There has been no material adverse change in the prospects of BNPP or the BNPP Group since 31 December 2013 (being the end of the last financial period for which audited financial statements have been published).</p> <p><i>“Paris, 30 June 2014</i></p> <p><i>BNP Paribas announces a comprehensive settlement regarding the review of certain USD transactions by US authorities</i></p> <p><i>BNP Paribas today announced a comprehensive settlement of the pending investigation relating to US dollar transactions involving parties subject to US sanctions, including agreements with the U.S. Department of Justice, U.S. Attorney’s Office for the Southern District of New York, the New York County District Attorney’s Office, the Board of Governors of the U.S. Federal Reserve System (FED), the New York State Department of Financial Services (DFS), and the US Department of the Treasury’s Office of Foreign Assets Control (OFAC).</i></p> <p><i>The settlement includes guilty pleas entered into by BNP Paribas SA in relation to violations of certain US laws and regulations regarding economic sanctions against certain countries and related recordkeeping. BNP Paribas also agrees to pay a total of USD 8.97 billion (Euros 6.6 billion). Beyond what has already been provisioned, this will result in an exceptional charge of Euros 5.8 billion to be booked in the second quarter of 2014. BNP Paribas also accepts a temporary suspension of one year starting 1st January 2015 of the USD direct clearing focused mainly on the Oil & Gas Energy & Commodity Finance business line in certain locations.</i></p> <p><i>BNP Paribas has worked with the US authorities to resolve these issues and the resolution of these matters was coordinated by its home regulator (Autorité de Contrôle Prudentiel et de Résolution - ACPR) with its lead regulators. BNP Paribas will maintain its licenses as part of the settlements, and expects no impact on its operational or business capabilities to serve the vast majority of its clients. During 2015, the activities of the perimeter concerned will clear US dollars through a third party bank instead of clearing through BNP Paribas New York and all necessary measures are being taken to ensure smooth transition and no material impact for the clients concerned. BNP Paribas notes that part of the Group’s USD clearing is already done today through third party banks.</i></p> <p><i>Based on its estimates, BNP Paribas expects its fully loaded Basel III CET1 ratio as at 30 June 2014 to be at around 10%, consistent with the Group’s targets announced within its 2014-2016 business development plan. This estimate takes into account in particular solid underlying second quarter net results and pro rata temporis the current intention of the bank to adapt its dividend for 2014 to a level equal to that of 2013 (1.50 euros per</i></p>

		<p>share).</p> <p><i>In advance of the settlement, the bank designed new robust compliance and control procedures. Many of these are already in force and are working effectively, and involve important changes to the Group’s procedures. Specifically:</i></p> <ul style="list-style-type: none"> • <i>a new department called Group Financial Security US, part of the Group Compliance function, will be headquartered in New York and will ensure that BNP Paribas complies globally with US regulation related to international sanctions and embargoes.</i> • <i>all USD flows for the entire BNP Paribas Group will be ultimately processed and controlled via the branch in New York.</i> <p><i>As a result of BNP Paribas’ internal review, a number of managers and employees from relevant business areas have been sanctioned, a number of whom have left the Group.</i></p> <p><i>Jean-Laurent Bonnafe, CEO of BNP Paribas, said: “We deeply regret the past misconduct that led to this settlement. The failures that have come to light in the course of this investigation run contrary to the principles on which BNP Paribas has always sought to operate. We have announced today a comprehensive plan to strengthen our internal controls and processes, in ongoing close coordination with the US authorities and our home regulator to ensure that we do not fall below the high standards of responsible conduct we expect from everyone associated with BNP Paribas”.</i></p> <p><i>“Having this matter resolved is an important step forward for us. Apart from the impact of the fine, BNP Paribas will once again post solid results this quarter and we want to thank our clients, employees, shareholders and investors for their support throughout this difficult time”.</i></p> <p><i>”The Group remains focused on implementing its 2014-2016 business development plan. We confirm our ambition to meet the targets of this plan announced in March this year. In particular, North America remains a strategic market for the Group where we plan to further develop our retail, investment solutions and corporate & investment banking franchise over the coming years”.</i></p> <p><i>“BNP Paribas is a client-centric bank and we will continue to work every single day to earn the trust and respect of all our stakeholders in service of our clients and the economy””</i></p> <p>Following the settlement, BNPP expects its banking licenses to be maintained where it operates (although this settlement could provide the basis for a regulator to rescind a license), and has received confirmations or assurances in this regard from its principal regulators. BNPP expects that the settlement will have no impact on its operational or business capabilities to serve the vast majority of its clients. There can be no assurance, however, that unanticipated collateral consequences of the settlement will not adversely affect its business. Such unanticipated collateral consequences include the possibility that clients, counter-parties and other persons or entities with whom BNPP does business may choose to limit their future business with BNPP. It also includes for some limited activities, in particular in the United States, the possibility that an authority may refuse to grant BNPP a waiver needed to pursue a specific activity, or may withdraw an</p>

		<p>authorization to conduct a specific activity. Similarly, BNPP cannot be certain that the suspension of U.S. dollar clearing in respect of certain of its business lines will not lead to a loss of business.</p> <p>There has been no significant change in the financial or trading position of the Issuer since 31 December 2013 and there has been no material adverse change in the prospects of the Issuer since 31 December 2013.</p>
B.13	Events impacting the Issuer's solvency	To the best of the Issuer's knowledge, there have not been any recent events which are to a material extent relevant to the evaluation of the Issuer's solvency since 31 December 2013, save as disclosed in the press release published by BNP Paribas on 30 June 2014 the text of which is set out in italicised text in Element B.12 above.
B.14	Dependence upon other group entities	BNPP B.V. is dependent upon BNPP and other members of the BNPP Group. BNPP B.V. is a wholly owned subsidiary of BNPP specifically involved in the issuance of securities such as Notes, Warrants or Certificates or other obligations which are developed, setup and sold to investors by other companies in the BNPP Group (including BNPP). The securities are hedged by acquiring hedging instruments from BNP Paribas and BNP Paribas entities as described in Element D.2 below.
B.15	Principal activities	The principal activity of the Issuer is to issue and/or acquire financial instruments of any nature and to enter into related agreements for the account of various entities within the BNPP Group.
B.16	Controlling shareholders	BNP Paribas holds 100 per cent. of the share capital of the Issuer.
B.17	Solicited credit ratings	<p>BNPP B.V.'s long term credit rating is A+ with a negative outlook (Standard & Poor's Credit Market Services France SAS) and BNPP B.V.'s short term credit rating is A-1 (Standard & Poor's Credit Market Services France SAS).</p> <p>The Securities have not been rated.</p> <p>A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.</p>
B.18	Description of the Guarantee	<p>The Securities will be unconditionally and irrevocably guaranteed by BNP Paribas ("BNPP" or the "Guarantor") pursuant to an English law deed of guarantee executed by BNPP on or around 5 June 2014 (the "Guarantee").</p> <p>The obligations under the guarantee are direct unconditional, unsecured and unsubordinated obligations of BNPP and rank and will rank <i>pari passu</i> among themselves and at least <i>pari passu</i> with all other direct, unconditional, unsecured and unsubordinated indebtedness of BNPP (save for statutorily preferred exceptions).</p>
B.19	Information about the Guarantor	
B.19/ B.1	Legal and commercial name	BNP Paribas

	of the Guarantor	
B.19/ B.2	Domicile/ legal form/ legislation/ country of incorporation	The Guarantor was incorporated in France as a <i>société anonyme</i> under French law and licensed as a bank having its head office at 16, boulevard des Italiens – 75009 Paris, France.
B.19/ B.4b	Trend information	<p><i>Macro-economic environment</i></p> <p>Market and macroeconomic conditions affect BNPP’s results. The nature of the BNPP’s business makes it particularly sensitive to market and macroeconomic conditions in Europe, which have been difficult and volatile in recent years.</p> <p>In 2013, the global economy began to move towards equilibrium, with several emerging countries slowing down and a slight recovery in the developed countries. In 2013, global economic conditions remained generally stable as compared to 2012. IMF and OECD economic forecasts¹ for 2014 generally indicate a renewal of moderate growth in developed economies albeit less strong and uniform in the Euro-Zone. Their analysts consider that uncertainties remain regarding the strength of the recovery, particularly in light of the U. S. Federal Reserve’s announcement in December 2013 that it would gradually reduce (“taper”) its stimulus program, and in the Euro-zone, where a risk of deflation exists.</p> <p>Within the Euro-zone, sovereign credit spreads continued to decrease in 2013 following the decrease recorded in 2012 from the previous historically high levels. The financial condition of certain sovereigns has markedly improved but there remains uncertainty as to the solvency of some others.</p> <p><i>Legislation and Regulations Applicable to Financial Institutions</i></p> <p>Laws and regulations applicable to financial institutions that have an impact on BNPP have significantly evolved in the wake of the global financial crisis. The measures that have been proposed and/or adopted in recent years include more stringent capital and liquidity requirements (particularly for large global banking groups such as BNPP), taxes on financial transactions, restrictions and taxes on employee compensation, limits on the types of activities that commercial banks can undertake and ring-fencing or even prohibition of certain activities considered as speculative within separate subsidiaries, restrictions on certain types of financial products, increased internal control and reporting requirements, more stringent conduct of business rules, mandatory clearing and reporting of derivative transactions, requirements to mitigate risks in relation to over-the-counter derivative transactions and the creation of new and strengthened regulatory bodies. The measures that were recently adopted, or in some cases proposed and still under discussion, that have or are likely to affect BNPP, include in particular the French Ordinance of June 27, 2013 relating to credit institutions and financing companies (“Sociétés de financement”), which came into force on January 1, 2014 and the French banking law of July 26, 2013 on the separation and regulation of banking activities and the Ordinance of February 20, 2014 for the adaptation of French law to EU law with respect to financial</p>

More generally, regulators and legislators in any country may, at any time, implement new or different measures that could have a significant impact on the financial system in general or BNPP in particular.</p>
B.19/B.5	Description of the Group	<p>BNPP is a European leading provider of banking and financial services and has four domestic retail banking markets in Europe, namely in Belgium, France, Italy and Luxembourg. It is present in 75 countries and has almost 185,000 employees, including over 141,000 in Europe. BNPP is the parent company of the BNP Paribas Group (together the “BNPP Group”).</p>

Section D – Risks

Element	Title	
D.2	Key risks regarding the Issuer and the Guarantor	<p>There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Securities issued under the Prospectus and the Guarantor's obligations under the Guarantee.</p> <p>Twelve main categories of risk are inherent in BNPP's activities:</p> <ul style="list-style-type: none"> • Credit Risk; • Counterparty Risk; • Securitisation; • Market Risk; • Operational Risk; • Compliance and Reputation Risk; • Concentration Risk; • Asset-liability management Risk; • Breakeven Risk; • Strategy Risk; • Liquidity and refinancing Risk; • Insurance subscription Risk. <p>Difficult market and economic conditions could have a material adverse effect on the operating environment for financial institutions and hence on BNPP's financial condition, results of operations and cost of risk.</p> <p>Legislative action and regulatory measures taken in response to the global financial crisis may materially impact BNPP and the financial and economic environment in which it operates.</p> <p>BNPP's access to and cost of funding could be adversely affected by a resurgence of the Euro-zone sovereign debt crisis, worsening economic conditions, further rating downgrades or other factors.</p> <p>A substantial increase in new provisions or a shortfall in the level of previously recorded provisions could adversely affect BNPP's results of operations and financial condition.</p> <p>BNPP may incur significant losses on its trading and investment activities due to market fluctuations and volatility.</p> <p>BNPP may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns.</p> <p>Protracted market declines can reduce liquidity in the markets, making it harder</p>

Element	Title	
		<p>to sell assets and possibly leading to material losses.</p> <p>Significant interest rate changes could adversely affect BNPP's revenues or profitability.</p> <p>The soundness and conduct of other financial institutions and market participants could adversely affect BNPP.</p> <p>BNPP's competitive position could be harmed if its reputation is damaged.</p> <p>An interruption in or a breach of BNPP's information systems may result in lost business and other losses.</p> <p>Unforeseen external events can interrupt BNPP's operations and cause substantial losses and additional costs.</p> <p>BNPP is subject to extensive and evolving regulatory regimes in the countries and regions in which it operates.</p> <p>Notwithstanding BNPP's risk management policies, procedures and methods, it could still be exposed to unidentified or unanticipated risks, which could lead to material losses.</p> <p>BNPP's hedging strategies may not prevent losses.</p> <p>BNPP may experience difficulties integrating acquired companies and may be unable to realise the benefits expected from its acquisitions.</p> <p>Intense competition, especially in France where it has the largest single concentration of its businesses, could adversely affect BNPP's revenues and profitability.</p> <p>The following risk factors relate to BNPP B.V.: BNPP B.V. is an operating company. BNPP B.V.'s sole business is the raising and borrowing of money by issuing securities such as Notes, Warrants or Certificates or other obligations. BNPP B.V. has, and will have, no assets other than hedging agreements (OTC contracts mentioned in the Annual Reports), cash and fees payable to it, or other assets acquired by it, in each case in connection with the issue of securities or entry into other obligations related thereto from time to time. BNPP B.V. has a small equity and limited profit base. The net proceeds from each issue of Securities issued by the BNPP B.V. will become part of the general funds of BNPP B.V. BNPP B.V. uses such proceeds to hedge its market risk by acquiring hedging instruments from BNP Paribas and BNP Paribas entities ("Hedging Agreements"). The ability of BNPP B.V. to meet its obligations under Securities issued by it will depend on the receipt by it of payments under the relevant Hedging Agreements. Consequently, Holders of BNPP B.V. Securities will, subject to the provisions of the Guarantee, be exposed to the ability of BNP Paribas and BNP Paribas entities to perform their obligations under such Hedging Agreements. Securities sold in the United States or to U.S. Persons may be subject to transfer restrictions.</p>
D.3	Key risks regarding the Securities	<p>In addition to the risks relating to the Issuer (including the default risk) that may affect the Issuer's ability to fulfil its obligations under the Securities, there are certain factors which are material for the purposes of assessing the market risks associated with Securities issued under the Prospectus, including that Securities</p>

Element	Title	
		<p>are unsecured obligations; the trading price of the Securities is affected by a number of factors including, but not limited to, the price of the Underlying Reference; time to redemption and volatility and such factors mean that the trading price of the Securities may be below the Cash Settlement Amount; exposure to the Underlying Reference in many cases will be achieved by the Issuer entering into hedging arrangements and potential investors are exposed to the performance of these hedging arrangements and events that may affect the hedging arrangements and consequently the occurrence of any of these events may affect the value of the Securities, the occurrence of an additional disruption event or optional additional disruption event may lead to an adjustment to the Securities, early redemption or may result in the amount payable on scheduled redemption being different from the amount expected to be paid at scheduled redemption and consequently the occurrence of an additional disruption event and/or optional additional disruption event may have an adverse effect on the value or liquidity of the Securities; expenses and taxation may be payable in respect of the Securities; the Securities may be redeemed in the case of illegality or impracticability and such redemption may result in an investor not realising a return on an investment in the Securities; the meetings of Holders provisions permit defined majorities to bind all Holders; any judicial decision or change to an administrative practice or change to English law after the date of the Prospectus could materially adversely impact the value of any Securities affected by it; a reduction in the rating, if any, accorded to outstanding debt securities of the Guarantor by a credit rating agency could result in a reduction in the trading value of the Securities, the only means through which a Holder can realise value from the Security prior to its Redemption Date is to sell it at its then market price in an available secondary market and that there may be no secondary market for the Securities (which could mean that an investor has to wait until redemption of the Securities to realise a greater value than its trading value); an active secondary market may never be established or may be illiquid and this may adversely affect the value at which an investor may sell its Securities (investors may suffer a partial or total loss of the amount of their investment).</p> <p>In addition, there are specific risks in relation to Securities which are linked to an Underlying Reference and an investment in such Securities will entail significant risks not associated with an investment in a conventional debt security. Risk factors in relation to Underlying Reference linked Securities include: exposure to one or more index, adjustment events and market disruption or failure to open of an exchange which may have an adverse effect on the value and liquidity of the Securities.</p>
D.6	Risk warning	<p>See Element D.3 above.</p> <p>In the event of the insolvency of the Issuer or if it is otherwise unable or unwilling to repay the Securities when repayment falls due, an investor may lose all or part of his investment in the Securities.</p> <p>If the Guarantor is unable or unwilling to meet its obligations under the Guarantee when due, an investor may lose all or part of his investment in the Securities.</p> <p>In addition, investors may lose part of their investment in the Securities as a result of the terms and conditions of the Securities.</p>

Section E - Offer

Element	Title	
E.2b	Reasons for the offer and use of proceeds	The net proceeds from the issue of the Securities will become part of the general funds of the Issuer. Such proceeds may be used to maintain positions in options or futures contracts or other hedging instruments.
E.3	Terms and conditions of the offer	The issue price of the Securities is 100 per cent. of their Notional Amount on the Issue Date.
E.4	Interest of natural and legal persons involved in the issue/offer	Other than as mentioned above, and save for any potential conflicts of interest that may arise as a consequence of the Issuer and/or the Guarantor and their affiliates (i) engaging in trading activities (including hedging activities) relating to the Underlying Reference or other instruments or derivative products based on or relating to the Underlying Reference, (ii) issuing other derivative instruments in respect of the Underlying Reference and (iii) acting in a number of different capacities in relation to the Underlying Reference, including but not limited to issuer of the constituents of the Underlying Reference, index sponsor or index calculation agent, so far as the Issuer is aware, no person involved in the issue of the Securities has an interest material to the offer, including conflicts of interests.
E.7	Expenses charged to the investor by the Issuer or an offeror	No expenses are being charged to an investor by the Issuer.

RISK FACTORS

Prospective purchasers of the Securities offered hereby should consider carefully, among other things and in light of their financial circumstances and investment objectives, all of the information in this Prospectus and, in particular, the risk factors set forth below (which the Issuer, in its reasonable opinion, believes represents or may represent the risk factors known to it which may affect the Issuer's ability to fulfil its obligations under the Securities) in making an investment decision. Investors may lose the value of their entire investment in certain circumstances.

RISKS RELATING TO BNPP AND ITS INDUSTRY

See Chapter 5 (“Risks and Capital Adequacy”) of the BNPP 2013 Registration Document (as defined below) which is incorporated by reference in this Base Prospectus and which discloses all material risks relating to BNPP's ability to fulfil its obligations under the Securities to investors.

RISK FACTORS RELATING TO BNPP B.V.

BNPP B.V. is an operating company. BNPP B.V.'s sole business is the raising and borrowing of money by issuing securities such as Notes, Warrants or Certificates or other obligations. BNPP B.V. has, and will have, no assets other than hedging agreements (OTC contracts mentioned in the Annual Reports), cash and fees payable to it, or other assets acquired by it, in each case in connection with the issue of securities or entry into other obligations related thereto from time to time. BNPP B.V. has a small equity and limited profit base. The net proceeds from each issue of securities issued by BNPP B.V. will become part of the general funds of BNPP B.V. BNPP B.V. uses such proceeds to hedge its market risk by acquiring hedging instruments from BNP Paribas and BNP Paribas entities (“**Hedging Agreements**”) and/or, in the case of Secured Securities, to acquire Collateral Assets. The ability of BNPP B.V. to meet its obligations under Securities issued by it will depend on the receipt by it of payments under the relevant Hedging Agreements. Consequently, Holders of BNPP B.V. securities will, subject to the provisions of the Guarantee, be exposed to the ability of BNP Paribas and BNP Paribas entities to perform their obligations under such Hedging Agreements.

RISK FACTORS RELATING TO SECURITIES

See “*Risk Factors relating to Securities*” which are incorporated by reference on page 27 (*Documents incorporated by reference*).

In addition to the Risk Factors incorporated by reference, investors should note that:

- (a) the Certificate is 90% capital protected. There is a risk of partial capital loss, and consequently an investment in this certificate involves significant risk, and should therefore only be considered by investors who can afford a partial loss in their investment; and
- (b) the Securities have an accreting notional amount and a Holder is required to make the monthly payments of EUR 7 to the Issuer. If a Holder fails to make any such payment and does not remedy such failure by the end of the Grace Period, the Issuer may redeem the relevant affected Certificate on the Optional Redemption Date.

Part C – Specific Product Contractual Terms

Accretion Payment Mechanism

The Certificates are Accreting Notional Certificates. The Holder will purchase the Certificates by paying (i) an “**Initial Subscription Amount**” of EUR 290 per Certificate, payable on 15 July 2014 (the “**Initial Accretion Payment Date**”) in respect of the Securities and (ii) thereafter, a further 171 Accretion Payments of EUR 7 per Certificate (together with the Initial Subscription Amount, the “**Accretion Payments**”), payable monthly on the 1st calendar day of each month (subject to the Following Business Day Convention) from and including 1 April 2015, to and including the earlier of 1 June 2029 and the Optional Redemption Date (each such date, together with the Initial Accretion Payment Date, an “**Accretion Payment Date**”). Such payments will be made via Clearstream, Luxembourg.

Following failure by any Holder to pay an Accretion Payment due on an Accretion Payment Date (“**Failure to Pay an Accretion Payment**”), the Issuer may, upon expiry of the Grace Period, redeem each Certificate affected by such failure (each an “**Affected Certificate**”) as follows:

- (i) the Calculation Agent on behalf of the Issuer shall give written notice on the first Business Day following the expiry of the Grace Period (the “**Optional Redemption Notification Date**”) of such redemption of the Affected Certificate to the Holders; and

Where:

“**Net Hedging Value**” means, in respect of each Affected Certificate, an amount equal, as determined by the Calculation Agent, to a *pro rata* share of the value of the Issuer's hedging arrangements in respect of the Certificates less a *pro rata* share of the sum of any fees, expenses and costs incurred to unwind such hedging arrangements in connection with the optional redemption of the relevant Affected Certificates;

“**Optional Redemption Amount**” means an amount (which may, for the avoidance of doubt, be equal to zero) calculated by the Calculation Agent equal to the Marked to Market Value of the Affected Certificate provided that if the Marked to Market Value is less than zero, the Optional Redemption Amount will be equal to zero. The Optional Redemption Amount shall be calculated on the second Custom Index Business Day following the Optional Redemption Notification Date;

“**Optional Redemption Date**” means the fifth Business Day following the Optional Redemption Notification Date; and

“**Grace Period**” means, in respect of a Failure to Pay an Accretion Payment, the period commencing on the first Business Day following the Accretion Payment Date on which a Failure to Pay an Accretion Payment has occurred and terminating on the earlier of (a) the Business Day on which the relevant Accretion Payment is paid in full and (b) close of business in London on the fifth Business Day following the Accretion Payment Date in respect of which a Failure to Pay an Accretion Payment occurred.

Following a Failure to Pay an Accretion Payment in respect of a Certificate, if the relevant Accretion Payment is paid in full on or prior to the expiry of the Grace Period, the relevant Affected Certificate will not be redeemed early in the manner described above.

BP²1 provides IT Infrastructure Management Services for BNPP and several BNPP subsidiaries in France (including BNP Paribas Personal Finance, BP²1, and BNP Paribas Cardiff), Switzerland and Italy. In mid-December 2011 BNPP renewed its agreement with IBM France for a period lasting until end-2017. At the end of 2012, the parties entered into an agreement to gradually extend this arrangement to BNP Paribas Fortis as from 2013.

BP²1 is 50/50 owned by BNPP and IBM France; IBM France is responsible for daily operations, with a strong commitment of BNPP as a significant shareholder. Half of BP²1’s staff are BNPP employees and BNPP owns the offices and data processing centres used by BP²1. BP²1’s corporate governance system provides BNPP with a contractual right of oversight and BNPP may insource BP²1 if necessary.

15. Recent Developments of BNPP and the BNP Paribas Group

As indicated in the Second Update to the BNPP 2013 Registration Document (filed with the *Autorités des Marchés Financiers* on July 7, 2014), on June 30, 2014 BNPP entered into a comprehensive settlement that included agreements with and orders issued by U.S. federal and New York state government agencies and regulatory authorities comprising the U.S. Department of Justice, the New York County District Attorney's Office, the U.S. Attorney's Office for the Southern District of New York, the Board of Governors of the Federal Reserve System, the Office of Foreign Assets Control of the U.S. Department of the Treasury and the New York State Department of Financial Services, in settlement of investigations into violations of U.S. laws and regulations regarding economic sanctions.

The fines and penalties imposed on BNPP as part of this settlement include, among other things, the payment of monetary penalties totaling approximately \$8.97 billion (€6.6 billion), guilty pleas by BNP Paribas S.A., the parent company of the BNP Paribas group, to charges of having violated U.S. federal criminal law (conspiracy to violate the Trading with the Enemy Act and the International Emergency Economic Powers Act) and New York State criminal law (conspiracy and falsifying business records), and the suspension of the New York branch of BNP Paribas for (a) a one-year period (2015) of the USD direct clearing focused mainly on the Oil & Gas Energy and Commodity Finance business line in certain locations and (b) a two-year period of U.S. dollar clearing as a correspondent bank for unaffiliated third party banks in New York and London.

Following the settlement, BNPP expects its banking licenses to be maintained where it operates (although this settlement could provide the basis for a regulator to rescind a license), and has received confirmations or assurances in this regard from its principal regulators. BNPP expects that the settlement will have no impact on its operational or business capabilities to serve the vast majority of its clients. There can be no assurance, however, that unanticipated collateral consequences of the settlement will not adversely affect its business. Such unanticipated collateral consequences include the possibility that clients, counter-parties and other persons or entities with whom BNPP does business may choose to limit their future business with BNPP. It also includes for some limited activities, in particular in the United States, the possibility that an authority may refuse to grant BNPP a waiver needed to pursue a specific activity, or may withdraw an authorization to conduct a specific activity. Similarly, BNPP cannot be certain that the suspension of U.S. dollar clearing in respect of certain of its business lines will not lead to a loss of business.
