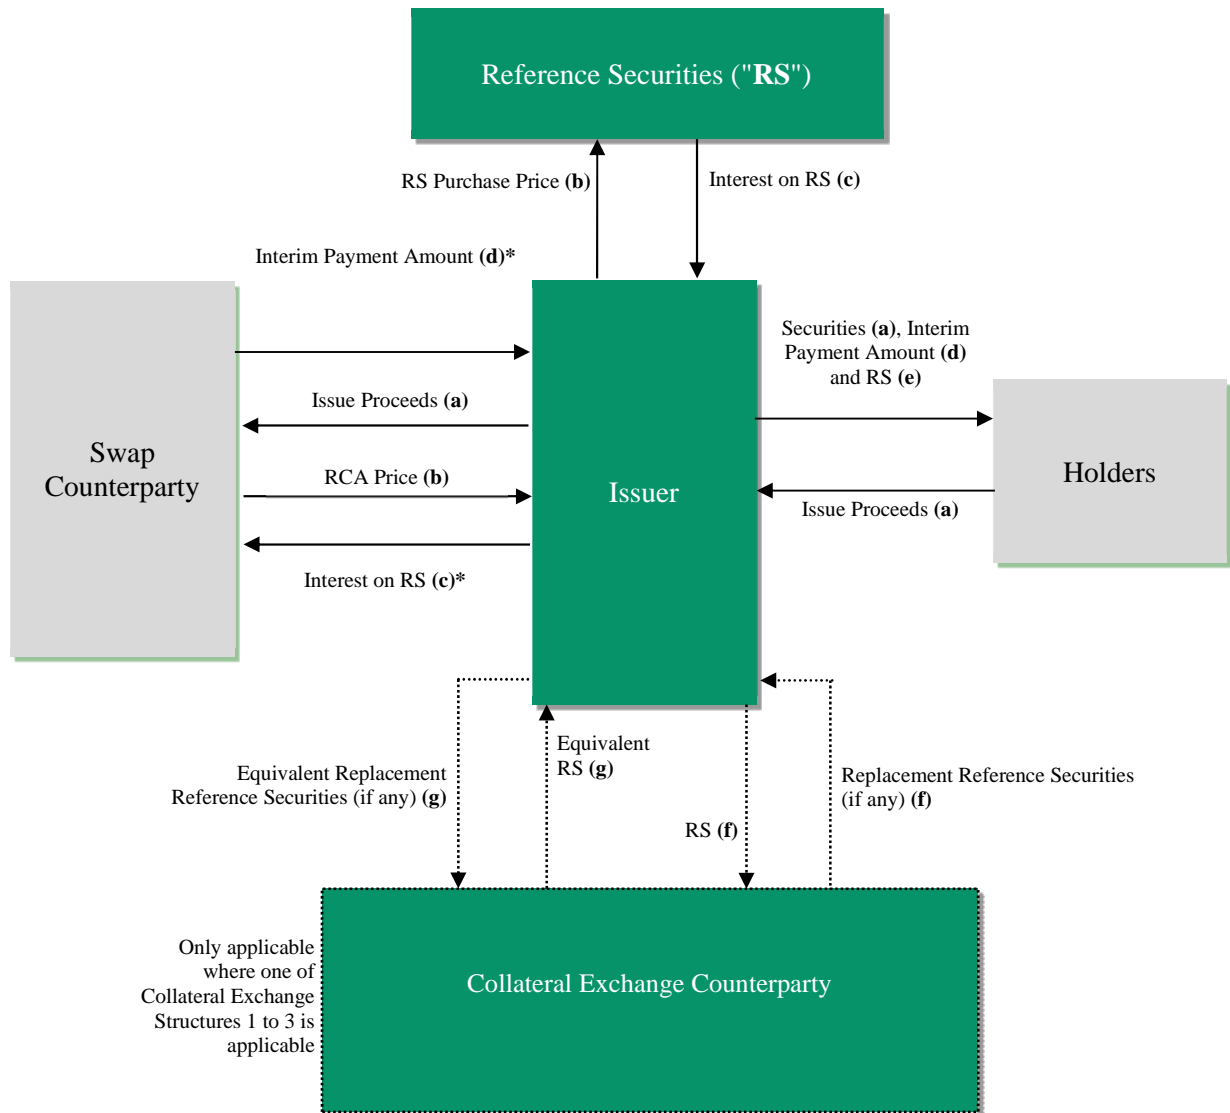

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Repurchase Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date (where applicable) or the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

**CHARGED ASSET STRUCTURE 8**

**Transaction Structure Diagram:** The diagram below is intended to provide an overview of the structure of the transaction that is the subject of Charged Asset Structure 8. Prospective investors should also review the detailed information set out elsewhere in this Base Prospectus, including in the sections titled "*Description of The Charged Assets - Part I – General*", "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and "*Description of The Charged Assets - Part V - Description of the Collateral Exchange Agreement*", for a description of the transaction structure and relevant cashflows prior to making any investment decision.

**Key to Diagram**

- (a) On Issue Date
- (b) On Initial Reference Security Purchase Date
- (c) On Reference Collateral Interest Payment Date(s)
- (d) On Interim Payment Date(s)
- (e) On Final Payment Date
- (f) Following a request from the Collateral Exchange Counterparty
- (g) Scheduled Exchange End Date
- \* Only where Reference Security Coupon Swap Payment Flow is applicable

As used in the below headings of the Charged Asset Structure 8:

**"Collateral Exchange Agreement"** means one of Collateral Exchange Structures 1 to 3 is applicable as specified in the applicable Final Terms.

**"Initial Swap Payment Flow"** refers to a structure where the Issuer pays the net issue proceeds from the Securities to the Swap Counterparty and the Swap Counterparty pays the purchase price for the Reference Securities to the Issuer.

**"Swap Flow Reference Security Coupon"** refers to a structure where the interest on the Reference Securities is paid by the Issuer to the Swap Counterparty and the Swap Counterparty pays to the Issuer the Interim Payment Amounts due on the Securities.

**"Security Flow Reference Security Coupon"** refers to a structure where the interest on the Reference Securities is used by the Issuer to pay the Interim Payment Amounts due on the Securities.

**"Scheduled Cashflow Obligation"** refers to a structure where the Issuer's obligation under the Swap Agreement will be to pay to the Swap Counterparty the scheduled amount of interest (where Swap Flow Reference Security Coupon is applicable) and/or principal payable under the Reference Securities (where Swap Final Payment Flow is applicable) whether or not the full amount is actually received by the Issuer.

Where Scheduled Cashflow Obligation not applicable applies the Issuer's obligation will be to only pay the amount it actually receives under the Reference Securities to the Swap Counterparty.

**CHARGED ASSET STRUCTURE 8A - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Collateral Exchange Agreement, Scheduled Cashflow Obligation not applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see *"Description of the Charged Assets – Part II – Description of the Swap Agreement"* and for further details relating to the Collateral Exchange Agreement, please see *"Description of the Charged Assets – Part VII – Description of the Collateral Exchange Structures"*.

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Under the Swap Agreement:
  - (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and

- (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.4 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.

2.5 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

2.6 Payments under the Swap Agreement will only be made on Swap Business Days.

2.7 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. **Payments under the Reference Securities**

3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.

3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer is due to pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 3.4 Where RCA Maturity Call and Par Redemption are specified as applicable in the applicable Final Terms:
- (a) On each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being redeemed and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) On the earlier of (i) the Scheduled Final Bond Payment Date(s) and (ii) the Final RCA Maturity Call Option Date relating to the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.5 Where RCA Maturity Call is not applicable to the relevant Series of Securities or no Final RCA Maturity Call Option Date occurs during the Par Redemption Period, the Issuer will deliver the Reference Securities to the Holders of Securities provided that no Early Payment Event or Event of Default has occurred.

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security; and/or
- (b) any Interim Payment Amount in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, and, where applicable, the Automatic Early Settlement Amount in respect of each outstanding Security.

**CHARGED ASSET STRUCTURE 8B - INTEREST BEARING REFERENCE SECURITIES AND SWAP AGREEMENT: Swap Flow Reference Security Coupon, Collateral Exchange Agreement, Scheduled Cashflow Obligation applicable**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Collateral Exchange Agreement, please see "*Description of the Charged Assets – Part VII – Description of the Collateral Exchange Structures*".

**2. Payments under the Swap Agreement**

- 2.1 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is less than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).

- 2.2 Where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, on the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 Under the Swap Agreement:
- (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount scheduled to be received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, scheduled to be received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 *Where Automatic Early Settlement is applicable in respect of the Securities:*
- If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:
- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
  - (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.
- 2.5 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.6 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.7 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

### 3. **Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use (a) up to 100 per cent. of the net issue proceeds of the Securities, and (b) all or part of any Initial Swap Payment from the Swap Counterparty where the purchase price of the Reference Securities is greater than the net issue proceeds of the Securities to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer is due to pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").
- 3.3 Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) to the Swap Counterparty in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date from the Reference Security Issuer and/or, where a Collateral Exchange has taken place in respect of all or part of the relevant Reference Securities, received by the Issuer from the Collateral Exchange Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 3.4 Where RCA Maturity Call and Par Redemption are specified as applicable in the applicable Final Terms:
  - (a) On each RCA Maturity Call Option Date which is not the Final RCA Maturity Call Option Date, the relevant RCA Issuer will pay an amount of principal and accrued interest thereon in respect of the nominal amount of the Reference Securities held by the Issuer at such time which are being redeemed and the RCA Nominal Amount relating to the relevant Reference Securities will be reduced by the nominal amount of the Reference Securities held by the Issuer which are redeemed; and
  - (b) On the earlier of (i) the Scheduled Final Bond Payment Date and (ii) the Final RCA Maturity Call Option Date in respect of the relevant Reference Securities, the RCA Issuer will pay to the Issuer an amount (if any) in the relevant Reference Collateral Currency equal to the Scheduled Final Bond Payment provided that no Early Payment Event or Event of Default has occurred.
- 3.5 Where RCA Maturity Call is not applicable to the relevant Series of Securities or no Final RCA Maturity Call Option Date occurs during the Par Redemption Period, on the Scheduled Final Bond Payment Date in respect of the relevant Reference Securities, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around such date as set out above to pay the Final Payment Amount in respect of each Security.

### 4. **Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security; and/or
- (b) any Interim Payment Amount in respect of each outstanding Security.

### 5. **Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, and where applicable, the Automatic Early Settlement Amount in respect of each outstanding Security.

**REPLACEMENT OF RCA**

Where RCA Merger Event and RCA Reference Entity/Issuer/Guarantor Merger are applicable to a series of Securities and the Calculation Agent has determined that such a RCA Merger Event has occurred and it is determined that the Affected Merger Reference Securities will be replaced with Similar Reference Securities, the Issuer will pay the sale proceeds from a sale of the Affected Merger Reference Securities to the Swap Counterparty and will receive from the Swap Counterparty an amount equal to the amount required to purchase the relevant Similar Reference Securities.

**PURCHASE OF REFERENCE SECURITIES**

Where in the description of any Charged Asset Structure there is a reference to the Issuer purchasing Reference Securities, the Issuer may purchase such Reference Securities in the market from third parties or may purchase the relevant Reference Securities from the relevant Dealer (or any affiliate of the relevant Dealer) or, where applicable, from the Repo Counterparty pursuant to the Repurchase Agreement.

**DEFINITIONS**

As used in the Charged Asset Structures, the following terms have the meanings set out below:

**"Aggregate Amount"** means (a) the Aggregate Nominal Amount where the Securities are Notes, (b) the Aggregate Notional Amount where the Securities are Certificates or (c) the Number of Warrants where the Securities are Warrants;

**"Aggregate Automatic Early Settlement Amounts"** means the aggregate of the Automatic Early Settlement Amounts payable in respect of the relevant Securities;

**"Aggregate Final Payment Amount"** means the aggregate of the Final Payment Amounts payable in respect of the relevant Securities;

**"Aggregate Issue Amount"** means an amount equal to (a) the Aggregate Nominal Amount where the Securities are Notes, (b) Aggregate Notional Amount where the Securities are Certificates, or (c) the Number of Warrants multiplied by the Issue Price thereof where the Securities are Warrants;

**"Automatic Early Settlement"** means Automatic Early Redemption where the Securities are Notes or Certificates or Automatic Early Expiration where the Securities are Warrants;

**"Automatic Early Settlement Amount"** means Automatic Early Redemption Amount where the Securities are Notes or Certificates or Automatic Early Expiration Payout Amount where the Securities are Warrants;

**"Automatic Early Settlement Date"** means (a) the Automatic Early Redemption Date where the Securities are Notes or Certificates or (b) the Automatic Early Exercise Date where the Securities are Warrants;

**"Automatic Early Settlement Deposit Payment Amount"** means the proceeds received by the Issuer (excluding amounts payable in respect of accrued interest thereon) from the Deposit Counterparty on or around the Automatic Early Settlement Date;

**"Automatic Early Settlement Event"** means (a) an Automatic Early Redemption Event where the Securities are Notes or Certificates or (b) an Automatic Early Termination Event where the Securities are Warrants;

**"Automatic Early Settlement Reference Security Unwind Proceeds"** means the proceeds payable to the Issuer in respect of the Reference Securities following an Early Settlement Reference Security Unwind;

**"Available Proceeds"** means the net proceeds of issue of the Securities which are not used to pay the purchase price for the Reference Securities or initial payment under the Deposit Agreement, as the case may be, or used to pay fees and expenses in connection with administration of the Issuer and/or the Securities;

**"Call Event"** means the notification by the Swap Counterparty to the Issuer that the Swap Counterparty has elected to exercise its option to terminate the Swap Agreement on the immediately following Interest Payment Date or Nominated Termination Date in accordance with the terms and conditions of the relevant Securities;

**"Collateralisation Notional Amount"** means, at any time, an amount equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any repurchase multiplied by the Collateralisation Percentage of the Securities then outstanding;

**"Collateralisation Percentage"** means the percentage specified in the applicable Final Terms;

**"Deposit Agreement"** means, in respect of a Series of Securities, the deposit agreement entered into between the Issuer and the Deposit Counterparty specified in the applicable Final Terms in connection with the relevant Securities;

**"Deposit Balancing Payment"** means where the Aggregate Final Payment Amount is less than the Final Deposit Payment, the payment by the Issuer to the Swap Counterparty of an amount equal to the difference between the Final Deposit Payment and the Aggregate Final Payment Amount;

**"Early Payment Amount"** means (a) the Early Redemption Amount where the Securities are Notes or Certificates or (b) the Early Termination Amount where the Securities are Warrants;

**"Early Payment Event"** means (a) an Early Redemption Event where the Securities are Notes or Certificates or (b) an Early Termination Event where the Securities are Warrants;

**"Early Settlement Reference Security Unwind"** means one or more of (a) the automatic early redemption of the Reference Securities, (b) a put of the Reference Securities at the option of the Issuer and/or (c) the sale of the Reference Securities, as the case may be;

**"Final Deposit Payment"** means the amount payable as the final payment (excluding interest where the Deposit is interest bearing) by the Deposit Counterparty under the Deposit Agreement;

**"Final Payment Amount"** means (a) the Final Redemption Amount where the Securities are Notes or Certificates or (b) the Cash Settlement Amount where the Securities are Warrants;

**"Final Payment Date"** means (a) the Maturity Date where the Securities are Notes, (b) the Redemption Date where the Securities are Certificates or (c) the Settlement Date where the Securities are Warrants;

**"Final RCA Maturity Call Option Date"** means the RCA Maturity Call Option Date in respect of which the Reference Securities are redeemed in full;

**"Final Repo Date"** means on or around the Final Payment Date of the relevant Securities;

**"Final Repurchase Price Payment"** means the Repurchase Price paid to the Issuer by the Repo Counterparty on the Final Repo Date excluding the amount of Accrued Interest paid as part of such Repurchase Price;

**"Initial Reference Security Purchase Date"** means the date on or around the Issue Date when the Issuer is to purchase the Reference Securities;

**"Initial Remittance"** has the meaning given to it in Condition 8(h)(ii) of the Notes, Condition 9(h)(ii) of the Certificates or Condition 9(h)(ii) of the Warrants, as applicable;

**"Initial Remittance Payment Date"** means the date on or around the Issue Date when the Issuer is to pay the initial sum due to the Deposit Counterparty under the Deposit Agreement;

**"Initial Repo Purchase Date"** means on or around the Issue Date;

**"Initial Swap Counterparty Payment"** or **"Initial Swap Counterparty Payment Amount"** means, where the purchase price for the Reference Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, an amount which is sufficient to allow the Issuer to pay the Issuer Fees Amount and acquire, together with using the net issue proceeds received by the Issuer from the issue of the Securities, the Reference Securities;

**"Initial Swap Payment"** or **"Initial Swap Payment Amount"** means, the Issuer Fees Amount or where the sum of the Issuer Fees Amount and the purchase price for the Reference Securities or the Repo Collateral Securities is greater than the net issue proceeds received by the Issuer from the issue of the Securities, an

amount which is sufficient to allow the Issuer to pay the Issuer Fees Amount and acquire, together with using the net issue proceeds received by the Issuer from the issue of the Securities, the Reference Securities;

**"Initial Swap Payment Date"** means the date(s) specified in the applicable Swap Agreement, being the first date on which a payment is due under the Swap Agreement;

**"Interim Payment Date"** means each relevant Interest Payment Date and/or a Premium Amount Payment Date, as applicable to the relevant Securities;

**"Interim Payment Amount"** means an Interest Amount and/or a Premium Amount, as applicable to the relevant Securities;

**"Issuer Fees Amount"** means the amount payable by the Issuer on or around the Issue Date in respect of fees and expenses payable in connection with the administration of the Issuer and/or the relevant Securities;

**"Issuer Initial Swap Payment Amount"** means the Available Proceeds;

**"Net Available Proceeds"** means the net proceeds of issue of the Securities which are not used to pay the purchase price for the Reference Securities;

**"Partial Proceeds"** means the net proceeds of issue of the Securities (being less than 100 per cent. thereof);

**"Reference Securities"** means the securities specified as such in the applicable Final Terms;

**"Reference Security Issuer or RCA Issuer"** means the issuer(s) of the Reference Securities specified in the applicable Final Terms;

**"Reference Security Unwind Date"** means the date on which the Reference Securities are redeemed, sold or transferred in connection with an Automatic Early Settlement Event.

**"Relevant Purchase Conditions"** means (a) Condition 7(i) or Condition 8(h)(ii) where the Securities are Notes or (b) Condition 8(a) or Condition 9(h)(ii) where the Securities are Warrants or (c) Condition 8(i) or Condition 9(h)(ii) where the Securities are Certificates;

**"Relevant Reference Security Interest Payment Date"** means:

- (a) the Reference Security Interest Payment Date where the Issuer is obliged to pay the interest amount received on the Reference Securities on the Reference Security Interest Payment Date; or
- (b) the immediately preceding the Reference Security Interest Payment Date where the Swap Issuer Interim Payment Date on which the Issuer is obliged to pay the interest amount received on the Reference Securities on the Reference Security Interest Payment Date falls after such Reference Security Interest Payment Date;

**"Replacement Cost Amount"** is the amount specified as such in the applicable Final Terms;

**"Repo Balancing Payment"** means, where the Aggregate Final Payment Amount is less than the Final Repurchase Price, the payment by the Issuer to the Swap Counterparty of an amount equal to the difference between the Final Repurchase Price and the Aggregate Final Payment Amount;

**"Repurchase Agreement"** means, in respect of a Series of Securities, the repurchase agreement entered into between the Issuer and the Repo Counterparty specified in the applicable Final Terms in connection with the relevant Securities;

**"Repurchase Condition"** means (a) Condition 8(h)(ii) where the Securities are Notes or (b) Condition 9(h)(ii) where the Securities are Certificates or Warrants;

**"RS Balancing Payment"** means, where the Aggregate Final Payment Amount is less than the Scheduled Final Bond Payment, the payment by the Issuer to the Swap Counterparty of an amount equal to the difference between the Scheduled Final Bond Payment and the Aggregate Final Payment Amount;

**"RS Price"** means the purchase price for the Reference Securities;

**"Scheduled Final Bond Payment"** means (a) where RCA Maturity Call is not applicable, the amount scheduled to be paid by the Reference Security Issuer(s) in respect of the nominal amount of the Reference Securities held by the Issuer on the Scheduled Final Bond Payment Date or where there is more than one Reference Security, the aggregate of such amounts payable by the relevant Reference Security Issuers or (b) where RCA Maturity Call is applicable, (i) the amount scheduled to be paid by the Reference Security Issuer(s) in respect of the nominal amount of the Reference Securities held by the Issuer on the Scheduled Final Bond Payment Date or where there is more than one Reference Security, the aggregate of such amounts payable by the relevant Reference Security Issuers or (ii) where the Final RCA Maturity Call Option Date falls prior to the Scheduled Final Bond Payment Date, the amount scheduled to be paid by the relevant RCA Issuer in accordance with the terms of the Reference Securities in respect of the nominal amount of the Reference Securities held by the Issuer on the Final RCA Maturity Call Option Date;

**"Security Balancing Payment"** means where the Aggregate Final Payment Amount is greater than the Final Deposit Payment or the Scheduled Final Bond Payment, as the case may be, the payment by the Swap Counterparty to the Issuer of an amount equal to the difference between the Aggregate Final Payment Amount and the Final Deposit Payment or Scheduled Final Bond Payment, as the case may be;

**"Scheduled Final Bond Payment Date"** means the scheduled maturity date of the Reference Securities;

**"Swap Agreement"** means, in respect of a Series of Securities, together, one or more derivatives transactions (as amended from time to time) entered into between the Issuer and the Swap Counterparty specified in the applicable Final Terms in connection with the relevant Securities;

**"Swap Business Days"** means the days on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the cities specified in the applicable Final Terms as Business Days, and/or where T2 Settlement Day is specified as a Business Day in the applicable Final Terms, a day on which the real time gross settlement system operated by the Eurosystem or any successor or replacement for that system (T2) is open;

**"Swap Issuer Interim Payment Date"** means each Reference Security Interest Payment Date or the immediately following Business Day; and

**"Swap Issuer Final Payment Date"** means the Scheduled Final Bond Payment Date or the immediately following Business Day.

**DESCRIPTION OF THE CHARGED ASSETS - PART VII – COLLATERAL EXCHANGE  
STRUCTURES**

*One or more of the following descriptions of the Collateral Exchange Structures may apply to the Securities where a Collateral Exchange Structure is specified in the applicable Final Terms, which will also set out certain other information ("Variable Information") applicable to the relevant Collateral Exchange Structure (if any) as specified below provided that not more than one Collateral Exchange Structure may apply to any one series of Securities.*

*No Collateral Exchange Structure shall apply where Charged Asset Structure 7 (Repurchase Agreement and Swap Agreement) is applicable.*

**1. COLLATERAL EXCHANGE STRUCTURE 1 – TWO WAY TRANSFER**

- 1.1 On or before the Issue Date, the Issuer will enter into the Collateral Exchange Agreement with the Collateral Exchange Counterparty.
- 1.2 For further details relating to the Collateral Exchange Agreement, please see "Description of the Charged Assets – Part V – Description of the Collateral Exchange Agreement".
- 1.3 Under the Collateral Exchange Agreement, the Collateral Exchange Counterparty may make a request to the Issuer for a Collateral Exchange in which case the Issuer will transfer the relevant Reference Securities which are the subject of the request to the Collateral Exchange Counterparty and the Collateral Exchange Counterparty will transfer Replacement Collateral Assets as collateral.
- 1.4 On or prior to the Scheduled Exchange End Date, where a Collateral Exchange has taken place, the Collateral Exchange Counterparty will transfer Equivalent Securities in respect of the Reference Securities to the Issuer and the Issuer will transfer Equivalent Securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty.
- 1.5 Where a Collateral Exchange has taken place, the Collateral Exchange Counterparty will pay amounts equal to any amounts of interest it receives in respect of the Reference Securities which have been the subject of such Collateral Exchange (net of any withholding or deduction on account of any applicable taxes, where Counterparty Net Payments is specified as applicable in the applicable Final Terms) to the Issuer and the Issuer will pay amounts equal to any amounts of interest it receives in respect of the relevant Replacement Collateral Assets (net of any withholding or deduction on account of any applicable taxes) to the Collateral Exchange Counterparty.
- 1.6 Under the Collateral Exchange Agreement, the Value of the Received Collateral which is the subject of the then current Exchange Transaction will be determined by the Collateral Exchange Counterparty on each Exchange Transaction Valuation Date. If on any Exchange Transaction Valuation Date the Issuer has a Net Exposure to the Collateral Exchange Counterparty exceeding the Minimum Transfer Amount, the Collateral Exchange Counterparty will transfer further Replacement Collateral Assets with a Value at least equal to such Net Exposure to the Issuer as margin on or prior to the Margin Delivery Date; if on any Exchange Transaction Valuation Date, the Value of the Replacement Collateral Assets is greater than the Value of the Received Collateral by an amount equal to or greater than the Minimum Transfer Amount, then the Issuer will transfer an amount of Equivalent Securities in respect of the Replacement Collateral Assets with a Value equal to such excess to the Collateral Exchange Counterparty upon request by the Collateral Exchange Counterparty.

**2. COLLATERAL EXCHANGE STRUCTURE 2 – ONE WAY TRANSFER SECURITIES LENDING**

- 2.1 On or before the Issue Date, the Issuer will enter into the Collateral Exchange Agreement with the Collateral Exchange Counterparty.

- 2.2 For further details relating to the Collateral Exchange Agreement, please see "Description of the Charged Assets – Part V – Description of the Collateral Exchange Agreement".
- 2.3 Under the Collateral Exchange Agreement, the Collateral Exchange Counterparty may make a request to the Issuer for a Collateral Exchange in which case the Issuer will transfer the relevant Reference Securities which are the subject of the request to the Collateral Exchange Counterparty.
- 2.4 On or prior to the Scheduled Exchange End Date, where a Collateral Exchange has taken place, the Collateral Exchange Counterparty will transfer Equivalent Securities in respect of the Reference Securities to the Issuer.
- 2.5 Where a Collateral Exchange has taken place, the Collateral Exchange Counterparty will pay amounts equal to any amounts of interest it receives in respect of the Reference Securities which have been the subject of such Collateral Exchange (net of any withholding or deduction on account of any applicable taxes, where Counterparty Net Payments is specified as applicable in the applicable Final Terms) to the Issuer.

**3. COLLATERAL EXCHANGE STRUCTURE 3 – TRIPARTY TRANSFER**

- 3.1 On or before the Issue Date, the Issuer will enter into the Collateral Exchange Agreement with the Collateral Exchange Counterparty and the Issuer and the Collateral Exchange Counterparty will enter into the Triparty Agreement with the Triparty Services Agent.
- 3.2 For further details relating to the Collateral Exchange Agreement, please see "*Description of the Charged Assets – Part V – Description of the Collateral Exchange Agreement*".
- 3.3 Under the Collateral Exchange Agreement, the Collateral Exchange Counterparty may make a request to the Issuer for a Collateral Exchange in which case the Issuer will procure the transfer of the relevant Reference Securities which are the subject of the request to the Collateral Exchange Counterparty and the Triparty Services Agent, on behalf of the Collateral Exchange Counterparty, will transfer Replacement Collateral Assets to the Issuer as collateral.
- 3.4 On or prior to the Scheduled Exchange End Date, where a Collateral Exchange has taken place, the Collateral Exchange Counterparty, will transfer Equivalent Securities in respect of the Reference Securities which were the subject of a Collateral Exchange to the Issuer and, the Issuer, or the Triparty Services Agent on the Issuer's behalf, will transfer Equivalent Securities in respect of the Replacement Collateral Assets to the Collateral Exchange Counterparty.
- 3.5 Where a Collateral Exchange has taken place, the Collateral Exchange Counterparty will procure that amounts of interest received by the Collateral Exchange Counterparty in respect of the Reference Securities which have been the subject of such Collateral Exchange are paid to the Issuer (net of any withholding or deduction on account of any applicable taxes, where Counterparty Net Payments is specified as applicable in the applicable Final Terms) and the Issuer will procure that amounts of interest received by the Issuer in respect of the Replacement Collateral Assets which have been received by the Issuer in connection with such Collateral Exchange are paid to the Collateral Exchange Counterparty (net of any withholding or deduction on account of any applicable taxes).
- 3.6 Under the Collateral Exchange Agreement, the Value of the Received Collateral which is the subject of the then current Exchange Transaction will be determined by the Triparty Services Agent on each Exchange Transaction Valuation Date. If on any Exchange Transaction Valuation Date the Issuer has a Net Exposure to the Collateral Exchange Counterparty exceeding the Minimum Transfer Amount, the Triparty Services Agent will on behalf of the Collateral Exchange Counterparty transfer further Replacement Collateral Assets with a Value at least equal to such Net Exposure to the Issuer as margin on or prior to the Margin Delivery Date; if on any Exchange Transaction Valuation Date, the Value of the Replacement Collateral Assets is greater than the Value of the Received Collateral by an amount equal to or greater than the Minimum Transfer Amount, then the Triparty Services Agent, on behalf of the Issuer transfer an amount of Equivalent Securities in respect of the

Replacement Collateral Assets with a Value equal to such excess to the Collateral Exchange Counterparty.

For this purpose, the Issuer has a "**Net Exposure**" to the Collateral Exchange Counterparty if the Exchange Value exceeds the Exchange Margin Calculation Value of the Replacement Collateral Assets which are the subject of the then current Exchange Transaction already transferred to the Issuer by the Collateral Exchange Counterparty.

#### 4. DEFINITIONS/VARIABLE INFORMATION

As used in the Collateral Exchange Structures, the following terms have the meanings set out below:

"**Exchange Margin Calculation Value**" means the sum of (i) the Margin Calculation Value of the Replacement Collateral Assets which are the subject of the then current Exchange Transaction already transferred to the Issuer by the Collateral Exchange Counterparty and (ii) such other amounts (if any) specified in the applicable Final Terms.

"**Exchange Transaction Valuation Date**" means the date or dates specified as such in the applicable Final Terms.

"**Exchange Value**" means the sum of (i) Value of the Received Collateral which is the subject of the then current Exchange Transaction and (ii) such other amounts (if any) specified in the applicable Final Terms.

"**Margin Calculation Value**" means the Value multiplied by the Over Collateralisation Level.

"**Margin Delivery Date**" means the date specified as such in the applicable Final Terms.

"**Minimum Transfer Amount**" means the amount specified as such in the applicable Final Terms.

"**Over Collateralisation Level**" means the percentage or amount specified as such in the applicable Final Terms. If no Over Collateralisation Level is specified in the applicable Final Terms, the applicable Over Collateralisation Level shall be equal to 100 per cent.

"**Replacement Collateral Assets**" means the securities specified as such in the applicable Final Terms.

"**Scheduled Exchange End Date**" means the Scheduled Final Bond Payment Date (or where there is more than one Scheduled Final Bond Payment Date, the latest Scheduled Final Bond Payment Date) or, if Issuer Call Option is specified as applicable in the applicable Final Terms and the Issuer exercises its option to redeem or cancel the relevant Securities early, the date falling 15 calendar days prior to the date of redemption or cancellation, provided that if such day is not a Business Day, it shall be the first Business Day prior to such fifteenth calendar day.

"**Value**" means in respect of any security, the market value of such security, as determined by the Calculation Agent in a commercially reasonable manner.

**DESCRIPTION OF THE CHARGED ASSETS - PART VIII – CREDIT SUPPORT STRUCTURES****CREDIT SUPPORT STRUCTURE 1****1. General**

- 1.1 The Swap Counterparty and the Issuer will enter into a Credit Support Deed with respect to the Swap Agreement.
- 1.2 For further details relating to collateralisation under the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement - Collateralisation*".

**2. Credit Support**

Under the Credit Support Deed the Swap Counterparty will post collateral for its obligations under the Swap Agreement and grant English law governed security over such collateral in favour of the Issuer. The Issuer will assign its rights under the Credit Support Deed by way of security in favour of the Trustee. However the Collateral does not constitute Charged Assets and is not owned by the Issuer. The Swap Counterparty Collateral (as defined below) will be held by BNP Paribas Succursale de Luxembourg on behalf of the Issuer as custodian in a segregated account in accordance with the terms of the Credit Support Deed.

**3. Collateral**

- 3.1 Under the Credit Support Deed the Swap Counterparty will post Swap Counterparty Collateral in respect of its obligations under the Swap Agreement. The "**Swap Counterparty Collateral**" in respect of a Swap Agreement will be those assets specified in the applicable Final Terms.
- 3.2 The amount of Swap Counterparty Collateral posted by the Swap Counterparty will be adjusted on each Swap Agreement Valuation Date so that it is equal in value, (as multiplied by the valuation percentage applicable to relevant item of collateral), as determined by the Credit Support Valuation Agent acting in its sole and absolute discretion, to the product of the Support Percentage and the MtM Value of the Swap Agreement on such Swap Agreement Valuation Date. Where a Minimum Transfer Amount is specified in the applicable Final Terms, any adjustments to the amount of Swap Counterparty Collateral will only take place where such adjustment would exceed the relevant Minimum Transfer Amount. Where a Non-Posting Period is specified in the applicable Final Terms, the Swap Counterparty will not post any collateral for the relevant period and the security over the Swap Counterparty Collateral will be released and the Swap Counterparty Collateral will be returned to the Swap Counterparty.

**CREDIT SUPPORT STRUCTURE 2****1. General**

- 1.1 The Swap Counterparty and the Issuer will enter into a Credit Support Annex with respect to the Swap Agreement.
- 1.2 For further details relating to collateralisation under the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement - Collateralisation*".

**2. Credit support**

Under the Credit Support Annex the Swap Counterparty will transfer collateral for its obligations under the Swap Agreement to the Issuer. The Issuer will assign its rights under the Credit Support Annex by way of security in favour of the Trustee and the Swap Counterparty Collateral will constitute Charged Assets. The Swap Counterparty Collateral will be held by the Custodian on behalf of the Issuer.

### 3. Collateral

- 3.1 Under the Credit Support Annex the Swap Counterparty will transfer collateral in respect of its obligations under the Swap Agreement. The "**Swap Counterparty Collateral**" in respect of a Swap Agreement will be those assets specified in the applicable Final Terms.
- 3.2 The amount of Swap Counterparty Collateral posted by the Swap Counterparty will be adjusted on each Swap Agreement Valuation Date so that it is equal in value, (as multiplied by the valuation percentage applicable to relevant item of collateral), as determined by the Credit Support Valuation Agent acting in its sole and absolute discretion, to the product of the Support Percentage and the MtM Value of the Swap Agreement on such Swap Agreement Valuation Date. Where a Minimum Transfer Amount is specified in the applicable Final Terms, any adjustments to the amount of Swap Counterparty Collateral will only take place where such adjustment would exceed the relevant Minimum Transfer Amount. Where a Non-Posting Period is specified in the applicable Final Terms, the Swap Counterparty will not transfer any Swap Counterparty Collateral for the relevant period and the Issuer will transfer securities equivalent to the Swap Counterparty Collateral previously transferred to it by the Swap Counterparty to the Swap Counterparty.

## CREDIT SUPPORT STRUCTURE 3

### 1. General

- 1.1 The Swap Counterparty and the Issuer will enter into a Credit Support Annex with respect to the Swap Agreement.
- 1.2 For further details relating to collateralisation under the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement - Collateralisation*".

### 2. Credit Support

Under the Credit Support Annex the Swap Counterparty will transfer collateral for its obligations under the Swap Agreement to the Issuer and the Issuer will transfer collateral for its obligations under the Swap Agreement to the Swap Counterparty. The Issuer will assign its rights under the Credit Support Annex by way of security in favour of the Trustee and the Swap Counterparty Collateral will constitute Charged Assets. The Swap Counterparty Collateral will be held by the Custodian.

### 3. Collateral

- 3.1 Under the Credit Support Annex the Swap Counterparty will transfer Swap Counterparty Collateral in respect of its obligations under the Swap Agreement. The "**Swap Counterparty Collateral**" in respect of a Swap Agreement will be those assets specified in the applicable Final Terms.
- 3.2 Under the Credit Support Annex the Issuer will transfer Reference Securities to the Swap Counterparty in respect of its obligations under the Swap Agreement (the "**Issuer Posted Collateral**").
- 3.3 The amount of Swap Counterparty Collateral transferred by the Swap Counterparty to the Issuer or by the Issuer to the Swap Counterparty will be adjusted on each Swap Agreement Valuation Date so that it is equal in value (as multiplied by the valuation percentage applicable to relevant item of collateral), as determined by the Credit Support Valuation Agent acting in its sole and absolute discretion, to the product of the Support Percentage and the MtM Value of the Swap Agreement on such Swap Agreement Valuation Date. Where Scheduled Cashflow Valuation is specified in the applicable Final Terms, the MtM Value of the Swap Agreement will be determined based on the scheduled cashflows under the Swap Agreement, without reference to any credit or other risk in relation to the Reference Security Issuer. Where a Minimum Transfer Amount is specified in the applicable Final Terms, any adjustments to the amount of Swap Counterparty Collateral will only take place where such adjustment would exceed the relevant Minimum Transfer Amount.

- 3.4 The Issuer will not be required to transfer at any time in aggregate a principal amount of the Reference Securities which is greater than the then Aggregate Amount of the Securities as Issuer Posted Collateral under the Credit Support Annex. Where a Minimum Transfer Amount is specified in the applicable Final Terms, any adjustments to the amount of Issuer Posted Collateral will only take place where such adjustment would exceed the relevant Minimum Transfer Amount.
- 3.5 Where a Collateral Exchange Structure is also applicable to the relevant series of Securities and the Issuer has transferred Reference Securities to the Collateral Exchange Counterparty, the Issuer will not be required to transfer at any time as Issuer Posted Collateral under the Credit Support Annex in aggregate a nominal amount of the Reference Securities which is greater than the then Aggregate Amount of the Securities less the nominal amount of Reference Securities which has been transferred to the Collateral Exchange Counterparty.
- 3.6 Where a Non-Posting Period is specified in the applicable Final Terms in respect of the Swap Counterparty, the Swap Counterparty will not post any Swap Counterparty Collateral for the relevant period and the Issuer will transfer securities equivalent to the Swap Counterparty Collateral previously transferred by the Swap Counterparty to the Swap Counterparty. Where a Non-Posting Period is specified in the applicable Final Terms in respect of the Issuer, the Issuer will not post any Issuer Posted Collateral for the relevant period and the Swap Counterparty will transfer Equivalent Issuer Posted Collateral to the Issuer.

#### CREDIT SUPPORT STRUCTURE 4

**This Credit Support Structure shall only be applicable if specified in the applicable Final Terms and if Charged Asset Structure 7 (Repurchase Agreement and Swap Agreement) is specified as applicable.**

Under the Repurchase Agreement, the Value of the Repo Collateral Securities which are the subject of the then current Transaction will be determined by the Repo Calculation Agent on each Repo Transaction Valuation Date. If on any Repo Transaction Valuation Date the Issuer has a Net Exposure to the Repo Counterparty exceeding the Minimum Transfer Amount, the Repo Counterparty will transfer further Repo Collateral Securities with a Value at least equal to such Net Exposure with the Issuer as margin on or prior to the Margin Delivery Date; if on any Repo Transaction Valuation Date, the Value of the Repo Collateral Securities is greater than the Repurchase Price by an amount equal to or greater than the Minimum Transfer Amount, then the Issuer will transfer an amount of Repo Collateral Securities with a Value equal to such excess to the Repo Counterparty upon request by the Repo Counterparty.

For this purpose, the Issuer has a "**Net Exposure**" to the Repo Counterparty if the Repurchase Price exceeds the Margin Calculation Value of the Repo Collateral Securities which are the subject of the then current Transaction already transferred to the Issuer by the Repo Counterparty.

#### DEFINITIONS

As used in the Credit Support Structures, the following terms have the meanings set out below:

"**Credit Support Valuation Agent**" means party specified as such in the applicable Final Terms.

"**Margin Calculation Value**" means the Value multiplied by the Over Collateralisation Level.

"**Margin Delivery Date**" means the date specified as such in the applicable Final Terms.

"**Minimum Transfer Amount**" means the amount specified as such in the applicable Final Terms.

"**Over Collateralisation Level**" means the percentage or amount specified as such in the applicable Final terms. If no Over Collateralisation Level is specified in the applicable Final Terms, the applicable Over Collateralisation Level shall be equal to 100 per cent.

"**Repo Transaction Valuation Date**" means the date or dates specified as such in the applicable Final Terms.

**"Support Percentage"** means the percentage specified in the applicable Final Terms. If no Support Percentage is specified in the applicable Final Terms, the applicable Support Percentage shall be equal to 100 per cent.

**"Swap Agreement Valuation Date"** means the date or dates specified as such in the applicable Final Terms.

**"Value"** means the market value or such other value specified in the applicable Final Terms.

**DESCRIPTION OF THE CHARGED ASSETS – PART IX – ELIGIBLE BNP PARIBAS FORTIS  
COLLATERAL SECURITIES**

Where so specified in the applicable Final Terms, debt obligations of BNP Paribas Fortis SA/NV ("**BNP Paribas Fortis**") which are Eligible BNP Paribas Fortis Collateral Securities may constitute Reference Securities.

"**Eligible BNP Paribas Fortis Collateral Securities**" means securities to be issued by BNP Paribas Fortis which have the following terms and conditions:

1. **Status:** They are notes (referred to herein as "**BNPPF Securities**") issued on a senior preferred basis which constitute direct, unconditional, unsubordinated and unsecured and general obligations of BNP Paribas Fortis and will rank at all times (a) *pari passu* without preference among themselves and at least equally and rateably with all other present and future fall or are expressed to fall within the category of obligations described in Article 389/1, 1° of the Belgian Banking Law, (b) senior to senior-non preferred obligations of BNP Paribas Fortis and any obligations ranking *pari passu* with or junior to senior non-preferred obligations of BNP Paribas Fortis and (c) junior to all present and future claims as may be preferred by laws of general application;
2. **Events of default:** The terms of such BNPPF Securities contain, amongst others, the following events of default:
  - (a) default in payment of any principal or interest due in respect of the BNPPF Securities, continuing for a period of 30 days;
  - (b) default arising from the non-performance or non-observance by BNP Paribas Fortis of any other obligation, condition or other provision under the BNPPF Securities which is not cured within 45 days of a notice from any holder of the BNPPF Securities requiring remedy of such default;
  - (c) default by BNP Paribas Fortis in the payment of the principal of, or premium or prepayment charge (if any) or interest on, any other loan indebtedness of or assumed or guaranteed by BNP Paribas Fortis (which indebtedness has an aggregate principal amount of at least EUR 50,000,000 or its equivalent in any other currency or currencies), when and as the same shall become due and payable (as a result of maturity or acceleration of maturity), if, other than in the case of acceleration of maturity, such default shall continue for more than the applicable period of grace and the time for payment of such interest or principal has not been effectively extended;
  - (d) events relating to the dissolution, insolvency or winding up of BNP Paribas Fortis except as a result of a permitted reorganisation pursuant to the terms and conditions of the BNPPF Securities; or
  - (e) it becomes unlawful for BNP Paribas Fortis to perform any of its obligations under the BNPPF Securities.

Following the occurrence of any such event of default, any holder of a such a BNPPF Security may give notice that such BNPPF Security is immediately repayable whereupon the early redemption amount calculated in accordance with the terms and conditions of the BNPPF Securities, together (if applicable) with accrued interest to the date of repayment, will become immediately due and payable.

3. **Interest:** the BNPPF Securities, as specified in the applicable Final Terms, either (a) will bear interest at a fixed rate or (b) do not bear interest and are zero coupon securities.
4. **Redemption:** the BNPPF Securities, provided they are not subject to early redemption, will redeem at par on the date specified for their scheduled redemption in the applicable Final Terms, subject to adjustment for non-business days in accordance with the terms of the BNPPF Securities.

5. **Early redemption:** the BNPPF Securities may be redeemed early due to illegality or a force majeure at the early redemption amount calculated in accordance with the terms and conditions of the BNPPF Securities.
6. **Currency:** the BNPPF Securities may be denominated in any of the following currencies (each an "**Eligible BNP Paribas Fortis Collateral Currency**"): Euros ("**EUR**"), US Dollars, ("**USD**"), Australian Dollars ("**AUD**"), Canadian Dollars ("**CAD**"), Swiss Francs ("**CHF**"), Danish Kroner ("**DKK**"), Great British Pounds ("**GBP**"), Japanese Yen ("**JPY**"), Norwegian Kroner ("**NOK**"), New Zealand Dollars ("**NZD**") or Swedish Kronor ("**SEK**"), as specified in the applicable Final Terms.
7. **Governing law:** the BNPPF Securities are governed by English law, save for the provisions relating to BNPPF Securities issued in dematerialised form, the provisions relating to status and ranking and the provisions relating to meetings of holders of the BNPPF Securities, which will be governed, in each case, by Belgian law.

**DESCRIPTION OF CHARGED ASSETS – PART – X – ELIGIBLE BANCO DESIO  
COLLATERAL SECURITIES**

*The information in this section "Description of Charged Assets – Part X- Eligible banco Desio Collateral Securities" setting out the terms of the Eligible Banco Desio Collateral Securities (as defined below) has been extracted from a translation of information included in the information memorandum in Italian filed by Banco Desio (as defined below) with the Commissione Nazionale per la Società e la Borsa (Consob) on 29 January 2024. This information has been accurately reproduced and, as far as the Issuer is aware and is able to ascertain from the information published by Banco Desio, no facts have been omitted which would render the reproduced information inaccurate or misleading.*

Where so specified in the applicable Final Terms, debt obligations of Banco di Desio e della Brianza S.p.A. ("**Banco Desio**") which are Eligible Banco Desio Collateral Securities may constitute Reference Securities.

"**Eligible Banco Desio Collateral Securities**" means securities to be issued by Banco Desio which have the following terms and conditions:

1. **Status:** the securities are notes (referred to herein as "**BD Securities**") issued on a senior basis which constitute direct, unsubordinated and unsecured obligations of Banco Desio and which will rank pari passu (subject to mandatory preferred debts under applicable laws) without preference among themselves and at least equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations including other obligations of a similar nature of Banco Desio;
2. **Events of default:** the terms of the BD Securities do not contain any events of default;
3. **Interest:** the BD Securities, as specified in the applicable Final Terms, either (a) are zero coupon securities or (b) will bear interest at a fixed rate. The zero coupon securities do not provide for the periodic payment of interest (coupons). The difference between the nominal amount paid at maturity and the issue price of such securities (which will be lower than the nominal amount of the zero coupon securities) represents implicit interest accrued on the zero coupon securities;
4. **Redemption:** the BD Securities will redeem at par on the date specified for their scheduled redemption in the applicable Final Terms, subject to the application of resolution tools by the relevant regulatory authorities pursuant to the BRRD (as implemented in Italy);
5. **Early redemption:** the BD Securities may not be redeemed early, except where the applicable Final Terms provide that the MREL Qualification Exclusion Event is applicable. Where the MREL Qualification Exclusion Event is applicable, Banco Desio may elect to early redeem the BD Securities if the outstanding aggregate nominal amount of such series of BD Securities is excluded, totally or partially, from the "eligible liabilities" available to meet the MREL Requirements. The term "**MREL Requirements**" means any legislation, regulation, requirement, guideline, law, standard and protocol regarding minimum requirements for own funds and eligible liabilities and/or loss-absorbing instruments applicable to Banco Desio and/or the "Gruppo Banco Desio" banking group (the "**Banco Desio Group**"), from time to time, including, but not limited to, any delegated or implementing act (including regulatory technical standards) adopted by the European Commission and any regulation, requirement, guideline, law, standard and protocol adopted from time to time by the Republic of Italy, the relevant competent authority or the relevant resolution authority regarding minimum requirements for own funds and eligible liabilities and/or loss-absorbing instruments (regardless of the applicability in general or specifically to Banco Desio and/or the Banco Desio Group of such requirements, guidelines or protocols), each of the foregoing as amended, supplemented or replaced from time to time;
6. **Currency:** the BD Securities are issued and denominated in Euros ("**EUR**"); and

7. **Governing law:** the BD Securities are governed by Italian law.

## FORM OF NOTES

Each Series (and/or Tranche, as the case may be) of Notes will be either Bearer Notes (with or without interest coupons attached) issued outside the United States only in reliance on the exemption from registration provided by Regulation S or Registered Notes (without interest coupons attached) issued outside the United States in reliance on the exemption from registration provided by Regulation S.

As part of the initial distribution of the Notes of each series, such Notes may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "**Risk Retention U.S. Persons**" except to the extent permitted under an exemption to the U.S. Risk Retention Rules as described under "Risk Factors" at page 62 and under "Subscription, Sale and Transfer Restrictions" at pages 1383 to 1384. "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, there are substantial differences between the two definitions and that persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

### *Bearer Notes*

Each Series (and/or Tranche, as the case may be) of Bearer Notes will be initially issued in the form of a temporary global Note or, if so specified in the applicable Final Terms, a permanent global Note which, in either case, will be delivered on or prior to the original issue date of the Series (and/or Tranche, as the case may be) to a common depositary (the "**Common Depositary**") for Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") or Euroclear Bank S.A./N.V. ("**Euroclear**").

Bearer Global Notes (as defined in "*Terms and Conditions of the Notes*") will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the "**TEFRA D Rules**") will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.

### *Registered Notes*

The Registered Notes of each Series (and/or Tranche, as the case may be) offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Note (as defined in "*Terms and Conditions of the Notes*"). Beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

Registered Global Notes in the form of Regulation S Global Notes will be deposited with a Common Depositary for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Registered Notes (as defined in "*Terms and Conditions of the Notes*").

Payments of principal, interest or any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the register kept by the Registrar as the registered holder of the Registered Global Notes. None of the Issuer, BNP Paribas or its affiliates, the Trustee, the Dealer, the Guarantor (if applicable), or any Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of Definitive Registered Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record

Date (as defined in Notes Condition 6 (*Payments*)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg.

#### **Certification as to non-U.S. beneficial ownership**

Whilst any Bearer Note is represented by a temporary global Note, any amounts payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made outside of the United States against presentation of the temporary global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person ("**Certification**"), as required by U.S. Treasury regulations, (i) has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issuing and Paying Agent or, (ii) in the case of a temporary global Note held otherwise than on behalf of Euroclear and/or Clearstream, Luxembourg, from the holder thereof.

On and after the date (the "**Exchange Date**") which is 40 days after the temporary global Note is issued, interests in such temporary global Note will be exchangeable (free of charge) upon a request as described therein either for, as applicable, (i) interests in a permanent global Note or (ii) Definitive Bearer Notes of the same Series with, where applicable, Receipts, Coupons and Talons attached (as indicated in the applicable Final Terms and subject, in the case of Definitive Bearer Notes, to such notice period as is specified in the permanent global Note), in accordance with the terms of the temporary global Note against Certification as to beneficial ownership as described above and as required by U.S. Treasury regulations unless such Certification has already been given pursuant to the provisions set forth above. Exchange of a temporary global Note for interests in a permanent global Note will only be made if Definitive Bearer Notes have not already been issued. If Definitive Bearer Notes have already been issued, the temporary global Note may only thereafter be exchanged for Definitive Bearer Notes pursuant to the terms thereof. The holder of a temporary global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due Certification, exchange of the temporary global Note for an interest in a permanent global Note or, in the case of Bearer Notes, for Definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg, as applicable, to or to the order of the holder thereof against presentation or surrender (as the case may be) of the permanent global Note without any requirement for Certification.

All payments, including in respect of interest and principal and whether at maturity or otherwise, will be payable only outside of the United States.

Subject to requirements existing at the time of issue, the following legend will appear on all temporary global Notes, permanent global Notes and definitive Notes which have an original maturity of more than 365 days and on all receipts, interest coupons and talons relating to such Notes:

"Any United States person (as defined in the Internal Revenue Code of the United States) who holds this obligation will be subject to limitations under the United States income tax laws including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code".

U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the "**TEFRA D Rules**") will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.

#### **Exchange upon the occurrence of an Exchange Event or otherwise**

The applicable Final Terms with respect to any Notes issued in global form will specify whether the relevant permanent global Note or Registered Global Note (as applicable) will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons

attached, or, as the case may be, Definitive Registered Notes, upon not less than 60 days' written notice to the Issuing and Paying Agent from or on behalf of, as the case may be, Euroclear and/or Clearstream, Luxembourg acting on the instructions of any holder of an interest in the permanent global Note or Registered Global Note, as described therein (unless otherwise specified in the applicable Final Terms) (a "**Holder Exchange Event**") or, in the case of a permanent global Note, if such Note is held otherwise than on behalf of Euroclear or Clearstream, Luxembourg, the bearer thereof, in the event of the occurrence of any of the circumstances described in (i), (ii), or (iii) or (iv) below (each, an "**Exchange Event**") or by the Issuer in the event of the occurrence of the circumstances described in (iii) below: (i), if applicable, an Event of Default (as defined in Condition 11 of the "*Terms and Conditions of the Notes*") has occurred and is continuing; (ii) in the case of a permanent global Note or a Registered Global Note registered in the name of a common depository for Euroclear and/or Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or have in fact done so and no successor clearing system is available; (iii) in the case of Definitive Bearer Notes, as a result of any change in, or amendment to the laws of a relevant jurisdiction, upon the Issuer's request where issuance of definitive notes would be adverse to the Issuer but for the issuance of physical securities in bearer form; or (iv) in the case of Registered Notes, the Issuer has or will become subject to adverse tax consequences which would not be suffered were such Registered Notes represented by a Registered Definitive Note. The Issuer will promptly give notice to Noteholders in accordance with Condition 18 (see "*Terms and Conditions of the Notes*") if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such global Note or Registered Global Note) may give notice to the Issuing and Paying Agent or, as the case may be, the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

In respect of any Series of Notes, the Holder Exchange Event shall not apply unless the applicable Final Terms provide that such Notes are issued and tradeable only in amounts equal to the minimum Denomination or integral multiples of the minimum denomination (or if more than one, the lowest Denomination).

### **Clearing Systems**

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the relevant Dealer and the Issuing and Paying Agent.

**FORM OF FINAL TERMS FOR NOTES**

*Set out below is the form of Final Terms which will be completed for each Series (and/or Tranche, as the case may be) of Notes issued under the Programme. Placeholders are included as an aid to review and the Final Terms relating to any Series of Notes will be completed with such information from the Base Prospectus (including the Terms and Conditions) as is applicable to such Notes. References in the Base Prospectus (including in the applicable Terms and Conditions) to "the Securities" shall when replicated in these Final Terms be replaced with references to the Notes.*

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, or superseded, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]<sup>1</sup>

**[PROHIBITION OF SALES TO UK RETAIL INVESTORS** –The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]<sup>2</sup>

**[MiFID II product governance / [Retail investors, professional]<sup>3</sup>/[Professional]<sup>4</sup> investors and ECPs only target market** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Securities, taking into account the five categories in item 19 of the Guidelines published by [the European Securities and Markets Authority ("**ESMA**")]/[ESMA] on 3 August 2023, has led to the conclusion that: (i) the target market for the Securities is eligible counterparties[, [and] professional clients [and retail clients], each as defined in [Directive 2014/65/EU (as amended, "**MiFID II**")]/[MiFID II]; [and (ii) all channels for distribution of the Securities are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]]/[(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Securities to retail clients are appropriate – [investment advice][,./ and] [portfolio management][,./ and] [non-advised sales] [and pure execution services][, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable]]. [*Consider any negative target market*]. Any

<sup>1</sup> Legend to be included if Securities are a "packaged product" for the purpose of the PRIIPs Regulation and a key information document will not be made available or the Issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the "Prohibition of Sales to EEA Retail Investors" item below should be specified as "Applicable".

<sup>2</sup> Legend to be included if Securities are a "packaged product" for the purpose of the UK PRIIPs Regulation and a key information document will not be made available or the Issuer wishes to prohibit offers to UK retail investors for any other reason, in which case the "Prohibition of Sales to UK Retail Investors" item below should be specified as "Applicable".

<sup>3</sup> To be included if the Securities are offered to retail client investors in the EEA.

<sup>4</sup> To be included if the Securities are offered to professional investors and ECPs only.

person subsequently offering, selling or recommending the Securities (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels[, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable].]

**[UK MiFIR product governance / [Retail investors, professional]<sup>5</sup>/[Professional]<sup>6</sup> investors and ECPs only target market** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Securities, taking into account the five categories in item 18 of the Guidelines published by [the European Securities and Markets Authority ("**ESMA**")]/[ESMA] on 5 February 2018 (in accordance with the FCA's policy statement entitled "*Brexit our approach to EU non-legislative materials*"), has led to the conclusion that: (i) the target market for the Securities is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**")[, [and] professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA ("**UK MiFIR**") [and retail clients, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**")]; [and (ii) all channels for distribution of the Securities are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]]/[(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Securities to retail clients are appropriate – [investment advice][, / and] [portfolio management][, / and] [non-advised sales ][and pure execution services][, subject to the distributor's suitability and appropriateness obligations under COBS, as applicable]]. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Securities (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels[, subject to the distributor's suitability and appropriateness obligations under COBS, as applicable].]

## **PART A - CONTRACTUAL TERMS**

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the heading "*Terms and Conditions of the Notes*" in the Base Prospectus dated 20 September 2024 (the "**Base Prospectus**")[[,][ and] the supplement[s] to the Base Prospectus dated [●]<sup>8</sup>] and any[ further] supplements to the Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**") [ which together constitute a base prospectus for the purposes of the Prospectus Regulation [and the applicable rules

<sup>5</sup> To be included if the Securities are offered to retail client investors in the UK.

<sup>6</sup> To be included if the Securities are offered to professional investors in the UK.

<sup>7</sup> Please note that if, for any reason, the 2025 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2024 Base Prospectus.

<sup>8</sup> Where applicable, include the date of any Supplements which have been published prior to the date of the Final Terms.

and regulations of the Luxembourg Stock Exchange]]<sup>9</sup>. This document constitutes the Final Terms of the Notes described herein [for the purposes of Article 8 of Regulation (EU) 2017/1129, as amended (the "**Prospectus Regulation**")<sup>10</sup> and must be read in conjunction with the Base Prospectus[ (which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Notes,] [Annex 3 in the case of Share Linked Notes,] [Annex 4 in the case of Debt Linked Notes,] [Annex 5 in the case of Commodity Linked Notes,] [Annex 6 in the case of Inflation Linked Notes,] [Annex 7 in the case of Currency Linked Notes,] [Annex 8 in the case of Fund Linked Notes,] [Annex 9 in the case of Underlying Interest Rate Linked Notes,] [Annex 10 in the case of Credit Linked Notes,] [Annex 11 in the case of ETI Linked Notes]] [and] [Annex 12 in the case of Notional Value Repack Securities]<sup>11</sup> and any Supplement(s); provided, however, that to the extent any such supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Notes*" in the Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Notes to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Notes is only available on the basis of the combination of these Final Terms, the Base Prospectus and any Supplement(s). Prior to acquiring an interest in the Notes described herein, prospective investors should read and understand the information provided in the Base Prospectus and any Supplement(s). Copies of the Base Prospectus, any Supplement(s) and these Final Terms are available for inspection from the specified office of the Issuing and Paying Agent [and on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com))]<sup>12</sup> [ and [●]]. [A summary of the Notes is annexed to these Final Terms.]<sup>13</sup>

*N.B When using a post-1 July 2012 approved Base Prospectus to tap a previous issue under a previously approved Base Prospectus, the final terms in the post-1 July 2012 Base Prospectus may (and will if the previous issue was contemplated under a pre-1 July 2012 Base Prospectus) take a different form to the final terms used for the original issue being tapped. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.*

*[The following alternative language applies in respect of issues of Notes where the public offer period spans an update to the Base Prospectus. If relevant, the 2024 Base Prospectus will contain a list of offers for which the provisions of the paragraph below apply. Investors will be informed of their withdrawal rights in respect of such offers by notice when the 2024 Base Prospectus is published.]<sup>14</sup>*

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the Base Prospectus dated 20 September 2024 (the "**2024 Base Prospectus**")][,][ and] the supplement[s] to the 2024 Base Prospectus dated [●]] and any [further] supplements to the 2024 Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**"), notwithstanding the approval of an updated base prospectus which will replace the 2024 Base Prospectus (the "**2025 Base Prospectus**"). The 2024 Base Prospectus, as supplemented, constitutes a base prospectus for the purposes of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") [and the applicable rules and regulations of the Luxembourg Stock Exchange] and the 2024 Base Prospectus will constitute a base prospectus for the purposes of the Prospectus Regulation. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 8 of the Prospectus Regulation[ and the applicable rules and regulations of the Luxembourg Stock Exchange] and (i) prior to the approval date, must be read in conjunction with the 2024 Base Prospectus, as supplemented [(which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Notes,] [Annex 3 in the case of Share Linked Notes,] [Annex 4 in the case of Debt Linked Notes,] [Annex 5 in the case of Commodity Linked Notes,] [Annex 6 in the case of Inflation Linked Notes,] [Annex 7 in the case of Currency Linked Notes,] [Annex 8 in the case of Fund Linked Notes,] [Annex 9 in the case of Underlying Interest Rate Linked Notes,] [Annex 10 in the case of Credit Linked Notes,] [Annex 11 in the case of ETI Linked Notes]] and [Annex 12 in the case of Notional Value Repack

<sup>9</sup> Delete in the case of any issue of Private Placement Notes.

<sup>10</sup> Delete in the case of any issue of Private Placement Notes.

<sup>11</sup> Delete as applicable.

<sup>12</sup> Delete in the case of any issue of Private Placement Notes or amend as necessary in the case of any issue of Notes which is non-exempt and which will not be listed on the Luxembourg Stock Exchange.

<sup>13</sup> Only include this wording for Notes with a denomination of lower than EUR 100,000 (or the equivalent in another currency).

<sup>14</sup> Please note that if, for any reason, the 2025 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2024 Base Prospectus.

Securities]<sup>15</sup>, and (ii) on and after the approval date, must be read in conjunction with the 2025 Base Prospectus, save in respect of the Conditions which are extracted from the 2024 Base Prospectus, as supplemented. To the extent any supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "Terms and Conditions of the Notes" in the 2024 Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Notes to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Notes is only available on the basis of the combination of these Final Terms and either (i) prior to the approval date, the 2024 Base Prospectus, as supplemented, or (ii) on or after the approval date, the 2024 Base Prospectus, as supplemented, and the 2025 Base Prospectus. Prior to acquiring an interest in the Notes described herein, prospective investors should read and understand the information provided in the 2024 Base Prospectus and any Supplement(s) and, when available, the 2025 Base Prospectus. Copies of the 2024 Base Prospectus, any Supplement(s) and these Final Terms are available, and copies of the 2025 Base Prospectus, will be available for inspection from the specified office of the Issuing and Paying Agent [and will be published on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com))] and [●]. [A summary of the Notes is annexed to these Final Terms.]<sup>16</sup>

- 309 -

- (i) [Instalment Amounts: [specify]  
[Instalment Percentage: [●] per cent.]
- (ii) Instalment Dates: [specify]]
73. Redenomination, renominatisation and reconventioning provisions: [Not applicable/The provisions [in Condition 19 apply]
74. Calculation Agent: [BNP Paribas Financial Markets S.N.C.]/[BNP Paribas][Specify other]  
Calculation Agent address for the purpose of the Noteholder Account Information Notice: [specify]
75. Additional U.S. Federal income tax considerations: [insert details]/[Not applicable]/[The Notes are [not] Specified Securities (as defined in the Base Prospectus) for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986.][The Securities may be Specified Securities for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986. If the Securities are Specified Securities, then the following provisions will apply.][Additional information regarding the application of Section 871(m) to the Notes will be available at [give name and addresses of relevant contact]][The Issuer will arrange for withholding under Section 871(m) to be imposed on any dividend equivalent payment at a rate of 30 per cent.]

*(If the Securities are Specified Securities, include the "Additional information" sentence and provide the appropriate contact information at the Issuer. N.B. Include the option above, completed as appropriate, where (a) the Securities do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities or (b) the Section 871(m) determination has been made by the time the Final Terms are finalised (in which case, the determination will have been made either (i) on the pricing date, if this falls 14 days or fewer before the issue date or (ii) on the issue date, if the pricing date falls more than 14 days before the issue date.) Otherwise, include the following option, completed as appropriate:*

[As at the date of these Final Terms, the Issuer has not determined whether the Securities are Specified Securities for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Securities for these purposes. **This is indicative information only subject to change and if the Issuer's final determination is different then it will give notice of such determination.** Please contact [give name(s) and address(es) of Issuer contact] for further information regarding the application of Section 871(m) to the Securities.]]

*(The Securities will not be Specified Securities if they (i) are issued prior to 1 January 2025 and provide a return that differs significantly from the return on an investment in the*

*underlying (i.e. they are not "delta-one" securities for U.S. tax purposes) or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Securities reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities and (i) are issued prior to 1 January 2025 and provide a return that does not differ significantly from the return on an investment in the underlying, or (ii) are issued on or after 1 January 2025, further analysis would be required.)*

[Payments on the Specified Securities are calculated by reference to [Net Dividends/Net Total Returns]. By purchasing a Specified Security, the parties agree that in calculating the relevant payment amount the Issuer may withhold, and the purchaser is deemed to have received 30 per cent. of any dividend equivalent payments (as defined in Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended) in respect of the relevant [U.S. securities/U.S. dividend paying index components]. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

[For this purpose, "**Net Dividends**" means the dividends paid by an issuer of a security net of 30 per cent. U.S. federal withholding tax.]

[For this purpose "**Net Total Returns**" means the net total return of the U.S source dividend paying components, as calculated by the Index Sponsor, of an index that reinvests U.S. source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. U.S withholding tax on such U.S. source dividends.]]

*established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority [ and [insert the legal name of the relevant CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation].]*

*OR [[Insert the legal name of the relevant non-EU CRA entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the "CRA Regulation"). However, the application for registration under the CRA Regulation of [insert the legal name of the relevant EU CRA entity that applied for registration], which is established in the European Union disclosed the intention to endorse credit ratings of [insert the legal name of the relevant non-EU CRA entity][, although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority and [insert the legal name of the relevant EU CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/Mexico/the United Kingdom (delete as appropriate)] which have been endorsed by [insert the legal name of the relevant EU CRA entity that applied for registration] may be used in the EU by the relevant market participants.]*

### **3. Interests of Natural and Legal Persons Involved in the [Issue/Offer]**

*[Not applicable] [Need to include a description of any interest, including conflicting interest, that is material to the issue/offer, detailing the persons involved and the nature of the interest.]*

*[Save [for the fees [of [insert relevant fee disclosure]] payable to [insert name of Authorised Offeror] and] as discussed [in the "Potential Conflicts of Interest" paragraph in the "Risk Factors" section in the Base Prospectus], so far as the Issuer is aware, no person involved in the [issue/offer] of the Notes has an interest material to the [issue/offer].]*

### **4. Reasons for the Offer/Issue, Estimated Net Proceeds and Total Expenses**

- |                                 |   |
|---------------------------------|---|
| (i) Reasons for the issue/offer | See "Use of Proceeds" in the Base Prospectus/[give details] |
|---------------------------------|---|

*(See "Use of Proceeds" wording in Base Prospectus. If reasons for issue/offer are different from what is disclosed in the Base Prospectus, give details.)*

- (ii) Estimated net proceeds: [specify][Not applicable.]
- (If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)*
- (iii) Estimated total expenses: [specify] [Expenses are required to be broken down into each principal intended "use" and presented in order or priority of such "uses".]<sup>1</sup> [Not applicable.]

## 5. Yield

Indication of yield: [specify][Not applicable]

## 6. Floating Rate Notes only – Performance of Rates

[Not applicable] [Details of performance of [EURIBOR/STIBOR/SONIA/SOFR/€STR/SARON/TONA/other rate as specified in the Conditions/] rates can be obtained [but not] free of charge from [Reuters][Bloomberg]/give details of electronic means of obtaining the details of performance.]<sup>2</sup>

## 7. Performance of Index/ Share/ Commodity/ Inflation/ Foreign Exchange Rate/ Fund/ Reference Entity/ Entities/ ETI Interest/ Formula and Other Information concerning the Underlying Reference or Reference Rate

[Not applicable] [Need to include details of where past and future performance and volatility of the index/formula/other variables can be obtained.] [If there is a derivative component or complex derivative in the interest or redemption amount, an example of how the value of the investment is affected by the value of the underlying or nature of the securities may be included][Information on past and future performance and volatility of [specify underlying] can be obtained [but not] free of charge, from [Reuters/Bloomberg/give details of electronic means of obtaining the details of performance].

*[Where the underlying is an index need to include the name of the index and details of where the information about the index can be obtained. NB: The Securities may not be linked to an index composed by the Issuer or by any entity belonging to the same group as the Issuer.]*

*[Where the underlying is a security need to include the name of the issuer of the security and the ISIN (International Security Identification Number) or other such security identification code]*

*[Include where the Securities reference SOFR: The Issuer is not affiliated with the Federal Reserve Bank of New York. The Federal Reserve Bank of New York does not sanction, endorse or recommend any products or services offered by the Issuer.]*

The Issuer [intends to provide post-issuance transaction information [specify what information will be reported and where it can be obtained]] [does not intend to provide post-issuance transaction information].

## 8. Operational information

- (i) ISIN Code: [specify]

<sup>1</sup> Not required for debt securities with a denomination per unit of at least EUR 100,000 (or its equivalent in the relevant currency as of the Issue Date).

<sup>2</sup> Not required for debt securities with a denomination per unit of at least EUR 100,000 (or its equivalent in the relevant currency as of the Issue Date).

- (ii) Common Code: [specify]
- (iii) Any clearing system(s) other than Euroclear and Clearstream, Luxembourg approved by the Issuer and the Issuing and Paying Agent and the relevant identification number(s) and address(es): [Not applicable/give name(s), number(s) and address(es)]
- (iv) Delivery: Delivery [against/free of] payment
- (v) Additional Paying Agent(s) (if any): [Not applicable/give name]
- 9. Non-exempt Offers** [Applicable][Not applicable]<sup>3</sup>
- (i) Authorised Offeror: [Not applicable][Specify identity of any Authorised Offeror(s)(including LEIs)][See paragraph 79 of Part A above]
- (ii) Offer Period: [specify] to [specify] [See paragraph 79 of Part A above]
- (Should be from the date of publication of the Final Terms to a specified date or a formula such as "the Issue Date" or "the date which falls [specify] Business Days thereafter".)
- (iii) Offer Price: [[specify][●] per cent. of the Issue Price (of which [[selling] fees] and [commissions] of [●] of [●] [the Aggregate Nominal Amount] shall be retained by [the Authorised Offeror[s]] [and a [maximum] amount of [●] per cent. is represented by commissions payable to the Authorised Offeror[s]].]
- [The Issuer has offered the Notes to the Managers at the initial issue price of [specify] less a total commission of [specify]. OR (where the price is not determined at the date of the Final Terms) The issue price of the Notes will be determined by the Issuer and the [Managers] on or about [●] in accordance with market conditions then prevailing, including [supply and demand for the Notes and other similar securities] [and] [the then current market price of [insert relevant benchmark security, if any]].]
- (iv) Conditions to which the offer is subject: [Offers of the Notes are conditional on their issue [and on any additional conditions set out in the standard terms of business of the Authorised Offerors, notified to investors by such relevant Authorised Offeror]]
- [Article 30] of [Italian Legislative Decree No. 58 of 24 February 1998], as amended from time to time (the "**Italian Financial Services Act**") permits the promotion

and placement to the public in the Republic of Italy of financial instruments in a place other than the registered office or establishments of the issuer, offeror or appointed person carrying out such promotion and/or placement, under certain conditions. Such activity is referred in the Italian Financial Services Act as "door-to-door selling". Pursuant to paragraph 6 of Article 30 of the Italian Financial Services Act, all door-to-door selling of financial instruments must be accompanied by a clear indication to investors that they have a right of withdrawal from any contract entered into pursuant to door-to-door selling, exercisable within a period of seven days from the date of subscription by the investor. Within such period, contracts entered into pursuant to door-to-door selling shall not be enforceable, and investors may exercise their withdrawal right without payment of any charge or commission by contacting the offeror or appointed person with whom the subscription for Notes was placed.] [A non-exempt offer of Notes in the Republic of Italy may be made using door-to-door selling in accordance with Article 30 of the Italian Financial Services Act during the Offer Period.] [Further, Notes may be offered in the Republic of Italy to investors through recorded telephone orders pursuant to applicable Italian law.]

**FORM OF FINAL TERMS FOR WARRANTS**

*Set out below is the form of Final Terms which will be completed for each Series (and/or Tranche, as the case may be) of Warrants issued under the Programme. Placeholders are included as an aid to review and the Final Terms relating to any series of Warrants will be completed with such information from the Base Prospectus (including the applicable Terms and Conditions) as is applicable to such Warrants. References in the Base Prospectus (including in the applicable Terms and Conditions) to "the Securities" shall when replicated in these Final Terms be replaced with references to the Warrants.*

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – [Other than with respect to the jurisdiction(s) in which a key information document will be made available,][T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**"). Consequently, [save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

**[PROHIBITION OF SALES TO UK RETAIL INVESTORS** – [Unless a key information document will be made available,][T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently, [save as provided above,] no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]

**[MiFID II product governance / [Retail investors, professional]/[Professional] investors and ECPs only target market** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Securities, taking into account the five categories in item 18 of the Guidelines published by [the European Securities and Markets Authority ("**ESMA**")]/[ESMA] on 5 February 2018, has led to the conclusion that: (i) the target market for the Securities is eligible counterparties[, [and] professional clients [and retail clients], each as defined in [Directive 2014/65/EU (as amended, "**MiFID II**")]/[MiFID II]; [and (ii) all channels for distribution of the Securities are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]]/[(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Securities to retail clients are appropriate – [investment advice][./ and] [portfolio management][./ and] [non-advised sales] [and pure execution services][, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable]]. [Consider any negative target market]. Any person subsequently offering, selling or recommending the Securities (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels[, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable].]

**[UK MiFIR product governance / [Retail investors, professional]/[Professional] investors and ECPs only target market** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Securities, taking into account the five categories in item 18 of the Guidelines published by [the European Securities and Markets Authority ("ESMA")]/[ESMA] on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexit our approach to EU non-legislative materials"), has led to the conclusion that: (i) the target market for the Securities is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("COBS")[, and] professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA ("UK MiFIR") [and retail clients, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA")]; [and (ii) all channels for distribution of the Securities are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]]/[(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Securities to retail clients are appropriate – [investment advice][, and] [portfolio management][, and] [non-advised sales] [and pure execution services][, subject to the distributor's suitability and appropriateness obligations under COBS, as applicable]]. [Consider any negative target market]. Any person subsequently offering, selling or recommending the Securities (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels[, subject to the distributor's suitability and appropriateness obligations under COBS, as applicable].]

## **PART A - CONTRACTUAL TERMS**

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the heading "*Terms and Conditions of the Warrants*" in the Base Prospectus dated 20 September 2024 (the "**Base Prospectus**")[, and] the supplement[s] to the Base Prospectus dated [●]<sup>2</sup> and any[ further] supplements to the Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**") [which together constitute a base prospectus for the purposes of the Prospectus Regulation and the applicable rules and regulations of the Luxembourg Stock Exchange]<sup>3</sup>. This document constitutes the Final Terms of the Warrants described herein [for the purposes of Article 8 of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") [and the applicable rules and regulations of the Luxembourg Stock Exchange]]<sup>4</sup> and must be read in conjunction with the Base Prospectus ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Warrants,] [Annex 3 in the case of Share Linked Warrants,] [Annex 4 in the case of Debt Linked Warrants,] [Annex 5 in the case of Commodity Linked Warrants,] [Annex 6 in the case of Inflation Linked Warrants,] [Annex 7 in the case of Currency Linked Warrants,] [Annex 8 in the case of Fund Linked Warrants,] [Annex 9 in the case of Underlying Interest Rate

<sup>1</sup> Please note that if, for any reason, the 2025 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2024 Base Prospectus.

<sup>2</sup> Where applicable, include the date of any Supplements which have been published prior to the date of the Final Terms.

<sup>3</sup> Delete in the case of any issue of Private Placement Warrants.

<sup>4</sup> Delete in the case of any issue of Private Placement Warrants.

Linked Warrants] and [Annex 11 in the case of ETI Linked Warrants])<sup>5</sup> and any Supplement(s); provided, however, that to the extent any such supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Warrants*" in the Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Warrants to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Warrants is only available on the basis of the combination of these Final Terms, the Base Prospectus and any Supplement(s). Prior to acquiring an interest in the Warrants described herein, prospective investors should read and understand the information provided in the Base Prospectus and any Supplement(s). Copies of the Base Prospectus, any Supplement(s) and these Final Terms are available for inspection from the specified office of the Principal Warrant and Certificate Agent [and on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com))]<sup>6</sup> [ and [●]]. A summary of the Warrants is annexed to these Final Terms.

*N.B. when using a post-1 July 2012 approved Base Prospectus to tap a previous issue under a previously approved Base Prospectus, the final terms in the post-1 July 2012 Base Prospectus may (and will if the previous issue was contemplated under a pre-1 July 2012 Base Prospectus) take a different form to the final terms used for the original issue being tapped. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.*

*[The following alternative language applies in respect of issues of Warrants where the public offer period spans an update to the Base Prospectus. If relevant, the 2024 Base Prospectus will contain a list of offers for which the provisions of the paragraph below apply. Investors will be informed of their withdrawal rights in respect of such offers by notice when the 2024 Base Prospectus is published.]<sup>7</sup>*

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the Base Prospectus dated 20 September 2024 (the "**2024 Base Prospectus**")][,][ and] the supplement[s] to the 2024 Base Prospectus dated [●]] and any [further] supplements to the 2024 Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**"), notwithstanding the approval of an updated base prospectus which will replace the 2024 Base Prospectus (the "**2024 Base Prospectus**"). The 2024 Base Prospectus, as supplemented, constitutes a base prospectus for the purposes of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") [and the applicable rules and regulations of the Luxembourg Stock Exchange] and the 2024 Base Prospectus will constitute a base prospectus for the purposes of the Prospectus Regulation. This document constitutes the Final Terms of the Certificates described herein for the purposes of Article 8 of the Prospectus Regulation [and the applicable rules and regulations of the Luxembourg Stock Exchange] and (i) prior to the approval date, must be read in conjunction with the 2024 Base Prospectus, as supplemented ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Warrants,] [Annex 3 in the case of Share Linked Warrants,] [Annex 4 in the case of Debt Linked Warrants,] [Annex 5 in the case of Commodity Linked Warrants,] [Annex 6 in the case of Inflation Linked Warrants,] [Annex 7 in the case of Currency Linked Warrants,] [Annex 8 in the case of Fund Linked Warrants,] [Annex 9 in the case of Underlying Interest Rate Linked Warrants] and [Annex 11 in the case of ETI Linked Warrants])<sup>8</sup>, and (ii) on and after the approval date, must be read in conjunction with the 2024 Base Prospectus, save in respect of the Conditions which are extracted from the 2024 Base Prospectus, as supplemented. To the extent any supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "**Terms and Conditions of the Warrants**" in the 2024 Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Warrants to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Warrants is only available on the basis of the combination of these Final Terms and either (i) prior to the approval date, the 2024 Base Prospectus, as supplemented, or (ii) on or after the approval date, the 2024 Base Prospectus, as supplemented, and the 2024 Base Prospectus. Prior to acquiring an interest in the Warrants described herein, prospective investors should

<sup>5</sup> Delete as applicable.

<sup>6</sup> Delete in the case of any issue of Private Placement Warrants or amend as necessary in the case of any issue of warrants which is non-exempt and which will not be listed on the Luxembourg Stock Exchange.

<sup>7</sup> Please note that if, for any reason, the 2025 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2024 Base Prospectus.

<sup>8</sup> Delete as applicable.

## FORM OF FINAL TERMS FOR WARRANTS – PART A – CONTRACTUAL TERMS

- 328 -

read and understand the information provided in the 2024 Base Prospectus and any Supplement(s) and, when available, the 2024 Base Prospectus. Copies of the 2024 Base Prospectus, any Supplement(s) and these Final Terms are available, and copies of the 2024 Base Prospectus, will be available for inspection from the specified office of the Issuing and Paying Agent [and will be published on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com))] and [●]]. A summary of the Warrants is annexed to these Final Terms.

*[Include whichever of the following apply or specify as "Not applicable". Note that the numbering should remain as set out below, even if "Not applicable" is indicated for individual paragraphs or subparagraphs (in which case the sub-paragraphs of the paragraphs which are not applicable can be deleted). Italics denote directions for completing the Final Terms.]*

*[When adding any other Final Terms or information, consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a Supplement to the Base Prospectus under article 23 of the Prospectus Regulation and the applicable rules and regulations of the Luxembourg Stock Exchange.]*

These Final Terms relate to the series of Warrants as set out in "Specific Provisions for each Series" below. References herein to "**Warrants**" shall be deemed to be references to the relevant Warrants that are the subject of these Final Terms and references to "**Warrant**" shall be construed accordingly.

| (xiv)  | Substitution Notification:  | [Applicable][Not applicable]  |
- 50.** Compartment Assets substitution under a Credit Support Annex/Credit Support Deed/Pledge: delivery or payment of securities, obligations or cash by (if not Swap Counterparty) (Condition 9(g)):
- [Credit Support Annex / Credit Support Deed/Pledge][Counterparty]
- 51.** Order of Priority: The order of priority of payments made by the issuer to the holders of the class of securities in question:
- [Swap Counterparty Priority][Pari Passu Ranking][Warrantholder Priority]
- [If one or more Series of Related Warrants may be outstanding at any time in respect of the Compartment, the Order of Priority must be the same for the Warrants and each Series of Related Warrants]*

### OTHER PROVISIONS

- 52.** Issuer Substitution: [Not applicable/Applicable]
- 53.** Additional U.S. Federal income tax consequences:
- [insert details]/[Not applicable]/[The Warrants are [not] Specified Securities (as defined in the Base Prospectus) for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986.][The Securities may be Specified Securities for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986. If the Securities are Specified Securities, then the following provisions will apply.][Additional information regarding the application of Section 871(m) to the Securities will be available at [give name(s) and address(es) of Issuer contact]. [The Issuer will arrange for withholding under Section 871(m) to be imposed on any dividend equivalent payment at a rate of 30 per cent.]]
- (If the Securities are Specified Securities, include the "Additional information" sentence and provide the appropriate contact information at the Issuer. N.B. Include the option above, completed as appropriate, where (a) the Securities do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities or (b) the Section 871(m) determination has been made by the time the Final Terms are finalised (in which case, the determination will*

*have been made either (i) on the pricing date, if this falls 14 days or fewer before the issue date or (ii) on the issue date, if the pricing date falls more than 14 days before the issue date). Otherwise, include the following option, completed as appropriate:*

[As at the date of these Final Terms, the Issuer has not determined whether the Securities are Specified Securities for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Securities for these purposes. **This is indicative information only subject to change and if the Issuer's final determination is different then it will give notice of such determination.** Please contact [give name(s) and address(es) of Issuer contact] for further information regarding the application of Section 871(m) to the Securities.]]

*(The Securities will not be Specified Securities if they (i) are issued prior to 1 January 2025 and provide a return that differs significantly from the return on an investment in the underlying (i.e. they are not "delta-one" securities for U.S. tax purposes) or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Securities reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities and (i) are issued prior to 1 January 2025 and provide a return that does not differ significantly from the return on an investment in the underlying, or (ii) are issued on or after 1 January 2025, further analysis would be required.)*

[Payments on the Specified Securities are calculated by reference to [Net Dividends/Net Total Returns]. By purchasing a Specified Security, the parties agree that in calculating the relevant payment amount the Issuer may withhold, and the purchaser is deemed to have received 30 per cent. of any dividend equivalent payments (as defined in Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended) in respect of the relevant [U.S. securities/U.S. dividend paying index components]. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

[For this purpose, "**Net Dividends**" means the dividends paid by an issuer of a security net of 30 per cent. U.S. federal withholding tax.]

[For this purpose "**Net Total Returns**" means the net total return of the U.S source dividend paying components, as calculated by the Index Sponsor, of an index that reinvests U.S source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. U.S withholding tax on such U.S source dividends.]]

## DISTRIBUTION

- 54.** Date of [Subscription Agreement]:<sup>27</sup> [specify]
- 55.** Name [and address]<sup>28</sup> of Dealer: [specify]
- 56.** Total commission and concession:<sup>29</sup> [specify] per cent. of the Aggregate Nominal Amount
- 57.** Non-exempt Offer: [Applicable][Not applicable] *(If not applicable, delete the remaining placeholders of this paragraph and paragraph 7 of Part B)*
- (i) Non-exempt Offer Jurisdictions: [specify relevant Member State(s) where the Issuer intends to make Non-exempt Offers (select from the list of Non-exempt Offer Jurisdictions in the Base Prospectus) - which must be jurisdictions where the Base Prospectus and any supplements have been passported (in addition to the jurisdiction where approved and published)]
- (ii) Offer Period: [specify date, and if applicable, time] until [and including][specify date (and if applicable, time) or a formula such as "the Issue Date" or "the date which falls [specify] Business Days thereafter"] [subject to any early closing] / [From (and including) the Issue Date until (and including) the date on which the Securities are delisted].
- (iii) Financial intermediaries granted specific consent to use the Base Prospectus in accordance with the Conditions in it: [insert names and addresses of financial intermediaries receiving consent (specific consent)]
- 58.** Prohibition of Sales to EEA and UK Retail Investors:
- (i) Prohibition of Sales to EEA Retail Investors [Applicable/Not applicable]
- (If the Securities clearly do not constitute "packaged" products or the Securities do constitute "packaged" products and a key information document will be prepared in the EEA, "Not Applicable" should be specified. If the Securities may constitute "packaged" products and no key information document will be prepared in the EEA, "Applicable" should be specified.)*
- [The Securities are only intended to be offered, sold or otherwise made available to investors via the professional segment of [the regulated market of the Luxembourg Stock Exchange]/[the Euro MTF Market].]<sup>30</sup>
- (ii) [Prohibition of Sales to Belgian Consumers: Not applicable]

<sup>27</sup> Delete, if the issue price is less than EUR100,000 (or is equivalent in the relevant currency as of the Issue Date).

<sup>28</sup> Delete if the issue price is EUR100,000 (or its equivalent in the relevant currency as of the Issue Date).

<sup>29</sup> Delete if issue price is EUR100,000 (or its equivalent in the relevant currency as of the Issue Date).

<sup>30</sup> Include if the Securities are intended to be listed and admitted to trading on the professional segment of the Luxembourg Stock Exchange.

- (iii) Prohibition of Sales to UK Retail Investors [Applicable/Not applicable]

*(If the Securities clearly do not constitute "packaged" products or the Securities do constitute "packaged" products and a key information document will be prepared in the UK, "Not Applicable" should be specified. If the Securities may constitute "packaged" products and no key information document will be prepared in the UK, "Applicable" should be specified.)*

[The Securities are only intended to be offered, sold or otherwise made available to investors via the professional segment of [the regulated market of the Luxembourg Stock Exchange]/[the Euro MTF Market].]<sup>31</sup>

- (iv) Prohibition of Sales to EEA Non Retail Investors (where Securities are held in a retail account): [Applicable (*Applicable means that the Securities may only be held by a retail investor in a retail account (pursuant to Article 428i of Regulation (EU) No 575/2013, as amended) (except where the Securities are held by any relevant distributor or an intermediary for secondary market purposes))*)/[Not applicable]

- (v) Prohibition of Sales to UK Non Retail Investors (where Securities are held in a retail account): [Applicable (*Applicable means that the Securities may only be held by a retail investor in a retail account (pursuant to Article 428i of Regulation (EU) No 575/2013, as amended as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as the case may be) (except where the Securities are held by any relevant distributor or an intermediary for secondary market purposes))*)/[Not applicable]

However, the application for registration under the CRA Regulation of [insert the legal name of the relevant EU CRA entity that applied for registration], which is established in the European Union disclosed the intention to endorse credit ratings of [insert the legal name of the relevant non-EU CRA entity][, although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority and [insert the legal name of the relevant EU CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/Mexico/the United Kingdom (delete as appropriate)] which have been endorsed by [insert the legal name of the relevant EU CRA entity that applied for registration] may be used in the EU the relevant market participants.]*

### **3. Interests of Natural and Legal Persons Involved in the [Issue/Offer]**

*[Not applicable] [Need to include a description of any interest, including conflicting interest, that is material to the issue/offer, detailing the persons involved and the nature of the interest]*

*[Save [for the fees [of [insert relevant fee disclosure]] payable to [insert name of Authorised Officer] and] as discussed [in the "Potential Conflicts of Interest" paragraph in the "Risk Factors" section in the Base Prospectus], so far as the Issuer is aware, no person involved in the [issue/offer] of the Notes has an interest material to the [issue/offer].]*

### **4. Reasons for the [Issue/Offer], Estimated Net Proceeds and Total Expenses**

- (i) Reasons for the [See "Use of Proceeds" in the Base Prospectus]/[give details]  
[Issue/Offer]

*(See "Use of Proceeds" wording in Base Prospectus. If reasons for [issue/offer] are different from what is disclosed in the Base Prospectus, give details.)*

- (ii) Estimated net proceeds: [Up to] [specify][Not applicable]

*(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds*

- 370 -

*insufficient to fund all proposed uses state amount and sources of other funding.)*

*[specify] [Include breakdown of expenses]]*

(iii) Estimated total expenses:

**5. Performance of Underlying/Formula/Other Variable, Explanation of Effect on Value of Investment and Associated Risks and Other Information concerning the Underlying Reference or Reference Rate**

*[Not applicable] [Need to include details of where past and future performance and volatility of the index/formula/other variables can be obtained. If there is a derivative component or complex derivative in the settlement amount, an example of how the value of the investment is affected by the value of the underlying or the nature of the securities may be included.]]* *[Information on past and future performance and volatility of [specify underlying] can be obtained [but not] free of charge, from [Reuters/Bloomberg/give details of electronic means of obtaining the details of performance].*

*[Where the underlying is an index need to include the name of the index and where the information about the index can be obtained. NB: The Securities may not be linked to an index composed by the Issuer or any entity belonging to the same group as the Issuer.]]* *[Where the underlying is a security need to include the name of the issuer of the security and the ISIN (International Security Identification Number) or other such security identification code.]*

*[Include where the Securities reference SOFR: The Issuer is not affiliated with the Federal Reserve Bank of New York. The Federal Reserve Bank of New York does not sanction, endorse or recommend any products or services offered by the Issuer.]*

The Issuer *[intends to provide post-issuance transaction information [specify what information will be reported and where it can be obtained]]* *[does not intend to provide post-issuance transaction information].*

**6. Operational Information**

- (i) Any clearing system(s) other than Euroclear and Clearstream, Luxembourg approved by the Issuer and the Principal Warrant and Certificate Agent and the relevant identification number(s) and address(es): *[Not applicable/give name(s) number(s) and address(es)]*
- (ii) Delivery: Delivery *[against/free of]* payment
- (iii) Additional Paying Agent(s) *[Not applicable/give name]* (if any):

**7. Non-exempt Offer**

- (i) Authorised Offeror: *[Not applicable]/[Specify identity of any Authorised Offeror(s)(including LEIs)]* *[See paragraph 57 of Part A above]*

- 371 -

- (ii) Offer Period: [specify]/[Not applicable] [See paragraph 57 of Part A above]
- (iii) Offer Price: [[specify]/[●] per cent. of the Issue Price (of which [[selling] fees] and [commissions] of [●] of [●] [the Aggregate Nominal Amount] shall be retained by [the Authorised Offeror[s]] [and a [maximum] amount of [●] per cent. is represented by commissions payable to the Authorised Offeror[s]].]
- (iv) [Conditions to which the offer is subject:] [Not applicable/give details]

[The Issuer will in its sole discretion determine the final amount of Securities issued up to a limit of [specify]. The final amount that are issued on [specify] will be listed on the [Euronext Amsterdam/Official List of [the professional segment of] the Luxembourg Stock Exchange/Euronext Paris/[the XMLI Segment of] Euronext Access Paris/Euronext Brussels/Italian Stock Exchange/stock exchange of [Madrid/Barcelona/Valencia/Bilbao]/[specify other exchange]]. Securities will be allotted subject to availability in the order of receipt of investors' applications. The final amount of the Securities issued will be determined by the Issuer in light of prevailing market conditions, and in its sole and absolute discretion depending on the number of Securities which have been agreed to be purchased as of [specify].]

[Article 30] of [Italian Legislative Decree No. 58 of 24 February 1998], as amended from time to time (the "**Italian Financial Services Act**") permits the promotion and placement to the public in the Republic of Italy of financial instruments in a place other than the registered office or establishments of the issuer, offeror or appointed person carrying out such promotion and/or placement, under certain conditions. Such activity is referred in the Italian Financial Services Act as "door-to-door selling". Pursuant to paragraph 6 of Article 30 of the Italian Financial Services Act, all door-to-door selling of financial instruments must be accompanied by a clear indication to investors that they have a right of withdrawal from any contract entered into pursuant to door-to-door selling, exercisable within a period of seven days from the date of subscription by the investor. Within such period, contracts entered into pursuant to door-to-door selling shall not be enforceable, and investors may exercise their withdrawal right without payment of any charge or

- 372 -

commission by contacting the offeror or appointed person with whom the subscription for Warrants was placed.] [A non-exempt offer of Warrants in the Republic of Italy may be made using door-to-door selling in accordance with Article 30 of the Italian Financial Services Act during the Offer Period.] [Further, Warrants may be offered in the Republic of Italy to investors through recorded telephone orders pursuant to applicable Italian law.]

**FORM OF FINAL TERMS FOR CERTIFICATES**

*Set out below is the form of Final Terms which will be completed for each Series (and/or Tranche, as the case may be) of Certificates issued under the Programme. Placeholders are included as an aid to review and the Final Terms relating to any Series of Certificates will be completed with such information from in accordance with the Terms and Conditions of the Certificates (to the extent applicable). References in the Base Prospectus (including in the applicable Terms and Conditions) to "the Securities" shall when replicated in these Final Terms be replaced with references to the Certificates.*

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]<sup>1</sup>

**[PROHIBITION OF SALES TO UK RETAIL INVESTORS** – The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]<sup>2</sup>

**[MiFID II product governance / [Retail investors, professional]<sup>3</sup>/[Professional]<sup>4</sup> investors and ECPs only target market** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Securities, taking into account the five categories in item 18 of the Guidelines published by [the European Securities and Markets Authority ("**ESMA**")]/[ESMA] on 5 February 2018, has led to the conclusion that: (i) the target market for the Securities is eligible counterparties[, [and] professional clients [and retail clients], each as defined in [Directive 2014/65/EU (as amended, "**MiFID II**")]/[MiFID II]; [and (ii) all channels for distribution of the Securities are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]]/[(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Securities to retail clients are appropriate – [investment advice][,./ and] [portfolio management][,./ and] [non-advised sales] [and pure execution services][, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable]]. [Consider any negative target market]. Any

## **PART A - CONTRACTUAL TERMS**

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the heading "*Terms and Conditions of the Certificates*" in the Base Prospectus dated 20 September 2024 (the "**Base Prospectus**")[[,] and] the supplement[s] to the Base Prospectus dated [●]<sup>6</sup> and any[ further] supplements to the Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**") [which together constitute a base prospectus for the purposes of the Prospectus Regulation and the applicable rules and regulations of the Luxembourg Stock Exchange]<sup>7</sup>. This document constitutes the Final Terms of the Certificates described herein [for the purposes of Article 8 of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") [and the applicable rules and regulations of the Luxembourg Stock

<sup>5</sup> Please note that if, for any reason, the 2025 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2024 Base Prospectus.

<sup>6</sup> Where applicable, include the date of any Supplements which have been published prior to the date of the Final Terms.

<sup>7</sup> Delete in the case of any issue of Private Placement Certificates.

Exchange]]<sup>8</sup> and must be read in conjunction with the Base Prospectus ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Certificates,] [Annex 3 in the case of Share Linked Certificates,] [Annex 4 in the case of Debt Linked Certificates,] [Annex 5 in the case of Commodity Linked Certificates,] [Annex 6 in the case of Inflation Linked Certificates,] [Annex 7 in the case of Currency Linked Certificates,] [Annex 8 in the case of Fund Linked Certificates,] [Annex 9 in the case of Underlying Interest Rate Linked Certificates,] [Annex 10 in the case of Credit Linked Certificates] [Annex 11 in the case of ETI Linked Certificates] [and] [Annex 12 in the case of Notional Value Repack Securities])<sup>9</sup> and any Supplement(s); provided, however, that to the extent any such supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Certificates*" in the Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Certificates to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Certificates is only available on the basis of the combination of these Final Terms, the Base Prospectus and any Supplement(s). Prior to acquiring an interest in the Certificates described herein, prospective investors should read and understand the information provided in the Base Prospectus and any Supplement(s). Copies of the Base Prospectus, any Supplement(s) and these Final Terms are available for inspection from the specified office of the Principal Warrant and Certificate Agent [and on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com))]<sup>11</sup> [ and [●]]. [A summary of the Certificates is annexed to these Final Terms.]<sup>12</sup>

*N.B. when using a post-1 July 2012 approved Base Prospectus to tap a previous issue under a previously approved Base Prospectus, the final terms in the post-1 July 2012 Base Prospectus may (and will if the previous issue was contemplated under a pre-1 July 2012 Base Prospectus) take a different form to the final terms used for the original issue being tapped. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.*

*[The following alternative language applies in respect of issues of Certificates where the public offer period spans an update to the Base Prospectus. If relevant, the update of the 2023 Base Prospectus will contain a list of offers for which the provisions of the paragraph below apply. Investors will be informed of their withdrawal rights in respect of such offers by notice when the 2024 Base Prospectus is published.]<sup>13</sup>*

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the Base Prospectus dated 20 September 2024 (the "**2024 Base Prospectus**")][,][ and] the supplement[s] to the 2024 Base Prospectus dated [●]] and any [further] supplements to the 2024 Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**"), notwithstanding the approval of an updated base prospectus which will replace the 2024 Base Prospectus (the "**2024 Base Prospectus**"). The 2024 Base Prospectus, as supplemented, constitutes a base prospectus for the purposes of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") [and the applicable rules and regulations of the Luxembourg Stock Exchange] and the 2024 Base Prospectus will constitute a base prospectus for the purposes of the Prospectus Regulation. This document constitutes the Final Terms of the Certificates described herein for the purposes of Article 8 of the Prospectus Regulation and the applicable rules and regulations of the Luxembourg Stock Exchange and (i) prior to the approval date, must be read in conjunction with the 2024 Base Prospectus, as supplemented ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Certificates,] [Annex 3 in the case of Share Linked Certificates,] [Annex 4 in the case of Debt Linked Certificates,] [Annex 5 in the case of Commodity Linked Certificates,] [Annex 6 in the case of Inflation Linked Certificates,] [Annex 7 in the case of Currency Linked Certificates,] [Annex 8 in the case of Fund Linked Certificates,] [Annex 9 in the case of Underlying Interest Rate Linked Certificates,] [Annex 10 in the case of Credit Linked Certificates] and [Annex 11 in the case of ETI Linked

<sup>8</sup> Delete in the case of any issue of Private Placement Certificates.

<sup>9</sup> Delete as applicable.

<sup>10</sup> Delete in the case of any issue of Private Placement Certificates or amend as necessary in the case of any issue of Certificates which is non-exempt and which will not be listed on the Luxembourg Stock Exchange.

<sup>11</sup> Delete in the case of any issue of Private Placement Certificates or amend as necessary in the case of any issue of Certificates which is non-exempt and which will not be listed on the Luxembourg Stock Exchange.

<sup>12</sup> Only include this wording for Certificates with a denomination of lower than EUR 100,000 (or equivalent in another currency).

<sup>13</sup> Please note that if, for any reason, the 2025 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2024 Base Prospectus.

Certificates] and [Annex 12 in the case of Notional Value Repack Securities)]<sup>14</sup>, and (ii) on and after the approval date, must be read in conjunction with the 2024 Base Prospectus, save in respect of the Conditions which are extracted from the 2024 Base Prospectus, as supplemented. To the extent any supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Certificates*" in the 2024 Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Certificates to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Certificates is only available on the basis of the combination of these Final Terms and either (i) prior to the approval date, the 2024 Base Prospectus, as supplemented, or (ii) on or after the approval date, the 2024 Base Prospectus, as supplemented, and the 2024 Base Prospectus. Prior to acquiring an interest in the Certificates described herein, prospective investors should read and understand the information provided in the 2024 Base Prospectus and any Supplement(s) and, when available, the 2024 Base Prospectus. Copies of the 2024 Base Prospectus, any Supplement(s) and these Final Terms are available, and copies of the 2024 Base Prospectus, will be available for inspection from the specified office of the Principal Warrant and Certificate Agent [and will be published on the website of the Luxembourg Stock Exchange ([www.luxse.com](http://www.luxse.com))] and [●]. [A summary of the Certificates is annexed to these Final Terms.]<sup>15</sup>

*[Include whichever of the following apply or specify as "Not applicable". Note that the numbering should remain as set out below, even if "Not applicable" is indicated for individual paragraphs or subparagraphs (in which case the sub-paragraphs of the paragraphs which are not applicable can be deleted). Italics denote directions for completing the Final Terms.]*

*[When adding any other Final Terms or information, consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a Supplement to the Base Prospectus under article 23 of the Prospectus Regulation and the applicable rules and regulations of the Luxembourg Stock Exchange.]*

These Final Terms relate to the series of Certificates as set out in "Specific Provisions for each Series" below. References herein to "**Certificates**" shall be deemed to be references to the relevant Certificates that are the subject of these Final Terms and references to "**Certificate**" shall be construed accordingly.

### SPECIFIC PROVISIONS FOR EACH SERIES

Counterparty): (Condition  
9(f));

51. Compartment Assets substitution under a Credit Support Annex/Credit Support Deed/Pledge: delivery or payment of securities, obligations or cash by (if not Swap Counterparty) (Condition 9(f)): [Applicable / Not applicable][Credit Support Annex / Credit Support Deed/Pledge][Counterparty]

#### OTHER PROVISIONS

52. Issuer Substitution: [Not applicable/Applicable]
53. Additional U.S. Federal income tax considerations: [insert details]/[Not applicable]/[The Certificates are [not] Specified Securities (as defined in the Base Prospectus) for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986.][The Securities may be Specified Securities for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986. If the Securities are Specified Securities, then the following provisions will apply.][Additional information regarding the application of Section 871(m) to the Securities will be available at [give name(s) and address(es) of Issuer contact]. [The Issuer will arrange for withholding under Section 871(m) to be imposed on any dividend equivalent payment at a rate of 30 per cent.]]

*(If the Securities are Specified Securities, include the "Additional information" sentence and provide the appropriate contact information at the Issuer. N.B. Include the option above, completed as appropriate, where (a) the Securities do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities or (b) the Section 871(m) determination has been made by the time the Final Terms are finalised (in which case, the determination will have been made either (i) on the pricing date, if this falls 14 days or fewer before the issue date or (ii) on the issue date, if the pricing date falls more than 14 days before the issue date). Otherwise, include the following option, completed as appropriate:*

[As at the date of these Final Terms, the Issuer has not determined whether the Securities are Specified Securities for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Securities for these purposes. **This is indicative information only subject to change and if the Issuer's final determination is different then it will give notice of such determination.** Please contact [give name(s) and address(es) of Issuer contact] for further information regarding the application of Section 871(m) to the Securities.]]

*(The Securities will not be Specified Securities if they (i) are issued prior to 1 January 2025 and provide a return that differs significantly from the return on an investment in the underlying (i.e. they are not "delta-one" securities*

for U.S. tax purposes) or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Securities reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities and (i) are issued prior to 1 January 2025 and provide a return that does not differ significantly from the return on an investment in the underlying, or (ii) are issued on or after 1 January 2025, further analysis would be required.)

[Payments on the Specified Securities are calculated by reference to [Net Dividends/Net Total Returns]. By purchasing a Specified Security, the parties agree that in calculating the relevant payment amount the Issuer may withhold, and the purchaser is deemed to have received 30 per cent. of any dividend equivalent payments (as defined in Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended) in respect of the relevant [U.S. securities/U.S. dividend paying index components]. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

[For this purpose, "**Net Dividends**" means the dividends paid by an issuer of a security net of 30 per cent. U.S. federal withholding tax.]

[For this purpose "**Net Total Returns**" means the net total return of the U.S. source dividend paying components, as calculated by the Index Sponsor, of an index that reinvests U.S. source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. U.S. withholding tax on such U.S. source dividends.]]

## DISTRIBUTION

54. Date of [Subscription Agreement]: [specify]
55. Name of and address Dealer: [specify]
56. Total commission and concession: [specify] per cent. of the Aggregate Notional Amount
57. Non-exempt Offer: [Applicable][Not applicable] *(If not applicable, delete the remaining placeholders of this paragraph and paragraph 7 of Part B)*
- (i) Non-exempt Offer Jurisdictions: [specify relevant Member State(s) where the Issuer intends to make Non-exempt Offers (select from the list of Non-exempt Offer Jurisdictions in the Base Prospectus) - which must be jurisdictions where the Base Prospectus and any supplements have been passported (in addition to the jurisdiction where approved and published)]
- (ii) Offer Period: [specify date, and if applicable, time] until [and including][specify date (and if applicable, time) or a formula such as "the Issue Date" or "the date which falls [specify] Business Days thereafter"] [subject to any early closing] / [From (and including) the Issue Date until (and including) the date on which the Securities are delisted].

- (iii) Financial intermediaries granted specific consent to use the Base Prospectus in accordance with the Conditions in it: *[insert names and addresses of financial intermediaries receiving consent (specific consent)]*

**58. Prohibition of Sales to EEA and UK Retail Investors:**

- (i) Selling Restriction: *[Applicable/Not applicable]*
- (If the Securities clearly do not constitute "packaged" products or the Securities do constitute "packaged" products and a key information document will be prepared in the EEA, "Not Applicable" should be specified. If the Securities may constitute "packaged" products and no key information document will be prepared in the EEA, "Applicable" should be specified.)*
- [The Securities are only intended to be offered, sold or otherwise made available to investors via the professional segment of [the regulated market of the Luxembourg Stock Exchange]/[the Euro MTF Market].]<sup>46</sup>*
- (ii) [Prohibition of Sales to Belgian Consumers: Not applicable]
- (iii) Prohibition of Sales to UK Retail Investors *[Applicable/Not applicable]*
- (If the Securities clearly do not constitute "packaged" products or the Securities do constitute "packaged" products and a key information document will be prepared in the UK, "Not Applicable" should be specified. If the Securities may constitute "packaged" products and no key information document will be prepared in the UK, "Applicable" should be specified.)*
- [The Securities are only intended to be offered, sold or otherwise made available to investors via the professional segment of [the regulated market of the Luxembourg Stock Exchange]/[the Euro MTF Market].]<sup>47</sup>*
- (iv) Prohibition of Sales to EEA Non Retail Investors (where Securities are held in a retail account): *[Applicable (Applicable means that the Securities may only be held by a retail investor in a retail account (pursuant to Article 428i of Regulation (EU) No 575/2013, as amended) (except where the Securities are held by any relevant distributor or an intermediary for secondary market purposes))]/[Not applicable]*
- (v) Prohibition of Sales to UK Non Retail Investors (where *[Applicable (Applicable means that the Securities may only be held by a retail investor in a retail account (pursuant to Article 428i of Regulation (EU) No 575/2013, as amended)*

<sup>46</sup> Include if the Securities are intended to be listed and admitted to trading on the professional segment of the Luxembourg Stock Exchange.

<sup>47</sup> Include if the Securities are intended to be listed and admitted to trading on the professional segment of the regulated market of the Luxembourg Stock Exchange or the Euro MTF Market, as the case may be.

FORM OF FINAL TERMS FOR CERTIFICATES - PART A - CONTRACTUAL TERMS

- 468 -

Securities are held in a retail account): *as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as the case may be) (except where the Securities are held by any relevant distributor or an intermediary for secondary market purposes)))/[Not applicable]*

- (ii) Estimated net proceeds: [Up to] [specify][Not applicable]

*(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)*

- (iii) Estimated total [specify] [Include breakdown of expenses]<sup>1</sup>  
expenses:

**5. Performance of Underlying/Formula/Other Variable, Explanation of Effect on Value of Investment and Associated Risks and Other Information concerning the Underlying Reference or Reference Rate**

[Not applicable] *[Need to include details of where past and future performance and volatility of the index/formula/other variables can be obtained. If there is a derivative component or complex derivative in the interest or redemption amount, an example of how the value of the investment is affected by the value of the underlying or the nature of the securities may be included.]* [Information on past and future performance and volatility of [specify underlying] can be obtained [but not] free of charge, from [Reuters/Bloomberg/give details of electronic means of obtaining the details of performance].

*[Where the underlying is an index need to include the name of the index and where the information about the index can be obtained. NB: The Securities may not be linked to an index composed by the Issuer or any entity belonging to the same group as the Issuer.]*

*[Where the underlying is a security need to include the name of the issuer of the security and the ISIN (International Security Identification Number) or other such security identification code]*

*[Include where the Securities reference SOFR: The Issuer is not affiliated with the Federal Reserve Bank of New York. The Federal Reserve Bank of New York does not sanction, endorse or recommend any products or services offered by the Issuer.]*

The Issuer [intends to provide post-issuance transaction information [specify what information will be reported and where it can be obtained]] [does not intend to provide post-issuance transaction information].

**6. Operational Information**

- (i) Any clearing system(s) other than Euroclear and Clearstream, Luxembourg approved by the Issuer and the Principal Warrant and Certificate Agent and the relevant identification number(s) and address(es): [Not applicable/give name(s), number(s) and address(es)]
- (ii) Delivery: Delivery [against/free of] payment
- (iii) Additional Paying Agent(s) (if any): [Not applicable/give name]

**7. Non-exempt Offer** [Applicable/Not applicable]

<sup>1</sup> Not required for debt securities with a notional amount per Certificate of at least EUR 100,000 (or its equivalent in the relevant currency as of the Issue Date).

- (i) Authorised Offeror: [Not applicable][Specify identity of any Authorised Offeror(s)(including LEIs)][See paragraph 57 of Part A]
- (ii) [Offer Period:] [specify]/[Not applicable][See paragraph 57 of Part A above]
- (iii) [Offer Price:] [[specify][●] per cent. of the Issue Price (of which [[selling] fees] and [commissions] of [●] of [●] [the Aggregate Notional Amount] shall be retained by [the Authorised Offeror[s]] [and a [maximum] amount of [●] per cent. is represented by commissions payable to the Authorised Offeror[s].]  
  
[Issue Price/Not applicable/specify]
- (iv) [Conditions to which the offer is subject:] [Not applicable/give details]

[The Issuer reserves the right to withdraw the offer of the Certificates in whole or in part at any time on or prior to the Issue Date. For the avoidance of doubt, if any application has been made by a potential investor and the Issuer reserves such right to withdraw the offer of Certificates, each such potential investor shall not be entitled to subscribe for or otherwise acquire Certificates.]

[Article 30] of [Italian Legislative Decree No. 58 of 24 February 1998], as amended from time to time (the "**Italian Financial Services Act**") permits the promotion and placement to the public in the Republic of Italy of financial instruments in a place other than the registered office or establishments of the issuer, offeror or appointed person carrying out such promotion and/or placement, under certain conditions. Such activity is referred in the Italian Financial Services Act as "door-to-door selling". Pursuant to paragraph 6 of Article 30 of the Italian Financial Services Act, all door-to-door selling of financial instruments must be accompanied by a clear indication to investors that they have a right of withdrawal from any contract entered into pursuant to door-to-door selling, exercisable within a period of seven days from the date of subscription by the investor. Within such period, contracts entered into pursuant to door-to-door selling shall not be enforceable, and investors may exercise their withdrawal right without payment of any charge or commission by contacting the offeror or appointed person with whom the subscription for Certificates was placed.] [A non-exempt offer of Certificates in the Republic of Italy may be made using door-to-door selling in accordance with Article 30 of the Italian Financial Services Act during the Offer Period.] [Further, Certificates may be offered in the Republic of Italy to investors through recorded telephone orders pursuant to applicable Italian law.]

- (v) [Description of the application process:] [Not applicable/give details]

- (vi) [Details of the minimum and/or maximum amount of application:] [Not applicable/*give details*]
- (vii) [Description of possibility to reduce subscriptions and manner for refunding excess amount paid by applicants:] [Not applicable/*give details*]
- (viii) [Details of the method and time limits for paying up and delivering the Certificates:] [Not applicable/*give details*]
- (ix) [Manner in and date on which results of the offer are to be made public:] [Not applicable/*give details*]
- (x) [Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of subscription rights not exercised:] [Not applicable/*give details*]
- (xi) [Categories of potential investors to which the Certificates are offered:] [Not applicable/*give details*]
- (xii) [Process for notification to applicants of the amount allotted and indication whether dealing may begin before notification is made:] [Not applicable/*give details*]  
[No dealings in the Certificates on a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU may take place prior to the Issue Date.]
- (xiii) [Amount of any expenses and taxes specifically charged to the subscriber or purchaser:] [Not applicable/*give details*]

- (xiv) [Name and address of the entities which have a firm commitment to act as intermediaries in secondary trading, providing liquidity through bid and after rates and a description of the main terms of their commitment:] [None/give details (such as the maximum bid/offer spread of the offer price and the minimum unit amount per order)]

## 8. Placing and Underwriting<sup>2</sup>

- (i) Name and address of the co-ordinator(s) of the global offer and of single parts of the offer:<sup>3</sup> [specify]
- (ii) Name and address of any paying agents and depository agents in each country: [specify]
- (iii) Entities agreeing to underwrite the issue on a firm commitment basis, and entities agreeing to place the issue without a firm commitment or under "best efforts" arrangements:<sup>4</sup> [specify]
- (iv) When the underwriting agreement has been or will be reached: [specify]

## 9. Yield

Indication of yield: [specify][Not applicable]

## 10. Historic Interest Rates

Details of historic [EURIBOR/SONIA/STIBOR/SOFR/€STR/SARON] rates can be obtained from [Reuters].

## 11. Description of Charged Assets

- (i) Charged Asset Structure: [[Charged Asset Structure 1[A]/[B]]/[Charged Asset Structure 2[A]/[B]]/[Charged Asset Structure 3]/[Charged Asset Structure 4[A]/[B]]/[Charged Asset Structure 5[A]/[B]/[C]/[D]/[E]/[F]/[G]/[H]]/[Charged Asset Structure 6[A]/[B]/[C]/[D]/[E]/[F]]/[Charged Asset Structure

<sup>2</sup> To the extent known to the Issuer, of the placers in the various countries where the offer takes place.

<sup>3</sup> Where not all of the issue is underwritten, a statement of the portion not covered.

<sup>4</sup> See "Risk Factors relating to Securities – Potential Conflicts of Interest" in the Base Prospectus for further information.

7[A/[B][C]]/[Charged Asset Structure 8[A/[B]] is applicable.

(ii) Amount of the Charged Assets: *[specify]*

(iii) Collateral Exchange Structure: [Collateral Exchange Structure 1]/[Collateral Exchange Structure 2]/[Collateral Exchange Structure 3][ is applicable]  
[Not applicable]

Variable Information:

## TERMS AND CONDITIONS OF THE NOTES

*The following are the Terms and Conditions of the Notes, which will include the additional terms and conditions for payouts for Securities contained in Annex 1, the additional terms and conditions contained in Annex 2 in the case of Index Linked Notes, the additional terms and conditions contained in Annex 3 in the case of Share Linked Notes, the additional terms and conditions contained in Annex 4 in the case of Debt Linked Notes, the additional terms and conditions contained in Annex 5 in the case of Commodity Linked Notes, the additional terms and conditions contained in Annex 6 in the case of Inflation Linked Notes, the additional terms and conditions contained in Annex 7 in the case of Currency Linked Notes, the additional terms and conditions contained in Annex 8 in the case of Fund Linked Notes, the additional terms and conditions contained in Annex 9 in the case of Underlying Interest Rate Linked Notes, the additional terms and conditions contained in Annex 10 in the case of Credit Linked Notes, the additional terms and conditions contained in Annex 11 in the case of ETI Linked Notes and the additional terms and conditions contained in Annex 12 in the case of Notional Value Repack Notes (each an "Annex" and together the "Annexes" which may be added from time to time) which will be incorporated by reference into each Global Note and each Definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer(s) at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed upon or attached thereto such Terms and Conditions.*

*The Terms and Conditions of any Notes will be completed either by the applicable Final Terms or, in circumstances where Notes are not issued on the basis of this Base Prospectus, by issue specific terms prepared in accordance with any such issue ("Issue Specific Terms"). Where the Terms and Conditions of any Notes are completed by Issue Specific Terms, references herein and the Annexes to the "Final Terms" shall be deemed to be references to the "Issue Specific Terms" relating to such Notes.*

*The applicable Final Terms or Issue Specific Terms (or the relevant provisions thereof) will be endorsed on, attached to or incorporated by reference in, each temporary global Note, permanent global Note and definitive Note. Reference should be made to the section headed "Form of Final Terms for Notes" above for a description of the content of Final Terms or Issue Specific Terms, as the case may be, which will specify which of such terms is to apply in relation to the relevant Notes.*

This Note is one of a Series (as defined below) of Notes issued by SecurAsset S.A. (the "**Issuer**"), a regulated securitisation undertaking within the meaning of the Luxembourg Act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**", which term shall include such act as modified, amended or re-enacted from time to time), constituted and secured by relevant issue deed dated the date of issue of the Notes (the "**Issue Date**") (or in the case of Notes issued through a Multi-Series Compartment, secured by the issue deed relating to the first series of notes issued through the relevant Compartment (the "**Original Issue Deed**") and constituted by the Original Issue Deed and an issue deed supplemental to the Original Issue Deed) between, *inter alia*, the Issuer, the Trustee and the persons specified therein as a Swap Counterparty and/or Deposit Counterparty and/or Repo Counterparty (each as defined in Condition 8 (*Compartment Assets*)) (the "**Issue Deed**") which incorporates master trust terms between the Issuer and BNP Paribas Trust Corporation UK Limited (the "**Trustee**", which expression shall include all persons for the time being the trustee or trustees under the Trust Deed (as defined below)) as trustee for the Noteholders (as defined below) and, where applicable, the holders of any Related Notes (the "**Master Trust Terms**", together with the Issue Deed and the issue deeds relating to any Related Notes (which may be expressed to be supplemental to any Original Issue Deed), the "**Trust Deed**"). References herein to the "Issuer" shall include the Substitute Company as defined in Condition 13(e) (*Substitution*), in the case of any substitution of the Issuer in accordance with that Condition.

References herein to the Notes shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Note(s) represented by a global Note, units of each specified denomination (the "**Specified Denomination**") in the Specified Currency of issue;
- (b) definitive Notes in bearer form ("**Definitive Bearer Notes**") issued in exchange for a global Note;
- (c) any global Note in bearer or registered form ("**Bearer Global Note(s)**" and "**Registered Global Note(s)**", respectively, and each a global Note); and

- (d) any definitive Notes in registered form ("**Definitive Registered Notes**") (whether or not issued in exchange for a Registered Global Note).

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an agency agreement dated 6 February 2009 as most recently amended and restated on 20 September 2024 (the "**Agency Agreement**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alia*, the Issuer, the Trustee, BNP Paribas Financial Markets S.N.C. as calculation agent (the "**Calculation Agent**"), which expression shall include any additional or successor calculation agents specified in the applicable Final Terms, BNP Paribas, Succursale de Luxembourg, as account bank (where specified in the applicable Final Terms) (the "**Account Bank**"), BNP Paribas, Succursale de Luxembourg, as issuing and paying agent, registrar, transfer agent and, where specified in the applicable Final Terms, the custodian and cash manager (the "**Issuing and Paying Agent**", the "**Registrar**", "**Transfer Agent**", the "**Custodian**" and the "**Cash Manager**" respectively, which expressions shall include, in each case, any additional or successor agents specified in the applicable Final Terms) and the other paying agents named therein (together with the Issuing and Paying Agent and the Registrar, the "**Paying Agents**", which expression shall include any additional or successor paying agents). The Paying Agents, the Transfer Agent, the Calculation Agent, the Cash Manager and the Custodian shall be referred to collectively hereunder as the "**Agents**". The Notes, the Trust Deed, the Agency Agreement (together with any supplements thereto), the Dealer Agreement and any other Related Agreements are together referred to as the "**Transaction Documents**".

Interest bearing Definitive Bearer Notes (unless otherwise indicated in the applicable Final Terms) have interest coupons ("**Coupons**") and, if indicated in the applicable Final Terms, talons for further Coupons ("**Talons**") attached on issue. Any reference herein to "Coupons" or "coupons" shall, unless the context otherwise requires, be deemed to include a reference to "Talons" or "talons". Definitive Bearer Notes repayable in instalments have receipts ("**Receipts**") for the payment of the instalments of principal (other than the final instalment) attached on issue. Global Notes do not have Receipts, Coupons or Talons attached on issue.

The Trustee acts for the benefit of the holders for the time being of the Notes (the "**Noteholders**", which expression shall mean, in the case of Bearer Notes, the holders of the Notes and, in the case of Registered Notes, the persons in whose name the Notes are registered, and shall, in relation to any Notes represented by a global Note, be construed as provided in Condition 1 below), the holders of the Receipts (the "**Receiptholders**") and the holders of the Coupons (the "**Couponholders**", which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Trust Deed. The Trustee also holds the Compartment Security granted by the Issuer for itself and the other Secured Parties (as defined below).

Any references in these Terms and Conditions to "Coupons", "Talons" or "Receipts" shall not apply to Registered Notes.

Any reference herein to "Euroclear" and/or "Clearstream, Luxembourg" (each term as defined below) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, approved by the Issuer, the Guarantor (if applicable), the Trustee, the Issuing and Paying Agent, the Registrar (in the case of Registered Notes only) and, in the case of Notes listed on the Luxembourg Stock Exchange, the Luxembourg Stock Exchange.

The Final Terms for the Notes (or other relevant provisions thereof) are set out in the Final Terms that are endorsed on, attached to or incorporated by reference in the Notes and which complete these terms and conditions (the "**Terms and Conditions**" or the "**Conditions**").

As used herein, "**Tranche**" means Notes which are identical in all respects, "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series with the original Tranche and (b) identical in all respects except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices, as applicable and "**Related Notes**" means each other series of notes issued through the same Compartment as the Notes where the relevant Compartment is a Multi-Series Compartment (as defined in Condition 16(b)).

Copies of the Master Trust Terms and the Agency Agreement are available for inspection by Noteholders during normal business hours from the specified offices of the Paying Agents or may be provided by email

to a Noteholder following their prior written request to the relevant Paying Agent and provision of proof of holding and identity (in a form satisfactory to the relevant Paying Agent). Copies of the applicable Final Terms are available for viewing by Noteholders at [www.luxse.com](http://www.luxse.com) and copies may be obtained from the specified office of the Issuing and Paying Agent save that, if this Note is a Private Placement Note (as defined below) which has not been offered to the public in Luxembourg, the applicable Final Terms will only be obtainable by a Noteholder holding one or more such Notes and such Noteholder must produce evidence satisfactory to the Issuer, the Trustee and the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed (as such term is defined in the Master Trust Terms). In this paragraph, "**Private Placement Note**" means any Note that is not (i) offered to the public in the EEA for the purposes of article 1.1 of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") (except as specified under Article 1.4 and/or Article 3.2 of the Prospectus Regulation) or (ii) admitted to trading in the EEA for the purposes of article 1.1 of the Prospectus Regulation.

By subscribing to, or otherwise acquiring, the Notes, each Noteholder expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Notes has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Notes will be allocated;
- (b) the provisions with respect to the Order of Priority specified in the applicable Final Terms will apply;
- (c) all payments to be made by the Issuer in respect of the Notes and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Note Acceleration in respect of the Note, the entitlement of the Noteholder will be limited to such Noteholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Notes, sums obtained on its behalf by the Trustee, making a claim under the Guarantee, subject to the terms set out in the applicable Final Terms and the relevant provisions of the Guarantee;
- (d) once all moneys received by the Trustee in connection with the enforcement of the Compartment Security over the Charged Assets have been applied in accordance with the Order of Priority set out in the applicable Final Terms and in the Master Trust Terms, it is not entitled to take any further steps against the Issuer to recover any further sums due and the right to receive any such sum shall be extinguished;
- (e) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (f) no Noteholder shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Master Trust Terms or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that, in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

## 1. Form, denomination and title

The Notes, except for Notes in registered form ("**Registered Notes**") are in bearer form ("**Bearer Notes**"), and, in the case of Definitive Bearer Notes, serially numbered, issued in the Specified

Currency and the Specified Denomination(s) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

The Notes are, to the extent specified in the applicable Final Terms, Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Dual Currency Interest Notes or Notes with interest linked to one or more underlying reference assets or bases ("**Underlying Reference(s)**") ("**Linked Interest Notes**") specified in the applicable Final Terms such as Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Interest Linked Notes, Fund Linked Interest Notes, Underlying Interest Rate Linked Interest Notes, Credit Linked Interest Notes, ETI Linked Interest Notes, Hybrid Interest Notes or any combination thereof. The Notes may be Index Linked Redemption Notes, Share Linked Redemption Notes, Debt Linked Redemption Notes, Commodity Linked Redemption Notes, Inflation Linked Redemption Notes, Currency Linked Redemption Notes, Fund Linked Redemption Notes, Underlying Interest Rate Linked Redemption Notes, Credit Linked Redemption Notes, ETI Linked Redemption Notes, Hybrid Redemption Notes, Instalment Notes, Dual Currency Redemption Note or any combination thereof.

If the Notes are Hybrid Notes and Hybrid Notes is specified as applicable in the applicable Final Terms, the terms and conditions of the Notes will be construed on the basis that in respect of each separate type of Underlying Reference, the relevant terms applicable to each such separate type of Underlying Reference will apply, as the context admits, separately and independently in respect of the relevant type of Underlying Reference, except as specified in the applicable Final Terms. "**Hybrid Business Day**" has the meaning given to such term in the applicable Final Terms.

The Notes will be settled by way of cash payment ("**Cash Settled Notes**") or, if Physical Settlement is specified as applicable in the applicable Final Terms (or becomes applicable depending on whether certain conditions are met as specified in the applicable Final Terms), will be settled by physical delivery ("**Physical Delivery Notes**").

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to "Coupons" and "Couponholders" in these Terms and Conditions are not applicable.

Subject as set out below, title to Bearer Notes, Receipts and Coupons will pass by delivery. Subject as set out below, the Issuer, the Guarantor, the Trustee and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

The Issuer has appointed the Registrar and shall cause to be kept at the office of the Registrar, a register (the "**Register**") on which shall be entered, inter alia, the name and address of the beneficial owner of the principal and stated interest of the Registered Notes, the amount and type of the Registered Notes held by each Noteholder, and particulars of all transfers of title to the Registered Notes. Subject as set out below, title to the Definitive Registered Notes will pass upon registration of transfers in the Register and surrender. The entries in the Register shall be conclusive absent manifest error and, except as ordered by a court of competent jurisdiction or as required by law, the registered holder of any Definitive Registered Note whose name is recorded in the Register pursuant to the Terms and Conditions of the Notes shall be deemed to be and may be treated as the absolute owner for purposes of payment of principal and interest on such Definitive Registered Notes regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the registered holder.

For so long as any of the Bearer Notes or the Registered Notes is represented by a global Note held on behalf of, or in the case of Registered Notes by a common depositary on behalf of, Euroclear Bank S.A./N.V., as operator of the Euroclear system ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any

certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor (if any), the Trustee and any Paying Agent as the holder of such nominal amount of the Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant global Note or, as applicable, the registered holder (as shown in the Register, provided that, for all other purposes hereunder and notwithstanding any provision to the contrary, in the event of any differences between the information contained in the Register and that contained in the Issuer Register (as defined in the Agency Agreement), the Issuer Register shall prevail) of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor (if any), the Trustee and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly). Without limitation to the foregoing, in determining whether a particular person is entitled to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes which are represented by a global Note held on behalf of Euroclear and Clearstream, Luxembourg will be transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be. References to Euroclear or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

## **2. Transfers of Registered Notes**

### **(a) *Transfers of interests in Registered Global Notes***

Transfers of beneficial interests in Registered Global Notes will be effected by Euroclear or Clearstream, Luxembourg and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A Registered Global Note may be transferred only to a successor clearing organisation. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Definitive Registered Notes or for a beneficial interest in another Registered Global Note only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

### **(b) *Transfers of Definitive Registered Notes***

Subject as provided in paragraph (e) below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Definitive Registered Note may be transferred in whole or in part (in the Specified Denominations set out in the applicable Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Definitive Registered Note for registration of the transfer of the Definitive Registered Note (or the relevant part of the Definitive Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial regulations being set out in Schedule 2 to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations),

authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Definitive Registered Note of a like aggregate nominal amount to the Definitive Registered Note (or the relevant part of the Definitive Registered Note) transferred. In the case of the transfer of part only of a Definitive Registered Note, a new Definitive Registered Note in respect of the balance of the Definitive Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor. The Registrar will promptly notify the Issuer of any change made to the Register and the Issuer will, upon receipt of any such notice, update the Issuer Register accordingly.

(c) *Registration of transfer upon partial redemption*

In the event of a partial redemption of Notes under Condition 7 (*Redemption and Purchase*), the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) *Costs of registration*

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) *Exchanges and transfers of Registered Notes generally*

Holders of Definitive Registered Notes may exchange such Notes for interests in a Registered Global Note of the same type at any time. Transfers by the holder of, or of a beneficial interest in a Registered Global Note may not be made except (i) to the Issuer or any affiliate thereof or (ii) outside the United States to or for the account of a non-U.S. person in compliance with Rule 903 or Rule 904 of Regulation S under the Securities Act.

(f) *Definitions*

In this Condition, the following expressions shall have the following meanings:

**"Regulation S"** means Regulation S under the Securities Act;

**"Regulation S Global Note"** means a Registered Global Note representing Notes sold outside the United States in reliance on Regulation S; and

**"Securities Act"** means the United States Securities Act of 1933, as amended.

**3. Status of the Notes; Guaranteed Notes**

(a) *Status of the Notes*

The Notes, Coupons and Receipts are secured, limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves, which are secured in the manner described in Condition 8 (*Compartment Assets*) and recourse in respect of which is limited in the manner described in Condition 8 (*Compartment Assets*).

Unless Waiver of Set-Off is specified as not applicable in the applicable Final Terms, no Noteholder (and, if applicable, any Couponholder or Receiptholder) may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer (or, the Guarantor) has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to such Note, Receipt or Coupon) and each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 3(a) is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note, Receipt or Coupon but for this Condition 3(a).

For the purposes of this Condition 3(a), "**Waived Set-Off Rights**" means any and all rights of or claims of any Noteholder, Receiptholder or Couponholder for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Note, Receipt or Coupon.

(b) *Guaranteed Notes*

If the Notes are "**Guaranteed Notes**" as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Trust Deed applicable to such Notes, certain payment obligations of the Issuer in respect of such Guaranteed Notes will have the benefit of a guarantee (the "**Guarantee**") in favour of the Trustee (for itself, and as trustee for holders of such Guaranteed Notes) made by BNP Paribas (in such capacity, the "**Guarantor**").

The obligations of BNP Paribas as Guarantor under any Guarantee are senior preferred (within the meaning of Article L.613-30-3-I-3° of the French Code *monétaire et financier*) and unsecured obligations of the Guarantor and will rank pari passu with all its other present and future senior preferred and unsecured obligations, subject to such exceptions as may from time to time be mandatory under French law.

(c) *Subrogation of the Guarantor*

Under the Guarantee, the Guarantor will be subrogated to any rights of the holders of the Guaranteed Notes and the Trustee against the Issuer to the fullest extent permitted by applicable law and to the extent of such payment in respect of amounts due in respect of the Notes which have been paid by the Guarantor under the Guarantee.

#### 4. **Restrictions**

(a) The Issuer has covenanted in the Trust Deed that, *inter alia*, so long as any of the Notes remains outstanding, it will not, without the prior written consent of the Trustee:

(i) engage in any activity or do anything whatsoever, except:

- (A) issue instruments which are subject to the Securitisation Act 2004 and the enforcement and limited recourse provisions of the Trust Deed or any other relevant agreement ("**Permitted Instruments**", provided that such term shall include, without limitation, Related Agreements, warrants, certificates, Notes, Further Notes and Related Notes (each as defined below));
- (B) otherwise incur indebtedness (any such indebtedness, "**Permitted Indebtedness**") in respect of moneys borrowed or raised where such indebtedness is incurred on terms that it is subject to, and in compliance with, the Securitisation Act 2004 and/or is secured on assets or other property which are not part of the Charged Assets and on terms which provide for the extinguishment of all claims in respect of such indebtedness after application of the proceeds of the assets or property on which such indebtedness is secured;
- (C) enter into any deed or agreement of any kind related to any Permitted Instrument or Permitted Indebtedness, but provided always other than in the case of any Related Notes that any such deed or agreement is entered into on terms that the obligations of the Issuer thereunder relate to a compartment of specified assets of the Issuer (other than its share capital) which does not form part of the Charged Assets and on terms which provide for extinguishment of all claims in respect of

such obligations after application of the assets on which such indebtedness is secured;

- (D) acquire, or enter into any agreement constituting, the collateral in respect of any Permitted Instrument or the assets securing any Permitted Indebtedness to enable it to discharge its obligations under such Permitted Instrument or Permitted Indebtedness;
- (E) perform its obligations under each Permitted Instrument or Permitted Indebtedness, or any deed or agreement incidental to the issue and constitution of, or the granting of security for, any Permitted Instrument or Permitted Indebtedness;
- (F) enforce any of its rights whether under any deed or agreement entered into in relation to any Permitted Instrument or Permitted Indebtedness;
- (G) perform any act incidental to or necessary in connection with any of the above; or
- (H) as permitted by the Conditions;
- (ii) have any subsidiaries;
- (iii) have any employees;
- (iv) dispose of any of its property or other assets or any part thereof or interest therein (subject (A) to this subparagraph (a) and (B) as provided in the terms and conditions relating to any Permitted Instrument or the terms and conditions relating to any Permitted Indebtedness);
- (v) issue any further fungible Notes or Related Notes unless the trustee and/or guarantor thereof is the same person as, respectively, the Trustee and/or, as the case may be, the Guarantor for the Notes;
- (vi) pay any dividend or make any other distribution to its members other than in respect of any shares issued by SecurAsset S.A. acting through a compartment where such dividend or other distribution is funded solely from the profits of such compartment in accordance with the articles of association of the Issuer;
- (vii) guarantee or become obligated for the debts of any other entity or hold out its credit as being available to satisfy the obligations of others;
- (viii) pledge its assets for the benefit of any other entity or make any loans or advances to any entity (other than in respect of or in connection with Permitted Instruments and Permitted Indebtedness); or
- (ix) consolidate or merge with any other person.
- (b) The Issuer has covenanted in the Trust Deed that, *inter alia*, save with the prior written consent of the Trustee, the Issuer shall, so long as any of the Notes remains outstanding:
  - (i) maintain proper books and records, accounts and financial statements for each Compartment and for the Issuer;
  - (ii) hold itself out as a separate entity, conduct its business in its own name and maintain an arm's length relationship with its affiliates (if any);
  - (iii) notify the Trustee in writing immediately on becoming aware of the occurrence of any Event of Default or Potential Event of Default or the proposed mandatory redemption of any Note;
  - (iv) provide the Trustee with certain certificates within specified timeframes that no Event of Default or Potential Event of Default has occurred since the Certification Date of the last certificate or the date of the Trust Deed, or, if such an event has occurred, giving details of it;

- (v) for each Series send to the Trustee at least 48 hours (if practicable) before it is to be issued the form of each notice to be given to the Noteholders and, once given, two copies of each such notice;
- (vi) forthwith upon request by the Trustee give notice to the Noteholders of any Series of any unconditional payment to the Issuing and Paying Agent or the Trustee of any sum due in respect of the Notes, the Receipts or Coupons of such Series made after the due date for such payment;
- (vii) in relation to each Series:
  - (A) comply and procure that each of the parties thereto complies with its obligations under the Agency Agreement, any Swap Agreement, any Deposit Agreement or any Repurchase Agreement; and
  - (B) procure that any Swap Counterparty gives the Trustee notice of any substitution of the Compartment Assets with substitute securities or cash substitute in accordance with the terms of Condition 8(f) (*Compartment Assets substitution by Swap Counterparty*);
- (viii) not commingle its assets with those of any other entity; and
- (ix) observe all formalities required by its memorandum and articles of association (including maintaining adequate capital for its operations).

## 5. Interest

### (a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) specified per annum (or otherwise) equal to the Rate(s) of Interest. Interest will accrue in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date. If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

If no Business Day Convention is specified as applicable to an Interest Period End Date in the applicable Final Terms and the Notes are in definitive form:

- (A) the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Coupon Amount; and
- (B) the amount of interest payable on any other Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Interest shall be calculated by applying the Rate of Interest to: (1) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or (2) in the case of Fixed Rate Notes in definitive form, the Calculation Amount, multiplying such sum by the applicable Day Count Fraction. The resultant figure shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention, or in the case of Dual Currency Interest Notes, converting the resulting figure into the Settlement Currency as provided in Condition 5(n) below.

Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes

(i) *Interest Period End Dates and Interest Payment Dates*

Each Floating Rate Note bears interest on its nominal amount or pays interest in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). For the purposes of this Condition 5(b), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day in the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(A) above, the Floating Rate Convention, such Interest Period End Date or Interest Payment Date, as the case may be, (I) in the case of (x) above,

shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (II) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or

- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

In these Conditions, "**Business Day**" means a day which is both:

- (a) a day (other than Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (b) either (i) in relation to any sum payable in a Settlement Currency other than euro or CNY, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Settlement Currency (any such centre, an "**Additional Business Centre**" and which, if the Settlement Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (ii) in relation to any sum payable in euro, a day (a "**T2 Settlement Day**") on which the real time gross settlement system operated by the Eurosystem or any successor or replacement for that system (the "**T2**" or the "**T2 System**") (or, if such system ceases to be operative, such system (if any) determined by the Calculation Agent to be a suitable replacement) is open or (iii) for the purposes of making payments in CNY, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the CNY Settlement Centre(s).

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) *Determination of Rate of Interest and Calculation of Interest Amount*

The Calculation Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period. The Calculation Agent will notify the Issuing and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (if any) specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention and, in the case of Dual Currency Interest Notes, converting the resulting figure into the Settlement Currency as provided in Condition 5(n) below. Where the Specified Denomination of a Floating Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**Calculation Period**" means each Interest Period, AER Calculation Period, FR Calculation Period, Call Calculation Period, Put Calculation Period, Final Fees Period, Call Fees Period or Put Fees Period or Inflation and Rate Calculation Period<sup>4</sup>, as applicable.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest for any Interest Period:

- (A) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:
  - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Period End Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
  - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
    - (x) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
    - (y) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (B) if "**Actual/Actual (ISDA)**" or "**Actual/Actual**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

- (C) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;
- (D) if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of a Calculation Period ending in a leap year, 366;
- (E) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (F) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y1**" is the year expressed as a number, in which the first day of the Calculation Period falls;

"**Y2**" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**M1**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M2**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**D1**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31 in which case D1, will be 30; and

"**D2**" is the calendar day expressed as a number immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (G) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y1**" is the year, expressed as a number, in which the first day of the Interest Period falls;

"**Y2**" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**M1**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M2**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**D1**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31 in which case D1, will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (H) if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

- (I) if "**1/1**" is specified in the applicable Final Terms, the Day Count Fraction shall be equal to 1.

"**Determination Date(s)**" means the date(s) specified in the applicable Final Terms;

"**Determination Period**" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

"**Reference Rate Fallback Event**" means, in relation to any Screen Page Reference Rate or AER Reference Rate, as applicable, any of the following, as determined by the Calculation Agent:

- (i) the Screen Page Reference Rate or AER Reference Rate, as applicable, ceasing to exist or ceasing to be published for a period of at least six (6) consecutive Business Days or having been permanently or indefinitely discontinued;
- (ii) the making of a public statement or publication of information (provided that, at the time of any such event, there is no successor administrator that will provide the Screen Page Reference Rate) by or on behalf of (i) the administrator of the Screen Page Reference Rate or AER Reference Rate, as applicable, or (ii) the supervisor, insolvency official, resolution authority, central bank or competent court having jurisdiction over such administrator stating that (x) the administrator has ceased or will cease permanently or indefinitely to provide the Screen Page Reference Rate or AER Reference Rate, as applicable, (y) the Screen Page Reference Rate or AER Reference Rate, as applicable, has been or will be permanently or indefinitely

discontinued, or (z) the Screen Page Reference Rate or AER Reference Rate, as applicable, has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally, or in respect of the Notes, provided that, if such public statement or publication mentions that the event or circumstance referred to in (x), (y) or (z) above will occur on a date falling later than three (3) months after the relevant public statement or publication, the Reference Rate Fallback Event shall be deemed to occur on the date falling three (3) months prior to such specified date (and not the date of the relevant public statement);

- (iii) it has or will prior to the next Interest Determination Date (as applicable), become unlawful for the Issuing and Paying Agent, the Calculation Agent or any other party responsible for determining the Screen Page Reference Rate or AER Reference Rate, as applicable, to calculate any payments due to be made to any Noteholder using the Screen Page Reference Rate or AER Reference Rate, as applicable (including, without limitation, under BMR, if applicable); or
- (iv) the making of a public statement or publication of information that any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of the Screen Page Reference Rate or AER Reference Rate, as applicable, or the administrator of the Screen Page Reference Rate or AER Reference Rate, as applicable, has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that the use of the Screen Page Reference Rate or AER Reference Rate, as applicable, is not or will not be permitted under any applicable law or regulation, such that the Issuing and Paying Agent or the Calculation Agent or any other party responsible for determining the Screen Page Reference Rate or AER Reference Rate, as applicable, is unable to perform its obligations in respect of the Notes.

A change in the methodology of the Screen Page Reference Rate or AER Reference Rate, as applicable, shall not, absent the occurrence of one of the above, be deemed a Reference Rate Fallback Event.

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Day Count Fraction is "**unadjusted**", the Interest Period and the Interest Amount payable on any date shall not, unless otherwise provided in the applicable Final Terms, be affected by the application of any Business Day Convention.

(iv) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Issuing and Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms), the FBF Rate (where FBF Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Issuing and Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

**"Designated Maturity"** means (A) in relation to Screen Rate Determination, the period of time designated in the Reference Rate or (B) in relation to FBF Determination, the period of time specified in the relevant FBF Rate.

(c) Interest on Linked Interest Notes

(i) *Interest Period End Dates and Interest Payment Dates*

Each Linked Interest Note bears interest on its nominal amount or pays interest in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date to (but excluding) the next (or first) Interest Period End Date (each such latter date the **"Interest Period End Final Date"** for the relevant Interest Period)). For the purposes of this Condition 5(c), **"Interest Period End Date"** shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(c)(i)(B) above, the Floating Rate Convention, such Interest Period End Date or Interest Payment Date, as the case may be, (I) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (II) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or
- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or

- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Linked Interest Notes will be the Coupon Rate determined in the manner specified in the applicable Final Terms which Coupon Rate may comprise one or more Additional Coupons determined in the manner specified in the applicable Final Terms.

(iii) *Determination of Rate of Interest and Calculation of Interest Amount*

The Calculation Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period. The Calculation Agent will notify the Issuing and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or

- (B) in the case of Linked Interest Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (if any) specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention and, in the case of Dual Currency Interest Notes, converting the resulting figure into the Settlement Currency as provided in Condition 5(n) below. Where the Specified Denomination of a Linked Interest Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(d) ISDA, FBF and Screen Rate Determination

(i) *ISDA Determination*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which a Rate of Interest, or Rate, as the case may be, is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent (as defined in the ISDA Definitions (as defined below)) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and

- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the Euro-zone inter-bank offered rate ("**EURIBOR**") (or, in the event that EURIBOR has been discontinued, such other successor benchmark rate as the financial industry shall have accepted as a successor or substitute rate for EURIBOR), the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), "**Floating Rate**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms as greater than zero, the Minimum Rate of Interest shall be deemed to be zero.

(ii) *FBF Determination*

Where so specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the "**FBF Rate**") and in such amounts, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments (an "**FBF Agreement**"), as in effect on the date of issue of the Notes, published by the *Fédération Bancaire Française* and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Note under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Issuing and Paying Agent or the Calculation Agent, as applicable, (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the Interest Commencement Date was the Transaction Date;
- (D) the lowest Specified Denomination was the Notional Amount;
- (E) the Interest Payment Dates were the Floating Amount Payment Dates; and
- (F) all other terms were as specified in the applicable Final Terms.

When the preceding sentence applies, in respect of each relevant Interest Payment Date:

- (1) the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Terms and Conditions as though determined under Condition 5(b)(iii) or Condition 5(c)(iii), as applicable;
- (2) the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the FBF Agreement) determined by the Issuing and Paying Agent in accordance with the preceding sentence; and
- (3) the Issuing and Paying Agent or Calculation Agent, as applicable, will be deemed to have discharged its obligations under Condition 5(b)(iii) or Condition 5(c)(iii), as applicable below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(iii) *Screen Rate Determination*

- (A) EURIBOR or STIBOR

- (1) Where "Screen Rate Determination–IBOR" is specified in the applicable Final Terms as the manner in which a Rate of Interest or Rate, as the case may be, is to be determined, such Rate of Interest for each Interest Period will, subject as provided below, be either:

- (I) the offered quotation; or
- (II) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the reference rate(s) (the "**Reference Rate(s)**") which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., Brussels time, in the case of EURIBOR or Stockholm time, in the case of STIBOR) (the "**Screen Page Reference Rate**") on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

- (2) If the Relevant Screen Page is not available or if in the case of (1)(I), above, no such offered quotation appears on the Relevant Screen Page (or such replacement page on that service which displays the information) or, in the case of (1)(II), above, fewer than three such offered quotations appear, on the Relevant Screen Page (or such replacement page on that service which displays the information), in each case as at the Specified Time, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Issuing and Paying Agent or the Calculation Agent, as applicable, with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the nearest 0.001 with 0.0005 being rounded upwards) of such offered quotations plus or minus (as applicable) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the nearest 0.001, with 0.0005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the inter-bank market plus or minus (as applicable) the Margin (if any), as determined by the Calculation Agent.

If fewer than two of the Reference Banks provide the Calculation Agent with offered rates, the Rate of Interest or Rate, as the case may be, for the relevant Interest Period shall be the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the inter-bank market applicable to the Reference Rate (which will be the Euro-zone inter-bank market, if the Reference Rate is EURIBOR, or the Stockholm inter-bank market, if the Reference Rate is STIBOR), (or, as the case may be, the quotations of such bank or banks to the Calculation Agent) plus or minus (as applicable) the Margin (if any), as determined by the Calculation Agent.

If the Rate of Interest or Rate, as the case may be, cannot be determined in accordance with the foregoing provisions of this Condition 5(d)(iii), the Rate of Interest or Rate, as the case may be, shall be equal to the last Reference Rate available on the Relevant Screen Page plus or minus (as appropriate) the Margin (if any), as determined by the Calculation Agent except that if the Calculation Agent determines that the absence of the quotation is due to the discontinuation of the Screen Page Reference Rate or the occurrence of a Reference Rate Fallback Event, then the Reference Rate will be determined in accordance with Condition 5(d)(iv) below.

**"Reference Banks"** means in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, or in the case of a determination of STIBOR, the principal office of four major banks in the Stockholm inter-bank market in each case selected by the Calculation Agent, or as specified in the applicable Final Terms.

**"Relevant Screen Page"** means the relevant screen page specified in the applicable Final Terms.

**"STIBOR"** means the Stockholm interbank offered rate.

(B) SONIA

Where "Screen Rate Determination – SONIA" is specified in the applicable Final Terms as the manner in which a Rate of Interest or Rate is to be determined, such Rate of Interest or Rate, as the case may be, for each Interest Period will be calculated in accordance with Condition 5(d)(iii)(B)(1) or 5(d)(iii)(B)(2) below, subject to the provisions of Condition 5(d)(iii)(B)(4).

- (1) Where the Calculation Method is specified in the applicable Final Terms as being "Compounded Daily", the Rate of Interest or Rate, as the case may be, for each Interest Period will be the Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Issuing or Paying Agent or the Calculation Agent, as applicable.
- (2) Where the Calculation Method is specified in the applicable Final Terms as being "Weighted Average", the Rate of Interest or Rate, as the case may be, for each Interest Period will be the Weighted Average SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Issuing and Paying Agent or the Calculation Agent, as applicable, on the Interest

Determination Date and the resulting percentage being rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards.

- (3) The following definitions shall apply for the purpose of this Condition 5(d)(iii)(B):

**"Compounded Daily SONIA"** means, with respect to an Interest Period, the rate of return of a daily compound interest investment in Sterling (with the daily Sterling overnight reference rate as the reference rate for the calculation of interest) calculated by the Issuing and Paying Agent or the Calculation Agent, as applicable, on the relevant Interest Determination Date in accordance with the following formula:

- (x) if "Lag" or "Lock-out" is specified as the Observation Method in the applicable Final Terms:

$$\left[ \prod_{i=1}^{d_o} \left( 1 + \frac{\text{SONIA}_{i-\text{PLBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d};$$

- (y) if "Shift" is specified as the Observation Method in the applicable Final Terms:

$$\left[ \prod_{i=1}^{d_o} \left( 1 + \frac{\text{SONIA}_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}; \text{ or}$$

- (z) if "SONIA Index with Observation Shift" is specified as the Observation Method in the applicable Final Terms:

$$\left( \frac{\text{SONIA Index}_{\text{Final}}}{\text{SONIA Index}_{\text{Initial}}} - 1 \right) \times \frac{365}{d},$$

where, in each case, the resulting percentage will be rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards;

**"d"** means the number of calendar days (x) if "Lag" or "Lock-out" is specified as the Observation Method in the applicable Final Terms, in the relevant Interest Period, (y) if "Shift" is specified as the Observation Method in the applicable Final Terms, in the relevant Observation Lookback Period or (z) if "SONIA Index with Observation Shift" is specified in the applicable Final Terms, from (and including) the day in relation to which SONIA IndexInitial is determined to (but excluding) the day in relation to which SONIA IndexFinal is determined;

**"d<sub>o</sub>"** means, (x) if "Lag" or "Lock-out" is specified as the Observation Method in the applicable Final Terms, in respect of an Interest Period, the number of London Business Days in such Interest Period or (y) if "Shift" is specified as the Observation Method in the applicable Final Terms, in respect of an Observation Lookback Period, the number of London Business Days in such Observation Lookback Period;

**"i"** means a series of whole numbers from one to d<sub>o</sub>, each representing the relevant London Business Days in chronological order from (and including) the first London Business Day (x) if "Lag" or "Lock-out" is specified as the Observation Method in the applicable Final Terms, in the relevant Interest Period or (y) if "Shift" is specified as the Observation Method in the applicable Final Terms, in the relevant Observation Lookback Period;

**"Lock-out Period"** means, in respect of an Interest Period, the period from (and including) the day following the Interest Determination Date to (but excluding) the Interest Period End Date falling at the end of such Interest Period;

**"London Business Day"** means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

**"Lookback Period"** or **"p"** means, in respect of an Interest Period where **"Lag"** or **"Shift"** is specified as the Observation Method in the applicable Final Terms, the number of London Business Days specified in the applicable Final Terms (or, if no such number is specified, five London Business Days);

**"n<sub>i</sub>"** means, in respect of a London Business Day *i*, the number of calendar days from (and including) such London Business Day *i* up to (but excluding) the following London Business Day;

**"Observation Lookback Period"** means, in respect of an Interest Period, the period from (and including) the date falling *p* London Business Days prior to the first day of the relevant Interest Period and ending on (but excluding) the date which is *p* London Business Days prior to the Interest Period End Date falling at the end of such Interest Period;

**"Reference Day"** means each London Business Day in the relevant Interest Period that is not a London Business Day falling in the Lock-out Period;

**"SONIA *i*"** means, in respect of a London Business Day *i*:

- (x) if **"Lock-out"** is specified as the Observation Method in the applicable Final Terms:
  - (1) in respect of any London Business Day *i* that is a Reference Day, the SONIA Rate in respect of the London Business Day immediately preceding such Reference Day; otherwise
  - (2) the SONIA Rate in respect of the London Business Day immediately preceding the Interest Determination Date for the relevant Interest Period; or
- (y) if **"Shift"** is specified as the Observation Method in the applicable Final Terms, the SONIA Rate for such London Business Day *i*;

**"SONIA Index"** means the rate of return of a daily compound interest investment in Sterling (with the daily Sterling Overnight Index Average (**"SONIA"**) as a reference rate for the calculation of interest) determined by the Calculation Agent on the Interest Determination Date by reference to the screen rate or index for compounded daily SONIA rates administered by the administrator of the SONIA reference rate that is published or displayed by such administrator or other information service from time to time at the relevant time on the relevant determination dates in respect of SONIA Index<sub>Initial</sub> and SONIA Index<sub>Final</sub>, as further specified in the applicable Final Terms;

**"SONIA Index<sub>Final</sub>"** means, with respect to an Interest Period, the SONIA Index determined in relation to the day falling *p* London Business Days prior to the Interest Period End Date falling at the end of such Interest Period;

**"SONIA Index<sub>Initial</sub>"** means, with respect to an Interest Period, the SONIA Index determined in relation to the day falling *p* London Business Days prior to the first day of such Interest Period;

**"SONIA<sub>i-pLBD</sub>"** means:

- (x) if **"Lag"** is specified as the Observation Method in the applicable Final Terms, in respect of a London Business Day *i*, the SONIA Rate in respect

of the London Business Day falling p London Business Days prior to such London Business Day i; or

- (y) if "Lock-out" is specified as the Observation Method in the applicable Final Terms, in respect of a London Business Day i, SONIA i in respect of such London Business Day i.

"**SONIA Rate**" means, in respect of any London Business Day, a reference rate equal to the daily SONIA rate for such London Business Day, as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the London Business Day immediately following such London Business Day; and

"**Weighted Average SONIA**" means:

- (x) where "Lag" is specified as the Observation Method in the applicable Final Terms, the sum of the SONIA Rate in respect of each calendar day during the relevant Observation Lookback Period divided by the number of calendar days during such Observation Lookback Period. For these purposes, the SONIA Rate in respect of any calendar day which is not a London Business Day shall be deemed to be the SONIA Rate in respect of the London Business Day immediately preceding such calendar day; or
- (y) where "Lock-out" is specified as the Observation Method in the applicable Final Terms, the sum of the SONIA Rate in respect of each calendar day during the relevant Interest Period divided by the number of calendar days in the relevant Interest Period, provided that, for any calendar day of such Interest Period falling in the Lock-out Period for the relevant Interest Period, the SONIA Rate for such calendar day will be deemed to be the SONIA Rate in respect of the London Business Day immediately preceding the first day of such Lock-out Period. For these purposes, the SONIA Rate in respect of any calendar day which is not a London Business Day shall, subject to the preceding proviso, be deemed to be the SONIA Rate in respect of the London Business Day immediately preceding such calendar day.

(C) SONIA Fallbacks

- (x) *If "Lag", "Lock-out" or "Shift" is specified as the Observation Method in the applicable Final Terms*

If, in respect of any London Business Day, the SONIA Rate is not available on the Relevant Screen Page (and has not otherwise been published by the relevant authorised distributors), such SONIA Rate shall be:

- I.
  - (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at the close of business on the relevant London Business Day; plus
  - (ii) the arithmetic mean of the spread of SONIA to the Bank Rate over the previous five days on which SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or

- II. if the Bank Rate under I(i) above is not available at the relevant time, either (A) the SONIA Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the immediately preceding London Business Day on which the SONIA Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or (B) if this is more recent, the latest rate determined in accordance with I above, and

such rate shall be deemed to be the SONIA Rate for such London Business Day.

Notwithstanding the foregoing, in the event of the Bank of England publishing guidance as to (i) how the SONIA Rate is to be determined or (ii) any rate that is to replace the SONIA Rate, the Issuing and Paying Agent or the Calculation Agent, as applicable, shall follow such guidance to determine the SONIA Rate for so long as the SONIA Rate is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest or Rate, as applicable, cannot be determined in accordance with the foregoing provisions in respect of an Interest Period, the Rate of Interest or Rate, as applicable, shall be (i) that determined as at the immediately preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the immediately preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest relating to the immediately preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest or Rate, as applicable, which would have been applicable to such Series of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (subject to the application of the relevant Margin or Maximum Rate of Interest or Minimum Rate of Interest in respect of such Interest Period).

- (y) *If "SONIA Index with Observation Shift" is specified as the Observation Method in the applicable Final Terms*

If the relevant SONIA Index is not published or displayed by the administrator of the SONIA reference rate or other information service by 5.00 p.m. (London time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the administrator of the SONIA reference rate or of such other information service, as the case may be) on the relevant Interest Determination Date, the Compounded Daily SONIA for the applicable Interest Period for which the SONIA Index is not available shall be "Compounded Daily SONIA" determined in accordance with Condition 3.4(c)(ii)(A) where (i) the "Observation Method" will be deemed to be "Shift" and (ii) the "Observation Lookback Period" will be deemed to be equal to p London Banking Days, as if those alternative elections had been made in the applicable Final Terms.

## (D) SOFR

Where "Screen Rate Determination – SOFR" is specified in the applicable Final Terms as the manner in which a Rate of Interest or Rate is to be determined, such Rate of Interest or Rate, as the case may be, for each Interest Period will be calculated in accordance with Condition 5(d)(iii)(D)I. or 5(d)(iii)(D)II. below, subject to the provisions of Condition 5(d)(iii)(D)IV.

- I. Where the Calculation Method is specified in the applicable Final Terms as being "SOFR Arithmetic Mean", the Rate of Interest or Rate, as the case may be, for each Interest Period will be the SOFR Arithmetic Mean plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent on the relevant Interest Determination Date and the resulting percentage being rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards.
- II. Where the Calculation Method is specified in the applicable Final Terms as being "SOFR Compound", the Rate of Interest or Rate, as the case may be, for each Interest Period will be the Compounded Daily SOFR on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.
- III. The following definitions shall apply for the purpose of this Condition 5(d)(iii)(D):

**"Bloomberg Screen SOFRRATE Page"** means the Bloomberg screen designated "SOFRRATE" or any successor page or service;

**"Compounded Daily SOFR"** means, with respect to an Interest Period, an amount equal to the rate of return for each calendar day during the Interest Period, compounded daily, calculated by the Calculation Agent on the Interest Determination Date in accordance with the following formula:

- (a) if "SOFR Compound with Lookback" is specified as the Observation Method in the applicable Final Terms:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{\text{SOFR}_{i-\text{PUSBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards.

Where:

**"d"** means, in respect of an Interest Period, the number of calendar days in such Interest Period;

**"d<sub>0</sub>"** means, in respect of an Interest Period, the number of U.S. Government Securities Business Days in such Interest Period;

**"i"** means, in respect of an Interest Period, a series of whole numbers from one to d<sub>0</sub>, each representing the relevant U.S. Government Securities Business Days in chronological order from (and including) the first U.S.

## TERMS AND CONDITIONS OF THE NOTES

- 506 -

Government Securities Business Day in the such Interest Period;

**"Lookback Period"** or **"p"** means the number of U.S. Government Securities Business Days specified as such in the applicable Final Terms or, if no such number is specified, 5 U.S. Government Securities Business Days;

**"n<sub>i</sub>"** means, in respect of a U.S. Government Securities Business Day<sub>i</sub>, means the number of calendar days from (and including) such U.S. Government Securities Business Day<sub>i</sub> up to (but excluding) the following U.S. Government Securities Business Day; and

**"SOFR<sub>i-pUSBD</sub>"** means, in respect of a U.S. Government Securities Business Day<sub>i</sub>, SOFR in respect of the U.S. Government Securities Business Day falling the number of U.S. Government Securities Business Days equal to the Lookback Period prior to such U.S. Government Securities Business Day<sub>i</sub> (**"pUSBD"**), provided that, unless SOFR Cut-Off Date is specified as not applicable in the applicable Final Terms, SOFR<sub>i</sub> in respect of each U.S. Government Securities Business Day<sub>i</sub> in the period from (and including) the SOFR Cut-Off Date to (but excluding) the next occurring Interest Period End Date, will be SOFR<sub>i</sub> in respect of the SOFR Cut-Off Date for such Interest Period;

- (b) if "SOFR Compound with Observation Period Shift" is specified as the Observation Method in the applicable Final Terms:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{\text{SOFR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards.

Where:

**"d"** means, in respect of an Observation Period, the number of calendar days in such Observation Period;

**"d<sub>0</sub>"** means, in respect of an Observation Period, the number of U.S. Government Securities Business Days in the relevant Observation Period;

**"i"** means, in respect of an Observation Period, a series of whole numbers from one to d<sub>0</sub>, each representing the relevant U.S. Government Securities Business Days in chronological order from (and including) the first U.S. Government Securities Business Day in such Observation Period;

**"n<sub>i</sub>"** means, in respect of a U.S. Government Securities Business Day<sub>i</sub>, the number of calendar days from (and including) such U.S. Government Securities Business Day<sub>i</sub> up to (but excluding) the following U.S. Government Securities Business Day;

**"Observation Period"** means, in respect of an Interest Period, the period from (and including) the date falling the number of Observation Shift Days prior to the first day of such Interest Period and ending on (but excluding) the date that is the number Observation Shift Days prior to the next occurring Interest Period End Date in such Interest Period;

**"Observation Shift Days"** means the number of U.S. Government Securities Business Days specified in the applicable Final Terms or, if no such number is specified, 5 U.S. Government Securities Business Days; and

**"SOFR<sub>i</sub>"** means, in respect of each U.S. Government Securities Business Day<sub>i</sub>, the SOFR in respect of such U.S. Government Securities Business Day<sub>i</sub>;

- (c) if "SOFR Index with Observation Shift" is specified as the Observation Method in the applicable Final Terms:

$$\left( \frac{SOFR\ Index_{Final}}{SOFR\ Index_{Initial}} - 1 \right) \times \frac{360}{d_c}$$

Where:

**"d<sub>c</sub>"** means, in respect of an Interest Period, the number of calendar days in such Interest Period;

**"Observation Shift Days"** means the number of U.S. Government Securities Business Days specified as such in the applicable Final Terms or, if no such number is specified, two U.S. Government Securities Business Days;

**"SOFR Index"** means with respect to any U.S. Government Securities Business Day, (i) the SOFR Index value as published by the NY Federal Reserve as such index appears on the NY Federal Reserve's Website at the SOFR Determination Time; or (ii) if the SOFR Index specified in (i) above does not so appear, unless both a SOFR Transition Event and its related SOFR Replacement Date have occurred, the SOFR Index as published in respect of the first preceding U.S. Government Securities Business Day for which the SOFR Index was published on the NY Federal Reserve's Website;

**"SOFR Index<sub>Final</sub>"** means, in respect of an Interest Period, the value of the SOFR Index on the date falling the number of U.S. Government Securities Business Days equal to the Observation Shift Days prior to the next occurring Interest Period End Date in such Interest Period; and

**"SOFR Index<sub>Initial</sub>"** means, in respect of an Interest Period, the value of the SOFR Index on the date falling the number of U.S. Government Securities Business Days equal to the Observation Shift Days prior to the first day of such Interest Period (or, in the case of the first Interest Period, the Interest Commencement Date);

**"NY Federal Reserve"** means the Federal Reserve Bank of New York;

**"NY Federal Reserve's Website"** means the website of the NY Federal Reserve, currently at [www.newyorkfed.org](http://www.newyorkfed.org), or any successor website of the NY Federal Reserve or the website of any successor administrator of SOFR;

**"Reuters Page USDSOFR="** means the Reuters page designated "USDSOFR=" or any successor page or service;

**"SOFR"** means the rate determined by the Calculation Agent in respect of a U.S. Government Securities Business Day, in accordance with the following provisions:

- (a) the Secured Overnight Financing Rate in respect of such U.S. Government Securities Business Day that appears at approximately 3:00 p.m. (New York City time) (the **"SOFR Determination Time"**) on the NY Federal Reserve's Website on such U.S. Government Securities Business Day, as such rate is reported on the Bloomberg Screen SOFRRATE Page for such U.S. Government Securities Business Day or, if no such rate is reported on the Bloomberg Screen SOFRRATE Page, then the Secured Overnight Financing Rate that is reported on the Reuters Page USDSOFR= or, if no such rate is reported on the Reuters Page USDSOFR=, then the Secured Overnight Financing Rate that appears at approximately 3:00 p.m. (New York City time) on the NY Federal Reserve's Website on such U.S. Government Securities Business Day (the **"SOFR Screen Page"**); or
- (b) if the rate specified in (a) above does not so appear and the Calculation Agent determines that a SOFR Transition Event has not occurred, the Secured Overnight Financing Rate published on the NY Federal Reserve's Website for the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the NY Federal Reserve's Website;

**"SOFR Arithmetic Mean"** means, with respect to an Interest Period, the arithmetic mean of the SOFR for each calendar day during such Interest Period, as calculated by the Calculation Agent, provided that, the SOFR in respect of each calendar day during the period from (and including) the SOFR Cut-Off Date to (but excluding) the next occurring Interest Period End Date will be the SOFR on the SOFR Cut-Off Date. For these purposes, the SOFR in respect of any calendar day which is not a U.S. Government Securities Business Day shall, subject to the preceding proviso, be deemed to be the SOFR in respect of the U.S. Government Securities Business Day immediately preceding such calendar day;

**"SOFR Cut-Off Date"** means, unless specified as not applicable in the applicable Final Terms, in respect of an Interest Period, the fourth U.S. Government Securities Business Day prior to the next occurring Interest Period End Date in such Interest Period (or such other number of U.S. Government Securities Business Days specified in the applicable Final Terms); and

"**U.S. Government Securities Business Day**" means any day except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association ("**SIFMA**") recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

Notwithstanding paragraphs I. to III. above, if the Calculation Agent determines on or prior to the SOFR Determination Time, that a SOFR Transition Event and its related SOFR Replacement Date have occurred with respect to the relevant SOFR Benchmark (as defined below), then the provisions set forth in Condition 5(d)(iii)(D)IV. (*SOFR Replacement Provisions*) below will apply to all determinations of the Rate of Interest or Rate, as the case may be, for each Interest Period thereafter.

#### IV. SOFR Replacement Provisions

If the Calculation Agent determines at any time prior to the SOFR Determination Time on any U.S. Government Securities Business Day that a SOFR Transition Event and the related SOFR Replacement Date have occurred, the Calculation Agent will appoint an agent (the "**Replacement Rate Determination Agent**") which will determine the SOFR Replacement. The Replacement Rate Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Settlement Currency as appointed by the Calculation Agent, (y) the Issuer or the Guarantor (if applicable), (z) an affiliate of the Issuer, the Guarantor (if applicable) or the Calculation Agent or (zz) such other entity that the Calculation Agent determines to be competent to carry out such role.

In connection with the determination of the SOFR Replacement, the Replacement Rate Determination Agent will determine appropriate SOFR Replacement Conforming Changes.

Any determination, decision or election that may be made by the Calculation Agent or Replacement Rate Determination Agent (as the case may be) pursuant to these provisions, will (in the absence of manifest error) be conclusive and binding on the Issuer, the Calculation Agent, the Issuing and Paying Agent and the Noteholders.

Following the designation of a SOFR Replacement, the Calculation Agent may subsequently determine that a SOFR Transition Event and a related SOFR Replacement Date have occurred in respect of such SOFR Replacement, provided that the SOFR Benchmark has already been substituted by the SOFR Replacement and any SOFR Replacement Conforming Changes in connection with such substitution have been applied. In such circumstances, the SOFR Replacement shall be deemed to be the SOFR Benchmark and all relevant definitions shall be construed accordingly.

In connection with the SOFR Replacement provisions above, the following definitions shall apply:

"**2006 ISDA Definitions**" means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended, updated

or supplemented as at the Issue Date of the first Tranche of Notes of such Series;

**"2021 ISDA Definitions"** means, in respect of a Series of Securities, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions (including each Matrix (and any successor Matrix thereto), as defined in such 2021 ISDA Interest Rate Derivatives Definitions) as at the Issue Date of the first Tranche of Securities of such Series, as published by ISDA on its website ([www.isda.org](http://www.isda.org));

**"ISDA Definitions"** means the 2006 ISDA Definitions or the 2021 ISDA Definitions, as specified in the applicable Final Terms;

**"ISDA Fallback Adjustment"** means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of a SOFR Transition Event with respect to SOFR for the applicable tenor;

**"ISDA Fallback Rate"** means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of a SOFR Transition Event with respect to SOFR for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

**"Relevant Governmental Body"** means the Board of Governors of the Federal Reserve System and/or the NY Federal Reserve or a committee officially endorsed or convened by the Board of Governors of the Federal Reserve System and/or the NY Federal Reserve or any successor thereto;

**"SOFR Benchmark"** means (a) (unless "SOFR Compound" is specified as the Calculation Method and "SOFR Index with Observation Shift" is specified as the Observation Method in the applicable Final Terms) SOFR or (b) SOFR Index, each as defined in Condition 5(d)(iii)(C)III. above;

**"SOFR Replacement"** means any one (or more) of the SOFR Replacement Alternatives to be determined by the Replacement Rate Determination Agent as of the SOFR Replacement Date if the Calculation Agent determines that a SOFR Transition Event and its related SOFR Replacement Date have occurred on or prior to the SOFR Determination Time in respect of any determination of the SOFR Benchmark on any U.S. Government Securities Business Day in accordance with:

- (a) the order of priority specified as the SOFR Replacement Alternatives Priority in the applicable Final Terms; or
- (b) if no such order of priority is specified, in accordance with the priority set forth below:
  - (i) Relevant Governmental Body Replacement;
  - (ii) ISDA Fallback Replacement; and
  - (iii) Industry Replacement,

Provided, in each case, that, if the Replacement Rate Determination Agent is unable to determine the SOFR Replacement in accordance with the first SOFR Replacement Alternative listed, it shall attempt to determine the SOFR Replacement in accordance with the each subsequent SOFR Replacement Alternative until a SOFR Replacement is determined. The SOFR Replacement will replace the then-current SOFR Benchmark for the purpose of determining the relevant Rate or Rate of Interest in respect of the relevant Interest Period and each subsequent Interest Period, subject to the occurrence of a subsequent SOFR Transition Event and related SOFR Replacement Date;

**"SOFR Replacement Adjustment"** means the first alternative set forth in the order below that can be determined by the Replacement Rate Determination Agent as of the applicable SOFR Replacement Date:

- (a) the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted SOFR Replacement;
- (b) if the applicable Unadjusted SOFR Replacement is equivalent to the ISDA Fallback Rate, the ISDA Spread Adjustment; or
- (c) the spread adjustment (which may be a positive or negative value or zero) determined by the Replacement Rate Determination Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current SOFR Benchmark with the applicable Unadjusted SOFR Replacement for U.S. dollar-denominated floating rate securities at such time;

**"SOFR Replacement Alternatives"** means:

- (a) the sum of: (i) the alternative rate that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current SOFR Benchmark for the relevant Interest Period and (ii) the SOFR Replacement Adjustment (the **"Relevant Governmental Body Replacement"**);
- (b) the sum of: (i) the ISDA Fallback Rate and (ii) the SOFR Replacement Adjustment (the **"ISDA Fallback Replacement"**); or
- (c) the sum of: (i) the alternative rate that has been selected by the Replacement Rate Determination Agent as the replacement for the then-current SOFR Benchmark for the relevant Interest Period giving due consideration to any industry-accepted rate as a replacement for the then-current SOFR Benchmark for U.S. dollar-denominated floating rate securities at such time and (ii) the SOFR Replacement Adjustment (the **"Industry Replacement"**);

**"SOFR Replacement Conforming Changes"** means, with respect to any SOFR Replacement, any technical, administrative or operational changes (including, but not limited to, changes to timing and frequency of determining rates with respect to each interest period and making payments of interest, rounding of amounts or tenors, day count fractions, business day convention and other administrative matters) that the Replacement Rate Determination Agent decides may be appropriate to reflect the adoption of such SOFR Replacement in a manner substantially consistent with market practice (or, if the Replacement Rate Determination Agent determines that adoption of any portion of such market practice is not administratively feasible or if the Replacement Rate Determination Agent determines that no market practice for use of the SOFR Replacement exists, in such other manner as the Replacement Rate Determination Agent or the Calculation Agent, as the case may be, determines is reasonably necessary, acting in good faith and in a commercially reasonable manner);

**"SOFR Replacement Date"** means the earliest to occur of the following events with respect to the then-current SOFR Benchmark (including the daily published component used in the calculation thereof):

- (a) in the case of sub-paragraphs (a) or (b) of the definition of "SOFR Transition Event" the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of the SOFR Benchmark permanently or indefinitely ceases to provide the SOFR Benchmark (or such component); or
- (b) in the case of sub-paragraph (c) of the definition of "SOFR Transition Event" the date of the public statement or publication of information referenced therein; or
- (c) in the case of sub-paragraph (d), the last such consecutive U.S. Government Securities Business Day on which the SOFR Benchmark has not been published,

provided that, in the event of any public statements or publications of information as referenced in sub-paragraphs (a) or (b) above, should such event or circumstance referred to in such a public statement or publication occur on a date falling later than three (3) months after the relevant public statement or publication, the SOFR Transition Event shall be deemed to occur on the date falling three (3) months prior to such specified date (and not the date of the relevant public statement or publication).

For the avoidance of doubt, if the event giving rise to the SOFR Replacement Date occurs on the same day as, but earlier than, the SOFR Determination Time in respect of any determination, the SOFR Replacement Date will be deemed to have occurred prior to the SOFR Determination Time for such determination.

**"SOFR Transition Event"** means the occurrence of any one or more of the following events with respect to the then-current SOFR Benchmark (including the daily published component used in the calculation thereof):

- (a) a public statement or publication of information by or on behalf of the administrator of the SOFR Benchmark (or such component, if relevant) announcing that such administrator has ceased or will cease to provide the SOFR Benchmark (or such component, if relevant), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark (or such component, if relevant);
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component, if relevant), the central bank for the currency of the SOFR Benchmark (or such component, if relevant), an insolvency official with jurisdiction over the administrator for the SOFR Benchmark (or such component, if relevant), a resolution authority with jurisdiction over the administrator for SOFR (or such component, if relevant) or a court or an entity with similar insolvency or resolution authority over the administrator for the SOFR Benchmark (or such component, if relevant), which states that the administrator of the SOFR Benchmark (or such component, if relevant) has ceased or will cease to provide the SOFR Benchmark (or such component, if relevant) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark (or such component, if relevant);
- (c) a public statement or publication of information by the regulatory supervisor for the administrator of the SOFR Benchmark (or such component, if relevant) announcing that the SOFR Benchmark (or such component, if relevant) is no longer representative, the SOFR Benchmark (or such component, if relevant) has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes; or
- (d) the SOFR Benchmark is not published by its administrator (or a successor administrator) for six (6) consecutive U.S. Government Securities Business Days; and

**"Unadjusted Benchmark Replacement"** means the SOFR Replacement prior to the application of any SOFR Replacement Adjustment.

(E) €STR

- I. Where "Screen Rate Determination – €STR" is specified in the applicable Final Terms as the manner in which a Rate of Interest or Rate is to be determined, such Rate of Interest or Rate, as the case may be, for each Interest Period, will be Compounded Daily €STR plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent,

calculated in accordance with this Condition 5(d)(iii)(E)I., subject to the provisions of Condition 5(d)(iii)(E)II.

For the purposes of this Condition 5(d)(E), the following definitions shall apply:

**"Compounded Daily €STR"** means, with respect to an Interest Period, the rate of return of a daily compound interest investment in euro (with the daily euro short term rate as the reference rate for the calculation of interest) calculated by the Calculation Agent on the relevant Interest Determination Date, in accordance with the following formula:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{\text{Relevant } \text{€STR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where the resulting percentage will be rounded (if necessary) to the nearest fifth decimal place, with 0.000005 being rounded upwards;

**"d"** means the number of calendar days in (x) if "Lag" is specified as the Observation Method in the applicable Final Terms, the relevant Interest Period or (y) if "Shift" is specified as the Observation Method in the applicable Final Terms, the relevant Observation Lookback Period;

**"d<sub>0</sub>"** means the number of T2 Business Days in (x) if "Lag" is specified as the Observation Method in the applicable Final Terms, the relevant Interest Period or (y) if "Shift" is specified as the Observation Method in the applicable Final Terms, the relevant Observation Lookback Period;

**"€STR"** means, in respect of any T2 Business Day, the reference rate equal to the daily euro short term rate (€STR) for such T2 Business Day as provided by the European Central Bank, as the administrator of such rate (or any successor administrator of such rate) on the website of the European Central Bank at <https://www.ecb.europa.eu/home/html/index.en.html>, or any successor website or the website of any successor administrator for the publication of such rate (the **"ECB Website"**) on such T2 Business Day or if the ECB Website is unavailable as otherwise published by or on behalf of the relevant administrator;

**"€STR<sub>i-pTBD</sub>"** means, in respect of any T2 Business Day i, €STR for the T2 Business Day falling p T2 Business Days prior to the relevant T2 Business Day i;

**"i"** means a series of whole numbers from one to d<sub>0</sub>, each representing the relevant T2 Business Day in chronological order from, and including, the first T2 Business Day in (x) if "Lag" is specified as the Observation Method in the applicable Final Terms, the relevant Interest Period or (y) if "Shift" is specified as the Observation Method in the applicable Final Terms, the relevant Observation Lookback Period;

"**Lookback Period**" or "**p**" means, in respect of an Interest Period, the number of T2 Business Days specified in the applicable Final Terms (or, if no such number is specified, five T2 Business Days);

"**n<sub>i</sub>**" means, in respect of any T2 Business Day i, the number of calendar days from (and including) such T2 Business Day i to (but excluding) the following T2 Business Day;

"**Observation Lookback Period**" means, in respect of an Interest Period, the period from (and including) the date falling p T2 Business Days prior to the first day of the relevant Interest Period and ending on (but excluding) the date which is p T2 Business Days prior to the Interest Period End Date falling at the end of such Interest Period;

"**Relevant €STR<sub>i</sub>**" means, in respect of any T2 Business Day i:

- (x) if "Lag" is specified as the Observation Method in the applicable Final Terms, €STR<sub>i-pTBD</sub>; or
- (y) if "Shift" is specified as the Observation Method in the applicable Final Terms, €STR<sub>i</sub>, where €STR<sub>i</sub> is, in respect of any T2 Business Day i falling in the relevant Observation Lookback Period, €STR for such day; and

"**T2 Business Day**" means a day on which the T2 System is open.

## II. €STR Fallback provisions

### (1) *A €STR Transition Event has occurred*

If the Calculation Agent determines at any time prior to the €STR Reference Time on any T2 Business Day that a €STR Transition Event and the related €STR Replacement Date have occurred, the Calculation Agent will appoint an agent (the "**Replacement Rate Determination Agent**") which will determine the €STR Replacement. The Replacement Rate Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Settlement Currency as appointed by the Calculation Agent, (y) the Issuer or the Guarantor (if applicable), (z) an affiliate of the Issuer, the Guarantor (if applicable) or the Calculation Agent or (aa) such other entity that the Calculation Agent determines to be competent to carry out such role. In connection with the determination of the €STR Replacement:

- (a) the €STR Replacement will replace the then-current €STR Benchmark for all purposes relating to the relevant Notes in respect of such determination on such date and all determinations on all subsequent dates;
- (b) the Replacement Rate Determination Agent may make €STR Replacement Conforming Changes with respect to the relevant Notes from time to time;

- (c) any determination, decision or election that may be made by the Replacement Rate Determination Agent pursuant to this Condition 5(d)(iii)(E)II. including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to the relevant Notes, will be conclusive and binding absent manifest error, will be made by the Replacement Rate Determination Agent acting in good faith and a commercially reasonable manner;
  - (d) to the extent that there is any inconsistency between this Condition and any other Terms and Conditions, this Condition 5(d)(iii)(E)II. shall prevail with respect to any Notes for which the Rate of Interest or Rate is calculated in accordance with this Condition 5(d)(iii)(E)II.;
  - (e) the Calculation Agent may determine that it is appropriate for a €STR Replacement to replace the then-current €STR Benchmark and apply any €STR Replacement Conforming Changes in respect of any subsequent €STR Transition Event; and
  - (f) where a €STR Transition Event or details of it are announced prior to the relevant €STR Replacement Date then the Replacement Rate Determination Agent may on or after such earlier announcement date give notice to Noteholders in accordance with Condition 18 (*Notices*) of the relevant changes which will be made to the Notes, provided that, such changes will only take effect as of the €STR Replacement Date.
- (2) *A €STR Transition Event has not occurred and the €STR Benchmark is unavailable*

If, by the relevant €STR Reference Time on a relevant determination date, the €STR Benchmark is unavailable in respect of such determination date and a €STR Transition Event has not occurred, then the rate for such determination date will be the €STR Benchmark, where applicable, of the Corresponding Tenor, as provided by the administrator of the €STR Benchmark and published by an alternative authorised distributor or by or on behalf of the administrator of the €STR Benchmark itself. If no such rate has been published by the Rate Cut-Off Time specified in the applicable Final Terms (or if no time is so specified, 4 p.m. (London time)), then the rate for such determination date will be the rate determined by the Calculation Agent to be a commercially reasonable alternative for the €STR Benchmark by applying one of the following rates:

- (a) a rate formally recommended for use by the administrator of the €STR Benchmark; or

- (b) a rate formally recommended for use by the Relevant Governmental Body or any other supervisor which is responsible for supervising the €STR Benchmark or the administrator of the €STR Benchmark,

in each case, during the period of non-publication of the €STR Benchmark and for so long as a €STR Transition Event has not occurred. If a rate described in sub-paragraph (a) is available, the Calculation Agent shall apply that rate. If no such rate is available, but a rate described in sub-paragraph (b) is available, the Calculation Agent shall apply that rate. If neither a rate described in sub-paragraph (a) nor a rate described in sub-paragraph (b) is available, then the Calculation Agent shall determine a commercially reasonable alternative for the €STR Benchmark taking into account, where available, any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing the €STR Benchmark that the Calculation Agent considers sufficient for that rate to be a representative alternative rate.

(3) *€STR Fallback Definitions*

Notwithstanding any other definitions to the contrary in these Terms and Conditions, the following definitions shall apply with respect to this Condition 5(d)(iii)(E):

**"2006 ISDA Definitions"** means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended, updated or supplemented as at the Issue Date of the first Tranche of Notes of such Series;

**"2021 ISDA Definitions"** means, in respect of a Series of Securities, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions (including each Matrix (and any successor Matrix thereto), as defined in such 2021 ISDA Interest Rate Derivatives Definitions) as at the Issue Date of the first Tranche of Securities of such Series, as published by ISDA on its website ([www.isda.org](http://www.isda.org));

**"Corresponding Tenor"** with respect to a €STR Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current €STR Benchmark.

**"€STR Benchmark"** means, initially, Compounded Daily €STR (as defined in Condition 5(d)(iii)(E) above) of the appropriate tenor (if applicable), provided that, if a €STR Transition Event and its related €STR Replacement Date have occurred with respect to Compounded Daily €STR, or the then-current €STR Benchmark, then "€STR Benchmark" means the applicable €STR Replacement.

**"€STR Reference Time"** with respect to any determination of the €STR Benchmark means 11:00 am (Brussels time) on the T2

Business Day immediately following the date of such determination.

**"€STR Replacement"** means the first alternative set forth in the order below that can be determined by the Replacement Rate Determination Agent as of the €STR Replacement Date:

- (a) the ISDA Fallback Rate;
- (b) the alternative rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current €STR Benchmark, where applicable, for the applicable Corresponding Tenor; or
- (c) the alternative rate of interest that has been selected by the Replacement Rate Determination Agent as the replacement for the then-current €STR Benchmark, where applicable for the applicable Corresponding Tenor, giving due consideration to any industry-accepted rate of interest as a replacement for the then-current €STR Benchmark for floating rate securities denominated in the currency of the €STR Benchmark (the "Relevant Benchmark Currency") calculated at such time.

**"€STR Replacement Conforming Changes"** means, with respect to any €STR Replacement, any technical, administrative or operational changes (including, but not limited to, timing and frequency of determining rates with respect to each interest period and making payments of interest, rounding of amounts or tenors, day count fractions, business day convention, amendments to any other Condition and other administrative matters) that the Replacement Rate Determination Agent decides may be appropriate to reflect the adoption of such €STR Replacement in a manner substantially consistent with market practice (or, if the Replacement Rate Determination Agent determines that adoption of any portion of such market practice is not administratively feasible or if the Replacement Rate Determination Agent determines that no market practice for use of the €STR Replacement exists, in such other manner as the Replacement Rate Determination Agent or the Calculation Agent, as the case may be, determines is reasonably necessary, acting in good faith and in a commercially reasonable manner).

**"€STR Replacement Date"** means the earliest to occur of the following events with respect to the then-current €STR Benchmark:

- (a) in the case of paragraph (a) or (b) of the definition of "€STR Transition Event", the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of the €STR Benchmark permanently or indefinitely ceases to provide such €STR Benchmark; or

- (b) in the case of paragraph (c) of the definition of "€STR Transition Event", the date of the public statement or publication of information referenced therein,

for the avoidance of doubt, if the event giving rise to the €STR Replacement Date occurs on the same day as, but earlier than, the €STR Reference Time in respect of any determination, the €STR Replacement Date will be deemed to have occurred prior to the €STR Reference Time for such determination.

**"€STR Transition Event"** means the occurrence of one or more of the following events with respect to the then-current €STR Benchmark:

- (a) a public statement or publication of information by or on behalf of the administrator of the €STR Benchmark announcing that the administrator has ceased or will cease to provide the €STR Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the €STR Benchmark;
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the €STR Benchmark, the central bank for the currency of the €STR Benchmark, an insolvency official with jurisdiction over the administrator for the €STR Benchmark, a resolution authority with jurisdiction over the administrator for the €STR Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the €STR Benchmark, which states that the administrator of the €STR Benchmark has ceased or will cease to provide the €STR Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the €STR Benchmark; or
- (c) a public statement or publication of information by the regulatory supervisor for the administrator of the €STR Benchmark announcing that the €STR Benchmark is no longer representative, the €STR Benchmark has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes.

**"ISDA Definitions"** means the 2006 ISDA Definitions or the 2021 ISDA Definitions, as specified in the applicable Final Terms.

**"ISDA Fallback Adjustment"** means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the €STR Benchmark for the applicable tenor.

**"ISDA Fallback Rate"** means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of a €STR Transition Event with respect to the €STR Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

**"Rate Cut-off Time"** has the meaning given to it in the applicable Final Terms.

**"Relevant Governmental Body"** means the European Central Bank (including any board thereof) or any committee officially endorsed and/or convened thereby.

(F) SARON

- I. Where "Screen Rate Determination – SARON" is specified in the applicable Final Terms as the manner in which the Rate of Interest or Rate is to be determined, such Rate of Interest or Rate, as the case may be, for each Interest Period will be Compounded Daily SARON plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent, calculated in accordance with this Condition 5(d)(iii)(G)I., subject to the provisions of Condition 5(d)(iii)(G)II.

The following definitions shall apply for the purpose of this Condition 5(d)(iii)(G):

**"Compounded Daily SARON"** means, with respect to an Interest Period, the rate of return of a daily compound interest investment in Swiss francs (with the daily overnight interest rate of the secured funding market for Swiss franc as the reference rate for the calculation of interest) calculated by the Calculation Agent on the relevant Interest Determination Date, in accordance with the following formula:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{\text{SARON}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where the resulting percentage will be rounded (if necessary) to the nearest fifth decimal place, with 0.000005 being rounded upwards.

**"d"** means, in respect of a SARON Observation Period, the number of calendar days in such SARON Observation Period;

**"d<sub>0</sub>"** means, in respect of a SARON Observation Period, the number of Zurich Banking Days in such SARON Observation Period;

**"i"** means a series of whole numbers from one to d<sub>0</sub>, each representing the relevant Zurich Banking Days in the relevant SARON Observation Period in chronological order from, and including, the first Zurich Banking Day in such SARON Observation Period;

**"Lookback Period"** or **"p"** means, in respect of an Interest Period, the number of Zurich Banking Days specified in the applicable Final Terms (or, if no such number is specified, five Zurich Banking Days);

**"n<sub>i</sub>"** means, in respect of any Zurich Banking Day *i*, the number of calendar days from (and including) such Zurich Banking Day *i* to (but excluding) the first following Zurich Banking Day;

**"SARON"** means, in respect of any Zurich Banking Day:

- (a) the Swiss Average Rate Overnight for such Zurich Banking Day published by the SARON Administrator on the Relevant Screen Page (or such replacement page which displays the information) at the SARON Reference Time;
- (b) if such rate is not so published on the Relevant Screen Page at the SARON Reference Time on such Zurich Banking Day, other than as a consequence of a SARON Index Cessation Event for which a SARON Index Cessation Effective Date has occurred at or prior to the SARON Reference Time on such Zurich Banking Day, the Swiss Average Rate Overnight published on the Relevant Screen Page for the first preceding Zurich Banking Day for which the Swiss Average Rate Overnight was published on the Relevant Screen Page; or
- (c) if such rate is not so published on the Relevant Screen Page at the SARON Reference Time on such Zurich Banking Day as a consequence of a SARON Index Cessation Event for which a SARON Index Cessation Effective Date has occurred at or prior to the SARON Reference Time on such Zurich Banking Day, the SARON Replacement determined in accordance with Condition 5(d)(iii)(F)II. below;

**"SARON Administrator"** means SIX Swiss Exchange AG (or any successor administrator);

**"SARON Observation Period"** means, in respect of an Interest Period, the period from (and including) the date falling *p* Zurich Banking Days prior to the first day of the relevant Interest Period and ending on (but excluding) the date which is *p* Zurich Banking Days prior to the Interest Period End Date falling at the end of such Interest Period;

**"SARON Reference Time"** means, in respect of any Zurich Banking Day, the close of trading on the trading platform of SIX Repo AG (or any successor thereto) on such Zurich Banking Day, which is expected to be at or around 6 p.m. (Zurich time);

**"SARON<sub>i</sub>"** means, in respect of any Zurich Banking Day *i*, SARON as provided by the SARON Administrator to, and published by, authorised distributors of SARON in respect of that

day at the SARON Reference Time (or any amended publication time as specified by the SARON Administrator in the SARON benchmark methodology) on such Zurich Banking Day; and

**"Zurich Banking Day"** means any day (other than a Saturday and Sunday) on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in Zurich.

## II. SARON Replacement Provisions

- (1) If the Calculation Agent determines at any time prior to the SARON Reference Time on any Zurich Banking Day that a SARON Index Cessation Event and the related SARON Index Cessation Effective Date have occurred, the Calculation Agent shall determine the SARON Replacement.

If there is no Recommended SARON Replacement Rate and the SNB Policy Rate for any Zurich Banking Day with respect to which SARON is to be determined has not been published on such Zurich Banking Day (the **"Affected Zurich Banking Day"**), then the Calculation Agent will appoint an agent (the **"Replacement Rate Determination Agent"**) on or prior to the first Zurich Banking Day in respect of which a SARON Index Cessation Event and related SARON Index Cessation Effective Date have occurred and for which the SNB Policy Rate has not been published. The Replacement Rate Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Settlement Currency as appointed by the Calculation Agent, (y) the Issuer or the Guarantor (if applicable), (z) an affiliate of the Issuer, the Guarantor (if applicable) or the Calculation Agent or (aa) such other entity that the Calculation Agent determines to be competent to carry out such role.

The Replacement Rate Determination Agent will determine whether to use an alternative rate to SARON for the Affected Zurich Banking Day and for all subsequent Zurich Banking Days in the SARON Observation Period in which the Affected Zurich Banking Day falls (the **"Affected SARON Observation Period"**) and all SARON Observation Periods thereafter.

For the purposes of determining the Rate of Interest or Rate, as the case may be:

- (a) the Replacement Rate Determination Agent shall determine: (A) the method for determining the SARON Replacement (including any alternative method for determining the SARON Replacement if such alternative rate is unavailable on the relevant Interest Determination Date), which method shall be consistent with industry-accepted practices for the SARON Replacement and (B) any adjustment factor as may be necessary to make the SARON Replacement comparable to the then-current

SARON Benchmark consistent with industry-accepted practices for the SARON Replacement;

- (b) for the Affected Zurich Banking Day and all subsequent Zurich Banking Days in the Affected SARON Observation Period and all SARON Observation Periods thereafter, references to SARON in the Terms and Conditions shall be deemed to be references to the SARON Replacement, including any alternative method for determining such rate and any adjustment factor as described in sub-clause (a) above;
- (c) the Replacement Rate Determination Agent may make SARON Replacement Conforming Changes with respect to the Notes from time to time;
- (d) any determination, decision or election that may be made by the Replacement Rate Determination Agent pursuant to this Condition 5(d)(iii)(G)II. including any SARON Replacement Conforming Changes or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to the relevant Notes, will be conclusive and binding absent manifest error and will be made by the Replacement Rate Determination Agent acting in good faith and a commercially reasonable manner;
- (e) to the extent that there is any inconsistency between this Condition and any other Terms and Conditions, this Condition 5(d)(iii)(G)II. shall prevail with respect to any Notes for which the Rate of Interest or Rate is calculated in accordance with this Condition 5(d)(iii)(G);
- (f) the Calculation Agent may determine that it is appropriate for a SARON Replacement to replace the then-current SARON Benchmark and apply any SARON Replacement Conforming Changes in respect of any subsequent SARON Index Cessation Event; and
- (g) where a SARON Index Cessation Event or details of it are announced prior to the relevant SARON Index Cessation Effective Date then the Replacement Rate Determination Agent may on or after such earlier announcement date give notice to Noteholders in accordance with Condition 18 (*Notices*) of the relevant changes which will be made to the Notes, provided that, such changes will only take effect as of the SARON Index Cessation Effective Date.

As used in this Condition 5(d)(iii)(G), the following definitions shall apply:

**"Recommended SARON Adjustment Spread"** means, with respect to any Recommended SARON Replacement Rate:

- (a) the spread (which may be positive, negative or zero), formula or methodology for calculating such a spread, that the Recommending Body has recommended be applied to such Recommended SARON Replacement Rate in the case of fixed income securities with respect to which such Recommended SARON Replacement Rate has replaced the Swiss Average Rate Overnight as the reference rate for the purposes of determining the applicable rate of interest thereon; or
- (b) if the Recommending Body has not recommended such a spread, formula or methodology as described in clause (a) above to be applied to such Recommended SARON Replacement Rate, for the purposes of determining SARON, the Calculation Agent will determine the spread, acting in good faith and in a commercially reasonable manner, to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with such Recommended SARON Replacement Rate. The Calculation Agent will take into account industry-accepted practices for fixed income securities with respect to which such Recommended SARON Replacement Rate has replaced the Swiss Average Rate Overnight as the reference rate for the purposes of determining the applicable rate of interest thereon;

**"Recommended SARON Replacement Rate"** means the rate that has been recommended as the replacement for the Swiss Average Rate Overnight by any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for the purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the **"Recommending Body"**);

**"SARON Benchmark"** means, initially, Compounded Daily SARON (as defined in Condition 5(d)(iii)(G)I above), provided that, if a SARON Index Cessation Event and its related SARON Index Cessation Effective Date have occurred with respect to Compounded Daily SARON, or the then-current SARON Benchmark, then "SARON Benchmark" means the applicable SARON Replacement.

**"SARON Index Cessation Effective Date"** means the earliest of:

- (a) in the case of the occurrence of a SARON Index Cessation Event described in clause (a) of the definition thereof, the date on which the SARON Administrator ceases to provide the Swiss Average Rate Overnight;

- (b) in the case of the occurrence of a SARON Index Cessation Event described in sub-clause (b)(x) of the definition thereof, the latest of:
  - (x) the date of such statement or publication;
  - (y) the date, if any, specified in such statement or publication as the date on which the Swiss Average Rate Overnight will no longer be representative; and
  - (z) if a SARON Index Cessation Event described in sub-clause (b)(y) of the definition thereof has occurred on or prior to either or both dates specified in sub-clauses (x) and (y) of this clause (b), the date as of which the Swiss Average Rate Overnight may no longer be used; and
- (c) in the case of the occurrence of a SARON Index Cessation Event described in sub-clause (b)(y) of the definition thereof, the date as of which the Swiss Average Rate Overnight may no longer be used;

**"SARON Index Cessation Event"** means the occurrence of one or more of the following events:

- (a) a public statement or publication of information by or on behalf of the SARON Administrator, or by any competent authority, announcing or confirming that the SARON Administrator has ceased or will cease to provide the Swiss Average Rate Overnight permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Swiss Average Rate Overnight; or
- (b) a public statement or publication of information by the SARON Administrator or any competent authority announcing that (x) the Swiss Average Rate Overnight is no longer representative or will as of a certain date no longer be representative, or (y) the Swiss Average Rate Overnight may no longer be used after a certain date, which statement, in the case of sub-clause (y), is applicable to (but not necessarily limited to) fixed income securities and derivatives;

**"SARON Replacement"** means the first alternative set forth in the order below that can be determined by the Replacement Rate Determination Agent as of the SARON Index Cessation Effective Date:

- (a) the Recommended SARON Replacement Rate for such Zurich Banking Day, giving effect to the Recommended SARON Adjustment Spread, if any, published on such Zurich Banking Day;

- (b) the policy rate of the Swiss National Bank (the "**SNB Policy Rate**") for such Zurich Banking Day, giving effect to the SNB Adjustment Spread, if any; or
- (c) the alternative rate of interest that has been selected by the Replacement Rate Determination Agent as the replacement for the then-current SARON Benchmark, being such industry-accepted successor rate or, if no such rate exists, it shall select such rate that it has determined is most comparable to the Swiss Average Rate Overnight;

**"SARON Replacement Conforming Changes"** means, with respect to any SARON Replacement, any technical, administrative or operational changes (including, but not limited to, timing and frequency of determining rates with respect to each interest period and making payments of interest, rounding of amounts or tenors, day count fractions, business day convention, amendments to any other Condition and other administrative matters) that the Replacement Rate Determination Agent decides may be appropriate to reflect the adoption of such SARON Replacement in a manner substantially consistent with market practice (or, if the Replacement Rate Determination Agent determines that adoption of any portion of such market practice is not administratively feasible or if the Replacement Rate Determination Agent determines that no market practice for use of the SARON Replacement exists, in such other manner as the Replacement Rate Determination Agent or the Calculation Agent, as the case may be, determines is reasonably necessary, acting in good faith and in a commercially reasonable manner); and

**"SNB Adjustment Spread"** means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for the purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner, taking into account the historical median between the Swiss Average Rate Overnight and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred).

(H) TONA

- I. Where "Screen Rate Determination – TONA" is specified in the applicable Final Terms as the manner in which a Rate of Interest or Rate is to be determined, such Rate of Interest or Rate, as the case may be, for each Interest Period will be Compounded Daily TONA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent, calculated in accordance with this Condition 5(d)(iii)(H)I.,

subject to the provisions of Condition 5(d)(iii)(H)II. and 5(d)(iii)(H)III..

The following definitions shall apply for the purpose of this Condition 5(d)(iii)(H):

**"Compounded Daily TONA"** means, with respect to an Interest Period, an amount equal to the rate of return of a daily compounded interest investment in Japanese yen (with the daily Tokyo Overnight Average rate as the reference rate for the calculation of interest), calculated by the Calculation Agent on the relevant Interest Determination Date in accordance with the following formula:

- (1) if "TONA Compound with Lookback" is specified as the Observation Method in the applicable Final Terms:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{TONA_{i-pTBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

with the resulting percentage being rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards;

**"d"** means, in respect of an Interest Period, the number of calendar days in such Interest Period;

**"d<sub>0</sub>"** means, in respect of an Interest Period, the number of Tokyo Banking Days in such Interest Period;

**"i"** means, in respect of an Interest Period, a series of whole numbers from one to d<sub>0</sub>, each representing the relevant Tokyo Banking Days in chronological order from (and including) the first Tokyo Banking Day in such Interest Period;

**"Lookback Period" or "p"** means the number of Tokyo Banking Days specified in the applicable Final Terms or, if no such number is specified, 5 Tokyo Banking Days;

**"n<sub>i</sub>"** means, in respect of a Tokyo Banking Day<sub>i</sub>, the number of calendar days from (and including) such Tokyo Banking Day<sub>i</sub> up to (but excluding) the following Tokyo Banking Day; and

**"TONA<sub>i-pTBD</sub>"** means, in respect of a Tokyo Banking Day<sub>i</sub>, TONA in respect of the Tokyo Banking Day falling p Tokyo Banking Days prior to such Tokyo Banking Day;

- (2) if "TONA Compound with Observation Period Shift" is specified as the Observation Method in the applicable Final Terms:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{TONA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

with the resulting percentage being rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards;

"**d**" means, in respect of an Observation Period, the number of calendar days in such Observation Period;

"**d<sub>0</sub>**" means, in respect of an Observation Period, the number of Tokyo Banking Days in such Observation Period;

"**i**" means, in respect of an Observation Period, a series of whole numbers from one to d<sub>0</sub>, each representing the Tokyo Banking Days in chronological order from (and including) the first Tokyo Banking Day in such Observation Period;

"**n<sub>i</sub>**" means, in respect of a Tokyo Banking Day<sub>i</sub>, the number of calendar days from (and including) such Tokyo Banking Day<sub>i</sub> up to (but excluding) the following Tokyo Banking Day;

"**Observation Period**" means, in respect of an Interest Period, the period from (and including) the date falling the number of Observation Shift Days prior to the first day of such Interest Period and ending on (but excluding) the date that is the number Observation Shift Days prior to the next occurring Interest Period End Date in such Interest Period;

"**Observation Shift Days**" means the number of Relevant Business Days specified in the applicable Final Terms or, if no such number is specified, 5 Relevant Business Days;

"**Relevant Business Day**" means a day which is (i) a Tokyo Banking Day, (ii) if one or more Observation Shift Business Centre(s) (other than T2 System) are specified in the applicable Final Terms, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the relevant Observation Shift Business Centre(s) and (iii) if "T2 System" is specified as an Observation Shift Business Centre, a day on which the real time gross settlement system operated by the Eurosystem or any successor or replacement for that system (T2) is open; and

"**TONA<sub>i</sub>**" means, in respect of a Tokyo Banking Day<sub>i</sub>, TONA in respect of such Tokyo Banking Day<sub>i</sub>;

"**Tokyo Banking Day**" means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in Tokyo; and

"**TONA**" means the rate determined by the Calculation Agent in respect of a Tokyo Banking Day, being the Tokyo Overnight Average (TONA) rate administered by the Bank of Japan (or any successor administrator) for such Tokyo Banking Day as provided by the administrator of TONA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) in each case as of approximately 10.00 a.m. (Tokyo time) (or any amended publication time as specified by the administrator of such rate) on the Tokyo Banking Day immediately following such Tokyo Banking Day. If no such rate is published by the administrator of TONA or an authorised distributor and is not otherwise provided by the administrator of TONA other than as a consequence of a TONA Index Cessation Event, then TONA for such Tokyo Banking Day will be TONA last provided or published on the Relevant Screen Page (or as otherwise published by relevant authorised distributors) that appears at approximately 10.00 a.m. (Tokyo time) on the Bank of Japan's Website on the Tokyo Banking Day immediately following such Tokyo Banking Day.

II. Correction of TONA

If TONA in respect of any Tokyo Banking Day is subsequently corrected and provided by the administrator of TONA to authorised distributors of TONA and published on the Relevant Screen Page no later than the Correction Cut-off Time (if any) or, if later (or there is no such Correction Cut-off Time), one hour after the rate for such Tokyo Banking Day is published on the Relevant Screen Page, then TONA in respect of such Tokyo Banking Day shall be the subsequently corrected and published rate appearing on the Relevant Screen Page.

Where:

"**Correction Cut-off Time**" means the time specified as such by the administrator of TONA in the TONA benchmark methodology.

III. TONA Fallbacks

If the Calculation Agent determines at any time prior to the TONA Reference Time on any Tokyo Banking Day that a TONA Index Cessation Event has occurred, then the rate in respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date will be the JPY Recommended Rate.

If there is a JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date, but neither the administrator nor authorised distributors provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. However, if there is no last provided or published JPY Recommended Rate, then in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published TONA.

If:

- (1) there is no JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date; or
- (2) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs in respect of such JPY Recommended Rate,

then the rate in respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date or a JPY Recommended Rate Fixing Day occurring on or after the JPY Recommended Rate Index Cessation Effective Date, as the case may be, will be a commercially reasonable alternative for TONA or the JPY Recommended Rate, as the case may be, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Calculation Agent considers sufficient for that rate to be a representative alternative rate.

For the purposes of this Condition 5(d)(iii)(H)III.

**"JPY Recommended Rate"** means, in respect of any Tokyo Banking Day, the rate (inclusive of any spreads or adjustments) recommended as the replacement for TONA by a committee officially endorsed or convened by the Bank of Japan for the purpose of recommending a replacement for TONA (which rate may be produced by the Bank of Japan or another administrator) and as provided by the administrator of that rate or, if that rate is not provided by the administrator thereof (or a successor administrator), published by an authorised distributor in respect of such day;

**"JPY Recommended Rate Fixing Day"** means, in respect of the JPY Recommended Rate and any day, the publication day specified by the administrator of the JPY Recommended Rate for the JPY Recommended Rate in its benchmark methodology;

**"JPY Recommended Rate Index Cessation Effective Date"** means, in respect of the JPY Recommended Rate and a JPY Recommended Rate Index Cessation Event, the first date on which the JPY Recommended Rate would ordinarily have been published or provided and is no longer published or provided;

**"JPY Recommended Rate Index Cessation Event"** means, in respect of the JPY Recommended Rate:

- (a) a public statement or publication of information by or on behalf of the administrator of the JPY Recommended Rate announcing that it has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate; or
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the JPY Recommended Rate, the central bank for the currency of the JPY Recommended Rate, an insolvency official with jurisdiction over the administrator of the JPY Recommended Rate, a resolution authority with jurisdiction over the administrator of the JPY Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the JPY Recommended Rate, which states that the administrator of the JPY Recommended Rate has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate;

**"TONA Index Cessation Effective Date"** means, in respect of TONA and a TONA Index Cessation Event, the first date on which TONA would ordinarily have been published or provided and is no longer published or provided;

**"TONA Index Cessation Event"** means, in respect of TONA:

- (c) a public statement or publication of information by or on behalf of the administrator of TONA announcing that it has ceased or will cease to provide TONA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide TONA; or

- (d) a public statement or publication of information by the regulatory supervisor for the administrator of TONA, the central bank for the currency of TONA, an insolvency official with jurisdiction over the administrator of TONA, a resolution authority with jurisdiction over the administrator of TONA or a court or an entity with similar insolvency or resolution authority over the administrator of TONA, which states that the administrator of TONA has ceased or will cease to provide TONA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide TONA; and

"**TONA Reference Time**" means, with respect to any determination of TONA, 10.00 a.m. (Tokyo time) on the Tokyo Banking Day immediately following the date of such determination.

(iv) *Screen Rate Discontinuation*

Where Condition 5(d)(iii)(A) applies, if the Issuing and Paying Agent or the Calculation Agent, as applicable, determines at any time prior to any Interest Determination Date, that the Screen Page Reference Rate has been discontinued or a Reference Rate Fallback Event has occurred, the Issuing and Paying Agent or the Calculation Agent, as applicable, will use, as a substitute for the Screen Page Reference Rate, an alternative reference rate determined by the Issuing and Paying Agent or the Calculation Agent, as applicable, to be the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction or region of the Specified Currency (each a "**Relevant Nominating Body**") that is consistent with industry accepted standards, provided that, if two or more alternative reference rates are selected by any Relevant Nominating Body, the Issuing and Paying Agent or the Calculation Agent, as applicable, shall determine which of those alternative reference rates is most appropriate to preserve the economic features of the relevant Notes. If the Issuing and Paying Agent or the Calculation Agent, as applicable, notifies the Issuer that it is unable to determine such an alternative reference rate, the Calculation Agent will as soon as reasonably practicable (and in any event before the Business Day prior to the applicable Interest Determination Date) appoint an agent (the "**Reference Rate Determination Agent**"), which will determine whether a substitute or successor rate, which is substantially comparable to the Screen Page Reference Rate, is available for the purpose of determining the Reference Rate on each Interest Determination Date falling on or after the date of such determination. If the Reference Rate Determination Agent determines that there is an industry accepted successor rate, the Reference Rate Determination Agent will notify the Issuer of such successor rate to be used by the Issuing and Paying Agent to determine the Rate of Interest.

If the Reference Rate Determination Agent or the Calculation Agent, as applicable, has determined a substitute or successor rate in accordance with the foregoing paragraph (such rate, the "**Replacement Reference Rate**"), for the purpose of determining the Reference Rate on each Interest Determination Date falling on or after such determination:

- (A) the Reference Rate Determination Agent or the Calculation Agent, as applicable, will also determine the changes (if any) required to the applicable Business Day Convention, the definition of Business Day, the Interest Determination Date, the Day Count Fraction, and any method for obtaining the Replacement Reference Rate, including any adjustment needed to make such Replacement Reference Rate comparable to the Screen Page Reference Rate, including, where applicable, and if Unwind Costs is specified as applicable in the applicable Final Terms, to reflect any increased costs of the Issuer or the Swap Counterparty, as the case may be, providing such exposure to the Replacement Reference Rate, in each case acting in good faith and in a commercially reasonable manner that is consistent with industry-accepted practices for such Replacement Reference Rate;
- (B) references to the Reference Rate in these Conditions will be deemed to be references to the relevant Replacement Reference Rate, including any alternative method for determining such rate as described in (A) above;
- (C) the Reference Rate Determination Agent or the Calculation Agent, as applicable, will notify the Issuer of the Replacement Reference Rate, and the details described in (A) above, as soon as reasonably practicable; and
- (D) the Issuer will give notice to the Noteholders in accordance with Condition 18 (Notices), the Issuing and Paying Agent, the Trustee and the Calculation Agent of the Replacement Reference Rate, and the details described in (A) above as soon as reasonably practicable but in any event no later than 5:00 p.m. (London time) on the Business Day prior to the applicable Interest Determination Date.

The determination of the Replacement Reference Rate and the other matters referred to above by the Reference Rate Determination Agent or the Calculation Agent, as applicable, will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Issuing and Paying Agent, the Trustee and the Noteholders, unless the Calculation Agent or the Reference Rate Determination Agent determines at a later date that the Replacement Reference Rate is no longer substantially comparable to the Reference Rate or does not constitute an industry accepted successor rate, in which case the Calculation Agent shall appoint or re-appoint a Reference Rate Determination Agent, as the case may be (which may or may not be the same entity as the original Reference Rate Determination Agent or the Calculation Agent) for the purpose of confirming the Replacement Reference Rate or determining a substitute Replacement Reference Rate in an identical manner as described in this Condition 5(d)(iv). If the replacement Reference Rate Determination Agent or the Calculation Agent, as applicable, is unable to or otherwise does not determine a substitute Replacement Reference Rate, then the Replacement Reference Rate will remain unchanged.

The Reference Rate Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Settlement Currency as appointed by the Calculation Agent, (y) the Swap Counterparty or (z) an affiliate of the Swap Counterparty or the Calculation Agent.

If the relevant Reference Rate Fallback Event may also constitute an Administrator/Benchmark Event in the determination of the Calculation Agent pursuant to Condition 7(o)(A), the provisions of this Condition 5(d)(iv) will apply.

Notwithstanding anything to the contrary in the provisions of (and all provisions referred to in) this Condition 5(d)(iv)), the Issuer, the Calculation Agent or Reference Rate Determination Agent (as applicable) may make all determinations and/or adjustments and take all actions in respect of the Notes as are provided for in connection with a Reference Rate Fallback Event or Administrator/Benchmark Event, as applicable, notwithstanding that such Reference Rate Fallback Event or Administrator/Benchmark Event, as applicable, may have occurred before the Issue Date of the Notes.

(e) *Minimum and/or Maximum Interest Rate*

In the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Conditions 5(b)(ii), 5(b)(iv), 5(c)(ii), 5(d) (as appropriate) is less than the Minimum Interest Rate specified in the applicable Final Terms, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Conditions 5(b)(ii), 5(b)(iv), 5(c)(ii), 5(d) (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

(f) *Notification of Rate of Interest and Interest Amount*

The Issuing and Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable) (such notifications to occur no later than the Business Day following such determination), (in the case of Notes which are listed on the Luxembourg Stock Exchange and where the rules of such stock exchange so require) the Luxembourg Stock Exchange and, if applicable, to any other stock exchange on which the relevant Notes are for the time being listed. In addition, the Issuing and Paying Agent (except where the relevant Notes are unlisted and are in global form and held in their entirety on behalf of Euroclear and Clearstream, Luxembourg in which event there may be substituted for such publication the delivery of such notice to Euroclear and Clearstream, Luxembourg for communication to the Noteholders) shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with Condition 18 as soon as possible after their determination but in no event later than the fifth Luxembourg Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 18. For the purposes of these Conditions, the expression "**Luxembourg Business Day**" means a day (other than a Saturday or a Sunday) on which commercial banks are open for business in Luxembourg.

(g) *Certificates to be Final*

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this Condition 5 by the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Issuing and Paying Agent, the other Paying Agents, or, if applicable, the Calculation Agent and all Noteholders, and (in the absence as aforesaid) no liability to the Noteholders shall attach to the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(h) *Zero Coupon Notes*

Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the amount determined in accordance with Condition 7(e)(iv) (*Early Redemption Amounts*) at its Amortised Face Amount. As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield (or such other rate) specified in the applicable Final Terms. Such interest shall continue to accrue (as well after as before any judgment) until the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note. Such interest will be calculated on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of

an incomplete month, the actual number of days elapsed in such incomplete month or on such other basis as may be specified in the applicable Final Terms.

(i) *Coupon Switch*

If Coupon Switch is specified as applicable in the applicable Final Terms:

- (i) if Coupon Switch Election is specified as applicable in the applicable Final Terms, the Issuer shall (where a corresponding election is made by the Swap Counterparty in respect of the Swap Agreement relating to the Notes) elect that the Rate of Interest for the Notes will be amended (a "**Coupon Switch**") from the pre-switch coupon specified in the Final Terms (the "**Pre-Switch Coupon**") to the post-switch coupon specified in the applicable Final Terms (the "**Post-Switch Coupon**") on and after the Coupon Switch Date; and
- (ii) if Automatic Coupon Switch is specified as applicable in the applicable Final Terms and an Automatic Coupon Switch Event occurs, the Rate of Interest for the Notes will be amended (a "**Coupon Switch**") from Pre-Switch Coupon specified in the applicable Final Terms to the Post-Switch Coupon specified in the applicable Final Terms on and after the Coupon Switch Date immediately following the SPS ACS Valuation Date or SPS ACS Valuation Period, as applicable, on which the Automatic Coupon Switch Event occurs.

If Additional Switch Coupon is specified as applicable in the applicable Final Terms, following the occurrence of a Coupon Switch, an Additional Switch Coupon Amount will be payable on the Additional Switch Coupon Payment Date. The "**Additional Switch Coupon Amount**" in respect of each nominal amount of Notes equal to the Calculation Amount will be the amount specified as such in the applicable Final Terms. For the purposes of Conditions 1, 6 and 10, Additional Switch Coupon Amount shall be deemed to be interest. For the avoidance of doubt, the Additional Switch Coupon Amount will only be paid on the single Additional Switch Coupon Payment Date.

Notice of any Coupon Switch will be given to Noteholders in accordance with Condition 18.

"**Additional Switch Coupon Payment Date**" means the date specified as such in the applicable Final Terms, which such date must be an Interest Payment Date;

"**Automatic Coupon Switch Event**" means that:

- (A) the SPS ACS Value is (a) "greater than", (b) "equal to or greater than", (c) "less than" or (d) "less than or equal to", as specified in the applicable Final Terms, the Automatic Coupon Switch Level, (x) on a SPS ACS Valuation Date or (y) in respect of a SPS ACS Valuation Period, as specified in the applicable Final Terms;
- (B) if Digital Coupon or Snowball Digital Coupon is specified in the applicable Final Terms and Target Switch Coupon is specified as applicable in the applicable Final Terms, the number of times the Digital Coupon Condition or the Snowball Digital Coupon Condition, as the case may be, has been satisfied is equal to or greater than the Automatic Coupon Switch Level as of a SPS ACS Valuation Date; or
- (C) if Digital Coupon or Snowball Digital Coupon is not specified in the applicable Final Terms and Target Switch Coupon is specified as applicable in the applicable Final Terms, the Cumulative ACS Coupon is equal to or greater than the Automatic Coupon Switch Level as of a SPS ACS Valuation Date.

"**Automatic Coupon Switch Level**" means the number, amount, level or percentage specified as such in the applicable Final Terms;

"**Coupon Switch Date**" means each date specified as such or determined pursuant to the provisions in the applicable Final Terms;

"**Cumulative ACS Coupon**" means, in respect of a SPS ACS Valuation Date, (a) the sum of the values calculated for each Interest Period preceding the Current ACS Interest Period as the product

of (i) the Rate of Interest and (ii) if specified in the applicable Final Terms, the Day Count Fraction, in each case for such Interest Period, plus (b) the product of (i) the Rate of Interest and (ii) if specified in the applicable Final Terms, the Day Count Fraction, in each case for the Current ACS Interest Period;

**"Current ACS Interest Period"** means, in respect of a SPS ACS Valuation Date, the Interest Period during which such SPS ACS Valuation Date falls;

**"SPS ACS Valuation Date"** means each Averaging Date, Pricing Date, Underlying Interest Determination Date and/or Settlement Price Date specified as such in the applicable Final Terms;

**"SPS ACS Valuation Period"** means each period specified as such in the applicable Final Terms; and

**"SPS ACS Value"** means, in respect of a SPS ACS Valuation Date or a SPS ACS Valuation Period, the value from Payout Conditions 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

(j) *Condition to Interest Payment*

Where "Condition to Interest Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay an Interest Amount will be subject to the receipt of an aggregate amount equal to the aggregate Interest Amounts payable in respect of each Note then outstanding on or prior to the relevant Interest Payment Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or the Swap Agreement terminates for any reason other than as scheduled on its scheduled termination date or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party, the Issuer will have no further obligation to pay interest in respect of the Notes and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

(k) *Interest Payments*

Interest will be paid subject to and in accordance with the provisions of Condition 6 (*Payments*). Interest will cease to accrue on each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) on the due date for redemption thereof unless such Note is redeemed early. If such Note is redeemed early (i) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption, (ii) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant Interest Payment Date has not occurred on or prior to the due date for redemption of such Note or (iii) if the applicable Final Terms specify that Accrual to Redemption is not applicable and Accrual to Preceding IPED is applicable, no interest shall accrue or be payable in respect of any period since the Interest Period End Date immediately preceding the occurrence of the relevant Early Redemption Event. If upon due presentation thereof, payment of principal or the payment, and/or delivery of the Entitlement (if applicable and unless such Entitlement is to be delivered following a Physical Delivery Early Redemption Event in accordance with Condition 7(w)(ii)), is improperly withheld or refused, interest will continue to accrue (as well after as before any judgment) at the Fixed Rate or, as the case may be, the Rate of Interest or as otherwise provided in the applicable Final Terms until whichever is the earlier of (i) the day on which all sums due and/or assets deliverable in respect of such Note up to that day are received by or on behalf of the holder of such Note and (ii) the day on which the Issuing and Paying Agent or any agent appointed by the Issuer to deliver such assets to Noteholders has notified the holder thereof (either in accordance with Condition 18 (*Notices*) or individually) of receipt of all sums due in respect thereof up to that date, provided that in the case of Credit Linked Notes, these provisions shall be subject to the provisions contained in Annex 10 "*Additional Terms and Conditions for Credit Linked Securities*" and provided further that, if Automatic Early Redemption is specified as applicable in the applicable Final Terms, no Interest Amount will be payable unless the Interest Payment Date falls on or prior to the Automatic Early Redemption Date. Where Suspension of Payments is specified as applicable in the applicable Final Terms, upon the occurrence, in the opinion

of the Calculation Agent, of a Suspension Event, interest on the Nominal Amount outstanding of the Notes will be paid in accordance with this Condition 5 on the relevant Deferred Interest Payment Date provided that no interest shall be payable on the Notes or any accrued interest thereon for the period from (and including) the relevant Interest Payment Date to such Deferred Interest Payment Date and, where an Early Redemption Event occurs prior to the end of the relevant Suspension Period, the reference in this Condition 5(k) to "Early Redemption Event" shall be read as a reference to such Suspension Event. For the purposes of this Condition 5(k), "**Deferred Interest Payment Date**" means (A) the second Business Day following the final Business Day of the Suspension Period where no Early Redemption Event has occurred during the Suspension Period or, (B) where the Calculation Agent determines that the circumstances giving rise to such potential Early Redemption Event have been remedied (if possible) or no longer exist prior to the end of the applicable grace period such that no related Early Redemption Event has occurred, the second Business Day following the date on which the Calculation Agent makes such determination.

Where "Screen Rate Determination – SONIA", "Screen Rate Determination – SOFR", "Screen Rate Determination – €STR", "Screen Rate Determination – SARON" or "Screen Rate Determination – TONA" is specified in the applicable Final Terms, for the purposes of Condition 5(d), if accrued interest is required to be calculated in respect of a period, which, but for this provision, would not be an Interest Period, notwithstanding anything to the contrary in the Conditions, for the purposes of calculating such interest, the final Interest Period End Date shall be the date such period ends on (but excludes) and the final Interest Determination Date shall be the earliest date on which the Principal Warrant and Certificate Agent or the Calculation Agent, as applicable, determines that the Rate of Interest or Rate, as the case may be, for the final Interest Period can be determined.

Provided that in the case of Credit Linked Securities, these provisions shall be subject to the provisions contained in Annex 10 – "Additional Terms and Conditions for Credit Linked Securities".

(1) *Determination or Calculation by Trustee*

If for any reason at any relevant time the Issuing and Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Issuing and Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with Conditions 5(b)(ii) and Condition 5(d), and in each case in accordance with Condition 5(b)(iii), the Trustee shall, (or shall appoint an agent on its behalf to do so), determine the Rate of Interest at such rate as, in its sole and absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 5, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall (or shall appoint an agent on its behalf to do so) calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Issuing and Paying Agent or the Calculation Agent, as applicable.

"**Determination Period**" means each period from and including a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

"**Interest Period**" means the period beginning on and including the Interest Commencement Date and ending on but excluding the first Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next Interest Period End Date.

"**Interest Rate<sub>(i-1)</sub>**" means in respect of an Interest Period, the Rate of Interest determined by the Calculation Agent in respect of the immediately preceding Interest Period. For the avoidance of doubt, Interest Rate<sub>(i-1)</sub> is expressed as a rate per annum, unless otherwise specified in the Final Terms.

"**Issue Date**" means the date specified as such on the applicable Final Terms.

(m) *Rounding generally*

In connection with the calculation of any amount payable in respect of the Notes (including, without limitation, interest) and unless otherwise provided in these Terms and Conditions or in the applicable Final Terms, such amounts will, if necessary, be rounded to the nearest sub-unit (as defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms.

(n) *Dual Currency Interest Notes*

If the Notes are specified in the applicable Final Terms as Dual Currency Interest Notes, if the amount of interest calculated in respect of any Interest Payment Date is not an amount in the Settlement Currency, it will be converted into the Settlement Currency at the Specified Exchange Rate specified in the applicable Final Terms or, if no Specified Exchange Rate is specified, the Settlement Currency Exchange Rate on the relevant Settlement Currency Exchange Rate Observation Date.

**"Price Materiality Event"** means that, in respect of the determination of any Settlement Currency Exchange Rate, the Calculation Agent determines that the rate derived at the relevant time from the source specified in the Final Terms differs from the rate that would be derived at the relevant time from a source that the Calculation Agent deems, in good faith and in a commercially reasonable manner having taken into account any relevant market practice, to be equivalent, by more than 3 per cent.

**"Settlement Currency"** means the currency specified as such in the applicable Final Terms or, if no such currency is specified, the Specified Currency.

**"Settlement Currency Exchange Rate"** means in respect of a Settlement Currency Exchange Rate Observation Date, the rate of exchange (including any rates of exchange pursuant to which the relevant rate of exchange is derived) between the currencies and from the source(s) and at the time in each case specified in the applicable Final Terms on such day, as determined by the Calculation Agent, provided that if any source specified in the applicable Final Terms is not available or the Calculation Agent determines that there has been a Price Materiality Event, any such rate of exchange may be determined by the Calculation Agent by reference to such sources as it, any such rate of exchange may be determined by the Calculation Agent by reference to such sources as it, acting in good faith and in a commercially reasonable manner having taken into account any relevant market practice, considers to be appropriate.

**"Settlement Currency Exchange Rate Observation Date"** means the date falling the number of Business Days specified in the applicable Final Terms prior to the relevant scheduled payment date in respect of the Notes.

**"Specified Exchange Rate"** means the rate of exchange specified in the applicable Final Terms.

**6. Payments**

For the purposes of this Condition 6, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions will, where the context so admits, be deemed also to refer to physical delivery of any Entitlement.

(a) *Method of Payment*(i) *Bearer Notes*

Payments of principal and interest (if any) in respect of the Definitive Bearer Notes will (subject as provided below) be made against presentation or surrender of such Bearer Notes or Coupons, as the case may be, at any specified office of any Paying Agent. Payments of principal in respect of instalments (if any), other than the last instalment, will (subject as provided below) be made against surrender of the relevant Receipt. Payment of the last instalment will be made against surrender of the relevant Bearer Note. Each Receipt must

be presented for payment of such instalment together with the relevant Definitive Bearer Note against which the amount will be payable in respect of that instalment. If any Definitive Bearer Notes are redeemed or become repayable prior to the Maturity Date in respect thereof, principal will be payable on surrender of each such Note together with all unmatured Receipts appertaining thereto. Unmatured Receipts and Receipts presented without the Definitive Bearer Notes to which they appertain do not constitute obligations of the Issuer. All payments of interest and principal with respect to Bearer Notes will be made only against presentation and surrender of the relevant Bearer Notes, Coupons or Receipts outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Subject as provided below, payments in respect of definitive Notes denominated in a Settlement Currency (other than euro) will (subject as provided below) be made by a cheque in the Settlement Currency drawn on, or, at the option of the holder and upon 15 days' prior notice to the Issuing and Paying Agent, by transfer to an account in the Settlement Currency maintained by the payee with, a bank in the principal financial centre of the country of the Settlement Currency. Payments in euro will be made by credit or transfer to a euro account or any other account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by euro-cheque. Notwithstanding the foregoing, the Issuer shall be entitled to vary settlement where, for reasons beyond its control (including, without limitation, unlawfulness, illegality, impossibility, force majeure, non-transferability or the like, each a "**Payment Disruption Event**"), the Issuer is not able to make, or any Noteholder is not able to receive, as the case may be, payment on the due date and in the Settlement Currency of any amount of principal or interest due under the Notes.

Fixed Rate Bearer Notes in definitive form should be presented for payment with all unmatured Coupons appertaining thereto (which expression shall include Coupons to be issued on exchange of Talons which will have matured on or before the relevant redemption date), failing which the full amount of any missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount of such missing unmatured Coupon which the sum so paid bears to the total amount due) will be deducted from the sum due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 9 (*Taxation*)) for the payment of such sum due for payment, whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*) or, if later, five years from the due date for payment of such Coupon. Upon any Fixed Rate Bearer Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Note, Dual Currency Interest Note, Dual Currency Redemption Note (each, a "**Dual Currency Note**"), Index Linked Note, Share Linked Note, Debt Linked Note, Commodity Linked Note, Inflation Linked Note, Currency Linked Note, Fund Linked Note, Underlying Interest Rate Linked Note, Credit Linked Note, ETI Linked Note or Hybrid Note in definitive bearer form all unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them. Where any Floating Rate Note, Index Linked Note, Share Linked Note, Debt Linked Note, Commodity Linked Note, Inflation Linked Note, Currency Linked Note, Fund Linked Note, Underlying Interest Rate Linked Note, Credit Linked Note, ETI Linked Note, Underlying Interest Rate Linked Note or Hybrid Note is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only upon indemnification of the Issuer and the Guarantor (if applicable).

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons

to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 14 (*Replacement of Notes, Receipts, Coupons and Talons*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

(ii) *Registered Notes*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (A) where in global form, at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (B) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (in each case, the "**Record Date**"). Notwithstanding the previous sentence, if (1) a holder does not have a Designated Account or (2) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or integral multiples of U.S.\$1,000 in excess thereof) (or its approximate equivalent in any other Settlement Currency), payment will instead be made by a cheque in the Settlement Currency drawn on a Designated Bank (as defined below), provided that, any payment in CNY will be made solely by transfer to the Designated Account in the CNY Settlement Centre(s) of the holder (or the first named of joint holders) of the Registered Note appearing in the Register. For these purposes, "**Designated Account**" means the account maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (i) (in the case of payment in a Settlement Currency other than euro or CNY) a bank in the principal financial centre of the country of such Settlement Currency; (ii) (in the case of a payment in euro) any bank which processes payments in euro; and (iii) (in the case of a payment in CNY) a bank in the CNY Settlement Centre(s).

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Settlement Currency drawn on a Designated Bank and mailed on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at his address shown in the Register on the Record Date and at his risk. Notwithstanding the foregoing, payment of the Interest Amount in CNY will be made solely by transfer to the Designated Account in the CNY Settlement Centre(s) of the holder (or the first named of joint holders) of the Registered Notes appearing in the Register. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque

posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

Neither the Issuer, the Guarantor (if applicable), the Trustee nor any of the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(iii) *Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will be made in the manner specified above and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside of the United States. A record of each payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which such Global Note is presented for the purpose of making such payment, and such record shall be prima facie evidence that the payment in question has been made.

Notwithstanding the foregoing, payments in respect of Notes denominated and payable in CNY will be made solely by transfer to a CNY bank account maintained in the CNY Settlement Centre(s) in accordance with prevailing rules and regulations.

If the applicable Final Terms specify "CNY Payment Disruption Event" to be applicable, in the event that the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, that a CNY Payment Disruption Event has occurred or is likely to occur and that such CNY Payment Disruption Event is material in relation to the Issuer's payment obligations under the Notes in respect of any forthcoming Interest Payment Date, Maturity Date or other date on which any amount in respect of the Notes shall be due and payable (each such date, an "**Affected Payment Date**"), then the Calculation Agent shall notify Noteholders as soon as practicable of the occurrence of such CNY Payment Disruption Event in accordance with Condition 18 (*Notices*).

If the applicable Final Terms specify that "CNY Payment Disruption Event" is applicable to the Notes, upon the occurrence of a CNY Payment Disruption Event:

(A) *Postponement*

If the applicable Final Terms specify "Postponement" to be applicable in respect of the Notes, then the Affected Payment Date shall be postponed until the earlier of (A) the second Business Day following the day on which such CNY Payment Disruption Event ceases to exist, and (B) the date falling 14 calendar days following the original date on which the Affected Payment Date was scheduled to fall (the "**CNY Payment Disruption Cut-off Date**") and notice thereof shall be given to the relevant Noteholders in accordance with Condition 18 (*Notices*). For the avoidance of doubt, no amount of interest shall be payable in respect of any delay in payment of any amount(s) due to the adjustment of any Affected Payment Date.

In the event that, pursuant to the preceding paragraph, the Affected Payment Date is adjusted to fall on the CNY Payment Disruption Cut-off Date and the Calculation Agent determines that a CNY Payment Disruption Event still exists on such day, then the Issuer shall make payment of the Equivalent Amount of the relevant Interest Amount, Final Redemption Amount or such other amount payable (if applicable) on the CNY Payment Disruption Cut-off Date and notice thereof shall be given to the relevant Noteholders in accordance with Condition 18 (*Notices*). Any such payment made by the Issuer on the CNY Payment Disruption Cut-off Date shall be in full and final settlement of its obligations to pay such amount in respect of the Notes.

## (B) Payment of Equivalent Amount

If the applicable Final Terms specify "Payment of Equivalent Amount" to be applicable in respect of the Notes, the Issuer shall, upon giving notice prior to the relevant Affected Payment Date to the Noteholders in accordance with Condition 18 (*Notices*), make payment of the Equivalent Amount of the relevant Interest Amount, Final Redemption Amount or such other amount payable (if applicable) on the relevant Affected Payment Date. Any such payment made by the Issuer on an Affected Payment Date shall be in full and final settlement of its obligations to pay such amount in respect of the Notes.

## (C) For these purposes:

"**CNY**" means Chinese Yuan or Renminbi, the lawful currency of the People's Republic of China (including any lawful successor currency to the CNY).

"**CNY Governmental Authority**" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the People's Republic of China, Hong Kong and any other CNY Settlement Centre(s).

"**CNY Payment Disruption Event**" means the occurrence of any of the following events:

- (a) an event which makes it impossible (where it had previously been possible) or impractical for the Issuer to convert any amounts due and payable in CNY under the Notes into or from the Equivalent Amount Settlement Currency in the general CNY foreign exchange market in the relevant CNY Settlement Centre(s), except where such impossibility or impracticality is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any CNY Governmental Authority (unless such law, rule or regulation is enacted after the relevant Trade Date, and it is impossible or impractical for the Issuer, due to events beyond its control, to comply with such law, rule or regulation) (a "**CNY Inconvertibility Event**"). For the avoidance of doubt, the inability of the Issuer to convert CNY solely due to issues relating to its creditworthiness shall not constitute a CNY Inconvertibility Event;
- (b) an event that makes it impossible (where it had previously been possible) or impractical for the Issuer to deliver (i) CNY between accounts inside the relevant CNY Settlement Centre(s), or (ii) from an account inside the relevant CNY Settlement Centre(s) to an account outside the relevant CNY Settlement Centre(s) (including, if applicable, to another CNY Settlement Centre) and outside Mainland China, or (iii) from an account outside the relevant CNY Settlement Centre(s) (including, if applicable, from an account inside another CNY Settlement Centre) and outside Mainland China to an account inside the relevant CNY Settlement Centre(s), except where such impossibility or impracticality is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any CNY Governmental Authority (unless such law, rule or regulation is enacted after the relevant Trade Date, and it is impossible or impractical for the Issuer, due to events beyond its control, to comply with such law, rule or regulation) (a "**CNY Non-Transferability Event**"). For the purposes of determining whether a CNY Non-Transferability Event has occurred only, a segregated CNY fiduciary cash account with the People's Bank of China and operated by Bank of China (Hong Kong) Limited shall be deemed to be an account inside Hong Kong; and
- (c) an event that makes it impossible (where it had previously been possible) or impractical for the Issuer to obtain a firm quote of an offer price in respect of any amounts due and payable in CNY under the Notes (either in one transaction or a commercially reasonable number of transactions that, when taken together, is no less than such amount) in the general CNY foreign exchange market in the relevant CNY Settlement Centre(s) in order to perform its obligations under the Notes (a "**CNY**

**Illiquidity Event**"). For the avoidance of doubt, the inability of the Issuer to obtain such firm quote solely due to issues relating to its creditworthiness shall not constitute a CNY Illiquidity Event.

**"CNY Settlement Centre"** means the financial centre(s) specified as such in the applicable Final Terms in accordance with applicable laws and regulations. If no CNY Settlement Centre is specified in the relevant Final Terms, the CNY Settlement Centre shall be deemed to be Hong Kong.

**"Equivalent Amount"** means, following the occurrence of a CNY Payment Disruption Event and in respect of the relevant Interest Amount, Final Redemption Amount or such other amount payable (if applicable) on the relevant Affected Payment Date or the relevant CNY Payment Disruption Cut-off Date, as the case may be (for these purposes, the **"Relevant CNY Amount"**), an amount in the Equivalent Amount Settlement Currency determined by the Calculation Agent (acting in good faith and in a commercially reasonable manner), by converting the Relevant CNY Amount into the Equivalent Amount Settlement Currency using the Equivalent Amount Settlement Price for the relevant Affected Payment Date or the relevant CNY Payment Disruption Cut-off Date, as the case may be.

**"Equivalent Amount Settlement Currency"** means the currency specified as such in the applicable Final Terms.

**"Equivalent Amount Settlement Price"** means, in respect of any relevant day, the spot rate of exchange between CNY and the Equivalent Amount Settlement Currency on such day, appearing on the Equivalent Amount Settlement Price Source at the Equivalent Amount Settlement Valuation Time on such day (expressed as a number of units (or part units) of CNY for which one unit of the Equivalent Amount Settlement Currency can be exchanged), or if such rate is not available, the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer CNY/Equivalent Amount Settlement Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) at the Equivalent Amount Settlement Valuation Time on such day. If less than two leading dealers provide the Calculation Agent with bid and offer CNY/Equivalent Amount Settlement Currency exchange rates on such day, the Calculation Agent shall determine the Equivalent Amount Settlement Price acting in good faith and in a commercially reasonable manner.

**"Equivalent Amount Settlement Price Source"** means the price source specified in the applicable Final Terms.

**"Equivalent Amount Settlement Valuation Time"** means, unless otherwise specified in the applicable Final Terms, the time at which the Equivalent Amount Settlement Price Source publishes the Equivalent Amount Settlement Price.

**"impossible"** or **"impossibility"** in relation to a CNY Payment Disruption Event, shall include (but shall not be limited to) any act which, if done or performed by the Issuer (or any affiliate of the Issuer) would be or result in the breach of any applicable law, rule, or regulation.

**"impractical"** or **"impracticality"** means, in relation to a CNY Payment Disruption Event and in respect of any action to be taken by the Issuer, that the Issuer (or any of its affiliates) would incur a materially increased amount of taxes, duties, expenses or fees (as compared with circumstances existing on the Trade Date) to perform such action.

The holder of the relevant Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the payment obligations of the Issuer or the Guarantor (if applicable) will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear and/or Clearstream, Luxembourg,

as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Note. No person other than the holder of the relevant Global Note shall have any claim against the Issuer or the Guarantor (if applicable) in respect of any payments due on that Global Note.

If any date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay.

For these purposes, "**Payment Day**" means any day which (subject to Condition 10 (*Prescription*)) is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

- (A) in the case of Notes in definitive form, the relevant place of presentation (in the case of Notes that are Definitive Bearer Notes);
- (B) each Financial Centre (other than the T2 System) specified in the applicable Final Terms; and
- (C) in relation to any sum payable in euro, a day on which the T2 System is open.

If the due date for redemption of any interest bearing Note in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such Note from (and including) the last preceding due date for the payment of interest (or from the Interest Commencement Date) will be paid against surrender of such Note.

The names of the initial Issuing and Paying Agent and the other initial Paying Agents and their initial specified offices are set out below. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents and/or to approve any change in the specified office of any Paying Agent, provided that:

- (1) so long as any Notes are listed on any stock exchange, there will at all times be a Paying Agent, which may be the Issuing and Paying Agent (in the case of Bearer Notes) and a Transfer Agent, which may be the Registrar (in the case of Registered Notes) with a specified office in the place required by the rules and regulations of the relevant stock exchange; and
- (2) there will at all times be an Issuing and Paying Agent and a Registrar; and
- (3) the Issuer undertakes that it will ensure that it maintains a Paying Agent.

(iv) *Place of payment*

Payments in respect of the Notes will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9.

(v) *FX Settlement Disruption*

If the Settlement Currency specified in the applicable Final Terms is a Relevant Currency, FX Settlement Disruption will apply, and:

- (A) if, on the second Business Day prior to the Disrupted Payment Date, the Calculation Agent (in good faith and in a commercially reasonable manner) determines that a FX Settlement Disruption Event has occurred and is subsisting, the Issuer shall give notice (a "**FX Settlement Disruption Notice**") to the Noteholders in accordance

with Condition 18 (*Notices*) as soon as reasonably practicable thereafter and, in any event, prior to the relevant Disrupted Payment Date;

- (B) following the occurrence of a FX Settlement Disruption Event:
  - (1) the date for payment of the relevant Disrupted Amount will be postponed to (i) the second Business Day following the date on which the Calculation Agent determines that a FX Settlement Disruption Event is no longer subsisting or if earlier (ii) the date falling thirty calendar days following the scheduled due date for payment of the relevant Disrupted Amount (the "**FX Settlement Disruption Cut-off Date**") which, for the avoidance of doubt, may be later than the scheduled Maturity Date; and
  - (2) (i) in the case of (1)(i) above, the Issuer will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the Settlement Currency specified in the applicable Final Terms or, (ii) in the case of (1)(ii) above, in lieu of paying the relevant Disrupted Amount in the relevant Settlement Currency, the Issuer will, subject to sub-paragraph (C) below, convert the relevant Disrupted Amount into the FX Settlement Disruption Currency (using the FX Settlement Disruption Exchange Rate for the relevant Disrupted Payment Date) and will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the FX Settlement Disruption Currency on the FX Settlement Disruption Cut-off Date;
- (C) if sub-paragraph (B)(1)(ii) applies, the Calculation Agent will determine the FX Settlement Disruption Exchange Rate in good faith and in a commercially reasonable manner in accordance with the following procedures:
  - (1) the FX Settlement Disruption Exchange Rate shall be the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) on such day; or
  - (2) if fewer than two leading dealers provide the Calculation Agent with bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates on such day, the Calculation Agent shall determine the FX Settlement Disruption Exchange Rate acting in good faith and in a commercially reasonable manner;
- (D) this Condition 6(a)(iv) shall not apply to Dual Currency Notes;
- (E) for the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 6(a)(iv), and no additional interest will be paid in respect of any postponement of the date for payment;
- (F) for the avoidance of doubt, nothing contained in this Condition 6(a)(iv) shall prevent the Calculation Agent from determining that an Additional Disruption Event and/or Optional Additional Disruption Event has occurred, in which case, the provisions of Condition 7(o) shall prevail in the event of any conflict between this Condition 6(a)(iv) and Condition 7(o); and
- (G) for these purposes:
 

**"Disrupted Amount"** means the relevant Interest Amount, Final Redemption Amount or such other amount payable (if any);

**"Disrupted Payment Date"** means the due date for payment of the relevant Interest Amount, Final Redemption Amount or such other amount payable (if any);

**"FX Settlement Disruption Currency"** means US dollars ("USD");

**"FX Settlement Disruption Event"** means the occurrence of an event which makes it unlawful, impossible or otherwise impracticable to pay any Disrupted Amount in the Settlement Currency on the scheduled due date for payment;

**"FX Settlement Disruption Exchange Rate"** means the rate of exchange between the Settlement Currency (as specified in the applicable Final Terms) and the FX Settlement Disruption Currency, determined by the Calculation Agent in accordance with the provisions of sub-paragraph (C) above;

**"FX Settlement Disruption Expenses"** means the sum of (i) the cost to the Issuer, the Swap Counterparty and/or the Swap Counterparty's Affiliates of, unless Unwind Costs are specified as not applicable in the applicable Final Terms, unwinding any hedging arrangements related to the Notes and (ii) any transaction, settlement or other costs and expenses arising directly out of the occurrence of a FX Settlement Disruption Event or the related payment of the Disrupted Amount, all as determined by the Calculation Agent in good faith and in a commercially reasonable manner; and

**"Relevant Currency"** means each of Emirati Dirhams ("AED"), Argentinian Pesos ("ARS"), Australian Dollars ("AUD"), Bermudan Dollars ("BMD"), Bulgarian Leva ("BGN"), Bahraini Dinars ("BHD"), Botswana Pula ("BWP"), Brazilian Reais ("BRL"), Canadian Dollars ("CAD"), Swiss Francs ("CHF"), Chilean Pesos ("CLP"), Czech Koruna ("CZK"), Danish Kroner ("DKK"), Euro ("EUR"), Great British Pounds ("GBP"), Ghanaian Cedis ("GHS"), Hong Kong Dollars ("HKD"), Croatian Kuna ("HRK"), Hungarian Forints ("HUF"), Indonesian Rupiah ("IDR"), Israeli Shekels ("ILS"), Icelandic Krónur ("ISK"), Jordanian Dinars ("JOD"), Japanese Yen ("JPY"), Kenyan Shillings ("KES"), Kuwaiti Dinars ("KWD"), Kazakhstani Tenges ("KZT"), Lebanese Pounds ("LBP"), Moroccan Dirhams ("MAD"), Mauritian Rupees ("MUR"), Mexican Pesos ("MXN"), Malaysian Ringgits ("MYR"), Namibian Dollars ("NAD"), Nigerian Naira ("NGN"), Norwegian Kroner ("NOK"), New Zealand Dollars ("NZD"), Omani Riyals ("OMR"), Peruvian Nuevos Soles ("PEN"), Philippine Pesos ("PHP"), Polish Zloty ("PLN"), Qatari Riyals ("QAR"), Romanian Lei ("RON"), Russian Roubles ("RUB"), Saudi Riyals ("SAR"), Swedish Kronor ("SEK"), Singaporean Dollars ("SGD"), Thai Baht ("THB"), Tunisian Dinars ("TND"), Turkish Lira ("TRY"), United States Dollars ("USD") and South African Rand ("ZAR").

(b) *Physical Delivery*

(i) *Physical Delivery*

(A) *Asset Transfer Notices*

In relation to Notes (x) to be redeemed by delivery or (in the case of Credit Linked Notes) Delivery of the Entitlement(s) or (y) in respect of which Physical Settlement upon Physical Delivery Event is specified to be applicable in the applicable Final Terms and a Physical Delivery Event has been determined to have occurred in accordance with Condition 7(w) or (z) in respect of which Physical Settlement upon Acceleration is applicable and the Compartment Security is to be enforced in accordance with Condition 12, in order to obtain delivery or Delivery of the Entitlement in respect of any Note, the relevant Noteholder must:

- (1) if such Note is represented by a Global Note, the relevant Noteholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Issuing and Paying Agent and any entity appointed by the

Issuer to deliver or Deliver, as the case may be, the Entitlement on its behalf (the "**Delivery Agent**"), not later than the close of business in each place of reception on the Cut-Off Date, a duly completed asset transfer notice (an "**Asset Transfer Notice**") in the form set out in the Agency Agreement; and

- (2) if such Note is in definitive form, the relevant Noteholder must deliver (I) if this Note is a Bearer Note, to any Paying Agent or (II) if this Note is a Registered Note, to the Registrar or any Paying Agent, in each case, with a copy to the Issuing and Paying Agent and the Delivery Agent (as defined above) not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice in the form set out in the Agency Agreement.

For the purposes hereof, "**Cut-off Date**" means the date specified as such in the applicable Final Terms or if not so specified (a) in respect of a Note that is not a Credit Linked Note, the third Business Day immediately preceding the Maturity Date, (b) in respect of Physical Delivery Notes that are not Credit Linked Notes where "SPS Accumulator AER Payout" is specified as applicable in the applicable Final Terms and an Automatic Early Redemption Event has occurred, the third Business Day preceding the relevant Automatic Early Redemption Date in respect of which an Automatic Early Redemption Event has occurred or (c) in respect of a Credit Linked Note, the third Business Day immediately preceding the Physical Settlement Date (or, if earlier, the tenth Business Day following the NOPS Effective Date of the Notice of Physical Settlement) (each as defined in the Additional Terms and Conditions for Credit Linked Securities (the "**Credit Linked Conditions**")) and "**Entitlement**" means (i) the quantity of the Relevant Asset(s) equal to the Entitlement Amount specified in its Final Terms, (ii) following the occurrence of a Physical Delivery Event or Physical Delivery Early Redemption Event, shall have the meaning given to it in Condition 7(w) or (iii) following the occurrence of a Note Acceleration where Condition 12(b) is applicable, the Enforcement Entitlement determined in accordance with Condition 12(b).

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered (I) if such Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be, or (II) if such Note is in definitive form, in writing.

If this Note is in definitive form, this Note must be delivered together with the duly completed Asset Transfer Notice.

The Asset Transfer Notice shall:

- (aa) specify the name, address and contact telephone number of the relevant Noteholder and the person from whom the Issuer or Delivery Agent may obtain details for the delivery or Delivery of the Entitlement;
- (bb) specify the series number of the Notes and the number of Notes which are the subject of such notice;
- (cc) in the case of Notes represented by a Global Note, specify the nominal amount of Notes which are the subject of such notice and the number of the Noteholder's account at the relevant Clearing System to be debited with such Notes and irrevocably instruct and authorise the relevant Clearing System to debit the relevant Noteholder's account with such Notes on or before the Delivery Date or (in the case of Credit Linked Notes) the Delivery Date (as defined in the Credit Linked Conditions);

- (dd) include an undertaking to pay all Expenses and, in the case of Notes represented by a Global Note, an authority to the relevant Clearing System to debit a specified account with the relevant Clearing System in respect thereof and to pay such Expenses;
- (ee) include such details as are required for delivery or Delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered or Delivered and specify the name and number of the Noteholder's account to be credited with any cash payable by the Issuer, including pursuant to Credit Linked Condition 4, in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event or a Failure to Deliver and the Issuer (following a notification to such effect from the Calculation Agent) electing to pay the Disruption Cash Redemption Amount or Failure to Deliver Redemption Amount, as applicable, or as a result of the Issuer (following a notification to such effect from the Calculation Agent) electing to pay the Alternate Cash Redemption Amount;
- (ff) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof or following a Physical Delivery Event (where applicable), or enforcement of the Compartment Security in accordance with Condition 12(b), as the case may be; and
- (gg) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

If Condition 6(b)(ii) (*Variation of Settlement*) applies, the form of Asset Transfer Notice required to be delivered will be different from that set out above. Copies of such Asset Transfer Notice may be obtained from the Registrar or any Paying Agent.

(B) *Verification of the Noteholder*

In the case of Notes represented by a Global Note, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Issuing and Paying Agent the series number and number of Notes the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Note. Upon receipt of such confirmation, the Issuing and Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the Delivery Date or (in the case of Credit Linked Notes) the Delivery Date (as defined in the Credit Linked Conditions), as the case may be, debit the securities account of the relevant Noteholder with the relevant Notes.

(C) *Determinations and Delivery*

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Notes represented by a Global Note, by the relevant Clearing System or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in

consultation with the Issuing and Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Issuing and Paying Agent(s), any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Issuing and Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (A) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Notes represented by a Global Note, the relevant Clearing System, or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Issuing and Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

The Entitlement will be delivered at the risk of the relevant Noteholder, in the manner provided below on the date fixed for redemption or, in the case where delivery of the Entitlement results from the occurrence of a Physical Delivery Event, the Unwind Date notified to Noteholders in accordance with Condition 18 (*Notices*) or the date notified to Noteholders in accordance with Condition 18 (*Notices*) in accordance with Condition 12(b) (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**") or in the case of Credit Linked Notes Delivered at the risk of the relevant Noteholder, in the manner provided below on the Delivery Date (as defined in the Credit Linked Conditions), provided that the Asset Transfer Notice is duly delivered as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuing and Paying Agent and the Delivery Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Delivery Date) or (in the case of Credit Linked Notes or following a Physical Delivery Event or a Note Acceleration where Condition 12(b) is applicable) the original date fixed for delivery at the risk of such Noteholder in the manner provided below. For the avoidance of doubt, in such circumstances such Noteholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the date fixed for redemption or the original date fixed for delivery, as applicable and no liability in respect thereof shall attach to the Issuer or the Guarantor (if applicable), if any.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, deliver or procure the delivery of the Entitlement for each Note or (in the case of Credit Linked Notes) Deliver the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall acting in good faith determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes ("**Expenses**") arising from the delivery of the Entitlement or the Delivery of the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, as the case may be, in respect of such Notes shall be for the account of the relevant Noteholder and no delivery of the Entitlement or the Delivery of the Deliverable Obligations, obligations and/or other assets comprising

the Entitlement, as the case may be, shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

(D) *General*

If Aggregation is specified as applicable in the applicable Final Terms, Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Notes, provided that, the aggregate Entitlements in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent acting in good faith and in a commercially reasonable manner shall be paid to the Noteholder.

Following the Delivery Date of a Share all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in Condition 6(b)(i)(A) (*Asset Transfer Notices*).

For such period of time after delivery or Delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities or Deliverable Obligations, obligations and/or other assets comprising the Entitlement (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations, assets or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations, assets or Deliverable Obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations, assets or Deliverable Obligations.

(E) *Settlement Disruption*

The provisions of this Condition 6(b)(i)(E) apply to Notes other than (1) Credit Linked Notes, (2) Notes which are Notional Value Repack Securities to which Collateral Physical Settlement is applicable or (3) where Condition 12(b) is applicable and the Enforcement Entitlement is to be delivered following a Note Acceleration.

If, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect to satisfy its obligations in respect of the relevant Note by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all

of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 18 (*Notices*). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 18 (*Notices*) that a Settlement Disruption Event has occurred. No Noteholder shall be entitled to any payment in respect of the relevant Note in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

**"Disruption Cash Redemption Amount"**, in respect of any relevant Note, shall be the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Swap Counterparty and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner;

**"Relevant Asset"** means the Relevant Asset specified in the applicable Final Terms or, where applicable, as set out in Condition 7(w)(iv);

**"Settlement Business Day"** has the meaning specified in the applicable Final Terms; and

**"Settlement Disruption Event"** means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor (if applicable), as the case may be, as a result of which the Issuer or the Guarantor (if applicable), as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(F) *Additional Provisions for Credit Linked Notes*

In the case of Credit Linked Notes, the provisions contained in Annex 10 - "Additional Terms and Conditions for Credit Linked Securities" will apply.

(ii) *Variation of Settlement*

- (A) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Notes, the Issuer may, at its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Noteholders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Noteholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders, as the case may be. Notification of such election will be given to Noteholders in accordance with Condition 18 (*Notices*).

- (B) If specified in the applicable Final Terms, the Issuer shall, in respect of each Note, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Noteholders, make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders.

(iii) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*

Unless Issuer's Option to Substitute is specified as not applicable in the applicable Final Terms, notwithstanding any provision of these Conditions to the contrary, the Issuer may, in respect of such Notes, if the Calculation Agent determines (acting in good faith and in a commercially reasonable manner) that the Relevant Asset or Relevant Assets, as the case may be, comprises shares which are not freely tradeable, elect either (A) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner) of such other shares which the Calculation Agent determines, in good faith and in a commercially reasonable manner, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (B) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Noteholders, but in lieu thereof to make payment to the relevant Noteholder on the Delivery Date of an amount equal to the fair market value as determined by the Calculation Agent (unless otherwise specified) (the "**fair market value**") of the Entitlement on the Valuation Date as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Noteholders in accordance with Condition 18 (*Notices*) and in the event that the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(iv) *Rights of Noteholders and Calculations*

None of the Issuer, the Guarantor (if applicable), the Trustee, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions (to the extent permitted by any applicable law) in any calculation or determination in respect of the Notes.

The purchase of Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(c) *Currency unavailability*

This Condition shall apply when payment is due to be made in respect of any Note, Receipt or Coupon in the Specified Currency (other than where the Specified Currency is euro) and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) ("**Currency Unavailability**"). In the event of Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Note, Receipt or Coupon by making payment in euro on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of

the most recent prior practicable date. Any payment made in euro in accordance with this paragraph will not constitute an Event of Default.

(d) *FX Disruption Event*

If (x) FX Settlement Disruption Event Determination is specified as applicable in the applicable Final Terms, this Condition 6(d) will only apply if, in the determination of the Calculation Agent, the FX Disruption Event is not attributable to the Issuer, but substantially alters the economics of the Notes compared to the economics as of the Issue Date or (y) FX Settlement Disruption Event Determination is not specified as applicable in the applicable Final Terms, this Condition 6(d) will apply.

- (i) If on (A) any Settlement Currency Exchange Rate Observation Date or (B) (other than in the case of a FX Disruption Event which is a Dual Exchange Rate Event, Illiquidity Disruption or an Unscheduled Holiday) if a Specified Exchange Rate is specified in the applicable Final Terms, the second Business Day prior to the due date for payment of any amount calculated using such Specified Exchange Rate, the Calculation Agent determines that a FX Disruption Event has occurred and is subsisting it will give notice (an "**FX Disruption Notice**") to the Noteholders in accordance with Condition 18 as soon as reasonably practicable thereafter and, in any event, prior to the relevant due date for payment of the relevant amount to be calculated using such Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable.
- (ii) Following the occurrence of a FX Disruption Event:
  - (A) the date for payment of the relevant amount to be calculated using the Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable, will be postponed to the earlier of (1) the second Business Day following the date on which the Calculation Agent determines that a FX Disruption Event is no longer subsisting or (2) the day falling thirty (30) calendar days following the scheduled due date for payment of such amount (the "**Postponed DE Payment Date**") which, for the avoidance of doubt, may be later than the scheduled Maturity Date; and
  - (B) (1) in the case of (A)(1) above, the Issuer will pay the relevant amount in the Settlement Currency on the Postponed DE Payment Date or (2) in the case of (A)(2) above, subject to paragraphs (iii), (iv) and (v) below, in lieu of paying the relevant amount in the Settlement Currency, the Issuer will pay the relevant unconverted amount in the Specified Currency (each a "**Specified Currency Amount**") on the Postponed DE Payment Date.
- (iii) If the Issuer (following a notification to such effect from the Calculation Agent) elects to pay the Specified Currency Amount as provided in paragraph (ii)(B) above it may (but is not obliged to) give notice to the Noteholders in accordance with Condition 18 (an "**Issuer Account Information Notice**") requesting from each Noteholder such information as it deems appropriate in order to pay the Specified Currency Amount to such Noteholder (including, *inter alios*, account information into which in the determination of the Calculation Agent the Specified Currency Amount may be paid). Upon receipt of an Issuer Account Information Notice, each Noteholder must deliver to the Calculation Agent in accordance with paragraph (vi) below with a copy to the Issuing and Paying Agent a notice (a "**Noteholder Account Information Notice**") not later than 20 calendar days following receipt of the Issuer Account Information Notice (the "**Account Information Cut-off Date**") specifying details of an account in which, in the determination of the Calculation Agent, the relevant Specified Currency Amount may be paid. If any Noteholder fails to deliver a valid Noteholder Account Information Notice by the Account Information Cut-off Date, the Issuer will pay or cause to be paid the relevant Specified Currency Amount as soon as practicable following receipt of the relevant Noteholder Account Information Notice, provided that if any Noteholder fails to deliver a Noteholder Account Information Notice prior to the fortieth calendar day following deemed receipt of the Issuer Account Information Notice, then the Issuer shall be discharged from its obligation to pay to such

Noteholder the Specified Currency Amount and shall have no further obligation or liability whatsoever in respect thereof.

- (iv) In the event that the Calculation Agent determines that it is unlawful, impossible or otherwise impracticable to pay any Specified Currency Amount (other than as a result of the failure to deliver a Noteholder Account Information Notice, if applicable) on the due date for payment thereof (a "**Non-Transferability Event**"), the Issuer shall notify the Noteholders in accordance with Condition 18 that such due date for payment has been postponed until the first date on which in the opinion of the Calculation Agent the relevant Non-Transferability Event is no longer subsisting.
- (v) Notwithstanding paragraphs (ii) to (iv) above, the Calculation Agent acting in a commercially reasonable manner may make such adjustment to the Conditions and/or the applicable Final Terms as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the relevant FX Disruption Event.

Upon the Calculation Agent making such adjustment and notifying the Issuer of the relevant adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 18 stating the adjustment to the Conditions and/or the applicable Final Terms.

- (vi) Any Noteholder Account Information Notice from a Noteholder to the Calculation Agent will be validly given if delivered in writing to the Calculation Agent at the address specified for such purposes in the applicable Final Terms. Any such notice shall be deemed to have been given on the day when delivered or if delivered after 5.00 p.m. (London time) on any day or on any day on which commercial banks were not open for business in London, the first day thereafter on which commercial banks are open for business in London. The relevant Noteholder must provide satisfactory evidence to the Calculation Agent of its holding of the relevant Notes.
- (vii) For the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 6(d), and no additional interest will be paid in respect of any postponement of the date for payment.
- (viii) For these purposes "**FX Disruption Event**" means the occurrence of any of the following events:
  - (A) an Inconvertibility Event;
  - (B) a Dual Exchange Rate Event;
  - (C) an Illiquidity Disruption; or
  - (D) an Unscheduled Holiday.

Where:

"**Dual Exchange Rate Event**" means, with respect to any Settlement Currency Exchange Rate that the Settlement Currency Exchange Rate or any component rate of exchange thereof splits into dual or multiple currency exchange rates.

"**Illiquidity Disruption**" means, in relation to a Settlement Currency Exchange Rate, the occurrence of an event on a Settlement Currency Exchange Rate Observation Date (or, if different, the day on which rates for that Settlement Currency Exchange Rate Observation Date would, in the ordinary course, be published or announced by the relevant price source) which makes it impossible to obtain a firm quote of the Settlement Currency Exchange Rate for an amount to be determined by the Calculation Agent (either in one transaction or a commercially reasonable number of transactions that, when taken together, total such amount determined by the Calculation Agent);

**"Inconvertibility Event"** means the occurrence of any event or existence of any condition that has the effect of it being impossible, illegal or impracticable for, or has the effect of prohibiting, restricting or materially delaying the ability of the Issuer, the Swap Counterparty and/or any of the Swap Counterparty's Affiliates (1) to convert the Specified Currency into the Settlement Currency through customary legal channels; (2) to effect currency transactions on terms as favourable as those available to residents of the Reference Jurisdiction; or (3) to freely and unconditionally transfer or repatriate funds (in the Specified Currency or the Settlement Currency) from accounts inside the Reference Jurisdiction to accounts outside the Reference Jurisdiction or between accounts inside the Reference Jurisdiction.

**"Reference Jurisdiction"** means the jurisdiction specified as such in the applicable Final Terms.

**"Unscheduled Holiday"** means, in respect of any Settlement Currency Exchange Rate Observation Date, any date on which such date is not a Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9.00 a.m. local time in the principal financial centre of the Specified Currency or Settlement Currency (which, if the Specified Currency or Settlement Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) two Business Days prior to such day.

## 7. Redemption and Purchase

### (a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below and provided that no Early Redemption Event or Event of Default has occurred on or prior to the Maturity Date, each Note will be redeemed by the Issuer at its Final Redemption Amount (or, in the case only of Physical Delivery Notes to which Physical Settlement is applicable, where the applicable Final Terms specifies that such Notes will be redeemed by payment and/or delivery of a physical delivery of the Entitlement by the payment and the delivery of the Entitlement) in the relevant Specified Currency on the Maturity Date or, in the case of a Credit Linked Note, at the relevant amount and/or by delivery as specified in the Credit Linked Conditions provided that if Suspension of Payments is specified as applicable in the applicable Final Terms, upon the occurrence of a Suspension Event, each Note shall be finally redeemed on the Final Deferred Payment Date by payment of the Final Redemption Amount or in the case of a Physical Delivery Note, by delivery of the Entitlement (as provided in Condition 6(b)(i) above) if no Early Redemption Event results from such Suspension Event or, where an Early Redemption Events occurs during the relevant Suspension Period (as defined in Condition 7(y)), each Note shall be redeemed in accordance with Condition 7(l) and no interest shall accrue in respect of the period from the scheduled Maturity Date to the date on which the Notes are finally redeemed. For the purpose of this Condition 7(a), **"Final Deferred Payment Date"** means (1) the second Business Day following the final Business Day of the Suspension Period where no Early Redemption Event has occurred during the Suspension Period or, (2) where the Calculation Agent determines that the circumstances giving rise to the Suspension Event have been remedied (if possible) or no longer exist prior to the end of the applicable grace period such that no related Early Redemption Event has occurred, the second Business Day following the date on which the Calculation Agent makes such determination.

If a Business Day Convention is specified in the applicable Final Terms as applying to the Maturity Date and if the Maturity Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, the Maturity Date shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, the Maturity Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar

month, in which event the Maturity Date shall be brought forward to the immediately preceding Business Day; or

- (iii) the Preceding Business Day Convention, the Maturity Date shall be brought forward to the immediately preceding Business Day.

The "**Final Redemption Amount**", in respect of each nominal amount of Notes equal to the Calculation Amount, shall be an amount calculated by the Calculation Agent equal to:

(A) Calculation Amount x the percentage or (B) the Final Payout, in each case as specified in the applicable Final Terms,

provided that, (1) if the Notes are Dual Currency Redemption Notes, the product of the above formula will be converted into the Settlement Currency as provided in Condition 7(t) below and (2) if the product of the Final Payout is zero, no amount shall be payable on final redemption of the Note.

The "**Entitlement**" shall be the quantity of the Relevant Asset(s) equal to the Entitlement Amount specified in the applicable Final Terms or as set out in Condition 6(b)(i) or (in the case of a Credit Linked Note) the relevant obligations and/or other assets as specified in the Credit Linked Conditions.

Notes which may be redeemed by payment of a Final Redemption Amount or which are Physical Delivery Notes, depending on whether certain conditions are met, will be redeemed (i) by payment of the Final Redemption Amount or (ii) subject as provided in Condition 6(b), by delivery of the Entitlement.

(b) *Final Terms*

The Final Terms applicable to the Notes will indicate either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in paragraphs (f), (l), (m) and (r) below and in Condition 11 (*Events of Default*)); or
- (ii) that such Notes will be redeemable at the option of the Issuer and/or the Noteholders prior to such Maturity Date in accordance with the provisions of paragraphs (c) and/or (d) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.

(c) *Redemption at the Option of the Issuer*

If Issuer Call Option is specified as applicable in the applicable Final Terms, unless the Notes have previously been redeemed or purchased and cancelled or (if Noteholder Put Option is specified in the applicable Final Terms) notice has been given to the Issuer in accordance with Condition 7(d), the Issuer may, having given notice (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) in accordance with Condition 18 (*Notices*), to the Noteholders (with a copy to the Trustee) (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date(s) specified in the applicable Final Terms and at the Optional Redemption Amount(s) together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms. The "**Optional Redemption Amount**" in respect of each nominal amount of Notes equal to the Calculation Amount shall be an amount in the Settlement Currency calculated by the Calculation Agent equal to:

- (i) Calculation Amount x the percentage or (ii) the Call Payout, in each case specified in the applicable Final Terms,

provided that (A) if the product of the Call Payout is zero, no amount shall be payable on redemption of such Note and (B) if the Optional Redemption Amount is not an amount in the Settlement

Currency, if specified in the applicable Final Terms, it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed will (i) in the case of Notes represented by Notes in definitive form, be selected individually by lot, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**") and (ii) in the case of Notes represented by a global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of Notes represented by Notes in definitive form, a list of the serial numbers of such Notes will be published in accordance with Condition 18 (*Notices*) not less than 15 days prior to the date fixed for redemption.

In respect of any Note, any notice given by the Issuer pursuant to this Condition 7(c) shall be void and of no effect in relation to that Note in the event that, prior to the giving of such notice by the Issuer, the holder of such Note had already delivered a Put Notice (as defined in Condition 7(d) (*Redemption at the Option of the Noteholders*) below) in relation to that Note in accordance with Condition 7(d) (*Redemption at the Option of the Noteholders*).

(d) *Redemption at the Option of the Noteholders*

Unless the Notes have previously been redeemed or purchased and cancelled or (if Issuer Call Option is specified in the applicable Final Terms) notice has been given to the Noteholders in accordance with Condition 7(c), if Noteholder Put Option is specified as applicable in the applicable Final Terms, upon the holder of any Note giving notice to the Issuer in accordance with Condition 18 (*Notices*) (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) the Issuer will, upon the expiry of such notice, redeem in whole (but not in part), such Note on the Optional Redemption Date as specified in the applicable Final Terms and at the Optional Redemption Amount together, if applicable, with interest accrued to but excluding the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Note can be exercised, certain conditions and/or circumstances will need to be satisfied. The "**Optional Redemption Amount**" shall be an amount calculated in the Settlement Currency by the Calculation Agent equal to:

(i) Calculation Amount x the percentage or (ii) the Put Payout, specified in the applicable Final Terms,

provided that (A) if the product of the Put Payout is zero, no amount shall be payable on redemption of such Note and (B) if the Optional Redemption Amount is not an amount in the Settlement Currency, if specified in the applicable Final Terms, it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms.

To exercise the right to require redemption of a Note, the holder of such Note must, if the Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 7(d) and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2 (*Transfers of Registered Notes*). If the Note is in definitive form, the Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to the order or under its control. If the Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the

Issuing and Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Issuing and Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if the Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Issuing and Paying Agent for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this paragraph (d) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 11 (*Events of Default*), in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph (d); and
- (ii) void and of no effect in relation to such Note in the event that, prior to the giving of such Put Notice by the relevant holder (A) such Note constituted a Redeemed Note, or (B) the Issuer had notified the Noteholders of its intention to redeem all of the Notes then outstanding, in each case pursuant to Condition 7(c) (*Redemption at the Option of the Issuer*).

(e) *Early Redemption Amounts*

For the purposes of paragraphs (f), (l) and (m) below (other than where Reference Securities Impossibility Event is specified as applicable in the applicable Final Terms and a Reference Securities Impossibility Event has occurred) and Condition 11 (*Events of Default*), the Final Terms may specify that the Notes will be redeemed at the "**Early Redemption Amount**" calculated by the Calculation Agent in accordance with the following (provided that the Final Terms may specify more than one of the following amounts to apply in the applicable Final Terms in respect of different Early Redemption Events):

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) subject to Conditions 7(e)(v) and 7(e)(vi), in the case of a Note (other than a Zero Coupon Note) with a Final Redemption Amount or interest, coupon, premium or other interim payment which is linked to an index, a formula or other Underlying Reference, at the percentage of the Calculation Amount specified in the applicable Final Terms or, if "Market Value less Costs" is specified in the applicable Final Terms at the fair market value of the Note less associated costs; or
- (iii) in the case of Notes to which Physical Settlement is applicable by delivery of the Entitlement multiplied by a percentage specified in the applicable Final Terms; or
- (iv) in the case of Zero Coupon Notes, at an amount (the "**Amortised Face Amount**") equal to the sum of:
  - (A) the Reference Price specified in the applicable Final Terms; and
  - (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from and including the Issue Date to but excluding the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; or
- (v) if Liquidation Proceeds is specified in the applicable Final Terms as the Early Redemption Amount, the Issuer shall appoint an agent to sell or otherwise realise the Charged Assets (the "**Disposal Agent**") which shall be the Calculation Agent (or such other party as may be agreed by the Issuer and the Trustee provided that, for the avoidance of doubt, the Disposal Agent may not be the Issuer) and the Early Redemption Amount in respect of each

Note shall be the *pro rata* share of the Liquidation Proceeds. "**Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement which relates to the Notes (and not, for the avoidance of doubt, any termination payment (or part thereof) which relates to any series of Related Notes) or the proceeds of any sale of the Issuer's claim to such termination amount and/or the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes incurred by the Disposal Agent (for itself and on behalf of the Issuer), in respect of the sale or realisation of the Charged Assets and the early redemption of the Notes, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement. Where the Liquidation Proceeds Cap is applicable, "**Liquidation Proceeds Cap**" means (A) in case of redemption of the Notes as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event; or (B) following a Note Acceleration, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the date on which notice of the Note Acceleration was given by the Trustee in accordance with Condition 11 (*Events of Default*)) that would have been payable but for the occurrence of the Event of Default. In respect of Notes bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 7(e)(v) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption. Unless otherwise specified in the applicable Final Terms, the Early Redemption Amount will be "Liquidation Proceeds" as defined above;

- (vi) if Liquidation Proceeds/Fair Market Value is specified in the applicable Final Terms as the Early Redemption Amount, the Calculation Agent will determine the fair market value of a Note (taking into account the occurrence of the relevant Early Redemption Event but otherwise being equal to a *pro rata* share of the amounts payable to the Issuer in respect of the Charged Assets following their early termination or realisation on or prior to the Early Redemption Date) which such amount will be the Early Redemption Amount in respect of each Note unless such amount would be less than the *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap, if applicable) realised by a Disposal Agent appointed by the Issuer in respect of a Note, in which case a *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap, if applicable) will be the Early Redemption Amount in respect of each Note; or
- (vii) if Liquidation Proceeds/No Unwind Costs is specified as the Early Redemption Amount, the Early Redemption Amount in respect of each Note shall be the *pro rata* share of the Unadjusted Liquidation Proceeds. "**Unadjusted Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap (save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms), equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (or the relevant proportion thereof where the Notes are being redeemed in part only) (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any termination payment due to be paid to the Swap Counterparty under the Swap Agreement. Where the Liquidation Proceeds Cap is applicable, "**Liquidation Proceeds Cap**" means in case of redemption of the Notes as a result of an Early Redemption Event, the Final Redemption

Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event. In respect of Notes bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 7(e)(vii) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption; or

- (viii) if ERE Force Majeure/No Unwind Costs is specified as the Early Redemption Amount, the Early Redemption Amount in respect of each Note shall be the *pro rata* share of the Unadjusted Proceeds. "**Unadjusted Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap (save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms), equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (or the relevant proportion thereof where the Notes are being redeemed in part only) (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any termination payment due to be paid to the Swap Counterparty under the Swap Agreement but without deduction of costs other than such costs that are unavoidable to redeem the Notes early. Where the Liquidation Proceeds Cap is applicable, "Liquidation Proceeds Cap" means in case of redemption of the Notes as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event. In respect of Notes bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 7(e)(viii) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption; or
- (ix) if Highest Value is specified as applicable in the applicable Final Terms, the greater of the fair market value of a Note or, as the case may be, Redeemed Amount (where the fair market value of a Note or Redeemed Amount, as the case may be, shall be equal to such Note's *pro rata* share of the Unadjusted Liquidation Proceeds calculated as if Liquidation Proceeds/No Unwind Costs were applicable with respect to the relevant Early Redemption Event or event which leads to the partial redemption of the Note) (notwithstanding any illegality (if applicable) and taking into account any Additional Disruption Event, Optional Additional Disruption Event, Index Adjustment Event, Custom Index Adjustment Event, Extraordinary Event, Commodity Index Adjustment Event, Market Disruption Event, Index Cancellation, Disruption Event, Extraordinary Fund Event, Fund Index Adjustment Event, as the case may be), and the Protected Amount specified in the applicable Final Terms or, as the case may be, proportionate share of such Protected Amount, provided that, (x) no costs shall be deducted from such amount and (y) such amount shall include the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Noteholders until the scheduled Maturity Date of the Notes), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Noteholders to the Issuer in the Issue Price of the Notes, such amount to be paid to the Noteholders on the date notified to the Noteholders in the notice of early redemption or, as the case may be, notice of partial redemption;
- (x) if Market Value is specified as applicable in the applicable Final Terms, the fair market value of a Note or, as the case may be, Redeemed Amount (where the fair market value of a Note or Redeemed Amount, as the case may be, shall be equal to such Note's *pro rata* share of the Unadjusted Liquidation Proceeds calculated as if Liquidation Proceeds/No

Unwind Costs were applicable with respect to the relevant Early Redemption Event or event which leads to the partial redemption of the Note) (notwithstanding the illegality (if applicable) and taking into account any Additional Disruption Event, Optional Additional Disruption Event, Index Adjustment Event, Custom Index Adjustment Event, Extraordinary Event, Commodity Index Adjustment Event, Market Disruption Event, Index Cancellation, Disruption Event, Extraordinary Fund Event, Fund Index Adjustment Event, as applicable, where an Annex Early Redemption Event has occurred) calculated (x) without taking account of any costs and no costs shall be deducted from such amount and (y) including the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Noteholders until the scheduled Maturity Date of the Notes), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Noteholders to the Issuer in the Issue Price of the Notes, such an amount to be paid to the Noteholders on the date notified in the notice of early redemption or, as the case may be, notice of partial redemption;

- (xi) if Monetisation Option is specified as applicable in the applicable Final Terms:
- (A) the Monetisation Amount (as defined below) (including the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Noteholders until the scheduled Maturity Date of the Notes), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Noteholders to the Issuer in the Issue Price of the Notes), such amount to be paid by the Issuer (notwithstanding the notice of early redemption) on the Maturity Date; or
  - (B) if the Noteholder duly elects to receive the fair market value, as provided below, the Market Value calculated in accordance with Condition 7(e)(x) of such Note, such amount to be paid by the Issuer on the date fixed for early redemption, as notified to the Noteholders.

In the Issuer's notice of early redemption, the Issuer must include the following:

- (A) the cut-off date and time for each Noteholder to elect to receive the fair market value on the date fixed for early redemption;
- (B) the date of determination of the fair market value in respect of such election and the amount determined by the Calculation Agent as the fair market value of the Notes on such date; and
- (C) the amount calculated by the Calculation Agent as the Monetisation Amount; or

If this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, to make a valid election to receive the Market Value on redemption of a Note the relevant Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption give notice to the Registrar or the Issuing and Paying Agent, as the case may be, of such election, accompanied by the Note or evidence satisfactory to the Registrar or the Issuing and Paying Agent, as the case may be, that the Note will, following delivery of the notice, be held to its order or under its control in accordance with the Agency Agreement. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to make a valid election to receive the Market Value on redemption of a Note the relevant Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption, give notice to the Registrar or the Issuing and Paying Agent, as the case may be, such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary, as the case may be, for them to the Registrar or Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

If the Noteholder does not make a valid election to receive the fair market value on the date fixed for early redemption before the cut-off date and time set out in the Issuer's notice of early redemption, the Noteholder will receive the Monetisation Amount in respect of such Note on the Maturity Date.

For the purposes of this Condition 7(e)(xi):

**"Monetisation Amount"** means, in respect of a Note, an amount equal to the greater of the Protected Amount specified in the applicable Final Terms and the amount calculated by the Calculation Agent as follows:

$$(S + D) \times (1 + r)^n$$

Where:

**"S"** is the present value of the Protected Amount of such Note on the date on which the event triggering early redemption occurs;

**"D"** is the market value of the Derivative Component on the date on which the event triggering early redemption occurs;

**"r"** is a hypothetical annual interest rate that would be applied on an equivalent hypothetical debt instrument issued by the Issuer (or the Guarantor, as applicable) with the same time to redemption as the remaining time to redemption on the Notes from the date fixed for early redemption until the scheduled maturity date of the Notes;

**"n"** is the time remaining until the scheduled maturity date of the Notes, expressed as a number of years; and

**"Derivative Component"** means the option component or embedded derivative in respect of the outstanding aggregate nominal amount of the Notes or the interest amount due under the Notes, as applicable, in order to enable the Issuer to issue the Notes at the issue price and on their applicable terms. The value of the Derivative Component will be determined by the Calculation Agent, taking into account a number of factors, including, but not limited to:

- (A) market prices or values for the underlying reference asset(s) or basis (bases) and other relevant economic variables (such as interest rates; dividend rates; financing costs; the value, price or level of any relevant underlying reference asset(s) or basis (bases) and any futures or options relating to any of them; the volatility of any relevant underlying reference asset(s) or basis (bases); and exchange rates (if applicable));
  - (B) the time remaining until the scheduled maturity date of the Notes;
  - (C) internal pricing models; and
  - (D) prices at which other market participants might bid for the Derivative Component; or
- (xii) if Annex 12 (*Additional Terms for Notional Value Repack Securities*) is applicable, the Early Redemption Amount will be the Early Redemption Amount calculated as set out in Annex 12 (*Additional Terms for Notional Value Repack Securities*).

Where any of Liquidation Proceeds/No Unwind Costs, Highest Value, Market Value or Monetisation Option is specified as applicable in respect of an Early Redemption Event, if the Calculation Agent determines that such Early Redemption Event (other than a Reference Securities Impossibility Event, where applicable) constitutes a force majeure, ERE Force Majeure/No Unwind Costs shall apply.

For the purposes of Condition 7(l) below, where Reference Securities Impossibility Event is specified as applicable in the applicable Final Terms and a Reference Securities Impossibility Event

has occurred, the Notes will be redeemed and the "**Early Redemption Amount**" payable in respect of each Note will be the greater of: (i) the product of its Specified Denomination and the Issue Price; and (ii) its *pro rata* share of the Unadjusted Liquidation Proceeds calculated by the Calculation Agent, in accordance with Condition 7(e)(vii) above, as if Liquidation Proceeds/No Unwind Costs were specified in the applicable Final Terms as the Early Redemption Amount and the Liquidation Proceeds Cap was not applicable. In respect of Notes bearing interest, the Early Redemption Amount, as determined by the Calculation Agent for the purposes of a Reference Securities Impossibility Event, shall not include any interest, accrued or otherwise, and no other amount whatsoever will be payable by the Issuer in respect of such redemption.

(f) *Redemption following Swap Counterparty optional termination*

Where "**Swap Counterparty optional termination - Call option**" is specified as being applicable in the Final Terms:

- (i) within two Business Days of service by the Swap Counterparty of a notice that it has opted to terminate a Swap Agreement in whole or in part on the next following Interest Payment Date, the Issuer shall notify the relevant Noteholders in accordance with Condition 18 (*Notices*) of the early redemption of the Notes in whole or in part on such Interest Payment Date and, subject to the relevant provisions of Condition 7(l) (*Early Redemption Events*), shall redeem the relevant Notes at their principal amount outstanding plus interest accrued thereon to such Interest Payment Date on such Interest Payment Date; or
- (ii) within two Business Days of service by the Swap Counterparty of a notice that it has opted to terminate a Swap Agreement on any other date (where it has such right as so specified in the Final Terms) nominated by the Swap Counterparty (the "**Nominated Termination Date**"), the Issuer shall notify the relevant Noteholders in accordance with Condition 18 (*Notices*) of the early redemption of the Notes on such Nominated Termination Date and subject to Condition 7(l) (*Early Redemption Events*) shall redeem the Notes at their principal amount outstanding plus interest accrued thereon (if any) to such Nominated Termination Date on such Nominated Termination Date.

If any such redemption becomes due to be made by the Issuer in accordance with this Condition 7 and payment to the Noteholders pursuant hereto is not made, the security constituted by the Trust Deed shall become enforceable and the Trustee may take such action as is provided in Condition 11 (*Events of Default*) or the Trust Deed.

(g) *Instalments*

- (i) Each Note which is redeemable in instalments will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. Where an Instalment Amount is payable on an Instalment Date, a *pro rata* proportion of the relevant Charged Assets equivalent to the aggregate Instalment Amounts payable in respect of the Notes on such Instalment Date will be realised by the Issuer (and automatically realised from the security thereon) in order to pay such Instalment Amounts.
- (ii) If the applicable Final Terms specify that the Notes are redeemable in instalments and that Instalment Adjustment is applicable, each Note will be redeemed (i) in part by payment of the relevant Instalment Amount on each Instalment Date and (ii) with final redemption being made pursuant to Condition 7(a). The Instalment Amount in respect of an Instalment Date will be an amount calculated by the Calculation Agent equal to the product of the Calculation Amount immediately prior to such Instalment Date and the relevant Instalment Percentage specified in the applicable Final Terms in respect of such Instalment Date. Following each Instalment Date, the Calculation Amount in respect of each Note shall be reduced by the relevant Instalment Amount and all calculations and determinations in respect of the Notes shall be made on the basis of the Calculation Amount as so reduced (or in the case of calculations and determinations made in respect of all of the Notes, the aggregate of the Calculation Amount as so reduced).

- (iii) If the applicable Final Terms specify that the Notes are redeemable in Instalments and that OCA Instalment Adjustment is applicable, each Note will be redeemed (i) in part by payment of the relevant Instalment Amount on each Instalment Date and (ii) with final redemption being made pursuant to Condition 7(a). The Instalment Amount in respect of an Instalment Date will be an amount calculated by the Calculation Agent equal to the product of the original Calculation Amount as of the Issue Date and the relevant Instalment Percentage specified in the applicable Final Terms in respect of such Instalment Date. Following each Instalment Date, the Calculation Amount shall be reduced by the relevant Instalment Amount and, save for the calculation of the Instalment Amount, all calculations and determinations in respect of the Notes shall be made on the basis of the Calculation Amount as so reduced.
- (iv) All instalments (other than the final instalment) will be paid by surrender of, in the case of a definitive Bearer Note, the relevant Receipt (which must be presented with the Note to which it appertains) and, in the case of a definitive Registered Note, the relevant Note and issue of a new Note in the nominal amount remaining outstanding, all as more fully described in Condition 6 (*Payments*).
- (v) In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 7(e) above.

(h) *Maturity Date Postponement*

Where "Maturity Date Postponement" is specified as applicable the applicable Final Terms and the Maturity Date Postponement Event Condition is satisfied, the Maturity Date will be the day falling the number of Postponement Business Days after the Cash Settlement Payment Date.

For the purposes of this Condition 7(h):

**"Cash Settlement Payment Date"** means the day falling the number of Payment Delay Days after the Redemption Valuation Date or the final Valuation Date (if there is no Redemption Valuation Date), as the case may be;

**"Maturity Date Postponement Event Condition"** means due to the occurrence of an event leading to the occurrence of one or more Disrupted Days (in the case of Index Linked Notes, Share Linked Notes, Currency Linked Notes or ETI Linked Notes) or a Commodity Disrupted Day (in the case of Commodity Linked Notes), the Cash Settlement Payment Date would not fall at least two Business Days before the Scheduled Maturity Date specified in the applicable Final Terms;

**"Postponement Business Days"** means the number of Business Days specified in the applicable Final Terms; and

**"Payment Delay Days"** means the number of Business Days specified in the applicable Final Terms.

(i) *Purchases*

If the Issuer has satisfied the Trustee that it has made arrangements for the realisation of no more than the equivalent proportion of the Compartment Assets, for the repayment of no more than the equivalent proportion of any amount deposited under any Deposit Agreement, for the termination of no more than the equivalent proportion of any Swap Agreement and for the purchase of the Notes, which transaction will leave the Issuer with no net liabilities in respect thereof, the Issuer may at any time purchase Notes (provided that, in the case of Definitive Bearer Notes, all unmaturing Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise, in accordance with applicable laws and regulations. The Trustee will accept as evidence of the satisfaction of the criteria to such purchase a certificate (which it may rely on without further enquiry) of the Issuer confirming such arrangements and confirming that the remaining Charged Assets are sufficient to secure the Issuer's remaining obligations in respect of the remaining Notes. If required by any applicable law or regulation, Notes purchased by or on behalf of the Issuer will be surrendered for cancellation (within one Business Day of such purchase), in the case of Bearer Notes, by surrendering any such Note, together with, in the case of Definitive Bearer Notes, any

unmatured Receipts and Coupons appertaining thereto, to a Paying Agent and, in the case of Registered Notes, by surrendering the certificate representing such Notes to the Registrar.

In such circumstances:

- (A) the Issuer and the Secured Parties will be deemed to have consented to the release of the security in respect of that proportion of the Charged Assets that corresponds to the proportion that the principal amount outstanding of the Notes so purchased bears to the aggregate principal amount outstanding of the Notes and the Related Notes (if any) immediately prior to such purchase; and
- (B) unless an Event of Default or an event or circumstance that could with the giving of notice, lapse of time, issue of a certificate and/or fulfilment of any other requirement provided for in Condition 11 (*Events of Default*) become an Event of Default (a "**Potential Event of Default**") has occurred and the Trustee has actual notice of such occurrence, such proportion of the Charged Assets shall be deemed to have been released from the security created under the Trust Deed.

(j) *Cancellation*

All Notes which are redeemed or purchased by the Issuer will forthwith be cancelled (together with, in the case of Definitive Bearer Notes, all unmaturing Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption), and may not be reissued or resold. Upon such cancellation, in the case of Notes which are admitted to trading on the regulated market of the Luxembourg Stock Exchange and listed on the Official List of the Luxembourg Stock Exchange, the Issuer will forthwith inform the Luxembourg Stock Exchange of such cancellation. All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (i) above (together with, in the case of Definitive Bearer Notes, all unmaturing Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Issuing and Paying Agent or, in the case of Registered Notes, the Registrar, and cannot be reissued or resold.

(k) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, except for Registered Notes, pursuant to paragraphs (c), (d), (f), (l) or (m) or upon its becoming due and repayable as provided in Condition 11 (*Events of Default*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7(e)(iv) above as though the references therein to the date fixed for the redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Issuing and Paying Agent or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 18 (*Notices*).

(l) *Early Redemption Events*

The applicable Final Terms may specify that any of the following events applies. If any does so apply then in each case, in the event that the Calculation Agent notifies the Issuer and (if applicable) the Guarantor in writing (with a copy to the Trustee, on which notification the Trustee shall rely without further investigation or enquiry) that it has determined that one or more (as applicable) of the following events (each, an "**Early Redemption Event**") has occurred:

- (i) there is a payment default in respect of any of the Charged Assets (other than the relevant Swap Agreement) (an "**Asset Payment Default Event**"); or
- (ii) the issuer or primary obligor in respect of any of the Charged Assets (each, a "**Charged Assets Issuer**") or any guarantor of the Charged Assets Issuer's obligations in respect of

any Charged Assets fails to perform or observe any of its obligations under the relevant Charged Assets and the failure continues after the expiration of any applicable grace period or the occurrence of any event (including, but not limited to, default, event of default, or other similar condition or event (howsoever described)) that results in the Charged Assets becoming capable of being declared due and payable before they would otherwise have been due and payable (an "**Asset Default Event**"); or

- (iii) any of the Charged Assets is, for any reason, redeemed or otherwise terminated prior to its scheduled redemption or termination date (an "**Asset Redemption Event**"); or
- (iv) there is a payment default in respect of any of the Charged Assets (other than the relevant Swap Agreement) or the aggregate amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets is less than the aggregate of the Final Redemption Amounts payable by the Issuer in respect of the Notes (an "**Asset Payment Shortfall Event**"); or
- (v) on or after the Trade Date, (A) due to the adoption of any change in any applicable law or regulation (including, without limitation, any tax law) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or brought in a court of competent jurisdiction), either (1) any amount is required to be deducted or withheld for or on account of any tax, levy, impost, duty, charge, assessment or fee of any nature imposed by any government or other taxing authority in respect of any payment to be received by the Issuer under one or more Charged Assets or (2) the Issuer becomes obliged to pay any amount for or on account of any tax, levy, impost, duty, charge, assessment or fee of any nature imposed by any government or other taxing authority in respect of (I) any payment received by the Issuer under one or more Charged Asset or (II) holding, acquiring or disposing of any Charged Asset (a "**Compartment Tax Event**"); or
- (vi) the early termination in full of any Swap Agreement (or any other agreement specified as a Related Agreement in the Final Terms) entered into in respect of the Notes other than where the Issuer is the Defaulting Party (as defined in the relevant Swap Agreement) thereunder and the relevant event of default relates to the insolvency of the Issuer or is an event of default under the Notes or due to the purchase by the Issuer of all the outstanding Notes of a series (a "**Related Agreement Termination Event**"); or
- (vii) where an Annex to these Conditions is applicable, and/or in accordance with Condition 7(o)(B) below, the Calculation Agent notifies the Issuer that an event has occurred in respect of which the Calculation Agent acting in good faith and in a commercially reasonable manner determines it is not possible to make an adjustment in respect of such event and that the Notes should be redeemed early as contemplated in either (A) such Annex or (B) Condition 7(o)(B), as the case may be (an "**Annex Early Redemption Event**"); or
- (viii) on or after the Trade Date, (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation in respect of tax, solvency or capital requirements), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing or financial authority), or the combined effect thereof if occurring more than once, the Issuer or the Calculation Agent determines in good faith and in a commercially reasonable manner that it has become illegal for (1) the Issuer to perform its obligations in respect of any Notes or the Swap Counterparty to perform its obligations in respect of any Swap Agreement, (2) for the Issuer to hold, acquire or dispose of relevant hedge positions relating to any Notes or for the Swap Counterparty to hold, acquire or dispose of relevant hedge positions relating to any Swap Agreement save where such an event in (A) or (B) would constitute an Additional Disruption Event or an Optional Additional Disruption Event (in the case of Index Linked Notes, Share Linked Notes, Commodity Linked Notes, Currency Linked Notes, Underlying Interest Rate Linked Notes or ETI Linked Notes) or an Extraordinary

Fund Event (in the case of Fund Linked Notes) or an Extraordinary ETI Event (in the case of ETI Linked Notes) or the Notes are Inflation Linked Notes, or (3) for the Issuer to hold, acquire or dispose of any Compartment Assets (a "**Compartment Change in Law Event**"); or

(ix) the Calculation Agent determines that, on or after the Trade Date, any of the following has occurred in respect of the Reference Securities:

(A) any event (by way of change to the actual terms and conditions applicable to the Reference Securities or by way of exchange of the Reference Securities with another asset) which would cause (1) a reduction in the amount of interest payable or the amount of scheduled interest accruals, (2) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates, (3) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest or (II) the payment of principal or premium, (4) a change in the ranking in priority of payment of any obligation of the issuer of the Reference Securities, causing the subordination of the Reference Securities to any other obligation or any change in the currency or composition of any payment of interest or principal under the Reference Securities; or

(B) any expropriation, transfer or other event which mandatorily changes the beneficial holder of the Reference Securities or a cancellation, conversion or compulsory exchange of the Reference Securities; or

(C) any event analogous to the events specified in (A) or (B),

(a "**Reference Securities Restructuring Event**");

(x) (A) any event occurs as a result of action taken or announcement made by a governmental authority pursuant to, or by means of, a restructuring and resolution law or regulation or any other similar law or regulation, in any case, irrespective of whether such event is expressly provided for under the terms of the Reference Securities which would cause (1) a reduction in the amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination), (2) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates (including by way of redenomination), (3) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest or (II) the payment of principal or premium, (4) a change in the ranking in priority of payment of any obligation of the issuer of the Reference Securities, causing the subordination of the Reference Securities to any other obligation, or (5) any change in the currency or composition of any payment of interest or principal under the Reference Securities; or

(B) any expropriation, transfer or other event which mandatorily changes the beneficial holder of the Reference Securities, or a mandatory cancellation, conversion or exchange; or

(C) any event which has an analogous effect to any of the events specified in (A) and/or (B),

(a "**Reference Securities Regulatory Event**"); or

(xi) an authorised officer of the issuer of the Charged Assets or any guarantor of the obligations of the issuer of the Charged Assets in respect of any Charged Assets or a governmental authority disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of the Charged Assets or declares or imposes a moratorium, standstill, roll-over or deferral, whether de facto or de jure, with respect to the Charged Assets (a "**Charged Assets Repudiation/Moratorium Event**"); or

(xii) the issuer, or primary obligor, or guarantor in respect of any of the Charged Assets:

- (A) is dissolved (other than pursuant to a consolidation, amalgamation or merger);
- (B) becomes insolvent or is unable to pay its debts or fails or admits in writing in a judicial, regulatory or administrative proceeding or filing its inability generally to pay its debts as they become due;
- (C) makes a general assignment, arrangement, scheme or composition with or for the benefit of its creditors generally, or such a general assignment, arrangement, scheme or composition becomes effective;
- (D) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other similar relief under any bankruptcy or insolvency law or other law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition: (1) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation; or (2) is not dismissed, discharged, stayed or restrained in each case within thirty calendar days of the institution or presentation thereof;
- (E) has a resolution passed for its winding-up or liquidation (other than pursuant to a consolidation, amalgamation or merger);
- (F) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets;
- (G) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within thirty calendar days thereafter; or
- (H) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in subparagraphs (A) to (G) (inclusive) above,

(a "**Charged Assets Issuer Bankruptcy Event**"); or

- (xiii) the Calculation Agent determines the Issuer is unable (due to reasons outside its control) to purchase the Reference Securities on the applicable Initial Reference Security Purchase Date(s), and such inability continues for a period of three (3) Business Days (or such longer period as may be determined by the Calculation Agent) after the applicable Initial Reference Security Purchase Date (a "**Reference Securities Impossibility Event**"), where the "**Initial Reference Security Purchase Date(s)**" means the date or dates specified as such in the applicable Final Terms; or
- (xiv) the Calculation Agent determines that (A) the Relevant Regulator has informed the Reference Security Issuer that the Reference Securities are, or are likely to be, an impediment to resolution of the Reference Security Issuer pursuant to the Resolution Rules, (B) the Reference Securities do not comply with the criteria applicable to eligible liabilities and are or are likely to be, excluded from the eligible liabilities available to meet the MREL/TLAC Requirements of the Reference Security Issuer according to the Relevant Rules as a consequence or (C) the Reference Securities are deemed to fall outside the category of obligations described in article L.613-30-3-I-5°(or, where Regulatory Ratio Event – SNP is specified in the applicable Final Terms, article L.613-30-3-I-4°) of the *French Code monétaire et financier* (a "**Regulatory Ratio Event**"); or

- (xv) the Calculation Agent determines (or is notified by the Swap Counterparty) that one or more of the following events (each, a "**Compartment Regulatory Event**") has occurred:
- (A) the adoption of, or any change in, any applicable law or regulation after the Trade Date, or promulgation of, or any change in, the interpretation by any Authority of any Relevant Regulatory Law, or any practice relating thereto after the Trade Date, which (1) has, or may have, a material adverse effect on the Issuer or the Swap Counterparty as a result of, or in connection with, the issuance of the Notes or maintaining the Notes in issue or in connection with the Charged Assets or (2) where Regulatory Increased Costs is specified as applicable in the applicable Final Terms, causes or may cause the Issuer or the Swap Counterparty to incur or suffer a materially increased cost (including, without limitation, in respect of any tax, solvency, regulatory or capital requirements) in maintaining the Notes in issue, being party to a Related Agreement or in holding, acquiring or disposing of any Charged Assets;
  - (B) any Relevant Regulatory Law which, in each case, was either not in force as at the Trade Date or was in force at the Trade Date but the manner of its application was not known or unclear at the Trade Date is implemented, promulgated or otherwise made known, and such implementation, promulgation or application (1) has, or may have, a material adverse effect on the Issuer or the Swap Counterparty as a result of, or in connection with, the issuance of the Notes or maintaining the Notes in issue or in connection with the Charged Assets or (2) where Regulatory Increased Costs is specified as applicable in the applicable Final Terms, causes or may cause the Issuer or the Swap Counterparty to incur or suffer a materially increased cost (including, without limitation, in respect of any tax, solvency, regulatory or capital requirements) in maintaining the Notes in issue, being party to a Related Agreement or in holding, acquiring or disposing of any Charged Assets;
  - (C) the Issuer or the Swap Counterparty is required to be regulated by any additional or alternative regulatory authority or in compliance with any additional laws which (1) has, or may have, a material adverse effect on the Issuer or the Swap Counterparty or as a result of, or in connection with, the issuance of the Notes or in connection with the Charged Assets or (2) where Regulatory Increased Costs is specified as applicable in the applicable Final Terms, causes or may cause the Issuer or the Swap Counterparty to incur or suffer a materially increased cost (including, without limitation, in respect of any tax, solvency, regulatory or capital requirements) in maintaining the Notes in issue, being party to a Related Agreement or in holding, acquiring or disposing of any Charged Assets, whether or not caused by a change in the law, the promulgation of regulations thereunder, the interpretation of such laws and regulations by any relevant Authority, any practice related thereto or otherwise; and whether or not such laws, regulations or practice were known or unclear at the Trade Date;
  - (D) the Issuer is required to clear any derivatives transaction entered into connection with the Notes with a central clearing counterparty;
  - (E) the Issuer or the Swap Counterparty would be an "AIFM" or an "AIF" for the purposes of AIFMD by virtue (wholly or partially) of its involvement with the Notes or any Swap Agreement or SecurAsset S.A. is determined to be an "AIF" for the purposes of AIFMD;
  - (F) the Issuer or the Swap Counterparty is, as a result of, or in connection with, the issuance of the Notes or in connection with the Charged Assets:
    - (1) where Regulatory Increased Costs is specified as applicable in the applicable Final Terms, subject to materially increased capital charges,

however defined, above those capital charges (if any) that prevailed as at the Trade Date; and/or

- (2) required to provide collateral or any form of initial or variation margin to the other in addition to that (if any) contemplated on the Trade Date; and/or
- (G) any party to a Transaction Document is subject to any additional legal requirement or regulation considered by the Calculation Agent to be materially onerous to such party to the relevant Transaction Document(s),

the Issuer shall forthwith give not more than 30 nor less than 15 days' notice (which notice shall be irrevocable) to the Trustee and the Noteholders pursuant to Condition 18 (*Notices*) prior to the specified date of redemption that it intends to redeem the Notes in accordance with this Condition 7(l), and upon the expiry of such notice, the Issuer shall redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest to (but excluding) the date of redemption specified in the relevant notice (the "**Early Redemption Date**"), provided that, (A) where Maturity Date Extension applies as set out in Condition 7(n) (*Maturity Date Extension*), such redemption shall take place in accordance with Condition 7(n) and/or (B) where Physical Settlement upon an Early Redemption Event is specified to be applicable to an Early Redemption Event in the applicable Final Terms and such Early Redemption Event occurs, redemption upon such Early Redemption Event shall be governed by, and shall take place in accordance with Condition 7(w).

Where Annex 12 (*Additional Terms and Conditions for Notional Value Repack Securities*) applies, the Early Redemptions Events which are set out in Annex 12 (*Additional Terms and Conditions for Notional Value Repack Securities*) will apply to the extent specified as Early Redemption Events in the applicable Final Terms rather than the events specified in this Condition 7(l) and the applicable Early Redemption Amount and Early Redemption Date will be determined in accordance with Annex 12 (*Additional Terms and Conditions for Notional Value Repack Securities*) and any reference to Condition 7(l) shall be construed accordingly.

Where Swap Termination Without Redemption is specified as applicable in the applicable Final Terms, the Swap Agreement shall be deemed not to be included in the term "Charged Assets" as used in Conditions 7(l)(i) to (iv) (inclusive) and the definition of Related Agreement Termination Event in Condition 7(l)(vi) shall not apply and shall be replaced by the following definition:

"(vi) the early termination in full of any Swap Agreement entered into in respect of the Notes other than where (i) the Issuer is the Defaulting Party (as defined in the relevant Swap Agreement) and the relevant event of default relates to the insolvency of the Issuer, (ii) a Swap Default has occurred, (iii) where an Annex to these Conditions is applicable or Condition 7(o)(B) applies, the Swap Agreement terminates in whole or in part as a result of an event in respect of which the Calculation Agent determines that it is not possible to make an adjustment to the terms of the Notes in respect of such event in accordance with such Annex or Condition 7(o)(B) but due to the application of provisions relating to delayed redemption in the relevant Annex or Condition 7(o)(B)(c), the Notes are not due to be redeemed until the Maturity Date or (iv) the Swap Agreement terminates due to the purchase by the Issuer of all the outstanding Notes of a series (a "**Related Agreement Termination Event**");".

Where the Series of Notes has been issued through a Multi-Series Compartment, the reference to "Swap Agreement" in Condition 7(l)(vi) shall be deemed to be a reference to the relevant Series Transaction(s) entered into in respect of such Series of Notes.

"**Series Transaction**" means where a Swap Agreement has been entered into in respect of the Notes and one or more series of Related Notes, the transaction under the relevant Swap Agreement relating to the relevant Series of Notes.

As used in this Condition 7(l) (and where such term is used in Condition 7(w)):

"**Authority**" means any nation, any political subdivision thereof, whether state or local, any international organisation, and any agency, authority, instrumentality, judicial or administrative, regulatory body, law enforcement body, securities or futures exchange, court, central bank or other

entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government;

**"BNP Paribas Group"** means BNP Paribas together with its consolidated subsidiaries;

**"BRRD"** means Directive 2014/59/EU of the Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms as published in the Official Journal of the European Union on 12 June 2014, as amended from time to time (including by the Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending Directive 2014/59/EU as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC) or such other directive as may come in effect in the place thereof;

**"CRD IV Rules"** means any or any combination of the CRD IV, the CRR and any CRD IV Implementing Measures;

**"CRD IV"** means the Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, as published in the Official Journal of the European Union on 27 June 2013, as amended from time to time (including by Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending Directive 2013/36/EU as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures) or such other directive as may come into effect in place thereof ;

**"CRD IV Implementing Measures"** means any regulatory capital rules implementing the CRD IV Directive or the CRR which may from time to time be introduced, including, but not limited to, delegated or implementing acts (regulatory technical standards) adopted by the European Commission, national laws and regulations, and regulations and guidelines issued by the Relevant Regulator, which are applicable to the Reference Security Issuer and which prescribe the requirements to be fulfilled by financial instruments for inclusion in the regulatory capital of the Reference Security Issuer;

**"CRR"** means the Regulation 2013/575 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms, as published in the Official Journal of the European Union on 27 June 2013, as amended from time to time (including by Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No 575/2013 as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, and Regulation (EU) No 648/2012) or such other directive as may come into effect in place thereof;

**"MREL/TLAC Requirements"** means the minimum requirement for own funds and eligible liabilities and/or total loss-absorbing capacity requirements applicable to the Reference Security Issuer and/or the BNP Paribas Group referred to in the BRRD, any other EU law or regulation and relevant implementing legislation and regulation in France and/or any other legislation or regulation as may come in effect in the place of, or in addition to, any of the foregoing which relates to requirements for own funds and eligible liabilities and/or capacity to absorb losses;

**"Reference Security Issuer"** means the issuer(s) of the Reference Securities specified in the applicable Final Terms;

**"Relevant Regulator"** means the European Central Bank and any successor or replacement thereto, or other authority (including, but not limited to any resolution authority) having primary

responsibility for the prudential oversight and supervision of the Reference Security Issuer or the application of the Relevant Rules to the Reference Security Issuer and the BNP Paribas Group;

**"Relevant Regulatory Law"** means:

- (a) the United States Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, any change in, any law, regulation or rule related thereto and any formal or informal technical guidelines and regulatory technical standards, further regulations, official guidance or official rules or procedures with respect thereto;
- (b) Regulation (EU) No 648/2012 of the European Parliament and the Council of 4 July 2012 on OTC Derivatives, Central Counterparties and Trade Repositories and any technical guidelines and regulatory technical standards, further regulations, official guidance or official rules of procedures with respect thereto, as amended from time to time;
- (c) Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (recast) and the implementation or adoption of, or any change in, any law, regulation or rule related thereto and any formal or informal technical guidelines and regulatory technical standards, further regulations, official guidance or official rules or procedures with respect thereto;
- (d) Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Regulation (EU) No 648/2012 and the implementation or adoption of, or any change in, any law, regulation or rule related thereto and any formal or informal technical guidelines and regulatory technical standards, further regulations, official guidance or official rules or procedures with respect thereto;
- (e) Directive 2011/61/EU of the European Parliament and of the Council of 8 June 2011 on Alternative Investment Fund Managers and the implementation or adoption of, or any change in, any law, regulation or rule related thereto and any formal or informal technical guidelines and regulatory technical standards, further regulations, official guidance or official rules or procedures with respect thereto ("**AIFMD**"); and
- (f) the implementation or adoption of, or any change in, any applicable law, regulation, rule, guideline, standard or guidance after the Trade Date, and with applicable law, regulation, rule, guideline, standard or guidance for this purpose meaning any similar, related or analogous law, regulation, rule, guideline, standard or guidance to those in paragraphs (a) to (e) above or any law or regulation that imposes a financial transaction tax or other similar tax;

**"Relevant Rules"** means at any time the laws, regulations, requirements, guidelines and policies of the Relevant Regulator relating to capital adequacy applicable to the Reference Security Issuer from time to time including, for the avoidance of doubt, applicable rules contained in, or implementing the CRD IV Rules and/or the BRRD; and

**"Resolution Rules"** means the BRRD and any other EU law or regulation and relevant implementing legislation and regulations in France relating thereto.

(m) *Redemption for taxation and other reasons*

- (i) If so specified in the Final Terms, then if the Issuer, on the occasion of the next payment due in respect of the Notes, would be required by law to withhold or account for tax or would suffer tax in respect of its income or payments so that it would be unable to make payment of the full amount due, the Issuer shall so inform the Trustee and the Swap Counterparty in writing and shall use all reasonable endeavours to arrange the substitution

of a company incorporated in another jurisdiction approved in writing by the Trustee and the Swap Counterparty as the principal obligor or to change (to the satisfaction of the Trustee and the Swap Counterparty) its residence for taxation purposes to another jurisdiction approved in writing by the Trustee and the Swap Counterparty and, if it is unable to arrange such substitution or change before the next payment is due in respect of the Notes, the Issuer shall forthwith give not more than 30 nor less than 15 days' notice (unless otherwise specified in the Final Terms) to the Trustee and the Noteholders (which notice shall be irrevocable), and upon expiry of such notice shall redeem all but not some only of the Notes at their Early Redemption Amount together with interest (if any) accrued to the date fixed for redemption. Such notice shall be given promptly upon the occurrence of any of the above events.

- (ii) Where this Condition 7(m) is specified as being applicable in the applicable Final Terms, if (x) a Swap Agreement is terminated in whole for any reason save for where Condition 7(f) (*Redemption following Swap Counterparty optional termination*) is applicable and the Swap Counterparty exercises its rights to terminate the Swap Agreement according to its terms or a Repurchase Agreement is terminated for any reason, or a Deposit Agreement is terminated for any reason in each case save where the Issuer has purchased all the Notes pursuant to, and in accordance with, Condition 7(i) (*Purchases*); or (y) the Issuer satisfies the Trustee (by the provision of such certificates and opinions as the Trustee deems necessary) that the performance of its obligations under the Notes or that any arrangements made to hedge its position under the Notes have or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, then the Issuer shall forthwith give not more than 25 nor less than 10 days' notice (unless otherwise specified in the Final Terms) to the Trustee, the Noteholders and the Swap Counterparty (which notice shall be irrevocable) and on the expiry of such notice shall redeem all but not some only of the Notes at their Early Redemption Amount together with interest (if any) accrued to the date fixed for redemption. Such notice shall be given promptly upon the occurrence of either of the above events and such redemption made, unless the Trustee shall certify to the Issuer that it considers in its absolute discretion that it is in the interests of the holders of the Notes that such notice and redemption be delayed or not given or made, as the case may be, or an Extraordinary Resolution of the holders of the Notes shall otherwise direct.

(n) *Maturity Date Extension*

Where:

- (A) "**Maturity Date Extension**" is specified in the applicable Final Terms as being applicable on the Early Redemption Date (or on the Maturity Date if the Early Redemption Event occurs on such date); and/or
- (B) Swap Termination Without Redemption is specified in the applicable Final Terms as being applicable, a Swap Default has occurred and the Issuer has not received any Early Termination Amount (as defined in the Swap Agreement) due to it in the manner set out in Condition 8(k) (*Swap termination*) on or prior to the Maturity Date,

the terms of this Condition 7(n) shall apply as set out below, provided that, where sub-clause (B) applies and no Early Redemption Event has also occurred, the provisions of Conditions 7(n)(i), 7(n)(ii), 7(n)(vi) and 7(n)(vii) only shall apply.

- (i) Where the Issuer has not received in full the amount it is scheduled to receive on or prior to such date in respect of any of the Charged Assets relating to the relevant Notes (such assets, the "**Non-Performing Assets**") it shall, on the Early Redemption Date or the Maturity Date, as the case may be, pay any amounts it has received in respect of the Charged Assets *pro rata* to the Noteholders (provided that all amount(s) which are to be deducted from such amounts in accordance with the definition of Liquidation Proceeds have been paid in full or, where a Swap Default has occurred and Swap Termination Without Redemption applies

and no Early Redemption Event has also occurred, the amounts which are to be deducted as set out in Condition 8(k) (the "**Deduction Amounts**") and redemption in full of the Notes will be postponed until the date specified in the applicable Final Terms as the "Extended Maturity Date" (the "**Extended Maturity Date**"), provided that if during the Extension Period the Calculation Agent gives at least three Business Days' notice to the Issuer that the Calculation Agent, in good faith and in a commercially reasonable manner, has determined that the Issuer will not receive any further amounts in respect of the Non-Performing Assets and that it will not be possible to realise any further amounts in respect of the Non-Performing Assets, the date on which such notice expires shall be deemed to be the actual Extended Maturity Date and no further amounts shall be paid by the Issuer in respect of the Notes following such date.

- (ii) On each day in the Extension Period falling three Business Days after the receipt of any amounts by the Issuer in respect of any Non-Performing Asset, the Issuer shall procure that such amounts are paid *pro rata* to the Noteholders as set out in Condition 7(n)(v) and provided that the Deduction Amounts have been paid in full.
- (iii) The Issuer shall appoint an agent (which may be the Swap Counterparty, provided the Swap Counterparty is not the obligor in respect of a relevant Non-Performing Asset, or the Trustee or any other party which the Issuer may appoint with the consent of the Trustee) to assist it in recovering amounts in respect of the Non-Performing Assets (a "**Realisation Agent**"). Any fees, costs and expenses charged and incurred by the relevant Realisation Agent will be deducted from the amounts available to pay Noteholders or any other Secured Party which is entitled to such amounts.
- (iv) If "Sale of Assets" is specified in the applicable Final Terms and there is a Non-Performing Asset, the Issuer shall, at the request of the Calculation Agent, procure that any Non-Performing Asset and any other Charged Asset in respect of the relevant Compartment (or the Issuer's rights thereto) which the Issuer is requested by the Calculation Agent to sell shall be sold by the relevant Disposal Agent prior to the Extended Maturity Date and the proceeds from such sale (less any costs or expenses incurred in such sale) will be applied in accordance with the terms of this Condition 7(n) and, if the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, that such sale is not possible in respect of any Non-Performing Asset, it shall be deemed that the amount received in respect of such Non-Performing Asset is equal to zero.
- (v) The total amount received in respect of the Charged Assets in the period from, and including, the Maturity Date or the Early Redemption Date, as the case may be, to, but excluding, the Extended Maturity Date (the "**Extension Receipts**") shall be deemed to form part of the Liquidation Proceeds as set out in Condition 7(e) provided that, to the extent amounts are owed to Secured Parties other than the Noteholders in respect of the relevant Series of Notes, the Issuer shall apply the Extension Receipts in accordance with the applicable Order of Priority which would apply following a Note Acceleration in respect of the Notes and any reference to amounts being paid to the Noteholders in this Condition 7(n) shall be construed accordingly.
- (vi) No interest shall accrue on the Notes for the period from, and including, the Maturity Date or the Early Redemption Date, as the case may be, to, and including, the Extended Maturity Date if redemption of the Notes in whole or in part is postponed to the Extended Maturity Date in accordance with this Condition 7(n) unless specified otherwise in the applicable Final Terms.
- (vii) As used in this Condition 7(n), "**Extension Period**" means the period from, but excluding, the Maturity Date or the Early Redemption Date to, and including, the Extended Maturity Date.
- (o) *Additional Disruption Events and Optional Additional Disruption Events*
  - (A) **Definitions**

**"Additional Disruption Event"** means each of Change in Law and Hedging Disruption (unless specified to be not applicable in the applicable Final Terms);

**"Administrator/Benchmark Event"** means the Calculation Agent determines that:

- (a) a Benchmark Modification or Cessation Event has occurred or will occur;
- (b) any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of a relevant Benchmark or the administrator or sponsor of a relevant Benchmark has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that the Issuer, the Issuing and Paying Agent or the Calculation Agent or any other entity is not, or will not be, permitted under any applicable law or regulation to use the relevant Benchmark to perform its or their respective obligations under the Notes; or
- (c) it is not commercially reasonable to continue the use of a relevant Benchmark in connection with the Notes from the perspective of the Issuer, the Issuing and Paying Agent or the Calculation Agent or the Issuer or the Calculation Agent suffers or will suffer an increased cost, in each case, as a result of any applicable licensing restrictions or changes in the cost of obtaining or maintaining any relevant licence (including, without limitation, where the Issuer, the Calculation Agent, the Issuing and Paying Agent or any other entity is required to hold a valid licence in order to issue or perform its obligations in respect of the Notes and for any reason such licence is either not obtained, not renewed or is revoked or there is a material change in the cost of obtaining or renewing such licence);

**"Affiliate"** means in relation to any entity (the **"First Entity"**), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "control" means ownership of a majority of the voting power of an entity.

**"Benchmark"** means any figure, value, level or rate which is a benchmark as defined in BMR where any amount payable or deliverable under the Notes, or the value of the Notes, is determined, in whole or in part, by reference to such figure, value, level or rate, all as determined by the Calculation Agent;

**"Benchmark Modification or Cessation Event"** means, in respect of the Benchmark any of the following has occurred or will occur:

- (a) any material change in such Benchmark; or
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark;

**"BMR"** means the EU Benchmarks Regulation (Regulation (EU) 2016/1011), as amended;

**"Cancellation Event"** means that in the determination of the Calculation Agent all or some of the Debt Securities are redeemed prior to their stated maturity date for any reason, and as a result thereof it is impossible, impracticable or unduly onerous for (i) the Issuer to hedge the Issuer's obligations in respect of the Notes and/or (ii) the Swap Counterparty or its Affiliates to hedge the Swap Counterparty's obligations in respect of the Swap Agreement;

**"Change in Law"** means that, on or after the Trade Date (a) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation in respect of tax, solvency or capital requirements), or (b) due to the promulgation of or any change in the interpretation or application of any law or regulation

by any court, tribunal or regulatory or other supervisory authority with competent jurisdiction (including any action taken by a taxing or financial authority or any supervisory authority) or the combined effect thereof if occurring more than once, the Calculation Agent determines acting in good faith and in a commercially reasonable manner that:

- (a) it has become illegal for the Issuer, the Swap Counterparty and/or any of the Swap Counterparty's Affiliates to hold, acquire or dispose of any relevant hedge position relating to an Index (in the case of Index Linked Notes), any relevant hedge position relating to a Debt Security (in the case of Debt Linked Notes), any relevant hedge position relating to a Share (in the case of Share Linked Notes), any relevant hedge position relating to an ETI (in the case of ETI Linked Notes), any relevant hedge position relating to a Commodity or Commodity Index (in the case of Commodity Linked Notes), any relevant hedge position relating to a Fund Share (in the case of Fund Linked Notes) (other than where the Fund is a Euro Fund) or any relevant hedge position in respect of a Euro Fund (in the case of Fund Linked Notes (where the Fund is a Euro Fund) or any other hedge position relating to the Notes (each a "**Hedge**"); or
- (b) the Swap Counterparty or any of its Affiliates would incur a materially increased cost (including, without limitation, in respect of any tax, solvency, regulatory or capital requirements) in performing its obligations in respect of the Swap Agreement or, unless Hedge Maintenance Cost is specified as not applicable in the applicable Final Terms, in holding, acquiring or disposing of any Hedge;

"**Currency Event**" means that, on or after the Trade Date, it has become impracticable, illegal or impossible for the Issuer or the Swap Counterparty or any of the Swap Counterparty's Affiliates (a) to convert the relevant currency ("**Local Currency**") in which the Index, the Shares or the Debt Securities or any options or futures contracts or other hedging arrangement in relation to the Index, the Shares or the Debt Securities (for the purposes of hedging the Issuer's obligations under the Notes or the Swap Counterparty's obligations in respect of the Swap Agreement) are denominated, into the currency specified as the Settlement Currency in the applicable Final Terms (the "**Settlement Currency**"), as the case may be, or exchange or repatriate any funds in the Local Currency or the Settlement Currency outside of the country in which the Index, the Shares or the Debt Securities or any options or futures contracts in relation to the Index, the Shares or the Debt Securities respectively are traded due to the adoption of, or any change in, any applicable law, rule, regulation, judgment, order, directive or decree of any Government Authority or otherwise, or (b) for the Calculation Agent to determine a rate or (in the determination of the Calculation Agent) a commercially reasonable rate at which the Local Currency can be exchanged for the Settlement Currency for payment under the Notes;

"**Extraordinary External Event**" means that, on or after the Trade Date, the performance of the Issuer's obligations under the Notes is prevented or materially hindered or delayed due to:

- (a) any act (other than a Market Disruption Event), law, rule, regulation, judgment, order, directive, interpretation, decree or material legislative or administrative interference of any Government Authority or otherwise; or
- (b) the occurrence of civil war, disruption, military action, unrest, political insurrection, terrorist activity of any kind, riot, public demonstration and/or protest, or any other financial or economic reasons or any other causes or impediments beyond such party's control; or
- (c) any expropriation, confiscation, requisition, nationalisation or other action taken or threatened by any Government Authority that deprives the Issuer or the Swap Counterparty or any of its Affiliates, of all or substantially all of its assets in the Local Currency jurisdiction.

**"Failure to Deliver due to Illiquidity"** means, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the **"Affected Relevant Assets"**) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets;

**"Government Authority"** means any nation, state or government, any province or other political subdivision thereof, any body, agency or ministry, any taxing, monetary, foreign exchange or other authority, court, tribunal or other instrumentality and any other entity exercising, executive, legislative, judicial, regulatory or administrative functions of or pertaining to government;

**"Hedging Disruption"** means that the Swap Counterparty and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or option contracts it deems necessary to hedge the equity price risk or any other relevant price risk including but not limited to the currency risk of the Swap Counterparty performing its obligations with respect to the Swap Agreement, or (b) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s), asset(s) or futures or options contract(s) or any relevant hedge positions relating to the Swap Agreement, as determined by the Calculation Agent;

**"Hedging Party Default"** means any hedging counterparty to the Swap Counterparty and/or Affiliate of the Swap Counterparty in respect of the Swap Agreement relating to the Notes announces its inability to meet its financial obligations, ceases its payments or a court in its jurisdiction of incorporation opens insolvency proceedings against it and the Swap Counterparty and/or Affiliate of the Swap Counterparty is unable to replace such hedging counterparty on terms acceptable to the Swap Counterparty or the relevant Affiliate of the Swap Counterparty, as the case may be;

**"Hedging Shares"** means the number of components comprised in an Index (in the case of Index Linked Notes), or the number of Shares (in the case of Share Linked Notes) that the Swap Counterparty and/or any of its Affiliates deems necessary to hedge the equity or other price risk of entering into and performing its obligations with respect to the Swap Agreement;

**"Increased Cost of Hedging"** means that the Swap Counterparty and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or options contract on any Commodity or, in the case of a Commodity Index, Index Component (in the case of Commodity Linked Notes) or, in respect of any Index Linked Notes relating to a Custom Index, any relevant hedge positions relating to an Index or, in respect of any Debt Linked Notes, any relevant hedge positions relating to a Debt Security, it deems necessary to hedge the market risk (including, without limitation, equity price risk, foreign exchange risk and interest risk) of the Swap Counterparty performing its obligations under the Swap Agreement entered into with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s) or any such futures or options contract(s) or, in respect of any Index Linked Notes relating to a Custom Index, any relevant hedge positions relating to an Index or, in respect of any Debt Linked Notes, any relevant hedge positions relating to a Debt Security, provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Swap Counterparty and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging;

**"Increased Cost of Stock Borrow"** means that the Swap Counterparty and/or any of its Affiliates would incur a rate to borrow any component security comprised in an Index (in the case of Index Linked Notes) or any Share (in the case of Share Linked Notes) that is greater than the Initial Stock Loan Rate;

**"Initial Stock Loan Rate"** means, in respect of a component security comprised in an Index (in the case of Index Linked Notes) or a Share (in the case of Share Linked Notes), the initial stock loan rate specified in relation to such Share, security, component or commodity in the applicable Final Terms;

**"Insolvency Filing"** means that a Share Company or Basket Company institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Share Company or Basket Company shall not be deemed an Insolvency Filing;

**"Jurisdiction Event"** means that, on or after the Trade Date, it has become impracticable, illegal or impossible for the Issuer or the Swap Counterparty or any of its Affiliates to purchase, sell, hold or otherwise deal (or to continue to do so in the future) in the Index, the Shares or the Debt Securities or, unless Hedging Arrangements is specified as not applicable in the applicable Final Terms, any options or futures contracts in relation to the Index, the Shares or the Debt Securities in order for the Issuer to perform its obligations:

- (a) under the Notes; or
- (b) unless Hedging Arrangements is specified as not applicable in the applicable Final Terms, in respect of any relevant hedging arrangements in connection with the Notes (including, without limitation, any purchase, sale or entry into or holding of one or more securities positions, currency positions, stock loan transactions, derivatives position, commodity position or other instruments or arrangements (however described) by the Issuer or the Swap Counterparty and/or any of its Affiliates in order to hedge, either individually or on a portfolio basis, the Notes)

or the costs of so doing would (in the determination of the Calculation Agent acting in good faith and in a commercially reasonable manner) be materially increased under the restriction or limitation of the existing or future law, rule, regulation, judgment, order, interpretation, directive or decree of any Government Authority or otherwise;

**"Loss of Stock Borrow"** means that the Swap Counterparty and/or any of its Affiliates is unable, after using commercially reasonable efforts, to borrow (or maintain a borrowing of) any component security comprised in an Index (in the case of Index Linked Notes) or any Share (in the case of Share Linked Notes), in an amount equal to the Hedging Shares at a rate equal to or less than the Maximum Stock Loan Rate;

**"Maximum Stock Loan Rate"** means in respect of a component security comprised in an Index (in the case of Index Linked Notes) or a Share (in the case of Share Linked Notes), the Maximum Stock Loan Rate specified in the applicable Final Terms;

**"Optional Additional Disruption Event"** means any of Administrator/Benchmark Event, Cancellation Event, Currency Event, Failure to Deliver due to Illiquidity, Extraordinary External Event, Increased Cost of Hedging, Increased Cost of Stock Borrow, Jurisdiction Event, Insolvency Filing, Loss of Stock Borrow, Stop-Loss Event and/or Significant Alteration Event, in each case if specified in the applicable Final Terms;

**"Protected Amount"** means the amount specified as such in the applicable Final Terms;

**"Significant Alteration Event"** means any event or circumstance or combination of events or circumstances occurring after the Trade Date that is not attributable to the Issuer but which, in the determination of the Calculation Agent, acting in good faith and in a commercially reasonable manner, significantly alters the economics of the Notes as at the

Trade Date where such event causes renders the performance of the Issuer's obligations in performing its obligations under the Notes unduly onerous or results in a material increase in costs associated with the Notes as a consequence of change in any applicable law or regulation (including, without limitation, in respect of any tax laws, solvency or regulatory capital requirements), nationalisation, or regulatory action, or in other events of similar nature that comply with the above conditions, but, in each case, where such event does not constitute a force majeure pursuant to Condition 7(v), or, to the extent permitted by applicable law, in other similar events or circumstances that would in the determination of the Calculation Agent, acting in good faith and in a commercially reasonable manner, significantly alter the economics of the Notes as at the Trade Date;

**"Stop-Loss Event"** means, in respect of a Share, the price of any Share as quoted on the relevant Exchange for such Share at the Scheduled Closing Time on any Scheduled Trading Day that is not a Disrupted Day in respect of such Share on or after the Trade Date or, if later, the Strike Date, is less than 5 per cent., or such percentage specified in the applicable Final Terms, of its Strike Price or, if no Strike Price is specified in the applicable Final Terms, the price given as the benchmark price for such Share in the applicable Final Terms, all as determined by the Calculation Agent; and

**"Trade Date"** has the meaning given to it in the applicable Final Terms.

- (B) If an Additional Disruption Event and/or an Optional Additional Disruption Event occurs (other than in respect of Failure to Deliver due to Illiquidity), the Calculation Agent may take the action described in (a) or, if applicable, (b), (c), (d) or (e) below, as the case may be, provided that where the circumstances giving rise to such Additional Disruption Event and/or Optional Additional Disruption Event result in a determination, adjustment or calculation being made in respect of the relevant Swap Agreement, the Calculation Agent shall, to the extent applicable, make the corresponding determination, adjustment or calculation in respect of the Notes:
  - (a) determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Weighting and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and/or Optional Additional Disruption Event and determine the effective date of that adjustment. In the case of an Administrator/Benchmark Event, such adjustment may (a) consist of one or more amendments and/or be made on one or more dates, (b) be determined by reference to any adjustment(s) in respect of the relevant event or circumstance in relation to any hedging arrangements in respect of the Notes and (c) include, without limitation, selecting a successor benchmark(s) and making related adjustments to the Conditions of the Notes including, where applicable, and unless Unwind Costs is specified as not applicable, to reflect any increased costs of the Issuer providing such exposure to the successor benchmark(s) and, in the case of more than one successor benchmark, making provision for allocation of exposure as between the successor benchmarks;
  - (b)
    - (i) unless Delayed Redemption on Occurrence of Additional Disruption Event and/or Optional Additional Disruption Event, Market Value, Highest Value or Monetisation Option is specified in the applicable Final Terms, on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), notify the Issuer and the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the Early Redemption Amount in accordance with Condition 7(e), payment being made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes (*Notices*); or

- (ii) if Delayed Redemption on Occurrence of an Additional Disruption Event and/or Optional Additional Disruption Event is specified as being applicable in the applicable Final Terms, on the Maturity Date the Issuer shall redeem each Note at an amount calculated by the Calculation Agent equal to the sum of (x) the Protected Amount (specified in the applicable Final Terms), (y) the Swap Early Termination Amount (if any) and (z) the Unused Charged Assets Proceeds (if any).

For the purposes of this Condition 7(o)(B)(c):

**"Swap Early Termination Amount"** means an amount (if any) equal to, in respect of each Note, and subject to a minimum of zero, a *pro rata* share of the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement in connection with the termination of the Swap Agreement in whole or in part, and (2) any interest which has accrued in respect of the amount of such Early Termination Amount received by the Issuer (which may be a positive or negative figure); and

**"Unused Charged Assets Proceeds"** means any amounts received by the Issuer from the Charged Assets other than the Swap Agreement which have not been used on or prior to the Maturity Date to pay interest and/or redemption amounts otherwise payable in respect of the Notes, amounts due to the Swap Counterparty under the Swap Agreement (including in respect of any Early Termination Amount due to the Swap Counterparty) and/or any fees, costs or expenses due to the Trustee and/or any of the Agents; or

- (iii) if Highest Value is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), redeem all but not some only of the Notes and pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(ix); or
  - (iv) if Market Value is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), redeem all but not some only of the Notes and pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(x); or
  - (v) if Monetisation Option is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), redeem all but not some only of the Notes and pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(xi); or
- (c) in the case of Index Linked Notes linked to a Custom Index, use commercially reasonable efforts to select a successor index with a substantially similar formula for and method of calculation as the Custom Index within twenty (20) Scheduled Custom Index Business Days of the occurrence of the relevant Additional Disruption Event or Optional Additional Disruption Event and, upon selection of such successor index (the **"Successor Index"**), promptly notify the Issuer and the Issuer will give notice to the Noteholders in accordance with Condition 18 of the Notes (*Notices*) and such index shall become the Successor Index and deemed to be a "Custom Index" for the purposes of the Notes and the Calculation Agent will make such adjustment, if any, to one or more of the Terms and Conditions and/or

the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for the substitution. Such substitution and any relevant adjustment to the Terms and Conditions and/or the applicable Final Terms will be deemed to be effective as of the date selected by the Calculation Agent acting in good faith and in a commercially reasonable manner which may, but need not be the date on which the relevant Additional Disruption Event or Optional Additional Disruption Event occurred; or

- (d) in the case of Share Linked Notes linked to a Basket of Shares, adjust the Basket of Shares to include a Share selected by it in accordance with the criteria for Share selection set out below (each a "**Substitute Share**") for each Share (each an "**Affected Share**") which is affected by the Additional Disruption Event and/or Optional Additional Disruption Event and the Substitute Share will be deemed to be a "Share" and the relevant issuer of such shares a "Basket Company" for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, provided that in the event that any amount payable under the Notes was to be determined by reference to the Initial Price of the Affected Share, the Initial Price of each Substitute Share will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

"A" is the official closing price of the relevant Substitute Share on the relevant Exchange on the Substitution Date;

"B" is the Initial Price of the relevant Affected Share; and

"C" is the official closing price of the relevant Affected Share on the relevant Exchange on the Substitution Date.

Such substitution and the relevant adjustment to the Basket of Shares will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") acting in good faith and in a commercially reasonable manner and specified in the notice referred to below which may, but need not, be the relevant date of the Additional Disruption Event and/or Optional Additional Disruption Event.

The Weighting of each Substitute Share in the Basket of Shares will be equal to the Weighting of the relevant Affected Share.

In order to be selected as a Substitute Share, the relevant share must be a share which, in the determination of the Calculation Agent, acting in good faith and in a commercially reasonable manner:

- (i) is not already included in the Basket of Shares;
- (ii) the relevant issuer of such share belongs to the same economic sector as the Basket Company in respect of the Affected Share; and
- (iii) the relevant issuer of such share has a comparable market capitalisation, international standing and exposure as the Basket Company in respect of the Affected Share.

- (e) If a Failure to Deliver due to Illiquidity occurs, save in respect of Notes which are Credit Linked Notes where the provisions of Annex 10 (Additional Terms and Conditions for Credit Linked Securities) shall apply:
  - (X) subject as provided elsewhere in the Terms and Conditions of the Notes, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Maturity Date in accordance with Condition 6(b) (*Physical Delivery*); and
  - (Y) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Calculation Agent may, in good faith and in a commercially reasonable manner, require that the Issuer satisfies its obligations in respect of the relevant Notes by payment to the relevant Noteholders of the Failure to Deliver Settlement Price on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 18 (*Notices*). Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 (*Notices*).

For the purposes hereof:

**"Failure to Deliver Redemption Amount"** means, in respect of any relevant Note, the fair market value of such Note (taking into account the Relevant Assets comprising the Entitlement which have been duly delivered as provided above), less the cost to the Swap Counterparty and/or its Affiliates and/or the Issuer of, unless Unwind Costs are specified as not applicable in the applicable Final Terms, unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner (or, where, as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion).

- (C) Notwithstanding the foregoing, the Calculation Agent will adjust any relevant terms of the Notes as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Notes.
- (D) Upon the occurrence of an Additional Disruption Event and/or Optional Additional Disruption Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer thereof as soon as practicable and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 18 (*Notices*) stating the occurrence of the Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.
- (E) In determining to take a particular action as a result of an Additional Disruption Event or Optional Additional Disruption Event, the Calculation Agent is under no duty to consider the interests of Noteholders or any other person. In making any determination as to which action to take following the occurrence of an Additional Disruption Event or Optional Additional Disruption Event, (to the extent permitted by any applicable law) none of the Calculation Agent, the Issuer or the Swap Counterparty shall be responsible for any loss (including liability in respect of interest), underperformance or opportunity cost suffered or incurred by Noteholders or any other person in connection with the Notes as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Notes.
- (p) *Payout Switch*

If Payout Switch is specified as applicable in the applicable Final Terms (i) if Payout Switch Election is specified as applicable in the applicable Final Terms, the Issuer shall (where a corresponding election is made by the Swap Counterparty in respect of the Swap Agreement relating to the Notes) elect that or (ii) if Automatic Payout Switch is specified as applicable in the applicable Final Terms and an Automatic Payout Switch Event occurs, the Redemption/Payment Basis for the Notes will

be amended (a "**Payout Switch**") from the Redemption/Payment Basis specified in the Final Terms to the Switched Payout specified in the applicable Final Terms on and after the Payout Switch Date specified in the applicable Final Terms. Notice of any Payout Switch will be given to Noteholders in accordance with Condition 18.

**"Automatic Payout Switch Event"** means that:

- (A) the SPS APS Value is (a) "greater than", (b) "equal to or greater than", (c) "less than" or (d) "less than or equal to", as specified in the applicable Final Terms, the Automatic Payout Switch Level, (x) on a SPS APS Valuation Date or (y) in respect of a SPS APS Valuation Period, as specified in the applicable Final Terms; or
- (B) if Digital Coupon or Snowball Digital Coupon is specified in the applicable Final Terms and Target Switch Payout is specified as applicable in the applicable Final Terms, the number of times the Digital Coupon Condition or Snowball Digital Coupon Condition, as the case may be, has been satisfied is equal to or greater than the Automatic Payout Switch Level as of a SPS APS Valuation Date;

**"Automatic Payout Switch Level"** means the number, amount, level or percentage specified as such in the applicable Final Terms;

**"SPS APS Valuation Date"** means each Averaging Date, Pricing Date, Underlying Interest Determination Date and/or Settlement Price Date specified as such in the applicable Final Terms;

**"SPS APS Valuation Period"** means each period specified as such in the applicable Final Terms; and

**"SPS APS Value"** means, in respect of a SPS APS Valuation Date or a SPS APS Valuation Period, the value from Payout Conditions 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

(q) *Knock-in Event and Knock-out Event*

- (A) If "Knock-in Event" is specified as applicable in the applicable Final Terms, then any payment and/or delivery, as applicable, under the relevant Notes which is expressed in the applicable Final Terms to be subject to a Knock-in Event, shall be conditional upon the occurrence of such Knock-in Event.
- (B) If "Knock-out Event" is specified as applicable in the applicable Final Terms, then any payment and/or delivery, as applicable, under the relevant Notes which is expressed in the applicable Final Terms to be subject to a Knock-out Event, shall be conditional upon the occurrence of such Knock-out Event.
- (C) In respect of Index Linked Notes, Share Linked Notes, Debt Linked Notes or ETI Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if on any Knock-in Determination Day or Knock-out Determination Day (a) in respect of Notes other than Custom Index Linked Notes or Debt Linked Notes, at any time during the one hour period that begins or ends at the Valuation Time the relevant Level triggers the Knock-in Level, the Knock-out Level, the Knock-out High Barrier, the Knock-out Low Barrier, the Knock-in Bottom Level, the Knock-in Top Level, the Knock-out Bottom Level or the Knock-out Top Level, as applicable, a Trading Disruption, Exchange Disruption or Early Closure occurs or exists, or (b) in respect of Custom Index Linked Notes or Debt Linked Notes, a Custom Index Disruption Event or Market Disruption Event, as applicable, is occurring, then (i) if "Disruption Consequences" are specified as not applicable in the applicable Final Terms, a Knock-in Event or Knock-out Event may occur notwithstanding such Trading Disruption, Exchange Disruption, Early Closure, Custom Index Disruption Event or Market Disruption Event or (ii) if "Disruption Consequences" are specified as applicable in the applicable Final Terms, the Knock-in Event or the Knock-out Event shall be deemed not to have occurred; provided that if, by operation of this provision, no Knock-in Determination Day or Knock-

out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the Level as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of "Valuation Date" for the purposes of determining the occurrence of a Knock-in Event or Knock-out Event.

- (D) In respect of Commodity Linked Notes or Currency Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Commodity Disrupted Day or a Disrupted Day, as applicable, then (i) if "Disruption Consequences" are specified as not applicable in the applicable Final Terms, a Knock-in Event or Knock-out Event may occur notwithstanding such day being a Commodity Disrupted Day or a Disrupted Day, as the case may be or (ii) if "Disruption Consequences" are specified as applicable in the applicable Final Terms, such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.
- (E) In respect of Notes other than Custom Index Linked Notes or Debt Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during the regular trading hours on the relevant Exchange and if on any Knock-in Determination Day or Knock-out Determination Day and at any time during the one-hour period that begins or ends at the time on which the Level triggers the Knock-in Level, the Knock-out Level, the Knock-out High Barrier, the Knock-out Low Barrier, the Knock-in Bottom Level, the Knock-in Top Level, the Knock-out Bottom Level or the Knock-out Top Level, as applicable (a) in the case of Index Linked Notes, Share Linked Notes or ETI Linked Notes, a Trading Disruption, Exchange Disruption or Early Closure, (b) in the case of Currency Linked Notes, a Disruption Event or (c) in the case of Commodity Linked Notes, a Market Disruption Event, in each case occurs or exists, then (i) if "Disruption Consequences" are specified as not applicable in the applicable Final Terms, a Knock-in Event or Knock-out Event may occur notwithstanding such Trading Disruption, Exchange Disruption, Early Closure, Disruption Event or Market Disruption Event or (ii) if "Disruption Consequences" are specified as applicable in the applicable Final Terms, the Knock-in Event or the Knock-out Event shall be deemed not to have occurred, provided that, in the case of Notes other than Commodity Linked Notes or Currency Linked Notes, if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the Level as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of "Valuation Date" for the purposes of determining the occurrence of a Knock-in Event or Knock-out Event.
- (F) In respect of Debt Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during the regular trading hours on the exchange on which the relevant Debt Security is traded or on any exchange on which options contracts or futures contracts with respect to such Debt Security are traded and if on any Knock-in Determination Day or Knock-out Determination Day and at any time at which the relevant Level triggers the Knock-in Level, the Knock-out Level, the Knock-out High Barrier, the Knock-out Low Barrier, the Knock-in Bottom Level, the Knock-in Top Level, the Knock-out Bottom Level or the Knock-out Top Level, as applicable, a Market Disruption Event has occurred or is occurring, then (i) if "Disruption Consequences" are specified as not applicable in the applicable Final Terms, a Knock-in Event or Knock-out Event may occur notwithstanding such Market Disruption Event or (ii) if "Disruption Consequences" are specified as applicable in the applicable Final Terms, the Knock-in Event or the Knock-out Event shall be deemed not to have occurred, provided that if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out

Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the Level as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of "Valuation Date" for the purposes of determining the occurrence of a Knock-in Event or Knock-out Event.

(G) *Definitions relating to Knock-in Event/Knock-out Event*

**"Knock-in Bottom Level"** means the level, amount, number or percentage (which must be a level, amount, number or percentage less than the Knock-in Top Level) specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-in Determination Day"** means (a) each date, (b) each Scheduled Trading Day in the Knock-in Determination Period, (c) each Scheduled Custom Index Business Day in the Knock-in Determination Period, or (d) each Business Day in the Knock-in Determination Period, or (e) each Commodity Business Day in the Knock-in Determination Period, as specified in the applicable Final Terms;

**"Knock-in Determination Period"** means the period which commences on, and includes, the Knock-in Period Beginning Date and ends on, and includes, the Knock-in Period Ending Date;

**"Knock-in Event"** means:

- (a) if SPS Knock-in Valuation is specified as applicable in the applicable Final Terms, the Knock-in Value is; or
- (b) if the Notes are Currency Linked Notes and FX Knock-in Valuation is specified as applicable in the applicable Final Terms:
  - (i) if FX Coupon Performance is specified as applicable in the applicable Final Terms, that the FX Coupon Performance is; or
  - (ii) if Performance Value is specified as applicable in the applicable Final Terms, that the Performance Value is; or
- (c) if SPS Knock-in Valuation is specified as not applicable in the applicable Final Terms and, if the Notes are Currency Linked Notes, unless FX Knock-in Valuation is specified as applicable in the applicable Final Terms:
  - (i) in respect of a single Underlying Reference, that the Level is; or
  - (ii) in respect of a Basket of Underlying References, that the amount determined by the Calculation Agent equal to the sum of the values of each Underlying Reference as the product of (x) the Level of such Underlying Reference and (y) the relevant Weighting is,
    - (1) unless Knock-in Range Level or Knock-in Bottom Level/Knock-in Top Level is specified in the applicable Final Terms, "greater than", "greater than or equal to", "less than" or "less than or equal to" the Knock-in Level
    - (2) if Knock-in Range Level is specified in the applicable Final Terms "within" the Knock-in Range Level or
    - (3) if Knock-in Bottom Level/Knock-in Top Level is specified in the applicable Final Terms, either "less than" or "less than or equal to" the Knock-in Bottom Level or "greater than" or "greater than or equal to" the Knock-in Top Level, in each case as specified in the applicable Final Terms (x) on a Knock-in Determination Day or (y) in respect of a Knock-in Determination Period, as specified in all the applicable Final Terms;

**"Knock-in Level"** means the FX Knock-in Level or the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-in Observation Price Source"** means the source specified as such in the applicable Final Terms;

**"Knock-in Period Beginning Date"** means the date specified as such in the applicable Final Terms or, if the Knock-in Period Beginning Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes), a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes), a Fund Business Day (in the case of Fund Linked Notes (other than where the Fund is a Euro Fund)) or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day, Fund Business Day or Business Day, as the case may be;

**"Knock-in Period Ending Date"** means the date specified as such in the applicable Final Terms or, if the Knock-in Period Ending Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes), a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes), a Fund Business Day (in the case of Fund Linked Notes (other than where the Fund is a Euro Fund)) or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day, Fund Business Day or Business Day, as the case may be;

**"Knock-in Range Level"** means the range of Levels specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-in Top Level"** means the level, amount, number or percentage (which must be a level, amount, number or percentage greater than the Knock-in Bottom Level) specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-in Valuation Time"** means the time or period of time on any Knock-in Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-in Valuation Time, the Knock-in Valuation Time shall be the Valuation Time;

**"Knock-in Value"** means, in respect of a Knock-in Determination Day or a Knock-in Determination Period, the value from Payout Conditions 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"Knock-out Bottom Level"** means the level, amount, number or percentage (which must be a level, amount, number or percentage less than the Knock-out Top Level) specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Corridor Value 1"** means the Level specified as such in the applicable Final Terms;

**"Knock-out Corridor Value 2"** means the Level specified as such in the applicable Final Terms;

**"Knock-out Determination Day"** means (a) each date, (b) each Scheduled Trading Day in the Knock-out Determination Period, (c) each Scheduled Custom Index Business Day in the Knock-out Determination Period, (d) each Fund Business Day in the Knock-out Determination Period, (e) each Business Day in the Knock-out Determination Period or (f) each Commodity Business Day in the Knock-out Determination Period as specified in the applicable Final Terms;

**"Knock-out Determination Period"** means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date;

**"Knock-out Event"** means:

- (a) if Knock-out Corridor Range is specified as applicable in the applicable Final Terms, that:
    - (i) the Knock-out Corridor Value 1 in respect of the Underlying Reference is greater than or equal to the Knock-out High Barrier specified in the applicable Final Terms; and/or
    - (ii) the Knock-out Corridor Value 2 in respect of the Underlying Reference is less than or equal to the Knock-out Low Barrier specified in the applicable Final Terms;
  - (b) otherwise
    - (i) if SPS Knock-out Valuation is specified as applicable in the applicable Final Terms, the Knock-out Value is, or
    - (ii) if the Notes are Currency Linked Notes and FX Knock-out Valuation is specified as applicable in the applicable Final Terms:
      - (A) if FX Coupon Performance is specified as applicable in the applicable Final Terms, that the FX Coupon Performance is; or
      - (B) if Performance Value is specified as applicable in the applicable Final Terms, that the Performance Value is, or
    - (iii) if SPS Knock-out Valuation is specified as not applicable in the applicable Final Terms and, if the Notes are Currency Linked Notes, unless FX Knock-out Valuation is specified as applicable in the applicable Final Terms:
      - (A) in respect of a single Underlying Reference, that the Level is; or
      - (B) in respect of a Basket of Underlying References, that the amount determined by the Calculation Agent equal to the sum of the values of each Underlying References as the product of (x) the Level of such Underlying Reference and (y) the relevant Weighting is,
- (1) unless Knock-out Range Level or Knock-out Bottom Level/Knock-out Top Level is specified in the applicable Final Terms, "greater than", "greater than or equal to", "less than" or "less than or equal to" the Knock-out Level or, if applicable, (2) if Knock-out Range Level is specified in the applicable Final Terms, "within" the Knock-out Range Level or (3) if Knock-out Bottom Level/Knock-out Top Level is specified in the applicable Final Terms, either "less than" or "less than or equal to" the Knock-out Bottom Level or "greater than" or "greater than or equal to" the Knock-out Top Level, in each case, as specified in the applicable Final Terms (x) on a Knock-out Determination Day or (y) in respect of a Knock-out Determination Period, as specified in the applicable Final Terms;

**"Knock-out High Barrier"** means the level, amount, number or percentage (which must be a level, amount, number or percentage greater than the Knock-out Low Barrier) specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Level"** means the FX Knock-out Level or the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Low Barrier"** means the level, amount, number or percentage (which must be a level, amount, number or percentage less than the Knock-out High Barrier) specified as such in the

applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Observation Price Source"** means the source specified as such in the applicable Final Terms;

**"Knock-out Period Beginning Date"** means the date specified as such in the applicable Final Terms or, if the Knock-out Period Beginning Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes), a Fund Business Day (in the case of Fund Linked Notes (other than where the Fund is a Euro Fund)) or a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes) or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day, Fund Business Day or Business Day, as the case may be;

**"Knock-out Period Ending Date"** means the date specified as such in the applicable Final Terms or, if the Knock-out Period Ending Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes), a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes), a Fund Business Day (in the case of Fund Linked Notes (other than where the Fund is a Euro Fund)) or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day, Fund Business Day or Business Day, as the case may be;

**"Knock-out Range Level"** means the range of Levels specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Top Level"** means the level, amount, number or percentage (which must be a level, amount, number or percentage greater than the Knock-out Bottom Level) specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Valuation Time"** means the time or period of time on any Knock-out Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-out Valuation Time, the Knock-out Valuation Time shall be the Valuation Time;

**"Knock-out Value"** means, in respect of a Knock-out Determination Day or a Knock-out Determination Period, the value from Payout Conditions 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"Level"** means, for the purposes of this Condition, (i) the "official level", "official close", "last price", "traded price", "bid price" or "asked price" of the Underlying Reference, as specified in the applicable Final Terms, published by the Knock-in Observation Price Source or Knock-out Observation Price Source, as applicable, or (ii) if "Standard Level" is specified as applicable in the applicable Final Terms (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant Underlying Reference, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant Underlying Reference, (c) in the case of Commodity Linked Notes the Relevant Price, or (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), (e) in the case of Debt Linked Securities, the bid price of the relevant Underlying Reference as determined by the Calculation Agent by reference to the bid price for such Underlying Reference appearing on the Relevant Screen Page, in each case determined by the Calculation Agent as of the Knock-in Valuation Time or Knock-out Valuation Time on any Knock-in Determination Day or Knock-out Determination Day, as applicable, or, in the case of the "official close" level, at such time as the

official close is published by the Knock-in Observation Price Source or Knock-out Observation Price Source, as applicable;

**"Payout Conditions"** means the terms and conditions set out in Annex 1 (*Additional Terms and Conditions for Payouts*).

**"Relevant Adjustment Provisions"** means:

- (a) in the case of Index Linked Notes, Index Linked Condition 1 (*Market Disruption*) and Index Linked Condition 2 (*Adjustments to an Index*);
- (b) in the case of Custom Index Linked Notes, Index Linked Condition 6 (*Adjustments to a Custom Index and Custom Index Disruption*), Index Linked Condition 11 (*Adjustments to a Custom Index and Custom Index Disruption (Equity Custom Index)*) and Index Linked Condition 16 (*Adjustments to a Custom Index and Custom Index Disruption (Commodity Custom Index)*);
- (c) in the case of Share Linked Notes, Share Linked Condition 1 (*Market Disruption*) and Share Linked Condition 2 (*Potential Adjustment Events and Extraordinary Events*);
- (d) in the case of ETI Linked Notes, ETI Linked Condition 2 (*Market Disruption*), ETI Linked Condition 3 (*Potential Adjustment Events*), and ETI Linked Condition 6 (*Consequences of an Extraordinary ETI Event*);
- (e) in the case of Commodity Linked Notes, Commodity Linked Condition 1 (*Market Disruption*) and Commodity Linked Condition 2 (*Consequences of a Market Disruption Event and Disruption Fallbacks*);
- (f) in the case of Currency Linked Notes, Currency Linked Condition 2 (*Disruption Events*) and Currency Linked Condition 3 (*Consequences of a Disruption Event*);
- (g) in the case of Fund Linked Securities, Fund Linked Condition 4 (*Consequences of an Extraordinary Fund Event*) and Fund Linked Condition 6 (*Fund Index Adjustment Event*); and
- (h) in the case of Debt Linked Notes, Debt Linked Condition 2 (*Market Disruption*), Debt Linked Condition 3 (*Correction of Debt Security Price*) and Debt Linked Condition 4 (*Redemption or Cancellation of a Debt Security*); and

**"Underlying Reference"** means, for the purposes of this Condition, each Index, Custom Index, Share, Debt Security, ETI Interest, Commodity, Commodity Index, Subject Currency or other basis of reference to which the relevant Notes relate.

(r) *Automatic Early Redemption*

- (A) If Automatic Early Redemption is specified as applicable in the applicable Final Terms, then unless previously redeemed or purchased and cancelled, if on (i) any Automatic Early Redemption Valuation Date or (ii) in respect of an Automatic Early Redemption Valuation Period, as specified in the applicable Final Terms, an Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date at an amount equal to the relevant Automatic Early Redemption Amount.

Notwithstanding the preceding paragraph, an Automatic Early Redemption Event 1 may only occur on an AER 1 Redemption Valuation Date or in respect of an AER 1 Redemption Valuation Period and an Automatic Early Redemption Event 2 may only occur on an AER 2 Redemption Valuation Date or in respect of an AER 2 Redemption Valuation Period.

- (B) *Definitions*

**"AER Dropback Trigger Value"** means in respect of an Automatic Early Redemption Valuation Date, the ER Dropback Value or the Lowest ER Dropback Value (each as defined in Payout Condition 3.3(b)), as specified in the applicable Final Terms;

**"AER Event 1 Underlying(s)"** means the Underlying Reference or each Underlying Reference comprising the Basket of Underlying References, in each case specified as such in the applicable Final Terms;

**"AER Event 2 Underlying(s)"** means the Underlying Reference or each Underlying Reference comprising the Basket of Underlying References, in each case specified as such in the applicable Final Terms;

**"AER Rate"** means the rate specified as such or determined in the manner set out in the applicable Final Terms;

**"Automatic Early Redemption Amount"** means, in respect of each nominal amount of Notes equal to the Calculation Amount, an amount in the Settlement Currency equal to the Automatic Early Redemption Payout set out in the applicable Final Terms or, if not set out, an amount equal to the product of (i) the Calculation Amount and (ii) the sum of the relevant AER Redemption Percentage and the relevant AER Rate relating to that Automatic Early Redemption Date. If the product of the Automatic Early Redemption Payout is zero, no amount shall be payable on redemption of the Note pursuant to this Condition;

**"Automatic Early Redemption Date"** means (i) if Target Automatic Early Redemption, FI Underlying Automatic Early Redemption or FI Coupon Automatic Early Redemption is specified as applicable in the applicable Final Terms, the Interest Payment Date immediately following the Automatic Early Redemption Valuation Date on which an Automatic Early Redemption Event occurs, or, otherwise, (ii) each date specified as such in the applicable Final Terms, or if such date is not a Business Day, the next following Business Day, and no Noteholder shall be entitled to any interest or further payment in respect of such delay;

**"Automatic Early Redemption Event"** means:

- (i) if Target Automatic Early Redemption is specified as applicable in the applicable Final Terms, that the Cumulative Coupon is equal to or greater than the Target Automatic Early Redemption Percentage;
- (ii) if FI Underlying Automatic Early Redemption is specified as applicable in the applicable Final Terms, that:
  - (1) (in respect of an Underlying Reference (other than a Subject Currency)) the Underlying Reference Level is; or
  - (2) (in respect of a Subject Currency), the FX Coupon Performance determined by the Calculation Agent is,
    - (A) equal to or greater than the Automatic Early Redemption Level 1 and
    - (B) less than or equal to the Automatic Early Redemption Level 2;
- (iii) if FI Coupon Automatic Early Redemption is specified as applicable in the applicable Final Terms, that the product of (i) the Rate of Interest and (ii) the Day Count Fraction, in each case in respect of the Current Interest Period is equal to or greater than the Automatic Early Redemption Percentage; or
- (iv) if Standard Automatic Early Redemption and SPS AER Valuation are specified as applicable in the applicable Final Terms, that:

- (1) the SPS AER Value 1 in respect of the AER Event 1 Underlying(s) is (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 1 as specified in the applicable Final Terms (the "**Automatic Early Redemption Event 1**"); and/or
- (2) if Automatic Early Redemption Event 2 is specified as applicable in the applicable Final Terms, the SPS AER Value 2 in respect of the AER Event 2 Underlying(s) is (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 2 as specified in the applicable Final Terms (the "**Automatic Early Redemption Event 2**");
- (v) if Standard Automatic Early Redemption is specified as applicable in the applicable Final Terms and SPS AER Valuation is specified as not applicable in the applicable Final Terms:
  - (1) (A) if AER Event 1 Basket is specified as not applicable in the applicable Final Terms, the Underlying Reference Level 1 or (B) if AER Event 1 Basket is specified as applicable in the applicable Final Terms, the Basket Price 1 is, (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 1 as specified in the applicable Final Terms (the "**Automatic Early Redemption Event 1**"); and/or
  - (2) if Automatic Early Redemption Event 2 is specified as applicable in the applicable Final Terms (A) if AER Event 2 Basket is specified as not applicable in the applicable Final Terms, the Underlying Reference Level 2 or (B) if AER Event 2 Basket is specified as applicable in the applicable Final Terms, the Basket Price 2 is, (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 2 as specified in the applicable Final Terms (the "**Automatic Early Redemption Event 2**"); or
- (vi) if Single Standard Automatic Early Redemption and SPS AER Valuation are specified as applicable in the applicable Final Terms, that the SPS AER Value is (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level, as specified in the applicable Final Terms;
- (vii) if Single Standard Automatic Early Redemption is specified as applicable in the applicable Final Terms and SPS AER Valuation is specified as not applicable in the applicable Final Terms that (A) in the case of a single Underlying Reference, the Underlying Reference Level or (B) in the case of a Basket of Underlying References, the Basket Price is, (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level as specified in the applicable Final Terms;
- (viii) if Digital Coupon or Snowball Digital Coupon is specified in the applicable Final Terms and SPS Target Automatic Early Redemption Event is specified in the applicable Final Terms, the number of times the Digital Coupon Condition or Snowball Digital Coupon Condition, as the case may be, has been satisfied is equal to or greater than the Automatic Early Redemption Level as of an Automatic Early Redemption Valuation Date;
- (ix) if Dropback AER is specified in the applicable Final Terms and:
  - (1) unless Dropback AER Trigger Event is specified in the applicable Final Terms, that the AER Dropback Trigger Value is (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to"

the Automatic Early Redemption Level, as specified in the applicable Final Terms; or

- (2) if Dropback AER Trigger Event is specified in the applicable Final Terms, an AER Dropback Investment Event has not occurred on or prior to the Automatic Early Redemption Valuation Date.

**"Automatic Early Redemption Level"** means the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions, as applicable;

**"Automatic Early Redemption Level 1"** means the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions, as applicable;

**"Automatic Early Redemption Level 2"** means the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions, as applicable;

**"Automatic Early Redemption Percentage"** means the percentage specified as such in the applicable Final Terms;

**"Automatic Early Redemption Valuation Date"** or **"AER 1 Redemption Valuation Date"** or **"AER 2 Redemption Valuation Date"** means each date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, Debt Linked Notes, Currency Linked Notes or ETI Linked Notes) a Scheduled Custom Index Business Day (in respect of Custom Index Linked Notes), a Commodity Business Day (in respect of Commodity Linked Notes), a Fund Business Day (in the case of Fund Linked Notes (other than where the Fund is a Euro Fund)) or Business Day (in the case of other Notes), as applicable, the next following Scheduled Trading Day, Scheduled Custom Index Business Day, Commodity Business Day, Fund Business Day or Business Day, as applicable, unless, in the case of Index Linked Notes, Share Linked Notes, Debt Linked Notes, Commodity Linked Notes, Currency Linked Notes or ETI Linked Notes, in the opinion of the Calculation Agent, any such day is a Disrupted Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, Debt Linked Notes, Currency Linked Notes or ETI Linked Notes), a Custom Index Disruption Event is occurring on such day (in respect of Custom Index Linked Notes) or a Market Disruption Event is occurring on such day (in respect of Commodity Linked Notes). If any such day is a Disrupted Day, a day on which a Custom Index Disruption Event is occurring or (except in the case of Commodity Linked Notes) a day on which a Market Disruption Event is occurring, as applicable, then the corresponding provisions in the definition of "Valuation Date" shall apply *mutatis mutandis* as if references in such provisions to "Valuation Date" were to "Automatic Early Redemption Valuation Date" or (in the case of Commodity Linked Notes) if any such day is a day on which a Market Disruption Event is occurring, then the provisions of "Pricing Date" shall apply *mutatis mutandis* as if references in such provision to "Pricing Date" were to "Automatic Early Redemption Valuation Date". For the purposes of the Relevant Adjustment Provisions, any references to "Valuation Date" shall be deemed to refer to "Automatic Early Redemption Valuation Date";

**"Automatic Early Redemption Valuation Period"** or **"AER 1 Redemption Valuation Period"** or **"AER 2 Redemption Valuation Period"** means the period specified as such in the applicable Final Terms;

**"Automatic Early Redemption Valuation Time"** means the time specified as such in the applicable Final Terms;

**"Basket of Underlying References"** means, for the purposes of this Condition 7(q), the Basket of Indices, Basket of Shares, ETI Basket, Basket of Debt Securities, Basket of Commodities, or other basis of reference to which the value of the relevant Notes may relate, as specified in the applicable Final Terms;

**"Basket Price"** means, in respect of any Automatic Early Redemption Valuation Date, an amount determined by the Calculation Agent equal to the sum of the values for each Underlying Reference comprising the Basket of Underlying References as the product of (a) the Underlying Reference Level of such Underlying Reference on such Automatic Early Redemption Valuation Date and (b) the relevant Weighting;

**"Basket Price 1"** means, in respect of any AER 1 Redemption Valuation Date, an amount determined by the Calculation Agent equal to the sum of the values for each AER Event 1 Underlying comprising the Basket of Underlying References as the product of (a) the Underlying Reference Level 1 of such AER Event 1 Underlying on such AER 1 Redemption Valuation Date and (b) the relevant Weighting;

**"Basket Price 2"** means, in respect of any AER 2 Redemption Valuation Date, an amount determined by the Calculation Agent equal to the sum of the values for each AER Event 2 Underlying comprising the Basket of Underlying References as the product of (a) the Underlying Reference Level 2 of such AER Event 2 Underlying on such AER 2 Redemption Valuation Date and (b) the relevant Weighting;

**"Cumulative Coupon"** means, in respect of an Automatic Early Redemption Valuation Date, (a) the sum of the values calculated for each Interest Period preceding the Current Interest Period as the product of (i) the Rate of Interest and (ii) if specified in the applicable Final Terms, the Day Count Fraction, in each case for such Interest Period plus (b) the product of (i) the Rate of Interest and (ii) if specified in the applicable Final Terms, the Day Count Fraction, in each case for the Current Interest Period;

**"Current Interest Period"** means, in respect of an Automatic Early Redemption Valuation Date, the Interest Period during which such Automatic Early Redemption Valuation Date falls;

**"Multiple Underlying Interest Rate Gearing"** means, in respect of an Underlying Interest Rate<sub>(i)</sub> specified in the applicable Final Terms as a Multiple Underlying Component Rate, the number specified as such in the applicable Final Terms;

**"Multiple Underlying Reference Rate"** means, in respect of an Underlying Interest Rate<sub>(i)</sub> specified in the applicable Final Terms as a Multiple Underlying Component Rate, the Underlying Reference Rate determined in respect of such Underlying Interest Rate;

**"Multiple Underlying Reference Rate Value"** means the value calculated in accordance with the following formula:

$$\sum_{i=1}^n \text{Multiple Underlying Interest Rate Gearing}_{(i)} \times \text{Multiple Underlying Reference Rate}_{(i)}$$

**"Observation Price Source"** means the source specified as such in the applicable Final Terms;

**"SPR AER Value", "SPS AER Value 1" or "SPS AER Value 2"** means, in respect of an Automatic Early Redemption Valuation Date, the value specified from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"Target Automatic Early Redemption Percentage"** means the percentage specified as such in the applicable Final Terms;

**"Underlying Reference"** means, for the purposes of this Condition 7(r), each Index, Custom Index, Share, Debt Security, ETI Interest, Commodity, Commodity Index, Subject Currency, Fund or other basis of reference to which the relevant Notes relate. If two or more Underlying Interest Rates are specified in the applicable Final Terms as Multiple Underlying Component Rates each Underlying Interest Rate<sup>(i)</sup> specified as such (together the **"Multiple Underlying Interest Rate"**) will be calculated separately and independently but for the purposes of this Condition 7 and the Underlying Interest Rate Linked Conditions shall be deemed to together constitute an Underlying Reference;

**"Underlying Reference Level"** means, in respect of any Automatic Early Redemption Valuation Date, (i) "official level", "official close", "last price", "bid price" or "asked price" of the Underlying Reference or the Italian Securities Reference Price, as specified in the applicable Final Terms, published by the Observation Price Source or (ii) if Standard Underlying Reference Level is specified as applicable in the applicable Final Terms, (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant Underlying Reference, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant Underlying Reference, (c) in the case of Commodity Linked Notes, the Relevant Price, or (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), or (e) in the case of an Inflation Index, the Relevant Level, or (f) in the case of Debt Linked Notes, the bid price of the relevant Underlying Reference as determined by the Calculation Agent by reference to the bid price for such Underlying Reference appearing on the Relevant Screen Page or (iii) if FI Underlying Automatic Early Redemption is specified as applicable in the applicable Final Terms and Multiple Underlying Interest Rate is specified as applicable, Multiple Underlying Reference Rate Value, in each case, as determined by the Calculation Agent as of the Automatic Early Redemption Valuation Time on such Automatic Early Redemption Valuation Date or, in the case of the "official close" level, at such time on such Automatic Early Redemption Valuation Date as the "official close" level is published by the Observation Price Source;

**"Underlying Reference Level 1"** means, in respect of any AER 1 Redemption Valuation Date, (i) if Standard Underlying Reference Level is specified as applicable in the applicable Final Terms, (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant AER Event 1 Underlying, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant AER Event 1 Underlying, (c) in the case of Commodity Linked Notes, the Relevant Price, (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), or (e) in the case of an Inflation Index, the Relevant Level, in each case, as determined by the Calculation Agent as of the Automatic Early Redemption Valuation Time on such AER 1 Redemption Valuation Date or (ii) in the case of Debt Linked Notes, the "last price" of the relevant AER Event 1 Underlying published by the Observation Price Source specified for such AER Event 1 Underlying; and

**"Underlying Reference Level 2"** means, in respect of any AER 2 Redemption Valuation Date, (i) if Standard Underlying Reference Level is specified as applicable in the applicable Final Terms, (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant AER Event 2 Underlying, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant AER Event 2 Underlying, (c) in the case of Commodity Linked Notes, the Relevant Price, (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), or (e) in the case of an Inflation Index, the Relevant Level, in each case, as determined by the Calculation Agent as of the Automatic Early Redemption Valuation Time on such AER 2 Redemption Valuation Date or (ii) in the case of Debt Linked Notes, the "last price" of the relevant AER Event 1 Underlying published by the Observation Price Source specified for such AER Event 1 Underlying.

## (C) Accrual

Notwithstanding Condition 5(k), if FI Underlying Automatic Early Redemption and Accrual to Automatic Early Redemption are specified as applicable in the applicable Final Terms and an Automatic Early Redemption Event occurs on an Automatic Early Redemption Valuation Date, interest will cease to accrue on such Automatic Early Redemption Valuation Date.

## (D) AER Rate Determination

(1) Where the applicable Final Terms specify that the AER Rate is determined by reference to a Screen Rate, the AER Rate will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the AER Reference Rate(s) which appears or appear, as the case may be, on the AER Screen Page (or such replacement page on that service which displays the information) as at the AER Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m. Brussels time, in the case of EURIBOR or Stockholm time, in the case of STIBOR) (the "**Screen Page AER Rate**") on the relevant AER Reference Rate Determination Date plus or minus (as indicated in the applicable Final Terms) the AER Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the AER Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the AER Screen Page is not available or if, in the case of subparagraph (i), no offered quotation appears on the AER Screen Page (or such replacement page on that service which displays the information) or, in the case of subparagraph (ii), fewer than three offered quotations appear on the AER Screen Page (or such replacement page on that service which displays the information), in each case as at the AER Specified Time, except as provided in paragraph (2) below the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the AER Reference Rate at the AER Specified Time on the AER Reference Rate Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the AER Rate shall be the arithmetic mean (rounded if necessary to the nearest 0.001 with 0.0005 being rounded upwards) of the relevant quotations, eliminating the highest quotation (or in the event that two or more quotations are identical, one of the highest) and the lowest (or in the event that two or more quotations are identical, one of the lowest) plus or minus (as applicable) the AER Margin (if any), all as determined by the Calculation Agent.

If on any AER Reference Rate Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the AER Rate shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the nearest 0.001, with 0.0005 being rounded upwards) of the rates per annum, as communicated to the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at the AER Specified Time on the relevant AER Reference Rate Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the AER Reference Rate by leading banks in the inter-bank market plus or minus (as applicable) the AER Margin (if any).

If fewer than two of the Reference Banks provide the Calculation Agent with offered rates, the AER Rate shall be the offered rate for deposits in the Specified Currency for a period

equal to that which would have been used for the AER Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the AER Reference Rate, at which, at the AER Specified Time on the relevant AER Reference Rate Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for the purpose) informs the Calculation Agent it is quoting to leading banks in the Euro-zone inter-bank market if the AER Reference Rate is EURIBOR or the Stockholm inter bank market, if the AER Reference Rate is STIBOR plus or minus (as applicable) the AER Margin (if any), as determined by the Calculation Agent.

If the AER Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Calculation Agent shall determine the AER Rate from such source(s) as it acting in good faith and in a commercially reasonable manner, may select, except that if the Calculation Agent determines that the absence of the quotation is due to the discontinuation of the Screen Page AER Rate or the occurrence of a Reference Rate Fallback Event, then the AER Reference Rate will be determined in accordance with paragraph (2) below.

- (2) If the Calculation Agent determines at any time prior to any AER Reference Rate Determination Date, that the Screen Page AER Rate has been discontinued or a Reference Rate Fallback Event has occurred, the Calculation Agent will use, as a substitute for the Screen Page AER Rate, an alternative reference rate determined by the Calculation Agent to be the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction or region of the currency of the relevant rate (each a "**Relevant Nominating Body**") that is consistent with industry accepted standards, provided that, if two or more alternative reference rates are selected by any Relevant Nominating Body, the Issuer or the Calculation Agent, as applicable, shall determine which of those alternative reference rates is most appropriate to preserve the economic features of the relevant Notes. If the Calculation Agent notifies the Issuer that it is unable to determine such an alternative reference rate, the Calculation Agent will as soon as reasonably practicable (and in any event before the Business Day prior to the applicable AER Reference Rate Determination Date) appoint an agent (the "**Reference Rate Determination Agent**"), which will determine whether a substitute or successor rate, which is substantially comparable to the Screen Page AER Rate, is available for the purpose of determining the AER Reference Rate on each AER Reference Rate Determination Date falling on or after the date of such determination. If the Reference Rate Determination Agent determines that there is an industry accepted successor rate, the Reference Rate Determination Agent will notify the Issuer of such successor rate to be used by the Calculation Agent to determine the AER Rate.

If the Reference Rate Determination Agent or the Calculation Agent, as applicable, has determined a substitute or successor rate in accordance with the foregoing paragraph (such rate, the "**Replacement AER Reference Rate**"), for the purpose of determining the AER Reference Rate on each AER Reference Rate Determination Date falling on or after such determination:

- (i) the Reference Rate Determination Agent or the Calculation Agent, as applicable, will also determine the changes (if any) required to the applicable Business Day Convention, the definition of Business Day, the AER Reference Rate Determination Date, the Day Count Fraction, and any method for obtaining the Replacement AER Reference Rate, including any adjustment needed to make such Replacement AER Reference Rate comparable to the Screen Page AER Rate, including, where applicable, and if Unwind Costs is specified as applicable in the applicable Final Terms, to reflect any increased costs of the Issuer providing such exposure to the Replacement Reference Rate, in each case acting in good faith and in a commercially reasonable manner that is consistent with industry-accepted practices for such Replacement AER Reference Rate;

- (ii) references to the AER Reference Rate in these Conditions will be deemed to be references to the relevant Replacement AER Reference Rate, including any alternative method for determining such rate as described in (i) above;
- (iii) the Reference Rate Determination Agent or the Calculation Agent, as applicable, will notify the Issuer of the Replacement AER Reference Rate, and the details described in (i) above, as soon as reasonably practicable; and
- (iv) the Issuer will give notice to the Noteholders in accordance with Condition 18, the Issuing and Paying Agent and the Calculation Agent of the Replacement AER Reference Rate, and the details described in (i) above as soon as reasonably practicable but in any event no later than 5:00 p.m. (London time) on the Business Day prior to the applicable AER Reference Rate Determination Date.

The determination of the Replacement AER Reference Rate and the other matters referred to above by the Reference Rate Determination Agent or the Calculation Agent, as applicable, will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Issuing and Paying Agent and the Noteholders, unless the Issuer, the Calculation Agent or the Reference Rate Determination Agent determines at a later date that the Replacement AER Reference Rate is no longer substantially comparable to the AER Reference Rate or does not constitute an industry accepted successor rate, in which case the Calculation Agent shall appoint or re-appoint a Reference Rate Determination Agent, as the case may be (which may or may not be the same entity as the original Reference Rate Determination Agent or the Calculation Agent) for the purpose of confirming the Replacement AER Reference Rate or determining a substitute Replacement AER Reference Rate in an identical manner as described in this paragraph (2). If the replacement Reference Rate Determination Agent or the Calculation Agent, as applicable, is unable to or otherwise does not determine a substitute Replacement AER Reference Rate, then the Replacement AER Reference Rate will remain unchanged.

The Reference Rate Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the relevant rate as appointed by the Calculation Agent, (y) the Swap Counterparty or the Guarantor (if any) or (z) an affiliate of the Swap Counterparty, the Guarantor (if any) or the Calculation Agent.

- (3) If the applicable Final Terms specifies a Minimum AER Reference Rate then, in the event that the AER Reference Rate determined in accordance with the above provisions is less than such Minimum AER Reference Rate, the AER Rate shall be such Minimum AER Reference Rate.

If the applicable Final Terms specifies a Maximum AER Reference Rate then, in the event that the AER Reference Rate determined in accordance with the above provisions is greater than such Maximum AER Reference Rate, the AER Rate shall be such Maximum AER Reference Rate.

If the relevant Reference Rate Fallback Event may also constitute an Administrator/Benchmark Event in the determination of the Calculation Agent pursuant to Condition 7(o)(A), the provisions of this Condition 7(r)(3) will apply.

Notwithstanding anything to the contrary in the provisions of (and all provisions referred to in) this Condition 7(r)(3), the Issuer, the Calculation Agent or Reference Rate Determination Agent (as applicable) may make all determinations and/or adjustments and take all actions in respect of the Securities as are provided for in connection with a Reference Rate Fallback Event or Administrator/Benchmark Event, as applicable, notwithstanding that such Reference Rate Fallback Event or Administrator/Benchmark Event, as applicable, may have occurred before the Issue Date of the Securities.

(s) *Condition to Final Payout Premium*

Where "Condition to Final Payout Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay a Final Payout Premium as part of the Final Redemption Amount will be subject to the receipt of an aggregate amount equal to the Final Payout Premium payable in respect of each Note outstanding on or prior to the Maturity Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Swap Counterparty is the Defaulting Party, the Issuer will have no further obligation to pay an amount equal to the Final Payout Premium in respect of each Note (but without prejudice to the Issuer's obligations to pay an amount equal to the Scheduled Final Redemption Amount and, where applicable, any amounts due under Condition 8(k), less the relevant Final Payout Premium in respect of each Note) and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

For the purposes of this Condition 7(s):

**"Final Payout Premium"** means, in respect of a Note, a *pro rata* share of an amount equal to the amount by which the Scheduled Final Redemption Amount is greater than the amount which the Issuer is scheduled to receive in respect of the Charged Assets other than the Swap Agreement on maturity or termination of such assets; and

**"Scheduled Final Redemption Amount"** means an amount equal to the scheduled Final Redemption Amount which would have been payable by the Issuer had the Swap Counterparty paid the amounts it was scheduled to pay under the Swap Agreement and/or the Swap Agreement had not terminated prior to the Maturity Date.

(t) *Dual Currency Redemption Notes*

If the Notes are specified in the applicable Final Terms as Dual Currency Redemption Notes, any amount payable on the redemption of the Notes will be converted into the Settlement Currency at the Specified Exchange Rate specified in the applicable Final Terms or, if no Specified Exchange Rate is specified, the Settlement Currency Exchange Rate on the relevant Settlement Currency Exchange Rate Observation Date.

References to amounts payable on the redemption of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which be payable with respect to principal under Condition 6;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) the Instalment Amounts;
- (vi) the Automatic Early Redemption Amount (if any) of the Notes;
- (vii) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(e)); and
- (viii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

(u) *Illegality*

If the Calculation Agent determines that the performance of the Issuer's obligations under the Notes has become illegal in whole or in part for any reason, the Calculation Agent may notify the Issuer

and the Issuer shall redeem all but not some only of the Notes by giving notice to the Noteholders in accordance with Condition 18 (*Notices*), provided that, if such illegality also constitutes a force majeure, the provisions of Condition 7(v) will apply.

If the Issuer redeems the Notes then the Issuer will, if and to the extent permitted by applicable law:

- (i) if Highest Value is specified as applicable in the applicable Final Terms, the Issuer pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(ix);
- (ii) if Market Value is specified as applicable in the applicable Final Terms, the Issuer pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(x);
- (iii) if Monetisation Option is specified as applicable in the applicable Final Terms, the Issuer pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(xi); or
- (iv) if Annex ERE is specified as applicable in the applicable Final Terms, redeem each Note by payment of an amount equal to the Early Redemption Amount determined in accordance with Condition 7(e) (or, where Annex 12 (*Additional Terms and Conditions for Notional Value Repack Securities*) applies, Collateral Linked Condition 1) and for the purposes of determining the Early Redemption Amount in accordance with Condition 7(e) (or Collateral Linked Condition 1, as the case may be), it shall be deemed that an Annex Early Redemption Event has occurred, payment being made in such manner as shall be notified to the Noteholders in accordance with Condition 18 (*Notices*).

(v) *Force majeure*

If the Calculation Agent determines that by reason of force majeure or act of state occurring after the Trade Date it becomes impossible for the Issuer to perform its obligations under the Notes, it may notify the Issuer and may either (i) take the action described in Condition 7(o)(B)(a) or, if applicable, (c) or (d) (save that references to "Additional Disruption Event" and/or "Optional Additional Disruption Event", as applicable will be deemed to be references to "force majeure") or (ii) request the Issuer to redeem all, but not some only, of the Notes and shall give notice of redemption to the Noteholders in accordance with Condition 18 (*Notices*).

If the Issuer redeems the Notes then the Issuer will:

- (A) if ERE Force Majeure/No Unwind Costs is specified as applicable in the applicable Final Terms, pay an amount to each Noteholder equal to the Early Redemption Amount determined in accordance with Condition 7(e)(vii) as if ERE Force Majeure/No Unwind Costs were applicable which amount shall be equal to the fair market value of a Note, taking into account such force majeure or act of state, provided that no account will be taken of costs (other than such costs that are unavoidable to early redeem the Notes at their fair market value) and no such costs shall be deducted; or
- (B) if Annex ERE is specified as applicable in the applicable Final Terms, if and to the extent possible or practicable redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the Early Redemption Amount determined in accordance with Condition 7(e) (or, where Annex 12 (*Additional Terms and Conditions for Notional Value Repack Securities*) applies, Collateral Linked Condition 1). For the purposes of determining the Early Redemption Amount in accordance with Condition 7(e) (or Collateral Linked Condition 1, as the case may be), it shall be deemed that an Annex Early Redemption Event has occurred.

Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes (*Notices*).

(w) *Physical Settlement*

Where Physical Settlement upon Physical Delivery Event is specified as applicable in the applicable Final Terms, Condition 7(w)(i) will apply and if Physical Settlement upon Early Redemption is specified as applicable in the applicable Final Terms, Condition 7(w)(ii) shall apply.

- (i) If, in the determination of the Calculation Agent, a Physical Delivery Event has occurred and no Early Redemption Event has occurred, then the Issuer (or an agent acting on the Issuer's behalf) shall as soon as reasonably practicable give notice of that event to the Noteholders in accordance with Condition 18 (*Notices*), the Trustee and the Swap Counterparty, and on the Unwind Date, the Issuer will deliver, in respect of each Note, the Entitlement in respect of such Note in accordance with Condition 7(w)(iii). Upon the occurrence of a Physical Delivery Event and the delivery of the Entitlement to the Noteholders, no termination of the Swap Agreement will occur in respect of such event but each Note shall be redeemed on the Maturity Date with a Final Redemption Amount equal to an amount equal to the Final Swap Payment. For, the avoidance of doubt, for the purposes of calculating the interest amount payable (if any) in respect of a Note on any Interest Payment Date following the occurrence of a Physical Delivery Event, the nominal amount of the Note shall be equal to its original Specified Denomination (subject to no Early Redemption Event having occurred). No Event of Default shall arise as a result of the occurrence of a Physical Delivery Event unless the Issuer fails to deliver the relevant Entitlements in accordance with Condition 7(w)(iii). Where the Calculation Agent determines that occurrence of an Early Redemption Event also constitutes a Physical Delivery Event such event shall be treated as a Physical Delivery Event in accordance with this Condition 7(w).

As used in this Condition 7(w)(i):

**"Final Swap Payment"** means a *pro rata* share of an amount equal to the payment which is paid by the Swap Counterparty to the Issuer under the Swap Agreement on or prior to the scheduled Maturity Date of the Notes the quantum of which is determined in whole or part by reference to the performance of the relevant Underlying Reference (as defined in Condition 7(r)) (an **"Underlying Reference Linked Payment"**) disregarding the effect of any payment netting or set off and excluding any such amounts paid by the Swap Counterparty which are used by the Issuer to fund payments of interest on the Notes or if there is no such Underlying Reference Linked Payment due under the Swap Agreement, zero;

**"Physical Delivery Event"** means the occurrence of one or more of a Reference Securities Regulatory Event, Reference Securities Restructuring Event and Regulatory Ratio Delivery Event;

**"Reference Securities Regulatory Event"** has the meaning given to it in Condition 7(l)(x);

**"Reference Securities Restructuring Event"** has the meaning given to it in Condition 7(l)(ix);

**"Regulatory Ratio Delivery Event"** means the Calculation Agent determines that (i) the Relevant Regulator has informed the Reference Security Issuer that the Reference Securities are, or are likely to be, an impediment to resolution of the Reference Security Issuer pursuant to the Resolution Rules, (ii) the Reference Securities do not comply with the criteria applicable to eligible liabilities and are or are likely to be, excluded from the eligible liabilities available to meet the MREL/TLAC Requirements of BNP Paribas according to the Relevant Rules as a consequence or (iii) the Reference Securities are deemed to fall

outside the category of obligations described in article L.613-30-3-I-4° of the French *Code monétaire et financier*; and

"**Unwind Date**" means the date notified to the Noteholders by, or on behalf of, the Issuer in the notice giving notice of the occurrence of one or more Physical Delivery Event and which date must be not less than two Business Days after the date on which such notice is given.

- (ii) If, in the determination of the Calculation Agent, an Early Redemption Event has occurred in respect of which the applicable Final Terms specify that Physical Delivery applies (a "**Physical Delivery Early Redemption Event**"), it shall notify the Issuer, and the Issuer (or an agent acting on the Issuer's behalf) shall give notice of the early redemption of the Notes to the holders of the Notes in accordance with Condition 18 (*Notices*) and the Trustee, and, on the date specified for redemption (which must be not less than 15 calendar days nor more than 30 calendar days after the date on which such notice is given by the Issuer) (the "**Early Redemption Date**"), the Issuer will deliver in respect of each Note the Entitlement in respect of such Note accordance with Condition 7(w)(iii) (where no prior Physical Delivery Event has occurred), together with payment of a *pro rata* share of the Physical Delivery Early Redemption Amount in respect of each Note. Redemption of the Notes on the Early Redemption Date will extinguish all obligations of the Issuer under the Notes. For the avoidance of doubt, if any Early Redemption Event occurs which is not a Physical Delivery Early Redemption Event, such Early Redemption Event shall be governed by Condition 7(l) and not this Condition 7(w).

For the purposes of this Condition 7(w)(ii), "**Physical Delivery Early Redemption Amount**" means an amount equal to any termination payment received by the Issuer under the relevant Swap Agreement and any amounts received from the realisation of the Charged Assets (other than the Reference Securities) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes of the Issuer and, if applicable, any Delivery Agent, in respect of the delivery of the Reference Securities and the early redemption of the Notes, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement.

- (iii) Following the occurrence of a Physical Delivery Event or Physical Delivery Early Redemption Event, any delivery of the Entitlement shall take place in accordance with Condition 6(b). For the purposes of Condition 6(b)(C), following any Physical Delivery Early Redemption Event, the Expenses payable by a Noteholder shall be calculated after the application of any termination payment received by the Issuer from the Swap Counterparty to pay such Expenses (and the Physical Delivery Early Redemption Amount shall be reduced accordingly). The provisions of Condition 6(b)(i)(E) shall not apply to the Notes unless Settlement Disruption Event is specified to be applicable to Physical Delivery Events and/or Early Redemption Events in the applicable Final Terms.

- (iv) For the purposes of this Condition 7(w) (and where such term is used in Condition 6):

"**Entitlement**" means, in respect of each Note, a *pro rata* share of the Reference Securities then held by the Issuer or, where applicable, any securities or other assets resulting from the conversion of the Reference Securities into other securities ("**Alternative Securities**"); and

"**Relevant Assets**" means the Reference Securities and/or, as the case may be, any Alternative Securities.

(x) *Autoroll*

If Autoroll is specified as applicable in the applicable Final Terms and:

- (a) Autoroll Standard is specified in the applicable Final Terms and an Autoroll Event occurs, any of (i) the Final Payout and its related provisions, (ii) the Knock-in Event or Knock-out Event, as applicable, and its related provisions, (iii) the Automatic Early Redemption Event and its related provisions, (iv) the Strike Date, (v) the Coupon Payout and its related provisions and/or (vi) the Maturity Date, will be amended to the corresponding (i) Rolled Final Payout and its related provisions, (ii) Rolled Knock-in Event or Knock-out Event and its related provisions, (iii) Rolled Automatic Early Redemption Event and its related provisions, (iv) Rolled Strike Date, (v) Rolled Coupon Payout and its related provisions or (vi) Rolled Maturity Date, in each case specified in the applicable Final Terms on and after the Autoroll Date immediately following the SPS AR Valuation Date or SPS AR Valuation Period, as applicable, on or in respect of which the Autoroll Event occurs;
- (b) Autoroll Lock is specified in the applicable Final Terms and an Autoroll Event occurs, any level specified in the applicable Final Terms (each such level a "**Rolling Level**") in respect of (i) the Final Payout and its related provisions, (ii) the Knock-in Event or Knock-out Event and its related provisions, (iii) the Automatic Early Redemption Event and its related provisions and/or (iv) the Coupon Payout and its related provisions, will be amended to (x) if Autoroll Lock Product is specified in the applicable Final Terms, the product of such originally designated level and the relevant Locked Level or (y) if Autoroll Lock Divide is specified in the applicable Final Terms, such originally designated level divided by the relevant Locked Level, on and after the Autoroll Date immediately following the SPS AR Valuation Date or SPS AR Valuation Period, in respect of which the Autoroll Event occurs; or
- (c) Autoroll Shift is specified in the applicable Final Terms and an Autoroll Event occurs, any level specified in the applicable Final Terms (each such level a "**Rolling Level**") in respect of (i) the Final Payout and its related provisions, (ii) the Knock-in Event or Knock-out Event and its related provisions, (iii) the Automatic Early Redemption Event and its related provisions and/or (iv) the Coupon Payout and its related provisions, will be amended to the relevant Shifted Level, on and after the Autoroll Date immediately following the SPS AR Valuation Date or SPS AR Valuation Period, as applicable, on or in respect of which the Autoroll Event occurs.

Notice of any amendment to any Rolling Level pursuant to (b) or (c) above will be given to Holders of Securities in accordance with Condition 18 (*Notices*) of the Notes.

Where:

"**Autoroll Date**" means each date specified as such or determined pursuant to the provisions of the applicable Final Terms;

"**Autoroll Event**" means that:

- (a) if Autoroll Standard is specified in the applicable Final Terms, the SPS AR Value is (i) "greater than", (ii) "equal to or greater than", (iii) "less than" or (iv) "less than or equal to", as specified in the applicable Final Terms, the Autoroll Level, (x) on a SPS AR Valuation Date or (y) in respect of a SPS AR Valuation Period, as specified in the applicable Final Terms;
- (b) if Autoroll Lock is specified in the applicable Final Terms, the SPS AR Value is (i) "greater than", (ii) "equal to or greater than", (iii) "less than" or (iv) "less than or equal to", as

specified in the applicable Final Terms, any of the Lock Levels (x) on a SPS AR Valuation Date or (y) in respect of a SPS AR Valuation Period; or

- (c) if Autoroll Shift is specified in the applicable Final Terms, the SPS AR Value is (i) "greater than", (ii) "equal to or greater than", (iii) "less than" or (iv) "less than or equal to", as specified in the applicable Final Terms, the Shifted Level(t-1), (x) on a SPS AR Valuation Date or (y) in respect of a SPS AR Valuation Period, as specified in the applicable Final Terms;

**"Autoroll Level"** means the number, amount, level or percentage specified as such in the applicable Final Terms;

**"Cap Shifted Level"** means the Cap Percentage;

**"Coupon Payout"** means a payout set out in Payout Condition 1.1 or Payout 2.1;

**"Floor Shifted Level"** means the Floor Percentage;

**"Lock Level [1]/[2]/[3]/[4]"** means the number, amount, level or percentage specified as such in the applicable Final Terms;

**"Locked Level"** means:

- (a) if Lowest Lock Level is specified in the applicable Final Terms, where the SPS AR Value in respect of a SPS AR Valuation Date or SPS AR Valuation Period, as applicable, is less than a Lock Level, but greater than or equal to the next lowest Lock Level, the lower of those two Lock Levels; or
- (b) if Highest Lock Level is specified in the applicable Final Terms, where the SPS AR Value in respect of a SPS AR Valuation Date or SPS AR Valuation Period, as applicable, is less than a Lock Level, but greater than or equal to the next lowest Lock Level, the higher of those two Lock Levels;

**"Shifted Level(0)"** means the relevant Rolling Level or other number, amount, level or percentage specified as such in the applicable Final Terms;

**"Shifted Level(t-1)"** means, in respect of a SPS AR Valuation Date or a SPS AR Valuation Period, as applicable, the Shifted Level in respect of the immediately preceding SPS AR Valuation Date or SPS AR Valuation Period, as applicable, or if none, Shifted Level(0);

**"Shifted Level"** means:

- (a) in respect of a SPS AR Valuation Date, the SPS AR Value in respect of such SPS AR Valuation Date; or
- (b) in respect of a SPS AR Valuation Period, and:
  - (i) if Lowest Shifted Level is specified in the applicable Final Terms, the lowest SPS AR Value on any SPS AR Valuation Date in such SPS AR Valuation Period;
  - (ii) if Highest Shifted Level is specified in the applicable Final Terms, the highest SPS AR Value on any SPS AR Valuation Date in such SPS AR Valuation Period; or
  - (iii) if neither Lowest Shifted Level or Highest Shifted Level is specified in the applicable Final Terms, then SPS AR Value in respect of such SPS AR Valuation Period,

provided that, the Shifted Level in respect of such SPS AR Valuation Date or SPS AR Valuation Period, as applicable, will not be (i) less than the Floor Shifted Level or (ii) greater than the Cap Shifted Level;

**"SPS AR Valuation Date"** means each Averaging Date, Pricing Date, Underlying Interest Determination Date and/or Settlement Price Date specified as such in the applicable Final Terms;

**"SPS AR Valuation Period"** means each period specified as such in the applicable Final Terms; and

**"SPS AR Value"** means, in respect of a SPS AR Valuation Date or a SPS AR Valuation Period, the value from Payout Conditions 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms.

(y) *Suspension of payments*

Where "Suspension of Payments" is specified as applicable in the applicable Final Terms, if the Calculation Agent determines that a Suspension Event has occurred, no payment of principal or interest shall be made by the Issuer in respect of the Notes during the Suspension Period as set out in Condition 5(k) (in the case of interest) or Condition 7(a) (in the case of principal). If, at any time during the Suspension Period, the Calculation Agent determines that an Early Redemption Event has occurred, then the provisions of Condition 7(l) shall apply. In determining whether a payment failure has (or may have) occurred, the Calculation Agent may rely on evidence of non-receipt of funds. For the purposes of these Conditions:

**"Suspension Event"** means the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to (a) an Asset Payment Default Event (disregarding any terms allowing for non-payment, deferral or adjustments to any scheduled payments and any notice period in respect thereof) in respect of any relevant Reference Securities (where Asset Payment Default Event is specified as an Early Redemption Event in respect of the relevant Notes), or (b) to an Asset Default Event in respect of any relevant Reference Securities (where Asset Default Event is specified as an Early Redemption Event in respect of the relevant Notes) or (c) an RCA Payment Default Event as if No Grace Period had been specified in the applicable Final Terms (and disregarding any terms allowing for non-payment, deferral or adjustments to any scheduled payments and any notice period in respect thereof) in respect of any relevant Reference Securities (where Annex 12 (*Additional Terms for Notional Value Repack Securities*) is applicable and RCA Payment Default Event is specified as an Early Redemption Event in respect of the relevant Notes);

**"Suspension Period"** means, where "Suspension of Payments" is specified as applicable in the applicable Final Terms, the period commencing on the Suspension Period Start Date and with a duration equal to:

- (a) if no period is specified in the applicable Final Terms as the Suspension Period, the longer of (i) ten Business Days and (ii) the grace period applicable to the relevant Reference Securities (determined in accordance with the terms and conditions of the relevant Reference Securities); or
- (b) the period specified in the applicable Final Terms as the Suspension Period; and

**"Suspension Period Start Date"** means the date on which the Calculation Agent determines that a Suspension Event has occurred.

(z) *Open End Notes*

If "Open End" is specified as applicable in the relevant Final Terms, unless the Notes have previously been redeemed or purchased and cancelled:

- (i) unless the Notes are specified as "Put/Call Open End Notes" in the applicable Final Terms, the Conditions of the Notes will include (a), an option for the Issuer to redeem each Note

by payment of the Final Redemption Amount on the Maturity Date of such Open End Notes, which will, notwithstanding any provision to the contrary, be the date falling (5) five Business Days after the relevant Averaging Date, Observation Date, Strike Date or, as applicable, Valuation Date determined by the Calculation Agent, and such option is deemed exercised where the Issuer notifies the relevant Averaging Date, Observation Date, Strike Date or Valuation Date so determined by the Calculation is notified to the Noteholders at the latest ten (10) Business Days (or such other notice period specified in the applicable Final Terms) prior to the contemplated date in accordance with Condition 18 and (b) an option for the Noteholder of any Open End Note to give notice to the Issuer not less than the minimum notice period nor more than the maximum notice period, in each case, specified in the applicable Final Terms (the "**Notice Period**") and, upon the expiry of such Notice Period, the Issuer will redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), each such Note at the Final Redemption Amount on the relevant Maturity Date. The Maturity Date of such Open End Notes will, notwithstanding any provision to the contrary, be the date falling (5) five Business Days after the relevant Averaging Date, Observation Date, Strike Date or, as applicable, Valuation Date, determined by the Calculation and notified to Noteholders in accordance with Condition 18. To validly exercise such option, the Noteholder must deliver a Put Notice in accordance with the provisions of the last paragraph of Condition 7(d) (save that references to Optional Redemption Date shall be deemed to refer to the Maturity Date); or

- (ii) if the Securities are specified as "Put/Call Open End Notes" in the applicable Final Terms, each Note will include an Issuer Call Option, exercisable in accordance with the provisions of Condition 7(b) and a Holder Put Option, exercisable in accordance with the provisions of Condition 7(c).

If the date for payment of any amount in respect of the Notes is not a Business Day, the noteholder thereof shall not be entitled to payment until the next following Business Day and shall not be entitled to any further payment in respect of such delay.

## 8. Charged Assets

### (a) *Compartment Assets*

- (i) In respect of any Series of Notes, "**Compartment**" shall mean the compartment created by the Board of the Issuer pursuant to the Securitisation Act 2004 under which the Notes are to be issued. Each Compartment will comprise a pool of Issuer assets and liabilities separate from the pools of Issuer assets and liabilities relating to any other Compartments. In respect of any Series of Notes and any Related Notes, such assets will consist of the Charged Assets (as defined in Condition 8(c) (*Compartment Security*) below), which Charged Assets may include, *inter alia*, the assets specified in the applicable Final Terms as "Compartment Assets" or where such assets are converted into or exchanged for new assets, such new assets or, in each case any redemption or other proceeds received by the Issuer in respect thereof relating to such exchange or conversion (the "**Compartment Assets**") and which Compartment Assets may be specified in the applicable Final Terms to be "Reference Securities" or where such assets are converted into or exchanged for new assets, such new assets or, in each case any redemption or other proceeds received by the Issuer in respect thereof relating to such exchange or conversion (the "**Reference Securities**").
- (ii) Subject to the Trust Deed (but without prejudice to the rights of the Issuer under Condition 7(n) (*Maturity Date Extension*)), in order to meet any part of its obligations under the Notes or any Related Notes in respect of (A) any redemption thereof, (B) any Related Agreements or "Related Agreements" (as defined under the terms and conditions of any such Related Notes), (C) any agreements for the purchase of the Notes or Related Notes or (D) any other

payments (if any) due from the Issuer under these Conditions and/or the Trust Deed in relation to the Notes or Related Notes, the Issuer may, at any time, procure the liquidation of some or all of the Compartment Assets provided that (1) where such liquidation relates to a Multi-Series Compartment where there are Related Notes outstanding and (2) the Compartment Asset Coverage Test is specified to be applicable in the applicable Final Terms, the Issuer shall not liquidate any Compartment Asset where such liquidation would mean that the Compartment Asset Coverage Test would be breached (determined as of the date of the relevant liquidation) in respect of any remaining Notes and/or Related Notes.

As used in these Conditions:

**"Compartment Asset Coverage Percentage"** means 100 per cent. or such other percentage specified in the applicable Final Terms of (a) the aggregate principal amount outstanding of the Notes and Related Notes remaining after the purchase or redemption of Notes referred to in this Condition 8(a)(ii) or, as applicable, the issue of Further Notes or Related Notes referred to in Condition 16 or (b) if Compartment Asset Coverage Market Value Percentage is specified to be applicable in the applicable Final Terms, the market value (as determined by the Calculation Agent) of the Notes and Related Notes remaining after the purchase or redemption of Notes referred to in this Condition (a)(ii) or, as applicable, the issue of Further Notes or Related Notes referred to in Condition 16.

**"Compartment Asset Coverage Test"** means (a) where Compartment Asset Coverage Market Value is specified as applicable in the applicable Final Terms, the market value of the Compartment Assets held in respect of the relevant Compartment (as determined by the Calculation Agent) is equal to or greater than the Compartment Asset Coverage Percentage or (b) where Compartment Asset Coverage Nominal Value is specified as applicable in the applicable Final Terms, the nominal amount of the Compartment Assets held in respect of the relevant Compartment (as determined by the Calculation Agent) is equal to or greater than the applicable Compartment Asset Coverage Percentage.

- (iii) In accordance with the Securitisation Act 2004, the Charged Assets are available exclusively to satisfy the rights of the Secured Parties (as defined in Condition 8(e) (*Application of Proceeds*)).
- (iv) In connection with the issue of the Notes and any Related Notes there may be executed one or more interest rate and/or currency exchange agreements, credit default swap agreements, swap agreements exchanging payment flows on an asset, total return swap agreements, option agreements and/or other derivative transactions (each a **"Swap Agreement"**) between the Issuer and one or more swap counterparties (each a **"Swap Counterparty"**) and one or more deposit agreements (each a **"Deposit Agreement"**) between the Issuer and one or more deposit counterparties (each a **"Deposit Counterparty"**), one or more collateral exchange agreements (each a **"Collateral Exchange Agreement"**) between the Issuer and one or more collateral exchange counterparties (each a **"Collateral Exchange Counterparty"**) and one or more repurchase agreements (each a **"Repurchase Agreement"**) with BNP Paribas or BNP Paribas Financial Markets S.N.C. as specified in the Final Terms (each a **"Repo Counterparty"** and, together with each Swap Counterparty, each Collateral Exchange Counterparty and Deposit Counterparty, each a **"Counterparty"**). In addition, in connection with any issue of Notes and Related Notes, the Issuer and the Swap Counterparty may enter into a credit support annex, credit support deed or pledge or such other security interest governed by the law of such jurisdiction as specified in the applicable Final Terms over collateral in favour of the Issuer in connection with any relevant Swap Agreement (a **"Credit Support Annex"**, a **"Credit Support Deed"** and a **"Pledge"** respectively and, together with the Swap Agreement, the Deposit Agreement, the Collateral Exchange Agreement and the Repurchase Agreement, the **"Related Agreements"**).
- (v) The Issuer may enter into one or more Related Agreement(s) including a Swap Agreement. Under the Swap Agreement payments will be made on Swap Business Days. Where in the applicable Issue Deed any of the Swap Agreement, Repurchase Agreement, Collateral Exchange Agreement or Deposit Agreement are specified to be not applicable, references

in these Terms and Conditions to such document or agreement and to any Swap Counterparty, Repo Counterparty, Collateral Exchange Counterparty or Counterparty, as the case may be, shall not be applicable.

(b) *Custodian; Custody Account; Account Bank; Compartment Account*

- (i) Each Custody Account (as defined below), together with such Compartment Assets as are capable of being so held, will be held by the Custodian on behalf of the Issuer, and each Compartment Account (as defined below) will be held by the Account Bank, in each case on and subject to (A) the terms and conditions of the Agency Agreement, (B) the Securitisation Act 2004 and (C) in the cases of the Compartment Assets, the Custody Account and the Compartment Account, the terms and conditions of the Compartment Security created pursuant to the Trust Deed and/or any Additional Security Document. The Issuer reserves the right to replace the Custodian at any time, but only with the prior written consent of the Trustee and in accordance with (x) the provisions of the Securitisation Act 2004 and (y) the relevant CSSF instructions and/or guidelines. Notice of such change shall be given to the Noteholders in accordance with Condition 18 (*Notices*). If it is specified in the applicable Final Terms that there is a Sub-Custodian in relation to the Compartment Assets, such Sub-Custodian (which expression shall include any additional or successor sub-custodians from time to time appointed) shall hold such Compartment Assets as are capable of being so held on behalf of the Custodian, on and subject to the terms of an agreement between the Sub-Custodian and the Custodian. References herein to the "**Custodian**" shall, as the context requires, be construed as references to the Custodian, the Sub-Custodian and/or any additional or successor custodians appointed from time to time.
- (ii) If the Charged Assets of the Issuer in respect of a Compartment include Compartment Assets, in respect of such Compartment the Custodian (on behalf of the Issuer) shall establish and maintain an account in the name of the Issuer (the "**Custody Account**") with a bank or other financial institution (which shall be the Custodian unless an alternative financial institution is specified in the applicable Final Terms). The Custody Account for the Compartment shall be entirely separate from any other accounts of the Issuer and the Custodian, including, without limitation, the accounts established in connection with any other Compartment(s). Such Compartment Assets shall only be removed from the Custody Account at such times and in such amounts as are contemplated in these Terms and Conditions and the Trust Deed or in order for the Issuer (or any appointee on its behalf) and the Trustee (or any receiver) to fulfil their respective obligations under the Notes and the Related Notes, Related Agreements and pursuant to the Trust Deed.
- (iii) Where Compartment Account is specified as applicable in the applicable Final Terms, in respect of the relevant Compartment, the Issuer shall establish and maintain one or more account in the name of the Issuer (the "**Compartment Account**") with a bank or other financial institution (which shall be the financial institution specified in the applicable Final Terms, unless no such financial institution is specified in which case it shall be the Account Bank). The Compartment Account for the Compartment shall be entirely separate from any other accounts of the Issuer and the Account Bank, including, without limitation, the accounts established in connection with any other Compartment(s). Amounts standing to the credit of the Compartment Account shall only be removed from the Compartment Account at such times and in such amounts as are contemplated in these Terms and Conditions and the Trust Deed or in order for the Issuer (or any appointee on its behalf) and the Trustee (or any receiver) to fulfil their respective obligations under the Notes or Related Agreements and pursuant to the Trust Deed.

(c) *Compartment Security*

- (i) The Issuer has (as specified in the Trust Deed relating to the Notes and any Related Notes or in another relevant security document relating to the Notes and any Related Notes), assigned or created a first fixed charge, and/or other security interest, in each case in favour of the Trustee for itself and as trustee for the Secured Parties, over or in respect of:

- (A) the present and future Compartment Assets relating to the relevant Compartment and all of the Issuer's rights, title, interest and benefit, present and future, in respect of sums derived from the present and future Compartment Assets relating to the relevant Compartment (including, without limitation, any proceeds of the sale thereof);
  - (B) (x) the Issuer's rights, title, interest and benefit, present and future, in, to and under all sums held by the Agents, the Account Bank (including sums standing to the credit of the Compartment Account) and the Custodian to meet payments due in respect of the Notes relating to the relevant Compartment (the "**Cash Assets**"); (y) any sums of money, securities or other property received or receivable by the Issuer under any Related Agreement (including, without limitation, any Swap Agreement, any Deposit Agreement and any Repurchase Agreement) relating to the relevant Compartment; and (z) all of the Issuer's rights, title, interest and benefit, present and future, as against the Custodian in respect of any sum standing to the credit of the Custody Account (as defined in Condition 8(b) (*Custodian; Custody Account, Account Bank; Compartment Account*)) relating to the relevant Compartment); and
  - (C) the Issuer's rights, title, interest and benefit, present and future, in, to and under any Transaction Document (including without limitation any Swap Agreement, any Deposit Agreement and any Repurchase Agreement) and any agreement for the sale, transfer and/or delivery of assets relating to the relevant Compartment (as contemplated under Condition 8(a) (*Compartment Assets*)) and any sums received or receivable by the Issuer under any such agreement.
- (ii) If it is stated in the applicable Final Terms that the security for the Notes is "Charged Assets charged to Trustee; additional foreign law security", the Issuer has in the Trust Deed created the security specified in sub-paragraph (i) above and has, in addition and without prejudice to the security specified as aforesaid, executed in favour of the Trustee the pledge or security or other agreement or document specified in the applicable Final Terms (each an "**Additional Security Document**").
  - (iii) The security described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Compartment Security**" and the assets described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Charged Assets**".
- (d) *General provisions relating to security*
- The Compartment Security constituted or created pursuant to the Trust Deed and any Additional Security Document will be granted to the Trustee for itself and for the other Secured Parties (as defined in Condition 8(e) (*Application of Proceeds*)) as continuing security for (i) the payment of all sums due to the Trustee or any appointee or any receiver under the Trust Deed and/or any Additional Security Document or due under the Notes, Coupons or Receipts and any Related Notes (and relative coupons and receipts), (ii) the performance of the Issuer's obligations under any Related Agreement (including any Swap Agreement) and (iii) the payment of all sums payable to the Agents pursuant to any provision of the Agency Agreement (including the provisions which require the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) to the Issuing and Paying Agent or the Registrar for any amount paid out by the Issuing and Paying Agent or the Registrar, as the case may be, to the holders of Notes, Coupons or Receipts before receipt of the corresponding amount due from the Issuer).
- (e) *Application of Proceeds*
- (i) The Trustee shall (subject to the provisions of the Trust Deed) apply all moneys received by it under the provisions of the Trust Deed and any Additional Security Document in connection with the realisation or enforcement as described in Condition 12 (*Enforcement and Realisation*) of the Compartment Security constituted by or pursuant to the Trust Deed and any Additional Security Document and/or the Reference Securities in the manner set out in Condition 12(b) (where Condition 12(b) is applicable) in accordance with the Order

of Priority specified in the applicable Final Terms (such amounts being the "**Available Enforcement Proceeds**").

- (ii) By subscribing to or otherwise acquiring the Notes, each Noteholder expressly consents to the provisions of this Condition 8(e), the order of priority specified in the applicable Final Terms (the "**Order of Priority**") and the limitation of its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted and agreed to such provisions and the consequences thereof. If no Order of Priority is specified in the applicable Final Terms, the Order of Priority shall be Swap Counterparty Priority as set out below.
- (iii) If:
  - (A) "**Swap Counterparty Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds and/or the Reference Securities in the manner set out in Condition 12(b) (where Condition 12(b) is applicable) shall be applied as follows:
    - (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
    - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes and any Related Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
    - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
    - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement relating to the Notes and the Related Notes and the Collateral Exchange Counterparty under Collateral Exchange Agreement (if any) relating to the Notes and the Related Notes. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
    - (5) fifthly, rateably in meeting the claims (if any) of the holders of Notes, Coupons and Receipts and the holders of any Related Notes (and, in the case of Related Notes in definitive form, the holders of coupons and receipts pertaining to the Related Notes). If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
    - (6) sixthly, in payment of the balance (if any) to the Issuer;
  - (B) "**Pari Passu Ranking**" is specified in the applicable Final Terms, Available Enforcement Proceeds and/or the Reference Securities in the manner set out in Condition 12(b) (where Condition 12(b) is applicable) shall be applied as follows:
    - (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);

- (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes and any Related Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
  - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
  - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement relating to the Notes and the Related Notes, the Collateral Exchange Counterparty under Collateral Exchange Agreement (if any) relating to the Notes and the Related Notes, the holders of Notes, Coupons and Receipts and the holders of any Related Notes (and, in the case of Related Notes in definitive form, the holders of coupons and receipts pertaining to the Related Notes). If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
  - (5) fifthly, in payment of the balance (if any) to the Issuer; and
- (C) **"Noteholder Priority"** is specified in the applicable Final Terms, Available Enforcement Proceeds and/or the Reference Securities in the manner set out in Condition 12(b) (where Condition 12(b) is applicable) shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
  - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes and the Related Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
  - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
  - (4) fourthly, rateably in meeting the claims (if any) of the holders of Notes, Coupons and Receipts and the holders of any Related Notes (and, in the case of Related Notes in definitive form, the holders of coupons and receipts pertaining to the Related Notes). If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
  - (5) fifthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement relating to the Notes and any Related Notes and the Collateral Exchange Counterparty under Collateral Exchange Agreement (if any) relating to the Notes and any Related Notes. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and

- (6) sixthly, in payment of the balance (if any) to the Issuer.

**"Secured Parties"** means each of the Trustee, any receiver, the Noteholders, the Swap Counterparty, the Repo Counterparty (if any), the Collateral Exchange Counterparty (if any) and the Agents (each, a **"Secured Party"**).

(f) *Compartment Assets substitution by Swap Counterparty*

Where this Condition 8(f) is specified as being applicable in the Final Terms then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty.

The Swap Counterparty may substitute the Compartment Assets for:

- (i) either securities denominated in the currency specified in the Final Terms issued by the entity specified as the eligible collateral issuer (each, an **"Eligible Compartment Assets Issuer"**) in the Final Terms (**"Eligible Compartment Assets Issuer Obligations"**); or
- (ii) such other securities, obligations or an amount of cash in the currency in which the principal amount of the existing Compartment Assets is expressed to be payable where **"Alternative Substitution"** is specified in the Final Terms.

The new securities, obligations or cash to be substituted must be in a principal amount equal (or, if in another currency, the equivalent to the principal amount of the currency in which the Compartment Assets are expressed to be payable, as determined on the date of such substitution by the Swap Counterparty in its sole discretion) to the then fair market valuation of the Notes as determined by the Swap Counterparty (or, in the case of a substitution or redemption of part only of the Compartment Assets, of the relevant proportion thereof as at the date of such substitution).

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian or such other relevant Counterparty.

By making any substitution pursuant to this Condition 8(f) the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

The Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 8(f) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 8(f).

References in these Conditions and the Trust Deed to **"Compartment Assets"** shall be deemed to include any substituted Compartment Assets and references to **"Charged Assets"** shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where "Substitution Notification" is specified in the applicable Final Terms, the Issuer shall give notice of any substitution to Noteholders under this Condition 8(f) in accordance with Condition 18 (*Notices*) and, in relation to any Notes listed on the Luxembourg Stock Exchange, to the Luxembourg Stock Exchange (or if listed on another stock exchange to such other stock exchange) and will, if required by the rules of the Luxembourg Stock Exchange (or of such other stock exchange), prepare a supplement to any applicable prospectus or such other documents as may be required.

If this Condition 8(f) is applicable, the Trustee and any Noteholders may at any time require the Issuer to notify them of the composition of the Compartment Assets at such time.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 8(f) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the principal amount of the Notes.*

(g) *Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*

Where the Issuer and the Swap Counterparty have entered into a Credit Support Annex in respect of any Swap Agreement, then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the Credit Support Annex.

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian (or, where an alternative bank or institution is specified as custodian for the Compartment Assets in the applicable Final Terms, to such entity) or such other relevant Counterparty.

By making any substitution pursuant to this Condition 8(g), the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

In the case of Compartment Assets substitution under a Credit Support Annex, the Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 8(g) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 8(g).

After any substitution, references in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any Compartment Assets substituted and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where substitution of the Compartment Assets takes place in accordance with the terms of any credit support annex, the Issuer shall not be obliged to give notice of any substitution to Noteholders under this Condition 8(g).

If this Condition 8(g) is applicable, the Trustee may at any time require the Issuer to notify it of the composition of the Compartment Assets at such time.

Where the Issuer and the Swap Counterparty have entered into a Credit Support Deed in respect of any Swap Agreement, the collateral secured under the relevant Credit Support Deed may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Credit Support Deed.

Where the Issuer and the Swap Counterparty have entered into a Pledge in respect of any Swap Agreement, the assets that are the subject of the relevant Pledge may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Pledge.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 8(g) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the principal amount of the Notes.*

(h) *Swap Counterparty optional termination*

Where this Condition 8(h) is specified as being applicable in the Final Terms, the Swap Counterparty may (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) opt to terminate a Swap Agreement in whole or in part in accordance with either or both of the methods set out below (as specified in the Final Terms).

(i) *Call option:*

The Swap Counterparty may opt to terminate a Swap Agreement:

in whole or in part on either:

(A) any Interest Payment Date; or

(B) if so specified in the Final Terms, on any other date,

upon the number of Business Days' notice specified as being applicable in the Final Terms to the Issuer.

Such optional termination will lead to early redemption in whole or in part, as the case may be, of the Notes on the relevant Interest Payment Date (or, if applicable, on such other date) in the manner set out in Condition 7(f) (*Redemption Following Swap Counterparty Optional Termination*).

(ii) *Repurchase:*

The Swap Counterparty may opt to terminate a Swap Agreement (or where a Swap Agreement has been entered into respect of the Notes and one or more Series of Related Notes, the Series Transaction) upon service of written notice on the Issuer with a copy to the Trustee, in whole or in part and without payment by either party, if any of the Notes to which that transaction relates are purchased by or on behalf of the Swap Counterparty or any of its subsidiaries or affiliates ("**Purchased Notes**"). Where such option is exercised, such Swap Agreement, or as applicable, the Series Transaction will terminate *pro rata* in the proportion (the "**Proportion**") that the aggregate principal amount of the Purchased Notes bears to the aggregate principal amount of the Notes outstanding immediately prior to the purchase of the Purchased Notes by the Swap Counterparty or any of its subsidiaries or affiliates. Upon service of such notice, the Swap Counterparty will be either (A) authorised by the Issuer to take delivery of and/or deliver and/or realise on the Issuer's behalf the Proportion of the Charged Assets (if any) charged to or otherwise secured in favour of the Trustee under the Trust Deed or (B) entitled to payment of an amount equal to the Proportion of the Charged Assets where the Charged Assets is constituted by cash ("**Realised Collateral**"). The Realised Collateral will be payable or deliverable, as the case may be, by the Issuer to or to the order of the Swap Counterparty, in the contractual currency paid by the Issuer under the relevant Swap Agreement or, if applicable, Series Transaction (where the Realised Collateral is not being delivered). Upon receipt of the Realised Collateral, the Swap Counterparty will deliver to the Issuing and Paying Agent the Purchased Notes for cancellation. In such circumstances:

- (1) the Issuer will be deemed to have consented to the Trustee releasing the Realised Collateral to the Swap Counterparty upon termination of the relevant Swap Agreement or, as applicable, the relevant Series Transaction in the manner described in this Condition 8(h);
- (2) where relevant, the Swap Counterparty, on behalf of the Issuer, will be deemed to be authorised by the Issuer to realise the Proportion of the Charged Assets; and
- (3) the Trustee will, unless an Event of Default or a Potential Event of Default has occurred, be deemed to release the Realised Collateral from the security created in respect of it under the Trust Deed.

Where "Initial Condition Precedent" is specified as applicable in the applicable Final Terms, the Issuer's obligation to pay or procure the payment of the Initial Remittance under the Deposit Agreement or to purchase the relevant Reference Securities and to pay the purchase price under the Repurchase Agreement to buy the securities which will constitute the Reference Securities under the Repurchase Agreement, as the case may be, will be subject to the condition precedent that the Dealer has determined in its absolute discretion that it has received from the Acquiring Party an amount equal to the Initial Remittance by no later than the Initial Condition Precedent Time on the Initial Condition Precedent Date. If the Dealer determines that it has not received such amounts, the Swap Counterparty may terminate the Swap Agreement, or, as applicable, the Series Transaction in accordance with this Condition 8(h)(ii) and the Issuer shall repurchase the Notes in accordance with this Condition 8(h)(ii), which will lead to the termination of the Deposit Agreement (where applicable).

As used in this Condition 8(h)(ii),

**"Acquiring Party"** means the Authorised Offeror or such other party specified as such in the applicable Final Terms;

**"Additional Proceeds Amount"** means each amount specified as such in the applicable Final Terms;

**"Additional Proceeds Payer"** means the Swap Counterparty or, if Alternative Additional Proceeds Payer is specified in the applicable Final Terms, the Repo Counterparty;

**"Authorised Offeror"** means the party specified as such in the applicable Final Terms;

**"Dealer"** means the party specified as such in the applicable Final Terms;

**"Initial Condition Precedent Date"** means the Issue Date unless specified otherwise in the applicable Final Terms;

**"Initial Condition Precedent Time"** means 12.00 noon (Central European Time) unless specified otherwise in the applicable Final Terms; and

**"Initial Remittance"** means (a) where Full Proceeds is specified in the applicable Final Terms, 100 per cent. of the net proceeds of issue of the Notes (the **"Full Proceeds Amount"**), (b) where Partial Proceeds is specified in the applicable Final Terms, a proportion of the net proceeds of issue of the Securities less than 100 per cent. thereof (such lower amount, the **"Partial Proceeds Amount"**) and (c) where either Full Proceeds or Partial Proceeds is specified and Additional Proceeds is specified as applicable in the applicable Final Terms either the Full Proceeds Amount or the Partial Proceeds Amount, as the case may be, plus the Additional Proceeds Amount paid to the Issuer by the Additional Proceeds Payer.

(i) *Residual Shortfall*

In the case of Notes (but without prejudice to the rights of a holder of Guaranteed Notes under the Guarantee), if the net proceeds of the realisation or enforcement of the Charged Assets created pursuant to the Trust Deed and/or any Additional Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the **"Net Proceeds"**) are not sufficient to make all payments due in respect of such Notes and any Related Notes, then:

- (i) the obligations of the Issuer in respect of such Notes and any such Related Notes will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets; and
- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Noteholder's right to receive any further sums in respect of any Residual Shortfall

shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall.

No Secured Party nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité liquidation volontaire ou judiciaire*), judicial reorganisation (*réorganisation judiciaire*), administrative dissolution without liquidation (*dissolution administrative sans liquidation*), reprieve from payment (*sursis de paiement*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Condition 11 (*Events of Default*).

In this Condition, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Notes but for the operation of this Condition 8(i).

(j) *Issuer's rights as holder of Compartment Assets*

The Issuer may exercise any rights in its capacity as holder of the Compartment Assets (including, without limitation, a right to vote or any analogous right howsoever described) only with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. in principal amount of the Notes then outstanding and at least 25 per cent. in principal amount of each series of Related Notes then outstanding or as directed by an Extraordinary Resolution of the Noteholders and by an Extraordinary Resolution of the holders of each series of Related Notes) and (except in relation to the Swap Agreement) the Swap Counterparty and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of the Compartment Assets, or give any consent or notification or make any declaration in relation to the Compartment Assets, save with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. in principal amount of Notes then outstanding and at least 25 per cent. in principal amount of each series of Related Notes then outstanding or as directed by an Extraordinary Resolution of each of the Noteholders and by an Extraordinary Resolution of the holders of each series of Related Notes) and the Swap Counterparty. In the event of a conflict between the instructions of the Trustee (or the Noteholders and, where applicable, the holders of each series of Related Notes) and the Swap Counterparty, the instructions of the Instructing Party will prevail.

In these Conditions "**Instructing Party**" means if "Swap Counterparty Priority" applies the Swap Counterparty (except in relation to the Swap Agreement, or where it is the Defaulting Party under, and as defined in, the relevant Swap Agreement, in which case the Instructing Party will be the Noteholders) and if either "Noteholder Priority" or "Pari-Passu Ranking" applies, the Noteholders or, in the case of Notes issued through a Multi-Series Compartment, means, if "Swap Counterparty Priority" applies, the Swap Counterparty (except in relation to the Swap Agreement, or where it is the defaulting party under the Swap Agreement, in which case the Instructing Party will be the Noteholders, and if either "Noteholder Priority", or "Pari-Passu Ranking" applies, the Noteholders, provided that, if more than one series of notes has been issued through the Compartment through which the Notes have been issued, where the Instructing Party would otherwise be the Noteholders, it shall the holders of at least 25 per cent. in principal amount of the Notes then outstanding and at least 25 per cent. in principal amount of each series of Related Notes then outstanding, or as directed by an Extraordinary Resolution of such Noteholders and by an Extraordinary Resolution of the holders of each series of Related Notes.

(k) *Swap termination*

Notwithstanding the terms of Condition 8(j) (*Issuer's rights as holder of Compartment Assets*), where "**Swap Termination Without Redemption**" is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement), following notification of such Event of Default by the Issuer to the Trustee (a "**Swap Default**"), the Trustee shall promptly, and in any event not later than five Business Days after such notification, instruct the Issuer to deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement). In such circumstances, the Issuer (with the consent of the Trustee) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A *pro rata* share of the amount, if any and subject to a minimum of zero, equal to (i) the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement, (2) any interest which has accrued on the amount received by the Issuer (which may be a positive or negative amount) and (3) the Unused Charged Assets Proceeds less (ii) the costs and expenses of the Trustee and any costs and expenses of the Termination Agent incurred in connection with the termination of the Swap Agreement shall be paid by the Issuer to the Noteholders on a *pro rata* and *pari passu* basis on the Maturity Date. If the Issuer does not receive the Early Termination Amount on or prior to the Maturity Date, Condition 7(n) will apply. For the purposes of this Condition 8(k), "**Unused Charged Assets Proceeds**" means any amounts received by the Issuer from the Charged Assets other than the Swap Agreement which have not been used on or prior to the Maturity Date to pay interest and/or redemption amounts otherwise payable in respect of the Notes, amounts due to the Swap Counterparty under the Swap Agreement (including in respect of any Early Termination Amount due to the Swap Counterparty) and/or any fees, costs or expenses due to the Trustee and/or any of the Agents.

9. **Taxation**

All payments in respect of the Notes, Receipts and Coupons, or under the Guarantee, shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any tax authority unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended, (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto and any withholding or deduction required pursuant to Section 871(m) of the Code, in which case the Issuer or, as the case may be, the Guarantor shall make all payments net of such withholding or deduction. Such withholding or deduction shall not constitute an Event of Default under Condition 11.

In addition, and if the Securities are deemed to be Specified Securities (as specified in the applicable Final Terms) for the purpose of Section 871(m) of the Code, in determining the amount of withholding or deduction required pursuant to Section 871(m) of the Code imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any "dividend equivalent" payment (as defined for purposes of Section 871(m) of the Code) at a rate of 30 per cent.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70 per cent. In such case, in calculating the relevant payment amount, the Issuer may withhold, and the holder may be deemed to receive, 30 per cent. of any "dividend equivalent" payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

In these Conditions:

**"Relevant Date"** in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

## 10. Prescription

Bearer Notes (and any relative Receipts and Coupons) and Registered Notes will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 9 (*Taxation*)).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 10 (*Prescription*) or Condition 6 (*Payments*) above.

## 11. Events of Default

- (a) The Trustee at its discretion may (subject as provided in sub-paragraph (b) below), and if so requested in writing by the holders of at least 25 per cent. in principal amount of the Notes of any Series then outstanding, or if so directed by an Extraordinary Resolution of such holders, shall, subject in each case to being indemnified and/or secured to its satisfaction, give notice to the Issuer and the Guarantor (if applicable) that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at an amount equal to (unless otherwise specified in the Final Terms) the Liquidation Proceeds (such occurrence, a **"Note Acceleration"**) upon the occurrence of any of the following events (each an **"Event of Default"**):
- (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement deliverable in respect of the Notes; or
  - (ii) the Issuer fails to perform or observe any of its other obligations under the Notes or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 45 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
  - (iii) in respect of any Related Notes, a "Note Acceleration" (as defined under the terms and conditions of such Related Notes) occurs; or
  - (iv) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), judicial reorganisation (*réorganisation judiciaire*), administrative dissolution without liquidation (*dissolution administrative sans liquidation*), reprieve from payment (*sursis de paiement*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders; or

- (v) in the case of Guaranteed Notes, the Guarantee ceases to be in full force and effect in respect of the Notes, the Receipts or the Coupons, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Notes, the Receipts or the Coupons, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes, the Receipts or the Coupons, or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Noteholders, the Receiptholders or the Couponholders, or the Guarantor is unable to perform its obligations thereunder for any reason.
- (b) If an Event of Default occurs by virtue of the operation of Condition 11(a)(iii) above: (i) a Note Acceleration for the purposes of the Notes shall be deemed to have occurred at the same time as the "Note Acceleration" (as such expression is defined in the terms and conditions of the relevant Related Notes) occurred for the purposes of the relevant Related Notes; and (ii) the Compartment Security constituted by or created pursuant to the Trust Deed and any Additional Security Document shall become enforceable as described in Condition 12 (*Enforcement and Realisation; Physical Settlement upon Acceleration; Remedies*).
- (c) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing.

## **12. Enforcement and Realisation; Physical Settlement upon Acceleration; Remedies**

### **(a) *Enforcement and Realisation***

Upon the occurrence of a Note Acceleration under Condition 11 (*Events of Default*), the Compartment Security constituted by or created pursuant to the Trust Deed and any Additional Security Document relating to a Series of Notes and any Related Notes and the Compartment to which such Series relates, shall become enforceable. The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (x) (where the Instructing Party is the Noteholders) either a direction in writing by holders of at least 25 per cent. in principal amount outstanding of the relevant Series of Notes or by an Extraordinary Resolution of the holders of the Notes; or (y) (where the Instructing Party is the Swap Counterparty) a written direction of the Swap Counterparty. The Trustee or any appointee or receiver appointed thereby may enforce the security by one or more of the following:

- (i) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or
- (ii) otherwise enforcing the Compartment Security constituted by or pursuant to the Trust Deed and/or any Additional Security Document, in each case, without any liability as to the consequences of any such action and without having regard to the effect of any such action on individual Noteholders or Couponholders,

provided that the Trustee shall not be required to take any such action without first being indemnified and/or secured to its satisfaction or to do anything which is or may be contrary to any applicable law or regulation and provided further that if Physical Settlement upon Acceleration is specified as applicable in the applicable Final Terms, where the Trustee enforces the Compartment Security it shall do so in accordance with Condition 12(b) and Condition 12(a)(i) shall not apply save as set out in Condition 12(b)(ii) following the occurrence of a Collateral Settlement Disruption Event (as defined in Condition 12(b)).

(b) *Physical Settlement upon Acceleration*

- (i) Where Physical Settlement upon Acceleration is specified as applicable in the applicable Final Terms and where the Trustee is to enforce the Compartment Security in accordance with this Condition 12, the Trustee, will apply the Charged Assets in accordance with applicable Order of Priority and arrange for delivery of the Enforcement Entitlement to each Noteholder on a *pari passu* basis within the relevant Series and shall effect the sale or realisation of any other Charged Assets. Prior to determining the Enforcement Entitlement in respect of each Note, the Trustee or any or any appointee or receiver appointed thereby shall determine the cash amount which is equal to the sum of the proceeds from the realisation of the Charged Assets (other than the Reference Securities) (the "**Asset Disposal Proceeds**") and whether such cash sum is sufficient to satisfy any applicable Priority Amounts in full. For the avoidance of doubt, the Trustee shall request the Calculation Agent to calculate such amounts or may appoint a calculation agent to make such calculations (such agent or the Calculation Agent, the "**Disposal Calculation Agent**"). If such sum is not sufficient to satisfy the applicable Priority Amounts in full, the Disposal Calculation Agent shall then calculate the amount of Reference Securities which are required to be sold in order to pay any Priority Amounts after the application of the Asset Disposal Proceeds to pay such Priority Amounts and shall confirm such amount to the Trustee and the Trustee shall arrange for the sale of the relevant amount of Reference Securities to meet any unsatisfied Priority Amounts and any proceeds from such sale remaining after payment of such Priority Amounts shall be the "**Residual Proceeds Amount**" and shall be paid in accordance with this Condition 12(b) as part of the Enforcement Proceeds.

In connection with any such delivery in respect of the Notes, such delivery shall be made in accordance with Condition 6(b) provided that any reference therein to the Issuer shall be deemed to be a reference to the Trustee or any agent or receiver appointed by the Trustee and the Entitlement shall be deemed to be the Enforcement Entitlement, as determined by the Disposal Calculation Agent and confirmed in writing to the Trustee. The Trustee shall be entitled to appoint a Delivery Agent as set out in Condition 6(b) (which may be the same party as the Disposal Calculation Agent) to assist it with the delivery of the Entitlement and sale of Reference Securities required to be made in accordance with this Condition 12(b). The Trustee shall notify the Delivery Date in respect of the Notes to the relevant Noteholders in accordance with Condition 18 (*Notices*).

In connection with such delivery, (i) Condition 6(b)(i)(E) shall not apply, (ii) for the purposes of Condition 6(b)(i)(C), Expenses shall be deemed to include any costs involved in appointing a Disposal Calculation Agent and a Delivery Agent or which are incurred in delivery of the Enforcement Entitlement in accordance with this Condition 12(b), (iii) the Trustee shall be entitled to deduct from the assets deliverable to the Noteholders all Expenses not previously deducted from amounts paid or assets delivered to Noteholders, as the Trustee shall in its sole and absolute discretion determine are attributable to the relevant Notes and (iv) any reference in the Conditions to "Relevant Assets" shall be deemed, in connection with a delivery of Reference Securities in accordance with this Condition 12(b), to be a reference to "Reference Securities".

The final sentence of the first paragraph of Condition 6(b)(i)(D) shall not apply and the Reference Securities which it is not possible to deliver to a Noteholders due to such rounding shall, if and to the extent practicable, be sold by the Trustee (or the Disposal Calculation Agent or such other agent as may be appointed by the Trustee for such purpose) and a *pro rata* share of the resulting amount (the "**Rounding Amount**") shall be paid to each Noteholder whose Enforcement Entitlement is subject to such rounding.

Where Physical Settlement upon Acceleration is applicable to the Notes, upon delivery of the relevant Enforcement Entitlement and payment of the relevant Enforcement Proceeds, no further amount will be due to the Noteholders. In connection with the delivery of the Enforcement Entitlement, the Disposal Calculation Agent shall determine the Enforcement Proceeds and shall notify such amounts to the Trustee who shall notify the Noteholders of such amounts prior to such delivery or, where applicable, payment of relevant Enforcement Proceeds due in accordance with this Condition 12(b).

- (ii) If, in the opinion of the Trustee (or such other agent as may be appointed by the Trustee for such purpose), delivery of the Enforcement Entitlement following the occurrence of a Note Acceleration, is not practicable by reason of a Collateral Settlement Disruption Event having occurred and continuing on any Delivery Date then such Delivery Date for such Notes shall be postponed to the first following Business Day in respect of which there is no such Collateral Settlement Disruption Event, provided that the Trustee (or such agent) may elect in its sole discretion and without liability to any party to deliver the Enforcement Entitlement in such commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Trustee (or such agent) deems appropriate in connection with delivery of the Enforcement Entitlement in such commercially reasonable manner. For the avoidance of doubt, where a Collateral Settlement Disruption Event affects some but not all of the Reference Securities comprising the Enforcement Entitlement, the Delivery Date for the Reference Securities not affected by the Collateral Settlement Disruption Event will be the originally designated Delivery Date.

If delivery of the relevant Enforcement Entitlement is not possible due to the occurrence of a Collateral Settlement Disruption Event, for a period of greater than the Collateral Settlement Disruption Period, then in lieu of physical settlement and notwithstanding any other provision hereof, the Trustee (or such agent on its behalf) shall sell or realise the undeliverable Reference Securities as if Condition 12(a) were applicable. The Trustee shall give notice as soon as practicable to the Noteholders in accordance with Condition 18 (*Notices*) that a Collateral Settlement Disruption Event has occurred. No Noteholder shall be entitled to any payment in respect of the relevant Note in the event of any delay in the delivery of the Enforcement Entitlement due to the occurrence of a Collateral Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer, the Guarantor (if any) or the Trustee (or any agent on its behalf).

- (iii) Where "Essential Trigger" is specified as applicable in the applicable Final Terms, Physical Settlement upon Acceleration will not apply.
- (iv) As used in this Condition 12(b):

**"Available Reference Securities"** means the nominal amount of Reference Securities held by the Issuer in respect of the Series at the time of the Note Acceleration less any Delivery Reduction Amount, as determined by the Disposal Calculation Agent and notified to the Trustee;

**"Collateral Settlement Disruption Event"** means any event beyond the control of the Trustee (or any Delivery Agent appointed by the Trustee), as a result of which it is impossible or illegal for the Trustee or its agent to deliver some or all of the relevant Enforcement Entitlement to a Noteholder on the related Delivery Date due to failure of the relevant clearance system or due to any law, regulation, court order or market conditions;

**"Collateral Settlement Disruption Period"** means eight Business Days or such other period specified in the applicable Final Terms;

**"Delivery Reduction Amount"** means the aggregate nominal amount of Reference Securities which are sold to pay Priority Amounts;

**"Enforcement Entitlement"** means, in respect of a Note, a *pro rata* share of the Available Reference Securities;

**"Enforcement Proceeds"** means the sum of (a) a *pro rata* share of the Residual Proceeds Amount and (b) the Rounding Amount (if applicable); and

**"Priority Amounts"** means the amounts which are payable in accordance with the applicable Order of Priority in priority to amounts due to be paid or delivered to Noteholders.

(c) *Remedies*

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties,

**13. Meetings of Noteholders; Modifications; Waiver; Trustee Determination; Substitution**

(a) *Meetings of Noteholders*

The Trust Deed contains provisions for convening meetings (including by way of conference call or by use of a video conference platform) of Noteholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Notes (including these Conditions or the provisions of the Master Trust Terms and the relevant Issue Deed insofar as the same may apply to such Notes). The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding or, at any adjourned such meeting, two or more persons being or representing Noteholders, whatever the principal amount of the Notes so held or represented, and an Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not and on all relevant Couponholders and holders of Receipts, except that any Extraordinary Resolution proposed to address a Reserved Matter (as defined in the Trust Deed), including (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereof, (ii) to change the principal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to change the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if a Minimum and/or a Maximum Interest Rate, Instalment Amount or Final or Early Redemption Amount is shown in the applicable Final Terms, to change any such Minimum and/or Maximum Interest Rate, Instalment Amount, Final Redemption Amount or Early Redemption Amount, (v) to change any method of calculating the Final or Early Redemption Amount or, in the case of Zero Coupon Notes, to vary the method of calculating the Amortised Face Amount, (vi) to change the currency or currencies of payment or denomination of the Notes, (vii) to direct the Trustee to take any steps as specified in the Trust Deed and/or Condition 11 (*Events of Default*), (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution or (ix) to modify the definition of Reserved Matter in the Trust Deed, will only be binding if passed at a meeting of the Noteholders, the quorum at which shall be two or more persons holding or representing not less than 75 per cent. or, at any adjourned meeting, not less than 25 per cent., in principal amount of the Notes for the time being outstanding. The holder of a global Note representing all (or part) of the Notes for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. (including in the case of a resolution proposed to address a Reserved Matter) in principal amount of the Notes of such Series for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of Noteholders.

*The provisions of articles 470-3 to 470-20 of the Luxembourg Act dated 10th August, 1915 on commercial companies, as amended, shall not apply to the Notes, Receipts and Coupons (if any).*

(b) *Modification*

The Trustee may, in respect of each Series, without the consent of the Noteholders or Couponholders, agree to (i) any modification to any Transaction Document or any other agreement to which the Issuer is a party which is of a formal, minor or technical nature or is made to correct a manifest error, (ii) any modification of any of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which in the opinion of the Trustee is not materially prejudicial to the interests of the Noteholders and the holders of any Related Notes or (iii) any modification of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which is made to satisfy any requirement of any stock exchange on which the Notes are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Noteholders and the holders of any Related Notes.

Notice of such modification shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 18 (*Notices*) unless the Trustee agrees otherwise.

(c) *Waiver*

The Trustee may, in respect of any Series, without the consent of the Noteholders or Couponholders and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and in so far as in its opinion the interests of the Noteholders and the holders of any Related Notes shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer or (if applicable) the Guarantor of any of the covenants or provisions in the Trust Deed or the Conditions or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this Condition 13(c) in respect of any Reserved Matter or in contravention of any express direction given by an Extraordinary Resolution of the Noteholders and an Extraordinary Resolution of the holders of each series of any Related Notes but no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination shall be binding on the Noteholders or Couponholders of such Series.

Notice of any such waiver, authorisation or determination shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 18 (*Notices*) unless the Trustee agrees otherwise.

(d) *Trustee determination*

If, in the opinion of the Trustee, any modification, waiver, authorisation or determination referred to in paragraphs (b)(ii) or (iii) and (c) of this Condition 13 affects the interests of the holders of any Series of Related Notes, the Trustee shall agree to such modification, waiver, authorisation or determination only if either (i) it is satisfied that, in its opinion, the interests of the holders of the relevant Series of Related Notes will not be materially prejudiced thereby or (ii) the holders of the relevant Series of Related Notes sanction such modification, waiver, authorisation or determination by way of Extraordinary Resolution, each of (i) and (ii) in accordance with the Conditions of the relevant Series of Related Notes.

(e) *Substitution*

The Trust Deed contains provisions permitting the Trustee, subject to the further conditions set out in the Trust Deed and such amendment of the Trust Deed and other conditions as the Trustee may require, but without the consent of the holders of the relevant Series of Notes, unless Issuer Substitution is specified to be not applicable in the applicable Final Terms, to agree with the Issuer and the Guarantor (if applicable) to the substitution, in respect of any Series of Notes, in place of the Issuer (or of the previous substitute), as the principal debtor under the Notes of such Series, or, when applicable, the Guarantor, as guarantor of the payment obligations of the Issuer under the relevant Series of Notes, of any other company (such substituted company being hereinafter called the "**Substitute Company**").

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by the Trustee to the relevant Noteholders in the manner provided in Condition 18 (*Notices*).

(f) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall assume that each holder of a Bearer Note is the holder of all Receipts, Coupons and Talons relating to such Bearer Note and shall have regard to the interests of the holders of such Notes or the Coupons, Receipts or Talons relating thereto as a class and shall not have regard to the consequences of such exercise for any particular Noteholder or Couponholder or holder of any Receipt or Talon and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder or holder of any Receipt or Talon be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual holders of such Notes, Coupons, Receipts or Talons.

**14. Replacement of Notes, Receipts, Coupons and Talons**

Should any Note or (in the case of any Bearer Note) Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer or (if applicable) the Guarantor may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

**15. Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 10 (*Prescription*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

**16. Further Notes and Related Notes**

The Issuer may from time to time without the consent of the Noteholders (but provided that the Trustee is satisfied that the restrictions set out in this Condition 16 will be complied with, create and issue:

- (a) further securities ("**Further Notes**") having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest and issue price) and so that the same shall be consolidated and form a single series with such Notes; and
- (b) where the relevant Compartment is specified in the applicable Final Terms to be a Compartment through which more than one series of notes may be issued (a "**Multi-Series Compartment**"), Related Notes,

provided that (unless otherwise approved by an Extraordinary Resolution of the Noteholders, and an Extraordinary Resolution (as defined under the terms and conditions of such Related Notes) in respect of the holders of each Series of Related Notes (if any) then outstanding under the relevant Compartment immediately prior to the date on which such Further Notes or Related Notes are to be issued):

- (i) in the case of Further Notes, the Issuer provides additional security for such Further Notes that comprises assets that are fungible with, and have the same proportionate

composition as, the Charged Assets in respect of the relevant existing Notes and that has an aggregate principal amount at least equal to the product of (A) the principal amount of such existing security and (B) a fraction, the numerator of which is the aggregate principal amount of the Further Notes and the denominator is the aggregate principal amount of the existing Notes;

- (ii) in the case of Related Notes, where there are Compartment Assets for the existing Notes (A) where the Compartment Asset Coverage Test is not specified to be applicable in the applicable Final Terms, the Issuer provides additional security for such Related Notes that comprises assets that are fungible with, and have the same proportionate composition as, the Compartment Assets in respect of the relevant existing Notes and that has an aggregate principal amount at least equal to the product of (1) the principal amount of such existing security and (2) a fraction, the numerator of which is the aggregate principal amount of the Related Notes and the denominator is the aggregate principal amount of the existing Notes and any existing Related Notes or (B) where the Compartment Asset Coverage Test is specified to be applicable in the applicable Final Terms, the Issuer provides additional security for such Related Notes (including Compartment Assets) so that the Compartment Asset Coverage Test is not breached; and
- (iii) in the case of Further Notes, the Issuer enters into an additional and/or supplemental agreement varying the terms of the relevant Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable, to take account of the Further Notes on terms no less favourable than those of the Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable.

In the event that any Series of Related Notes is redeemed other than pursuant to a Note Acceleration (as such expression is defined under the terms and conditions of such Related Notes), the Issuer (or any Disposal Agent) shall be entitled, notwithstanding any provision to the contrary, to modify the composition or, if appropriate, the terms of the Compartment Assets so as to ensure that such redemption does not cause a breach of the Compartment Asset Coverage Test if specified as applicable, in each case, in the applicable Final Terms.

Any Further Notes shall be constituted and secured by a supplemental trust deed and the Related Notes shall be constituted and secured by the Trust Deed and the Notes and the Further Notes or, as the case may be, the Related Notes shall be secured by the same Charged Assets. References in these Conditions to "**Notes**" and "**Charged Assets**" shall be construed accordingly.

Where the applicable Final Terms do not specify that the relevant Compartment is a Multi-Series Compartment, references in these Terms and Conditions to Related Notes or the holders of Related Notes, as the case may be, shall not be applicable and these Terms and Conditions shall be construed accordingly.

## **17. Removal, Indemnification and Obligations of the Trustee**

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer shall as soon as practicable after the appointment of a new trustee notify the Noteholders of such appointment in accordance with Condition 18 (*Notices*).

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Compartment Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Notes or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Noteholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets from any obligation to insure or to procure the insuring of the Charged Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Condition 17, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).

## **18. Notices**

All notices regarding the Notes shall be valid if: (a) in the case of Notes represented by a Global Note, delivered to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes; (b) so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, in accordance with such rules; or (c) in the case of Registered Notes if sent by first class mail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register. If and for so long as the Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, and so long as the Luxembourg Stock Exchange so require, notices shall be made available on the Luxembourg Stock Exchange's website, [www.luxse.com](http://www.luxse.com). Any such notice shall be deemed to have been given on the Business Day on which such delivery takes place or, if earlier, the date of such publication, or, if published more than once, on the date of the first such publication.

If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Issuing and Paying Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Issuing and Paying Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

## **19. Redenomination**

### **(a) Redenomination**

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Trustee, the Receiptholders and the Couponholders, on giving prior notice to the Issuing and Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 18 (Notices), elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note and Receipt equal to the principal amount of that Note or Receipt in the Specified Currency, converted into euro at

the Established Rate, provided that, if the Issuer determines, with the agreement of the Issuing and Paying Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Issuing and Paying Agent of such deemed amendments;

- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant Noteholder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Issuing and Paying Agent may approve) euro 0.01 and such other denominations as the Issuing and Paying Agent shall determine and notify to the Noteholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Issuing and Paying Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Settlement Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Period End Date, it will be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (vii) if the Notes are Floating Rate Notes, the Calculation Agent will determine (acting in good faith and in a commercially reasonable manner) any relevant changes to the provisions relating to interest and the Issuer will notify Noteholders thereof in accordance with Condition 18; and
- (viii) such other changes shall be made to these Conditions as the Issuer may decide, after consultation with the Issuing and Paying Agent and the Trustee, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

Notwithstanding the foregoing, none of the Issuer, the Guarantor (if any), the Calculation Agent, the Issuing and Paying Agent and the Trustee shall be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) *Definitions*

In these Conditions, the following expressions have the following meanings:

**"Established Rate"** means the rate for the conversion of the Specified Currency (including compliance with rules relating to rounding in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

**"euro"** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

**"Redenomination Date"** means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

**"Treaty"** means the Treaty on the Functioning of the European Union, as amended.

**20. Agents and Registrar**

- (a) In acting under the Agency Agreement, the Agents will act solely as agents of each of the Issuer and Guarantor (if applicable) do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Noteholders, Receiptholders or Couponholders for any resulting profit. In relation to each issue of Notes, the Calculation Agent (whether it be BNP Paribas, BNP Paribas Financial Markets S.N.C. or another entity) acts solely as agent of the Issuer and the Guarantor, if any, and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Noteholders, Couponholders and Receiptholders. All calculations and determinations made in respect of the Notes by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor, if any, and the Noteholders, Couponholders and Receiptholders. The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.
- (b) Notwithstanding anything to the contrary in these Conditions, in exercising its discretion and making an election, determination, modification or adjustment, the Issuer, the Calculation Agent and any other relevant Agent shall do so in good faith and in a commercially reasonable manner to preserve or restore the economics of the agreed terms as far as practicable. Any such election, determination, modification or adjustment shall not create a significant imbalance between the rights and obligations of the Issuer compared to the Noteholders, to the detriment of the Noteholders.
- (c) If Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer or the Calculation Agent, as the case may be, may only modify or adjust the terms of the Notes (other than modifications that do not relate to essential characteristics of the Notes) or redeem the Notes prior to their scheduled Maturity Date, as described in the Terms and Conditions, following an event or circumstance (or combination of events or circumstances) that (a) is not attributable to the Issuer that significantly alters the economics of the Notes compared to the economics as of the Issue Date, or (b) constitutes a force majeure.

For the purpose of this Condition 20(c), essential characteristics of the Notes means characteristics of the Notes that are considered essential to the Noteholders generally, including without limitation the yield (coupon structure), the Underlying Reference, the principal protected amount (if any), the identity of the Issuer and of the Guarantor and the scheduled Maturity Date.

**21. Contracts (Rights of Third Parties) Act 1999**

The Notes shall not confer any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

**22. Governing Law and Submission to Jurisdiction**

- (a) The Master Trust Terms and the Issue Deed (save to the extent that the Master Trust Terms and/or the Issue Deed relates to security interests created over assets located or deemed to be located in Luxembourg), the Agency Agreement, the Notes, the Receipts and the Coupons (and any non-contractual obligations arising out of or in connection with such documents) are (or, as the case may be, shall be) governed by, and shall be construed in accordance with, English law.
- (b) Subject to Condition 22(f) below, the courts of England are to have exclusive jurisdiction to settle any disputes which may directly or indirectly, arise out of or in connection with the Notes (including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed and the Notes) (a "**Dispute**") and each of the Issuer, the Trustee and each Noteholder (by its acquisition of a Note) is deemed to submit to the exclusive jurisdiction of the English courts.
- (c) The Issuer and each Noteholder (by its acquisition of a Note) waive any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (d) The Issuer appoints BNP Paribas, London Branch, of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department), as its agent for service of process, and undertakes that, in the event of BNP Paribas, London Branch ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Notes (including Proceedings relating to any non-contractual obligations arising out of or in connection with such Notes). Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.
- (e) The Issuer has in the Trust Deed submitted to the exclusive jurisdiction of the English courts and has appointed an agent for service of process in terms substantially similar to those set out above.
- (f) If Essential Trigger is specified as applicable in the applicable Final Terms and, to the extent that any proceedings in respect of the Notes relate to consumers (as such term is used in Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (the "**Brussels Recast Regulation**")), notwithstanding Condition 22(b), the Issuer will be required to, and such consumers may, in respect of any Dispute in respect of the Notes, take proceedings in the jurisdictions specified in Article 18 of the Brussels Recast Regulation.

## TERMS AND CONDITIONS OF THE WARRANTS

*The following are the Terms and Conditions of the Warrants, which will include the additional terms and conditions for payouts for Securities contained in Annex 1, Annex 2 in the case of Index Linked Warrants, Annex 3 in the case of Share Linked Warrants, Annex 4 in the case of Debt Linked Warrants, Annex 5 in the case of Commodity Linked Warrants, Annex 6 in the case of Inflation Linked Warrants, Annex 7 in the case of Currency Linked Warrants, Annex 8 in the case of Fund Linked Warrants, Annex 9 in the case of Underlying Interest Rate Linked Warrants and Annex 11 in the case of ETI Linked Warrants (each an "Annex" and together the "Annexes" which may be added from time to time) which will be incorporated by reference into each Global Warrant.*

*The Terms and Conditions of any Warrants will be completed either by the applicable Final Terms or, in circumstances where Warrants are not issued on the basis of this Base Prospectus, by issue specific terms prepared in accordance with any such issue ("Issue Specific Terms"). Where the Terms and Conditions of any Warrants are completed by Issue Specific Terms, references herein and in the Annexes to the "Final Terms" shall be deemed to be references to the "Issue Specific Terms" relating to such Warrants.*

*The applicable Final Terms or Issue Specific Terms (or the relevant provisions thereof) will be endorsed on, attached to or incorporated by reference in, each permanent global Warrant. Reference should be made to the section headed "Form of Final Terms for Warrants" above for a description of the content of Final Terms or Issue Specific Terms, as the case may be, which will specify which of such terms is to apply in relation to the relevant Warrants.*

This Warrant is one of a Series (as defined below) of Warrants issued by SecurAsset S.A. (the "**Issuer**"), a regulated securitisation undertaking within the meaning of the Luxembourg Act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**", which term shall include such act as modified, amended or re-enacted from time to time), constituted and secured by relevant issue deed dated the date of issue of the Warrants (the "**Issue Date**") (or in the case of Warrants issued through a Multi-Series Compartment, secured by the issue deed relating to the first series of Warrants issued through the relevant Compartment (the "**Original Issue Deed**") and constituted by the Original Issue Deed and an issue deed supplemental to the Original Issue Deed) between, *inter alia*, the Issuer, the Trustee and the persons specified therein as a Swap Counterparty and/or Deposit Counterparty and/or Repo Counterparty (each as defined in Condition 9 (*Compartment Assets*)) (the "**Issue Deed**") which incorporates master trust terms between the Issuer and BNP Paribas Trust Corporation UK Limited (the "**Trustee**", which expression shall include all persons for the time being the trustee or trustees under the Trust Deed (as defined below)) as trustee for the Warrantholders (as defined below) and, where applicable, the holders of any Related Warrants (the "**Master Trust Terms**", together with the Issue Deed and the issue deeds relating to any Related Warrants (which may be expressed to be supplemental to any Original Issue Deed), the "**Trust Deed**"). References herein to the "Issuer" shall include the Substitute Company as defined in Condition 14(e) (*Substitution*), in the case of any substitution of the Issuer in accordance with that Condition.

References herein to the Warrants shall be references to the Warrants of this Series and shall mean:

- (a) Warrants held by a Common Depositary on behalf of Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and/or Euroclear Bank S.A./N.V. ("**Euroclear**"), and/or any other relevant clearing system ("**Clearing System Warrants**") constituted by a clearing system global warrant (a "**Clearing System Global Warrant**"); and
- (b) any global Warrant in registered form ("**Registered Global Warrant(s)**" and, together with a Clearing System Global Warrant, each a "**Global Warrant**").

The Warrants have the benefit of an agency agreement dated 6 February 2009, as most recently amended and restated on 20 September 2024 (the "**Agency Agreement**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alia*, the Issuer, the Trustee, BNP Paribas Financial Markets S.N.C. as calculation agent (the "**Calculation Agent**"), which expression shall include any additional or successor calculation agents specified in the applicable Final Terms, BNP Paribas, Succursale de Luxembourg, as account bank (where specified in the applicable Final Terms) (the "**Account Bank**"), BNP Paribas, Succursale de Luxembourg, as principal warrant and certificate

agent, registrar and, where specified in the Final Terms, custodian and cash manager (the "**Principal Warrant and Certificate Agent**", the "**Registrar**", the "**Custodian**" and the "**Cash Manager**" respectively, which expressions shall include, in each case, any additional, alternative or successor agents specified in the applicable Final Terms) and the other warrant and certificate agents named therein (together with the Principal Warrant and Certificate Agent and the Registrar, the "**Warrant and Certificate Agents**", which expression shall include any additional or successor warrant and certificate agents). The Warrant and Certificate Agents, the Calculation Agent, the Cash Manager and the Custodian shall be referred to collectively herein as the "**Agents**". The Warrants, the Trust Deed, the Agency Agreement (together with any supplements thereto), the Dealer Agreement and any other Related Agreements are together referred to as the "**Transaction Documents**".

The Trustee acts for the benefit of the holders for the time being of the Warrants which expression shall mean, in the case of Clearing System Global Warrants, the Warrantholders and, in the case of Registered Global Warrants, the persons in whose name the Warrants are registered, and shall, in relation to any Warrants represented by a Global Warrant, be construed as provided in Condition 1 below. The Trustee also holds the Compartment Security granted by the Issuer for itself and the other Secured Parties (as defined below).

Any reference herein to "**Euroclear**" and/or "**Clearstream, Luxembourg**" (each term as defined above) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, approved by the Issuer, the Guarantor (if applicable), the Trustee, the Principal Warrant and Certificate Agent, the Registrar (in the case of warrants in registered form ("**Registered Warrants**") only) and, in the case of Warrants listed on the Luxembourg Stock Exchange, the Luxembourg Stock Exchange.

The Final Terms for this Warrant (or other relevant provisions thereof) are set out in the Final Terms that are endorsed on, attached to or incorporated by reference in this Warrant and which complete these terms and conditions (the "**Terms and Conditions**" or the "**Conditions**").

As used herein, "**Tranche**" means Warrants which are identical in all respects, "**Series**" means a Tranche of Warrants together with any further Tranche or Tranches of Warrants which are (a) expressed to be consolidated and form a single series with the original Tranche and (b) identical in all respects except for their respective Issue Date and/or Issue Prices, as applicable and "**Related Warrants**" means each other series of warrants issued through the same Compartment as the Warrants where the relevant Compartment is a Multi-Series Compartment (as defined in Condition 16(b)).

Copies of the Master Trust Terms and the Agency Agreement are available for inspection by Warrantholders during normal business hours from the specified offices of the Warrant and Certificate Agents or may be provided by email to a Warrantholder following their prior written request to the relevant Warrant and Certificate Agent and provision of proof of holding and identity (in a form satisfactory to the relevant Warrant and Certificate Agent). Copies of the applicable Final Terms are available for viewing by Warrantholders at [www.luxse.com](http://www.luxse.com) and copies may be obtained from the specified office of the Principal Warrant and Certificate Agent save that, if this Warrant is a Private Placement Warrant (as defined below) which has not been offered to the public in Luxembourg, the applicable Final Terms will only be obtainable by a Warrantholder holding one or more such Warrants and such Warrantholder must produce evidence satisfactory to the Issuer, the Trustee and the relevant Warrant and Certificate Agent as to its holding of such Warrants and identity. The Warrantholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed (as such term is defined in the Master Trust Terms).

By subscribing to, or otherwise acquiring, the Warrants, each Warrantholder expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Warrants has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Warrants will be allocated;
- (b) the provisions with respect to the Order of Priority specified in the applicable Final Terms will apply;

- (c) all payments to be made by the Issuer in respect of the Warrants and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Warrant Acceleration in respect of the Warrant, the entitlement of the Warrantholder will be limited to such Warrantholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Warrants, sums obtained on its behalf by the Trustee, making a claim under the Guarantee, subject to the terms set out in the applicable Final Terms and the relevant provisions of the Guarantee;
- (d) once all moneys received by the Trustee in connection with the enforcement of the Compartment Security over the Charged Assets have been applied in accordance with the Order of Priority set out in the applicable Final Terms and in the Master Trust Terms, it is not entitled to take any further steps against the Issuer to recover any further sums due and the right to receive any such sum shall be extinguished;
- (e) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (f) no Warrantholder shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Master Trust Terms or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that, in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

Warrants may not be exercised, and the securities may not be delivered upon exercise, in the United States or to, or for the account of or benefit of a U.S. Person as defined in Regulation S.

## 1. Type, title and transfer

### (a) Type

The Warrants relate to a specified Index or Basket of Indices ("**Index Linked Warrants**"), a specified Share (including a specified depository receipt (a "**GDR/ADR**")) or Basket of Shares or a basket of GDRs and/or ADRs ("**Share Linked Warrants**"), a specified debt security or basket of debt securities ("**Debt Linked Warrants**"), a specified commodity or commodity index or basket of commodities and/or commodity indices ("**Commodity Linked Warrants**"), a specified inflation index or basket of inflation Indices ("**Inflation Linked Warrants**"), a specified currency or basket of currencies ("**Currency Linked Warrants**"), a specified fund share or unit or basket of fund shares or units, fund indices ("**Fund Linked Warrants**"), underlying interest rate linked warrants ("**Underlying Interest Rate Linked Warrants**"), a specified interest in an exchange traded fund, an exchange traded note, an exchange traded commodity or any other exchange traded product (each an "**exchange traded instrument**") or benefit of interests in exchange traded instruments ("**ETI Linked Warrants**") or any other or further type of warrants as is specified in the applicable Final Terms including Warrants which relate to any combination of such indices, shares, debt securities, commodities, inflation indices, currencies, fund shares or units, fund indices, underlying interest rates and other asset classes or types ("**Hybrid Warrants**"). Warrants related to a specified commodity or commodity index or basket of commodities or commodity indices, a specified inflation index or basket of inflation indices, specified currency or basket of currencies, a specified fund share or unit or basket of fund shares or units, the credit of a specified reference entity or reference entities, a specified interest rate or basket of interest rates, specified exchange traded instruments or Hybrid Warrants related to any of these asset classes, may not at any time be offered, sold, resold, held, traded, pledged, exercised, settled, transferred or delivered, directly or indirectly, in the United States or to, by or for the account or benefit of, persons that are U.S. persons as defined

in Regulation S under the Securities Act or that are not Non-United States Persons as defined in Rule 4.7 under the United States Commodity Exchange Act, as amended.

If the Warrants are Hybrid Warrants and Hybrid Warrants is specified as applicable in the applicable Final Terms, the terms and conditions of the Warrants will be construed on the basis that in respect of each separate type of Underlying Reference, the relevant terms applicable to each such separate type of Underlying Reference will apply, as the context admits, separately and independently in respect of the relevant type of Underlying Reference, except as specified in the applicable Final Terms. "**Hybrid Business Day**" has the meaning given to such term in the applicable Final Terms.

The applicable Final Terms will indicate whether the Warrants are American style Warrants ("**American Style Warrants**"), European style Warrants ("**European Style Warrants**") or Registered Warrants and, in the case of Cash Settled Warrants whether automatic exercise ("**Automatic Exercise**") applies to the Warrants, whether settlement shall be by way of cash payment ("**Cash Settled Warrants**") or physical delivery ("**Physical Delivery Warrants**"), whether the Warrants are call Warrants ("**Call Warrants**") or put Warrants ("**Put Warrants**") whether the Warrants may only be exercised in units ("**Units**") and whether Averaging ("**Averaging**") will apply to the Warrants. If Units are specified in the applicable Final Terms, Warrants must be exercised in Units and any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect. If Averaging is specified as applying in the applicable Final Terms, the applicable Final Terms will state, amongst other details, the relevant Averaging Dates.

References in these Terms and Conditions, unless the context otherwise requires, to Cash Settled Warrants shall be deemed to include references to (i) Physical Delivery Warrants, which include an option (as set out in the applicable Final Terms) at the Issuer's election to request cash settlement of such Warrant pursuant to Condition 4(e)(i) and where settlement is to be by way of cash payment, and (ii) Physical Delivery Warrants where settlement is to be automatically varied to be by way of a cash payment pursuant to Condition 4(e)(i). References in these Terms and Conditions, unless the context otherwise requires, to Physical Delivery Warrants shall be deemed to include references to Cash Settled Warrants which include an option (as set out in the applicable Final Terms) at the Issuer's election to request physical delivery of the relevant underlying asset in settlement of such Warrant pursuant to Condition 4(e)(i) and where settlement is to be by way of physical delivery.

Warrants may, if specified in the applicable Final Terms, allow Warrantholders to elect for settlement by way of cash payment or by way of physical delivery or by way of a combination of cash payment and physical delivery. Those Warrants where the relevant Warrantholder has elected for cash payment will be Cash Settled Warrants and those Warrants where the relevant Warrantholder has elected for physical delivery will be Physical Delivery Warrants. The rights of a Warrantholder as described in this paragraph may be subject to the Issuer's right to vary settlement (as indicated in the applicable Final Terms) and will be subject to the Issuer's right to substitute assets or pay the Alternate Cash Amount (as defined below) in lieu of physical delivery in accordance with Condition 4(f).

(b) *Title to Warrants*

In the case of Warrants represented by a Clearing System Global Warrant held by a Common Depository on behalf of a relevant Clearing System, each person who is for the time being shown in the records of the relevant Clearing System as the holder of a particular amount of such Warrants (in which regard any certificate or other document issued by the relevant Clearing System as to the amount of Warrants standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee, the Guarantor, if any, and the relevant Warrant and Certificate Agent as the Warrantholder of such amount of Warrants for all purposes (and the expressions "**Warrantholder**" and "**Holder of Warrants**" and related expressions shall be construed accordingly).

(c) *Title to Registered Warrants*

In the case of Registered Warrants, the Issuer shall cause to be kept at the principal office of the Registrar, a register (the "**Register**") on which shall be entered the names and addresses of all Warrantholders, the amount and type of the Warrants held by each Warrantholder and details of all

transfers of the Warrants. Each person who is for the time being shown in the Register as the holder of a particular amount of Warrants (each a "**Warrantholder**") shall (except as otherwise required by law) be treated as the absolute owner of such amount of Warrants for all purposes (regardless of any notice of ownership, trust, or any interest in it, any writing on it, or its theft or loss) and no person will be liable for so treating such person.

(d) *Transfers of Interests in Global Warrants*

Transfers of Warrants may not be effected after the exercise of such Warrants pursuant to Condition 5.

Subject as set forth in this Condition, all transactions (including permitted transfers of Warrants) in the open market or otherwise must be effected, in the case of Clearing System Warrants, subject to and in accordance with the rules and procedures for the time being of the relevant Clearing System(s). Title will pass upon registration of the transfer in the books of the relevant Clearing System.

Any reference herein to Clearstream, Luxembourg and/or Euroclear and/or any other relevant Clearing System shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Trustee, the Registrar, the Issuing and Paying Agent, the Principal Warrant and Certificate Agent and Warrant and Certificate Agent from time to time and notified to the relevant Warrantholders in accordance with Condition 17.

(i) *Transfers of Clearing System Warrants*

(A) Transfers of Warrants to a person who takes delivery in the form of Warrants represented by a Global Warrant may be made only in accordance with the following provisions:

- (1) in the case of transfers to a person who takes delivery in the form of Warrants represented by a Global Warrant, from a Holder of Warrants represented by a Global Warrant, to a non-U.S. person in an Offshore Transaction as defined in Regulation S pursuant to Regulation S; and
- (2) in each case, in accordance with any applicable rules and regulations of the Principal Warrant and Certificate Agent and the relevant Clearing System.

(B) The Warrantholder must send a free of payment instruction to Clearstream, Luxembourg or Euroclear and/or any other relevant Clearing System, as the case may be, not later than 10.00 a.m. local time in the city of the relevant Clearing System, one Business Day in the city of the relevant Clearing System prior to the date on which the transfer is to take effect.

(C) Separate payment arrangements are required to be made between the transferor and the transferee.

(D) On the transfer date:

- (1) the relevant Clearing System will debit the account of its participant; and
- (2) the relevant Clearing System or the Warrantholder, as the case may be, will instruct the Principal Warrant and Certificate Agent to instruct Clearstream, Luxembourg and Euroclear and/or any other relevant Clearing System, as the case may be, to credit the relevant account of the relevant Clearing System participant.

(E) Upon any such transfers, on the transfer date the Principal Warrant and Certificate Agent, will increase or decrease, if appropriate, the number of Warrants represented by the relevant Global Warrant, whereupon the number of Warrants represented by

such Global Warrant shall be increased or decreased, if appropriate, for all purposes by the number so transferred and endorsed.

(ii) **Transfer of Registered Warrants**

Title to the Registered Warrants will pass upon the registration of transfers in accordance with the provisions of the Agency Agreement. A Registered Warrant may be transferred by the transferor or a person duly authorised on behalf of the transferor depositing at the specified office of the Registrar a duly completed transfer certificate (a "**Transfer Certificate**") in the form set out in the Agency Agreement (copies of which are available from the Registrar) signed by or on behalf of the transferor and upon the Registrar after due and careful enquiry being satisfied with the documents of title and the identity of the person making the request and subject to the regulations set out in Schedule 3 to the Agency Agreement, the Registrar should enter the name of the transferee in the Register for the Registered Warrants as the Warrantholder of the Registered Warrant specified in the form of transfer.

Warrantholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except that the Issuer may require the payment of a sum determined by the Calculation Agent sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration or exchange in the jurisdiction of the Issuer or in any other jurisdiction where the Registrar's specified office is located.

Registered Warrants and interests therein may not be transferred at any time, directly or indirectly, in the United States or to or for the benefit of a U.S. person, and any such transfer shall not be recognised.

**2. Status of the Warrants; Guaranteed Warrants**

(a) *Status of the Warrants*

The Warrants are secured, limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves, which are secured in the manner described in Condition 9 and recourse in respect of which is limited in the manner described in Condition 9.

Unless Waiver of Set-Off is specified as not applicable in the applicable Final Terms, and subject to applicable law, no Warrantholder may exercise or claim any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer (or, if applicable, the Guarantor) arising under or in connection with the Warrants and each Warrantholder shall, by virtue of being the holder of any Warrant, be deemed to have waived to the extent permitted by applicable law all such rights of set-off, compensation and retention in respect of such Warrants, both before and during any resolution, winding-up, liquidation or administration of the Issuer (or, if applicable, the Guarantor).

(b) *Guaranteed Warrants*

If the Warrants are "**Guaranteed Warrants**" as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Trust Deed applicable to such Warrants, the payment obligations of the Issuer in respect of such Guaranteed Warrants will have the benefit of a guarantee (the "**Guarantee**") in favour of the Trustee (for itself, and as trustee for holders of such Guaranteed Warrants) made by BNP Paribas (in such capacity, the "**Guarantor**").

The obligations of BNP Paribas as Guarantor under any Guarantee are senior preferred (within the meaning of Article L.613-30-3-1-3° of the French Code *monétaire et financier*) and unsecured obligations of the Guarantor and will rank *pari passu* with all its other present and future senior preferred and unsecured obligations, subject to such exceptions as may from time to time be mandatory under French law.

(c) *Subrogation of the Guarantor*

Under the Guarantee, the Guarantor will be subrogated to any rights of the holders of the Guaranteed Warrants and the Trustee against the Issuer to the fullest extent permitted by applicable law and to the extent of such payment in respect of amounts due in respect of the Warrants which have been paid by the Guarantor under the Guarantee.

**3. Restrictions**

(a) The Issuer has covenanted in the Trust Deed that, inter alia, so long as any of the Warrants remains outstanding, it will not, without the prior written consent of the Trustee:

- (i) engage in any activity or do anything whatsoever, except:
  - (A) issue instruments which are subject to the Securitisation Act 2004 and the enforcement and limited recourse provisions of the Trust Deed or any other relevant agreement ("**Permitted Instruments**", provided that such term shall include, without limitation, Related Agreements, notes, certificates, Warrants, Further Warrants and Related Warrants (as defined below));
  - (B) otherwise incur indebtedness (any such indebtedness, "**Permitted Indebtedness**") in respect of moneys borrowed or raised where such indebtedness is incurred on terms that it is subject to, and in compliance with, the Securitisation Act 2004 and/or is secured on assets or other property which are not part of the Charged Assets and on terms which provide for the extinguishment of all claims in respect of such indebtedness after application of the proceeds of the assets or property on which such indebtedness is secured;
  - (C) enter into any deed or agreement of any kind related to any Permitted Instrument or Permitted Indebtedness, but provided always other than in the case of any Related Warrants that any such deed or agreement is entered into on terms that the obligations of the Issuer thereunder relate to a compartment of specified assets of the Issuer (other than its share capital) which does not form part of the Charged Assets and on terms which provide for extinguishment of all claims in respect of such obligations after application of the assets on which such indebtedness is secured;
  - (D) acquire, or enter into any agreement constituting, the collateral in respect of any Permitted Instrument or the assets securing any Permitted Indebtedness to enable it to discharge its obligations under such Permitted Instrument or Permitted Indebtedness;
  - (E) perform its obligations under each Permitted Instrument or Permitted Indebtedness, or any deed or agreement incidental to the issue and constitution of, or the granting of security for, any Permitted Instrument or Permitted Indebtedness;
  - (F) enforce any of its rights whether under any deed or agreement entered into in relation to any Permitted Instrument or Permitted Indebtedness;
  - (G) perform any act incidental to or necessary in connection with any of the above; or
  - (H) as permitted by the Conditions;
- (ii) have any subsidiaries;
- (iii) have any employees;

## TERMS AND CONDITIONS OF THE WARRANTS

- 636 -

- (iv) dispose of any of its property or other assets or any part thereof or interest therein (subject (A) to this subparagraph (a) and (B) as provided in the terms and conditions relating to any Permitted Instrument or the terms and conditions relating to any Permitted Indebtedness);
  - (v) issue any further fungible Warrants or Related Warrants unless the trustee and/or guarantor thereof is the same person as, respectively, the Trustee and/or, as the case may be, the Guarantor for the Warrants;
  - (vi) pay any dividend or make any other distribution to its members other than in respect of any shares issued by SecurAsset S.A. acting through a compartment where such dividend or other distribution is funded solely from the profits of such compartment in accordance with the articles of association of the Issuer;
  - (vii) guarantee or become obligated for the debts of any other entity or hold out its credit as being available to satisfy the obligations of others;
  - (viii) pledge its assets for the benefit of any other entity or make any loans or advances to any entity (other than in connection with or in respect of Permitted Instruments and Permitted Indebtedness); or
  - (ix) consolidate or merge with any other person.
- (b) The Issuer has covenanted in the Trust Deed that, inter alia, save with the prior written consent of the Trustee, the Issuer shall, so long as any of the Warrants remains outstanding:
- (i) maintain proper books and records, accounts and financial statements for each Compartment and for the Issuer;
  - (ii) hold itself out as a separate entity, conduct its business in its own name and maintain an arm's length relationship with its affiliates (if any);
  - (iii) notify the Trustee in writing immediately on becoming aware of the occurrence of any Event of Default or Potential Event of Default or the proposed mandatory cancellation of any Warrant;
  - (iv) provide the Trustee with certain certificates within specified timeframes that no Event of Default or Potential Event of Default has occurred since the Certification Date of the last certificate or the date of the Trust Deed, or, if such an event has occurred, giving details of it;
  - (v) for each Series send to the Trustee at least 48 hours (if practicable) before it is to be issued the form of each notice to be given to the Warrantheolders and, once given, two copies of each such notice;
  - (vi) forthwith upon request by the Trustee give notice to the Warrantheolders of any Series of any unconditional payment to the Principal Warrant and Certificate Agent or the Trustee of any sum due in respect of the Warrants of such Series made after the due date for such payment;
  - (vii) in relation to each Series:
    - (A) comply and procure that each of the parties thereto complies with its obligations under the Agency Agreement, any Swap Agreement, any Deposit Agreement or any Repurchase Agreement; and
    - (B) procure that any Swap Counterparty gives the Trustee notice of any substitution of the Compartment Assets with substitute securities or cash substitute in accordance with the terms of Condition 9(f);
  - (viii) not commingle its assets with those of any other entity; and

- (ix) observe all formalities required by its memorandum and articles of association (including maintaining adequate capital for its operations).

#### 4. Exercise Rights

##### (a) *American Style Warrants*

American Style Warrants are exercisable on any Exercise Business Day during the Exercise Period.

**"Exercise Business Day"** means:

- (i) in the case of Cash Settled Warrants, a day that is a Business Day; and
- (ii) in the case of Physical Delivery Warrants, a day that is a Business Day and a Scheduled Trading Day.

##### (A) *Clearing System Warrants*

The following provisions apply to Clearing System Warrants held by a Common Depository on behalf of Clearstream, Luxembourg and Euroclear and/or any other relevant Clearing System:

If (i) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (ii) if the Warrants are Physical Delivery Warrants, any American Style Warrant with respect to which no Exercise Notice (as defined below) has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg or Brussels time, as appropriate, on the Expiration Date, shall become void.

If the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, any such American Style Warrant shall be automatically exercised on the Expiration Date and the provisions of Condition 5(g) shall apply.

The Exercise Business Day during the Exercise Period on which an Exercise Notice is delivered prior to 10.00 a.m. (Local Time) to the relevant Clearing System, and the copy thereof is received by the Principal Warrant and Certificate Agent or, if the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, the Expiration Date, is referred to herein as the **"Actual Exercise Date"**. If any Exercise Notice is received by the relevant Clearing System or if the copy thereof is received by the Principal Warrant and Certificate Agent, in each case, after 10.00 a.m. (Local Time) on any Exercise Business Day during the Exercise Period, such Exercise Notice will be deemed to have been delivered on the next Exercise Business Day, which Exercise Business Day shall be deemed to be the Actual Exercise Date, provided that any such Warrant in respect of which no Exercise Notice has been delivered in the manner set out in Condition 5 at or prior to 10.00 a.m. (Local Time) on the Expiration Date shall (A) (x) if the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (y) if the Warrants are Physical Delivery Warrants, become void or (B) if the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, be automatically exercised on the Expiration Date as provided above.

##### (B) *Registered Warrants*

If (i) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (ii) if the Warrants are Physical Delivery Warrants, any American Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg time, on the Expiration Date, shall become void.

If the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms any such American Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg time, on the Expiration Date shall be automatically exercised on the Expiration Date and the provisions of Condition 5(g) shall apply.

The Exercise Business Day during the Exercise Period on which an Exercise Notice is delivered prior to 10.00 a.m., Luxembourg time, to the Registrar and a copy thereof so received by the Principal Warrant and Certificate Agent or, if the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms and no Exercise Notice has been delivered at or prior to 10.00 a.m., Luxembourg time, on the Expiration Date, the Expiration Date is referred to herein as the "Actual Exercise Date". If any such Exercise Notice is delivered to the Registrar, or if the copy thereof is received by the Principal Warrant and Certificate Agent, in each case, after 10.00 a.m., Luxembourg time, on any Business Day, such Exercise Notice will be deemed to have been delivered on the next Exercise Business Day which next Exercise Business Day shall be deemed to be the Actual Exercise Date, provided that any such Warrant in respect of which no Exercise Notice has been received in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg time, on the Expiration Date shall (A) if (x) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (y) the Warrants are Physical Delivery Warrants, become void or (B) if the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, be automatically exercised on the Expiration Date as provided above.

(b) *European Style Warrants*

European Style Warrants are only exercisable on the Exercise Date.

(A) *Clearing System Warrants*

The following provisions apply to Clearing System Warrants held by a Common Depository on behalf of Clearstream, Luxembourg and Euroclear and/or any other relevant Clearing System:

If (i) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (ii) the Warrants are Physical Delivery Warrants, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m. (Local Time) on the Actual Exercise Date, shall become void.

If the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, any such Warrant shall be automatically exercised on the Actual Exercise Date and the provisions of Condition 5(g) shall apply.

(B) *Registered Warrants*

If (i) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (ii) the Warrants are Physical Delivery Warrants, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg time, on the Actual Exercise Date, shall become void. If the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, any such European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg time, on the Actual Exercise Date, shall be automatically exercised on the Actual Exercise Date and the provisions of Condition 5(g) shall apply.

(c) *Cash Settlement*

If the Warrants are Cash Settled Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit entitles its holder, upon due exercise and subject, in the case of Warrants represented by a Global Warrant, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Cash Settlement Amount.

The "**Cash Settlement Amount**" shall be an amount (which may never be less than zero) to which the Holder of Warrants is entitled in the Settlement Currency in relation to each such Warrant, or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, equal to the Final Payout specified in the applicable Final Terms.

If Aggregation is specified as applicable in the applicable Final Terms Warrants exercised at the same time by the same holder of Warrants will be aggregated for the purpose of determining the aggregate Cash Settlement Amounts payable in respect of such Warrants or Units, as the case may be

The Cash Settlement Amount (if any) shall be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention, provided that:

- (i) if Rounding Convention 1 is specified as applicable in the applicable Final Terms, the Cash Settlement Amount shall be calculated using a maximum of four decimal places (with 0.00005 being rounded upwards) and shall be rounded to the second decimal place (with 0.005 being rounded upwards); or
- (ii) if Rounding Convention 2 is specified as applicable in the applicable Final Terms, the Cash Settlement Amount shall not be subject to rounding but Securities of the same Series held by the same Holder of Warrants will be aggregated for the purpose of determining the aggregate Cash Settlement Amount in respect of such Warrants and the aggregate of such Cash Settlement Amounts will be rounded down to the nearest whole sub-unit of the Settlement Currency in such manner as the Calculation Agent shall determine,

provided that if the product of the Final Payout is zero, no amount shall be payable in respect of the relevant Warrant (and such Warrant shall expire worthless).

If the Cash Settlement Amount is not an amount in the Settlement Currency, if specified in the applicable Final Terms it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms;

(d) *Physical Settlement*

- (i) Exercise Rights in relation to Physical Delivery Warrants

If the Warrants are Physical Delivery Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, entitles its holder, upon due exercise and subject, in the case of Warrants represented by a Global Warrant, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Exercise Price and any other sums payable. The method of delivery of the Entitlement is set out in the applicable Final Terms.

If Aggregation is specified as applicable in the applicable Final Terms, Warrants or Units, as the case may be, exercised at the same time by the same Warrantholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Warrants or Units, as the case may be, provided that the aggregate Entitlements in respect of the same Warrantholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine acting in good faith and in a commercially reasonable manner. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following exercise of a Share Linked Warrant which is a Physical Delivery Warrant, all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Warrantholder will be paid to the account specified by the Warrantholder in the relevant Exercise Notice as referred to in Condition 5.

## (ii) Physical Settlement Disruption

If, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Settlement Date, then such Settlement Date for such Warrants shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that the Calculation Agent may require in good faith and in a commercially reasonable manner that the Issuer will satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Calculation Agent deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine, acting in good faith and in a commercially reasonable manner, the appropriate *pro rata* portion of the Exercise Price to be paid by the relevant Warrantholder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Calculation Agent may elect in good faith and in a commercially reasonable manner that the Issuer will satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by payment to the relevant Warrantholder of the Disruption Cash Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Warrantholders in accordance with Condition 17. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Warrantholder in accordance with Condition 17. The Calculation Agent shall give notice as soon as practicable to the Warrantholder in accordance with Condition 17 that a Settlement Disruption Event has occurred. No Warrantholder shall be entitled to any payment in respect of the relevant Warrant or Unit, as the case may be, in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or the Guarantor (if any).

For the purposes hereof:

**"Disruption Cash Settlement Price"** in respect of any relevant Warrant or Unit, as the case may be, shall be the fair market value of such Warrant or Unit, as the case may be (disregarding, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Swap Counterparty and/or its Affiliates of unwinding the Swap Agreement and any underlying related hedging arrangements, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, plus, if applicable and if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion);

**"Settlement Business Day"** in respect of each Warrant, has the meaning specified in the applicable Final Terms relating to such Warrant; and

**"Settlement Disruption Event"** means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor, as the case may be, as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(e) *Variation of Settlement*

- (i) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Warrants, upon a valid exercise of Warrants in accordance with these Terms and Conditions, the Issuer may (if it has received a notification from the Swap Counterparty that the Swap Counterparty intends to vary settlement under the related Swap Agreement or the Calculation Agent determines that the Issuer should so vary settlement) in respect of each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, elect not to pay the relevant Warrantholders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Warrantholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantholders, as the case may be. Notification of such election will be given to Warrantholders in accordance with Condition 17.
- (ii) If specified in the applicable Final Terms, following a valid exercise of Warrants in accordance with these Conditions, the Issuer shall (if it has received a notification from the Swap Counterparty that the Swap Counterparty intends to vary settlement under the related Swap Agreement or the Calculation Agent determines that the Issuer should so vary settlement), in respect of each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Warrantholders, make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantholders.

(f) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Amount*

Unless Issuer's Option to Substitute is specified as not applicable in the applicable Final Terms, following a valid exercise of Warrants in accordance with these Conditions, the Issuer shall, in good faith and in a commercially reasonable manner in respect of such Warrants, if the Calculation Agent determines (in good faith and in a commercially reasonable manner) that the Relevant Asset or Relevant Assets, as the case may be, comprise(s) shares which are not freely tradeable, elect either (i) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner) of such other shares which the Calculation Agent determines, in good faith and in a commercially reasonable manner, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (ii) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Warrantholders, but in lieu thereof to make payment to the relevant Warrantholders on the Delivery Date of an amount equal to the fair market value of the Entitlement on the Valuation Date as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner by reference to such sources as it considers appropriate (the "**Alternate Cash Amount**"). Notification of any such election will be given to Warrantholders in accordance with Condition 17.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(g) *FX Settlement Disruption Event*

If the Settlement Currency specified in the applicable Final Terms is a Relevant Currency, FX Settlement Disruption will apply, and:

- (A) if, on the second Business Day prior to the Disrupted Payment Date, the Calculation Agent (in good faith and in a commercially reasonable manner) determines that a FX Settlement Disruption Event has occurred and is subsisting, the Issuer shall give notice (a "**FX Settlement Disruption Notice**") to the Warrantholders in accordance

## TERMS AND CONDITIONS OF THE WARRANTS

- 642 -

with Condition 17 (*Notices*) as soon as reasonably practicable thereafter and, in any event, prior to the relevant Disrupted Payment Date;

- (B) following the occurrence of a FX Settlement Disruption Event:
- (1) the date for payment of the relevant Disrupted Amount will be postponed to (i) the second Business Day following the date on which the Calculation Agent determines that a FX Settlement Disruption Event is no longer subsisting or if earlier (ii) the date falling thirty calendar days following the scheduled due date for payment of the relevant Disrupted Amount (the "**FX Settlement Disruption Cut-off Date**") which, for the avoidance of doubt, may be later than the scheduled Settlement Date; and
  - (2) (i) in the case of (A)(i) above, the Issuer will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the Settlement Currency specified in the applicable Final Terms or, (ii) in the case of (A)(ii) above, in lieu of paying the relevant Disrupted Amount in the relevant Settlement Currency, the Issuer will, subject to sub-paragraph (C) below, convert the relevant Disrupted Amount into the FX Settlement Disruption Currency (using the FX Settlement Disruption Exchange Rate for the relevant Disrupted Payment Date) and will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the FX Settlement Disruption Currency on the FX Settlement Disruption Cut-off Date;
- (C) if sub-paragraph B(ii) applies, the Calculation Agent will determine the FX Settlement Disruption Exchange Rate in good faith and in a commercially reasonable manner in accordance with the following procedures:
- (1) the FX Settlement Disruption Exchange Rate shall be the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) on such day; or
  - (2) if fewer than two leading dealers provide the Calculation Agent with bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates on such day, the Calculation Agent shall determine the FX Settlement Disruption Exchange Rate acting in good faith and in a commercially reasonable manner;
- (D) for the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 4(g), and no additional interest will be paid in respect of any postponement of the date for payment;
- (E) for the avoidance of doubt, nothing contained in this Condition 4(g) shall prevent the Issuer from determining that an Additional Disruption Event and/or Optional Additional Disruption Event has occurred, in which case, the provisions of Condition 8(e) shall prevail in the event of any conflict between this Condition 4(g) and Condition 8(e).
- (F) For these purposes:
- "**Disrupted Amount**" means the relevant Interest Amount, Final Settlement Amount or such other amount payable (if any);
- "**Disrupted Payment Date**" means the due date for payment of the relevant Interest Amount, Final Settlement Amount or such other amount payable (if any);

**"FX Settlement Disruption Currency"** means US dollars ("**USD**");

**"FX Settlement Disruption Event"** means the occurrence of an event which makes it unlawful, impossible or otherwise impracticable to pay any Disrupted Amount in the Settlement Currency on the scheduled due date for payment;

**"FX Settlement Disruption Exchange Rate"** means the rate of exchange between the Settlement Currency (as specified in the applicable Final Terms) and the FX Settlement Disruption Currency, determined by the Calculation Agent in accordance with the provisions of sub-paragraph (C) above;

**"FX Settlement Disruption Expenses"** means the sum of (i) the cost to the Issuer and/or its Affiliates of unwinding any hedging arrangements related to the Securities and (ii) any transaction, settlement or other costs and expenses arising directly out of the occurrence of a FX Settlement Disruption Event or the related payment of the Disrupted Amount, all as determined by the Calculation Agent in good faith and in a commercially reasonable manner; and

**"Relevant Currency"** means each of Emirati Dirhams ("**AED**"), Argentinian Pesos ("**ARS**"), Australian Dollars ("**AUD**"), Bermudan Dollars ("**BMD**"), Bulgarian Leva ("**BGN**"), Bahraini Dinars ("**BHD**"), Botswana Pula ("**BWP**"), Brazilian Reals ("**BRL**"), Canadian Dollars ("**CAD**"), Swiss Francs ("**CHF**"), Chilean Pesos ("**CLP**"), Czech Koruna ("**CZK**"), Danish Kroner ("**DKK**"), Euro ("**EUR**"), Great British Pounds ("**GBP**"), Ghanaian Cedis ("**GHS**"), Hong Kong Dollars ("**HKD**"), Hungarian Forints ("**HUF**"), Indonesian Rupiah ("**IDR**"), Israeli Shekels ("**ILS**"), Icelandic Krónur ("**ISK**"), Jordanian Dinars ("**JOD**"), Japanese Yen ("**JPY**"), Kenyan Shillings ("**KES**"), Kuwaiti Dinars ("**KWD**"), Kazakhstani Tenges ("**KZT**"), Lebanese Pounds ("**LBP**"), Moroccan Dirhams ("**MAD**"), Mauritian Rupees ("**MUR**"), Mexican Pesos ("**MXN**"), Malaysian Ringgits ("**MYR**"), Namibian Dollars ("**NAD**"), Nigerian Naira ("**NGN**"), Norwegian Kroner ("**NOK**"), New Zealand Dollars ("**NZD**"), Omani Riyals ("**OMR**"), Peruvian Nuevos Soles ("**PEN**"), Philippine Pesos ("**PHP**"), Polish Zloty ("**PLN**"), Qatari Riyals ("**QAR**"), Romanian Lei ("**RON**"), Russian Roubles ("**RUB**"), Saudi Riyals ("**SAR**"), Swedish Kronor ("**SEK**"), Singapore Dollars ("**SGD**"), Thai Baht ("**THB**"), Tunisian Dinars ("**TND**"), Turkish Lira ("**TRY**"), United States Dollars ("**USD**") and South African Rand ("**ZAR**").

(h) *General*

In relation to any Cash Settled Warrants where Automatic Exercise is specified as applying in the applicable Final Terms, the expressions "**exercise**", "**due exercise**" and related expressions shall be construed to apply to any such Cash Settled Warrants which are automatically exercised in accordance with the above provisions.

None of the Issuer, the Guarantor (if applicable), the Calculation Agent, the Trustee, the Swap Counterparty and any Warrant and Certificate Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Settlement Amount or of any Entitlement.

The purchase of Warrants does not confer on any Warrantholder of such Warrants any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

**5. Exercise Procedure**

(a) *Exercise Notice in respect of Clearing System Warrants*

Subject as provided in Condition 5(g), Warrants represented by a Clearing Global Warrant held by a Common Depositary on behalf of Clearstream, Luxembourg and Euroclear and/or any other

relevant Clearing System, may only be exercised by the delivery, or the sending by fax, of a duly completed exercise notice (an "**Exercise Notice**") in the form set out in the Agency Agreement (copies of which form may be obtained from the relevant Clearing System and the relevant Warrant and Certificate Agents during normal office hours) to the relevant Clearing System, with a copy to the Principal Warrant and Certificate Agent in accordance with the provisions set out in Condition 4 and this Condition.

- (i) In the case of Cash Settled Warrants, the Exercise Notice shall:
  - (A) specify the Series number of the Warrants and the number of Warrants being exercised and, if Units are specified in the applicable Final Terms, the number of Units being exercised;
  - (B) specify the number of the Warrantholder's securities account at the relevant Clearing System to be debited with the Warrants;
  - (C) irrevocably instruct the relevant Clearing System to debit on or before the Settlement Date the Warrantholder's securities account with the Warrants being exercised;
  - (D) specify the number of the Warrantholder's account at the relevant Clearing System to be credited with the Cash Settlement Amount (if any) for each Warrant or Unit, as the case may be, being exercised;
  - (E) include an undertaking to pay all Exercise Expenses, and an authority to the relevant Clearing System to deduct an amount in respect thereof from any Cash Settlement Amount due to such Warrantholder and/or to debit a specified account at the relevant Clearing System;
  - (F) certify, in the case of Warrants represented by a Global Warrant that the beneficial owner of each Warrant being exercised is not a U.S. person (as defined in the Exercise Notice), the Warrant is not being exercised within the United States or on behalf of a U.S. person and no cash, securities or other property has been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any exercise thereof; and, where appropriate, undertake to provide such various forms of certification in respect of restrictions under the securities, commodities, tax and other laws of the United States of America as indicated and set out in the applicable Final Terms; and
  - (G) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

- (ii) In the case of Physical Delivery Warrants, the Exercise Notice shall:
  - (A) specify the Series number of the Warrants and the number of Warrants being exercised and, if Units are specified in the applicable Final Terms, the number of Units being exercised;
  - (B) specify the number of the Warrantholder's securities account at the relevant Clearing System to be debited with the Warrants being exercised;
  - (C) irrevocably instruct Clearstream, Luxembourg or Euroclear and/or any other relevant Clearing System to debit on or before the Settlement Date the Warrantholder's securities account with the Warrants being exercised or Units, as the case may be, being exercised;
  - (D) irrevocably instruct the relevant Clearing System to debit on the Actual Exercise Date a specified account with such Clearing System with the aggregate Exercise

## TERMS AND CONDITIONS OF THE WARRANTS

- 645 -

Prices in respect of such Warrants or Units, as the case may be (together with any other amounts payable);

- (E) include an undertaking to pay all Exercise Expenses and in the case of Warrants represented by a Global Warrant held by a Common Depositary on behalf of Clearstream, Luxembourg and Euroclear and/or any other relevant Clearing System, an authority to the relevant Clearing System to debit a specified account at the relevant Clearing System and to pay such Exercise Expenses;
- (F) include such details as may be required by the relevant Clearing System and/or the Principal Warrant and Certificate Agent for delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered and specify the name and the number of the Warrantholder's account with the relevant Clearing System to be credited with any cash payable by the Issuer, either in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event or a Failure to Deliver due to Illiquidity and the Issuer electing to pay the Disruption Cash Settlement Price or Failure to Deliver Settlement Price, as applicable, or as a result of the Issuer (following a notification to such effect from the Calculation Agent) electing to pay the Alternate Cash Amount;
- (G) in the case of Currency Linked Warrants only, specify the number of the Warrantholder's account at the relevant Clearing System to be credited with the amount due upon exercise of the Warrants or Units, as the case may be;
- (H) certify, in the case of Warrants represented by a Global Warrant that the beneficial owner of each Warrant being exercised is not a U.S. person (as defined in the Exercise Notice), the Warrant is not being exercised within the United States or on behalf of a U.S. person and no cash, securities or other property has been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any exercise thereof; and, where appropriate, undertake to provide such various forms of certification in respect of restrictions under the securities, commodities, tax and other laws of the United States of America as may reasonably be required by the Principal Warrant and Certificate Agent; and
- (I) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

- (iii) If Condition 4(e)(ii) applies, the form of Exercise Notice required to be delivered will be different from that set out above. Copies of such Exercise Notice may be obtained from the relevant Clearing System or, as the case may be, the Warrant and Certificate Agents during normal office hours.

If Condition 4(e)(ii) applies, unless the applicable Final Terms specifies otherwise, Warrantholders will be required to deliver an Exercise Notice specifying appropriate information relating to the settlement of Cash Settled Warrants.

### (b) *Exercise Notice in respect of Registered Warrants*

The following provisions apply to Registered Warrants:

Warrants may only be exercised by the delivery in writing of a duly completed exercise notice (an "**Exercise Notice**") in the form set out in the Agency Agreement (copies of which form may be obtained from the Registrar) to the Registrar with a copy to the Principal Warrant and Certificate Agent in accordance with the provisions set out in Condition 4 and this Condition.

## TERMS AND CONDITIONS OF THE WARRANTS

- 646 -

- (i) In the case of Cash Settled Warrants, the Exercise Notice shall:
- (A) specify the Series number of the Warrants and the number of Warrants being exercised and, if Units are specified in the applicable Final Terms, the number of Units being exercised;
  - (B) irrevocably instruct the Registrar to remove from the Register on or before the Settlement Date the Warrants being exercised;
  - (C) specify the details of the account to be credited with the Cash Settlement Amount (if any) for each Warrant or Unit, as the case may be, being exercised;
  - (D) include an undertaking to pay all taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising in connection with the exercise of such Warrants ("**Exercise Expenses**") and an authority to the Registrar to deduct an amount in respect thereof from any Cash Settlement Amount due to such Warrantholder;
  - (E) certify that the beneficial owner of each Warrant being exercised is not a U.S. person (as defined in the Exercise Notice), the Warrant is not being exercised within the United States or on behalf of a U.S. person and no cash, securities or other property has been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any exercise thereof; and, where appropriate, undertake to provide such various forms of certification in respect of restrictions under the securities, commodities, tax and other laws of the United States of America as may reasonably be required by the Principal Warrant and Certificate Agent; and
  - (F) authorise the production of such certification in any applicable administrative or legal proceedings,
- all as provided in the Agency Agreement.
- (ii) In the case of Physical Delivery Warrants, the Exercise Notice shall:
- (A) specify the series number of the Warrants and the number of Warrants being exercised and, if Units are specified in the applicable Final Terms, the number of Units being exercised;
  - (B) irrevocably instruct the Registrar to remove from the Register on or before the Settlement Date the Warrants being exercised;
  - (C) include an undertaking to pay to the Issuer the aggregate Exercise Prices in respect of such Warrants or Units, as the case may be (together with any other amounts payable);
  - (D) include an undertaking to pay all Exercise Expenses;
  - (E) include such details as may be required by the relevant Clearing System and/or the Principal Warrant and Certificate Agent for delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered and specify the account to be credited with any cash payable by the Issuer, either in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event or a Failure to Deliver due to Illiquidity and the Issuer (following a notification to such effect from the Calculation Agent) electing to pay the Disruption Cash Settlement Price or Failure to Deliver Settlement Price, as applicable, or as a result

## TERMS AND CONDITIONS OF THE WARRANTS

- 647 -

of the Issuer (following a notification to such effect from the Calculation Agent) electing to pay the Alternate Cash Amount;

- (F) in the case of Currency Linked Warrants only, specify the details of the account to be credited with the amount due upon exercise of the Warrants;
- (G) certify that the beneficial owner of each Warrant being exercised is not a U.S. person (as defined in the Exercise Notice), the Warrant is not being exercised within the United States or on behalf of a U.S. person and no cash, securities or other property has been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any exercise thereof; and, where appropriate, undertake to provide such various forms of certification in respect of restrictions under the securities, commodities, tax and other laws of the United States of America as may reasonably be required by the Principal Warrant and Certificate Agent; and
- (H) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

- (iii) If Condition 4(e)(ii) applies, the form of Exercise Notice required to be delivered will be different from that set out above. Copies of such Exercise Notice may be obtained from the Registrar.

### (c) *Verification of the Warrantholder*

In the case of Clearing System Warrants, upon receipt of an Exercise Notice, the relevant Clearing System shall verify that the person exercising the Warrants is the holder thereof according to the books of such Clearing System. Subject thereto, the relevant Clearing System will confirm to the Principal Warrant and Certificate Agent the Series number and the number of Warrants being exercised and the account details, if applicable, for the payment of the Cash Settlement Amount or, as the case may be, the details for the delivery of the Entitlement of each Warrant or Unit, as the case may be, being exercised. Upon receipt of such confirmation, the Principal Warrant and Certificate Agent will inform the Issuer, Calculation Agent and Swap Counterparty thereof. The relevant Clearing System will on or before the Settlement Date debit the securities account of the relevant Warrantholder with the Warrants being exercised. If the Warrants are American Style Warrants, upon exercise of less than all the Warrants constituted by the Global Warrant, the Common Depositary will, on the instructions of, and on behalf of the Principal Warrant and Certificate Agent, note such exercise on the Schedule to such Global Warrant and the number of Warrants so constituted shall be reduced by the cancellation *pro tanto* of the Warrants so exercised.

In the case of Registered Warrants, upon receipt of an Exercise Notice, the Registrar shall verify that the person exercising the Warrants is the Warrantholder according to the Register. Subject thereto, the Registrar shall confirm to the Issuer the Series number and the number of Warrants being exercised and the account details, if applicable, for the payment of the Cash Settlement Amount or, as the case may be, the details for delivery of the Entitlement of each Warrant or Unit, as the case may be, being exercised. The Registrar will on or before the Settlement Date remove from the Register the Warrants being exercised. If the Warrants are American Style Warrants, upon exercise of less than all the Warrants constituted by the Registered Global Warrant, the Registrar will note such exercise on the Schedule to the Registered Global Warrant and the number of Warrants so constituted shall be reduced by the cancellation *pro tanto* of the Warrants so exercised.

### (d) *Settlement*

#### (i) Cash Settled Warrants

If the Warrants are Cash Settled Warrants, the Issuer shall on the Settlement Date pay or cause to be paid the Cash Settlement Amount (if any) for each duly exercised Warrant or

Unit, as the case may be, to the Warrantholder's account specified in the relevant Exercise Notice for value on the Settlement Date less any Exercise Expenses.

(ii) *Physical Delivery Warrants*

Subject to payment of the aggregate Exercise Prices and payment of any Exercise Expenses with regard to the relevant Warrants or Units, as the case may be, the Issuer shall on the Settlement Date deliver, or procure the delivery of, the Entitlement for each duly exercised Warrant or Unit, as the case may be, pursuant to the details specified in the Exercise Notice. Subject as provided in Condition 4(d), the Entitlement shall be delivered and evidenced in such manner as set out in the applicable Final Terms.

(e) *Determinations*

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by (i) in the case of Clearing System Warrants, the relevant Clearing System or (ii) in the case of Registered Warrants, the Registrar, in each case, in consultation with the Principal Warrant and Certificate Agent and shall be conclusive and binding on the Issuer, the Guarantor, if any, the Warrant and Certificate Agents and the relevant Warrantholder. Subject as set out below, any Exercise Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Warrant and Certificate Agent or the Issuer, as the case may be immediately after being delivered or sent to the relevant Clearing System, or the Registrar as provided in Condition 5(b) above, as the case may be, shall be null and void. In the absence of negligence or wilful misconduct on its part, none of the Issuer or, the Guarantor, if any, shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Warrantholder.

If such Exercise Notice is subsequently corrected to the satisfaction of the relevant Clearing System or the Registrar, as the case may be, in consultation with the Principal Warrant and Certificate Agent, it shall be deemed to be a new Exercise Notice submitted at the time such correction was delivered to the relevant Clearing System or the Registrar, as the case may be, and the Principal Warrant and Certificate Agent or the Issuer, as the case may be.

If (A) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (B) the Warrants are Physical Delivery Warrants, any Warrant with respect to which the Exercise Notice has not been duly completed and delivered in the manner set out above before the Expiration Date specified in Condition 4(a), in the case of American Style Warrants, or Condition 4(b), in the case of European Style Warrants, shall become void.

The relevant Clearing System or the Registrar, as the case may be, shall use its best efforts promptly to notify the Warrantholder submitting an Exercise Notice if, in consultation with the Principal Warrant and Certificate Agent or the Issuer, as the case may be, it has determined that such Exercise Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor, if any, the Warrant and Certificate Agents, the Registrar or the relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Warrantholder.

(f) *Delivery of an Exercise Notice*

Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Warrantholder to exercise the Warrants specified. After the delivery of such Exercise Notice, such exercising Warrantholder may not transfer such Warrants.

(g) *Automatic Exercise*

(i) This Condition only applies if the Warrants are Cash Settled Warrants, Automatic Exercise is specified as applying in the applicable Final Terms and Warrants are automatically exercised as provided in Condition 4(a) or Condition 4(b).

- (ii) No Exercise Notice is required to be submitted or any other action required to be taken by any relevant Warrantholder in order to receive the Cash Settlement Amount in respect of such Warrant, or if Units are specified in the applicable Final Terms, a Unit, as the case may be. The Issuer shall transfer or cause to be transferred to each Clearing System through which such Warrants are held an amount equal to the aggregate of the Cash Settlement Amounts in respect of the Warrants held in each such Clearing System and each such Clearing System shall, subject to having received such aggregate Cash Settlement Amount, on the Settlement Date credit the account of each Warrantholder of such Warrant(s) in its books with an amount equal to the aggregate Cash Settlement Amount relating to the Warrant(s) held by such Warrantholder and on or before the Settlement Date debit such account with the number of Warrants exercised and in respect of which such Cash Settlement Amount is being paid. Neither the Issuer nor, if applicable, the Guarantor shall have any responsibility for the crediting by the relevant Clearing System of any such amounts to any such accounts.
- (iii) In order to receive the Cash Settlement Amount in respect of a Warrant, or if Units are specified in the applicable Final Terms, a Unit, as the case may be, the relevant holder must, in the case of Registered Warrants, deliver in writing a duly completed Exercise Notice to the Registrar with a copy to the Principal Warrant and Certificate Agent, on any Business Day until not later than 10.00 a.m., Luxembourg time, on the Business Day immediately preceding the day (the "**Cut-off Date**") falling 180 days after (A) the Expiration Date, in the case of American Style Warrants or (B) the Actual Exercise Date, in the case of European Style Warrants. The Exercise Notice shall include the applicable information set out in the Exercise Notice referred to in Condition 5(a)(i), Condition 5(a)(ii), Condition 5(a)(iii), Condition 5(b)(i), Condition 5(b)(ii) or Condition 5(b)(iii), as applicable. The Business Day during the period from the Expiration Date or the Actual Exercise Date, as the case may be, until the Cut-off Date on which an Exercise Notice is delivered to the relevant Clearing System, or in the case of Registered Warrants, the Registrar, and a copy thereof delivered to the Principal Warrant and Certificate Agent is referred to in this Condition 5(g) as the "**Exercise Notice Delivery Date**", provided that, in the case of Registered Warrants, if the Exercise Notice is received by the Registrar or the copy thereof received by the Principal Warrant and Certificate Agent after 10.00 a.m., Luxembourg time, on any Business Day, such Exercise Notice shall be deemed to have been delivered on the next Business Day, which Business Day shall be deemed to be the Exercise Notice Delivery Date.

Subject to the relevant Warrantholder performing its obligations in respect of the relevant Warrant or Unit, as the case may be, in accordance with these Conditions, the Settlement Date for such Warrants or Units, as the case may be, shall be the fifth Business Day following the Exercise Notice Delivery Date. In the event that a Warrantholder does not, where applicable, so deliver an Exercise Notice in accordance with this Condition 5(g) prior to, in the case of Registered Warrants, 10.00 a.m., Luxembourg time, on the Cut-off Date, the Issuer's obligations in respect of such Warrants shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor, if any. For the avoidance of doubt, a Warrantholder shall not be entitled to any payment, whether of interest or otherwise, in respect of the period from the Actual Exercise Date to the Settlement Date.

(h) *Exercise Risk*

Exercise of the Warrants is subject to all applicable laws, regulations and practices in force on the relevant Exercise Date and none of the Issuer, the Guarantor, if any, the Registrar or the Warrant and Certificate Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Guarantor, if any, the Trustee or the Agents shall under any circumstances be liable for any acts or defaults of the relevant Clearing System in relation to the performance of its duties in relation to the Warrants.

(i) *Automatic Early Expiration*

- (i) If "Automatic Early Expiration" is specified as applicable in the applicable Final Terms, then unless previously exercised or cancelled, if on (i) any Automatic Early Expiration Valuation Date (the "**Relevant Automatic Early Expiration Valuation Date**") or (ii) in respect of an Automatic Early Expiration Valuation Period, as specified in the applicable Final Terms, an Automatic Early Expiration Event occurs, the Warrants will be automatically cancelled in whole, but not in part, on the relevant Automatic Early Expiration Date and the amount (if any) payable on the Automatic Early Expiration Settlement Date by the Issuer upon cancellation shall be equal to the relevant Automatic Early Expiration Payout Amount.

- (ii) Definitions relating to Automatic Early Expiration

**"AER Knock-out Event"** means the occurrence (such date of occurrence the AER Knock-out Date) of a Knock-out Event and/or a Knock-in Event as specified in the applicable Final Terms;

**"AER Rate"** means the rate specified as such or determined in the manner set out in the applicable Final Terms;

**"Automatic Early Expiration Date"** means the Relevant Automatic Early Expiration Valuation Date or if such date is not a Business Day, the next following Business Day, and no Warrantholder shall be entitled to any interest or further payment in respect of such delay;

**"Automatic Early Expiration Event"** means that (a) if SPS AER Valuation is specified as applicable, the SPS AER Value is; or (b) if SPS AER Valuation and AER Knock-out Event are specified as not applicable (x) in the case of a single Underlying Reference, the Underlying Reference Level or (y) in the case of a Basket of Underlying References, the Basket Price is in each case, (A) "greater than", (B) "greater than or equal to", (C) "less than" or (D) "less than or equal to" the Automatic Early Expiration Level as specified in the applicable Final Terms, or (c) if SPS AER Valuation is specified as not applicable and AER Knock-out is specified as applicable, an AER Knock-out occurs;

**"Automatic Early Expiration Level"** means the level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions, as applicable;

**"Automatic Early Expiration Payout Amount"** means an amount equal to the Automatic Early Redemption Payout set out in the applicable Final Terms, provided that if the product of the Automatic Early Redemption Payout is zero, no amount shall be payable on cancellation of the Warrant pursuant to this Condition and such Warrant shall expire worthless. If the Automatic Early Expiration Payout Amount is not an amount in the Settlement Currency, if specified in the applicable Final Terms it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms;

**"Automatic Early Expiration Settlement Date"** means the date specified as such in the applicable Final Terms;

**"Automatic Early Expiration Valuation Date"** means (i) the AER Knock-out Date or (ii) each date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day (in the case of Index Linked Warrants (other than Custom Index Linked Warrants) Share Linked Warrants, Debt Linked Warrants or ETI Linked Warrants, a Custom Index Business Day (in the case of Custom Index linked Warrants), a Commodity Business Day in the case of Commodity Linked Warrants, Fund Business Day (in the case of Fund Linked Warrants), Business Day (in the case of other Warrants), as applicable, the next following Scheduled Trading Day, Custom Index Business Day, Commodity Business Day, Fund Business Day or Business Day as applicable, unless, in the case of Index Linked Warrants, Share Linked Warrants, Debt Linked Warrants, ETI Linked Warrants or Commodity Linked Warrants, in the opinion of the Calculation Agent, any such day is a Disrupted Day (in respect of Index Linked Warrants (other than Custom Index Linked

Warrants) Share Linked Warrants, Debt Linked Warrants or ETI Linked Warrants), a Custom Index Disruption Event is occurring on such day (in respect of Custom Index Linked Warrants) or a Market Disruption Event is occurring on such day (in respect of Commodity Linked Warrants). If any such day is a Disrupted Day, a day on which a Custom Index Disruption Event is occurring or (except in the case of Commodity Linked Warrants) a day on which a Market Disruption Event is occurring, as applicable, then the corresponding provisions in the definition of "Valuation Date" shall apply *mutatis mutandis* as if references in such provisions to "Valuation Date" were to "Automatic Early Expiration Valuation Date" or (in the case of Commodity Linked Warrants) if any such day is a day on which a Market Disruption Event is occurring, then the provisions of "Pricing Date" shall apply *mutatis mutandis* as if references in such provision to "Pricing Date" were to "Automatic Early Expiration Valuation Date";

**"Automatic Early Expiration Valuation Period"** means the period specified as such in the applicable Final Terms;

**"Automatic Early Expiration Valuation Time"** means the time specified as such in the applicable Final Terms;

**"Basket of Underlying References"** means, for the purposes of this Condition 5(i), the Basket of Indices, Basket of Shares, Basket of Debt Securities, ETI Basket, Basket of Commodities or other basis of reference to which the value of the relevant Warrants may relate, as specified in the applicable Final Terms;

**"Basket Price"** means, in respect of any Automatic Early Expiration Valuation Date, an amount determined by the Calculation Agent equal to the sum of the values for each Underlying Reference as the product of (a) the Underlying Reference Level of such Underlying Reference on such Automatic Early Expiration Valuation Date and (b) the relevant Weighting;

**"Multiple Underlying Interest Rate Gearing"** means, in respect of an Underlying Interest Rate<sub>(i)</sub> specified in the applicable Final Terms as a Multiple Underlying Component Rate, the number specified as such in the applicable Final Terms;

**"Multiple Underlying Reference Rate"** means, in respect of an Underlying Interest Rate<sub>(i)</sub> specified in the applicable Final Terms as a Multiple Underlying Component Rate, the Underlying Reference Rate determined in respect of such Underlying Interest Rate;

**"Multiple Underlying Reference Rate Value"** means the value calculated in accordance with the following formula:

$$\sum_{i=1}^n \text{Multiple Underlying Interest Rate Gearing}_{(i)} \times \text{Multiple Underlying Reference Rate}_{(i)}$$

**"Observation Price Source"** means the source specified as such in the applicable Final Terms;

**"SPR AER Value"** means the value specified from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"Underlying Reference"** means, for the purposes of this Condition 5(i), each Index, Custom Index, Share, Debt Security, ETI Interest, Commodity, Commodity Index, Subject Currency, Fund or other basis of reference to which the relevant Warrants relate;

**"Underlying Reference Level"** means, in respect of any Automatic Early Expiration Valuation Date, (i) "official level", "official close", "last price", "bid price" or "asked price" of the Underlying Reference or the Italian Securities Reference Price, as specified in the applicable Final Terms published by the Observation Price Source or (ii) if Standard Underlying Reference Level is specified as applicable in the applicable Final Terms (a) in

the case of Share Linked Warrants and ETI Linked Warrants, the price of the relevant Underlying Reference, (b) in the case of Index Linked Warrants and Custom Index Linked Warrants, the level of the relevant Underlying Reference, (c) in the case of Commodity Linked Warrants, the Relevant Price, (d) in the case of Currency Linked Warrants, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), or (e) in the case of Debt Linked Warrants, the bid price of the relevant Underlying Reference as determined by the Calculation Agent by reference to the bid price for such Underlying Reference appearing on the Relevant Screen Page, in each case, as determined by the Calculation Agent as of the Automatic Early Expiration Valuation Time on such Automatic Early Expiration Valuation Date or, in the case of the "official close" level, at such time on such Automatic Early Expiration Valuation Date as the "official close" level is published by the Observation Price Source.

(j) *Settlement Date Postponement*

Where "Settlement Date Postponement" is specified as applicable the applicable Final Terms and the Settlement Date Postponement Event Condition is satisfied, the Settlement Date will be the day falling the number of Postponement Business Days after the Cash Settlement Payment Date.

For the purposes of this Condition 7(j):

**"Cash Settlement Payment Date"** means the day falling the number of Payment Delay Days after the final Valuation Date;

**"Postponement Business Days"** means the number of Business Days specified in the applicable Final Terms; and

**"Payment Delay Days"** means the number of Business Days specified in the applicable Final Terms.

**"Settlement Date Postponement Event Condition"** means due to the occurrence of an event leading to the occurrence of one or more Disrupted Days (in the case of Index Linked Warrants, Share Linked Warrants, Currency Linked Warrants or ETI Linked Warrants) or a Commodity Disrupted Day (in the case of Commodity Linked Warrants), the Cash Settlement Payment Date would not fall at least two Business Days before the scheduled Settlement Date;

(k) *Condition to Final Payout Premium*

Where "Condition to Final Payout Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay a Final Payout Premium as part of the Cash Settlement Amount will be subject to the receipt of an aggregate amount equal to the Final Payout Premium payable in respect of each Warrant outstanding on or prior to the Settlement Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or the Swap Agreement terminates for any reason other than as scheduled on its scheduled termination date or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party, the Issuer will have no further obligation to pay an amount equal to the Final Payout Premium in respect of each Warrant (but without prejudice to the Issuer's obligations to pay an amount equal to the Scheduled Cash Settlement Amount less the relevant Final Payout Premium in respect of each Warrant) and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

For the purposes of this Condition 5(k):

**"Final Payout Premium"** means, in respect of a Warrant, a *pro rata* share of an amount equal to the amount by which the Scheduled Cash Settlement Amount is greater than the amount which the Issuer is scheduled to receive in respect of the Charged Assets other than the Swap Agreement on maturity or termination of such assets; and

**"Scheduled Cash Settlement Amount"** means an amount equal to the scheduled Cash Settlement Amount which would have been payable by the Issuer had the Swap Counterparty paid the amounts it was scheduled to pay under the Swap Agreement and/or the Swap Agreement had not terminated prior to the Settlement Date.

## 6. Minimum and Maximum Number of Warrants Exercisable

### (a) *American Style Warrants*

This Condition 6(a) applies only to American Style Warrants.

- (i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date or, in the case of Automatic Exercise, the number of Warrants held by any Warrantholder on any Actual Exercise Date, in each case as determined by the Calculation Agent, must not be less than the Minimum Exercise Number specified in the applicable Final Terms and, if specified in the applicable Final Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.
- (ii) If the Calculation Agent determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the "**Quota**"), the Calculation Agent may deem the Actual Exercise Date for the first Quota of such Warrants, selected by the Calculation Agent, acting in good faith and in a commercially reasonable manner, to be such day and the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) to be each of the succeeding Exercise Business Days until all such Warrants have been attributed with an Actual Exercise Date, provided, however, that the deemed Actual Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of Warrants is exercised on the same day by holder(s) of Warrants, the order of settlement in respect of such Warrants shall be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

### (b) *European Style Warrants*

This Condition 6(b) applies only to European Style Warrants.

The number of Warrants exercisable by any Warrantholder on the Exercise Date, as determined by the Calculation Agent, must be equal to the Minimum Exercise Number specified in the applicable Final Terms and, if specified in the applicable Final Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.

## 7. Force Majeure

If the Calculation Agent determines that by reason of force majeure or act of state occurring after the Trade Date it becomes impossible or impracticable for the Issuer to perform in whole or in part its obligations under the Warrants and/or any related hedging arrangements, the Issuer may cancel the Warrants by giving notice to Warrantholders in accordance with Condition 17 (*Notices*) provided that if such an event would constitute both a force majeure under this Condition 7 and a Force Majeure Event as defined in Condition 8(o) (if specified as an applicable Optional Additional Disruption Event in the applicable Final Terms), it shall be deemed to be a Force Majeure Event.

If the Issuer cancels the Warrants then the Issuer will, if and to the extent possible or practicable, pay an amount (if any) to each Warrantholder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by such Warrantholder, which amount shall be the equal to the Early Termination Amount determined in accordance with Condition

8(e). For the purposes of determining the Early Termination Amount in accordance with Condition 8(e), it shall be deemed that an Annex Early Redemption Event has occurred.

Any payment will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 17 (*Notices*).

## 8. Purchases and Cancellation

### (a) *Purchases*

If the Issuer has satisfied the Trustee that it has made arrangements for the realisation of no more than the equivalent proportion of the Compartment Assets, for the repayment of no more than the equivalent proportion of any amount deposited under any Deposit Agreement, for the termination of no more than the equivalent proportion of any Swap Agreement and for the cancellation of the Warrants, which transaction will leave the Issuer with no net liabilities in respect thereof, the Issuer may at any time purchase Warrants at any price in the open market or otherwise, in accordance with applicable laws and regulations. The Trustee will accept as evidence of the satisfaction of the criteria to such purchase a certificate (which it may rely on without further enquiry) of the Issuer confirming such arrangements and confirming that the remaining Charged Assets are sufficient to secure the Issuer's remaining obligations in respect of the remaining Warrants. If required by any applicable law or regulation, Warrants purchased by or on behalf of the Issuer will be surrendered for cancellation (within one Business Day of such purchase), in the case of Registered Warrants, by surrendering the certificate representing such Warrants to the Registrar.

In such circumstances:

- (i) the Issuer and the Secured Parties will be deemed to have consented to the release of the security in respect of that proportion of the Charged Assets that corresponds to the proportion that the number of Warrants being purchased bears to the total number of Warrants and Related Warrants (if any) remaining unexercised immediately prior to such purchase;
- (ii) unless an Event of Default or an event or circumstance that could with the giving of notice, lapse of time, issue of a certificate and/or fulfilment of any other requirement provided for in Condition 11 (*Events of Default*) become an Event of Default (a "**Potential Event of Default**") has occurred and the Trustee has actual notice of such occurrence, such proportion of the Charged Assets shall be deemed to have been released from the security created under the Trust Deed.

### (b) *Cancellation*

All Warrants which are purchased by the Issuer will forthwith be cancelled and may not be reissued or resold. Upon such cancellation, in the case of Warrants which are admitted to trading on the regulated market of the Luxembourg Stock Exchange and listed on the Official List of the Luxembourg Stock Exchange, the Issuer will forthwith inform the Luxembourg Stock Exchange of such cancellation. All Warrants so cancelled and any Warrants purchased and cancelled pursuant to paragraph (a) above shall be forwarded to the Principal Warrant and Certificate Agent or, in the case of Registered Warrants, the Registrar, and cannot be reissued or resold.

### (c) *Early Termination Events*

The applicable Final Terms may specify that any of the following events set out in this paragraph applies. If any does so apply then in each case, in the event that the Calculation Agent notifies the Issuer and (if applicable) the Guarantor in writing (with a copy to the Trustee, on which notification the Trustee shall rely without further investigation or enquiry) that it has determined that one or more (as applicable) of the following events (each, an "**Early Termination Event**") has occurred:

- (i) there is a payment default in respect of any of the Charged Assets (other than the relevant Swap Agreement) (an "**Asset Payment Default Event**"); or

- (ii) the issuer or primary obligor in respect of any of the Charged Assets (each, a "**Charged Assets Issuer**") or any guarantor (if applicable) of the Charged Assets Issuer's obligations in respect of any Charged Assets fails to perform or observe any of its obligations under the relevant Charged Assets and the failure continues after the expiration of any applicable grace period or the occurrence of any event (including, but not limited to, default, event of default or other similar condition or event (howsoever described)) that results in the Charged Assets becoming capable of being declared due and payable before they would otherwise have been due and payable (an "**Asset Default Event**"); or
- (iii) any of the Charged Assets is, for any reason, redeemed or otherwise terminated prior to its scheduled redemption or termination date (an "**Asset Redemption Event**"); or
- (iv) there is a payment default in respect of any of the Charged Assets (other than the relevant Swap Agreement) or the aggregate amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets is less than the aggregate of the Cash Settlement Amounts payable by the Issuer in respect of the Warrants (an "**Asset Payment Shortfall Event**"); or
- (v) on or after the Trade Date, (A) due to the adoption of any change in any applicable law or regulation (including, without limitation, any tax law) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or brought in a court of competent jurisdiction), either (1) any amount is required to be deducted or withheld for or on account of any tax, levy, impost, duty, charge, assessment or fee of any nature imposed by any government or other taxing authority in respect of any payment to be received by the Issuer under one or more Charged Assets or (2) the Issuer becomes obliged to pay any amount for or on account of any tax, levy, impost, duty, charge, assessment or fee of any nature imposed by any government or other taxing authority in respect of (I) any payment received by the Issuer under one or more Charged Asset or (II) holding, acquiring or disposing of any Charged Asset (a "**Compartment Tax Event**"); or
- (vi) the early termination in full of any Swap Agreement (or any other agreement specified as a Related Agreement in the Final Terms) entered into in respect of the Warrants other than where the Issuer is the Defaulting Party (as defined in the relevant Swap Agreement) thereunder and the relevant event of default relates to the insolvency of the Issuer or under the Warrants or due to the purchase by the Issuer of all the outstanding Warrants of a Series (a "**Related Agreement Termination Event**"); or
- (vii) where an Annex to these Conditions is applicable, and in any event with respect to Condition 8(e)(B) below, the Calculation Agent notifies the Issuer that an event has occurred in respect of which the Calculation Agent acting in good faith and in a commercially reasonable manner determines it is not possible to make an adjustment in respect of such event and that the Warrants should be cancelled early as contemplated in either (A) such Annex or (B) Condition 8(e)(B), as the case may be (an "**Annex Early Termination Event**"); or
