- (c) the table under the heading "16. Capitalization of BNPP and the BNP Paribas Group" on pages 942 and 943 of the Base Prospectus is deleted and replaced with the following:

"The following table⁽¹⁾ sets out the consolidated capitalization and medium to long term indebtedness (i.e. of which the unexpired term to maturity is more than one year) of the BNP Paribas Group as of 30 June 2018 and 30 September 2018 using the BNP Paribas Group's "prudential scope of consolidation" and as of 30 June 2018 using the BNP Paribas Group's "accounting scope of consolidation".

The "prudential scope of consolidation" has the meaning given to it in EU Regulation No. 575/2013 on capital requirements for credit institutions and investment firms is used by the Group in the preparation of its "Pillar 3" disclosure, set out in Chapter 5 of the BNPP 2017 Registration Document (in English). The "accounting scope of consolidation" is used by the BNP Paribas Group in preparation of its consolidated financial statements under IFRS as adopted by the European Union. The material differences between the two scopes of consolidation, as they relate to the figures in the table below, are set out in the notes to the table below.

Except as set forth in the table below, there has been no material change in the capitalization of the BNP Paribas Group since 30 September 2018.

For the avoidance of doubt, the figures in the table below are derived from the Group's financial statements (i.e. they do not take into account prudential deductions) and are used for the purposes of the BNP Paribas Group's prudential capital calculations.

From 30 September 2018, the capitalization table will be presented using the prudential scope of consolidation. The Group's 30 June 2018 capitalization table is presented here using both scopes of consolidation for comparison. As stated in Section 5.2 of the Third Update to the BNPP 2017 Registration Document (in English), the material differences between the prudential scope of consolidation and the accounting scope of consolidation are as follows:</p> <ul style="list-style-type: none"> - insurance companies (primarily BNP Paribas Cardif and its subsidiaries) that are fully consolidated under the accounting scope of consolidation are accounted for using the equity method under the prudential scope of consolidation; and - jointly controlled entities (such as the UCI Group entities and Bpost banque) are accounted for using the equity method in the accounting scope of consolidation and using the proportional consolidation method under the prudential scope of consolidation. <p>(2) As of 30 September 2018, EUR 205 million of subordinated debt is eligible as Tier 1 capital. EUR 205 million of subordinated debt was eligible as Tier 1 capital as of 30 June 2018.</p> <p>(3) The variation between the prudential scope of consolidation and the accounting scope of consolidation in respect of senior preferred debt is mainly attributable to debt issuances of BNPP SA subscribed for by insurance entities, which are not included in the prudential scope of consolidation.</p> <p>(4) The variation between the prudential scope of consolidation and the accounting scope of consolidation in respect of undated subordinated notes is attributable to debt issuances made by the BNP Paribas Group's insurance subsidiaries, which are not included under the prudential scope of consolidation, since insurance entities are accounted for using the equity method."</p>			

- (d) the paragraph under the heading "17. Events impacting the solvency of BNPP" on page 943 of the Base Prospectus is amended by the deletion of the words "30 June 2018" (which were added to the Base Prospectus by virtue of the First Supplement) and their replacement with the words "30 September 2018".
